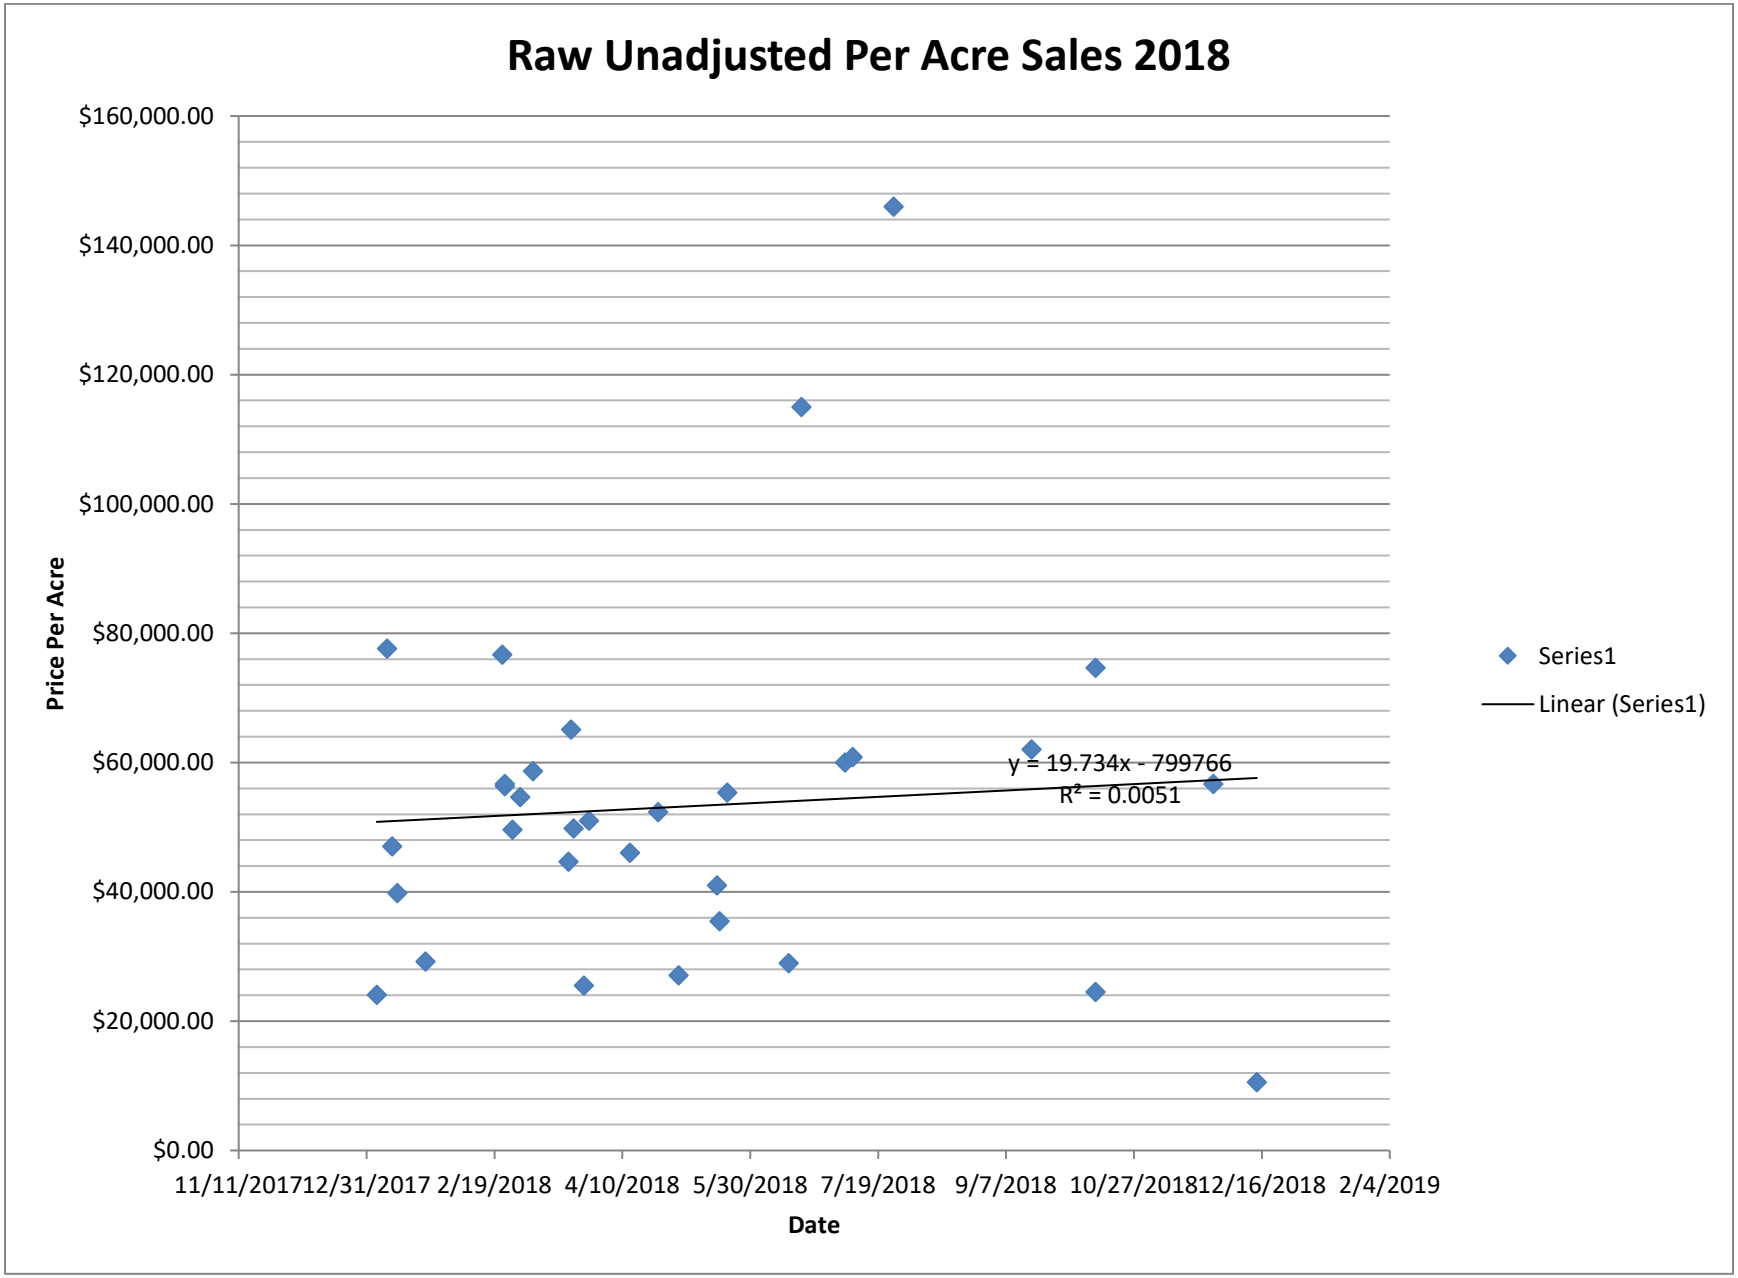
The most recent sales of lots is the 2018 data set and our analysis will focus on the 2018 sales. This data set contains 32 sales that MLS lists as in the City of Rockwall. The sales are all greater than 1.00 Acre up to 20 Acre and less than $100,000/acre.

The data will first be adjusted for location and in infrastructure. These adjustments considered information included in the detail MLS write up sheets. The next adjustment is a lot size adjustment. The following chart represents the size adjustment of the data set.



67

Approximately 78% of the data is between 1 to 5 Acres, with 72% being between 1 & 2.5 Acres. Thus, the majority of the data is within the target size range, no size adjustment will be applied to the analysis.

Following are two charts. The first shows the 2018 per acre raw lot sales date unadjusted. This chart shows the data between $10,525 per acre price to a $145,985 per acre price. The average 2018 per acre price was $53,200/Acre. The trend line indicates that the Acre price to be approximately $51,000/Acre at the beginning of 2018 and around $58,000/Acre at the end of 2018.

The second chart represents the 2018 data after adjustments for location and infrastructure. As shown on the chart, the data is represented in a range from $25,741/Acre to $153,285/Acre. The average for the adjusted data is $55,034/Acre. The trend line indicates the price per acre at the beginning of 2018 to be approximately $48,000/Acre and $60,000/acre toward the end of the year.

Data Analysis, continued

Conclusions

Over the last seven years lot sales actively has been improving for both the number of sales as well as the price.

The following list a summary of our data findings over the past three years.

Average Per Acre Price 2010 to 2018 Unadjusted:	$31,393/Acre
Average Per Acre Price 2018 Unadjusted:	$53,494/Acre
Average per Acre Price 2018 Adjusted for Location, Infrastructure and Size:	$55,034/Acre

The adjusted 2018 data represents the most recent range of lot sales. The trend line of the data indicates per acre lot sales increased during 2018 from ±$48,000/Acre to ±$60,000/Acre at the end of the year.

Based upon our analysis and conclusions, subject to parameters defined, my opinion of the average market value price per acre of residential land in the City of Rockwall as of 1/1/2019 is:

$55,000/Acre

Respectfully Submitted,

Bryan Humphries, MAI, TX-1320676-G

ASSUMPTIONS AND LIMITING CONDITIONS

1. It is assumed that title to the property herein appraised is good and merchantable, and in fee simple. The value is reported without regard to questions of title, boundaries, encroachments, environmental regulations, licenses, or other matters of a legal nature unless noncompliance has been stated, defined, and considered in the appraisal report.

2. The value is estimated under the assumption that there will be no international or domestic political, economic, or military actions that will seriously affect real estate values throughout the country.

3. Certain information concerning market and operating data was obtained from others. This information is verified and checked, where possible, and is used in this appraisal only if it is believed to be accurate and correct. However, such information is not guaranteed. Dimensions and areas of the Subject Property and of the comparables were obtained by various means and are not guaranteed to be exact.

4. Real estate values are influenced by a number of external factors. The information contained herein is all of the data we consider necessary to support the value estimate. We have not knowingly withheld any pertinent facts, but we do not guarantee that we have knowledge of all factors, which might influence the value of the Subject Property. Due to rapid changes in external factors, the value estimate is considered to be reliable only as of the date of the appraisal.

5. Opinions of value contained herein are estimates. This is the definition of an appraisal. There is no guarantee, written or implied, that the Subject Property will sell for the estimated value. The estimated value assumes that the property is under responsible ownership and has competent and prudent management.

6. The appraiser will not be required to provide testimony or attendance in court or before other legal authority by reason of this appraisal without prior agreement and arrangement between the employer and the appraiser.

7. Disclosure of the contents of this appraisal report is governed by the By-Laws and Regulations of the Appraisal Institute. Neither all nor any part of the contents of this report (especially any opinions, analyses, or conclusions concerning value, the identity of the appraiser or the firm with which he is connected, or any reference to the Appraisal Institute or the M.A.I. or SRA Designation) shall be disseminated to the public through advertising media, public relations media, news media, sales media, prospectus for securities, or any other public means of communication without prior written consent and approval of the undersigned.

75

8. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures which would render it more or less valuable, except as stated in this report. No responsibility is assumed for such conditions or for engineering, which may be required to discover them. It is assumed that a prudent owner/buyer would allow inspection of the property by a qualified soils or structure engineer if conditions so required.

9. The distribution of the total valuation in this report between land and improvements applies only under the reported highest and best use of the land. The allocation of value for land and improvements, if presented, must not be used in conjunction with any other appraisal and are invalid if so used.

10. Estimates of costs to cure deferred maintenance are difficult at best. Contractors approach such problems in various ways. The estimates, if any, provided within this report are probable costs given current market conditions, available information, and the appraiser's expertise.

11. No environmental impact studies were requested or made in conjunction with this appraisal, and the appraiser hereby reserves the right to alter, amend, revise, and/or rescind the value opinions based upon any subsequent environmental impact studies, research, or investigation.

12. This appraisal was prepared by Bryan E. Humphries & Associates and consists of trade secrets and commercial or financial information, which is privileged and confidential and is exempted from disclosure under 5 U.S.C. 552 (b) (4). Please notify Bryan E. Humphries & Associates of any request of reproduction of this appraisal.

13. Unless otherwise stated in this report, the existence of hazardous substances, including without limitation asbestos, polychlorinated biphenyl, petroleum leakage, or agricultural chemicals, which may or may not be present on the property or other environmental conditions, were not called to the attention of nor did the appraiser become aware of such during the appraiser's inspection. The appraiser has no knowledge of the existence of such materials on or in the property unless otherwise stated. The appraiser, however, is not qualified to test such substances or conditions. If the presence of such substances, such as asbestos, urea formaldehyde foam insulation, or other hazardous substances or environmental conditions, may affect the value of the property, the value estimated is predicated on the assumption that there is

76

no such condition on or in the property or in such proximity thereto that it would cause a loss in value. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required to discover them.

14. Anyone acting in reliance upon the opinions, judgments, conclusions, or data contained herein, who has the potential for monetary loss due to the reliance thereon, is advised to secure an independent review and verification of all such conclusions and/or facts.

The user agrees to notify the appraiser prior to any irrevocable loan or investment decision of any error, which would reasonably be determined from a thorough and knowledgeable review.

15. By acceptance and use of this report, the user agrees that any liability for errors, omissions or judgment of the appraiser is limited to the amount of the fee charged.

16. The limiting condition relating to the ADA is as follows:

> This appraisal has not considered the effects of the enactment of the Americans with Disabilities Act of 1990 (ADA), which initially became effective January 26, 1992. We have not made a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed requirements of the ADA. Standards of this act are designed to provide access to all public facilities to all persons, regardless of mobility limitations. The act provides forceful encouragement for commercial establishments to enhance their accessibility and requires that renovations after this date fully comply with the access standards established by the Architectural and Transportation Barriers Compliance Board. Enhancements to buildings must be readily achievable and able to be carried out without much difficulty or expense. The act recognizes that "readily achievable" is different for companies depending on their resources. The first priority is to provide access from sidewalks, parking and transportation areas, with the second priority being to provide access to areas where goods and services are available to the public. Finally, access to restroom facilities must accommodate all persons. The modifications and costs that may be necessary for the property to conform to ADA can be ascertained only by a qualified architect. Should such a study be undertaken, and should the retrofit costs, if any, become known, then the appraisers reserve the right to re-evaluate the Subject Property.

77

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. ___

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING ARTICLE II. PARK LAND DEDICATION OF THE SUBDIVISION REGULATIONS OF THE CODE OF ORDINANCES AS SET FORTH HEREIN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF FIVE HUNDRED DOLLARS ($500.00); PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Subdivision Regulations of the Code of Ordinances shall be amended in Article II. Park Land Dedication, which shall hereafter read in its entirety as follows:

"ARTICLE II. PARK LAND DEDICATION

Sec. 24-41. Purpose.

(a) This article [Ordinance Number 87-1] is adopted to provide recreational areas in the form of neighborhood parks as a function of subdivision development in the City of Rockwall, Texas.This article is enacted in accordance with the Home Rule powers of the City of Rockwall, granted under the Texas Constitution, in statutes of the State of Texas, including but not by way of limitation, articles 974a and 1175. It is hereby declared by the city council that recreation areas in the form of neighborhood parks are necessary and in the public welfare, and that the only adequate procedure to provide for same is by integrating such a requirement into the procedure for planning and developing property or subdivisions in the city, whether such development consists of new construction on vacant land or rebuilding structures on existing residential property.

(b) Neighborhood parks are those parks providing for a variety of outdoor recreational opportunities, be a minimum of ten acres, and be within convenient distances for a majority of the residents to be served thereby. Park districts are established by the official park plan for the City of Rockwall, Texas, and shall be prima facie proof that any park located therein is within such convenient distance from any residence located therein. Primary cost of neighborhood parks shall be borne by the ultimate residential property owners, who, by reason of the proximity of their property to such parks, shall be the primary beneficiary of such facilities. Therefore, the following requirements are adopted to effect the purposes stated. (Ord. No. 87-1, § I, 1-5-87)

Sec. 24-42. Definitions.

For the purposes of this article, the following definitions shall apply:

Develop (VJ: The act of subdividing a parcel or tract of land and installation of community facilities in accordance with and as defined by the City of Rockwall Subdivision Ordinance.

Development (NJ: A parcel or tract of land proposed for subdivision in accordance with and as defined by the City of Rockwall Subdivision Ordinance.

Park development. The development of a park site by construction of streets, drainage, utilities, and recreational improvements to serve a neighborhood park district.

Recreational Improvements - Facilities: The park features set forth for a neighborhood park in the Activity Menu of the Park Plan. A uniform cost shall be prepared annually for these features and adopted by resolution by the City Council. The dedication factor shall be applied to this cost to determine the pro rata share per new dwelling unit for recreational improvements - facilities.

Pro rata share of required dedication. The amount of land that shall be dedicated (or the acreage figure used to calculate cash in lieu of land donation) as prescribed within this article. The pro rata share of required dedication in a neighborhood park district shall be calculated as follows: Pro rata share of required acreage dedication per new dwelling unit is the factor obtained when the 10 "acre area of park is divided by the ultimate residential dwelling unit holding capacity for park district in which the unit(s) is located.

The total number of residential units which a *neighborhood park district is projected to have when fully developed* shall be determined by the Impact Fee Land Use Assumptions as set forth in Table 1, Park Dedication Acreage Factor per Dwelling Unit, below. (Ord. No. 87-1, § II, 1-5-87)

TABLE 1

Sec. 24-43. General Requirement for SF-16, SF-10, SF-7, ZL-5, 2-F and MF-15, to be used for single-family, zero lot line, duplex, and/or apartment multi family residential purposes.

(a) Whenever a final plat is filed of record with the county clerk of Rockwall County for development of a residential area in accordance with the planning and zoning ordinances of the City of Rockwall, such plat shall contain a clear fee simple dedication of an area of land to the City of Rockwall for park purposes, which area shall be equal to or greater than the property being subdivided's pro rata share of neighborhood park property required for the neighborhood park district in which the property being platted or subdivided is located as shown by the Park Master Plan. In addition, the developer shall make payment of money for pro-rata share and recreational improvement facilities as defined in this article. Any proposed plat submitted to the city for approval shall show the area proposed to be dedicated under this article. The requirement for dedication under this article may be met by a payment of money in lieu of land when permitted or required by the other provisions of this article.

(b) The city council declares the development of an area smaller than one acre for public park purposes to be impractical. Therefore, if less than one acre is calculated to be the pro rata share of a development plat filed for approval, the developer shall be required to pay the applicable cash in lieu of land amount provided for by Section 24-45(c) of this article, rather than dedicate any land area. No plat showing a dedication of less than one acre shall be approved.

(c) In instances where an area of less than six (6) acres but more than one acre is calculated to be the pro rata share of a development the city council shall have the option of requiring land dedication or cash in lieu of land in accordance with Section 24-45(c) of this article after consideration of the recommendation of the planning and zoning commission and the parks and recreation board. If the City determines that sufficient park area is already in the public domain in the area of the proposed development or the neighborhood park district, or if the recreation potential for that zone would be better served by

expanding or improving an existing park, dedication may also be refused and cash in lieu of land may, likewise, be required.

(d) The dedication required by this article shall be made by filing of final plat or contemporaneously by separate instrument. If the actual number of completed dwelling units exceeds the figures upon which the original dedication is based, additional dedication shall be required and shall be made by payment in lieu of land amount described by Section 24-45(c) of this article, or by the conveyance of an entire numbered lot to the city. (Ord. No.87-1, § Ill, 1-5-87)

Sec. 24-44. Prior dedication; absence of prior dedication.

At the discretion of the city council, any former gift of land to the city may be credited on a per acre basis toward the eventual land dedication requirements imposed on the donor of such land. The city council shall consider recommendations of the planning and zoning commission and the parks and recreation board in exercising its discretion under this section. (Ord. No. 87-1, § IV, 1-5-87)

Sec. 24-45. Money in lieu of land.

(a) Subject to the veto of the city council and the terms of Section 24-43 of this article, a land owner responsible for dedication under this article may elect to meet the requirements of Section 24-43 in whole or in part by a cash payment in lieu of land, in an amount set forth in Section 24-45(c). Such payment in lieu of land shall be made at or prior to final plat approval.

(b) The city may from time to time decide to purchase land for parks in or near the area of actual or potential development. If the city does purchase park land in a neighborhood park district and said land purchased is used to meet the need for a neighborhood park, subsequent land dedications for that district shall be in cash only and calculated on a pro rata share basis to reimburse the city's actual cost of acquisition and development of such land for parks. The cash amount shall be equal to the sum of (1) the average price per acre of such land, and (2) the actual cost of adjacent streets and site utilities, or an estimate of such actual costs provided by the city engineer and the recreation improvement costs for facilities as set forth in the Park Master Plan for neighborhood parks. Once the city has been reimbursed entirely for all park land within a park zone, this section shall cease to apply and the other sections of this article shall be applicable.

(c) To the extent that Section 24-45(b) is not applicable, the dedication requirements shall be met by a cash payment in lieu of land on the basis of a per acre price. Said per acre price shall be determined annually by the city council and shall be based on current land values within the City. . Once established the Council shall adopt the value(s) by resolution for appreciation as required in this subsection. Cash payments may be used only for acquisition or improvement of neighborhood parks located within the same neighborhood park district as the development in accordance with the Park Master Plan. (Ord. No. 87-1, § V, 1-5-87)

Sec. 24-46. Dedication of more than the pro rata share of park land.

The developer of a residential subdivision which is subject to the terms of this article may dedicate more land than the pro rata share calculated for the development if approved by the city council. If the developer dedicates an amount equal to or greater than the total required park land area for the neighborhood park district in which his subdivision is located, the city and the developer shall execute a pro rata refunding agreement in accordance with the City of Rockwall Subdivision Regulations which shall recover the cost of land dedicated in excess of the developer's pro rata share after streets, drainage, and utilities are constructed on the dedicated property.

The developer shall install the streets, drainage, and utilities to serve the neighborhood park, and the cost of same shall be included in the pro rata refunding agreement. The pro rata refunding agreement shall provide that future developers in the same neighborhood park district shall pay their pro rata share of the actual cost of park development which shall be calculated based on the per acre cash in lieu of land cost in effect at the time of dedication, plus the costs of streets, drainage, utilities, and recreational facilities installed to serve the dedicated neighborhood park. The cost of streets, drainage and utilities installed to serve the park shall be certified by the city engineer. In no case shall the developer receive pro rata payments after he has recovered an amount equal to the number of acres actually dedicated in excess of his pro rata share multiplied by the per acre cash in lieu of land figure in effect at the time of actual dedication, plus the costs of streets, drainage, and utilities as certified by the city engineer necessary to serve the neighborhood park. In no case shall the term of any pro rata agreement provided by this article be for a period in excess of five (5) years from the date of dedication. (Ord. No. 87-1, § VI, 1-5-87)

Sec. 24-47. Special fund established; right to refund.

(a) There is hereby established a special fund for the deposit of all cash funds in lieu of land dedication under this article, which fund shall be known as the "Park Land Dedication Fund."

(b) The city shall account for all sums paid in lieu of land dedication under this article referenced to individual plats involved. Any funds paid for such purposes must be expended by the city within eight (8) years from the date received by the city for acquisition and development of a neighborhood park as defined herein. Such funds shall be considered to be spent on a first/in first/out basis. If not so expended, the owners of the property on the last day of such period shall be entitled to a pro rata refund of such funds, calculated on a square footage basis. The owners of such property must request such refund within one year of entitlement; in writing, or such rights shall be barred. (Ord. No. 87-1, § VII, 1-5-87)

Sec. 24-48. Additional requirements and provisions.

(a) Any land dedicated to the city under this article shall be suitable for park and recreation use. The following characteristics of a proposed area are generally unsuitable:

(1) Any area located in the one hundred-year floodplain;

(2) Any area of unusual topography or slope which renders same unusable for organized recreational activities.

The above characteristics of park land dedication area may be grounds for refusal of a plat.

(b) Each park must have ready access to a public street.

(c) Unless provided otherwise herein, action by the city shall be by the city council after consideration of the recommendations of the planning and zoning commission and the parks and recreation board. Any proposal considered by the planning and zoning commission under this article shall have been reviewed by the parks and recreation board and its recommendation given to the commission. The commission may make a decision contrary to such recommendation only by a vote of at least five (5) members. Should the commission be unable to get this vote, the matter shall then be referred to the city council for final decision.

(d) If any provision of this article or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect any other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are declared to be severable.

(e) This article shall become effective upon adoption by the city council. (Ord. No. 87-1, § VIII, 1-5-87)

Sec. 24-49. Review and updating park master plan.

The City of Rockwall Parks and Recreation Department shall consider the need to update the Park Master Plan at least annually to insure that the plan remains current and provides an equitable, effective framework from which to pursue the acquisition and development of neighborhood park services for each neighborhood park district.

(Ord. No. 87-1, § XI, 1-5-87)

Sec. 24-50. Waiver of mandatory neighborhood park land dedication in the case of private developments.

If a development is proposed to be a private development where no public streets are dedicated for use by the public the city shall:

(1) Calculate the pro rata share of the proposed private development as if it were to be a development where public streets were to be dedicated.

(2) Waive the requirement for mandatory dedication if the private amenities of the proposed development meet or exceed the calculated pro rata share as calculated under Section 24-50(1) above.

(3) Decrease the total acreage shown in the Park Master Plan as being required to meet the ultimate need for neighborhood parks in the applicable neighborhood park district by the acreage calculated under Section 24-50(1) above (for the purpose of future calculations of pro rata shares for future developments).

(4) In a private development within a park district or a private development encompassing an entire park district, the park property within the private development must be easily accessible to the general public either through the use of the city trail system or public roadways. If the private development encompasses the entire park district and the ten acres of park land is not continuous, each separate section of park property must be accessible to the general public and connected by way of a minimum eight foot wide trail.

(Ord. No. 87-1, § IX, 1-5-87)

Sec. 24-51. Waiver of article requirements by city council.

The city council of the City of Rockwall, Texas may waive the requirements of this article upon a finding by the city council that said waiver is clearly in the best interest of the City of Rockwall. (Ord. No. 87-13, § I, 3-16-87)"

Section 2. Any person violating the provisions of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction be subject to a fine in accordance with the general provisions of the Code of Ordinances.

Section 3. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this day of , 1999.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Park Board**

FROM: **Andy Hesser, Parks and Recreation Director**

DATE: **March 5, 2019**

SUBJECT: **MANDATORY PARK LAND DEDICATION ORDINANCE**

A component of our Mandatory Park Land Dedication Ordinance is the cash in lieu of land fee. This fee is applied when the Park Board feels that it is in the best interest of the City to accept cash-in-lieu of land for neighborhood parkland. According to our Mandatory Parkland Dedication Ordinance, the Park Board shall annually make a recommendation to the City Council and Council will set the fee by resolution. The fee is based on the average cost of neighborhood park land across the entire City.

Bryan E. Humphries and Associates completed their appraisal in January of 2019 to determine the average cost per acre of land and provided a final report. To establish comparable parcels, the properties evaluated must have easy access to utilities, public street, not be within the 100 year flood plain and not possess any unusual topography rendering the land useless for organized recreational activities. According to Mr. Humphries' report, the average cost of one acre of neighborhood park land with the above restrictions within the City limits is **$55,000**.

Each year the cost to develop an 11 acre neighborhood park should be considered and set by Council resolution as well. It is currently set at $1,250,000. Staff does not foresee that this needs to be increased for 2019. I have attached the appraisal letter completed by Mr. Humphries. $625,000.00 would be the "per neighborhood park" cost to be used in calculation of pro-rata neighborhood park development equipment fees associated with the developer's share of the park.

88

CITY OF ROCKWALL, TEXAS

RESOLUTION NO. 19-05

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ESTABLISHING THE "COST PER ACRE" TO BE USED IN CALCULATION OF A NEW DEVELOPMENT'S PRO RATA SHARE CONTRIBUTION FOR NEIGHBORHOOD PARK LAND; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Rockwall desires to provide a park system which includes adequately sized and appropriately equipped Neighborhood Parks, and

WHEREAS, the City of Rockwall has adopted a Park and Recreation Master Plan designed to facilitate development of its Park Systems, and

WHEREAS, in Chapter 38. "Subdivisions" Article II. "Parkland Dedication" of the Code of Ordinances, the City of Rockwall has adopted Mandatory Neighborhood Parkland Dedication Ordinance, designed to facilitate participation by developers (on a pro-rata basis) in acquisition and development of neighborhood parks, and

WHEREAS, said ordinance provisions provide that the City Council shall annually adopt a resolution establishing the "cost per acre" to be used in calculation of a new development's pro rata share contribution for neighborhood park land;

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THAT:

Section 1. Based upon a recommendation of the City of Rockwall Parks and Recreation Board, **$55,000.00** is hereby adopted as the "cost per acre" park development cost to be used in calculation of pro-rata neighborhood park development matters;

Section 2. This resolution shall be in force and effect from and after its passage and it is accordingly so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THIS 18th day of March, 2019.

Jim Pruitt, Mayor

ATTEST:

Kristy Cole, City Secretary

Re: Average Price Per- Acre of Land in the City of Rockwall
City of Rockwall, Rockwall County, Texas

Mr. Andy Hesser,

We are pleased to transmit this gross market study/real property appraisal consulting report that was prepared for the purpose of valuing typical parkland in the City of Rockwall, This parkland is typically five acres and in the early stages of development. Please refer to identification of project on page 4 for further explanation of the project scope. This report is a gross market study (real property appraisal consulting report) and does not involve analysis of or the inspection of a physical subject property. The purpose of this gross market study is to derive an opinion of a fee simple market value of the average price per-acre of land in the City of Rockwall, as set forth in the City of Rockwall Park Land Dedication Ordinance, Section 24-45 (b). The effective date of this gross market study is January 1, 2019.

The client should not conclude that an appraisal has been prepared, and this report should not be used for condemnation purposes. This consulting report is only intended to assist the City of Rockwall, in establishing a general value trend and current market value of the average price per- acre of land in the City of Rockwall.

CERTIFICATE

I certify that, to the best of my knowledge and belief,...

The statements of fact contained in this report are true and correct.

The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, unbiased professional analyses, opinions, and conclusions.

As of the date of the appraisal only, I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest or bias with respect to the parties involved.

We have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

My engagement in this assignment was not contingent upon developing or reporting predetermined results.

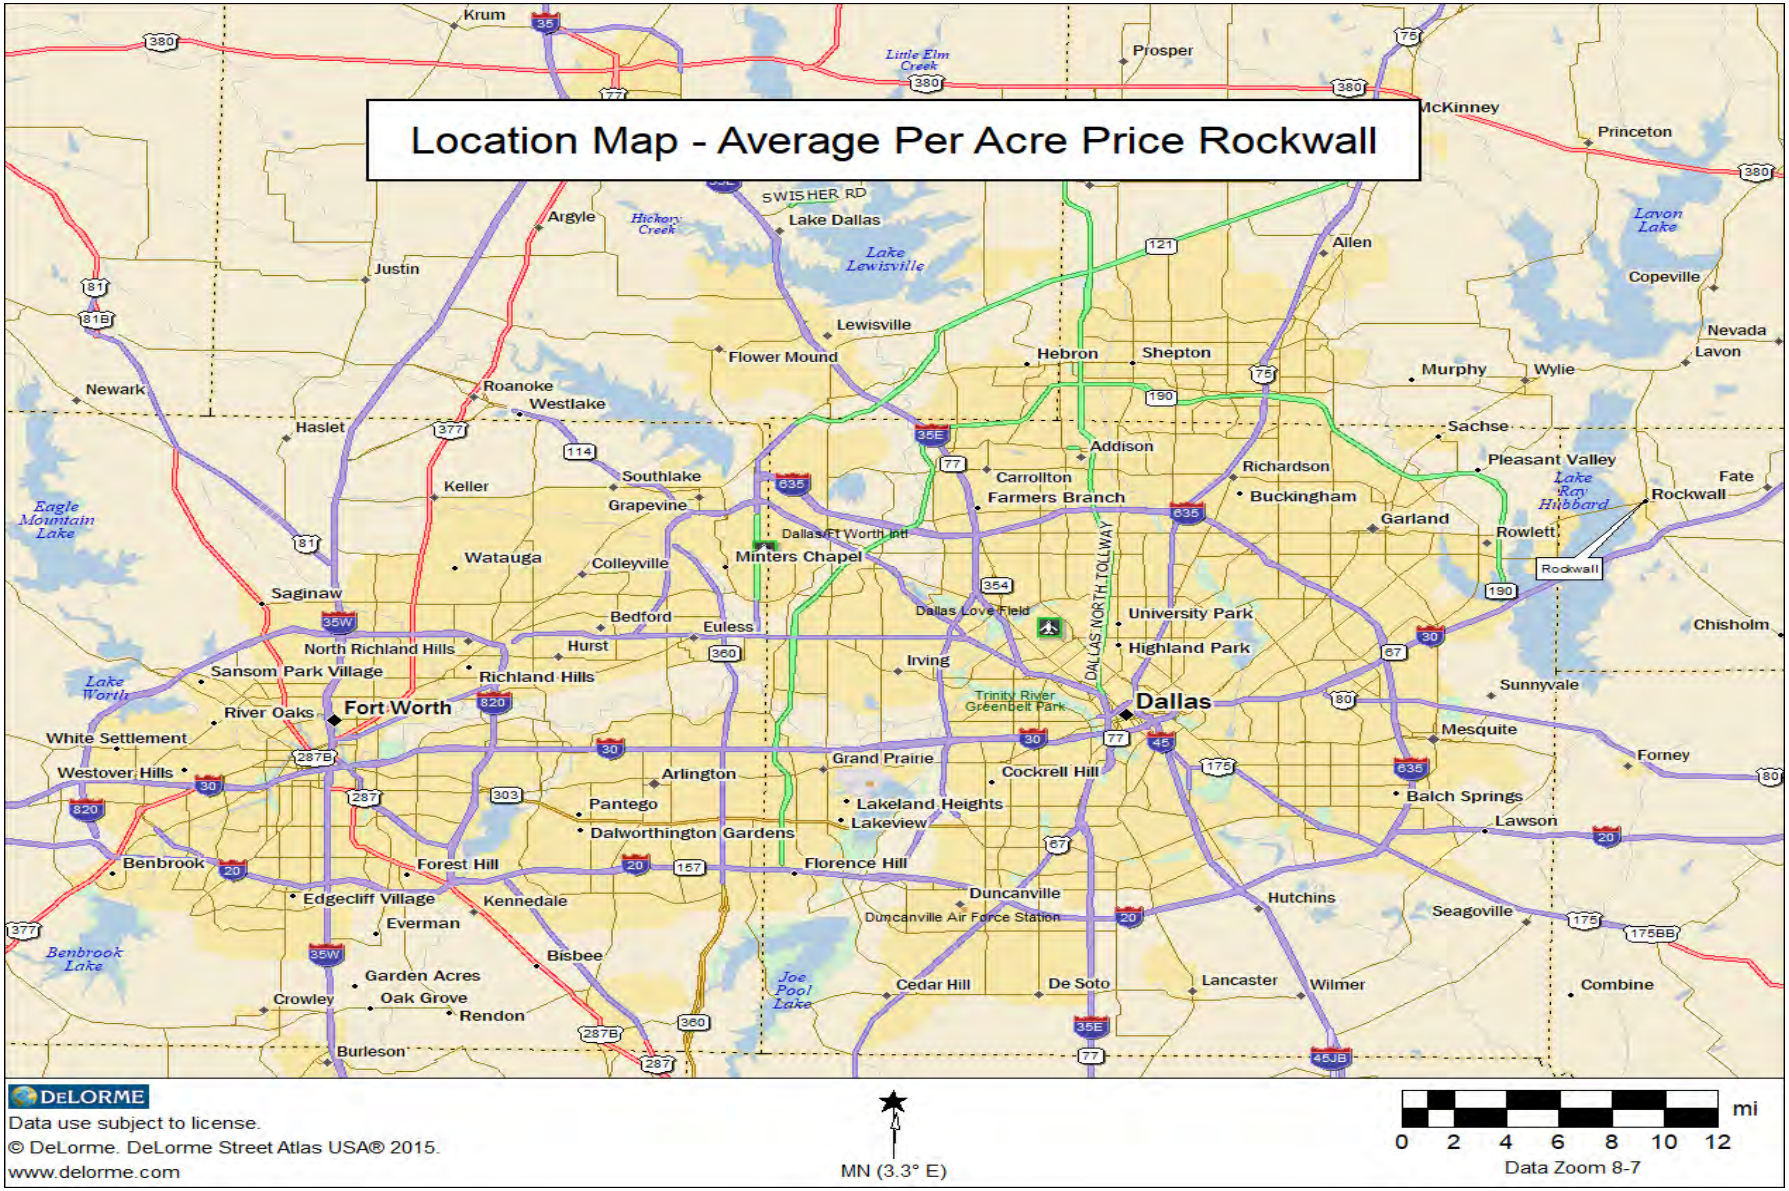
My compensation for completing this assignment is not contingent on the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.

Bryan Humphries has made a personal inspection of the property that is the subject of this report.

No one provided significant real property appraisal assistance to the persons signing this certificate.

I have performed a previous appraisal (1/1/13, 1/1/14, 1/1/15, 1/1/16, 1/1/17 and 1/1/18) involving the subject property within the three years prior to this assignment.

The report analysis, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Uniform Standards of Professional Appraisal Practice of the Appraisal Institute.



The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

As of the date of this Study, I have completed the requirements of the continuing education program of the Appraisal Institute.

Bryan Humphries, MAI, TX-1320676-G

GENERAL INFORMATION & SCOPE OF WORK

Identification of Subject and Project

The subject property is a typical, underdeveloped, Parcel in the City of Rockwall. The parcel represents the average in the City of Rockwall, as set forth in the City of Rockwall Park Land Dedication Ordinance, Section 24-45 (b). According to the ordinance, from time to time, developers must dedicate land to the City of Rockwall in order to meet the need for park land in the area. If the dedication is not feasible, the developers must then give the City cash in lieu of land that is reflective of typical residential land in Rockwall. The client has indicated that this average residential land is typically 5 acres and in the early stages of development.

Inspection Information, Effective Date and Date of Report

This analysis does not involve a physical subject property, only a hypothetical property, thus no inspection is required. The effective date of the assignment is January 1, 2019. The date of the report is the date of the signature on the first page of this report. Unless otherwise stated, all factors pertinent to a determination of value are considered as of this date.

Identification of the Client/Intended User

This real property appraisal consulting report is prepared for the City of Rockwall, Mr. Andy Hesser, 108 E. Washington, Rockwall, Texas 75087. Any other use or users are not intended or authorized.

Objective of the Assignment/Intended Use

This consulting assignment is only intended to assist the client in establishing an average price per-acre of land. The client should not conclude that an appraisal has been prepared, and this report should not be used for condemnation purposes.

95

Appraisal Report Option

This is a real property appraisal consulting assignment that complies with the reporting requirements set forth under Standard 5 of the *Uniform Standards of professional Appraisal Practices (USPAP).* As such, it presents sufficient information to enable the client and other intended users, as identified, to understand it properly. The depth of discussion contained in this report is specific to the needs of the client and the intended users of this property appraisal consulting report.

Analysis Overview

As part of this consulting assignment, we have completed the following steps to gather, confirm, and analyze the data.

- Physically inspected the subject markets and the surrounding neighborhoods.
- Collected factual information about the surrounding market and confirmed that information with various sources.
- Collected market information needed to consider the three traditional approaches to value: Cost approach, sales comparison approach and income capitalization approach (if applicable).
- Prepared a real property appraisal consulting report setting forth the conclusion derived in this analysis as well as a summary of the information upon which the conclusions are based.

Extraordinary Assumptions

An extraordinary assumption is something that is assumed to be true, but it is not certain. If it turns out to be untrue, the value conclusion could be impacted. Extraordinary assumptions are those assumptions that are specific to the assignment, as opposed to general assumptions, which could be applicable to any assignment. In this assignment, we have assumed typical general assumptions and limiting conditions as cited above. In this particular assignment, the following extraordinary assumptions were made:

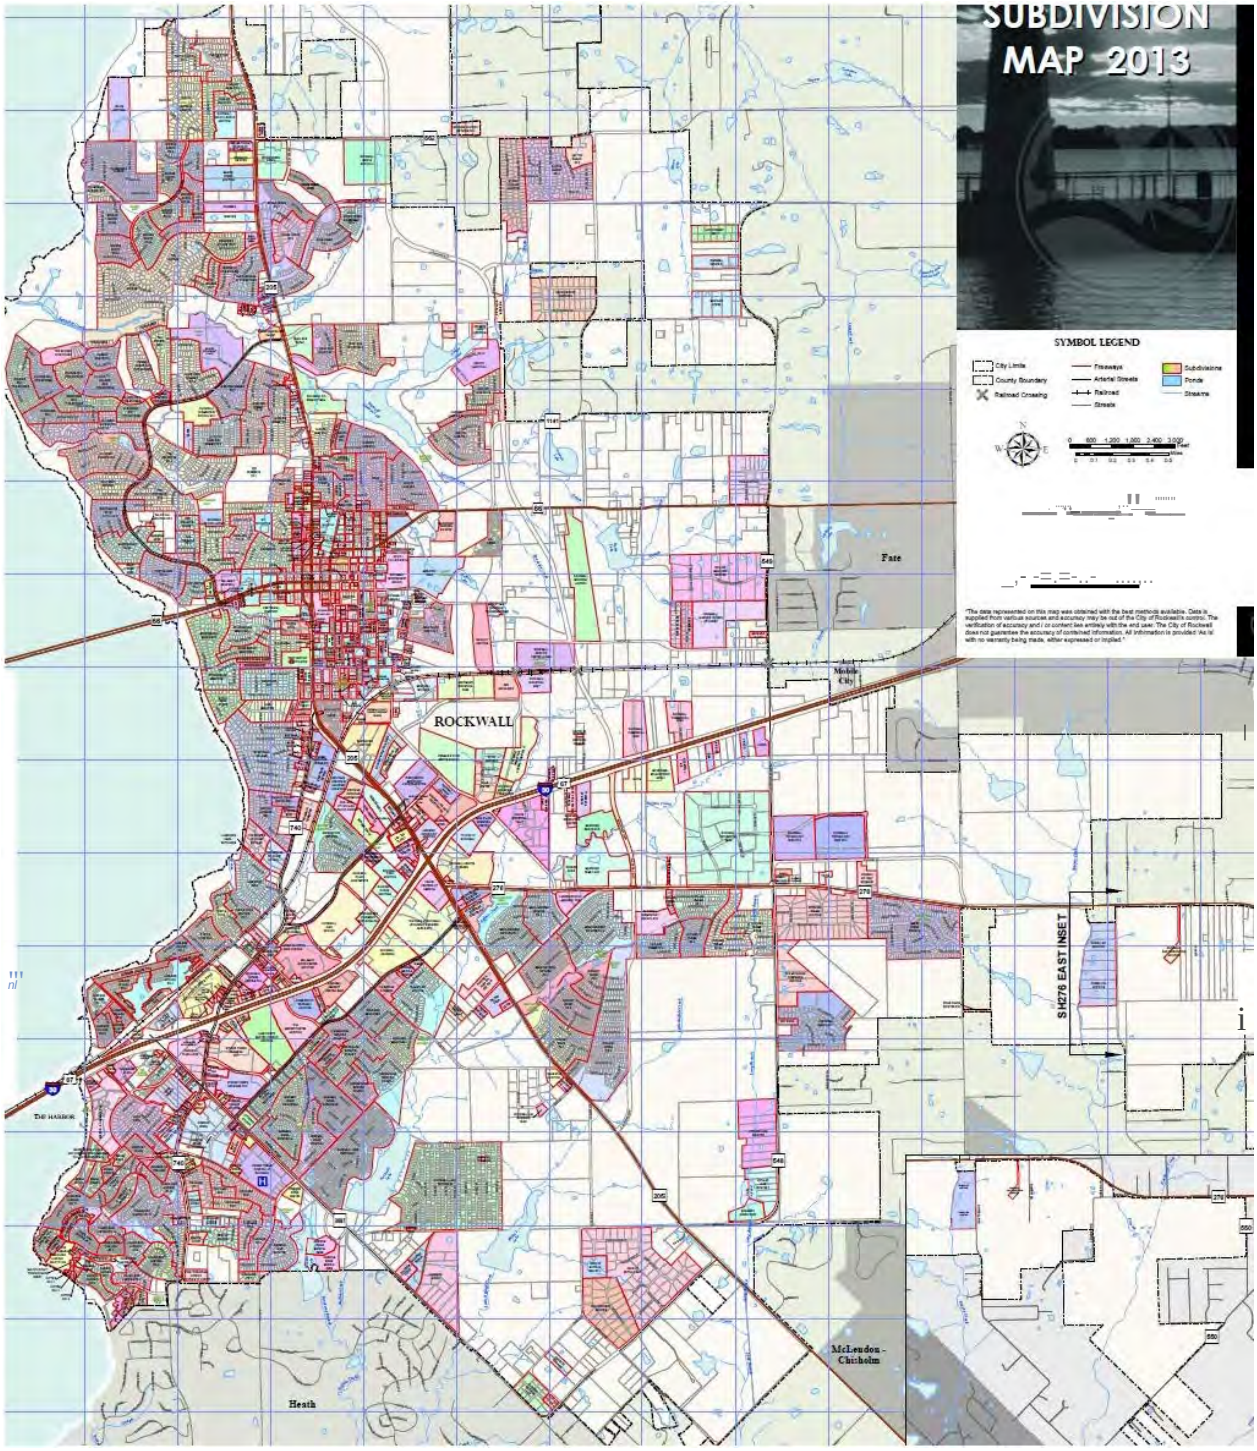
- Sales and listing data obtained from the Multiple Listing Service is deemed to be sufficiently reliable data to establish overall market trends and the current market value of an average, price per-acre of land. While some knowledgeable real estate brokers and salespeople have been contacted to obtain and confirm data, the reader should be aware that not all of the sales and listing data analyzed was independently confirmed.

96

- The client should not conclude that an appraisal has been prepared, and this consulting report should not be used for condemnation purposes. This gross market study (real property appraisal consulting report) is only intended to assist the City of Rockwall in establishing a general value trend and current market value of an average price per-acre in the City of Rockwall.

- The purpose of this consultation report is to establish the average price per acre of land in the City of Rockwall. As set forth in the City of Rockwall, Park Land Dedication Ordinance, Section 24-45(b). However, it is beyond the scope of this consultation report to estimate the actual costs of adjacent street and site utilities as stated in the ordinance (see addenda).

Jurisdictional Exceptions



The Jurisdictional Exception Rule provides for severability preserving the balance of the *Uniform Standards of Professional Appraisal Practice (USPAP).* If one or more parts of *USPAP* are "contrary to the law or public policy of any jurisdiction, only that part shall be void and of no force or effect in that jurisdiction." According to *USPAP*, "A law means a body of rules with binding legal force established by the controlling governmental authority." This includes federal and state constitutions, legislative and court made law, administrative rules, regulations and ordinances. In this assignment, there are no known conflicts of law or public policy that disregard the *USPAP*.

Hypothetical Conditions

A hypothetical condition is that which is contrary to what exists but is supposed for the purpose of analysis. In this particular assignment, the following hypothetical condition was made:

> For purposes of this analysis, the subject property is a hypothetical, undeveloped, parcel in the City of Rockwall.

Residential Market Analysis

Boundaries

The neighborhood boundaries are generally defined as follows:
City of Rockwall (Urban)
Outlying areas of the City of Rockwall (Suburban)

Development Activities and Trends

Residential development comprises approximately ±80% of the development in Rockwall. According to ESRI, the median 2018 home value within a 1-mile, 3-mile, and 5-mile radius of the Subject is $240,863, $244,411 and $242,909 respectively.

Recent single family building permit activity in Rockwall County summarized as follows:

Rockwall County Single Family Building Permits[1]				
Year	**Units**	**% Change**	**Average Value**	**% Change**
2000	955	-	$194,400	-
2001	1.267	32.7%	$171,000	-12%

YTD Oct 18	1482		$307,250	

1 Data provided by Texas A&M Real Estate Center

As indicated by the preceding chart, new single family home activity peaked in 2005 at 1,756 permits. Building permit activity dropped significantly in 2006, 2007, and 2008, but slowed to 7.5% in 2009. New construction continued to decline in 2010, but appears to have bottomed in 2011 with 411 homes as 487 building permits were issued through September 2012. For 2012, 2013, 2014, 2015, 2016,2017 and 2018 permits have rebounded significantly, being up over ± 257% from 2011 levels.

99

Demographic Trends

Population growth in Rockwall County had been slow in relation to the Dallas-Fort Worth CMSA after Lake Ray Hubbard was impounded in the 1960's. That changed when IH-30 was upgraded and the bridge widened in the 1990s. While the entire county has benefited, most of the growth has taken place along or near IH-30, and from west to east. Access remains an important factor in Rockwall County's growth pattern.

Area	1980	1990	2000	2010	2010 to 2018 Compounded Annual %Change	Estimated 2018
City of Fate	NA	477	463	6,357	9.6%	13,240
City of Heath	1,459	2,108	4,149	6,921	2.11%	8,180
City of Rockwall	5,939	10,486	17,976	37,490	1.95%	43,750
City of Rowlett	7,522	23,260	44,503	56,199	.57%	58,830
City of Royse City	1,566	2,206	2,957	9,349	3.23%	12,060
Rockwall County	14,528	25,600	43,080	78,337	2.84%	97,990

Source: U.S. Bureau of the Census & State of Texas

The population in the City of Rockwall increased 1.95% compounded annually from 2010 to its 2018 level of 43,750. The Rockwall County grew 2.84% annually to 97,990 during the same period.

Demographics

The following chart summarizes demographic data in the Subject Neighborhood. The data was provided by ESRI, Inc., and is based on demographics in a 1,3, and 5-mile radius from the Subject Property.

100

The following data is compiled from the North Texas Real Estate Information Systems and analyzed by the Real Estate Center at Texas A&M University. According to the data as of December 2018 (includes residential, commercial and farm and ranch) the number of closed transactions year-to-date for lots and vacant land in the Rockwall market area has decreased 12% and the average price has increased 33%. The average sold to list price has remained at ±91% and the average days on market has increased 42%. Pending sales have decreased by 12% and months inventory has increased to 18.8 months. The decrease in pending sales is an indicator of possible decrease transaction levels in the coming months.

102

Conclusions

Rockwall has shown strong population growth over the past twenty years and employment trends are positive. The area is rapidly being developed with commercial and residential uses. In the future, Rockwall County is anticipated to be a strong growing area of the Metropolex. The neighborhood is considered to be in a growth life stage and the overall aspects are considered to be good.

103

DATA ANALYSIS

Description and Analysis of the Subject

For purposes of this analysis, the subject property is a typical, undeveloped, parcel in the City of Rockwall. According to the client, the City of Rockwall will be using the data to value parklands ranging in size from 1 to 10 acres. The client instructed the appraisers to base adjustments on a typical 5 acre residential parcel.

Description of the Data and Analysis

The purpose of this analysis is to determine the average value of a residential, undeveloped, parcel within the City of Rockwall. The parcel is assumed to have paved street access, utilities and to be in the early stages of development.

Sales and listing data was obtained from the NTREIS Multiple Listing Service. Our queried data included all residential land sales from one tenth of an acre to twenty acres in the City of Rockwall. Included within the data are land sales of parcels improved with typical subdivision infra-structure (i.e. paved streets, utilities, engineering, platting, etc.) and those that do not have these improvements. These sales have been adjusted to reflect their condition above and below the average undeveloped parcel. Within our analysis we have also considered historical land sale prices and trends as these are good indicators of current prices and prices going forward and provide a helpful frame of reference for the overall market. Other factors considered and adjusted for within the sales data include parcel size and location.

Our queries presented the following raw data. The data is not adjusted to reflect the average, undeveloped parcel. The raw average price per acre is heavily biased and influenced by sales of lake front lots.

	2011	2012	2013	2014	2015	2016	2017	2018
Total Sales	79	90	97	68	92	84	61	57
Sale to List Ratio	85%	88%	92%	92%	97%	93%	93%	92%
Avg. Price Per Acre	$75,231	$59,877	$89,958	$67,148	$80,105	$84,744	170,548	$163,390
Avg. Days on Market	371	90	282	154	255	247	184	225
Percentage of Sales Under 1 Acre	46%	37%	41%	53%	57%	48%	41%	40%

104

Data Analysis, continued

A trend analysis of the raw price per acre of lot sales listed in MLS from 2010 to 2018 suggests the price trend is to be to slightly increasing. The Trend Line graph is shown on page 15. However, little weight should be given in this data as it is heavily upward biased because of small lots located on or near the lake which sale at a premium price due to location and higher unit prices due to economies of scale. Likewise, at the other end of the spectrum, a few sales sold for $300,000+. Only lot sales stated by MLS to be in the City of Rockwall were considered. In an attempt to reduce the skewing for the 2010 thru 2018 time period, the data set is narrowed to sales greater than 1.00 acres and up to 20 acres with a price ± less than $100,000. The following chart reflects the trend of these sales. The data indicates that the lots sales from 2010 to 2018 had an increasing trend. From 2010, the typical price per acre was ± $20,000, the price per acre increase to ± $53,494 in 2018. The average per acre price was $31,393 for 2010 to 2018.

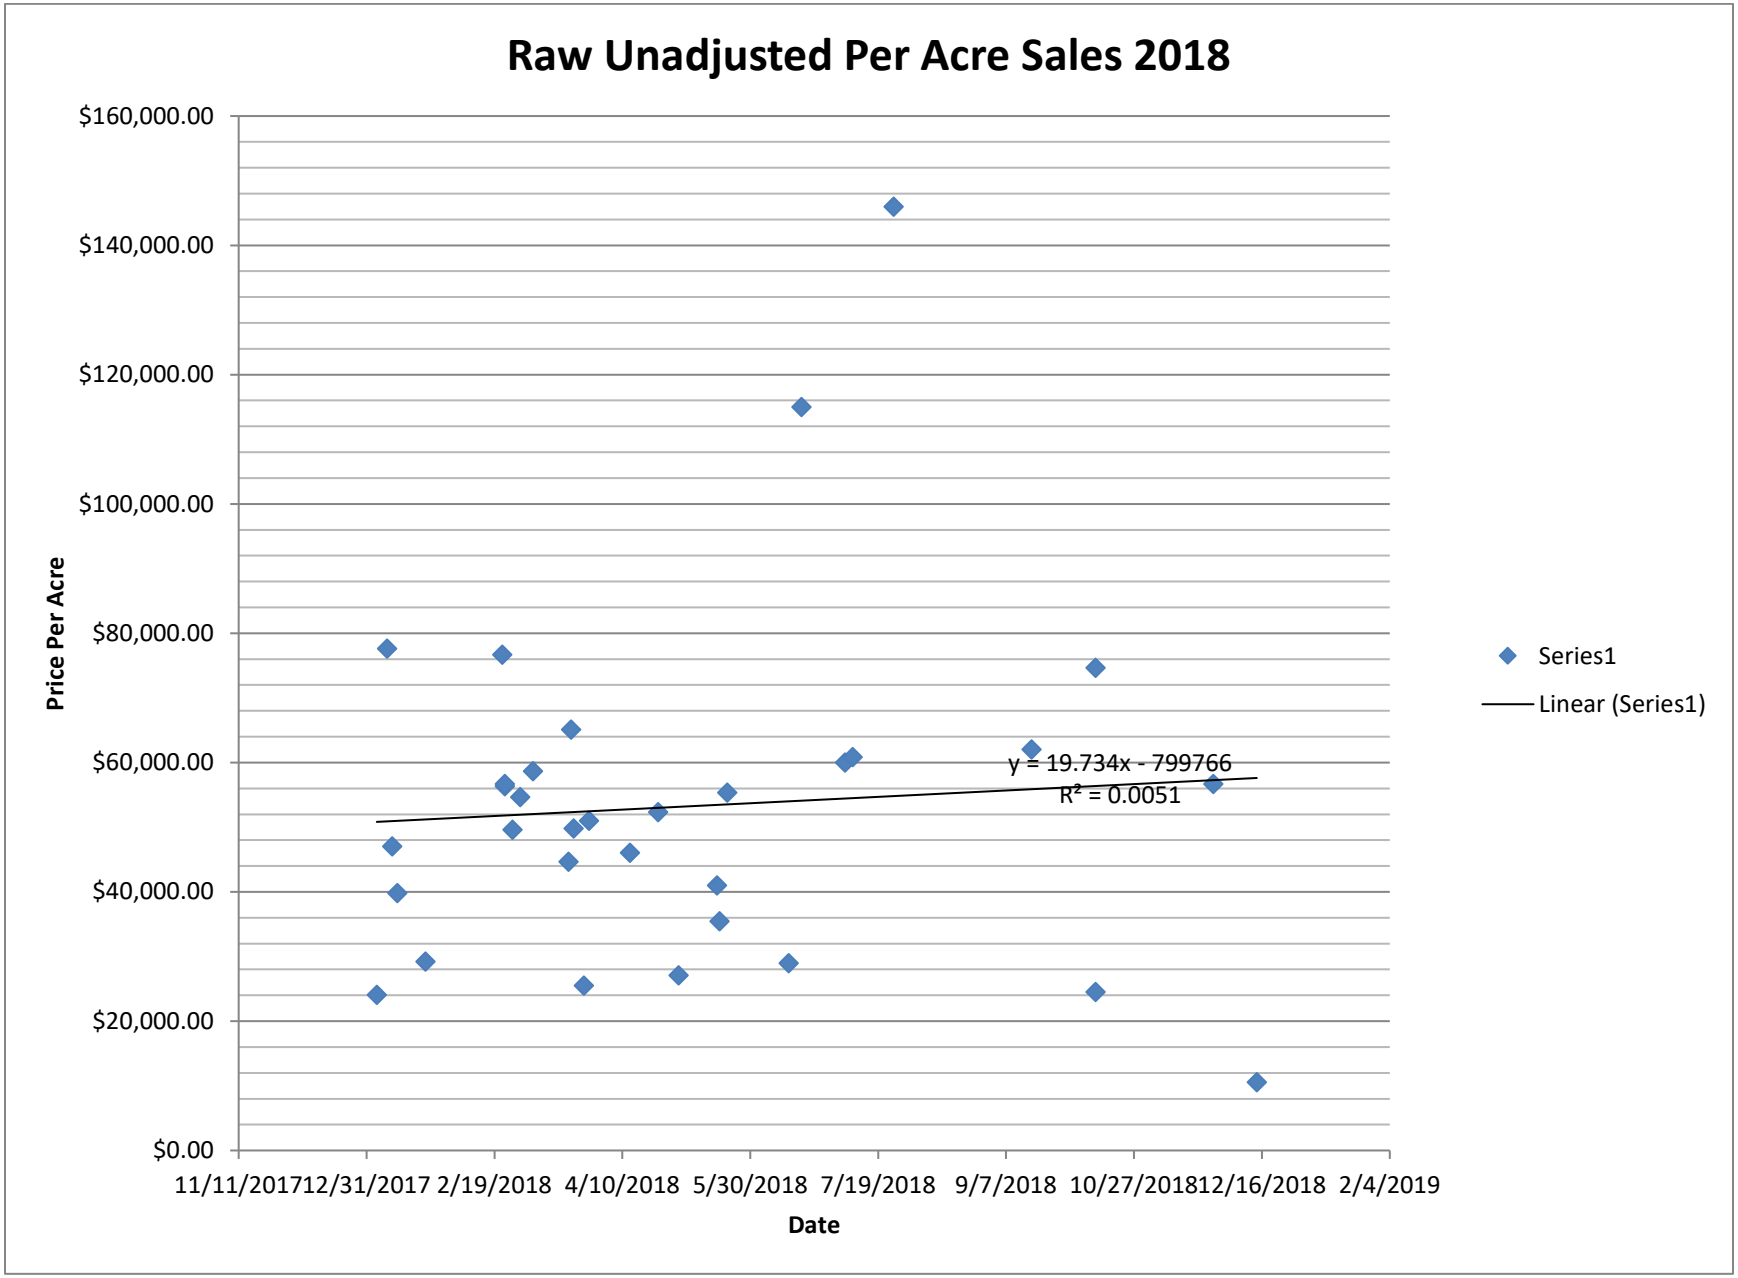
The most recent sales of lots is the 2018 data set and our analysis will focus on the 2018 sales. This data set contains 32 sales that MLS lists as in the City of Rockwall. The sales are all greater than 1.00 Acre up to 20 Acre and less than $100,000/acre.

The data will first be adjusted for location and in infrastructure. These adjustments considered information included in the detail MLS write up sheets. The next adjustment is a lot size adjustment. The following chart represents the size adjustment of the data set.



107

Approximately 78% of the data is between 1 to 5 Acres, with 72% being between 1 & 2.5 Acres. Thus, the majority of the data is within the target size range, no size adjustment will be applied to the analysis.

Following are two charts. The first shows the 2018 per acre raw lot sales date unadjusted. This chart shows the data between $10,525 per acre price to a $145,985 per acre price. The average 2018 per acre price was $53,200/Acre. The trend line indicates that the Acre price to be approximately $51,000/Acre at the beginning of 2018 and around $58,000/Acre at the end of 2018.

Data Analysis, continued

Conclusions

Over the last seven years lot sales actively has been improving for both the number of sales as well as the price.

The following list a summary of our data findings over the past three years.

Average Per Acre Price 2010 to 2018 Unadjusted:	$31,393/Acre
Average Per Acre Price 2018 Unadjusted:	$53,494/Acre
Average per Acre Price 2018 Adjusted for Location, Infrastructure and Size:	$55,034/Acre

The adjusted 2018 data represents the most recent range of lot sales. The trend line of the data indicates per acre lot sales increased during 2018 from ±$48,000/Acre to ±$60,000/Acre at the end of the year.

Based upon our analysis and conclusions, subject to parameters defined, my opinion of the average market value price per acre of residential land in the City of Rockwall as of 1/1/2019 is:

$55,000/Acre

Respectfully Submitted,

Bryan Humphries, MAI, TX-1320676-G

ASSUMPTIONS AND LIMITING CONDITIONS

1. It is assumed that title to the property herein appraised is good and merchantable, and in fee simple. The value is reported without regard to questions of title, boundaries, encroachments, environmental regulations, licenses, or other matters of a legal nature unless noncompliance has been stated, defined, and considered in the appraisal report.

2. The value is estimated under the assumption that there will be no international or domestic political, economic, or military actions that will seriously affect real estate values throughout the country.

3. Certain information concerning market and operating data was obtained from others. This information is verified and checked, where possible, and is used in this appraisal only if it is believed to be accurate and correct. However, such information is not guaranteed. Dimensions and areas of the Subject Property and of the comparables were obtained by various means and are not guaranteed to be exact.

4. Real estate values are influenced by a number of external factors. The information contained herein is all of the data we consider necessary to support the value estimate. We have not knowingly withheld any pertinent facts, but we do not guarantee that we have knowledge of all factors, which might influence the value of the Subject Property. Due to rapid changes in external factors, the value estimate is considered to be reliable only as of the date of the appraisal.

5. Opinions of value contained herein are estimates. This is the definition of an appraisal. There is no guarantee, written or implied, that the Subject Property will sell for the estimated value. The estimated value assumes that the property is under responsible ownership and has competent and prudent management.

6. The appraiser will not be required to provide testimony or attendance in court or before other legal authority by reason of this appraisal without prior agreement and arrangement between the employer and the appraiser.

7. Disclosure of the contents of this appraisal report is governed by the By-Laws and Regulations of the Appraisal Institute. Neither all nor any part of the contents of this report (especially any opinions, analyses, or conclusions concerning value, the identity of the appraiser or the firm with which he is connected, or any reference to the Appraisal Institute or the M.A.I. or SRA Designation) shall be disseminated to the public through advertising media, public relations media, news media, sales media, prospectus for securities, or any other public means of communication without prior written consent and approval of the undersigned.

115

8. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures which would render it more or less valuable, except as stated in this report. No responsibility is assumed for such conditions or for engineering, which may be required to discover them. It is assumed that a prudent owner/buyer would allow inspection of the property by a qualified soils or structure engineer if conditions so required.

9. The distribution of the total valuation in this report between land and improvements applies only under the reported highest and best use of the land. The allocation of value for land and improvements, if presented, must not be used in conjunction with any other appraisal and are invalid if so used.

10. Estimates of costs to cure deferred maintenance are difficult at best. Contractors approach such problems in various ways. The estimates, if any, provided within this report are probable costs given current market conditions, available information, and the appraiser's expertise.

11. No environmental impact studies were requested or made in conjunction with this appraisal, and the appraiser hereby reserves the right to alter, amend, revise, and/or rescind the value opinions based upon any subsequent environmental impact studies, research, or investigation.

12. This appraisal was prepared by Bryan E. Humphries & Associates and consists of trade secrets and commercial or financial information, which is privileged and confidential and is exempted from disclosure under 5 U.S.C. 552 (b) (4). Please notify Bryan E. Humphries & Associates of any request of reproduction of this appraisal.

13. Unless otherwise stated in this report, the existence of hazardous substances, including without limitation asbestos, polychlorinated biphenyl, petroleum leakage, or agricultural chemicals, which may or may not be present on the property or other environmental conditions, were not called to the attention of nor did the appraiser become aware of such during the appraiser's inspection. The appraiser has no knowledge of the existence of such materials on or in the property unless otherwise stated. The appraiser, however, is not qualified to test such substances or conditions. If the presence of such substances, such as asbestos, urea formaldehyde foam insulation, or other hazardous substances or environmental conditions, may affect the value of the property, the value estimated is predicated on the assumption that there is

116

no such condition on or in the property or in such proximity thereto that it would cause a loss in value. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required to discover them.

14. Anyone acting in reliance upon the opinions, judgments, conclusions, or data contained herein, who has the potential for monetary loss due to the reliance thereon, is advised to secure an independent review and verification of all such conclusions and/or facts.

The user agrees to notify the appraiser prior to any irrevocable loan or investment decision of any error, which would reasonably be determined from a thorough and knowledgeable review.

15. By acceptance and use of this report, the user agrees that any liability for errors, omissions or judgment of the appraiser is limited to the amount of the fee charged.

16. The limiting condition relating to the ADA is as follows:

> This appraisal has not considered the effects of the enactment of the Americans with Disabilities Act of 1990 (ADA), which initially became effective January 26, 1992. We have not made a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed requirements of the ADA. Standards of this act are designed to provide access to all public facilities to all persons, regardless of mobility limitations. The act provides forceful encouragement for commercial establishments to enhance their accessibility and requires that renovations after this date fully comply with the access standards established by the Architectural and Transportation Barriers Compliance Board. Enhancements to buildings must be readily achievable and able to be carried out without much difficulty or expense. The act recognizes that "readily achievable" is different for companies depending on their resources. The first priority is to provide access from sidewalks, parking and transportation areas, with the second priority being to provide access to areas where goods and services are available to the public. Finally, access to restroom facilities must accommodate all persons. The modifications and costs that may be necessary for the property to conform to ADA can be ascertained only by a qualified architect. Should such a study be undertaken, and should the retrofit costs, if any, become known, then the appraisers reserve the right to re-evaluate the Subject Property.

117

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. ___

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING ARTICLE II. PARK LAND DEDICATION OF THE SUBDIVISION REGULATIONS OF THE CODE OF ORDINANCES AS SET FORTH HEREIN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF FIVE HUNDRED DOLLARS ($500.00); PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Subdivision Regulations of the Code of Ordinances shall be amended in Article II. Park Land Dedication, which shall hereafter read in its entirety as follows:

"ARTICLE II. PARK LAND DEDICATION

Sec. 24-41. Purpose.

(a) This article [Ordinance Number 87-1] is adopted to provide recreational areas in the form of neighborhood parks as a function of subdivision development in the City of Rockwall, Texas.This article is enacted in accordance with the Home Rule powers of the City of Rockwall, granted under the Texas Constitution, in statutes of the State of Texas, including but not by way of limitation, articles 974a and 1175. It is hereby declared by the city council that recreation areas in the form of neighborhood parks are necessary and in the public welfare, and that the only adequate procedure to provide for same is by integrating such a requirement into the procedure for planning and developing property or subdivisions in the city, whether such development consists of new construction on vacant land or rebuilding structures on existing residential property.

(b) Neighborhood parks are those parks providing for a variety of outdoor recreational opportunities, be a minimum of ten acres, and be within convenient distances for a majority of the residents to be served thereby. Park districts are established by the official park plan for the City of Rockwall, Texas, and shall be prima facie proof that any park located therein is within such convenient distance from any residence located therein. Primary cost of neighborhood parks shall be borne by the ultimate residential property owners, who, by reason of the proximity of their property to such parks, shall be the primary beneficiary of such facilities. Therefore, the following requirements are adopted to effect the purposes stated. (Ord. No. 87-1, § I, 1-5-87)

Sec. 24-42. Definitions.

For the purposes of this article, the following definitions shall apply:

Develop (VJ: The act of subdividing a parcel or tract of land and installation of community facilities in accordance with and as defined by the City of Rockwall Subdivision Ordinance.

Development (NJ: A parcel or tract of land proposed for subdivision in accordance with and as defined by the City of Rockwall Subdivision Ordinance.

Park development. The development of a park site by construction of streets, drainage, utilities, and recreational improvements to serve a neighborhood park district.

Recreational Improvements - Facilities: The park features set forth for a neighborhood park in the Activity Menu of the Park Plan. A uniform cost shall be prepared annually for these features and adopted by resolution by the City Council. The dedication factor shall be applied to this cost to determine the pro rata share per new dwelling unit for recreational improvements - facilities.

Pro rata share of required dedication. The amount of land that shall be dedicated (or the acreage figure used to calculate cash in lieu of land donation) as prescribed within this article. The pro rata share of required dedication in a neighborhood park district shall be calculated as follows: Pro rata share of required acreage dedication per new dwelling unit is the factor obtained when the 10 "acre area of park is divided by the ultimate residential dwelling unit holding capacity for park district in which the unit(s) is located.

The total number of residential units which a *neighborhood park district is projected to have when fully developed* shall be determined by the Impact Fee Land Use Assumptions as set forth in Table 1, Park Dedication Acreage Factor per Dwelling Unit, below. (Ord. No. 87-1, § II, 1-5-87)

TABLE 1

Sec. 24-43. General Requirement for SF-16, SF-10, SF-7, ZL-5, 2-F and MF-15, to be used for single-family, zero lot line, duplex, and/or apartment multi family residential purposes.

(a) Whenever a final plat is filed of record with the county clerk of Rockwall County for development of a residential area in accordance with the planning and zoning ordinances of the City of Rockwall, such plat shall contain a clear fee simple dedication of an area of land to the City of Rockwall for park purposes, which area shall be equal to or greater than the property being subdivided's pro rata share of neighborhood park property required for the neighborhood park district in which the property being platted or subdivided is located as shown by the Park Master Plan. In addition, the developer shall make payment of money for pro-rata share and recreational improvement facilities as defined in this article. Any proposed plat submitted to the city for approval shall show the area proposed to be dedicated under this article. The requirement for dedication under this article may be met by a payment of money in lieu of land when permitted or required by the other provisions of this article.

(b) The city council declares the development of an area smaller than one acre for public park purposes to be impractical. Therefore, if less than one acre is calculated to be the pro rata share of a development plat filed for approval, the developer shall be required to pay the applicable cash in lieu of land amount provided for by Section 24-45(c) of this article, rather than dedicate any land area. No plat showing a dedication of less than one acre shall be approved.

(c) In instances where an area of less than six (6) acres but more than one acre is calculated to be the pro rata share of a development the city council shall have the option of requiring land dedication or cash in lieu of land in accordance with Section 24-45(c) of this article after consideration of the recommendation of the planning and zoning commission and the parks and recreation board. If the City determines that sufficient park area is already in the public domain in the area of the proposed development or the neighborhood park district, or if the recreation potential for that zone would be better served by

expanding or improving an existing park, dedication may also be refused and cash in lieu of land may, likewise, be required.

(d) The dedication required by this article shall be made by filing of final plat or contemporaneously by separate instrument. If the actual number of completed dwelling units exceeds the figures upon which the original dedication is based, additional dedication shall be required and shall be made by payment in lieu of land amount described by Section 24-45(c) of this article, or by the conveyance of an entire numbered lot to the city. (Ord. No.87-1, § Ill, 1-5-87)

Sec. 24-44. Prior dedication; absence of prior dedication.

At the discretion of the city council, any former gift of land to the city may be credited on a per acre basis toward the eventual land dedication requirements imposed on the donor of such land. The city council shall consider recommendations of the planning and zoning commission and the parks and recreation board in exercising its discretion under this section. (Ord. No. 87-1, § IV, 1-5-87)

Sec. 24-45. Money in lieu of land.

(a) Subject to the veto of the city council and the terms of Section 24-43 of this article, a land owner responsible for dedication under this article may elect to meet the requirements of Section 24-43 in whole or in part by a cash payment in lieu of land, in an amount set forth in Section 24-45(c). Such payment in lieu of land shall be made at or prior to final plat approval.

(b) The city may from time to time decide to purchase land for parks in or near the area of actual or potential development. If the city does purchase park land in a neighborhood park district and said land purchased is used to meet the need for a neighborhood park, subsequent land dedications for that district shall be in cash only and calculated on a pro rata share basis to reimburse the city's actual cost of acquisition and development of such land for parks. The cash amount shall be equal to the sum of (1) the average price per acre of such land, and (2) the actual cost of adjacent streets and site utilities, or an estimate of such actual costs provided by the city engineer and the recreation improvement costs for facilities as set forth in the Park Master Plan for neighborhood parks. Once the city has been reimbursed entirely for all park land within a park zone, this section shall cease to apply and the other sections of this article shall be applicable.

(c) To the extent that Section 24-45(b) is not applicable, the dedication requirements shall be met by a cash payment in lieu of land on the basis of a per acre price. Said per acre price shall be determined annually by the city council and shall be based on current land values within the City. . Once established the Council shall adopt the value(s) by resolution for appreciation as required in this subsection. Cash payments may be used only for acquisition or improvement of neighborhood parks located within the same neighborhood park district as the development in accordance with the Park Master Plan. (Ord. No. 87-1, § V, 1-5-87)

Sec. 24-46. Dedication of more than the pro rata share of park land.

The developer of a residential subdivision which is subject to the terms of this article may dedicate more land than the pro rata share calculated for the development if approved by the city council. If the developer dedicates an amount equal to or greater than the total required park land area for the neighborhood park district in which his subdivision is located, the city and the developer shall execute a pro rata refunding agreement in accordance with the City of Rockwall Subdivision Regulations which shall recover the cost of land dedicated in excess of the developer's pro rata share after streets, drainage, and utilities are constructed on the dedicated property.

The developer shall install the streets, drainage, and utilities to serve the neighborhood park, and the cost of same shall be included in the pro rata refunding agreement. The pro rata refunding agreement shall provide that future developers in the same neighborhood park district shall pay their pro rata share of the actual cost of park development which shall be calculated based on the per acre cash in lieu of land cost in effect at the time of dedication, plus the costs of streets, drainage, utilities, and recreational facilities installed to serve the dedicated neighborhood park. The cost of streets, drainage and utilities installed to serve the park shall be certified by the city engineer. In no case shall the developer receive pro rata payments after he has recovered an amount equal to the number of acres actually dedicated in excess of his pro rata share multiplied by the per acre cash in lieu of land figure in effect at the time of actual dedication, plus the costs of streets, drainage, and utilities as certified by the city engineer necessary to serve the neighborhood park. In no case shall the term of any pro rata agreement provided by this article be for a period in excess of five (5) years from the date of dedication. (Ord. No. 87-1, § VI, 1-5-87)

Sec. 24-47. Special fund established; right to refund.

(a) There is hereby established a special fund for the deposit of all cash funds in lieu of land dedication under this article, which fund shall be known as the "Park Land Dedication Fund."

(b) The city shall account for all sums paid in lieu of land dedication under this article referenced to individual plats involved. Any funds paid for such purposes must be expended by the city within eight (8) years from the date received by the city for acquisition and development of a neighborhood park as defined herein. Such funds shall be considered to be spent on a first/in first/out basis. If not so expended, the owners of the property on the last day of such period shall be entitled to a pro rata refund of such funds, calculated on a square footage basis. The owners of such property must request such refund within one year of entitlement; in writing, or such rights shall be barred. (Ord. No. 87-1, § VII, 1-5-87)

Sec. 24-48. Additional requirements and provisions.

(a) Any land dedicated to the city under this article shall be suitable for park and recreation use. The following characteristics of a proposed area are generally unsuitable:

(1) Any area located in the one hundred-year floodplain;

(2) Any area of unusual topography or slope which renders same unusable for organized recreational activities.

The above characteristics of park land dedication area may be grounds for refusal of a plat.

(b) Each park must have ready access to a public street.

(c) Unless provided otherwise herein, action by the city shall be by the city council after consideration of the recommendations of the planning and zoning commission and the parks and recreation board. Any proposal considered by the planning and zoning commission under this article shall have been reviewed by the parks and recreation board and its recommendation given to the commission. The commission may make a decision contrary to such recommendation only by a vote of at least five (5) members. Should the commission be unable to get this vote, the matter shall then be referred to the city council for final decision.

(d) If any provision of this article or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect any other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are declared to be severable.

(e) This article shall become effective upon adoption by the city council. (Ord. No. 87-1, § VIII, 1-5-87)

Sec. 24-49. Review and updating park master plan.

The City of Rockwall Parks and Recreation Department shall consider the need to update the Park Master Plan at least annually to insure that the plan remains current and provides an equitable, effective framework from which to pursue the acquisition and development of neighborhood park services for each neighborhood park district.

(Ord. No. 87-1, § XI, 1-5-87)

Sec. 24-50. Waiver of mandatory neighborhood park land dedication in the case of private developments.

If a development is proposed to be a private development where no public streets are dedicated for use by the public the city shall:

(1) Calculate the pro rata share of the proposed private development as if it were to be a development where public streets were to be dedicated.

(2) Waive the requirement for mandatory dedication if the private amenities of the proposed development meet or exceed the calculated pro rata share as calculated under Section 24-50(1) above.

(3) Decrease the total acreage shown in the Park Master Plan as being required to meet the ultimate need for neighborhood parks in the applicable neighborhood park district by the acreage calculated under Section 24-50(1) above (for the purpose of future calculations of pro rata shares for future developments).

(4) In a private development within a park district or a private development encompassing an entire park district, the park property within the private development must be easily accessible to the general public either through the use of the city trail system or public roadways. If the private development encompasses the entire park district and the ten acres of park land is not continuous, each separate section of park property must be accessible to the general public and connected by way of a minimum eight foot wide trail.

(Ord. No. 87-1, § IX, 1-5-87)

Sec. 24-51. Waiver of article requirements by city council.

The city council of the City of Rockwall, Texas may waive the requirements of this article upon a finding by the city council that said waiver is clearly in the best interest of the City of Rockwall. (Ord. No. 87-13, § I, 3-16-87)"

Section 2. Any person violating the provisions of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction be subject to a fine in accordance with the general provisions of the Code of Ordinances.

Section 3. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this day of , 1999.

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
CC:	Rick Crowley, *City Manager* Mary Smith, *Assistant City Manager* Joey Boyd, *Assistant City Manager* Ryan Miller, *Director of Planning and Zoning*
FROM:	David Gonzales, *Planning and Zoning Manager*
DATE:	March 18, 2019
SUBJECT:	SP2019-004; *Alternative Tree Mitigation Settlement Agreement*

The applicant, Carolina Molina of Alvaplast US, Inc. (*SPR Packaging*), is requesting the approval of an *Alternative Tree Mitigation Settlement Agreement*. On the approved site plan, the applicant indicated a total of 7,919-caliper inches of tree being removed from the site. Of the caliper inches being removed, 1,554.25-inches require mitigation. In order to satisfy the mitigation balance, the applicant is proposing to plant 660-inches of trees adjacent to the approved Phase I warehouse building and 752-inches of trees adjacent to the Park Place neighborhood. This totals 1,412-caliper inches being replaced on-site and leaves a mitigation balance of 142.25-caliper inches.

According to *Section 5.7*, of *Article IX*, of the *Unified Development Code* (UDC), "(i)n certain cases, the City Council -- *upon recommendation from the Planning and Zoning Commission* -- may consider an *Alternative Tree Mitigation Settlement Agreement* where, due to hardship, the applicant is unable to meet the requirements of this article or where it is determined that adherence to the tree mitigation requirements will create a hardship for an applicant. These funds will be deposited in the City's Tree Mitigation Fund and will be used for planting trees in the City's parks, medians, street right-of-ways, or other similar areas as determined by the Parks and Recreation Department." SPR Packaging prefers to settle the remaining mitigation balance of 142.25-caliper inches through an *Alternative Tree Mitigation Settlement Agreement* by paying into the *City's Tree Mitigation Fund* the full amount due of $14,225.00 (*i.e. 142.25-caliper inches x $100 per inch = $14,225.00*). If approved by the City Council, the applicant will need to satisfy the balance at the time of filing the final plat.

On March 12, 2019, the Planning and Zoning Commission unanimously approved a motion to recommend approval of the *Alternative Tree Mitigation Settlement Agreement* by a vote of 4-0 with Commissioners Lyons, Logan, and Moeller absent. Attached to this memo is the applicant's letter of request, and the approved treescape plan and landscape plan. The approval of the applicant's request is a discretionary decision for the City Council.

March 5, 2019

Mr. David Gonzales
Planner
City of Rockwall
385 South Goliad Street
Rockwall, Texas 75087

Re: **SPR Packaging SP2019-004**

Dear Mr. Gonzales:

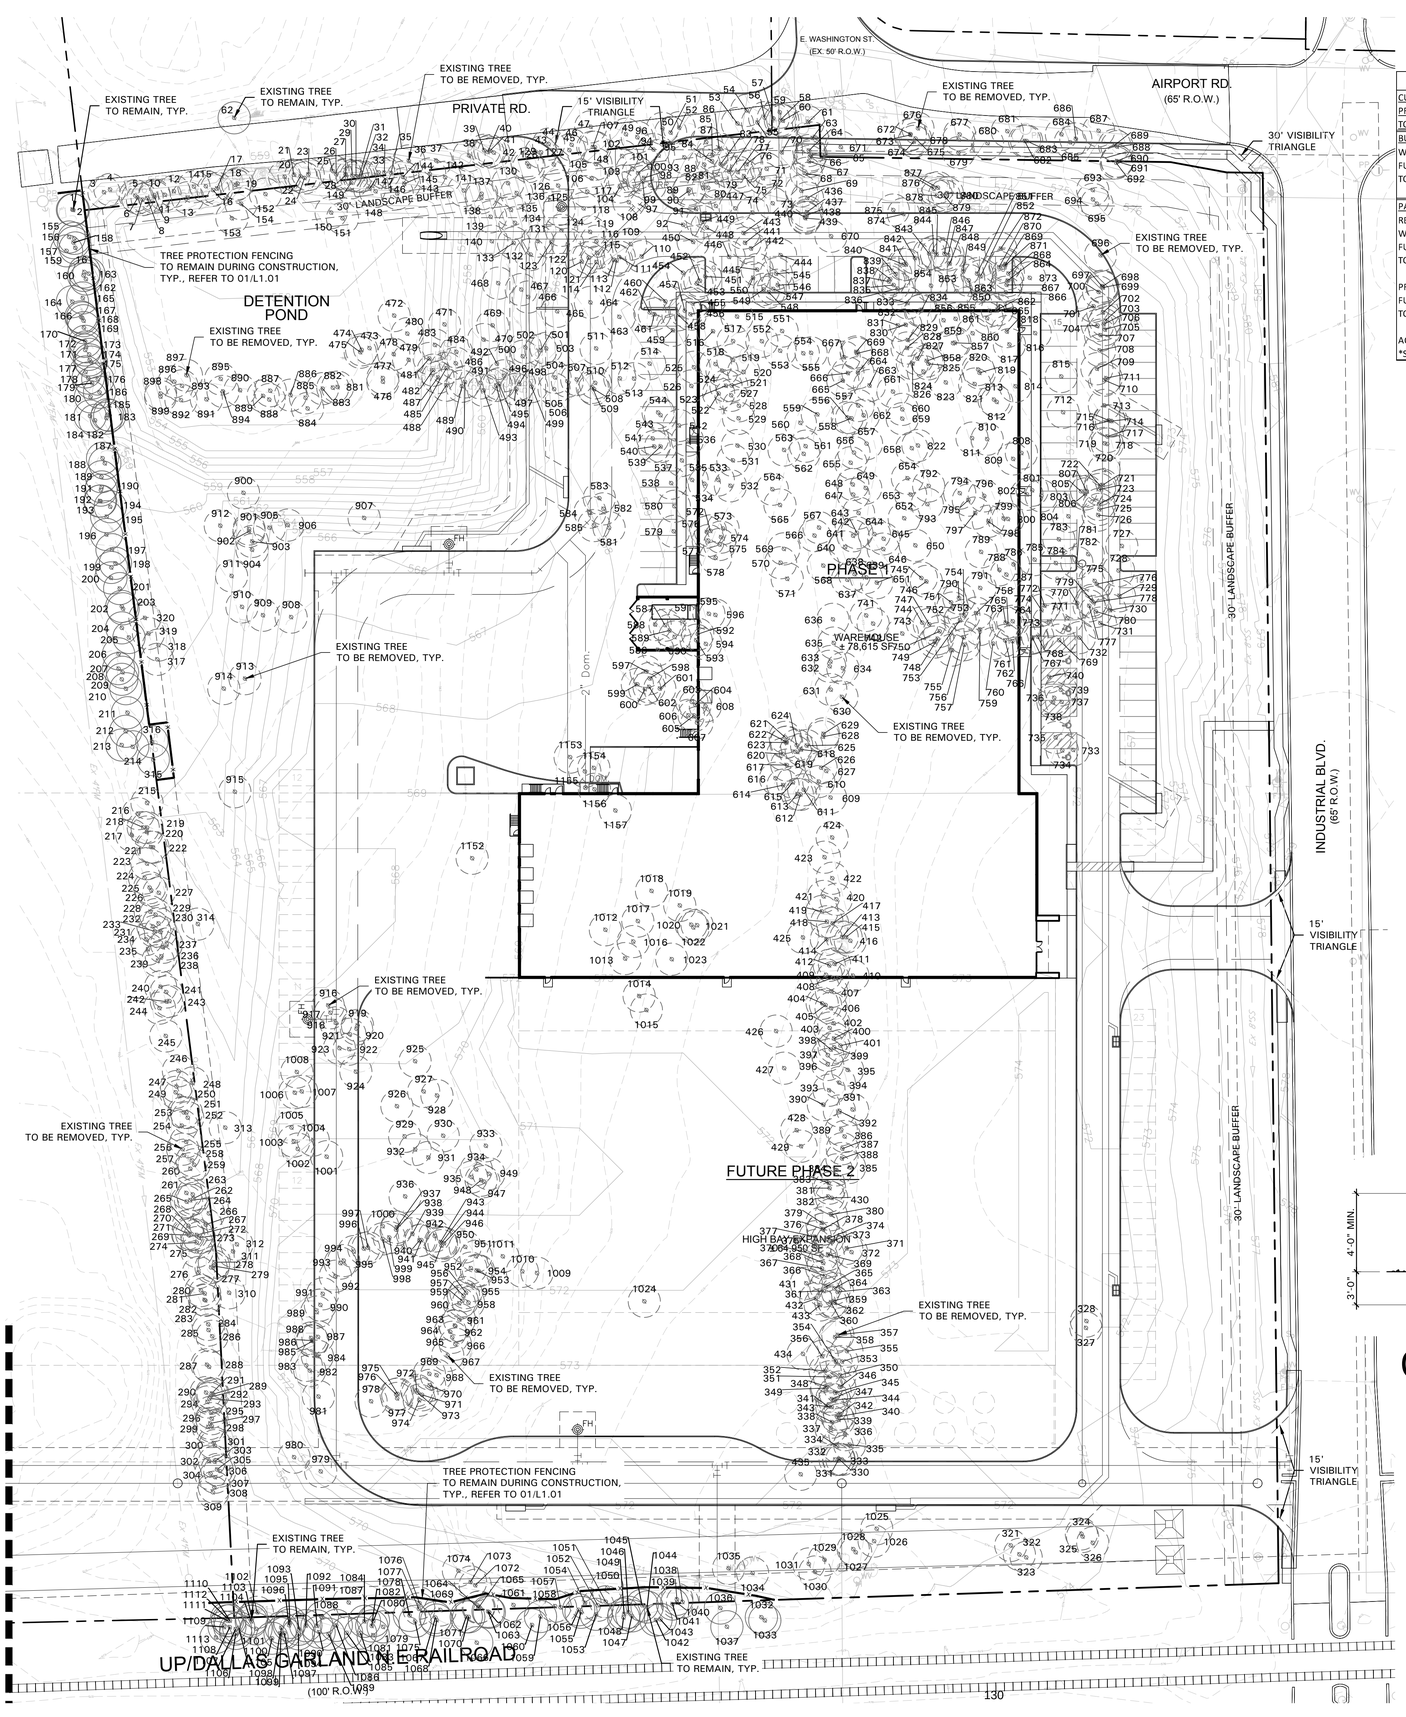
Thank you for your comments on the above-mentioned project. In an effort to address your comments concisely and simplify your next review, we have summarized your comments and our responses below.

Tree Mitigation

1. Alternative tree mitigation settlement agreement in the amount of $49,125.00 (i.e. 491.25-inch mitigation) requires approval of the City Council.
   With the additional screening requested, the mitigation cost has been reduced to $14,225.00 or 142.25 inches of mitigation.

Landscape Plan

1. 10-foot Landscape Buffer along Industrial Blvd. and Airport Road to have trees for each 50 linear feet of frontage. Move the necessary number of trees into the landscape buffer strip.
   Per our conversation, the required trees have been moved as close as they can to the 10' Landscape Buffer due to an existing sewer easement that runs the entire length of the street frontage. A 30' landscape buffer has been added to accommodate the required trees along the street frontages.



2. The use of hydromulch requires the hydromulch to be established a minimum height of one (1) inch and at a minimum coverage of 75% for disturbed areas prior to the release of a Certificate of Occupancy (CO). Sod is preferred. Change notes regarding the use of hydromulch to reflect the required standard of use sod.
   Hydromulch note has been updated. Please refer to Landscape Plan L2.01, Hydromulch Note #8.

Please let me know if you have any questions or need anything else.

Sincerely,

Kori Haug, ASLA, CLARB
President
Belle Firma, Inc.

EXISTING TREE LEGEND

- EXISTING TREE TO REMAIN
- EXISTING TREE TO BE REMOVED
- TREE PROTECTION FENCING TO REMAIN DURING CONSTRUCTION REFER TO 01/L1.01

TREE PRESERVATION NOTES

1. EXISTING TREES TO REMAIN SHALL BE PROTECTED DURING CONSTRUCTION FROM TREE STRUCTURE DAMAGE AND COMPACTION OF SOIL UNDER AND AROUND DRIP LINE (CANOPY) OF TREE.
2. IF ANY ROOT STRUCTURE IS DAMAGED DURING ADJACENT EXCAVATION / CONSTRUCTION, NOTIFY OWNER'S AUTHORIZED REPRESENTATIVE IMMEDIATELY. IT IS RECOMMENDED THAT A LICENSED ARBORIST BE SECURED FOR THE TREATMENT OF ANY POSSIBLE TREE WOUNDS.
3. NO DISTURBANCE OF THE SOIL GREATER THAN 4" SHALL BE LOCATED CLOSER TO THE TREE TRUNK THAN 1/2 THE DISTANCE OF THE DRIP LINE TO THE TREE TRUNK. A MINIMUM OF 75% OF THE DRIP LINE AND ROOT ZONE SHALL BE PRESERVED AT NATURAL GRADE.
4. ANY FINE GRADING DONE WITHIN THE CRITICAL ROOT ZONES OF THE PROTECTED TREES MUST BE DONE WITH LIGHT MACHINERY SUCH AS A BOBCAT OR LIGHT TRACTOR. NO EARTH MOVING EQUIPMENT WITH TRACKS IS ALLOWED WITHIN THE CRITICAL ROOT ZONE OF THE TREES.
5. NO MATERIALS INTENDED FOR USE IN CONSTRUCTION OR WASTE MATERIALS ACCUMULATED DUE TO EXCAVATION OR DEMOLITION SHALL BE PLACED WITHIN THE LIMITS OF THE DRIP LINE OF ANY TREE.
6. NO EQUIPMENT MAY BE CLEANED OR TOXIC SOLUTIONS, OR OTHER LIQUID CHEMICALS, SHALL BE DEPOSITED WITHIN THE LIMITS OF THE DRIP LINE OF A TREE, INCLUDING BUT NOT LIMITED TO: PAINT, OIL, SOLVENTS, ASPHALT, CONCRETE, MORTAR, PRIMERS, ETC.
7. NO SIGNS, WIRES OR OTHER ATTACHMENTS, OTHER THAN THOSE OF A PROTECTIVE NATURE, SHALL BE ATTACHED TO ANY TREE.
8. NO VEHICULAR / CONSTRUCTION EQUIPMENT TRAFFIC OR PARKING IS ALLOWED WITHIN THE LIMITS OF THE DRIP LINE OF TREES.
9. BORING OF UTILITIES MAY BE PERMITTED UNDER PROTECTED TREES IN CERTAIN CIRCUMSTANCES. THE MINIMUM LENGTH OF THE BORE SHALL BE THE WIDTH OF THE TREE'S CANOPY AND SHALL BE A MINIMUM DEPTH OF FORTY-EIGHT (48") INCHES.
10. IRRIGATION TRENCHING WHICH MUST BE DONE WITHIN THE CRITICAL ROOT ZONE OF A TREE SHALL BE DUG BY HAND AND ENTER THE AREA IN A RADIAL MANNER.
11. ALL TREES TO BE REMOVED FROM THE SITE SHALL BE FLAGGED BY THE CONTRACTOR WITH BRIGHT RED VINYL TAPE (3" WIDTH) WRAPPED AROUND THE MAIN TRUNK AT A HEIGHT OF FOUR (4') FEET ABOVE GRADE. FLAGGING SHALL BE APPROVED BY OWNER'S AUTHORIZED REPRESENTATIVE PRIOR TO ANY TREE REMOVAL. CONTRACTOR SHALL CONTACT OWNER'S AUTHORIZED REPRESENTATIVE WITH 72 HOURS NOTICE TO SCHEDULE ON-SITE MEETING.
12. ALL TREES TO REMAIN, AS NOTED ON DRAWINGS, SHALL HAVE PROTECTIVE FENCING LOCATED AT THE TREE'S DRIP LINE. THE PROTECTIVE FENCING MAY BE COMPRISED OF SNOW FENCING, ORANGE VINYL CONSTRUCTION FENCING, CHAIN LINK FENCE OR OTHER SIMILAR FENCING WITH A FOUR (4') FOOT APPROXIMATE HEIGHT. THE PROTECTIVE FENCING SHALL BE LOCATED AS INDICATED ON THE TREE PROTECTION DETAIL.
13. WHEN A LOW HANGING LIMB IS BROKEN DURING THE COURSE OF CONSTRUCTION, THE CONTRACTOR SHALL NOTIFY THE OWNER'S AUTHORIZED REPRESENTATIVE IMMEDIATELY. UNDER NO CIRCUMSTANCE SHALL THE CONTRACTOR PRUNE ANY PORTION OF THE DAMAGED TREE WITHOUT THE PRIOR APPROVAL BY THE OWNER'S AUTHORIZED REPRESENTATIVE.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	March 18, 2019
APPLICANT:	Mathias Haubert; *Bohler Engineering*
CASE NUMBER:	P2019-009; *Lot 1, Block A, Brakes Plus Addition*

SUMMARY

Discuss and consider a request by Mathias Haubert of Bohler Engineering on behalf of Daniel J. Porter of Dynamic Development for the approval of a replat for Lot 1, Block A, Brakes Plus Addition being a 0.653-acre tract of land currently identified as Lots 1 & 2, Billy Peoples #1 Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 1902 & 2000 S. Goliad Street [SH-205], and take any action necessary.

PLAT INFORMATION

☑ The applicant is requesting to replat a 0.653-acre tract of land for the suppose of combining two (2) lots (*i.e. Lots 1 & 2, Billy Peoples # Addition*) into one (1) lot (*i.e. Lot 1, Block A, Brakes Plus Addition*) for the purpose of constructing a minor auto repair garage (*i.e. Brakes Plus*). A minor auto repair garage is permitted with a Specific Use Permit (SUP) in a General Retail (GR) District. The subject property was annexed prior to 1959, is situated within the SH-205 Overlay (SH-205 OV) District, and is zoned General Retail (GR) District.

☑ On October 1, 2018, the City Council approved a request [*Case No. Z2018-040*] for the approval of a Specific Use Permit (SUP) [*Ordinance No.18-45, SUP No. S-197*] to allow a *minor auto repair garage (i.e. Brakes Plus)* in a General Retail (GR) District. Currently the property has two (2) vacant buildings (*i.e. formerly EZ-Mart Gas Station and Pizza Hut*) that will need to be demolished in order to develop the site.

☑ On November 11, 2018, the Planning and Zoning Commission approved a site plan [*Case No. SP2018-030*] and recommended conditional approval (*i.e. with the condition that two [2] faux windows be added to the east elevation*) of the associated variances (*i.e. variances to the vertical and horizontal articulation requirements and pitched roof requirements*) for a minor auto repair garage (*i.e. Brakes Plus*). Subsequently, on November 19, 2018, the City Council approved the variances associated with the approved site plan.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the replat for *Lot 1, Block A, Brakes Plus Addition*, staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) The development shall adhere to the *Operational Conditions* stipulated by Specific Use Permit (SUP) No. S-197 [*Ordinance No. 18-45*]; and

(3) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 12, 2019, the Planning and Zoning Commission's motion to recommend approval of the replat with staff's *Conditions of Approval* passed by a vote of 4-0 with Chairman Lyons and Commissioners Logan and Moeller absent.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	March 18, 2019
APPLICANT:	Jeff Bresee; *SET Engineers*
CASE NUMBER:	Z2019-003; *SUP for RISD Practice Field*

SUMMARY

Hold a public hearing to discuss and consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) for a Private Sports Arena, Stadium or Track on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

BACKGROUND

The subject property is located at the southeast corner of the intersection of Yellow Jacket Lane and Greencrest Boulevard and is addressed as 901 W, Yellow Jacket Lane. The property was annexed in 1960, is situated within the IH-30 Overlay (IH-30 OV) District, and is zoned Commercial (C) District. On February 18, 1991, the City Council approved a request [*Case No. P&Z 91-03-Z/SP/PP*] for a change in zoning from a Multi-Family 15 (MF-15) District to a Commercial (C) District. Included with that request was the approval of a site plan and a preliminary plat for a school (*i.e. Rockwall High School*). In June, 1991, the City Council approved a request [*Case No. P&Z 91-21-CUP*] for a Conditional Use Permit (CUP) [*Ordinance No. 91-28*] to allow less than 90% masonry materials on the façade of the building, and later amended the Conditional Use Permit (CUP) [*Ordinance No. 91-51*] to include an additional structure. In August 1998, the City Council approved a site plan [*Case No. PZ-1998-39-2*] for an additional parking lot for the existing school (*i.e. Rockwall High School*).

PURPOSE

The applicant is requesting the approval of a Specific Use Permit (SUP) for a *Private Sports Arena, Stadium, or Track* on the subject property. Currently, the Rockwall Independent School District (RISD) utilizes this area as an existing multi-purpose field that serves as a practice facility for various sports (*e.g. softball, baseball, football, soccer, discus, etc.*). According to the applicant, in order to protect vehicles and/or patrons of the commercial businesses (*e.g. Rooms-To-Go, Heritage Buick-GMC, and the future Texas Roadhouse Restaurant and Marriott Towneplace Suites hotel*) adjacent to the field, the school is requesting to construct a 40-foot fence/netting combination around the perimeter of the field.

ADJACENT LAND USES AND ACCESS

The subject property is located 901 W. Yellow Jacket Lane. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is Yellow Jacket Lane, which is identified as a M4D (*major collector, four [4]-lane, divided roadway*) on the City's Master Thoroughfare Plan. Beyond this is a sports complex (*i.e. Spring Sports Complex*) followed by a single-family residential subdivision (*i.e. Waterstone Estates*). These areas are zoned Single-Family 7 (SF-7) District.

147

South: Directly south of the subject property are several commercial businesses (*e.g. Rooms-To-Go and the future Texas Roadhouse and Marriott Towneplace Suites hotel*). Beyond this is IH-30, which is identified as a *TxDOT Roadway* on the City's Master Thoroughfare Plan. Following this are several commercial businesses (*e.g. Sleep Experts, FedEx, and Chipotle*) that are zoned Commercial (C) District.

East: Directly east of the subject property is a car dealership (*i.e. Heritage Buick-GMC*) followed by Kyle Drive, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. Beyond this is a Rockwall Independent School District (RISD) athletics field for track and field events, and a multi-family residential development (*i.e. Missions Rockwall Apartments*). These areas are zoned Commercial (C) and Multi-Family 14 (MF-14) Districts. Beyond this are two (2) car dealerships (*i.e. Rockwall Chrysler and Rockwall Ford*) that are zoned Commercial (C) District.

West: Directly west of the subject property is a tract of land that is being developed for a hotel (*i.e. Marriott Towneplace Suite*s). Beyond this is a vacant tract of land followed by Greencrest Boulevard, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. Following, are several commercial businesses (*e.g. Dominos, Fireside Chicken and Tacos, Wal-Mart*) that are zoned Commercial (C) District.

CHARACTERISTICS OF THE REQUEST

The applicant is proposing to replace the existing natural grass field with artificial turf, to utilize a ten (10) foot tall black vinyl coated chain link fence installed one (1) foot inside the boundaries of the practice field. The fence will be topped with 30-foot tall black netting and lights, which will be installed at the top of the poles adjacent to the north and south boundaries of the field. The proposed field will be serve as a practice field for the school's sports teams, intramural sports, physical education classes, and some other uses not identified by the applicant. According to the applicant, the field will be utilized mostly during the day; however, the applicant intends on the field being utilized (on a limited basis) at night. According to the applicant, this project is a part of the Rockwall Independent School District's (RISD's) bond program that includes a provision for a practice facility for the softball and baseball team. Granting this request will enable the field to be more functional and meet that purpose.

CONFORMANCE WITH THE CITY'S CODES

According to Subsection 3.3, *Minimum Requirements*, of Section 3, *Outdoor Lighting for Non-Residential Properties*, of Article VII, *Environmental Performance*, of the Unified Development Code (UDC), "…the maximum allowable light intensity measured at the property line of any non-residentially zoned lot shall be 0.2 of one [1] footcandle (FC)…" It goes on to state "...for planned shopping centers or other commercial developments that contain more than one (1) lot, the Planning and Zoning Commission may consider lighting plans that result in light spillover across common lots within the same development…however; in no case shall light levels exceed 0.2 of one [1] footcandle (FC) at the property lines adjacent to the street and/or along the perimeter of the development…" In this case, the photometric plan submitted by the applicant shows that the light intensity along the east and west boundaries range from 0.1 FC to 0.3 FC. Along the north and south boundaries (*i.e. where the lights will be installed*), the light intensity range from 0.1 FC to 0.9 FC. Staff should note, this practice field is located toward the rear of the school (*i.e. away from the property lines adjacent to the street*) and this request does not appear to affect the light intensity levels adjacent to the street (*i.e. adjacent to Yellow Jacket Lane*). With that being said, since the proposed lighting exceeds the maximum light intensity of 0.2 FC at the southeast property line approving this request will effectively waive the lighting requirements with regard to lighting spillover. Additionally, the Unified Development Code (UDC) requires that light sources be oriented down and toward the center of the site or shielded so as not to be visible from the property line. The proposed light fixtures will be oriented toward the center of the site and partially shielded; however, due to the proposed use (*i.e. to light a practice field*) combined the height of the light poles (*i.e. 40-feet in height*), there is a possibility that the lights will be visible from the property line. Since this does not meet the requirements of the Unified Development Code (UDC),

approving this request will effectively waive the lighting requirements with regard to the shielding and orientation of the lights. Subsection 6.01G, *Lighting Standards*, of Subsection 6.01, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), "…any light fixture, light pole, pole base, or a combination thereof shall not exceed a height of 30-feet…" within the IH-30 Corridor Overlay (IH-30 OV) District. In this case, the proposed light fixtures will be mounted on the top of 40-foot tall light poles and oriented toward the field. Since this exceeds the maximum allowable height of 30-feet, approval of this request will effectively waive the lighting requirements with regard to the maximum allowable height of light poles within the IH-30 Overlay (IH-30 OV) District.

Article XI, *Fences*, of Chapter 10, *Buildings and Building Regulations* of the Municipal Code of Ordinances requires all chain link fences to be setback a minimum of 10-feet from the property line unless "…completely screened from the adjacent public areas by a structure or a solid landscape screening…" In this case, the proposed fence appears to be partially screened from Yellow Jacket Lane by the main building and partially screened from IH-30 by the adjacent commercial business (*i.e. Rooms-To-Go and Heritage Buick-GMC*) and will seemingly have limited visibility from Yellow Jacket Lane and IH-30. With that being said, the City Council is tasked with determining if the existing buildings provide sufficient screening of the adjacent public areas, if additional screening/landscaping is required, and/or if approval of this request is warranted.

STAFF ANALYSIS

When analyzing the applicant's request (*i.e. to install fencing, netting, and lighting on the practice field*), it appears that the proposal generally conforms to the Unified Development Code (UDC) with the exception of the items listed above. Given the proposed use (*i.e. a practice field*), one could reasonably expect this type of development to vary from the lighting standard. Typical fields of this type appear to utilize similar light fixtures. According to the applicant, the proposed lighting is designed to provide the *minimum level* of light needed for a practice field *(i.e. the design is lower intensity than typical stadiums and other competition facilities*). The applicant has stated that since the surrounding properties are commercial land uses and utilizes similar lighting, the proposed lighting will not adversely affect the neighboring properties. Staff should note, although the neighboring commercial businesses utilize lighting that is similar in *height*, the light fixtures are shielded and oriented downward. The Unified Development Code (UDC) allows the Planning and Zoning Commission to consider lighting plans that result in spillover for planned shopping centers or other commercial developments with common lot lines. Although Rockwall High School and the adjacent commercial developments are not considered to be a planned shopping center, the adjacent commercial businesses and the main building on campus seem to serve as a buffer from the residential properties to the north. When looking at the proposed chain link fence and netting, the fence appears to have limited visibility from IH-30. Specifically, the Rooms-To-Go, which is located adjacent to the practice field, ranges from 28-feet to 43-feet in height. Additionally, the Room-To-Go appears to rest at a slightly higher elevation than the practice field (*i.e. ~572-feet v. s. 570-feet above sea level*); however, this does not negate the possibility of the netting and lights being visible from IH-30. Given the location of the proposed field combined with the height of the proposed netting and lights, the Planning and Zoning Commission is tasked with considering if this request will adversely affect the neighboring properties and providing a recommendation to the City Council. Should this request be approved, staff has recommended to the applicant to provide a thick vegetative screening along the adjacent property lines (outside of the fence), which consists of a combination of mature trees, bushes, and tall grasses. This will require the applicants to provide staff with an updated concept plan reflecting the proposed screening. Additionally, this may require that the proposed fence is shifted inward to accommodate the additional landscaping. At the Planning and Zoning Commission meeting on March 12, 2019, the applicant stated that he did not wish to provide additional landscaping citing disfavor of maintaining the landscaping.

NOTIFICATIONS

On February 22, 2019, staff mailed notifications to 39 property owners/residents within 500-feet of the subject property. Additionally, staff notified the Turtle Cove and Waterstone Homeowner's Associations

(HOA's), which are the only Homeowner's Associations/Neighborhood Organizations that are within 1,500-feet of the subject property and participating in the Neighborhood Notification Program. At the time this report was written, staff had not received any notices concerning this case.

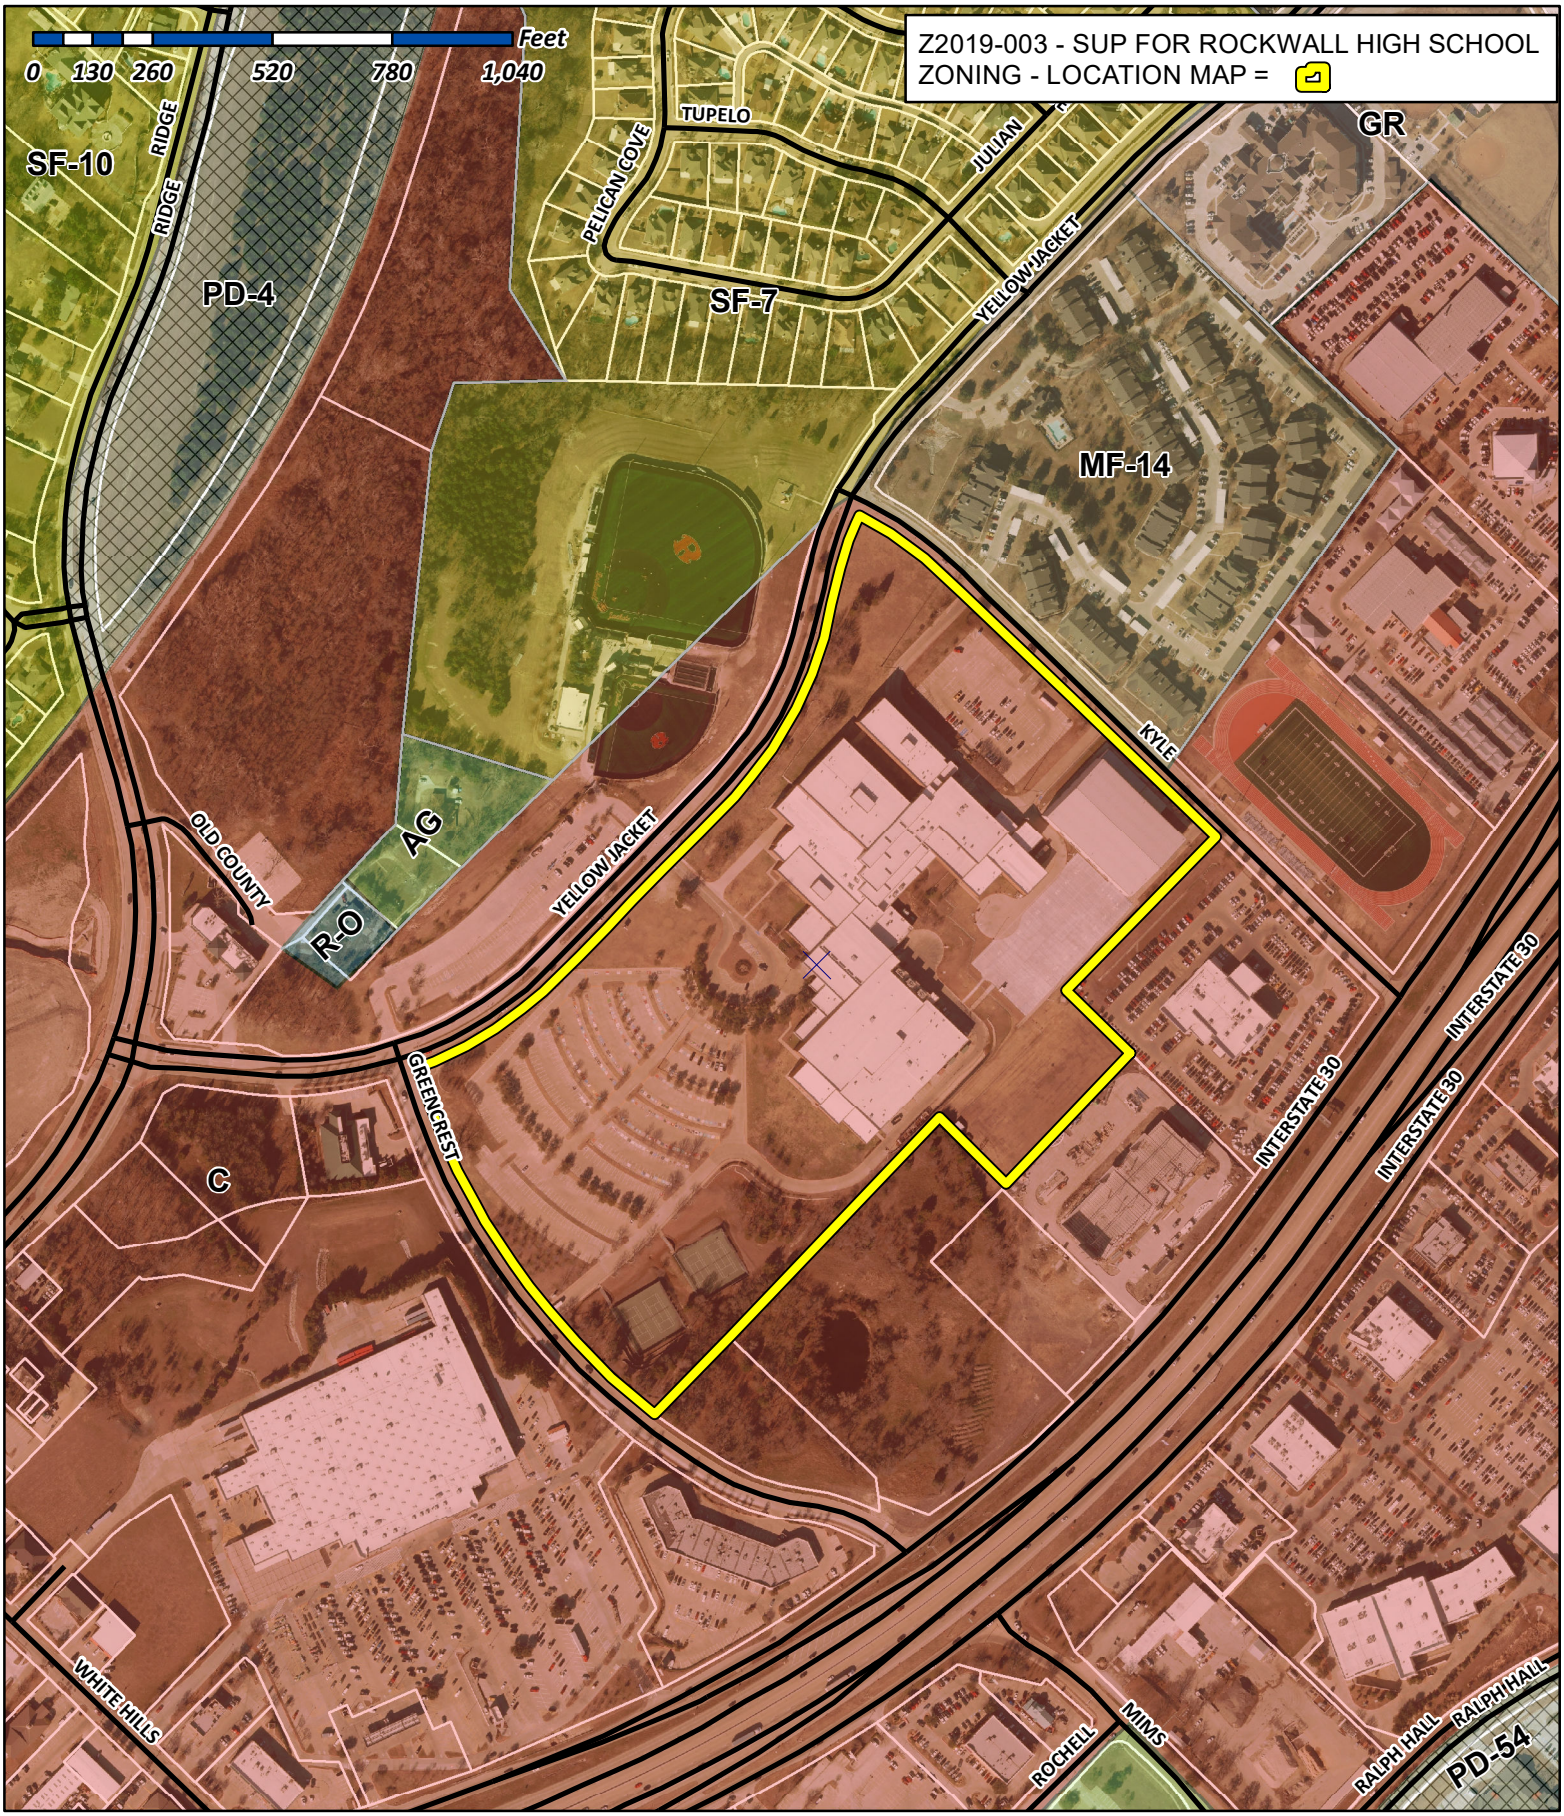
CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request, staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

a) The private arena, stadium, or track shall generally conform to concept and photometric plans and elevations depicted in Exhibits '*B*', '*C*', and '*D*' of the attached ordinance;

b) The applicant shall provide a thick vegetative screening utilizing a combination of mature trees, bushes, and/or grasses adjacent to the property line;



c) The applicant shall submit a revised concept plan showing the location of the proposed landscaping; and

d) The light fixtures shall not be mounted above 40-feet in height.

(2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On March 12, 2019, the Planning and Zoning Commission's motion to recommend approval of the Specific Use Permit (SUP) with staff's *Conditions of Approval* passed by a vote of 4-0 with Chairman Lyons and Commissioners Logan and Moeller absent.

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***February 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 3/12/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Tuesday, 3/18/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at

Re: Rockwall High School Multipurpose Synthetic Turf Field – Field Netting & Lights

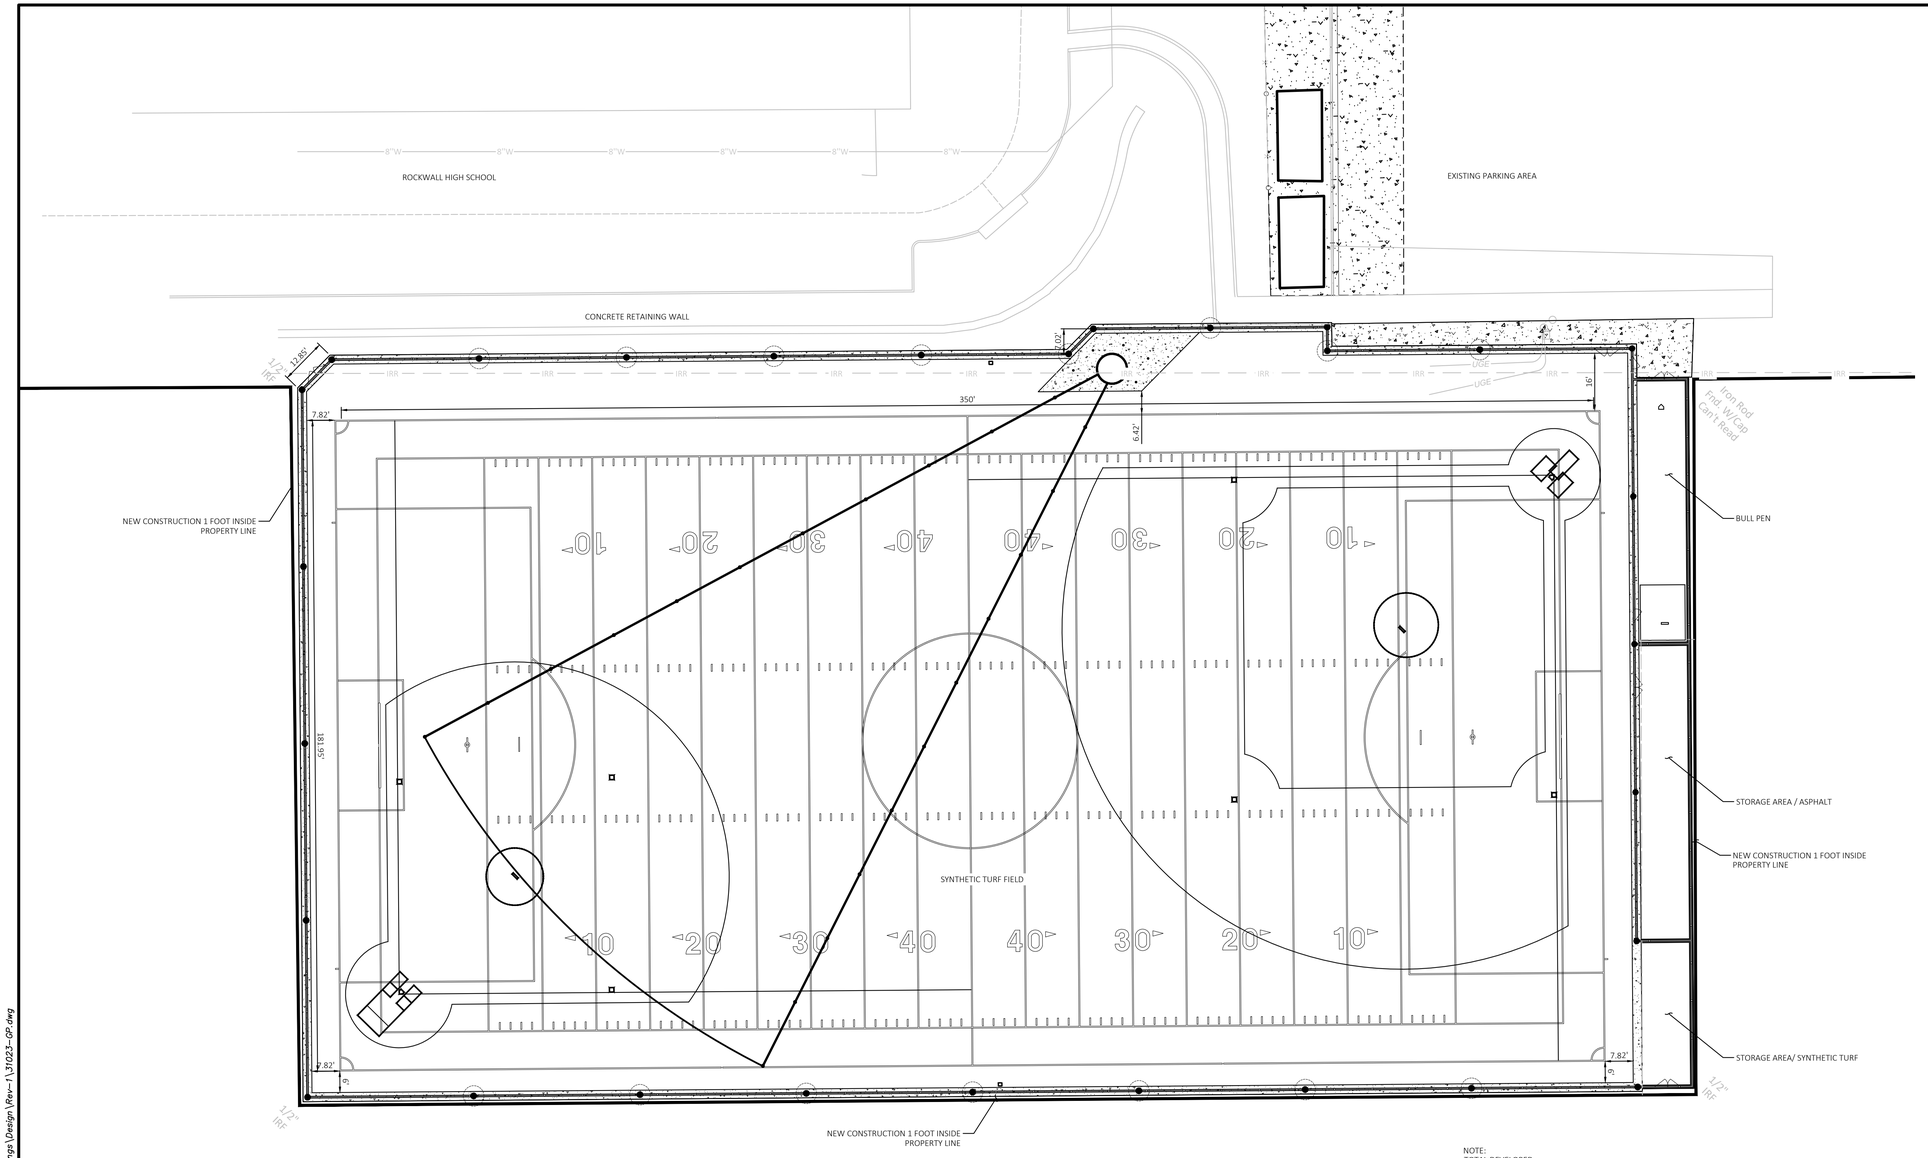
Dear Mr. Gonzales:

Rockwall ISD desires to convert their existing natural grass multipurpose field at Rockwall High School (field that lies immediately North of Rooms-To-Go) into a synthetic turf field. As this field is surrounded by commercial properties on three sides, in order to protect vehicles and/or patrons at these businesses, the school desires to construct a 40-foot tall fence/netting combination (10-foot black coated vinyl chain link fence topped with 30-foot black netting) around the perimeter of the field. This will also enable the fields to be more functional for their intended purpose (project is part of RISD's bond program to provide a practice facility for the softball and baseball teams (although the field will be used for football, soccer, discus and lacrosse practice as well) and it will prevent balls from leaving the field area.

In addition to the netting system, the District desires to install lights atop each of the netting poles that align the North and South sides of the field. As the field will be used by many of the school's sports teams for practice as well intermural teams, PE and other uses, it is desired that the field be made useable during night hours (limited of course by city ordinance).

In adding the lights, the District is seeking variance to the ordinance limiting light spillage to 0.2 lumens or less beyond the line 1-foot outside of the District's property lines. The deign of the proposed lights (for which we have included a photometric plan) is to provide the minimum level of light needed for the practice of school sports (design is not to the level typical for stadiums and other competition facilities). As the surrounding properties are commercial entities that also light their grounds, the District feels that the proposed lighting design will not adversely affect the neighboring properties.

I have included cut sheet information for the netting system and the lights. Please let me know if you need anything further or have any questions.



Sincerely,

SET Engineer, Inc.

Jeff Bresee, P.E.

TECHLINE SPORTS LIGHTING

Your Eaton's Ephesus Lighting Authorized Reseller

All-Field 750

Introducing the latest in LED sports lighting innovation

The All-Field 750 is the most versatile LED fixture available for your sporting venue.

Versatile mounting bracket is designed for ease of installation in new or retrofit applications

Weather-tight design ensures durability even in harsh environments

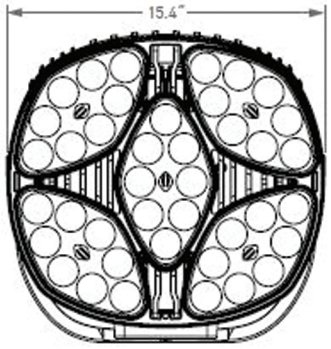
Solid-state design (no moving parts) provides maintenance free operation

Ability to monitor health and status of each light

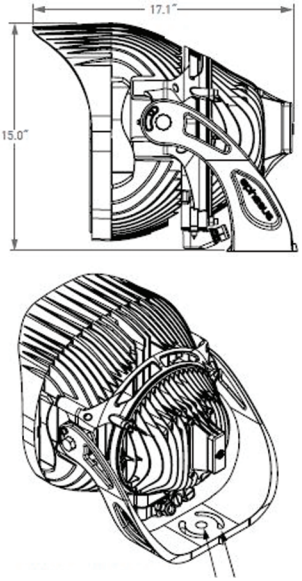
Low electromagnetic interference (EMI) noise generation eliminates interference with surrounding electrical systems

Wireless control options provide flexibility for operational usage and fan experience enhancements

Custom engineered optics direct light precisely where needed while minimizing glare.



Easy RETROFIT to your existing sports lighting system



TECHLINE SPORTS LIGHTING

Your Eaton's Ephesus Lighting Authorized Reseller

All-Field 750

Techline Sports Lighting introduces the All-Field 750 Sport LED fixture, the ideal solution for any setting including little league, municipal parks, high school, college and semi-professional outdoor sports venues. The All-Field 750 is the leading choice for all outdoor applications including football, soccer, tennis, baseball, softball, lacrosse, and field hockey. Maintenance free operation and precisely delivered HDTV quality light make the All-Field 750 the perfect choice for any application and provide an excellent return on investment.

PERFORMANCE SPECIFICATIONS

	All Field 750
Lumen Output[1]	>83,000 Lumens
System Watts	750 watts
Input Voltage (High)	277VAC - 480VAC
Input Voltage (Low)	120VAC - 240VAC
CCT	5700K
L70 Hours	>160,000 hours at 25° C
Operating Temp Range	-40°C to 55°C
Surge	6kV
IP Rating	IP66
NEMA Rating	NEMA 4X
Effective Projected Area	1.4 ft^2
Approximate Weight[2]	45 lbs. (20.45 kgs)

The All-Field 750 Sport LED is available with wireless or wired control to provide operational, monitoring and entertainment capabilities. Entertainment options include individual LED cluster control and 0-10V dimming. Fixture connectivity options are available from standard wired DMX to wireless Air-Mesh technology. Cellular, WiFi, or Bluetooth link enables telemetry to monitor health and status of each sport LED fixture.

ORDERING OPTIONS

MODEL	WATTAGE	OPTICS	VOLTAGE	CONTROLS
AF	750	NEMA 2	VH - HIGH VOLTAGE	NC - NO CONTROLS
	550	NEMA 3	VL - LOW VOLTAGE	AM - AIR MESH
	400	NEMA 4		
		NEMA 5	SPILL CONTROL OPTION - EYELID	

1. The specifications listed were obtained under optimal testing conditions. Changes in options, features and conditions may result in slightly different perfomance specifications among fixtures.

2. Weight may vary depending on mounting bracket selection.

Clean power is required to ensure proper function and lifetime of LED fixtures. Prior to installation, an analysis should be performed to verify site power meets these requirements:

- High frequency voltage should be below -40dB or .01V between 3KH and 100KHz
- High frequency current should be below -50dB or .019A between 3KHz and 100KHz

Surge protection alone is not adequate. Techline Sports Lighting will not be liable for damage to fixtures due to poor power quality. Contact Techline Sports Lighting for more information.

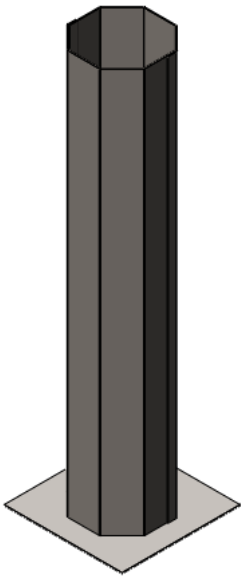
	ROCKWALL TEXAS
Scale	AS SHOWN
Project No.	2019.202.010
Date	FEBRUARY 5, 2019



WARNING: THE ALTERATION OF THIS MATERIAL IN ANY WAY, UNLESS DONE UNDER THE DIRECTION OF A COMPARABLE PROFESSIONAL, I.E. ARCHITECT FOR AN ARCHITECT, ENGINEER FOR AN ENGINEER, LANDSCAPE ARCHITECT FOR A LANDSCAPE ARCHITECT OR LICENSED SURVEYOR FOR A LICENSED SURVEYOR, IS A VIOLATION OF THE NEW YORK STATE EDUCATION LAW AND/OR REGULATIONS AND IS A CLASS 'A' MISDEMEANOR.

Drawing Title: 40' NETTING FOOTING DETAILS

Drawing No.: SK-01

Ground Sleeve Install

1. Mark the locations of the ground sleeves on the field. Being sure to match the center distance to the desired system.

2. Excavate holes for foundations and set the concrete forms.

3. Center the ground sleeve in the form and secure it in a plumb and level position. The top of the ground sleeve should be set according to the site plans (Generally level with Finish Grade).

4. Pour concrete foundation to the top of the sleeve. Allow concrete to adequately cure.

5. Caulk all around the top of the ground sleeve, using backer rod where needed to prevent the caulk from falling into the ground sleeve.

169

2. Assembling Hardware

a) Start by laying out the cables to ensure the proper lengths are present for each run. Cut the cable as necessary based on each run, adding a 6” turn back at each end of the cable.

b) Start the horizontal tensioned cables (5/16” DIA) by assembling a 5/8” x 12” turnbuckle to an eye bolt at one end (Figure 1). The wire will pass through the poles at which the cable run does not terminate (Figure 2). At the poles where the cable run terminates, attach the cable with turn back and rope clips directly to the eye bolt at opposite end (Figure 3).

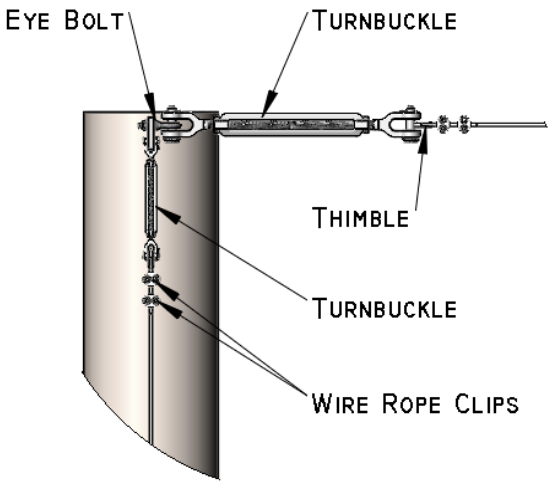


Figure 1

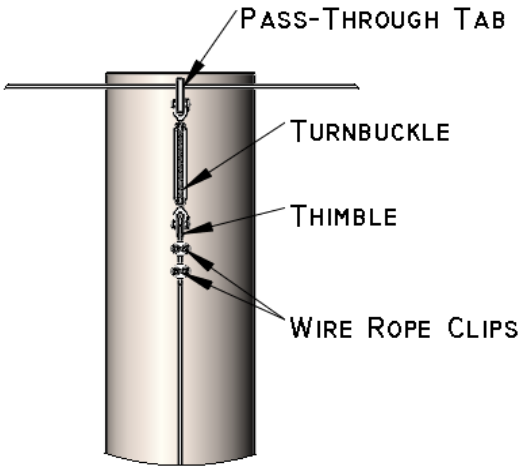

Figure 2

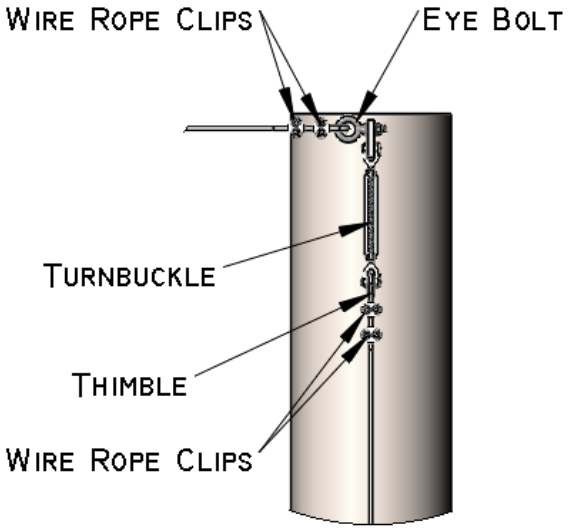

Figure 3

170

c) The horizontal cables can be finished with the bottom (1/4" DIA) cable. This cable is assembled the same way as the tensioned cables. Start the cable by attaching to an eye bolt at one end (Figure 4). The cable will pass through a series of eye bolts (recommended 5' spacing) or equivalent guides, then through the poles at which the cable run does not terminate (Figure 5). At the end pole where the cable run terminates, attach the cable (with turn back and rope clips) directly to the eye bolt (Figure 6).

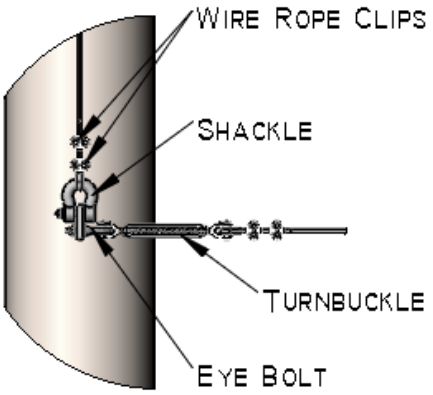

Figure 4

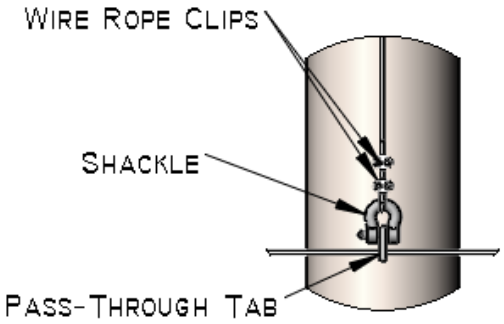

Figure 5

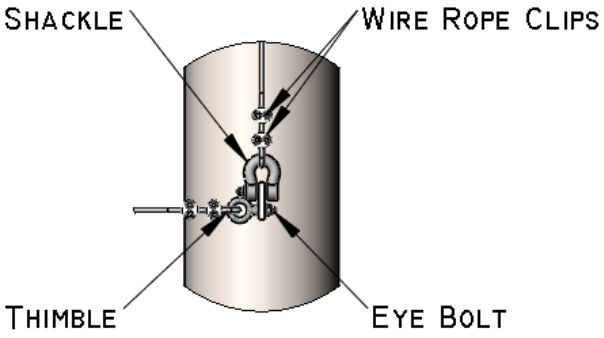

Figure 6

d) Vertical cables (1/4" DIA) can be done the same way as the tensioned cables, with a 1/2" x 9" turnbuckle at the top of the pole (Figure 7) and a heavy-duty shackle at the bottom of the pole (Figure 9). Make sure to thread the vertical cables through the guide tube (Figure 8).

171

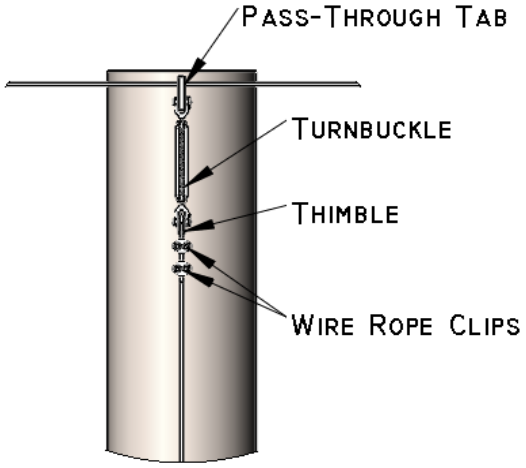

Figure 7

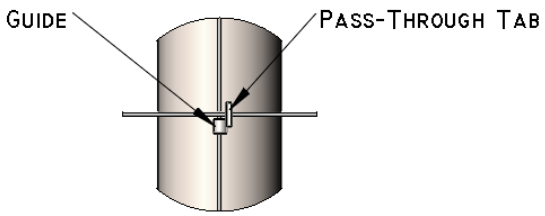

Figure 8

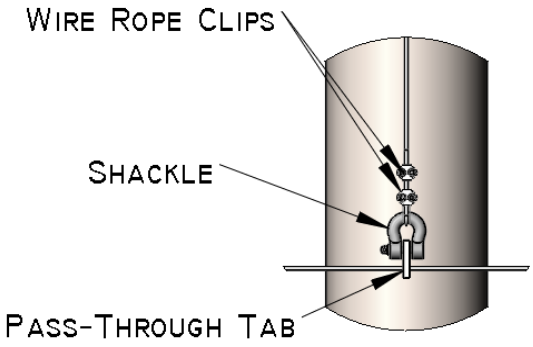

Figure 9

e) Once all of the cables have been mounted on the poles, tension the horizontal and vertical cables with the turnbuckles. Do not tighten turnbuckles so much that the poles themselves deflect.

f) Now the nets can be hung from the assembled cables. Using the zip-ties, pull the net to the top, each side cable, the remaining horizontal cables and then the bottom cable. Finally, the net can be secured to the cables using the supplied braided rope, looping through each square of the net binding and around the cable (Figure 10). For Ultra Cross netting systems, it's important to leave excess material along the net perimeter (i.e. no short tag ends and a minimum of one extra square) so that the net intersection doesn't fail prematurely.

Figure 10

SSI tension netting system poles are designed to strength, not deflection. As a result, some deflection will occur during installation and should be considered normal. Deflection may also be evident in calm conditions, particularly on the outer most poles of a given tension netting system.

173

CITY OF ROCKWALL

ORDINANCE NO. 19-XX

SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *PRIVATE SPORTS ARENA, STADIUM, OR TRACK* IN A COMMERCIAL (C) DISTRICT, SITUATED ON A 35.295-ACRE PARCEL OF LAND, IDENTIFIED AS LOT 1, BLOCK A, ROCKWALL HIGH SCHOOL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Jeff Breese of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) to allow a *private sports arena, stadium, or track* in a Commercial (C) District on a 35.295-acre parcel of land being described as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

SECTION 1. That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *private sports arena, stadium, or track* as stipulated by Section 1, *Land Use Schedule,* of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*], on the *Subject Property*; and,

SECTION 2. That the Specific Use Permit (SUP) shall be subject to the requirements set forth in Subsection 4.4*, Commercial (C) District,* of Section 4*, Commercial Districts,* and Subsection 6.06, *IH-30 Overlay (IH-30 OV) District,* of Section 6, *Overlay Districts*, of Article V*, District Development Standards,* of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the following:

DRAFT 2019

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *private sports arena, stadium, or track* on the *Subject Property* and conformance to these stipulations is required for continued operations:

1) The *private sports arena, stadium, or track* shall generally conform to the concept plan, photometric plan, and building elevations depicted in *Exhibits 'B'*, *'C'* and *'D'* of this ordinance;

2) The light poles shall not exceed 40-feet in height.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 1st DAY OF APRIL, 2019.

CASE NUMBER:	P2019-008; *Lots 1 & 2, Block A, N. E. & J. O. Addition*

SUMMARY

Hold a public hearing to discuss and consider a request by Kevin Osornio on behalf of Jeaniffer Osornio for the approval of a replat for Lots 1 & 2, Block A, N. E. & J.O. Addition being a 0.46-acre parcel of land identified as Lot 2, Block A, Sanger Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Neighborhood Overlay (SOV) District, addressed as 705 Peters Colony, and take any action necessary.

PLAT INFORMATION

☑ The applicant is requesting to replat a 0.46-acre parcel of land for the purpose of subdividing one (1) lot (*i.e. Lot 2, Block A, Sanger Addition*) into two (2) lots (*i.e. Lots 1 & 2, Block A, N. E. & J. O. Addition*) in order to construct single-family homes on Lots 1 & 2. The subject property was annexed prior to 1959, is situated within the Southside Residential Neighborhood Overlay (SOV) District, and is zoned Single-Family 7 (SF-7) District.

☑ On March 5, 2019, the Parks and Recreation Board reviewed the proposed *replat* and made the following recommendations:

1) The developer shall pay pro-rata equipment fees for Park District No. 21 in the amount of $516.00 for Lot 2. This will need to be paid at time of final plat and is subject to change pending the City Council's adoption of the 2019 fees; and

2) The developer shall pay cash-in-lieu of land fees for Park District No. 21 in the amount of $416.00 for Lot 2. This will need to be paid at time of final plat and is subject to change pending the City Council's adoption of the 2019 fees.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

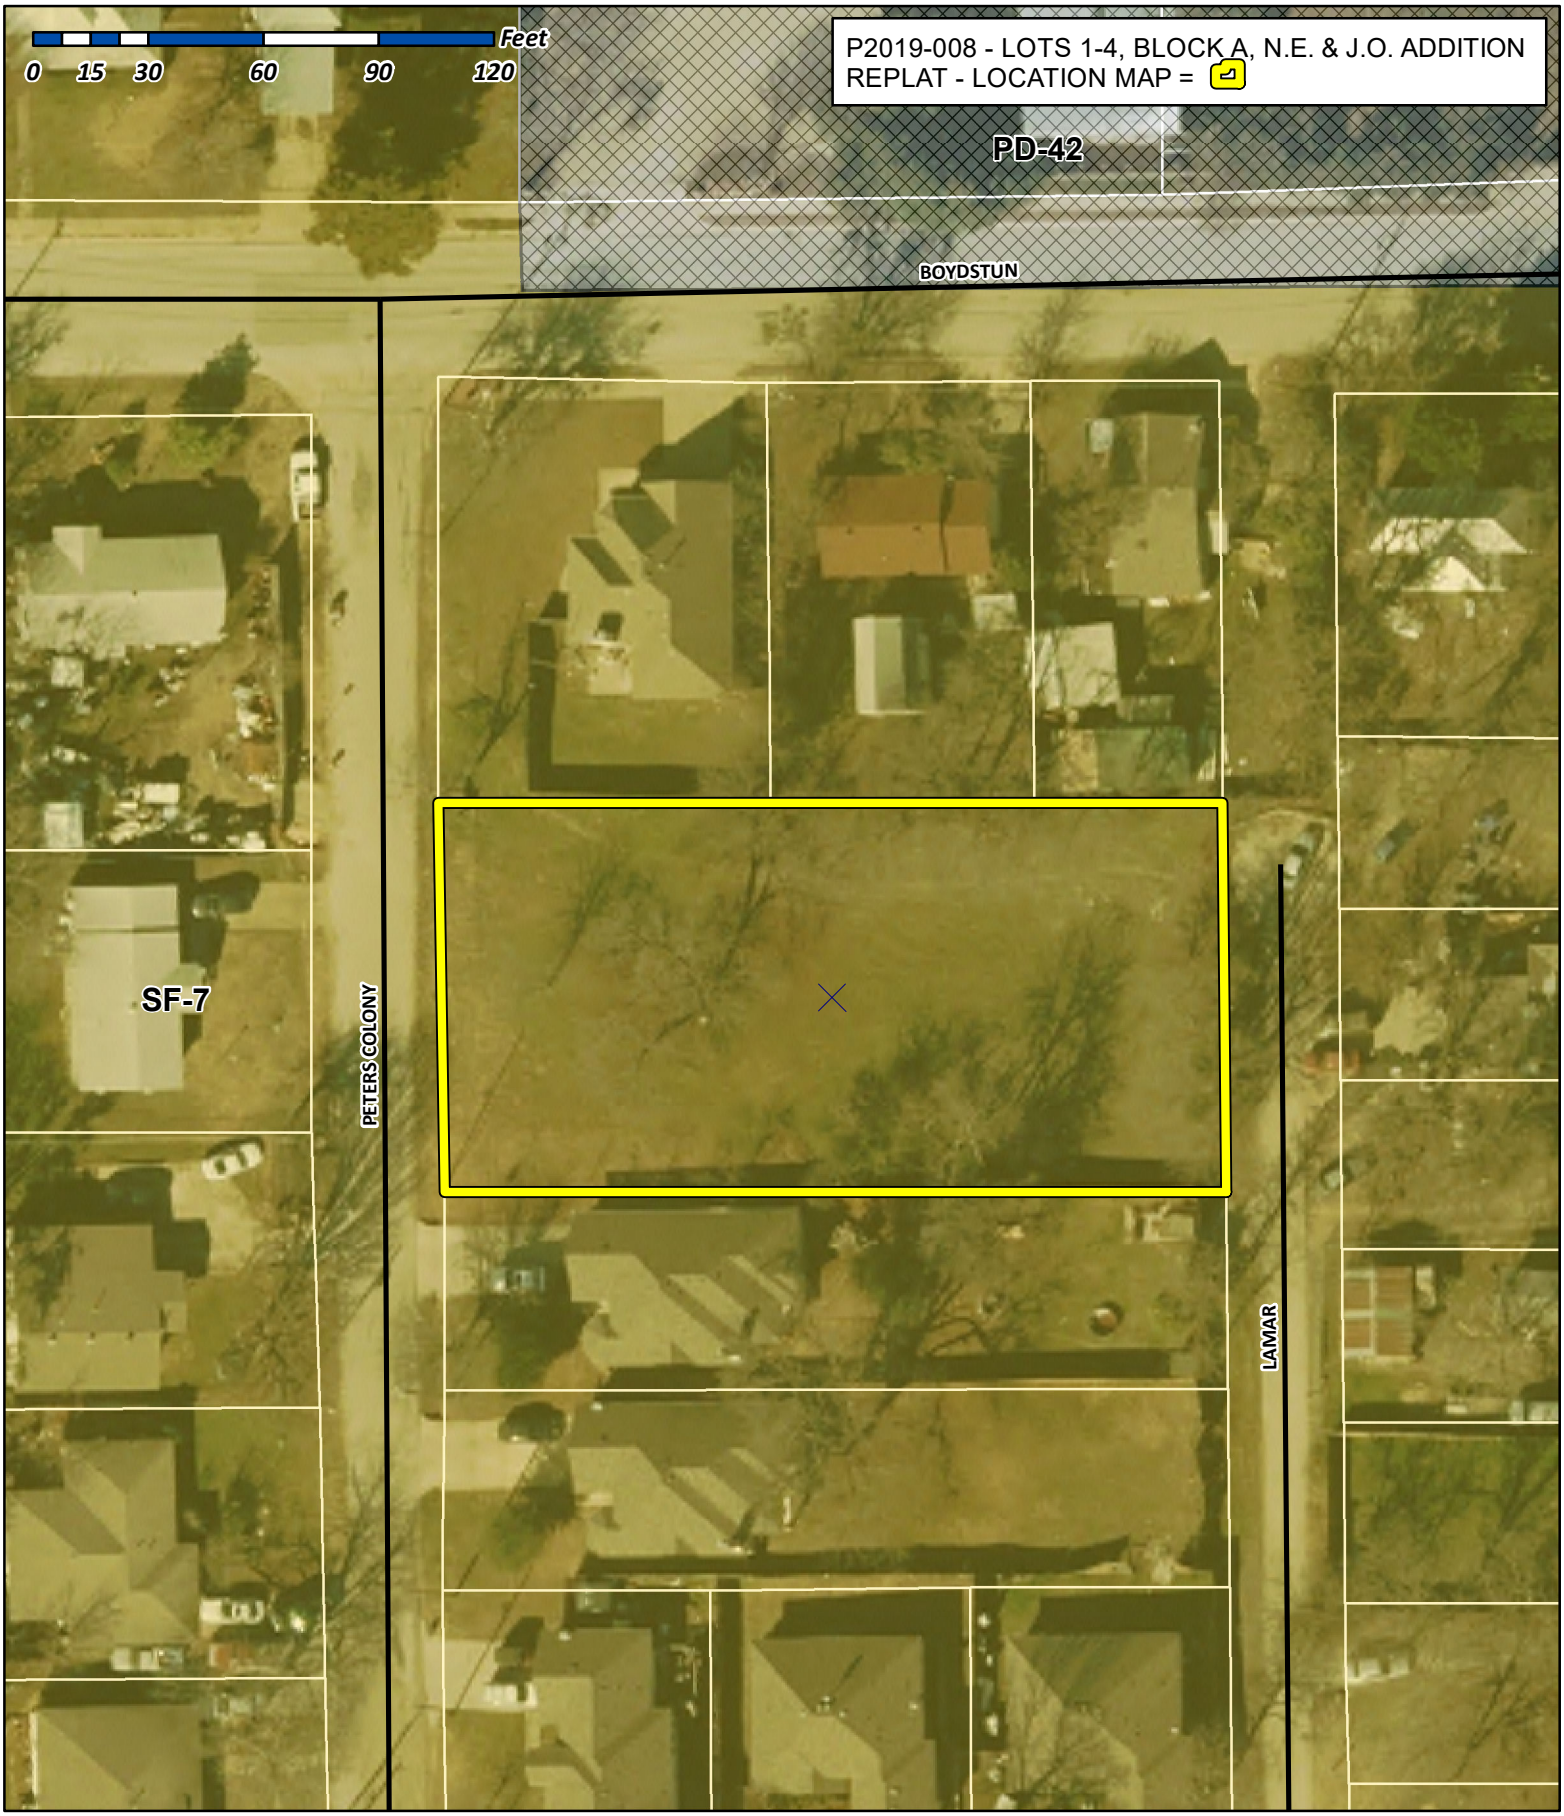
NOTIFICATIONS

On February 22, 2019, staff mailed notifications to 39 property owners/residents within 200-feet of the subject property in accordance with the requirements as stipulated by Texas Local Government Code for residential replats. At the time this report was written, staff had not received any notices concerning this case.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the replat for *Lots 1 & 2, Block A, N. E. & J. O. Addition*, staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;



(2) The developer shall be responsible for new water and sewer connections, which may include pavement removal and replacement along Peters Colony;

(3) The developer shall be assessed impact fees for extra water and sewer connections for Lot 2; and

(4) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 18, 2019, the Planning and Zoning Commission's motion to recommend approval of the replat with staff's Conditions of Approval passed by a vote of 4-0 with Chairman Lyons and Commissioners Logan and Moeller absent.

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS JEANIFFER OSORNIO and NOHEMA ESTRADA, BEING THE OWNER OF A TRACT of land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING all of Lot 2, Block A, Sanger Brothers Addition, an Addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Volume Q, Page 100 of the Deed Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner at the northwest corner of Lot 2, and the southwest corner of Lot 1 and being in the east right-of-way line of Peters Colony Street;

THENCE S. 89 deg. 17 min. 19 sec. E. along the common line of Lot 1 and 2, a distance of 200.00 feet to a 1/2" iron rod found for corner at the northeast corner of Lots 2 and being in the west right-of-way of Lamar Street;

THENCE S. 00 deg. 40 min. 26 sec. W. along said right-of-way line, a distance of 100.00 feet to a 1/2" iron rod found for corner at the southeast corner of Lot 2 and northeast corner of Lot 3;

THENCE N. 89 deg. 17 min. 19 sec. W. along the common line between Lot 2 and Lot 3, a distance of 200.00 feet to a 1/2" iron rod found for corner in the east right-of-way line of Peters Colony Street;

THENCE N. 00 deg. 40 min. 26 sec. E. along said right-of-way line, a distance of 100.00 feet to the POINT OF BEGINNING and containing 20,000 square feet or 0.46 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as N.E. & J. O. ADDITION, LOTS 1 & 2, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in N.E. & J. O. ADDITION, LOTS 1 & 2, BLOCK A, have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **March 15, 2019**

SUBJECT: **Household Hazardous Waste Collection Agreement**

For the past 19 years the City has contracted with a company to manage our single-day household hazardous waste collection event. This has worked well and took tremendous quantities of these materials out of the waste stream in a safe and cost-effective manner. The chief complaints about the event were the long waits – often 2+ hours in line, and a need for an alternative if the resident was out of town on the day. Unfortunately all we could say was hang on to the items until next year. HHW day 2018 had lines all day, with long waits and people still in line an hour past closing time. When the contractor submitted their invoice they informed staff that they had not raised their rate to us in ten-years and needed to immediately do so. The price would have escalated from about $108,000 that we've paid for many years to $170,000 for the day's collection. This doesn't include the costs of staffing, e-waste disposal, and paper shredding.

With the price escalation and an inability to fix the chief two complaints we studied alternatives to the program.

HHW Solutions is a company which provides curb-side or porch pickup of household hazardous waste for several communities around the Metroplex. The company was founded by two former waste company executives who saw an unmet need with communities looking for a means to deal with the collection and disposal of products such as paints, lawn chemicals, pool chemicals, batteries and other such items regularly found in households. Mr. Dick Demien will be at the Council meeting to represent the company and explain in more detail their approach.

HHW Solutions has proposed to provide curb-side collection to residential properties on as much as a monthly basis. They provide an online solution and phone number for the resident to schedule a pickup when they are ready to dispose of items. They will have a designated HHW pickup day in Rockwall – we are working on that being Wednesday, which is not a Republic collection day, so the items won't be confused with those set out for regular trash days. They will set a limit on the number of households which can be collected on the next scheduled day. When the list is full the resident will go on the next week's list. Either way the resident will be

instructed which day to put out their items and how to do so. They will collect e-waste in the same manner.

HHW Solutions will also place a container at our Service Center to collect up to 1,000 tires per year. Residents will be able to bring those to the location for proper disposal. They will also sponsor two shredding events per year for us.

HHW Solutions will charge the City 99 cents per household per month. The City will provide the house count based on the number that we bill for garbage the previous month. We've been assessing 70 cents per month per resident for many years. We've collected $56,000 so far this budget year which can be applied to the cost difference for the remainder of the calendar year. We will pay HHW Solutions 99 cents per household and continue to charge residents 70 cents per month until the next rate adjustment period.

The contract is being reviewed by City Attorney, Frank Garza at this time. If Council desires to move ahead with this program then the authorization for the City Manager should be to finalize contract language and execute the agreement. Upon execution HHW Solutions will complete a notification process to the TCEQ which takes about 45 days and then we can begin the service.

192

NON-EXCLUSIVE AGREEMENT
FOR THE COLLECTION, HAULING, RECYCLING AND DISPOSAL OF
HOUSEHOLD HAZARDOUS WASTE
IN THE CITY OF ROCKWALL, TEXAS

STATE OF TEXAS

COUNTY OF ROCKWALL

THIS NON-EXCLUSIVE AGREEMENT (this "Agreement") is made and entered into as of _____, 2019, by and between Doliver Enterprises, LLC., a Texas Corporation, dba HHW Solutions (the "Service Provider"), and the City of Rockwall, Texas (the "City").

WHEREAS, the City, subject to the terms and conditions set forth herein and the ordinances and regulations of the City, desires to grant to the Service Provider the exclusive license and privilege to collect, haul and recycle or dispose of Household Hazardous Waste (as such terms are defined herein) within the City's corporate limits.

NOW, THEREFORE, in consideration of the premises and the mutual promises, covenants and agreements set forth herein, the Service Provider and the City hereby agree as follows:

SECTION 1. DEFINED TERMS.

The following terms, as used herein, will be defined as follows:

Aggregate - The act of bringing together household hazardous waste that, after being separated from other household waste, is collected from two or more households and accumulated at a collection event, permanent collection center, point of generation pick-up service, mobile collection unit, or transporter's facility for the purpose of reusing, recycling, or disposing the material.

Business Day - Any day that is not a Saturday, a Sunday, or other day on which banks are required or authorized by law to be closed in the City.

Collector - Any person who accepts from two or more households any waste materials that have been separated from other household waste and offered to the collector because the generator either knows or considers the materials to be household hazardous waste.

Hazardous Waste - Waste identified or listed as a hazardous waste by the administrator of the United States Environmental Protection Agency (EPA) under the federal Solid Waste Disposal Act *as* amended by the Resource Conservation and Recovery Act of 1976, as amended, or so classified by any federal or State of Texas statute, rule, order or regulation.

Holidays - The following days:

(1) New Yeats Day (January 1st)
(2) Memorial Day
(3) Independence Day (July 4th)
(4) Labor Day
(5) *Thanksgiving* Day
(6) Christmas Day (December 25th).

Household Hazardous Waste - Any solid waste generated in a household by a consumer which, except for the exclusion provided in 40 Code of Federal Regulations (CFR) §261.4 (b) (1), would be classified as a hazardous waste under 40 CFR Part 261. The term has the same meaning as "hazardous household waste.

Household Hazardous waste processing, storage or disposal facility - A hazardous waste processing, storage, or disposal facility that has received a United States Environmental Protection Agency (EPA) permit (or a facility with interim status) in accordance with the requirements of 40 Code of Federal Regulations (CFR) Parts 270 and 124, or that has received a permit from a state authorized in accordance with 40 CFR Part 271.

Landfill - Any facility or area of land receiving Municipal Solid Waste or Construction and Demolition Waste and operating under the regulation and authority of the Texas Commission on Environmental Quality (TCEQ) within the State of Texas, or the appropriate governing agency for landfills located outside the State of Texas.

Mobile collection unit - A vehicle (such as a truck or trailer) that is used to aggregate household *waste* materials delivered by the public prior to transporting the material to a permanent collection center, collection event, or registered hazardous waste transporter facility.

Operator - A person responsible for the collection, aggregation and storage of household hazardous waste and household materials at a collection event or permanent collection center, in a point of generation pick-up service or mobile collection unit, or in any combination of collection programs.

Personnel - All individuals who perform tasks at or oversee the operations of a collection event, permanent collection center, mobile collection unit, or point of generation pick-up service.

Point of generation pick-up service - A service to collect household hazardous waste at generating households through direct contact with the generators or by collection of household hazardous waste left either at curbside or in another location at the household.

Residential Unit - Any residential dwelling that is either a Single-Family Residential Units or a Multi-Family Residential Units such as a duplex. Excluding Multi-family dwellings such as apartments, townhouses, or hi rise units.

Single-Family Residential Unit - Any residential dwelling that is designed for, and inhabited by, a single person or family unit and that generates and accumulates Household Hazardous Waste.

SECTION 2. OPERATIONS.

A. Scope of Operations. It is expressly understood and agreed that the Service Provider will collect, haul and recycle or dispose of all Household Hazardous Waste (i) generated and accumulated by Residential Units, and (ii) placed for collections by those Residential Units receiving the services of the Service Provider all within the City's corporate limits, including any territories annexed by the City during the term of this Agreement (the Services).

B. Nature of Operations. The City hereby grants to the Service Provider, in accordance with the City's ordinances and regulations governing the collection, hauling and recycling or disposal of Household Hazardous Waste, the title to all Household Hazardous Waste collected, hauled and recycled or disposed of by the Service Provider over, upon, along and across the City's present and future streets, alleys, bridges and public properties. All title to and liability for materials excluded from this Agreement shall remain with the generator of such materials.

SECTION 3. SINGLE·FAMILY RESIDENTIAL UNIT COLLECTIONS.

A. Single-Family Residential Units. The Service Provider will collect Household Hazardous Waste from Single-Family Residential Units once per month; provided that (i) such Household Hazardous Waste items are placed within five (5) feet of the curbside or right of way adjacent to the Single-Family Residential Unit no later than 8:00 a.m. on the scheduled collection day.

Collections will also be made closer to the Residential Unit such as at the doorstep or driveway adjacent to the Unit.

B. Materials accepted include the following:
- Aerosol products
- Ammunition, explosives or fireworks
- Antifreeze
- Auto fluids
- Ballasts (non-PCB & PCB)
- Batteries - auto, sump, power tool & household sizes
- Blacktop sealer - oil based
- Cleaning products
- Cooking Oil
- Fire Extinguishers
- Fluorescent bulbs (tubes and CFLs)
- Gasoline & oil/gas mixtures
- HID (headlight bulbs)
- Hobby & photo chemicals
- Lawn chemicals
- Mercury containing Devices (thermostats, etc.)
- Motor oil
- Oxygen tanks
- Paint (Oil-based paints, stains, varnishes; and Latex Paint)
- Pharmaceuticals/medications
- Pool chemicals 160 3
- Propane tanks • Resins, Glues, Adhesives
- Smoke Detectors
- Solvents
- E-Waste

Items not accepted include the following:
- Acetylene cylinders
- Biological or medical waste
- Business generated waste
- Foam cylinders (Part A/Part B)
- MAPP gases
- Radioactive Material
- Syringes/needles
- Farm machinery oil

Item limits per collection per month:
- Fluorescent light bulbs: Minimum 1, Maximum 8
- Used motor oils or antifreeze: Minimum 1 gallon, Maximum 2 gallons
- Paints and supplies; Pool & Household Chemicals: Minimum 1 gallons, Maximum 4 gallons
- Household Cleaners; Pesticides & Fertilizers: Minimum 1 items, Maximum 8 items
- Household Batteries: Minimum 1; Maximum 20

Year Round Scrap Tire Container
- Container to be placed at City facility
- Tires only, wheels and rims must be removed
- Annual maximum of 1000 tires

Two Paper Shredding Events per Year
- Each event consists of two shred trucks
- Events last four hours or until trucks are full
- Event to occur at a City facility

SECTION 4. RATES AND FEES.

Subject to adjustment, as provided in Section *5* hereof, the rates and fees to be charged and received by the Service Provider are as follows:

A. Single-Family Residential Unit Services. For the Services provided to Single-Family Residential Units under Section 4.A. hereof, the Service Provider shall charge:

1. $0.99 per month for each Single-Family Residential Unit.

These rates apply to all Single Family Residential Units that are located within the City's corporate limits and billed by the City for water and sewer services.

SECTION 5. RATE ADJUSTMENT.

A. CPI-U Adjustment. Rate adjustment shall be considered by the City to be effective January 1st of the contract year following the first full year of the initial contract. On January 1st of this Agreement, the Service Provider shall have the right, and upon giving 60 days prior written notice to the City, to increase or decrease the rates set forth in Section 4 hereof (the "Initial Rates") in accordance with the CPI-U. As used herein, “CPI-U" shall mean the revised Consumer Price Index rate for all urban consumers (all items included) for the nearest available metropolitan area, based on the latest available figures from the Department of Labor's Bureau of Labor Statistics (the "Bureau"). The CPI-U used will be the CPI-U published by the Bureau during the month ninety (90) days preceding the adjustment under this Section 5A. The amount of the increase or decrease under this Section 5A shall be equal to the percentage that the CPI-U has increased or decreased over the previous twelve (12) month period.

SECTION 6. EXCLUSIONS.

Notwithstanding anything to the contrary contained herein, this Agreement shall not cover the collection, hauling, recycling or disposal of any Non-Hazardous Solid Waste, animal or human, dead animals, auto parts or used tires from any Residential Unit.

SECTION 7. TERM OF AGREEMENT.

The term of this Agreement shall be for a period of five (5) years, commencing on _____, 2019 and concluding on _____, 2024. At the expiration of the term of this Agreement, the Agreement may be renewed with mutually agreed upon terms of both parties.

SECTION 8. ASSIGNMENT.

This Agreement shall not be assignable or otherwise transferable by the Service Provider without the prior written consent of the City; provided however that the Service Provider may assign this Agreement to any direct or indirect affiliate or subsidiary of the Service Provider or to any person or entity succeeding to all or substantially all of the Service Provider's assets (whether by operation of law, merger, consolidation or otherwise) without the City's consent.

SECTION *9.* PROCESSING, BILLING AND FEES.

A. Billings for Single-Family Residential Unit Services. On a monthly basis, the City agrees to bill and collect the rates and fees charged under Section 4A. hereto from all Single-Family Residential Units possessing active water meters within the City’s corporate limits, as well as from all other Single-Family Residential Units requiring the collection, hauling, recycling and disposal of Household Hazardous Waste within the City's corporate limits (the Residential Billing) plus any applicable sales, use or services taxes assessed or payable in connection with the Services provided hereunder.

B. Taxes. The City will be responsible to collect any applicable sales taxes that result in the execution of this contract.

SECTION 10. HOURS OF SERVICE.

For all the Services provided hereunder, the Service Provider's hours of service shall be between 8:00 a.m. to 6:00 p.m., Monday through Friday. The Service Provider will not be required to provide service on weekends or Holidays except during natural disasters or emergencies, and may, at its sole discretion, observe Holidays during the term of this Agreement; provided however, that the Service Provider shall provide such services on the immediately following business day. Collection will occur on the same day of the week throughout the year unless Service is affected by Holiday then Service Provider must designate an alternate day of that week.

SECTION 11. CUSTOMER SERVICE.

The Service Provider agrees to field all inquiries from Residential Units relating to the collection, hauling, recycling and disposal of Household Hazardous Waste. The Service Provider and the City agree to cooperate with each other in the response to any such inquiries and the resolution of any such complaints. Service Provider shall provide means for residents to call or use the Service Provider's portal to self-schedule a pick up for HHW and/or E-Waste items.

SECTION 12. COMPLIANCE WITH APPLICABLE LAWS.

The Service Provider shall comply with all applicable federal and state laws regarding the collection, hauling, recycling and disposal of Household Hazardous Waste, including existing and future laws that may be enacted, as well as any regulations reasonably passed by the City that are not in derogation of this Agreement. Nothing in this Agreement shall be construed in any manner to abridge the City's right to pass or enforce necessary police and health regulations for the reasonable protection of its inhabitants. The City shall have the right to make reasonable inspections of the Service Provider in order to insure compliance with this Section 12.

SECTION 13. DUE CARE.

The Service Provider shall exercise due care and caution in providing the Services so that the City's public and private property, including streets and parking areas, will be protected and preserved.

SECTION 14. PERSONNEL AND PERFORANCE STANDARDS.

The Service Provider shall not deny employment to any person on the basis of race, creed or religion, and will insure that all federal and state laws pertaining to salaries, wages and operating requirements are met or exceeded. The Service Provider, its agents, servants and employees shall perform the Services in a courteous, competent and professional manner. During the term of this Agreement and any extension thereof: the Service Provider shall be responsible for the actions of its agents, servants and employees while such agents, servants and employees are acting within the scope of their employment or agency.

SECTION 15. INSURANCE COVERAGE AND BONDS.

Pursuant to this Agreement, the Service Provider shall carry the following types of insurance in an amount equal to or exceeding the limits specified below:

Coverages:
(1) Worker's Compensation
(2) Employer1s Liability
(3) Commercial General Liability

Limits of Liability
Statutory
$1,000,000
$1,000,000 per occurrence,
$2,000,000 in the aggregate,

(4) Automobile Liability
Combined single limit for Bodily Injury and Property Damage Liability
$1,000,000 per occurrence combined single limit for Bodily Injury and Property Damage Liability

The City shall be named as an additional insured on all the above coverages with the exception of workers compensation insurance. To the extent permitted by law, any or all of the insurance coverage required by this Section 15 may be provided under a plan(s) of self-insurance, including coverage provided by the Service Provider's parent corporation. Upon the City's request, the Service Provider shall furnish the City with a certificate of insurance verifying the insurance coverage required by this Section 15.

SECURITY FOR FAITHFUL PERFORMANCE

Service Provider will be required to furnish a performance bond as security for the faithful performance of this Contract. Said performance bond must be in an amount equal to One Hundred and Fifty Thousand Dollars ($150,000) for the contract term. The Service Provider shall pay bond premium as described. A certificate from the surety showing that the bond premiums are paid in full shall accompany the bond. Such certificate shall be submitted to the City with the bond on an annual basis. The surety on the bond shall be a duly authorized corporate surety authorized to do business in the State of Texas.

SECTION 16. INDEMNITY.

To the extent covered by applicable insurance, the Service Provider assumes all risks of loss or injury to property or persons caused by its performance of the Services. The Service Provider agrees to indemnify and hold harmless the City and its agents, directors, employees, officers and servants from and against any and all suits, actions, legal proceedings, claims, demands, damages, cost's, liabilities, losses or expenses (including, but not limited to, reasonable attorneys' fees) caused by a willful or negligent act or omission of the Service Provider, its officers and employees. However, the Service Provider shall not be liable for any legal proceedings, claims, demands, damages, costs, expenses and attorneys' fees caused by a willful or negligent act or omission of the City, its agents, directors, employees, officers and servants.

SECTION 17. SAVINGS PROVISION.

In the event that any term or provision of this Agreement shall be determined by a court of competent jurisdiction to be invalid or unenforceable, this Agreement shall, to the extent reasonably possible, remain in force as to the balance of its terms and provisions as if such invalid term or provision were not a part hereof.

SECTION 18. TERMINATION.

Any failure by either party or its successors and assigns to observe the terms and conditions of this Agreement shall, if continuing or persisting without remedy for more than thirty (30) days after the receipt of due written notice from the other party, constitute grounds for forfeiture and immediate termination of all the defaulting party's rights under this Agreement, and all such rights shall become null and void.

SECTION 19. FORCE MAJEURE.

The performance of this Agreement may be suspended and the obligations hereunder excused in the event and during the period that such performance is prevented by a cause or causes beyond reasonable control of such party. The performance of this Agreement will be suspended and the obligations hereunder excused only until the condition preventing performance is remedied. Such conditions shall include but not be limited to, *acts of God, acts of war, accident, explosion, fire, flood, riot, sabotage, acts of terrorists, unusually severe weather, lack of adequate fuel or judicial or governmental laws or regulations.*

SECTION 20. GOVERNING LAW.

This Agreement shall be governed in all respects including as to validity, interpretation and effect, by the internal laws of the State of Texas, without giving effect to the conflict of laws rules thereof. The parties hereby irrevocably submit to the jurisdiction of the courts of the State of Texas and the Federal courts of the United States located in the State of Texas, solely in respect of the interpretation and enforcement of the provisions of this Agreement, and hereby waive, and agree not to assert as a defense in any action. suit or proceeding for the interpretation or enforcement hereof: that it is not subject thereto or that such action suit or proceeding may not be brought or is not maintainable in said courts or that the venue thereof may not be appropriate or that this Agreement may be enforced in or by said courts, and the parties hereto irrevocably agree that all claims with respect to such action or proceeding shall be heard and determined in such a Texas State or Federal court. The parties hereby consent to and grant any such court jurisdiction over the person of such parties and over the subject matter of any such dispute and agree that mailing of process or other papers in connection with any such action or proceeding to the addresses of the parties listed below, or in such other manner as may be permitted by law, shall be valid and sufficient service thereof.

SECTION 21. NOTICES.

Any notices required or permitted to be delivered hereunder shall be in writing and shall be deemed to be delivered when deposited in the United States mail, postage prepaid- certified mail, return receipt requested, addressed to the respective party at the address set forth below.

If to the City:

CITY OF ROCKWALL

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
CC:	Rick Crowley, *City Manager* Mary Smith, *Assistant City Manager* Joey Boyd, *Assistant City Manager*
FROM:	Ryan Miller, *Director of Planning and Zoning*
DATE:	March 18, 2019
SUBJECT:	IH-30 Commercial Corridor Planning Study Work Session

At the February 19, 2019 City Council Work Session Meeting, the City Council directed staff to prioritize the strategies listed in the IH-30 Commercial Corridor Planning Study based on the corridor zone that the strategy was intended to support. In response to this direction, staff has prepared several maps that summarize and prioritize the strategies for each of the targeted corridor zones. In prioritizing each strategy, staff took into account [*1*] the estimated costs of the strategy, [*2*] the time needed to implement the strategy, and [*3*] the perceived impact of the strategy.

The following are the priorities identified for each of the targeted zones. Strategies in *RED* indicate strategies that may not be appropriate for the City of Rockwall; however, all strategies would be at the discretion of the City Council. For a more detailed description of each of these strategies please review the language provided in Chapter 6, *Corridor Strategies & Implementation Plan*, of the IH-30 Commercial Corridor Planning Study.

ALL ZONES

(1) Inconsistent zoning requests.
(2) Limit single use, big-box development.
(3) Adopt policies targeted at supporting small businesses.
(4) Revamp the City's parking standards.
(5) Work with the Texas Department of Transportation (TXDOT).
(6) Work with the REDC and Chamber of Commerce to coordinate business recruitment and retention efforts.
(7) Actively market the corridor.
(8) Develop a position for business relation/retention in the corridor.
(9) Implement a corridor beautification strategy.
(10) Incentives.

TRANSITIONAL ZONES

(1) Prevent the oversaturation of certain land uses in the corridor.
(2) Inconsistent zoning requests.
(3) Discourage strip development.
(4) Limit single use, big-box development.
(5) Adaptive reuse ordinance or strategy.
(6) Adopt policies targeted at supporting small businesses.
(7) Revamp the City's parking standards.
(8) Existing building code.
(9) CIP projects.
(10) Demolition permit fee waiver.
(11) Work with the Texas Department of Transportation (TXDOT).
(12) Work with the REDC and Chamber of Commerce to coordinate business recruitment and retention efforts.
(13) Actively market the corridor.
(14) Develop a position for business relation/retention in the corridor.

202

(15) Implement a corridor beautification strategy.
(16) Incentives.

PRESERVATION ZONES

(1) Prevent the oversaturation of certain land uses in the corridor.
(2) Inconsistent zoning requests.
(3) Discourage strip development.
(4) Limit single use, big-box development.
(5) Adopt policies targeted at supporting small businesses.
(6) Adaptive reuse ordinance or strategy.
(7) Revamp the City's parking standards.
(8) CIP projects.
(9) Work with the Texas Department of Transportation (TXDOT).
(10) Work with the REDC and Chamber of Commerce to coordinate business recruitment and retention efforts.
(11) Actively market the corridor.
(12) Develop a position for business relation/retention in the corridor.
(13) Implement a corridor beautification strategy.
(14) Incentives.

OPPORTUNITY ZONES

(1) Inconsistent zoning requests.
(2) City initiated zoning.
(3) Residential density bonuses for projects that incorporate a mixture of land uses.
(4) Limit single use, big-box development.
(5) Promote the incorporation of open space in larger developments.
(6) Adopt policies targeted at supporting small businesses.
(7) Create a model zoning ordinance for regional mixed-use development.
(8) Revamp the City's parking standards.
(9) Small area plans.
(10) Work with the Texas Department of Transportation (TXDOT).
(11) Work with the REDC and Chamber of Commerce to coordinate business recruitment and retention efforts.
(12) Actively market the corridor.
(13) Develop a position for business relation/retention in the corridor.
(14) Implement a corridor beautification strategy.
(15) Incentives.

Based on the priorities listed above, staff is requesting that the City Council consider the information that has been provided and decide which strategies -- *if any* -- should be incorporated into departmental policies and the OURHometown Vision 2040 Comprehensive Plan. In addition, staff is requesting direction concerning the Planning Framework, which provided the following technical recommendations:

(1) Adoption of the corridor zones.
(2) Adoption of the strategically located properties and the potential regional development models.
(3) Adoption of the proposed monumentation locations.
(4) Changes to the Master Thoroughfare Plan.
(5) Changes to the Future Land Use Map (*this has already been adopted by the City Council with the Comprehensive Plan Update*).

All of the proposed changes would be incorporated into the OURHometown Vision 2040 Comprehensive Plan. Should the City Council have any questions staff will be available at the Work Session on *March 18, 2019*.

DEFENSIVE STRATEGIES

- **STRATEGY 1** PREVENT THE OVERSATURATION OF CERTAIN LAND USES IN THE CORRIDOR
- **STRATEGY 2** INCONSISTENT ZONING REQUESTS
- **STRATEGY 3** DISCOURAGE STRIP DEVELOPMENT
- **STRATEGY 4** LIMIT SINGLE USE, BIG-BOX DEVELOPMENT
- **STRATEGY 5** ADAPTIVE REUSE ORDINANCE OR STRATEGY
- **STRATEGY 6** PROMOTE THE INCORPORATION OF OPEN SPACE IN LARGER DEVELOPMENTS
- **STRATEGY 7** REVAMP THE CITY'S PARKING STANDARDS
- **STRATEGY 8** CREATE MODEL ZONING ORDINANCE FOR REGIONAL MIXED-USE DEVELOPMENT
- **STRATEGY 9** ADOPT POLICIES TARGETED AT SUPPORTING SMALL BUSINESSES
- **STRATEGY 10** RESIDENTIAL DENSITY BONUSES FOR PROJECTS THAT INCORPORATE A MIXTURE OF LAND USES
- **STRATEGY 11** ACTIVELY MARKET THE CORRIDOR
- **STRATEGY 12** WORK WITH THE REDC AND CHAMBER OF COMMERCE TO COORDINATE BUSINESS RECRUITMENT AND RETENTION EFFORTS
- **STRATEGY 13** WORK WITH TXDOT

OFFENSIVE STRATEGIES

- **STRATEGY 1** INCENTIVES
- **STRATEGY 2** SMALL AREA PLANS
- **STRATEGY 3** DEMOLITION PERMIT FEE WAIVER
- **STRATEGY 4** EXISTING BUILDING CODE
- **STRATEGY 5** CIP PROJECTS
- **STRATEGY 6** IMPLEMENT CORRIDOR BEAUTIFICATION STRATEGIES
- **STRATEGY 7** DEVELOP A POSITION FOR BUSINESS RELATION/RETENTION IN THE CORRIDOR
- **STRATEGY 8** CITY INITIATED ZONING OF THE CORRIDOR

AGENDA

ROCKWALL CITY COUNCIL REGULAR MEETING

Monday, April 01, 2019 - 4:00 PM

City Hall Council Chambers - 385 S. Goliad St., Rockwall, TX 75087

I. CALL PUBLIC MEETING TO ORDER

II. WORK SESSION

1. Hold a work session to hear and discuss an update by PROS Consulting regarding the city's athletic facility feasibility study.

III. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding legal issues pertaining to potential annexation pursuant to Section §551.071 (Attorney/Client Consultation).
2. Discussion regarding purchase, acquisition, abandonment, sale or lease of real property in the vicinity of Rockwall Municipal Airport and Downtown pursuant to Section §551.072 (Real Property) and Section §551.071 (Consultation with Attorney).
3. Discussion regarding Breezy Hill Road pursuant to § Section 551.071 (Consultation with Attorney)
4. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board (interviews) - pursuant to Section 551.074 (Personnel Matters)
5. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

IV. ADJOURN EXECUTIVE SESSION

V. RECONVENE PUBLIC MEETING (6:00 P.M.)

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – MAYOR PRUITT

VIII. PROCLAMATIONS

p.10 **1.** Child Abuse Awareness & Prevention Month

p.12 **2.** Public Water System Celebration Day

IX. OPEN FORUM

X. CONSENT AGENDA

p.14 **1.** Consider approval of the minutes from the March 18, 2019 regular city council meeting, and take any action necessary.

p.23 **2.** **Z2019-003** - Consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of an **ordinance** for a Specific Use Permit (SUP) for a Private Sports Arena, Stadium or Track on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary **(2nd Reading)**.

p.31 **3.** Consider approval of an **ordinance** establishing the speed limit along SH 205 as fifty miles per hour (50 mph) between MP .575 (north of FM 552/Dalton) and MP .837 (the City's corporate limits), and take any action necessary. **(2nd reading)**

p.34 **4.** Consider approval of the Professional Engineering Services Contract with Cardinal Strategies Engineering Services, LLC to provide professional engineering services for miscellaneous consulting on stormwater issues and floodplain impacts in the City of Rockwall, to be funded by the FY2019 Engineering Consulting Budget and developer reimbursements, and take any action necessary.

p.52 **5.** Consider awarding a bid to TexasBit and authorizing the City Manager to execute a Purchase Order for Asphalt Pavement Repairs for H Wallace Lane, Lofland Road and Police Building Parking Lot in the total amount of $402,730 to be funded by the FY2019 General Fund Streets Operations Budget, and take any action necessary.

p.54 **6.** Consider authorizing the City Manager to execute an agreement with NewEdge Services, LLC for the purchase, installation and support of new permitting, licensing, and land software, in the amount of $190,660 to be funded by the FY2019 Planning Department Budget, and take any action necessary.

p.94 **7.** Consider a recommendation of the City Council's Naming Subcommittee regarding approval of a resolution renaming South Nash Street, and take any action necessary.

p.98 **8.** **P2019-014** - Consider a request by Mike Whittle and Randall Noe of Rockwall Rental Properties, LLC for the approval of a replat for Lots 16 & 17, Block 2, Alliance Addition, Phase 2 being a 0.98-acre tract of land identified as Lots 14 & 15, Block 2, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6520 & 6530 Alliance Addition, and take any action necessary.

p.104 **9.** **P2019-015** - Consider a request by Matt Moore of Claymoore Engineering on behalf of Phil Wagner of the Rockwall Economic Development Corporation for the approval of a replat for Lot 4, Block E, Rockwall Technology Park Addition being a 3.634-acre parcel of land identified as Lot 1, Block E, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, located at the northwest corner of the intersection of Technology Way and Observation Trail, and take any action necessary.

p.110 **10. P2019-006** - Consider a request by Debora Allegranti of CBOCS Texas, LLC on behalf of Eric Borkenhagen of Kohls Illinois, Inc. for the approval of a replat for Lots 6 & 7, Market Center East Addition being a 9.012-acre tract of land identified as Lot 1, Market Center East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 823 & 845 E. IH-30, and take any action necessary.

p.116 **11.** Consider authorizing the City Manager to execute an agreement with Freese and Nichols, Inc. for the provision of professional services relating to a Roadway Impact Fee Update in the amount of $41,424 to be funded by the FY2019 Planning Department Budget, and take any action necessary.

XI. APPOINTMENT ITEMS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

p.127 **2.** Appointment with representatives of the Downtown Rockwall Association to discuss proposed event schedule and potential street closures in downtown, and take any action necessary.

p.149 **3.** Appointment with the city's ART Commission Chairman to review artist's design for the public art fiberglass guitar project, and take any action necessary.

XII. PUBLIC HEARING ITEMS

p.158 **1.** Hold a public hearing to discuss and consider an **ordinance** amending the Code or Ordinances in Ch. 44. Utilities; Article V. Water; Division 6. "Water Conservation" for the purpose of adopting a new Water Conservation Plan for the City, and take any action necessary. (**1st reading)**

p.219 **2.** Hold a public hearing to discuss and consider an **ordinance** amending the Code or Ordinances in Ch. 44. Utilities; Article V. Water; Division 7. "Drought Contingency & Water Emergency Response Plan" for the purpose of repealing it and adopting the "Water Resource and Emergency Management Plan" for the city, and take any action necessary. (**1st reading)**

XIII. ACTION ITEMS

p.252 **1.** Discuss and consider the overall concept plan and proposed Phase I of the Harbor Urban Beach Park, and take any action necessary.

p.288 **2.** Discuss and consider authorizing the City Manager to execute an agreement with Doliver Enterprises LLC dba HHW Solutions for the collection and disposal of household hazardous waste, and take any action necessary.

p.302 **3.** Discuss and consider Shores Park crosswalk assessment study, and take any action necessary.

p.309 **4.** Discuss and consider recommendations from the Council's Hotel Occupancy Tax Funding (HOT) Subcommittee, and take any action necessary.

p.334 **5.** Discuss and consider adoption of resolutions related to HB3535 / SB1152 and related to HB2439 / SB1266 and other legislative matters, and take any action necessary.

XIV. CITY MANAGER'S REPORT, DEPARTMENTAL REPORTS AND RELATED DISCUSSIONS PERTAINING TO CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports

p.339 Fire Department Monthly Report - February 2019
p.346 GIS Monthly Report - February 2019
p.348 Harbor PD Monthly Report - February 2019
p.350 Internal Operations Department Monthly Report - February 2019

p.370 STAR Transit Monthly Report - February 2019

2. City Manager's Report

XV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding legal issues pertaining to potential annexation pursuant to Section §551.071 (Attorney/Client Consultation).
2. Discussion regarding purchase, acquisition, abandonment, sale or lease of real property in the vicinity of Rockwall Municipal Airport and Downtown pursuant to Section §551.072 (Real Property) and Section §551.071 (Consultation with Attorney).
3. Discussion regarding Breezy Hill Road pursuant to § Section 551.071 (Consultation with Attorney)
4. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board (interviews) - pursuant to Section 551.074 (Personnel Matters)
5. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

XVI. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

XVII. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.

The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.087 (Economic Development)

I, Kristy Cole, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 29th day of March, 2019 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

_____ _____

Kristy Cole, City Secretary
or Margaret Delaney, Asst. to the City Sect.

Date Removed

Rockwall, Texas

Proclamation

Whereas, child abuse and neglect is a serious problem that affects every segment of our community, causing psychological, emotional and physical impacts that can have lifelong consequences for victims of abuse; and

Whereas, such atrocities not only directly harm children but also increase the likelihood of criminal behavior, substance abuse, health problems such as heart disease and obesity, as well as risky behavior such as smoking; and

Whereas, effective child abuse prevention is cultivated by meaningful connections and partnerships between child welfare, education, health, community and faith-based organizations, businesses and law enforcement agencies; and

Whereas, the Child Advocacy Center of Rockwall County provides a multi-agency coordinated approach to the investigation, prosecution, and treatment of child abuse victims while providing a safe, child-friendly environment to more effectively seek justice and promote healing for Rockwall County's most vulnerable citizens; and

Whereas, Court Appointed Special Advocates - CASA volunteers - are assigned by the court to speak on behalf of a child's best interests, serving as a voice to ensure that children have the opportunity to grow up in a safe, loving, permanent home; and

Whereas, the Rainbow Room is an emergency item resource center for abused children in the CPS system and is accessible 24-hours a day, 7 days a week to provide clothing, shoes and toys to children who need extra support.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, Texas, do hereby proclaim **APRIL 2019** as

CHILD ABUSE AWARENESS AND PREVENTION MONTH

in the City of Rockwall and encourage all citizens to work together to promote awareness while taking meaningful actions that benefit children and families in our community.

In Witness Whereof, I hereunto set my hand and official seal this 1st day of April, 2019.

Jim Pruitt, Mayor

Rockwall, Texas

Proclamation

Whereas, staff members in the City of Rockwall's Water Department plan and execute processes and procedures in order to provide superior water to benefit the health and wellbeing of the residents; and

Whereas, once every three years, the Texas Commission on Environmental Quality (TCEQ) conducts an in-depth inspection of our city's local water system, including facilities, maintenance, recordkeeping, and other areas that are vital to ensure the highest quality of water for Rockwall residents; and

Whereas, the TCEQ's inspection consists of 27 items, and no violations were found during the city's most recent inspection of the Rockwall water system, which was completed last month in March; and

Whereas, the City of Rockwall has consistently maintained a "superior" water rating in the State of Texas since 2007; and

Whereas, the recent TCEQ inspector provided positive feedback, including the following comments: "I wish every system maintained records as well as Rockwall does," and "Rockwall has one of the best Nitrification Plans I have seen;" and

Whereas, with volumes of regulations applicable to public water systems, the accomplishments of the City of Rockwall's Water Department are commendable.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, do hereby proclaim April 1, 2019, as:

ROCKWALL'S PUBLIC WATER SYSTEM CELEBRATION DAY

and encourage all citizens and civic organizations to applaud the City of Rockwall's Water Department, including each and every one of its employees who meticulously and consistently work to ensure the highest water quality for our community.

In Witness Whereof, I hereunto set my hand and official seal this 1st day of April, 2019.

Jim Pruitt, Mayor

MINUTES

ROCKWALL CITY COUNCIL REGULAR MEETING
Monday, March 18, 2019 - 5:00 PM
City Hall Council Chambers - 385 S. Goliad St., Rockwall, TX 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Pro Tem Fowler called the public meeting to order at 5:00 p.m. Present were Mayor Pro Tem Kevin Fowler and Councilmembers Patrick Trowbridge, Dana Macalik, John Hohenshelt, Bennie Daniels and Trace Johannesen. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Joey Boyd and City Attorney Frank Garza. Mayor Jim Pruitt was absent from the meeting.

Mayor Pro Tem Fowler read the below listed discussion items into the record before recessing the public meeting to go into Executive Session.

II. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding legal issues pertaining to potential annexation pursuant to Section §551.071 (Attorney/Client Consultation).
2. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board - pursuant to Section 551.074 (Personnel Matters)
3. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

III. ADJOURN EXECUTIVE SESSION

Council adjourned from Executive Session at 5:48 p.m.

IV. RECONVENE PUBLIC MEETING (6:00 P.M.)

Mayor Pro Tem Fowler reconvened the public meeting with 6 of the 7 council members being present (Pruitt absent).

V. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

No action was taken as a result of Executive Session.

VI. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER HOHENSHELT

Councilmember Hohenshelt delivered the invocation and led the Pledge of Allegiance.

VII. OPEN FORUM

Mayor Pro Tem Fowler explained how Open Forum is conducted and asked if anyone would like to come forth and speak at this time.

Nick Grant
1569 E. Quail Run Road
Rockwall, TX

Mr. Grant came forth and shared concerns related to the cancellation of Household Hazardous Waste Disposal Day. He shared that citizens were not communicated with regarding its cancellation. Also, he is concerned about physical safety and environmental-related concerns pertaining to the potential 'replacement' solution if it entails hazardous items being left outside for curbside pick up.

There being no one else wishing to come forth and speak, Mayor Pro Tem Fowler closed Open Forum.

VIII. CONSENT AGENDA

1. Consider approval of the minutes from the March 4, 2019 regular city council meeting, and take any action necessary.
2. Consider approval of an **ordinance** cancelling the May 4, 2019 General Election, and take any action necessary **(2nd Reading).**
3. Consider approval of an **ordinance** establishing the speed limit along SH 205 as fifty miles per hour (50 mph) between MP .575 (north of FM 552/Dalton) and MP .837 (the City's corporate limits), and take any action necessary**. (1st reading)**
4. Consider authorizing a contract extension for Contract Mowing for one year to Grass Kisser Landscape Maintenance in the amount of $80,437 to be funded from the General Fund, Parks Operations, Ground Maintenance budget, and take any action necessary.
5. Consider a Park Board recommendation regarding approval of a resolution of the City Council to the 86th Session of the Texas Legislature regarding the distribution of sporting good sales tax to the Texas Recreation and Parks Account, and take any action necessary.
6. Consider approval of a resolution authorizing and consenting to the City of Forney, TX providing sanitary sewer service to 487 additional acres of land through an amendment to the City of Forney's Wastewater Service Contract with Kaufman County Municipal Utility District (MUD) No. 3, and take any action necessary.
7. Consider approval of a resolution for the annual adoption of pro-rata equipment fees to be paid by developers in accordance with the Mandatory Neighborhood Park Land Dedication Ordinance, and take any action necessary.
8. Consider approval of a resolution for the annual adoption of cash-in-lieu of land fees to be paid by developers in accordance with the Mandatory Neighborhood Park Land Dedication Ordinance, and take any action necessary.

9. Consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of an alternative tree mitigation plan in conjunction with an approved site plan for a warehouse/manufacturing facility on a 11.3736-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

10. **P2019-009** - Consider a request by Mathias Haubert of Bohler Engineering on behalf of Daniel J. Porter of Dynamic Development for the approval of a replat for Lot 1, Block A, Brakes Plus Addition being a 0.653-acre tract of land currently identified as Lots 1 & 2, Billy Peoples #1 Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 1902 & 2000 S. Goliad Street [SH-205], and take any action necessary.

Councilmember Johannesen moved to approve the entire Consent Agenda (#s 1, 2, 3, 4, 5, 6, 7, 8, 9, and 10). Councilman Trowbridge seconded his motion but expressed a desire to ask questions pertaining to Consent Agenda item #3. Clarifying questions and answers took place pertaining to the process involved in having speed limits altered. Following the brief discussion, the ordinances were read as follows:

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 19-14

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS DECLARING UNOPPOSED CANDIDATES FOR THE OFFICES OF MAYOR AND CITY COUNCILMEMBER PLACE 1, CITY COUNCILMEMBER PLACE 3, AND CITY COUNCILMEMBER PLACE 5, AS ELECTED; PROVIDING THAT THE MAY 4, 2019 GENERAL MUNICIPAL ELECTION SHALL NOT BE HELD; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT THEREWITH; PROVIDING A SAVINGS CLAUSE; PROVIDING A SEVERABILITY CLAUSE; FINDING AND DETERMINDING THAT THE MEETING AT WHICH THIS ORDINANCE WAS PASSED WAS OPEN TO THE PUBLIC AS REQUIRED BY LAW; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL, TEXAS

ORDINANCE # 19-___

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ALTERING THE PRIMA FACIE SPEED LIMITS ESTABLISHED FOR VEHICLES UNDER THE PROVISIONS OF TRANSPORTATION CODE, SECTION 545.356 UPON STATE HIGHWAY 205 OR PARTS THEREOF, WITHIN THE CORPORATE LIMITS OF THE CITY OF ROCKWALL, TEXAS, AS SET FORTH IN THIS ORDINANCE; PROVIDING A PENALTY OF A FINE NOT TO

EXCEED SUM OF $200.00 FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 ayes with 1 absence (Pruitt).

IX. APPOINTMENT ITEMS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

This item was not addressed by Council.

X. PUBLIC HEARING ITEMS

1. **Z2019-003** - Hold a public hearing to discuss and consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of an **ordinance** for a Specific Use Permit (SUP) for a Private Sports Arena, Stadium or Track on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary **(1st Reading).**

Planning Director Ryan Miller provided background information pertaining to this agenda item. The applicant is requesting the approval of a Specific Use Permit (SUP) for a Private Sports Arena, Stadium, or Track on the subject property. Currently, the Rockwall Independent School District (RISD) utilizes this area as an existing multi-purpose field that serves as a practice facility for various sports (e.g. softball, baseball, football, soccer, discus, etc.). According to the applicant, in order to protect vehicles and/or patrons of the nearby commercial businesses (e.g. Rooms-To-Go, Heritage Buick-GMC, the future Texas Roadhouse Restaurant and Marriott Towneplace Suites hotel) adjacent to the field, the school is requesting to construct a 40-foot fence/netting combination around the perimeter of the field. Notices were sent out to adjacent property / land owners; however, no responses were received back by staff. The Planning & Zoning Commission has recommended approval of this item by a vote of 4 in favor with 3 absences. If the City Council chooses to approve the applicant's request, staff proposed that the Council consider the following conditions of approval:

The applicant shall be responsible for maintaining compliance with the following conditions:

- **The private arena, stadium, or track shall generally conform to concept and photometric plans and elevations depicted in Exhibits 'B', 'C', and 'D' of the attached ordinance;**

- **The light fixtures shall not be mounted above 40-feet in height.**

Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Tim Listing, Construction Project Manager for RISD, came forth and addressed the Council concerning this agenda item, indicating that he is happy to answer any questions the Council may have.

Mayor Pro Tem Fowler opened the public hearing, asking if anyone would like to come forth and speak at this time.

Bob Wacker
309 Featherstone
Rockwall, TX

Mr. Wacker came forth and expressed that as long as there are not loud speakers or offensive lighting, he thinks this will be okay. As a side note, he expressed that he has some input related to changing of speed limits that he would like to share with staff/council.

There being no one else wishing to come forth and speak, Mayor Pro Tem Fowler closed the public hearing.

Councilman Trowbridge moved to approve Z2019-003. Councilmember Macalik seconded the motion. Mayor Pro Tem Fowler shared that he is not crazy about a large, black chain link fence, especially considering that it is visible from IH-30. The applicant briefly came forth and provided comments regarding Fowler's concerns. He also pointed out that the location abuts the rear of "Rooms-to-Go," so putting any sort of landscaping does not seem logical. He clarified that the chain link fence will be about 10' tall, and the netting will begin above that. He went on to briefly describe the netting that will be utilized. Various sport practices only will take place at the location (no games), so the netting will be utilized to essentially help ensure random sports balls do not escape the practice fields. Councilman Daniels expressed concern about the netting. He does not wish for netting like that which is used at a "Top Golf," for example, be visible from IH-30, especially in an "Overlay District." Councilman Johannesen questions why the City might grant all of these exceptions, other than the fact that the applicant is a school district. He is not sure that so many exceptions would be made if the applicant were not a school district. Brief discussion took place related to a grading study / plan. Following extensive discussion, the ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 19-XX
SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A PRIVATE SPORTS ARENA, STADIUM, OR TRACK IN A COMMERCIAL (C) DISTRICT, SI TU ATED ON A 35.295-ACRE PARCEL OF LAND, IDENTIFIED AS LOT 1, BLOCK A, ROCKWALL HIGH SCHOOL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 in favor with 0 absences.

2. **P2019-008** - Hold a public hearing to discuss and consider a request by Kevin Osornio on behalf of Jeaniffer Osornio for the approval of a replat for Lots 1 & 2, Block A, N. E. & J.O. Addition being a 0.46-acre parcel of land identified as Lot 2, Block A, Sanger Addition, City of

Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Overlay (SOV) District, addressed as 705 Peters Colony, and take any action necessary.

Planning Director, Ryan Miller, provided background information pertaining to this agenda item. The applicant is requesting to replat a 0.46-acre parcel of land for the purpose of subdividing one lot (*i.e. Lot 2, Block A, Sanger Addition*) into two (2) lots (*i.e. Lots 1 & 2, Block A, N. E. & J. O. Addition*) in order to construct single-family homes on Lots 1 & 2. The subject property was annexed prior to 1959, is situated within the Southside Residential Neighborhood Overlay (SOV) District, and is zoned Single-Family 7 (SF-7) District. Thirty-nine public notices were sent out to adjacent land and property owners; however, no notices were received back by staff. The Planning & Zoning Commission has recommended approval of this item by a vote of 4 to 0.

On March 5, 2019, the Parks and Recreation Board reviewed the proposed *replat* and made the following recommendations:

1) The developer shall pay pro-rata equipment fees for Park District No. 21 in the amount of $516.00 for Lot 2. This will need to be paid at time of final plat and is subject to change pending the City Council's adoption of the 2019 fees; and

2) The developer shall pay cash-in-lieu of land fees for Park District No. 21 in the amount of $416.00 for Lot 2. This will need to be paid at time of final plat and is subject to change pending the City Council's adoption of the 2019 fees.

The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- - *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

With the exception of the items listed in the *Conditions of Approval* section of staff's case memo, the plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

Following Mr. Miller's comments, Councilman Trowbridge moved to approve this item, including staff recommendations. Councilman Hohenshelt seconded the motion. The motion passed by a vote of 6 ayes with 1 absence (Pruitt).

XI. ACTION ITEMS

1. Discuss and consider authorizing the City Manager to execute an agreement with Doliver Enterprises LLC dba HHW Solutions for the collection and disposal of household hazardous waste and take any action necessary.

Assistant City Manager Mary Smith provided brief, introductory comments pertaining to this agenda item. She generally indicated that the company that had been providing "Household Hazardous Waste Day" services significantly increased its pricing, which caused the city to have to look for a potential alternative. Mr. Dick Demien came forth and briefly introduced himself. He shared that he is a long time Rockwall resident. He went on to share that this service is a "porch pickup" service (not a

curbside pickup). It is currently provided in various other cities within Texas. The company is a viable one with no known complaints against it. Indication was given that this will be a .99 cents per household, per month cost to citizens. His company is heavily regulated by the Texas Commission on Environmental Quality (TCEQ). He shared that their main goal is to allow citizens to come and pick up items and reuse them. They also encourage repurposing of items. Their last resort is taking items to an industrial-type landfill; however, it is not their preference. Councilman Hohenshelt expressed a little concern about extending a five-year contract. He prefers a one or two-year contract to start. Mr. Demien shared that there are provisions in the contract that will allow cancellation of the contract if his company is not 'doing its job.' City Attorney Frank Garza shared that he is still working with the company to clean up some of the language. Councilman Hohenshelt shared that he would like to have a final version of the contract brought back to Council for review and consideration, and he would like the 'cancel the contract' language to be very, very clear. Following the discussion, Councilman Hohenshelt moved to direct the city manager to negotiate the contract and bring it back to Council for approval at a future date. Councilman Daniels seconded the motion, which passed by a vote of 6 ayes with 1 absence (Pruitt).

2. Discuss and consider strategies for the IH-30 Corridor as stated in the IH-30 Corridor Planning Study, and take any action necessary.

Planning Director Ryan Miller provided background information pertaining to this agenda item, reminding Council that this topic was discussed at a work session with Council back on February 19. At that time, the City Council directed staff to prioritize the strategies listed in the IH-30 Commercial Corridor Planning Study based on the corridor zone that the strategy was intended to support. In response to this direction, staff has prepared several maps that summarize and prioritize the strategies for each of the targeted corridor zones. In prioritizing each strategy, staff took into account [1] the estimated costs of the strategy, [2] the time needed to implement the strategy, and [3] the perceived impact of the strategy. It was pointed out that staff's memo shows the strategies that staff believes may be more viably doable / workable versus those that may not be as viable. Mr. Miller pointed out that all of the approved strategies would be incorporated into the OURHometown Vision 2040 Comprehensive Plan and would form the framework for how the zone is developed in the future. Following brief discussion, Councilmember Hohenshelt moved to approve the removal of all the items (potential strategies) shown in red font on staff's memo. Councilman Trowbridge seconded the motion, which passed by a vote of 6 ayes with 1 absence (Pruitt).

XII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding legal issues pertaining to potential annexation pursuant to Section §551.071 (Attorney/Client Consultation).
2. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board - pursuant to Section 551.074 (Personnel Matters)
3. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

XIII. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

Council did not reconvene in Executive Session following the close of the public meeting agenda.

XIV. ADJOURNMENT

The meeting was adjourned at 6:55 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 1st DAY OF APRIL, 2019.

CITY OF ROCKWALL

ORDINANCE NO. 19-16

SPECIFIC USE PERMIT NO. S-206

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *PRIVATE SPORTS ARENA, STADIUM, OR TRACK* IN A COMMERCIAL (C) DISTRICT, SITUATED ON A 35.295-ACRE PARCEL OF LAND, IDENTIFIED AS LOT 1, BLOCK A, ROCKWALL HIGH SCHOOL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Jeff Breese of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) to allow a *private sports arena, stadium, or track* in a Commercial (C) District on a 35.295-acre parcel of land being described as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

SECTION 1. That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *private sports arena, stadium, or track* as stipulated by Section 1, *Land Use Schedule,* of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*], on the *Subject Property*; and,

SECTION 2. That the Specific Use Permit (SUP) shall be subject to the requirements set forth in Subsection 4.4*, Commercial (C) District,* of Section 4*, Commercial Districts,* and Subsection 6.06, *IH-30 Overlay (IH-30 OV) District,* of Section 6, *Overlay Districts*, of Article V*, District Development Standards,* of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the following:

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *private sports arena, stadium, or track* on the *Subject Property* and conformance to these stipulations is required for continued operations:

1) The *private sports arena, stadium, or track* shall generally conform to the concept plan, photometric plan, and building elevations depicted in *Exhibits 'B'*, *'C'* and *'D'* of this ordinance;

2) The light poles shall not exceed 40-feet in height.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 1st DAY OF APRIL, 2019.

CITY OF ROCKWALL, TEXAS

ORDINANCE # 19-15

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ALTERING THE PRIMA FACIE SPEED LIMITS ESTABLISHED FOR VEHICLES UNDER THE PROVISIONS OF TRANSPORTATION CODE, SECTION 545.356 UPON STATE HIGHWAY 205 OR PARTS THEREOF, WITHIN THE CORPORATE LIMITS OF THE CITY OF ROCKWALL, TEXAS, AS SET FORTH IN THIS ORDINANCE; PROVIDING A PENALTY OF A FINE NOT TO EXCEED SUM OF $200.00 FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Section 545.356 of the Texas Transportation Code, provides that whenever the governing body of the City shall determine upon the basis of an engineering and traffic investigation that any prima facie speed therein set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of a street or highway within the City, taking into consideration that width and condition of the pavement and other circumstances such portion of said street or highway, as well as the traffic thereon, said governing body may determine and declare a reasonable and safe prima facie speed limit thereat or thereon by the passage of an ordinance, which shall be effective when appropriate signs giving notice thereof are erected at such intersection or other place or part of the street or highway;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THAT:

SECTION 1. Upon the basis of an engineering and traffic investigation heretofore made as authorized by the provisions of Transportation Code, Section 545.356, the following prima facie speed limits hereafter indicated for vehicles are hereby determined and declared to be reasonable and safe; and such speed limits are hereby fixed at the rate of speed indicated for vehicles traveling upon the named streets and highways, or parts thereof, described as follows:

SECTION 2. That from and after the date of the passage of this speed zone ordinance, no motor vehicle shall be operated along and upon State Highway 205 within the corporate limits of the City of Rockwall in excess of speeds now set forth in Exhibit “A.”

SECTION 3. The Mayor of Rockwall is hereby authorized to cause to be erected, appropriated signs indicating such speed zones.

SECTION 4. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not to exceed Two Hundred Dollars ($200.00).

SECTION 5. That if any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and

applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 6. That this ordinance shall become effective immediately upon its passage and publication in accordance with the City Charter.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Amy Williams, P.E. Director of Public Works/City Engineer**

DATE: **March 26, 2019**

SUBJECT: **General Engineering Service Agreement**

The City of Rockwall's storm drainage system encompasses approximately 20 separate watersheds located totally or partially within the corporate limits and ETJ of the City. Some of these watersheds have been analyzed for existing and fully developed conditions. Whenever a development occurs that potentially impacts any floodplain area or other properties, development standards require a registered professional engineer to perform a flood study to determine these potential impacts and to provide an engineering solution that minimizes these impacts. Potential impacts may include increases in flood elevations, increases in inundation areas of land, and increases in erosive flood flow velocities.

To recoup the City's review costs, a flood study review fee was implemented in 2013 by the City for developments requiring a flood study. The City currently uses HydroLogical Support Services, LLC, to perform reviews of flood studies and to assist the City in verifying the City's drainage requirement compliance. The Owner and Principal of HydroLogical Support Services, LLC is planning on retiring at the end of 2019 and will no longer be able to perform services for the City of Rockwall. In preparation of the consultant's retirement the Engineering Division called for a Request for Qualification for Professional Engineering Services for Miscellaneous Consulting on stormwater issues to find a new consultant to provided services for the City. The City received nine (9) Statement of Qualifications from professional engineering firms. Cardinal Strategies Engineering Services, LLC was selected to be the most qualified to perform services listed above for the City.

Staff requests the City Council consider approval of the Professional Engineering Services Contract with Cardinal Strategies Engineering Services, LLC to provide professional engineering services for miscellaneous consulting on stormwater issues and floodplain impacts in the City of Rockwall, to be funded by the 2019-2020 Engineering Consulting budget and developer reimbursement, and take any action necessary.

STATE OF TEXAS ♦
♦
COUNTY OF ROCKWALL ♦

PROFESSIONAL ENGINEERING SERVICES CONTRACT

This Agreement is made and entered into in Rockwall County, Texas, between City of Rockwall, Texas ("CITY"), a municipal corporation and political subdivision of the State of Texas, acting by and through its City Manager and Cardinal Strategies Engineering Services, LLC), ("ENGINEER")**,** located at 1401 N Central Expressway, Suite 220, Richardson, Texas, Engineers duly licensed and practicing under the laws of the State of Texas.

WHEREAS, CITY desires to engage Engineer as an independent contractor to render certain technical and professional services necessary for performing:

PROFESSIONAL ENGINEERING SERVICES for *Miscellaneous Consulting on Stormwater Issues.*

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, the Parties hereby agree as follows:

1. Scope of Work

Engineer agrees to perform professional engineering services as specifically defined in this Contract as Attachment "A" and as authorized by CITY. Specifically, Engineer shall perform Professional services as requested by CITY and detailed in Attachment "A".

The Parties by mutual agreement through contract amendments may provide for additional technical and professional services to be performed under the basic general terms and conditions of this Contract. CITY reserves the right to enter into another agreement with other engineering firms to provide the same or similar professional services during the term of this Contract for different projects.

2. Compensation & Term of Agreement

Cost for such services will be based on an as-needed time and material basis and billed as a *hourly* basis per rates provided in Attachment "B". Specific services identified at a later date may be billed as a *lump sum* basis with a not to exceed amount identified around the specific tasks. Engineer is not authorized to perform any work without approval of City.

The term of this Agreement shall commence upon execution of this agreement and follow the

schedule described in Attachment "C". In the event of termination, Engineer will assist the CITY in arranging a smooth transition process. However, Engineer's obligation to provide services to the CITY will cease upon the effective date of termination, unless otherwise agreed in writing.

3. Method of Payment

CITY shall pay Engineer its fees based on the presentation by Engineer to CITY of a correct monthly statement for all the amounts earned under the Contract together with reasonable supporting documentation verifying the accuracy of the fees and expenses. CITY shall then pay Engineer its fee within thirty (30) days after presentation of the accurate monthly statement by Engineer to CITY. CITY is a State sales and use tax exempt political subdivision of the State of Texas. All records supporting payment shall be kept in the offices of Engineer for a period of not less than three (3) years and shall be made available to CITY for inspection, audit or copying upon reasonable request.

4. Engineer's Standard of Care

Engineer shall provide its services under this Contract with the same degree of care, skill and diligence as is ordinarily provided by a professional Engineer under similar circumstances for a similar project. Engineer represents that it has the capability, experience, available personnel, and means required to perform the services contemplated by this Contract. Services will be performed using personnel and equipment qualified and/or suitable to perform the work requested by the CITY. CITY retains the right to report to Engineer any unsatisfactory performance of Engineer personnel for appropriate corrective action. Engineer shall comply with applicable federal, state, and local laws in connection with any work performed hereunder.

Engineer will seek written CITY approval to accept any contract or perform any services for any person, entity, or business that has an agreement or is in negotiations of an agreement with CITY. CITY may waive this conflict, but such waiver is at CITY's sole discretion and its decision shall be final.

5. Ownership of Documents

As part of the total compensation which CITY has agreed to pay Engineer for the professional services to be rendered under this Contract, Engineer agrees that hard copies of all finished and unfinished documents, data, studies, surveys, drawings, specifications, field notes, maps, models, photographs, preliminary reports, reports, bid packet/construction contract documents/advertisement for bids incorporating any CITY standard provisions provided by Engineer, will remain the property of the CITY. Engineer will furnish CITY with paper and electronic copies, to the extent they are available, of all of the foregoing to facilitate coordination, however, ownership of the underlying work product shall remain the intellectual property of the Engineer. Engineer shall have the right to use such work products for Engineer's purposes. However, such documents are not intended to be suitable for reuse by CITY or others on extension of the Project or on any other project. Any reuse

without the express written consent of the Engineer will be at reuser's sole risk and without liability or legal exposure to the Engineer, and CITY to the extent allowed by law, shall hold harmless the Engineer from all claims, damages, losses, expenses, and costs, including attorneys' fees arising out of or resulting from the reuse of said documents without the Engineer's consent. The granting of such consent will entitle the Engineer to further compensation at rates to be agreed upon by CITY and the Engineer. The above notwithstanding, Engineer shall retain all rights in its standard drawing details, designs, specifications, databases, computer software and any other proprietary and intellectual property information provided pursuant to this Contract, whether or not such proprietary information was modified during the course of providing the services.

6. Insurance

A. Engineer agrees to maintain Worker's Compensation and Employer's Liability Insurance to cover all of its own personnel engaged in performing services for CITY under this Contract in at least the following amounts:

Workmen's Compensation – Statutory
Employer's Liability – $100,000
Bodily Injury by Disease - $500,000 (policy limits)
Bodily Injury by Disease - $100,000 (each employee)

B. Engineer also agrees to maintain Commercial General Liability, Business Automobile Liability, and Umbrella Liability Insurance covering claims against Engineer for damages resulting from bodily injury, death or property damages from accidents arising in the course of work performed under this Contract in not less than the following amounts:

$2,000,000 General aggregate limit

$1,000,000 each occurrence sub-limit for all bodily injury or property damage incurred all in one occurrence

$1,000,000 each occurrence sub-limit for Personal Injury and Advertising

C. Engineer shall add CITY, its City Council members and employees, as an additional insureds on all required insurance policies, except worker's compensation, employer's liability and errors and omissions insurance. The Commercial General Liability Policy and Umbrella Liability Policy shall be of an "occurrence" type policy.

D. Engineer shall furnish CITY with an Insurance Certificate on the date this Contract is executed and accepted by CITY, which confirms that all above required insurance policies are in full force and effect.

E. Engineer agrees to maintain errors and omissions professional liability insurance in the amount of not less than one million dollars ($1,000,000) annual aggregate, on a claims made basis, as long as reasonably available under standard policies.

7. **INDEMNIFICATION**

ENGINEER SHALL INDEMNIFY AND SAVE HARMLESS THE CITY AND ITS CITY COUNCIL MEMBERS AND EMPLOYEES FROM SUITS, ACTIONS, LOSSES, DAMAGES, CLAIMS, OR LIABILITY, INCLUDING WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ALL EXPENSES OF LITIGATION, COURT COSTS, AND REASONABLE ATTORNEY'S FEES FOR INJURY OR DEATH TO ANY PERSON, OR INJURY TO ANY PROPERTY, RECEIVED OR SUSTAINED BY ANY PERSON OR PERSONS OR PROPERTY, TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS OF ENGINEER OR ITS AGENTS OR EMPLOYEES, IN THE EXECUTION OF PERFORMANCE OF THIS CONTRACT.

ENGINEER'S TOTAL LIABILITY TO CITY FOR ANY LOSS OR DAMAGES FROM CLAIMS ARISING OUT OF, OR IN CONNECTION WITH, THIS CONTRACT FROM ANY CAUSE INCLUDING ENGINEER'S STRICT LIABILITY, BREACH OF CONTRACT, OR PROFESSIONAL NEGLIGENCE, ERRORS AND OMISSIONS SHALL NOT EXCEED ONE MILLION DOLLARS ($1,000,000). NEITHER PARTY TO THIS AGREEMENT SHALL BE LIABLE TO THE OTHER PARTY OR ANY THIRD PARTY CLAIMING THROUGH THE OTHER RESPECTIVE PARTY, FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE, LIQUIDATED, DELAY OR CONSEQUENTIAL DAMAGES OF ANY KIND INCLUDING BUT NOT LIMITED TO LOST PROFITS OR USE OF PROPERTY, FACILITIES OR RESOURCES, THAT MAY RESULT FROM THIS AGREEMENT, OR OUT OF ANY GOODS OR SERVICES FURNISHED HEREUNDER.

8. Addresses for Notices and Communications

CITY
Amy Williams, PE, City Engineer
City of Rockwall
385 S. Goliad Street
Rockwall, Texas 75087

ENGINEER
Thomas Caffarel, PE, CFM, Engineering Services Manager
Cardinal Strategies Engineering Services, LLC
1401 N Central Expressway, Suite 220
Richardson, Texas 75080

All notices and communications under this Contract shall be mailed or delivered to **CITY** and **Engineer** at the above addresses.

9. Successors and Assigns

CITY and Engineer each binds itself and its successors, executors, administrators and assigns to the other parties of this Contract and to the successors, executors, administrators and assigns of such other parties, in respect to all covenants of this Contract. Except as noted in the first part of this Paragraph, neither CITY nor Engineer shall assign, sublet or transfer its interest in this Contract without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer, council member, employee or agent of any public body which is a party hereto.

10. Termination for Convenience of the Parties

Engineer and CITY may terminate this Contract for their convenience at any time by giving at least thirty (30) days notice in writing to each other. If the Contract is terminated by CITY and/or Engineer as provided herein, Engineer will be paid for the Work provided and expenses incurred up to the termination date, if such final compensation is approved by CITY, in its sole discretion. If this Contract is terminated due to the fault of Engineer, Paragraph 10 hereof, relative to Termination for Cause, shall apply.

11. Changes

CITY may, from time to time, request changes in the Scope of Work of **Engineer** to be performed hereunder. Such changes, including any increase or decrease in the amount of **Engineer's** compensation, or time for performance, which are mutually agreed upon by and between **CITY** and **Engineer**, shall be incorporated in written amendments to this Contract. Any subsequent contract amendments shall be executed by the City Manager or other authorized representative as designated by the City Manager or City Council.

Any alterations, additions or deletions to the terms of this Contract, including the scope of work, shall be by amendment **in writing** executed by both CITY and Engineer.

13. Reports and Information

Engineer, at such times and in such forms as **CITY** may reasonably require, and as specified in the Scope of Work or in additional Contract Amendments shall furnish **CITY** periodic reports pertaining to the Work or services undertaken pursuant to this Contract, the cost and obligations incurred, or to be incurred in connection therewith, and any other matter covered by this Contract.

14. Entire Agreement

This Contract and its Attachments and any future Contract Amendments constitute the entire agreement, and supersede all prior agreements and understandings between the parties concerning the subject matter of this Contract.

15. Waiver

The failure on the part of either party herein at any time to require the performance by the other party, of any portion of this Contract, shall not be deemed a waiver of, or in any way affect that party's rights to enforce such provision, or any other provision. Any waiver by any party herein of any provision hereof, shall not be taken or held to be a waiver of any other provision hereof, or any other breach hereof.

16. Severability

The invalidity or unenforceability of any provision of this Contract shall not affect the validity or enforceability of any other provision of this Contract.

17. Survival

Any and all representations, conditions and warranties made by Engineer under this Contract are of the essence of this Contract and shall survive the execution, delivery and termination of it.

18. Governing Powers and Law

Both Parties agree and understand that the City does not waive or surrender any of its governmental powers by execution of this Agreement. To that end, the parties further understand that this agreement shall not be considered a contract for goods or services under Texas Local Government Code, Section 271.151 and Contractor waives any right or entitlement granted said provisions. This Contract is governed by the laws of the State of Texas and all obligations of the parties under this Contract are performable in Rockwall County, Texas.

19. Attorney's Fees

If it is necessary for either Party herein to file a cause of action at law or in equity against the other Party due to: (a) a breach of this Contract by the other Party and/or (b) any intentional and/or negligent act or omission by the other Party arising out of this Contract, the non-breaching or non-negligent Party shall be entitled to reasonable attorney's fees and costs, and any necessary disbursements, in addition to any other relief to which it is legally entitled.

20. State or Federal Laws

This Contract is subject to all applicable federal and state laws, statutes, codes, and any applicable permits, ordinances, rules, orders and regulations of any local, state or federal government authority having or asserting jurisdiction, but nothing contained herein shall be construed as a waiver of any right to question or contest any such law, ordinance, order, rule or regulation in any forum having jurisdiction.

EXHIBIT A
SCOPE OF SERVICES

TO BE PROVIDED BY CARDINAL STRATEGIES ENGINEERING SERVICES, LLC, TO THE CITY OF ROCKWALL FOR THE MISCELLANEOUS CONSULTING ON STORMWATER ISSUES

Project Description:

The City seeks to engage in professional engineering services for various projects involving stormwater and other water resources matters that will be needed from time to time based on the specific needs to the City. No specific projects have been identified, but as they are identified, specific scopes of service can be prepared accordingly.

A. SPECIAL SERVICES

The Consultant shall receive written approval from the City before proceeding with any of the following services listed below and shall invoice the services as different tasks on a monthly basis.

1. Stormwater Development Reviews –
    a. Consultant shall provide assistance with the review of proposed development projects and other proposed construction within the City's jurisdiction on issues related to stormwater drainage (including but not limited to conformance with the current City Standards of Design and Construction, conformance with the Flood Damage and Prevention Ordinance, review of Detention Studies, review of Floodplain Studies, Reclamation, and modifications within the floodplain); flood hazard and erosion potential and prevention; regulatory issues related to flood damage prevention, and other regulatory compliance issues related to water resources matters, and provide a list of review comments, summary of review, and opinions and recommendations to the City Public Works Department – Engineering Division for consideration.
    b. Upon request, consultant shall be available for project specific meetings with the City staff and developer team to discuss stormwater related challenges with the development.
    c. Consultant shall review development of LOMR, CLOMR, LOMAs that are submitted to the City requesting City approval for FEMA processing.
    d. Consultant shall serve as the City's Floodplain Mapping, Flood Study and digital H&H Model Repository
        i. Consultant shall update the City's Master hydrology and hydraulic models based on proposed developments that are approved and update the City's GIS Floodplain layers to reflect approved developments.
        ii. Consultant shall release flood models and mapping to proposed developers upon City's request along with City Criteria and other information to performing flood and detention studies within the City.

2. Perform and submit for the City upon request FEMA LOMRs, LOMR-Fs, LOMAs, etc.
    a. Consultant shall provide services for the above. Detailed scope of services and fee will be established by separate task.

3. Expert Stormwater Advice/Compliance –
    a. Consultant shall provide assistance to the City in their enforcement of their flood damage prevention and in requirements for compliance with related local, state, and federal regulations. Such assistance may or may not be associated with proposed development, and may include providing opinions, recommendations, advice and other miscellaneous assistance to the City regarding drainage, flood hazard protection, and regulatory issues related to the City's ordinances pertaining to stormwater drainage, in particular the City's

flood damage prevention ordinance and the City's Standards of Design and Construction.

4. Coordination and Meetings –
    a. Consultant shall be in attendance, upon request and when available, for specific meetings with City staff.

5. City Project Reviews
    a. Consultant shall provide assistance with the review of proposed City projects within the City's jurisdiction on issues related to stormwater drainage (including but not limited to conformance with the current City Standards of Design and Construction, conformance with the Flood Damage and Prevention Ordinance, review of Detention Studies, review of Floodplain Studies, Reclamation, and modifications within the floodplain); flood hazard and erosion potential and prevention; regulatory issues related to flood damage prevention, and other regulatory compliance issues related to water resources matters, and provide a list of review comments, summary of review, and opinions and recommendations to the City Public Works Department – Engineering Division for consideration.
    b. Upon request, consultant shall be available for project specific meetings with the City staff to discuss stormwater related challenges with the project area.
    c. Review of City's LOMR, CLOMR, LOMAs that are submitted to the City requesting City approval for FEMA processing.
    d. Consultant shall serve as the City's Floodplain Mapping, Flood Study and digital H&H Model Repository
        i. Consultant shall update the City's Master hydrology and hydraulic models based on proposed City projects that are approved and update the City's GIS Floodplain layers to reflect approved projects.
        ii. Consultant shall release flood models and mapping to City's engineers and project teams upon City's request along with City Criteria and other information to performing flood and detention studies within the City.

6. Stormwater Utility Fee
    a. Consultant shall provide assistance to the City Engineering Division with assistance in developing and justifying a stormwater utility fee in which the City shall have a dedicated funding source to manage stormwater related needs.
    b. Consultant shall provide services for the above. Detailed scope of services and fee will be established by separate task.

7. MS4 Program Support Services
    a. Consultant shall provide assistance to the City Engineering Division with audits, training, coordination with TCEQ, and MS4 stormwater plan renewal support.
    b. Consultant shall provide services for the above. Detailed scope of services and fee will be established by separate task.

8. Consultant shall provide other miscellaneous services as requested by the City and agreed to by the Consultant provided that such services are with in the field of expertise of the Consultant.

B. ADDITIONAL SERVICES

1. Environmental Permitting or Investigations
2. Geotechnical Engineering or Investigations
3. Surveying Services
4. Groundwater Services or Investigations
5. Expert Witness Services

This scope of services is to be provided on a time and materials cost basis in accordance with the attached compensation/pricing schedule. The termination date of this contract is September 30, 2019. Unless agreed in writing by both parties to extend this contract, or unless either party gives notice to other part to terminate this contract prior to this termination date.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Richard Crowley, City Manager**

FROM: **Lea Ann Ewing, Purchasing Agent**

DATE: **March 27, 2019**

SUBJECT: **Asphalt Pavement Reconstruction Projects**

Approved in the General Fund, Streets & Drainage Construction and Repair budget is full depth asphalt pavement for H Wallace Lane (cost $240,511), various sections of repair for Lofland Road (cost $75,050) and full depth asphalt pavement requiring base reclamation for the Police Building Parking Lot (cost $87,169). Total cost for these three projects is $402,730 and this amount is within budget. The City has a current Asphalt Pavement Maintenance contract with Texas Bit Paving and Construction for this type of work.

For Council consideration is the approval of this work for $402,730 and authorize the City Manager to execute a purchase order to Texas Bit.

CITY OF ROCKWALL

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
CC:	Rick Crowley, *City Manager* Mary Smith, *Assistant City Manager* Joey Boyd, *Assistant City Manager*
FROM:	Ryan Miller, *Director of Planning and Zoning*
DATE:	April 1, 2019
SUBJECT:	Permitting, Licensing and Land Software (PLL)

The City's Development Services Departments have utilized TRAKiT since ~2003 for all permitting, licensing and land activities, and -- *with the exception of a DotNet upgrade in 2009 and miscellaneous upgrades to various modules* -- the core software has remained relatively unchanged (*i.e. the software is 15-years old*). In the *FY2018-2019 Budget* the Development Services Departments were approved $200,000.00 to seek a replacement to the aging software. Based on this approval, a *Request for Proposals* was sent out with the City's criteria for the new software, and two (2) companies submitted bids. Only one (1) of the bids was within the stated $200,000.00 budget, and as a result City staff recommends the City Council consider authorizing the City Manager to enter into a contract with *CityWorks/NewEdge Services, LLC* for the purchase, installation and support of *CityWorks Permitting, Licensing, and Land* software. This new software is from the same company that supplies the City's asset management software and will allow for an enterprise system to be setup between the City's permitting, licensing and land applications and the City's asset management applications. The total cost indicated in the contract provided by *CityWorks/NewEdge Services, LCC* is $190,660.00 (*i.e. $160,660.00 for NewEdge, LLC's installation and service and $30,000.00 for the software from CityWorks*). Currently, the City Attorney is finalizing the contracts, but all perinate information concerning the contact is attached to this memorandum. Should the City Council have any questions staff will be available at the *April 1, 2019* meeting.

NewEdge Services, LLC

Master Agreement for Material and Services

This Material and Services Agreement (hereinafter "Agreement"), is between NewEdge Services, LLC, a Texas limited liability company, and its subsidiaries, parents, affiliates, successors, and assigns ("NewEdge"), and City of Rockwall, TX, and its subsidiaries, parents, affiliates, successors, and assigns, each of them ("Client"), each of which may be referred to in the singular as "Party" or in the plural as "Parties."

Article I. SCOPE OF AGREEMENT

NewEdge shall provide to Client such Materials and Services as described in Appendix A – Statement of Work at the prices set therein, or any Order executed under this Agreement substantially in the form of Appendix B - Order, subject to the terms and conditions of this Agreement. Any Order in effect on the date when this Agreement expires or is terminated shall continue in effect until such Order either (i) expires by its own terms or (ii) is separately terminated, prior to its own scheduled expiration, as provided in this Agreement. The terms and conditions of this Agreement shall continue to apply to such Order as if this Agreement were still in effect.

Article II. TERM OF AGREEMENT

This Agreement shall commence and be effective on the date when signed by the last Party ("Effective Date") and shall continue for a term of 2 year.

Commented [LC1]: I put 2 years to account for the implementation and also the 6 month and 1-year refresher training.

DEFINITIONS

"Affiliate" with respect to either Party to this Agreement or any Order under this Agreement means a business association that has legal capacity to contract on its own behalf, to sue in its own name, and to be sued, if and only if either (a) such business association owns, directly or indirectly, a majority interest in such Party (its "parent company"), or (b) a thirty percent (30%) or greater interest in such business association is owned, either directly or indirectly, by such Party or its parent company.

"Documentation" means all tangible and intangible written materials including user instructions and training materials or other such materials as necessary in NewEdge's sole and exclusive judgment shall be required to demonstrate or explain a requirement, provision, or other detail.

"Information" means without limitation, with respect to a Party, all information of any sort in any form including without limitation confidential, proprietary or trade secret information of such Party or of a third party that is in the possession of such Party, including discoveries, ideas, concepts, know-how, techniques, processes, procedures, designs, specifications, strategic information, proposals, requests for proposals, proposed products, drawings, blueprints, tracings, diagrams, models, samples, flow charts, data, computer programs, marketing plans, employee personal information, health or financial information, authentication credentials, operations, infrastructure, network and system configurations and settings, user interface designs, class libraries, objects, facilities, products, pricing whether expressed as fixed price or hourly rates, customer lists, regulatory compliance, competitors and other technical, financial or business information, whether disclosed in writing, orally, or visually, in tangible or intangible form, including in electronic mail or by other electronic communication.

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

"Laws" includes all federal, state, provincial, regional, territorial and local laws, statutes, ordinances, regulations, rules, executive orders, supervisory requirements, directives, circulars, opinions, interpretive letters and other official releases of or by governmental authority.

"Material" means a unit of Documentation or software, whether created by NewEdge for Client as a custom application, un-modified commercial off the shelf software, or commercial off the shelf software modified by NewEdge at NewEdge's election, purchased or licensed hereunder by Client from NewEdge or otherwise provided by or on behalf of NewEdge, including third party Material provided or furnished by NewEdge. "Material" shall be deemed to include any working or preliminary draft or revised draft whenever it shall be provided by NewEdge.

"Services" means anything that is not otherwise Material, including any labor or service, provided in connection with this Agreement or any Order under this Agreement.

"Specifications" means (a) NewEdge's applicable specifications and detailed descriptions in whatever form such may be described in Appendix A – Statement of Work or any Order executed under this Agreement, and (b) Client's requirements, requests, and descriptions specified in, or attached to, Appendix A – Statement of Work or any Order executed under this Agreement, which shall control over an inconsistency with Client's specifications and descriptions wherever they may be stated except as expressly stated in this Agreement or any Order under this Agreement.

"Subcontractor" or "subcontractor" means any person or entity (including an agent) supplying labor or materials to perform any or all of either Party's obligations under this Agreement or any Order under this Agreement, including any person or entity at any tier of subcontractors, and shall not be limited to those persons or entities with a direct relationship with such Party.

Article III. TERMS AND CONDITIONS

1.0 Delivery of Materials and Performance of Services

1.1 Delivery of Materials – NewEdge shall deliver Materials reasonably conforming to the Specifications provided in Appendix A – Statement of Work or any Order executed under this Agreement as provided in the section entitled Electronic Data Transmission and, as determined solely and exclusively in the discretion of NewEdge, such delivery of Materials shall constitute notice of completion ("Notice of Completion") of the NewEdge promise of Materials.

1.2 Delivery of Services – NewEdge shall deliver Services reasonably conforming to the Specifications provided in Appendix A – Statement of Work and, as determined solely and exclusively in the discretion of NewEdge, such delivery of Services shall constitute Notice of Completion of NewEdge promise of Services.

1.3 Acceptance by Client – Client shall notify NewEdge in writing of non-acceptance of any such Materials or Services within 20 business days of receipt of Notice of Completion and, as determined solely and exclusively in the discretion of NewEdge, should any revisions, additions, conversions, or any other such adjustments be required, NewEdge in its sole and exclusive discretion shall deliver such Materials and Services within a time period determined by NewEdge as required to achieve reasonable compliance with the Specifications provided in Appendix A – Statement of Work. At such time as NewEdge determines the Materials and Services have achieved reasonable compliance with the Specifications provided in Appendix A – Statement of Work, NewEdge shall have no further obligation to provide to Client any revisions, additions, conversions, or any other such adjustments. At such time NewEdge shall be deemed to have completely fulfilled its obligations under the Agreement or any Order under this Agreement.

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

2.0 License Grant

2.1 Client is granted a limited, nonexclusive, non-transferable license to use and distribute NewEdge's Materials solely and exclusively for the purposes of the objectives stated in Appendix A – Statement of Work, provided Client performs its obligations as described in the Agreement, including without limitation payment of fees as provided in the Agreement. Except as provided in the Agreement, no other license or right shall be granted or implied. Client shall not transfer any license granted by this Agreement or any Order under this Agreement to another without prior express consent of NewEdge. Any use, except as granted in this Agreement, shall be at sole risk of Client without liability to NewEdge.

2.2 Should Client utilize NewEdge's Materials in whole or part for any purpose, except as provided in the Agreement, or expressly authorized by NewEdge in a signed writing, Client hereby expressly releases NewEdge from all claims and causes of action resulting from such use, and agrees to defend, indemnify, and hold harmless NewEdge from all costs and expenses related to said claims and causes by any third party. Client's duty under this provision shall not constitute a waiver of any of NewEdge's rights or remedies under this Agreement or any Order under this Agreement or elsewhere.

3.0 Invoicing and Payment

3.1 Invoice Contents – NewEdge shall render an invoice for Materials and Services delivered as provided in Appendix A – Statement of Work specifying in reasonable detail: [i] Materials and Services to which the invoice applies, [ii] total amount due for each such Materials and Services delivered, [iii] total amount due for the invoice, [iv] date on which invoice was submitted ("Invoice Date"), and [v] either the physical address or direct deposit account via electronic fund transfer (EFT) to which payments must be remitted.

3.2 Invoice Payment Deadline – Client must remit payment in full for each invoice submitted pursuant to the Agreement or any Order under this Agreement for Materials and Services delivered as provided in Appendix A – Statement of Work no later than 30 calendar days after the Invoice Date.

a. Temporary Suspension of NewEdge Performance – Should Client fail to pay any invoice within 30 calendar days of the Invoice Date, NewEdge may at its sole and exclusive election, upon written notice to Client, suspend further work until all outstanding invoices are paid in full. Client expressly agrees to indemnify and hold NewEdge harmless from any claim or liability under the Agreement or any Order under this Agreement or otherwise which may result from such suspension.

b. Termination of the Agreement or any Order under this Agreement – Should Client fail to pay any invoice within 90 calendar days of the Invoice Date, NewEdge may at its sole and exclusive election, upon written notice to Client, terminate the Agreement. Upon such written notice of termination, Client shall pay in full all fees due under the Agreement or any Order under this Agreement without regard to what portion of the Materials and Services provided in Appendix A – Statement of Work were actually delivered by NewEdge. Client expressly agrees to indemnify and hold NewEdge harmless from any claim or liability under the Agreement or any Order under this Agreement or otherwise which may result from such suspension.

c. Deemed Valid Invoices – Each invoice will be deemed valid when received by Client and shall be timely paid as provided herein.

d. Unpaid Invoices and Collections – For any invoice not timely paid as provided in this provision, NewEdge may charge and Client agrees to pay interest on any such unpaid at the rate of one point five percent (1.5%)

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

per month (18% APR) for past due payments or the maximum rate allowed by law, whichever is less. Invoices not paid by Client within 90 calendar days may, at the sole and exclusive election of NewEdge, be pursued by collections or legal action. Should NewEdge elect to pursue collections or legal action, Client agrees to pay any reasonable fees incurred by NewEdge including without limitation collection agency fees, attorney fees and court costs in addition to amounts due under any invoice as provided in the Agreement.

3.3 Taxes Included in Invoice – Except as specifically noted on any invoice, all payment made by Client to NewEdge shall be deemed to include all taxes and other charges levied by any government agency on NewEdge relating to its services. Client is a tax exempt entity and shall provide evidence of same to NewEdge prior to receipt of the first invoice.

4.0 Personnel and Provision of Materials and Services

4.1 NewEdge Personnel – Personnel provided by NewEdge shall be considered solely the employees of NewEdge or its Subcontractors and not employees or agents of Client. NewEdge has and shall retain the right to exercise full control of and supervision over the creation of Materials and performance of the Services and full control over the employment, direction, assignment, compensation, and discharge of all personnel creating the Materials and performing the Services. NewEdge and its Subcontractors are and shall be solely responsible for all matters relating to compensation and benefits for all personnel provided by NewEdge.

4.2 Materials and Services Provided by Others – If any part of NewEdge Materials or Services is dependent upon work, information or other condition precedent Materials or Services by others under control of Client, then Client shall inspect to ensure such work, information or other condition precedent Materials or Services sufficiently fulfills the quality needed for NewEdge to create subsequent Materials and or perform subsequent Services. Each Party shall promptly report to the other Party any defect or other deficiency in work, information or other condition precedent materials or services by others under control of Client that renders such materials or services unsuitable for NewEdge's proper performance. In such case, the Parties shall work together to remedy such defects or deficiencies and NewEdge shall not be held in breach of any provision of the Agreement or any Order under this Agreement as a result of such defects or deficiencies.

4.3 Use of Subcontractors – NewEdge may, in its sole and exclusive discretion, use Subcontractors to create any portion of the Materials or perform any portion of the Services. NewEdge shall provide to Client, upon request, information about the Subcontractor including the identity, the location, and a complete description, of the activities to be performed by such Subcontractor. NewEdge shall remain responsible for the acts or omissions of its approved Subcontractors to the same extent as if such acts or omissions were performed by NewEdge.

5.0 Intellectual Property

5.1 Definitions – For purposes of this provision, the following terms govern:

a. "Items" shall mean any or all inventions, discoveries, ideas, (whether patentable or not), and all works and materials, including but not limited to products, devices, computer programs, source codes, designs, files, specifications, texts, drawings, processes, data or other information or Documentation in preliminary or final form, and all Intellectual Property Rights in or to any of the foregoing.

b. "Excluded Materials" shall mean: [i] Client's Pre-Existing Materials; [ii] Client's Independently Developed Materials; and [iii] Client's Mere Reconfigurations.

c. "Client's Pre-Existing Materials" shall mean those Items owned by Client to the extent and in the form that they both existed prior to the date NewEdge began any work under this Agreement or any Order under this

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

Agreement and were created without any use of any NewEdge Items. Client's Pre-Existing Materials shall not, however, include Paid-For Enhancements thereto.

d. "Client's Independently Developed Materials" shall mean those Items that have been developed by Client, or on Client's behalf, both [i] without use of any NewEdge Items; and [ii] independently of any work performed under any Agreements between or among the Parties.

e. "Client's Mere Reconfigurations" means those specific reconfigurations of Client's Pre-Existing Materials performed by NewEdge, or on NewEdge's behalf, but only to the extent that such reconfiguration is an alteration to such Materials required to permit Client's Materials to function as a precondition as described in Appendix A – Statement of Work. In no event shall Mere Reconfigurations include enhancements, modifications, or updates that are not contained in Client's Pre-Existing Materials and that add any features, functionality, or capabilities.

f. "Intellectual Property Rights" means all patents (including all reissues, divisions, continuations, and extensions thereof) and patent applications, trade names, trademarks, service marks, logos, trade dress, copyrights, trade secrets, mask works, rights in technology, know-how, rights in content, or other intellectual property rights, protected under the Laws of any governmental authority having jurisdiction.

g. "Paid-For Development" means any and all Items to the extent produced or developed by or on behalf of Clients or its employees, agents, or direct or indirect contractors or suppliers (and whether completed or in-progress), or forming part of any Materials pursuant to this Agreement or any Order under this Agreement for the development of which NewEdge has been paid monies pursuant to this Agreement. Paid-For Development shall always exclude all Excluded Materials, but shall include (without limitation) any modifications, alterations or updates of any Excluded Materials that otherwise fall within the definition of Paid-For Development. NewEdge's ownership of Paid-For Development shall, of course, be subject to Client's underlying rights and ownership in Client's Excluded Materials.

h. "Provided Items" means Items created by or on behalf of NewEdge or directly or indirectly provided to Client (in any form, including, without limitation, verbally) by or on behalf of NewEdge.

5.2 Reservation of Rights – The Parties hereby acknowledge and agree that notwithstanding any other provision in the Agreement, NewEdge is not transferring or granting to Client any right, title, or interest in or to (or granting to Client any license or other permissions in or to) any or all: a) Items created by or on behalf of Client or directly or indirectly provided to Client (in any form, including, without limitation, verbally) by or on behalf of NewEdge; b) Paid For Development or c) Intellectual Property Rights, including, without limitation, any Intellectual Property Rights in or to any NewEdge Provided Items or Paid-For Development. The sole exceptions to the foregoing reservation of rights are that [1] NewEdge hereby grants Client such license as is described in Section 2.0 License Grant, [2] raw data collected [a] by client without NewEdge assistance or [b] by NewEdge for compensation on Client's behalf, and [3] customized Crystal Reports' reports created by NewEdge for compensation on Client's behalf. In no way expanding the foregoing license, said license in no manner permits Client to (and Client hereby promises not to without the explicit prior written and signed consent of NewEdge) make use of any NewEdge Provided Items, Paid-For Development or Intellectual Property Rights either for the benefit of any third party or other than as agreed in a signed writing by NewEdge or expressly provided in the Agreement.

5.3 Client Acts and Obligations – Client shall promptly take or secure such action (including, but not limited to, the execution, acknowledgment, delivery and assistance in preparation of documents or the giving of testimony) as may be reasonably requested by NewEdge to evidence, transfer, perfect, vest or confirm NewEdge's right, title and interest in any Paid-For Development. Client shall, in all events and without the need of NewEdge's request, secure all Intellectual Property Rights in any Paid-For Development (and any licenses specified above in any

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

Excluded Materials) from each employee, agent, subcontractor or sub-supplier of Client who has or will have any rights in the Paid-For Development or Excluded Materials.

5.4 License Grant to Excluded Materials – If and to the extent that Client embeds any Excluded Materials in the Paid-For Development, Client hereby grants and promises to grant and have granted to NewEdge and its Affiliates a royalty-free, nonexclusive, sublicensable, assignable, transferable, irrevocable, perpetual world-wide license, in and to the Excluded Materials and any applicable Intellectual Property Rights of Client to use, copy, modify, distribute, display, perform, import, make, sell, offer to sell, and exploit (and have others do any of the foregoing on or for NewEdge's or any of its Affiliates behalf or benefit) the Excluded Materials but only for purposes of creating the Materials and performing the Services as provided in this Agreement.

6.0 Compliance

6.1 Compliance With Laws – Both Parties shall comply with all Laws attendant upon this Agreement or any Order under this Agreement and Client utilization of the Materials and Services provided in Appendix A – Statement of Work. Client shall procure all approvals, bonds, certificates, insurance, inspections, licenses, and permits that such Laws require for the performance of NewEdge under this Agreement. Client shall create and maintain any necessary records, provide any certificate, affidavit or other information or documentation requested or as otherwise required by NewEdge (a) to show compliance by Client with Laws, (b) to comply or otherwise establish Client's compliance with Laws or (c) to allow NewEdge to timely respond to any complaints, filings, or other proceedings. Client shall, to the extent it becomes aware of any new or previously unknown Law or other such requirement which may affect NewEdge's performance under this Agreement, promptly inform NewEdge of such requirement and agrees to indemnify, defend, and hold harmless NewEdge to the extent such requirements are not promptly communicated by Client to NewEdge.

7.0 Warranties

7.1 General Warranties - Each Party to this Agreement represents and warrants that such party is duly authorized and has legal capacity to execute and deliver this Agreement. Each Party further represents and warrants to the other that the execution and delivery of the Agreement or any Order under this Agreement and the performance of such Party's obligations hereunder have been duly authorized and that the Agreement is a valid and legal agreement binding on such party and enforceable in accordance with its terms. Client further represents and warrants that: (a) all information provided to NewEdge is complete, accurate and correct and any additional time or expense incurred by NewEdge to reperform, revise or otherwise redo work performed by NewEdge on any incomplete, inaccurate or incorrect information provided by Client to NewEdge shall be solely at Client's expense.

7.2 Warranty of Execution - Each Party represents and warrants that the execution and performance of this Agreement or any Order under this Agreement does not violate any applicable law or other contract or obligation to which Client is a party or is otherwise bound.

7.3 Warranty of Quality - NewEdge's services shall be performed in a manner consistent with that degree of skill and care ordinarily exercised by professionals performing similar services in the same locality, at the same site and under the same or similar circumstances and conditions. NewEdge makes no other representations or warranties, whether expressed or implied, with respect to the services rendered hereunder.

7.4 Warranty Disclaimers – Not withstanding any assurance of any type elsewhere in the Agreement, NewEdge does not guarantee any specific result from the Materials or Services provided under the Agreement or any Order under this Agreement or that Client will achieve any specific result or end as a result of the Materials or Services

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

provided by NewEdge to Client. THE MATERIALS AND SERVICES ARE PROVIDED "AS IS" AND NewEdge SPECIFICALLY DISCLAIMS ANY AND ALL WARRANTIES OF ANY KIND WITH RESPECT TO THE SERVICES AND THE SUBJECT MATTER OF THIS AGREEMENT, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING WITHOUT LIMITATION WARRANTIES OF QUALITY, PERFORMANCE, NONINFRINGEMENT, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE. THE FOREGOING EXCLUSIONS AND DISCLAIMERS ARE AN ESSENTIAL PART OF THIS AGREEMENT AND FORMED THE BASIS FOR DETERMINING THE PRICE CHARGED FOR THE SERVICES. THIS DISCLAIMER SHALL BE ENFORCED TO THE EXTENT PERMITTED BY LAW IN THOSE JURISDICTIONS THAT MAY LIMIT THE EXCLUSION OF IMPLIED WARRANTIES.

7.5 Unascertainable Conditions - NewEdge shall not be required to sign any documents, no matter by whom requested, that would result in NewEdge's having to certify, guaranty, or warrant the existence of conditions that NewEdge cannot independently ascertain with certainty.

8.0 Confidentiality

8.1 General Confidentiality - Both Parties agree that any Information either provides to the other shall be deemed confidential, and shall be the providing Party's property. The receiving Party shall use such Information for the sole purpose of providing the Materials and performing the Services under this Agreement or any Order under this Agreement and such Information shall not be used for any other purpose except as expressly permitted under this Agreement. Upon expiration or termination of this Agreement or any Order under this Agreement or upon the providing Party's request, receiving Party shall promptly (i) return all copies of such Information in written, graphic or other tangible form, or (ii) certify the destruction of all documents and other material in the possession, custody or control of receiving Party, its affiliates, employees, representatives, subcontractors or agents that bear or incorporate any part of providing Party's Information.

8.2 Confidentiality Waivers - Neither Party shall not have an obligation to the other with respect to Information which: (a) at the time of disclosure was already known to the other free of any obligation to keep it confidential (as evidenced by the other Party's written records prepared prior to such disclosure); (b) is or becomes publicly known through no wrongful act (such obligations ceasing at the time such Information becomes publicly known); (c) is lawfully received from a third party, free of any obligation to keep it confidential; (d) is independently developed by a third party or by the Party against whom an obligation to protect such Information is to be enforced, as evidenced by Party's written records, and wherein such development occurred without any direct or indirect use of or access to the Information received from the Party seeking to enforce such obligation; or (e) the providing Party consents in writing to be free of restriction.

8.3 Required Disclosures of Confidential Information

a. Compelled Disclosures of Confidential Information - If either Party is required to provide or disclose Information to any court or government agency pursuant to a written court order, subpoena, regulatory demand, or process of law, such Party must, unless prohibited by applicable law, first provide the other Party with prompt written notice of such requirement and reasonably cooperate with the other Party should it seek reasonable protective arrangements for the production of such Information. Both Parties will take reasonable steps to limit any such provision of Information to the specific Information required by such court or agency, and continue to otherwise protect all Information disclosed in response to such order, subpoena, regulation, or process of law.

b. Limiting Disclosure of Confidential Information – Both Parties will limit the disclosure of Information to employees, representatives, subcontractors or agents with a need to know who: (i) have been advised of the proprietary nature thereof; and (ii) have in writing either acknowledged a specific obligation to

maintain the confidentiality of Information or agreed to protect and keep confidential all proprietary information to which they have access in the scope of their employment.

9.0 Limitation of Damages and Indemnity

9.1 Limitation of Type of Damages - In no event shall either Party be liable to the other or any third party for any consequential or incidental damages regardless of whether either Party or third party has been apprised of such damages, however caused, based on any theory of liability including without limitation breach of contract or tort.

9.2 Limitation of Amount of Damages - THE MAXIMUM LIABILITY OF NewEdge AND NewEdge's OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, CONSULTANTS, SUPPLIERS, AFFILIATES AND SUBCONTRACTORS ARISING OUT OF OR IN ANY WAY CONNECTED TO THIS AGREEMENT SHALL NOT EXCEED THE FEES PAID BY CLIENT TO NewEdge PURSUANT TO THE AGREEMENT DURING THE TWELVE (12) MONTHS IMMEDIATELY PRECEDING THE EVENTS GIVING RISE TO THE CLAIM. THE EXISTENCE OF ONE OR MORE CLAIMS SHALL IN NO EVENT INCREASE NewEdge's TOTAL LIABILITY BEYOND THE TOTAL FEES PAID BY CLIENT TO NewEdge UNDER THE AGREEMENT AND IN NO EVENT SHALL ANY OF NewEdge's OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, CONSULTANTS, SUPPLIERS, AFFILIATES OR SUBCONTRACTORS HAVE ANY LIABILITY ARISING OUT OF OR IN ANY WAY CONNECTED TO THE MATERIALS AND SERVICES PROVIDED UNDER THE AGREEMENT.

9.3 NewEdge Reliance on Client Information - NewEdge shall be entitled to rely, without liability, on the accuracy and completeness of any and all information provided by Client, Client's consultants and contractors, manufacturers, suppliers, publishers of technical standards, and information from public records, without the need for independent verification. To the extent such information appears to be incomplete or inaccurate, NewEdge shall in good faith advise client accordingly and Client shall promptly cooperate to resolve such inaccuracies or provide such information as need to provide NewEdge complete information. To the extent such inaccurate or incomplete information impedes or otherwise delays NewEdge's performance under this Agreement, Client agrees to indemnify, hold harmless, and defend NewEdge and its Affiliates, as well as their respective agents, distributors and subcontractors, individually or collectively, as the case may be, in accordance with this provision against any loss arising from, or in connection with, or resulting from, the Materials or Services furnished by NewEdge under this Agreement or any Order under this Agreement or acts or omissions with respect to this Agreement or any Order under this Agreement.

9.4 Client General Indemnity of NewEdge – To the extent allowed by law, Client agrees to indemnify, hold harmless and defend NewEdge, NewEdge's officers, directors, employees, agents, subcontractors and third-party suppliers or affiliates, at Client's expense, against any and all third-party claims, actions, proceedings, and suits brought against NewEdge or any of NewEdge's officers, directors, employees, agents, subcontractors, third-party suppliers or affiliates, and pay all related liabilities, damages, settlements, penalties, fines, costs or expenses (including, without limitation, reasonable attorneys' fees and other litigation expenses) incurred by NewEdge or any of NewEdge's officers, directors, employees, agents, subcontractors, third-party suppliers or affiliates, arising out of or relating to: (a) Client's breach of any term or condition of this Agreement; (b) Client's fraudulent, illegal or malicious use of the Materials or Services; (c) Client's violation of applicable Laws, rules or regulations in connection with the Materials or Services; (d) NewEdge's use of any content or information provided by Client to NewEdge; or (e) the disclosure of this Agreement. In such a case, NewEdge shall provide Client written or electronic notice of such claim, suit or action. Client shall cooperate as fully as reasonably required in the defense of any claim. NewEdge reserves the right, at NewEdge's own expense, to assume the exclusive defense and control of any matter subject to indemnification by Client.

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

10.0 Termination

10.1 Termination for Cause

a. This Agreement or any Order under this Agreement may be terminated in part or whole by either Party for [1] failure to comply with the terms and conditions of the Agreement, or [2] as provided elsewhere in the Agreement.

b. In such case as Client elects to terminate for alleged deficiency in Materials provided or Services performed or alleged failure of NewEdge to comply with the terms and conditions of the Agreement or any Order under this Agreement and such alleged failure relates directly to the quality or consistency of the performance by NewEdge under the Agreement, Client shall provide written notice to NewEdge thirty (30) days in advance of the date of proposed termination. On receipt of such notice, Client shall work with NewEdge in good faith to allow NewEdge a reasonable time, exceeding such thirty (30) day period if reasonably necessary, to remedy such alleged deficiency or failure. If after such remedial effort, the alleged deficiency or failure, as determined by the Parties working together in good faith, has not been reasonably cured, the Agreement or any Order under this Agreement shall be deemed terminated.

10.2 Termination by Agreement – The Agreement or any Order under this Agreement may be terminated by a writing signed by both Parties. In such case, Client shall pay fees for work performed up to and including the date of agreed termination in compliance with the terms of the Agreement.

10.3 Temporary Suspension of Work – Should the Client desire to temporarily suspend work under this Agreement or any Order under this Agreement without terminating the Agreement or any Order under the Agreement, Client shall provide NewEdge thirty (30) days written notice of such suspension, the reasons for such suspension, and the proposed date on which work may recommence. Such temporarily suspended work may be resumed on a mutually agreed date but in no event shall NewEdge be required to agree to a date which unreasonably interferes with previous or anticipated commitments or scheduled events. In such case, Client shall pay fees for work performed up to and including the date of agreed suspension in compliance with the terms of the Agreement.

11.0 Miscellaneous Terms

11.1 Electronic Data Transmission

The Parties may exchange communications, documents, and other relevant Materials ("Data") electronically, in place of tangible documents, and unless otherwise agreed in a signed writing, shall direct such Data to the respective contact listed in the Notices provision of this Agreement. The following additional conditions apply to any such exchanges:

a. Statute of Frauds. All Data transmitted pursuant to this clause shall be deemed to be a "writing" or "in writing" for purposes of the Uniform Commercial Code. Any such Data containing or having affixed to it a Signature shall be deemed for all purposes to: (i) to have been "signed" and "executed," and (ii) to constitute an "original" when printed from electronic files or records established and maintained in the normal course of business.

b. Method of Exchange. Data shall be exchanged by direct electronic or computer systems communication between NewEdge and Client or by indirect communications using a third-party service provider to translate, forward and/or store such Data. Each Party shall be responsible for the cost(s) and associated cost(s) of any such third-party service provider with which it contracts.

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

11.2 Independent Contractor - The relationship of the Parties established by this Agreement is that of independent contractors, and nothing contained in this Agreement or any Order under this Agreement shall be construed to (a) constitute Parties as partners, joint venturers, co-owners or otherwise as participants in a joint or common undertaking, or (b) except to the extent expressly set forth in this Agreement, allow any Party hereto to create or assume any obligation on behalf of another Party hereto for any purpose whatsoever.

11.3 Cumulative Remedies - The rights and remedies of the Parties set forth in this Agreement are not exclusive of, but are cumulative to, any rights or remedies now or subsequently existing at law, in equity, by statute or otherwise, except in those cases where this Agreement or any Order under this Agreement specifies that a particular remedy is sole or exclusive, but neither Party may retain the benefit of inconsistent remedies. No single or partial exercise of any right or remedy with respect to one breach of this Agreement or any Order under this Agreement precludes the simultaneous or subsequent exercise of any other right or remedy with respect to the same or a different breach.

11.4 Assignment and Delegation - Neither Party may assign, delegate, or otherwise transfer its rights or obligations under this Agreement, voluntarily or involuntarily, whether by merger, consolidation, dissolution, operation of law, or any other manner, without the prior written consent of the other Party, except as follows:

a. Permitted Assignment of Rights or Delegation of Duties - Without securing the consent of the other, either Party may assign its rights, or delegate its duties, or both, in whole or in part: to any present or future Affiliate of assigning Party, to any lender providing financing to assigning Party, or to any third party that assumes the operation of or otherwise acquires any substantial portion of the business of assigning Party affected by this Agreement.

b. Delegation Permitted by this Agreement - NewEdge may subcontract its performance subject to the Section entitled “Use of Subcontractors.”

c. Assignment of Right to Receive Money – Either Party may assign its right to receive money due hereunder, but any assignment of money is void to the extent (a) the assignor fails to give the non-assigning Party at least thirty (30) days prior notice, (b) the assignment purports to impose upon the non-assigning Party additional costs or obligations in addition to the payment of such money, or (c) the assignment purports to preclude non-assigning Party from dealing solely and directly with assigning Party in all matters pertaining to this Agreement.

d. Non-Compliant Assignment and Delegations are Void - Any assignment, delegation or transfer for which consent is required hereby and which is made without such consent given in writing is void.

11.5 Entire Agreement - This Agreement, including all appendices, exhibits, attachments and documents incorporated by reference, constitutes the final, complete, and exclusive expression of the Parties’ agreement on the matters contained in this Agreement. The terms of this Agreement or any Order under this Agreement shall govern in lieu of all other pre-printed, standardized or other provisions that may otherwise appear in any other paper or electronic record of either Party. All prior written and oral negotiations and agreements, and all contemporaneous oral negotiations and agreements, between the Parties on the matters contained in this Agreement or any Order under this Agreement are expressly merged into and superseded by this Agreement or any Order under this Agreement. The Parties do not intend that the provisions of this Agreement or any Order under this Agreement be explained, supplemented, or qualified through evidence of trade usage or any prior course of dealings or any course of performance under any prior agreement. In entering into this Agreement or any Order under this Agreement, neither Party has relied upon any statement, estimate, forecast, projection, representation, warranty, action or agreement of the other Party except for those expressly contained in this Agreement or any Order under this Agreement. There are no conditions precedent to the effectiveness of this

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

Agreement or any Order under this Agreement other than any expressly stated in this Agreement or any Order under this Agreement.

11.6 Orders – Client may order Materials or Services by submitting Orders in connection with this Agreement that are substantially in the form of Appendix B – Order Form.

11.7 Force Majeure - If a Force Majeure Event prevents a party from complying with any one or more obligations under this agreement, that inability to comply will not constitute breach if (1) that party uses reasonable efforts to perform those obligations, (2) that party's inability to perform those obligations is not due to its failure to (a) take reasonable measures to protect itself against events or circumstances of the same type as that Force Majeure Event or (B) develop and maintain a reasonable contingency plan to respond to events or circumstances of the same type as that Force Majeure Event, and (3) that party complies with its obligations under this provision.

a. Definition of Force Majeure Event - For purposes of this agreement, "Force Majeure Event" means, with respect to a Party, any event or circumstance, whether or not foreseeable, that was not caused by that Party (other than a strike or other labor unrest that affects only that Party, an increase in prices or other change in general economic conditions, a change in law, ordinance, or other statutory or regulatory provision with which such Party must comply, or an event or circumstance that results in that party's not having sufficient funds to comply with an obligation to pay money) and any consequences of that event or circumstance.

b. Force Majeure Event Notice Requirement - If a Force Majeure Event occurs, the noncomplying party shall promptly notify the other party of occurrence of that Force Majeure Event, its effect on performance, and how long the noncomplying party expects it to last. Thereafter the noncomplying party shall update that information as reasonably necessary. During a Force Majeure Event, the noncomplying Party shall use reasonable efforts to limit damages to the other Party and to resume its performance under this Agreement.

11.8 Time Not of the Essence – Time is not of the essence.

11.9 Governing Law - This Agreement and all Orders under the Agreement shall be construed in accordance with the Laws of the state of Texas, without regard to principles of conflicts of law and excluding the United Nations Convention on Contracts for the International Sale of Goods. For purposes of applying its Uniform Commercial Code, the Materials and Services provided under this Agreement or any Order under this Agreement shall be deemed to be "goods."

11.10 Forum

Forum for Judicial Actions - Other than to the extent expressly set forth below in this provision, any legal action or proceeding arising out of or relating to this Agreement or the transactions it contemplates shall be brought only in the Fort Worth Division of the United States District Court for the Northern District of Texas or in any Texas state court sitting in Fort Worth, Texas, and each Party consents to the exclusive jurisdiction of such courts (and of the appropriate appellate courts) in any such Judicial Action and waives any claim of forum non conveniens in connection therewith and objection to venue laid therein. Process in any such judicial action may be served on a Party anywhere in the world, whether within or without the State of Texas. The choice of forum above shall not prohibit the enforcement of any judgment obtained in that forum or any other appropriate forum.

11.11 Amendments and Waivers

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

a. General Amendment - The Parties may not amend this Agreement or any Order under this Agreement except by a written agreement of the Parties that identifies itself as an amendment to this Agreement or any Order under this Agreement and is signed by both Parties.

b. General Waivers of Rights - No waiver of any right or condition is effective unless given in writing and signed by the Party waiving such right or condition. No delay or omission by either Party to exercise any right or power it has under this Agreement or any Order under this Agreement shall impair or be construed as a waiver of such right or power. A waiver by any Party of any breach, condition or covenant shall not be construed to be a waiver of any succeeding breach or condition or of any other covenant. All waivers must be in writing and signed by the Party waiving its rights.

c. Changes to Scope of Materials or Services - Changes to scope of the Materials or Services as described in this Agreement or any Order under this Agreement must be expressly stated and comply with the terms of this Agreement.

11.12 Severability - If any provision of this Agreement or any Order under this Agreement is determined to be invalid, illegal, or unenforceable, then the remaining provisions of this Agreement or any Order under this Agreement shall remain in full force to the extent both the economic and legal substance of the transactions contemplated by this Agreement or any Order under this Agreement are not affected in any manner that is materially adverse to either Party by severing the provision determined to be invalid, illegal, or unenforceable.

11.13 Construction and Interpretation

a. Joint Drafting and Understanding - This Agreement has been prepared jointly and has been the subject of arm's length and careful negotiation. Each Party has been given the opportunity to independently review this Agreement with legal counsel and other consultants, and each Party has the requisite experience and sophistication to understand, interpret and agree to the particular language of its provisions. Accordingly, the drafting of this Agreement is not to be attributed to either Party.

b. General Construction

(1) Headings contained in this Agreement or any Order under this Agreement are for reference purposes only and are not to affect the meaning or interpretation of this Agreement.

(2) The word "include" in every form means to include without limitation by virtue of enumeration and a derivative of a defined term shall have the meaning appropriate to the context of its use.

(3) References to content posted on any website referred to in this Agreement or any Order under this Agreement shall mean such content as it may be revised from time to time.

(4) Whenever this Agreement or any Order under this Agreement refers to a consent or approval to be given by either Party, such consent or approval is effective only if given in writing and signed by the Party giving approval or consent.

(5) The use of singular words includes the plural and vice versa.

11.14 Third Party Beneficiaries - Except as expressly set forth to the contrary in this Agreement, there are no third-party beneficiaries of this Agreement or any Order under this Agreement, and this Agreement or any Order under this Agreement shall not provide any third person or entity with any remedy, claim, liability, reimbursement, claim of action or other legal or equitable right in excess of those existing without reference to this Agreement. NewEdge's Materials and Services provided through this Agreement or any Order under this Agreement are solely for the benefit of the Client.

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

11.15 Survival of Obligations - Obligations and rights under this Agreement or any Order under this Agreement that by their nature would reasonably continue beyond the termination or expiration of this Agreement or any Order under this Agreement (including without limitation those in the Sections entitled "Intellectual Property," "Compliance," "Warranties," "Confidentiality," Limitation of Damages and Indemnity," and "Miscellaneous Terms") shall survive the termination or expiration of this Agreement or any Order under this Agreement.

11.16 Notices

a. Each Party giving or making any notice, consent, request, demand, or other communication pursuant to this Agreement or any Order under this Agreement must give the notice in writing and use one of the following methods, each of which for purposes of this provision is a writing: by hand; certified mail (return receipt requested and postage prepaid); U.S. Postal Service overnight or priority mail; internationally recognized overnight courier (in either case with all fees prepaid); or email. Each Party giving a notice shall address the notice to the appropriate person (the "Addressee") at the receiving Party at the address listed below:

(1) **NewEdge:**
Laura Carr, Chief Operating Officer
9191 Kyser Way, Suite 103
Frisco, TX 75033
469-888-5044 - lcarr@newedgeservices.com

(2) **CLIENT:**
Lance Singleton, GIS Supervisor
385 S. Goliad St.
Rockwall, TX 75087
972-772-6785 – lsingleton@rockwall.com

b. A notice is effective only if the Party giving notice has complied with the foregoing requirements of this Section and the Addressee has received the notice. A notice is deemed to have been received as follows:

(1) If a notice is furnished by hand, on the date of delivery if delivered during business hours on a business day (otherwise on the next business day);

(2) If a notice is sent by certified mail, U.S. Postal Service overnight or priority mail, or internationally recognized overnight courier, upon the date of delivery as indicated by the receipt or other tracking record;

(3) If a notice is sent by e-mail, upon successful transmission to the recipient's email account, if such notice is sent in time to allow it to be accessible by the Addressee before the time allowed for giving such notice expires, and a confirmation copy is sent by one of the other methods.

(4) The addresses and telephone numbers to which notices may be given to either Party may be changed by written notice given by such Party to the other pursuant to this Section.

12.0 Transmission of Original Signatures and Executing Multiple Counterparts
Original signatures transmitted and received via facsimile or other electronic transmission of a scanned document (e.g., pdf or similar format) are true and valid signatures for all purposes hereunder and shall bind the Parties to the same extent as that of original signatures. This Agreement may be executed in multiple counterparts, each of which shall be deemed to constitute an original but all of which together shall constitute only one document.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed as of the Effective Date.

NewEdge Services, LLC – Confidential Information

APPENDIX A – STATEMENT OF WORK

1) **Description of Materials and Services**:

a) **Implementation of the Cityworks Server PLL Software**

Task 1 – Kick-off Meeting and Technical Review

NewEdge kicks off all Cityworks Server PLL implementation projects with an on-site kick-off meeting. During this meeting, NewEdge staff will collect information that will be input into the Cityworks database such as employee lists, fee schedules, sample permit applications and backup databases if applicable.

NewEdge staff will be on-site for up to 5 days to conduct the kick-off meetings. Sessions scheduled for this day include but are not limited to:

- Introductory Presentation and Project Planning – 1 Hour. NewEdge staff introduces Server PLL to City staff and the plan for the implementation
- Technical Review – 3 Hours. Conducted with GIS and IT staff, NewEdge will review hardware and software versions and configurations and perform a GIS Data Review. Will discuss in-depth UniqueIDs for GIS features and their importance in Cityworks. NewEdge will also evaluate the existing installation and configuration of the Server AMS software.
- Building Inspections Datasource Review – 8 Hours. Review workflows for the issuing and tracking of building permits. Discuss fee structures, application intake data, collect printed out permits, Certificates of Occupancy and discuss reporting needs. During this time Contract Licensing will also be reviewed.
- Planning & Zoning and Land Development Datasource Review – 8 Hours. Review workflows for the issuing and tracking variances, zoning modifications, SUPs, etc. Discuss fee structures, application intake data and discuss reporting needs.
- Code Enforcement (Neighborhood Improvement) Datasource Review – 4 Hours. Review workflows for receiving Code issues, tracking Code cases, fees, documents and reporting requirements.
- Fire Marshal's Office – 4 Hours. Review workflows, review requirements, reporting needs.
- Engineering – 4 Hours - Review workflows for receiving Code issues, tracking Code cases, fees, documents and reporting requirements.

Deliverables:

- Five days on-site for kick-off and technical review meetings.
- Implementation Plan and Strategy

Task 2 – Cityworks Database Design and Configuration

The NewEdge implementation team will take the information collected from the kick-off and technical review meetings and configure the Cityworks Server PLL database. Configuration of the Cityworks database will include but not be limited to:

- Track Reporting from Citizens
- Workflows for all departments and divisions
- Fees
- Case Data (Application Information)
- Print Documents for Permits
- Reporting

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

This task is constant across the duration of the project. During reviews and on-site meetings and even into training and on-site support, the Cityworks database will be continuously evolving. Rather than relying on long periods of user testing and user acceptance, NewEdge relies more on regular reviews with the client. With this philosophy, NewEdge staff and our clients are in constant communication and on the same page.
NewEdge does NOT make custom modifications to the Server PLL software. Through our experience with previous permitting and code enforcement clients, we feel the software can be configured, out of the box, to accommodate all workflows for those services and divisions.

Deliverables:

- Configured Cityworks Database

Task 3 – Workflow Assessment
NewEdge will return to the City for an on-site workflow assessment. Conducted by NewEdge staff, the team will review, in detail, the existing workflows and business processes. The workflows will be reviewed using the configured Cityworks database from Task 2. Modifications can be made to the database at this point. The NewEdge team will take this opportunity to review current work flow procedures and propose changes or modifications to current processes that align more closely with practices and procedures utilized by the Cityworks PLL system.

During the workflow assessment meetings, NewEdge will determine the roles and responsibilities of the users accessing the system. The domain, role, and template level security will be established in the configured environment.

Based on reporting needs discovered during the Workflow Assessment, NewEdge will generate 10 custom Crystal Reports templates. These templates are in addition to the print templates required to print and issue Permits, Planning and Zoning letters and Permits and Code Enforcement NOV letters. These reports are more for monthly and weekly reporting needs. Additional reporting needs may be accommodated by Cityworks Reporting tools, Inboxes and Export to Excel or Word.

Deliverables:

- Five Days On-Site for Assessment Meetings.
- Business Process Mapping – diagrams of current workflows for permits and cases and provide recommendations on modifications to the workflows to better work with Server PLL
- Recommended Reports for Server PLL

Task 4 – On-Site Review of the Cityworks Database
NewEdge staff will perform an on-site database review of the Cityworks Database Configuration with City staff. NewEdge staff will review all aspects of the Cityworks database and will verify all workflows. NewEdge staff will configure changes to the database during the review.

Deliverables:

- Four days for Cityworks Database Review

Task 5 – Cityworks Server PLL Training
NewEdge's philosophy of training is to be on-site and interact with the users. During implementations, NewEdge provides two levels of training. The first level is a classroom type training where the trainer walks through the functionality of the software and performs live demonstrations. Users should have their own

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

machines for the classroom training so they can interact with the software and perform the exercises given to them by the trainer. The second level of training is the on-site support week. While we call this support, it is actually training. This is the time when NewEdge team members work one-on- one with your software users. It is an opportunity for users to ask questions and receive clarification on the software while performing their daily work activities. NewEdge finds this a critical step in the implementation process. During this week, we typically fine-tune the database and streamline the work flow process.

PLL Administrator and Designer Training (1 day) – This training is targeted for the "super users" of the system. These users will be responsible for the underlying Cityworks database and on-going maintenance of the system.

User Training (5 days) – This training is designed for the system users that interact with the Cityworks system on a regular basis. This training should include users entering permits, performing inspections, code Officers, and those who will use Cityworks to generate reports. Training materials (tip sheets, etc.) will be provided at the training sessions. The City will be responsible for providing a training facility, including computers configured to the correct specifications for the Cityworks software and connectivity to the Cityworks database. The training schedule and sessions will be generated based on how many users of the system and classes will generally be divided by division or discipline.

On-Site Support (5 days) - Once Cityworks is on-line and the staff is trained, NewEdge staff will remain on-site to assist users as they encounter day-to- day business transactions using the Cityworks software. NewEdge sees this as a critical step in the implementation process as it gives our implementers an opportunity to work directly with individual users. During this time, our staff will discover and correct configuration issues, overcome training lapses, and finalize or modify permitting work flows. The City will be responsible for setting up the schedule for on-site support. Each user should dedicate one to two hours of individual support with the NewEdge staff, depending on their roles and responsibilities with the software.

Deliverables:

- One week of training for the Cityworks PLL software
- One week of on-site support

Assumptions

Software Acquisition

Azteca Systems, Inc. is the recognized leader in Enterprise GIS-centric Computerized Maintenance Management Systems. NewEdge understands the City is a current user of the Cityworks Server AMS software for work order management. NewEdge assumes the City will purchase the software and continued maintenance of the Cityworks Server PLL software under a separate contract and license agreement from the NewEdge contract for implementation services.

Installation and Configuration of the Production Database

Since the City is a current Cityworks user, all configurations for Server PLL will be performed on the live Cityworks database and application site. The Cityworks software does not have a reliable domain transfer tool for the Server PLL software. NewEdge will perform the PLL configuration tasks in a manner that will not affect the current users of Cityworks Server AMS software. To perform the database configuration, NewEdge staff must have remote access to the production servers.

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

Responsibilities

City of Rockwall

- Remote access to City servers
- Coordination of the training/on-site support schedules and location
- All hardware for the users of the PLL software – desktops and/or field devices
- Dedicated project manager

NewEdge Services

- Bi-weekly meetings will be scheduled but can be moved and modified as needed by NewEdge and/or City staff.

Schedule

Implementation of all tasks in this Scope of Work is estimated to take up to 12 months.

b) **Import of Legacy TRAKiT Data**

As with any significant data conversion process, it is critical to successfully complete the conversion of a pilot project area to establish and test the acceptance criteria and established quality standards, verify proposed conversion processes and methodologies, and verify the validity of the data model design. The pilot area will provide both City stakeholders and our configuration team with the opportunity to undertake a representative sample of the full-system data conversion efforts and perform a critical evaluation of results prior to moving forward with the full system conversion. Our configuration team will develop a mapping process to import the data into Cityworks after backup of the legacy data system has been received.

After a full review of the pilot migration, to verify data integrity inside the Cityworks environment, our configuration team willperform a full migration from the original file formats into the Cityworks database. Our QA/QC program builds quality into the data deliverables from the beginning of the project, as opposed to "fitting it in" at the end, to provide City staff with confidence that the data meets the established quality criteria and will support the forward movement of the Cityworks system. By adhering to the established QA/ QC standards and procedures we will provide the City of Rockwall a proven approach with each conversion process.

Deliverables:

- Data conversion documentation and QA/QC processes and results

Assumptions

Import of historical records into the Cityworks database are not tied geographically to the map. Historical records can be queried, reported on and modified just as any other work order or PLL case, however they will not be represented by a geographic location on the map. Should the Client wish to tie the historical cases to the map, this will require a change order to the contract.

Responsibilities

City of Rockwall

- Supply backup of the TRAKiT database in a format that is useable by NewEdge staff. (Excel, SQL backup, etc). Backups cannot be received in Word or PDF format.

Schedule

Implementation of all tasks in this Scope of Work is estimated to take up to 12 months.

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

c) **Implementation of the Cityworks PLL Public Access**
Implementation of the PLL Public Access can occur prior to or after go-live of the PLL software. The current project schedule in this proposal has the PLL Public Access go-live concurrent with the PLL software go-live.

Task 1 – Requirements Meeting
NewEdge staff will meet on-site to review the existing PLL Public Access functionality and determine the City's requirements for an on-line portal for citizen interaction with the permitting process. All configurations and workflows will be taken into consideration from Phase 1 of the project. NewEdge will evaluate payment processing options that are available with the PLL Public Access product.

Deliverables:
- Gap analysis on City requirements and PLL On-line Portal functionality
- Schedule for PLL Public Access project

Task 2 – Configuration of PLL Portal Software
NewEdge will configure PLL Public Access software in the City's test environment. Additional review meetings will be conducted with the City to confirm configuration and testing of the portal.

Once the City approves the Public Access configuration (Task 3 below), then NewEdge will perform the same tasks on the Production Cityworks site.

Deliverables:
- Install and configure Public Access for PLL on a test environment
- Install and configure Public Access for PLL on the City's production environment

Task 3 – Final Review and Administrator Training
NewEdge staff will be on-site to perform a final review of the PLL Public Access configuration. NewEdge will also spend half a day with the City's Server PLL administrators to discuss configuration and maintenance of the Portal.

This meeting and final City approval will initiate configuration of the PLL Portal software on the production environment.

Deliverables:
- On-site review of the PLL Public Access configuration
- Portal administrator training

Assumptions
The purchase of the Cityworks Server PLL software will include the Public Access for PLL Add-on.

Schedule
Implementation of all tasks in this Scope of Work is estimated to take up to 12 months.

d) **Crystal Reports Training**
Crystal Reports is the reporting mechanism used by Cityworks. This implementation package includes development of 10 custom report templates; however, users may need additional custom reports generated after the go-live date. The two- day Crystal Reports training will prepare users to generate these reports for use

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

in Cityworks. NewEdge will honor pricing provided in the proposal for up to one year after the City is live with Cityworks.

Assumptions
Crystal Reports training is an optional task in this Scope of Work. Should the City decide not to have Crystal Reports training and exceeds the 10 custom reports in the implementation package, NewEdge will charge the City $150/hour for Crystal Report services.

Responsibilities
City of Rockwall

- City will have a valid number of Crystal Report licenses for users being trained in Crystal Reports.

Schedule
Implementation of all tasks in this Scope of Work is estimated to take up to 12 months.

e) **Cityworks Refresher Training**
Refresher training can be done any time interval after the client has gone live. The Cost Summary includes 6 month and 1-year refresher training for PLL users. The hours for each training interval can be broken down into Classroom training, Question/Answer type training, Advanced Topics, etc. NewEdge staff will work with City personnel to determine the training agendas and best use of the training time.

Assumptions
City will utilize both the 6 month and 1-Year training sessions within 1 year of the go-live date.

Schedule
Schedule of Refresher Training to be determined.

2) **Invoices/Billing Information:**
Invoices and billing information are to be sent to Client at:
Lance Singleton, GIS Supervisor
385 S. Goliad St.
Rockwall, TX 75087
972-772-6785 – lsingleton@rockwall.com

Pricing:
Total cost for implementation of Cityworks PLL for the City of Rockwall: **$160,660.00**

Task Name / Description	Price Estimate
Cityworks Server PLL Implementation (Implementation and Training)	$112,380.00
Import of Legacy TRAKiT Data	$12,000.00
Geographical Reference of Imported TRAKiT Data	$3,000.00

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

Installation and Configuration of PLL for Public Access	$10,400.00
Crystal Reports Training	$2,080.00
Refresher Training – 6 month and 1 Year (80 hours)	$20,800.00

Payment Schedule:

Task Completed	***Billing***
Kickoff (33% of Task Totals) • Implementation Services ($37,085.40) • Legacy Data Import ($3,960.00) • PLL for Public Access ($3,432.00)	$44,477.40
Workflow Assessment (60 % of Task Totals) • Implementation Services ($30,342.60) • Legacy Data Import ($3,240.00) • PLL for Public Access ($2,808.00)	$36,390.60
Database Review (75% of Task Totals) • Implementation Services ($16,857.00) • Legacy Data Import ($1,800.00) • PLL for Public Access ($1,560.00)	$20,217.00
Go-Live (90% of Task Totals) • Implementation Services ($16,857.00) • Legacy Data Import ($1,800.00) • PLL for Public Access ($1,560.00)	$20,217.00
Final Implementation Invoice (100% of Task Totals) • Implementation Services ($11,238.00) • Legacy Data Import ($1,200.00) • Legacy Data Geocoded ($3,000.00) • PLL for Public Access ($1,040.00)	$16,478.00
Crystal Reports Training • 100% Billed	$2,080.00
Refresher Training • 6 Month Training (40 Hours)	$10,400.00
Refresher Training • 1-Year Training (40 Hours)	$10,400.00
Total	$ 160,660.00

3) **Project Manager/Point of Contact:**
The Client project manager and/or point of contact shall be:
Lance Singleton, GIS Supervisor
385 S. Goliad St.
Rockwall, TX 75087
972-772-6785 – lsingleton@rockwall.com

4) **Special Terms and Conditions**
N/A Unless specified by client.

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

APPENDIX B – ORDER FORM

Order/Statement of Work

This Order is by and between NewEdge Services, LLC, a Texas limited liability company, and its subsidiaries, parents, affiliates, successors, and assigns ("NewEdge"), and **The City of Rockwall** and its subsidiaries, parents, affiliates, successors, and assigns, each of them ("Client"), each of which may be referred to in the singular as "Party" or in the plural as "Parties," and shall be governed pursuant to the terms and conditions of the Material and Services Agreement executed between the Parties on **[effective date]**. Any terms and conditions in this Order that modify or change the terms and conditions of Material and Services Agreement executed between the Parties on **[effective date]** shall apply to this Order only.

1. **Description of Materials and Services**:

   Materials provided and Services performed shall include only:

   _____

   _____

   Assumptions made as preconditions of the Materials and Services provided:

   _____

   _____

2. **Duration of Order:**

   [State the term required to provide the Materials or perform Services.]

3. **Personnel to Perform the Services**:

   The personnel to perform such Services include:

   _____

   _____

4. **Location of Services:**

   Location of Services shall be at the following location:

   _____

   _____

5. **Prices:**

NewEdge Services, LLC – Confidential Information
This Agreement is not for use or disclosure outside the Parties to this Agreement, their Affiliates, and their third-party representatives, except under written agreement by the contracting Parties.

6. **Payment:**

CITYWORKS®
LICENSE AND MAINTENANCE AGREEMENT

This Software License and Maintenance Agreement made by and between Azteca Systems, LLC ("Azteca Systems") a Delaware limited liability company, with a place of business at 11075 South State, Suite 24, Sandy, Utah 84070 USA and [_____], using certain of Azteca Systems Licensed Products hereinafter referred to as "Licensee." This Agreement is effective immediately upon delivery of Licensed Products (the "Effective Date").

Azteca Systems Products are licensed under the terms and conditions of the Agreement. This agreement, when executed by the licensee named below ("Licensee") and Azteca Systems, LLC (Azteca Systems), as licensor of the Software, Online, Services, and Documentation licensed under the License Agreement, will supersede any previous Agreements including the License Agreement presented in the installation process requiring acceptance by electronic acknowledgement and will constitute a signed License Agreement.

This signed Agreement includes (i) this License and Maintenance Agreement, (ii) Addendum #1 – Product Licensing, (iii) Addendum #2 – Standard Maintenance and Support and (iv) Addendum #3 – Third Party Contractor Acknowledgment.

This signed Agreement may be executed in duplicate by the Parties. An executed Agreement, modification, amendment, or separate signature page shall constitute a duplicate if it is transmitted through electronic means, such as fax or email, and reflects the signing of the document by any Party. Duplicates are valid and binding even if an original paper document bearing each Party's original signature is not delivered.

ARTICLE 1—DEFINITIONS

1.1 Definitions. The terms used are defined as follows:

a. "Agreement" means this Software License Agreement between Azteca Systems and Licensee, inclusive of all schedules, exhibits, attachments, addenda and other documents incorporated by reference.
b. "Authorization Code(s)" means any key, authorization number, enablement code, login credential, activation code, token, account user name and password, or other mechanism required for use of a Product.
c. "Authorized User" or "User" shall mean: (i) a direct user of the Licensed Products, including but not limited to Licensee's employees; (ii) Licensee's consultants who have agreed to maintain the Licensed Property in confidence and use it only for the benefit of Licensee, or (iii) members of the public gaining access to, and only limited use of, the Licensed Products via the Software's public web portal (if applicable). Other than limited use of the Products through the software's web portal, the public is not considered an authorized user.
d. "Client Data" means the data provided or inputted by or on behalf of Licensee, including personally identifiable information, for use with the Software.
e. "Covered Software" shall mean the particular Cityworks Software, scripts, interfaces and custom code identified in Addendum #1.
f. "Deployment Server License" means a license that, in addition to providing staging server License rights, authorizes Licensee to install and use the Software for deployment in Licensee's internal use.
g. "Testing Server License" means a license that authorizes Licensee to install and use the Software on a server in Licensee's internal use to provide testing License rights prior to deployment.
h. "Documentation" means all user reference documentation that is delivered with the Software.
i. "Internal Use" means use of the Licensed Products by employees of Licensee in Licensee's internal operations but does not include access of the Licensed Products by, or use of the Licensed Products in the provisions of services to, Licensee's clients or customers. Internal Use also includes use of the Licensed Products by contractors of Licensee, including contractors providing outsourcing or hosting services, as long as Licensee assumes full responsibility for the compliance with this Agreement in such use. Use of the Licensed Products (or any part thereof) for the benefit of others, whether by means of a software as a service offering, service bureau application, application service provider, outsourcing or other means of providing service to any third party shall not be considered Internal Use.
j. "Licensed Products" or "Products" shall mean the portion of the Cityworks Software and the

Documentation to which Licensee has purchased a License as identified as specified in Addendum #1 attached hereto. Licensed Products shall include any updates or upgrades to the Licensed Products that Azteca Systems may at its discretion deliver to Licensee. Products includes but is not limited to Software, Online Services, and Documentation licensed under the terms of this license Agreement.

k. "Login" means a license that allows Licensee to permit a single authorized named end user to use the Software, Data, and Documentation installed on a server and accessed from a computer device.
l. "Online Services" means any Internet-based system, including applications and associated APIs, hosted by Azteca Systems or its licensors, for storing, managing, publishing, and using Cityworks software and data, and other information.
m. "Ordering Document(s)" means a sales quotation, purchase order, or other document identifying the Products that Licensee orders.
n. "Preview" means any alpha, beta, or prerelease Product.
o. "Sample(s)" means sample code, sample applications, add-ons, or sample extensions of Products.
p. "Server" means each single instance of an operating system, whether physically installed on a computer or within a virtualized environment.
q. "Software" or "Cityworks Software" means all or any portion of Azteca Systems proprietary software technology, excluding data, accessed or downloaded from an Azteca Systems (Cityworks) authorized website or delivered on any media in any format including backups, updates, upgrades, and service packs.
r. "Standard Maintenance" or "Maintenance Addendum" shall mean the Standard Software Maintenance & Support Addendum #2.
s. "Term License" means a license or access provided for use of a Product for a limited time period ("Term") or on a subscription or maintenance basis as specified herein.

ARTICLE 2—INTELLECTUAL PROPERTY RIGHTS AND RESERVATION OF OWNERSHIP

Products are licensed, not sold. Azteca Systems and its licensors own Products and all copies, which are protected by United States and applicable international laws, treaties, and conventions regarding intellectual property and proprietary rights including trade secrets. This Agreement does not transfer ownership rights of any description in the Software, materials, or services to Licensee or any third party. Licensee agrees to use reasonable means to protect Products from unauthorized use, reproduction, distribution, or publication. Azteca Systems and its third-party licensors reserve all rights not specifically granted in this Agreement including the right to change and improve Products.

ARTICLE 3—GRANT OF LICENSE

3.1 Grant of License. Subject to the terms of this Agreement, Azteca Systems grants to Licensee a personal, nonexclusive, nontransferable license solely to use the Products as set forth in Addendum #1 – Product Licensing (i) for which the applicable license fees have been paid; (ii) for Licensee's own internal use; and (iii) in accordance with this Agreement and the configuration ordered by Licensee or as authorized by Azteca Systems; and (iv) for the applicable Term or until terminated in accordance with Article 5. License types may include, but are not limited to Login, Workgroup, Departmental, ELA (Enterprise License) Licenses. Licensee may allow Third Party Contractors to access and use the licensed Software, provided Licensee and Third Party Contractor agree to and are bound by the terms set forth in Addendum 3. In addition to the Scope of Use in Article 4, Addendum #1 – Product Licensing which applies to specific Products, Addendum #2 – Standard Maintenance and Support, and Addendum #3 – Third Party Contractor Acknowledgment (if applicable) collectively, are incorporated in this Agreement.

a. *Software. U*se and License for specific Software products are set forth in Addendum 1- Product Licensing Addendum, which is incorporated by reference.
b. *Maintenance.* Maintenance terms are set forth in Section 9.11 below and in Addendum 2, - Standard Maintenance and Support which terms are incorporated by reference.
c. *Third Party Contractor.* Terms of use for Third Party Contractor software usage (if applicable) are set forth in Addendum #3, which is incorporated by reference.

3.2 Preview Release Licenses. Products acquired under an evaluation license or under a Beta program are intended for evaluation and testing purposes only and not for commercial use. Any such use is at Licensee's own risk, and the Products do not qualify for Azteca or distributor maintenance.

3.3 Special Use Programs. If Licensee acquires Products under a special program for noncommercial, nonprofit, educational, or other limited-use license, Licensee's use of the Products is subject to the terms set forth in the applicable enrollment form or as described on Azteca's website in addition to the non-conflicting terms of this Agreement. All such program terms are incorporated herein by reference.

3.4 Delivery. Unless otherwise requested by Licensee, Azteca Systems shall provide an electronic link to make available to Licensee the Licensed Property by electronic download and a license key to activate the Licensed Property.

ARTICLE 4—SCOPE OF USE

4.1 Permitted Uses

a. For Products delivered to Licensee, Licensee may:

1. Install and store Products on electronic storage device(s);
2. Make archival copies and routine computer backups;
3. Install and use a newer version of Software concurrently with the version to be replaced during a reasonable transition period not to exceed 6 months, provided that the deployment of either version does not exceed the Licensee's licensed quantity; thereafter, Licensee shall not use more Software in the aggregate than Licensee's total licensed quantity; and
4. Move the Software in the licensed configuration to a replacement Server.

b. Licensee may use, copy, or prepare derivative works of Documentation supplied in digital format and thereafter reproduce, display, and redistribute the customized documentation only for Licensee's own internal use. Portions of Documentation supplied in digital format merged with other software and printed or digital documentation are subject to this License Agreement. Licensee shall include the following copyright attribution notice acknowledging the proprietary rights of Azteca and its licensors: "Portions of this document include intellectual property of Azteca and its licensors and are used herein under license. Copyright © [*Licensee will insert the actual copyright date(s) from the source materials*] Azteca Systems, LLC. and its licensors. All rights reserved."

c. *Consultant or Contractor Access.* Subject to Section 3.1 and Addendum #3, Azteca Systems grants Licensee the right to permit Licensee's Third Party Consultants or Contractors to use the Products exclusively and solely for Licensee's benefit. Licensee must comply with terms and provisions of Addendum #3 and provide a copy to Azteca. Licensee shall be solely responsible for compliance by Third Party Consultants and Contractors with this License Agreement and shall ensure that the Third Party Consultant or Contractor discontinues Product use upon completion of work for Licensee. Access to or use of Products by Third Party Consultants or Contractors not exclusively for Licensee's benefit is prohibited.

4.2 Uses Not Permitted. Except to the extent that applicable law prohibits or overrides these restrictions, or as provided herein, Licensee shall not:

a. Sell, rent, lease, sublicense, lend, assign, or time-share Products;
b. Permit persons other than Authorized Users to access or use the Licensed Products (or any part thereof);
c. Act as a service bureau or Commercial ASP;
d. Use Software, Data, or Documentation for a site or service and operate the site or service for profit or generate revenue through direct or indirect methods (e.g., advertising or by charging for access to the site or service);
e. Redistribute Software, Data, or Online Services to third parties, in whole or in part, including, but not limited to, extensions, components, or APIs;
f. Redistribute Authorization Codes;
g. Reverse engineer, decompile, or disassemble Products;
h. Make any attempt to circumvent the technological measure(s) that controls access to or use of Products;

i. Upload or transmit content or otherwise use Products in violation of third-party rights, including intellectual property rights, privacy rights, nondiscrimination laws, or any other applicable law or government regulation;
j. Remove or obscure any Azteca Systems (or its licensors') patent, copyright, trademark, proprietary rights notices, and/or legends contained in or affixed to any Product, Product output, metadata file, or online and/or hard-copy attribution page of any Data or Documentation delivered hereunder;
k. Separate from the licensed use of APIs, Licensee may not unbundle or independently use individual or component parts of the Products, Software, or Online Services;
l. Unbundle or independently use the individual or component parts of Software or Online Services;
m. Incorporate any portion of the Software into a product or service that competes with the Software;
n. Publish the results of benchmark tests run on Software without the prior written permission of Azteca Systems; or
o. Use, incorporate, modify, distribute, provide access to, or combine any computer code provided with the Software in a manner that would subject such code or any part of the Software to open source license terms, which includes any license terms that require computer code to be (i) disclosed in source code form to third parties, (ii) licensed to third parties for the purpose of making derivative works, or (iii) redistributable to third parties at no charge.

ARTICLE 5—TERM AND TERMINATION

5.1. This License Agreement is effective upon date and signature of Licensee below. The initial term of this License Agreement will begin upon the dates set forth in Addendum 1 and provided the fees are paid. This License agreement and its maintenance provisions may then be renewed annually by payment of the then current maintenance fees for the next annual maintenance period as set forth in Addendum 1.

5.2. Either party may terminate this License Agreement or any Product license for a material breach that is not cured within thirty (30) days of written notice to the breaching party, except that termination is immediate for a material breach that is impossible to cure.

5.3. Termination for Convenience: Either party may terminate this Agreement by giving the other party thirty (30) days' written notice prior to the end of the current Term Maintenance Period.

5.4. In the event that either funding from Licensee or other sources is withdrawn, reduced, or limited, or the authority of Licensee to perform any of its duties is withdrawn, reduced, or limited in any way after the Effective Date of this Agreement and prior to normal completion, the parties shall have the authority to exercise the Termination for Convenience option to terminate this Agreement in whole or in part. If a party to this Agreement chooses to terminate for convenience that party may do so by thirty (30) days' written notice to the other party.

5.5. Upon termination of the License and Maintenance Agreement, all Product licenses granted hereunder terminate as well. Upon termination of a License or the License and Maintenance Agreement, Licensee will (i) stop accessing and using affected Product(s); (ii) clear any client-side data cache derived from Online Services; and (iii) uninstall, remove, and destroy all copies of affected Product(s) in Licensee's possession or control, including any modified or merged portions thereof, in any form, and execute and deliver evidence of such actions to Azteca Systems.

5.6. If this Agreement is terminated for convenience, the Licensee is only liable for payment required by the terms of this Agreement for license, maintenance and support services rendered or products and software received and accepted prior to the effective date of termination.

5.7. If this Agreement is terminated under section 5.3 or 5.4 above, Licensee shall then return to Azteca Systems all of the Software, related modules, related updates, and any whole or partial copies, codes, modifications, and merged portions in any form. Azteca will then for no additional charge to Licensee and at Licensee's option either grant a license to the Licensee, for a period of one (1) year, which will allow Licensee to retain the ability to access records and data contained in the Software or allow Licensee to create digital copies of all files needed by the Licensee for the same period. If Licensee needs to retain access to records or data for a period longer than one (1) year, in order to transfer data to another system, Azteca will consider reasonable requests to extend beyond one (1) year.

5.8. The parties hereby agree that all provisions which operate to protect the intellectual rights of Azteca Systems

shall remain in force should breach or termination of any kind occur.

ARTICLE 6—LIMITED WARRANTIES AND DISCLAIMERS

6.1 Limited Warranties. Except as otherwise provided in this Article 6, Azteca Systems warrants for a period of ninety (90) days from the date Azteca Systems issues the Authorization Code enabling use of Software and that the unmodified Software will substantially conform to the published Documentation under normal use and service.

6.2 Special Disclaimer. CONTENT, DATA, SAMPLES, NEW VERSIONS, HOT FIXES, PATCHES, SERVICE PACKS, UPDATES, UPGRADES, AND ONLINE SERVICES PROVIDED ON A NO-FEE BASIS, AND EVALUATION, TEST AND BETA SOFTWARE ARE DELIVERED "AS IS" WITHOUT WARRANTY OF ANY KIND.

6.3 Internet Disclaimer. THE PARTIES EXPRESSLY ACKNOWLEDGE AND AGREE THAT THE INTERNET IS A NETWORK OF PRIVATE AND PUBLIC NETWORKS AND THAT (i) THE INTERNET IS NOT A SECURE INFRASTRUCTURE, (ii) THE PARTIES HAVE NO CONTROL OVER THE INTERNET, AND (iii) NONE OF THE PARTIES SHALL BE LIABLE FOR DAMAGES UNDER ANY THEORY OF LAW RELATED TO THE PERFORMANCE OR DISCONTINUANCE OF OPERATION OF ANY PORTION OF THE INTERNET OR POSSIBLE REGULATION OF THE INTERNET THAT MIGHT RESTRICT OR PROHIBIT THE OPERATION OF ONLINE SERVICES.

6.4 General Disclaimer. EXCEPT FOR THE ABOVE EXPRESS LIMITED WARRANTIES, AZTECA SYSTEMS DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SYSTEM INTEGRATION, AND NON-INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS. AZTECA SYSTEMS DOES NOT WARRANT THAT PRODUCTS, MAINTENANCE OR ANY TECHNICAL SUPPORT SERVICES PROVIDED HEREIN WILL MEET LICENSEE'S NEEDS; THAT LICENSEE'S OPERATION OF THE SAME WILL BE UNINTERRUPTED, ERROR FREE, FAULT-TOLERANT, OR FAIL-SAFE; OR THAT ALL NONCONFORMITIES CAN OR WILL BE CORRECTED. PRODUCTS ARE NOT DESIGNED, MANUFACTURED, OR INTENDED FOR USE IN ENVIRONMENTS OR APPLICATIONS THAT MAY LEAD TO DEATH, PERSONAL INJURY, OR PHYSICAL PROPERTY/ENVIRONMENTAL DAMAGE. LICENSEE SHOULD NOT FOLLOW ANY SUGGESTIONS OR INSTRUCTIONS THAT APPEAR TO BE HAZARDOUS, UNSAFE, OR ILLEGAL. ANY SUCH USE SHALL BE AT LICENSEE'S OWN RISK AND COST.

6.5 Exclusive Remedy. Licensee's exclusive remedy and Azteca Systems' entire liability for breach of the limited warranties set forth in this Article 6 shall be limited, at Azteca Systems' sole discretion, to (i) replacement of any defective media; (ii) repair, correction, or a workaround for Software or Online Services subject to the Azteca Systems Maintenance Services and Support Addendum; or (iii) return of the license fees paid by Licensee for the current period, prorated for the current period, for Software or Online Services that do not meet Azteca Systems limited warranty, provided that Licensee uninstalls, removes, and destroys all copies of Software or Documentation; ceases using the Software or Online Services; and executes and delivers evidence of such actions to Azteca Systems.

6.6 If the performance of any obligation under this Agreement is prevented, restricted, or interfered with by reason of fire, flood, earthquake, explosion, or other casualty or accident; strikes or labor disputes; inability to procure delivery of parts, supplies, services, or power; war, threat of actual terrorist act, cyberattack, or other violence; any law order, proclamation, regulation, ordinance, or demand; or any condition whatsoever beyond the reasonable control of the affected party, the party so affected, upon giving prompt notice to the other party, will be provided a temporary extension for a period of time as may be reasonably necessary to allow for such delay, prevention interference, or restriction.

ARTICLE 7—LIMITATION OF LIABILITY

7.1 Disclaimer of Certain Types of Liability. AZTECA SYSTEMS, ITS AUTHORIZED DISTRIBUTOR (IF ANY), AND ITS LICENSORS SHALL NOT BE LIABLE TO LICENSEE FOR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOST PROFITS, LOST SALES, OR BUSINESS EXPENDITURES;

INVESTMENTS; BUSINESS COMMITMENTS; LOSS OF ANY GOODWILL; OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO THIS LICENSE AND MAINTENANCE AGREEMENT OR USE OF PRODUCTS, HOWEVER CAUSED ON ANY THEORY OF LIABILITY, WHETHER OR NOT AZTECA SYSTEMS OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. THESE LIMITATIONS SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

7.2 General Limitation of Liability. EXCEPT AS PROVIDED IN ARTICLE 8—INFRINGEMENT INDEMNITY, THE TOTAL CUMULATIVE LIABILITY OF AZTECA SYSTEMS AND ITS AUTHORIZED DISTRIBUTOR HEREUNDER, FROM ALL CAUSES OF ACTION OF ANY KIND, INCLUDING, BUT NOT LIMITED TO, CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, BREACH OF WARRANTY, MISREPRESENTATION, OR OTHERWISE, SHALL NOT EXCEED THE FEES ACTUALLY PAID BY LICENSEE DURING THE CURRENT MAINTENANCE AND SUPPORT PERIOD, FOR THE PRODUCTS THAT GIVE RISE TO THE CAUSE OF ACTION.

7.3 Applicability of Disclaimers and Limitations. Licensee agrees that the limitations of liability and disclaimers set forth in this License Agreement will apply regardless of whether Licensee has accepted Products or any other product or service delivered by Azteca Systems. The parties agree that Azteca Systems has set its fees and entered into this License Agreement in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties, and that the same form an essential basis of the bargain between the parties. THESE LIMITATIONS SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

THE FOREGOING WARRANTIES, LIMITATIONS, AND EXCLUSIONS MAY NOT BE VALID IN SOME JURISDICTIONS AND APPLY ONLY TO THE EXTENT PERMITTED BY APPLICABLE LAW IN LICENSEE'S JURISDICTION. LICENSEE MAY HAVE ADDITIONAL RIGHTS UNDER LAW THAT MAY NOT BE WAIVED OR DISCLAIMED. AZTECA SYSTEMS DOES NOT SEEK TO LIMIT LICENSEE'S WARRANTY OR REMEDIES TO ANY EXTENT NOT PERMITTED BY LAW.

ARTICLE 8—INFRINGEMENT INDEMNITY

8.1 Azteca Systems shall defend, indemnify as described below, and hold Licensee harmless from and against any loss, liability, cost, or expense, including reasonable attorneys' fees, arising out any claims, actions, or demands by a third party legally alleging that Licensee's licensed use of Software or Online Services infringe a US patent, copyright, or trademark, provided:

a. Licensee promptly notifies Azteca Systems in writing of the claim;
b. Licensee provides documents describing the allegations of infringement;
c. Azteca Systems has sole control of the defense of any action and negotiation related to the defense or settlement of any claim; and
d. Licensee reasonably cooperates in the defense of the claim at Azteca Systems' request and expense.

8.2 If Software or Online Services are found to infringe a US patent, copyright, or trademark, Azteca Systems, at its own expense, may either (i) obtain rights for Licensee to continue using the Software or Online Services or (ii) modify the allegedly infringing elements of Software or Online Services while maintaining substantially similar functionality. If neither alternative is commercially reasonable, the license shall terminate, and Licensee shall cease accessing infringing Online Services and shall uninstall and return to Azteca Systems any infringing item(s). Azteca Systems entire liability shall then be to indemnify Licensee pursuant to Section 8.1and refund the unused portion of fees paid, prorated for the current maintenance and support period.

8.3 Azteca Systems shall have no obligation to defend Licensee or to pay any resultant costs, damages, or attorneys' fees for any claims or demands alleging direct or contributory infringement to the extent arising out of (i) the combination or integration of Software or Online Services with a product, process, or system not supplied by Azteca Systems or specified by Azteca Systems in its Documentation; (ii) material alteration of Software or Online Services by anyone other than Azteca Systems or its subcontractors; or (iii) use of Software or Online Services after modifications have been provided by Azteca Systems for avoiding infringement or use after a return is ordered by Azteca Systems under Section 8.2.

8.4 THE FOREGOING STATES THE ENTIRE OBLIGATION OF AZTECA SYSTEMS WITH RESPECT TO INFRINGEMENT OR ALLEGATION OF INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF ANY THIRD PARTY.

ARTICLE 9—GENERAL PROVISIONS

9.1 Future Updates. New or updated Products and subscription renewals will be licensed under the then-current Azteca Systems license terms and conditions included with the deliverable Products.

9.2 Export Control Regulations. Licensee expressly acknowledges and agrees that Licensee shall not export, re-export, import, transfer, or release Products, in whole or in part, to (i) any US embargoed country; (ii) any person on the US Treasury Department's list of Specially Designated Nationals; (iii) any person or entity on the US Commerce Department's Denied Persons List, Entity List, or Unverified List; or (iv) any person or entity or into any country where such export, re-export, or import violates any US, local, or other applicable import/export control laws or regulations including, but not limited to, the terms of any import/export license or license exemption and any amendments and supplemental additions to those import/export laws as they may occur from time to time.

9.3 Taxes and Fees, Shipping Charges. License fees quoted to Licensee are exclusive of any and all taxes or fees, including, but not limited to, sales tax, use tax, value-added tax (VAT), customs, duties, or tariffs, and shipping and handling charges.

9.4 No Implied Waivers. The failure of either party to enforce any provision of this License Agreement shall not be deemed a waiver of the provisions or of the right of such party thereafter to enforce that or any other provision.

9.5 Severability. The parties agree that if any provision of this License Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make the intent of the language enforceable.

9.6 Successor and Assigns. Licensee shall not assign, sublicense, or transfer Licensee's rights or delegate Licensee's obligations under this License Agreement without Azteca Systems' prior written consent, and any attempt to do so without consent shall be void. This License Agreement shall be binding on the respective successors and assigns of the parties to this License Agreement. Notwithstanding, a government contractor under contract to the government to deliver Products may assign this License Agreement and Products acquired for delivery to its government customer upon written notice to Azteca Systems, provided the government customer assents to the terms of this License Agreement.

9.7 Survival of Terms. The provisions of Articles 2, 5, 6, 7, 8, and 9 of this License Agreement, and the provisions of section 4.1 of Addendum 2, shall survive the expiration or termination of this License and Maintenance Agreement.

9.8 Equitable Relief. Licensee agrees that any breach of this License Agreement by Licensee may cause irreparable damage and that, in the event of such breach, in addition to any and all remedies at law, Azteca Systems shall have the right to seek an injunction, specific performance, or other equitable relief in any court of competent jurisdiction without the requirement of posting a bond or proving injury as a condition for relief.

9.9 US Government Licensee. The Products are commercial items, developed at private expense, provided to Licensee under this License Agreement. If Licensee is a US government entity or US government contractor, Azteca Systems licenses Products to Licensee in accordance with this License Agreement under FAR Subparts 12.211/12.212 or DFARS Subpart 227.7202. Azteca Systems Data and Online Services are licensed under the same subpart 227.7202 policy as commercial computer software for acquisitions made under DFARS. The commercial license rights in this License Agreement strictly govern Licensee's use, reproduction, or disclosure of Products. Azteca Systems Software source code is unpublished, and all rights to Products are reserved by Azteca Systems and its licensors. Licensee may transfer Software to any licensed government procuring agency facility to which computer(s) on which Software is installed are transferred. If any court, arbitrator, or board holds that Licensee has greater rights to any portion of Products under applicable public procurement law, such rights shall extend only to the portions affected.

9.10 Governing Law, Disputes, and Arbitration. This License Agreement shall be governed by and construed

in accordance with the laws of the State of Utah without reference to conflict of laws principles, except that US federal law shall govern in matters of intellectual property. Except as provided in Section 9.8, any dispute arising out of or relating to this License Agreement or the breach thereof shall be resolved in the following order:

- *Consultation and negotiation in good faith and a spirit of mutual cooperation;*
- Mediation, by a mutually acceptable mediator chosen by the parties, which cost is shared equally;
- If the matter cannot be settled through negotiation or mediation, then it shall be finally settled by arbitration administered by the American Arbitration Association under its Commercial Arbitration Rules. Judgment on the award rendered by the arbitrator may be entered in a court of competent jurisdiction. If Licensee is a US government agency, this License Agreement is subject to the Contract Disputes Act of 1978, as amended (41 USC 601–613), in lieu of the arbitration provisions of this clause. This License Agreement shall not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded.

9.11 Maintenance. Maintenance for qualifying Software consists of updates and other benefits, such as access to technical support, are provided during the Term of Use. Maintenance is specified as set forth in Addendum #2.

9.12 Feedback. Azteca Systems may freely use any feedback, suggestions, or requests for Product improvements that Licensee provides to Azteca Systems. Regardless of the source of any feedback or suggestions, any improvements to Cityworks Software or Products, and any related intellectual property, are owned by Azteca Systems.

9.13 Patents. Licensee may not seek, and may not permit any other user to seek, a patent or similar right worldwide that is based on or incorporates any Azteca Systems technology or services. This express prohibition on patenting shall not apply to Licensee's software and technology except to the extent that Azteca Systems technology or services, or any portion thereof, are a part of any claim or preferred embodiment in a patent application or a similar application.

9.14 Entire Agreement. This License Agreement, including its incorporated documents, addendums, and exhibits constitutes the sole and entire agreement of the parties as to the subject matter set forth herein and supersedes any previous license agreements, understandings, and arrangements between the parties relating to such subject matter. Additional or conflicting terms set forth in any purchase orders, invoices, or other standard form documents exchanged during the ordering process, other than product descriptions, quantities, pricing, and delivery instructions, are void and of no effect. Any modification(s) or amendment(s) to this License Agreement must be in writing and signed by each party or as otherwise provided in Addendum #1.

IN WITNESS WHEREOF, the parties hereto have caused this License Agreement to be executed and made effective by their respective authorized representatives.

PRODUCT LICENSING

1. **Licensed Software:**

Additional Software Products & Licenses: Additional Software Products & licenses may be added to this License Agreement with either an acknowledgement of an official Cityworks quote signed by Licensee and additional fees, if necessary or applicable being paid, or receipt of Purchase Order from Licensee in response to an official Cityworks quote and additional fees, if applicable being paid.

2. **Notices & Licensee Information: Until or unless otherwise, modified, all notices relevant to this agreement shall be sent to the following address:**

Azteca Systems, LLC 11075 South State, Suite 24 Sandy, Utah 84070	[Licensee]
	Attn:
	E-mail:
	Phone:

3. **Delivery Date/Effective Date of Software**

MM/DD/YYYY

4. **Schedule of Payments and Fees under License and Maintenance Agreement**

Support Period	Date From/To (mm/dd/yyyy)	Amount
Period 1		**$**
Period 2		**$**
Period 3		**$**

5. **Additional**

Updates to the above licensed software means a subsequent release of the program which Azteca generally makes available to its supported customers as part of the annual maintenance plan for which fees have been paid.

Occasionally, Azteca changes the name of its licensed software as part of its ongoing process to improve and increase the functionality of the software. In the event the software licensed or listed above changes in name, and/or improvements are made, Azteca will provide software with functionality that is similar to or with substantially the same or greater functionality of the originally licensed software, provided all current license fees have been paid.

Updates may not always include any release, option or future program that Azteca licenses separately. Updates are provided when available (as determined by Azteca). Azteca is under no obligation to develop any future programs or functionality. Any updates made available will be delivered to you, or made available to you for download. You shall be responsible for copying, downloading and installing the updates.

ADDENDUM #2

STANDARD MAINTENANCE AND SUPPORT

Standard Maintenance and Support Addendum provisions are between the Licensee and Azteca, Systems, LLC. Maintenance and Support are provided subject to the terms and conditions of the signed License Agreement and which is incorporated by reference.

1. **MAINTENANCE & SUPPORT**: Azteca Systems will provide maintenance and support services to Licensee for qualifying Products during the applicable Term for such Products provided the applicable license fees have been paid for the times and periods and amounts specified in Addendum #1. Maintenance and Support Services consist of the following benefits: Technical support, new version software, service packs, software upgrades, and software updates.

1.1. Azteca Systems will ensure upward compatibility for the Covered Software applications within a reasonable timeframe for minor Esri® ArcGIS and Cityworks supported database revisions. Azteca Systems will not ensure upward compatibility for Covered Software Applications when there are major Esri ArcGIS revisions (for example, from rev 10.x to rev 11.x), however Azteca Systems will make all reasonable efforts to provide upward compatibility.

1.2. Azteca Systems shall, without additional charge (except as allowed for in paragraph 3.4), during the term of this Agreement provide the following:

(a) Software Updates. Software Updates includes Upgrades and service packs which are a collection of files that enhance or correct the Covered Software and which will be available for Licensee to download during the Maintenance Term/Period. Updates and Upgrades may also include new versions;

(b) Provide Telephone Support, Email Support, Web Support, during normal business hours, 8 AM to 5 PM Mountain Time, Monday through Friday (excepting Holidays) and after hour emergency support line, and other benefits deemed appropriate by Azteca Systems (as set forth in Section 2 below); and

(c) Implement and maintain a means of secure, remote direct network access (VPN, Web-access, etc.) to the Licensee's systems in order to perform thorough remote diagnostics.

1.3 The following items, among others, however, are specifically excluded as support services under this section of this Maintenance and Support:

(a) Support for applying or installing upgrades and service packs;

(b) Assistance with questions related to third party software, computer hardware, networking, and other similar items that are not provided by Azteca;

(c) Assistance with computer operating system questions not directly pertinent to the Covered Software or Program Modifications;

(d) Licensee Data debugging and/or correcting;

(e) Services necessitated as a result of any cause other than authorized ordinary and proper use by the Licensee of the Covered Software, including but not limited to neglect, abuse, unauthorized modifications and/or unauthorized updates;

(f) Consulting regarding customizations created to function with the Covered Software unless the customization is identified and listed as Covered Software in Addendum 1;

(g) Assistance with applications which are not part of a standard life cycle, such as preview, beta, or candidate releases; and

(h) Questions such as configuration, implementation and walk-throughs.

1.4 Support Periods are renewable unless terminated as provided in Section 4 below. The Maintenance Services consists of software and documentation updates and access to technical support via telephone, email, web-based (www.MyCityworks.com) and after hours support as set forth in Section 1 of this Addendum.

1.5. Technical support provided pursuant these maintenance provisions shall be performed in a professional and workmanlike manner. Azteca Systems will use commercially reasonable efforts to provide corrections to a technical issue or provide a workaround, but Azteca Systems cannot guarantee that all technical issues can be fixed or resolved.

1.6. **Authorized Callers.** Licensee may designate a limited number of authorized callers per software product listed in Addendum 1. Licensee may replace Authorized Callers at any time by notifying Azteca Systems Support services. Authorized callers may be designated in this Addendum #2 or by email. Azteca may limit the total number of authorized callers as may be reasonably necessary and may request an updated list of authorized callers.

1.7. **Cityworks Online Support and Customer Portal.** Azteca has created a self-help support website center for Authorized Callers to submit technical issues, chat with technical specialists, track technical support incidents through the 'MyCityworks' portal, and view technical articles, updated product documentation, blogs, links to forums, and technology announcements. The support and care website can be found at http://www.mycityworks.com.

2. **PROCEDURES FOR ACCESSING SUPPORT:**

2.1. All problem categories from routine, non-critical and critical that occur during normal business hours shall procedurally occur as follows: 1) Licensee's system administration staff as first line of support, and then 2) Azteca Systems staff as the second line of support. Azteca Systems will make all reasonable efforts to acknowledge all requests for support during normal business hours within 4 hours.

2.2. Prior to calling Azteca Systems for support services, the Licensee will first attempt to isolate any problems that occur within the Licensee's System. The Licensee will try to reduce the problem down to a specific software or system component. If it is determined that the problem is The Cityworks Software component, Licensee will first try and resolve the problem without Azteca Systems' involvement. If Licensee cannot resolve the problem or isolate the problem, Licensee may contact Azteca Systems via telephone, chat, or self-service portal. In each case, Cityworks technical support will log the information and provide, an answer to the question, a resolution to the problem, or submit a verified bug to the development group. Any support request that is not quickly resolved will be assigned to a technical support representative. Phone calls and chat requests are accepted during normal business hours as outlined on the Contact Support page of MyCityworks.com. Voicemails and requests submitted via the self-service portal outside of the posted business hours will be responded to on a first come, first served basis the next business day.

2.3. For critical problems that occur outside of Azteca Systems' normal business hours (8 AM to 5 PM, Mountain Time) and cannot be isolated and resolved by the Licensee, Azteca Systems will provide an after-hours phone number or pager number that will forward the call to the currently assigned Azteca Systems support representative. Azteca Systems will make all reasonable efforts to acknowledge and respond to the request for support for critical problems that occur outside of normal business hours within 4 hours of receipt of the call from a designated and authorized Licensee representative. Critical problems are defined as problems that cause several users to be unable to perform their duties. For routine and non-critical problems Licensee will submit support requests during normal business hours as outline in 2.2 above.

2.4. After a Technical Support Incident is logged, Azteca Systems will use commercially reasonable efforts to provide corrections to a technical issue or provide a work around. While it is Azteca's goal to provide an acceptable solution to technical issues, Azteca cannot guarantee that all technical issues can be fixed or resolved.

2.5. Azteca will use all reasonable efforts to utilize remote support-type services. However, in the event Licensee and Azteca Systems agree it becomes necessary for Azteca Systems to be on-site to provide support for the Covered Software, the parties by mutual negotiation, shall develop a separate agreement that will govern the terms and conditions for any on-site work or services.

3. **CHARGES/FEES**

3.1. License, Maintenance and Support Services herein are included in the payment of annual fees as set forth in Addendum #1, and shall be paid by Licensee. The annual fee for each twelve (12) month period is set forth in Addendum #1, and shall be paid prior to the start for each License and Maintenance Period unless otherwise specified. The annual fee for successive Terms/Periods (twelve-month periods) commencing upon the anniversary of the first maintenance period, shall become due prior to the end of the preceding paid-up Maintenance Period.

3.2. Upon sixty (60) days written notice, the fee for the License and Maintenance Periods listed in Addendum 1 subsequent to year three (3) of the Maintenance Period, may be adjusted by Azteca Systems to reflect increases in costs of providing the services; provided, however, that the fee shall not increase by more than the CPI from the previous annual fee. Azteca Systems will notify Licensee of the new pricing no later than ninety (90) days prior to the annual renewal date of the year preceding the year for which such adjusted pricing applies.

3.3. **Maintenance Expiration.** Azteca Systems will send Licensee a notice of expiration approximately sixty (60) days before the Maintenance term expires. If Azteca Systems does not receive a purchase order prior to the expiration date, Azteca will send the notification to Licensee upon expiration of the Maintenance term. Azteca Systems will continue to provide technical support for an additional thirty (30) days, but Licensee will no longer receive Software updates released after the Maintenance term's expiration. If Licensee does not reinstate Maintenance within thirty (30) days of the expiration date, Licensee will no longer receive technical support. All other Maintenance benefits and Support services will end with the expiration of the Maintenance term.

3.4. **Reinstatement Fee for Lapsed Maintenance**. Azteca Systems will reinstate Maintenance if Licensee sends a purchase order or payment within thirty (30) days of the expiration date. If Licensee does not renew Maintenance within thirty (30) days of the expiration date but at a later date wants to reinstate Maintenance, Maintenance fees will include the Maintenance fees that Licensee would have paid since the expiration date.

4. **MISCELLANEOUS**

4.1. **Data Confidentiality Statement**: Azteca Systems will take reasonable measures to ensure that any Licensee data and/or confidential information provided to Azteca Systems is not inappropriately accessed or distributed to any third-party. Data provided to Azteca Systems by the Licensee may be loaded onto Azteca Systems servers or employee computers for the purpose of testing The Cityworks Software, database structure, or database values, and related Esri® software to resolve database or software performance issues, software enhancements and software defects. At no time will the data be distributed to individuals or organizations who are not Azteca Systems employees without first receiving written approval from Licensee. If requested by the Licensee, and once the testing has been completed, Azteca Systems will delete all data provided by the Licensee.

4.2. **No Implied Waivers**: No failure or delay by Azteca Systems or Licensee in enforcing any right or remedy under this Agreement shall be construed as a waiver of any future or other exercise of such right or remedy by Azteca Systems.

ADDENDUM #3

THIRD PARTY CONSULTANT/CONTRACTOR ACKNOWLEDGMENT

If Licensee engages any Third Party Contractor and desires to grant access to or permission to use the licensed software, the access may be granted subject to the following terms conditions and provisions:

1. Access and use of the Licensed Products by any third party is solely for Licensee's benefit;

2. The Third Party Contractor (or, if applicable, its employee) shall be considered, as applicable, the Authorized User for purposes of the applicable license type, and all use by such contractor shall be in accordance with the terms and conditions of the License and Maintenance Agreement;

3. Before accessing the Licensed Products, the Third Party Contractor agrees in writing that (a) the software shall be used solely in accordance with the terms of this Agreement and solely for Licensee's benefit and (b) said contractor shall be liable to Azteca Systems for any breach by it of this Agreement;

4. Licensee hereby agrees and acknowledges that Licensee will be liable for any and all actions or omissions of the Third Party Contractor with respect to the use of the Licensed Products, as if such actions or omissions were the Licensee's;

5. Upon expiration or termination of this License Agreement, the rights of usage to any Third Party Contractor shall immediately terminate;

6. Use of the Software by such Third Party Contractors on Licensee's behalf will be governed by the terms of this Agreement, and will require that Licensee purchase the appropriate license for each user utilized by such contractor;

7. Any breach of this Agreement by any Third Party Contractor(s) will be deemed to be a breach by Licensee;

8. Licensee will ensure that Third Party Contractor agrees to comply with and does comply with the terms of this Agreement on the same basis as the terms apply to Licensee; and

9. Any Third Party Contractor must sign a copy of this Addendum acknowledging that it has a copy of the License Agreement and agrees to the terms herein, further Licensee shall provide a signed copy of this Addendum for every Third Party contractor to which it has granted permission to access and/or use the licensed software;

The rights granted under Third-Party Contractor Addendum, do not modify the license or increase the number of licenses granted under this Agreement. Third-Party Contractor acknowledges acceptance by signing below, and providing a copy to Azteca Systems at contracts@cityworks.com.

City of Rockwall

The New Horizon

MEMORANDUM

TO: **City Council**

FROM: **Joey Boyd, Assistant City Manager**

DATE: **March 25, 2019**

SUBJECT: **Renaming of S. Nash Street**

Sandie Wood, the property owner of 207 S. Nash Street, is requesting the City Council consider changing the name of the street to Seth Lane. It is currently a vacant lot and the Wood family is planning to build a new residence on the site.

Currently, this is the only home that will be located on this street between Hartman Street and E. Washington Street; however, a subdivision plat for a future lot has been submitted and is currently working through the development process. If both lots develop, there would be a total of two (2) homes along this street in the future.

The stated reason for their request is that the southern portion of Nash Street is separated from the northern section by several blocks. Furthermore, the Wood family has a special needs adult son living with them and they want to be able to have an address that is easy for him to remember and spell if he is ever separated from the family. Seth is the name of another member of the family and will be easy to remember for her son. In addition, there has been an instance in the past where the Rockwall Fire Department had difficulty finding this property due to the separation of sections of Nash Street.

The Naming Subcommittee (Council Members Hohenshelt, Macalik, and Daniels) have reviewed and considered the request and recommended the City Council consider the name change for the reasons stated above.

The attached map shows the distance between the sections of Nash Street and the block under consideration is shown in red. A Resolution formally renaming this street is attached for review and consideration by the City Council.

94

CITY OF ROCKWALL, TEXAS
RESOLUTION NO. 19-08

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, NAMING A CERTAIN ROADWAY WITHIN THE CITY OF ROCKWALL, TEXAS; PROVIDING AN EFFECTIVE DATE.

WHEREAS, a southern portion of Nash Street is separated from the northern section by several blocks; and

WHEREAS, the property owners of 207 S. Nash Street have plans to build a new residential home on this vacant land and are requesting to change the name of the 200 block of S. Nash Street; and

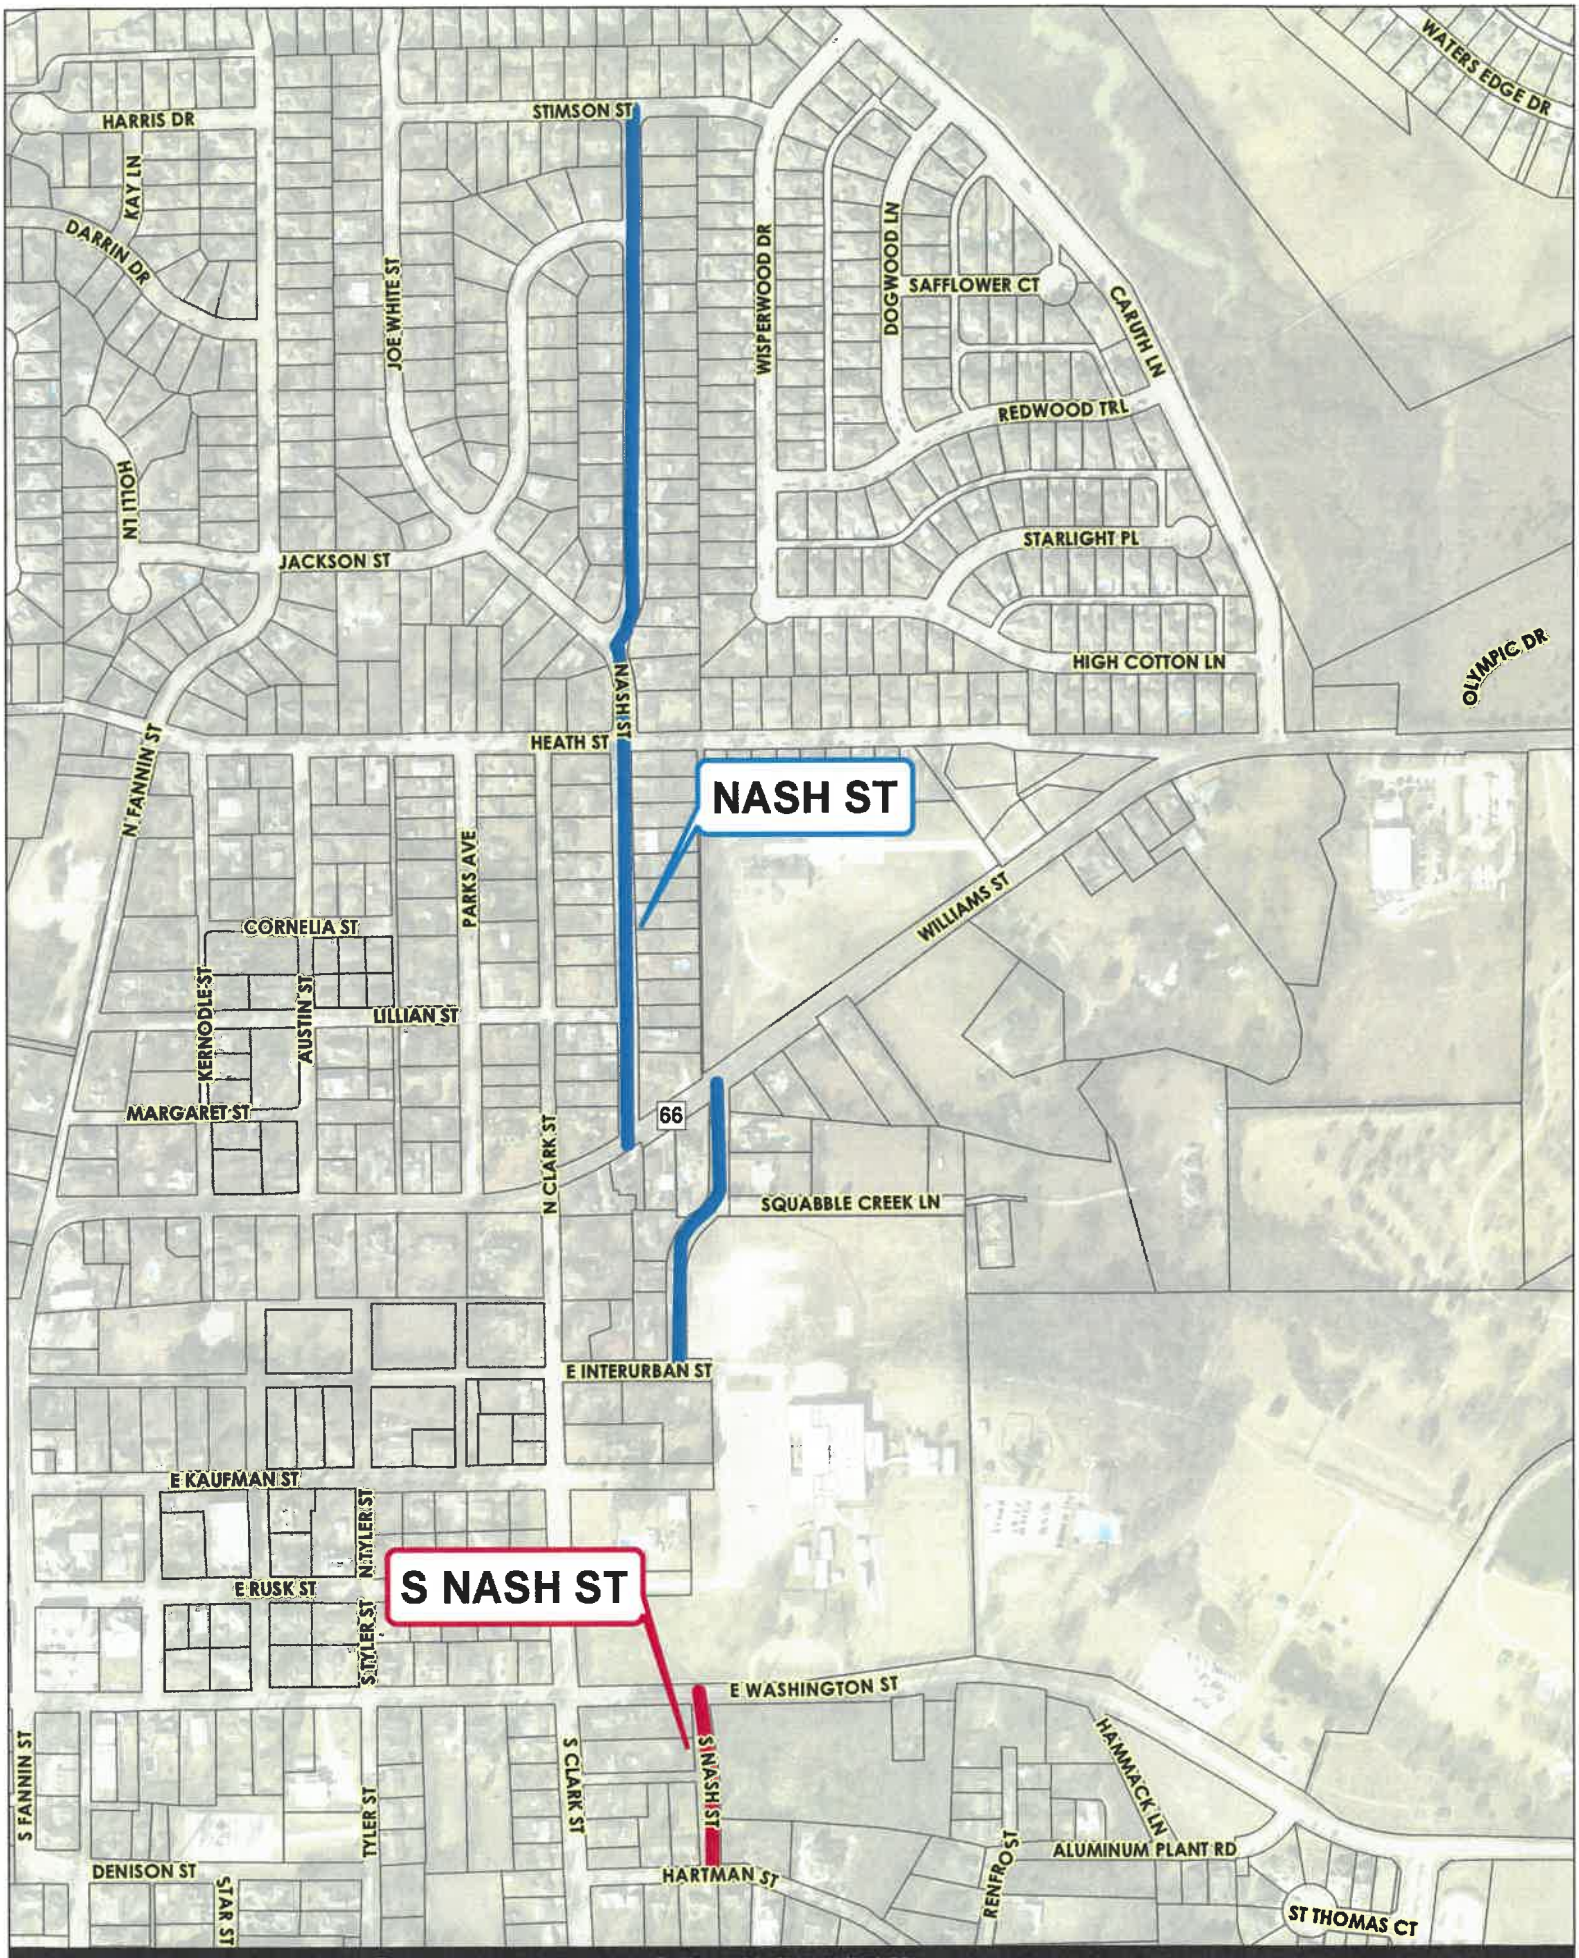
WHEREAS, the proposed name change will not affect any current property owners on the 200 block of S. Nash Street; and

WHEREAS, the Rockwall Fire Department has had difficulty in the past finding this property due to the separation of sections of Nash Street; and

WHEREAS, the Rockwall City Council believes said naming to be in the best interest of the public;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the 200 block of South Nash Street from E. Washington Street south to Hartman Street shall hereafter be designated as Seth Lane, a map of which is attached hereto and incorporated for all intents and purposes as **"Exhibit A;"**



Section 2. That this resolution shall take effect immediately from and after its adoption and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THIS 1st DAY OF APRIL, 2019.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	April 1, 2019
APPLICANT:	Mike Whittle and Randall Noe; *Rockwall Rental Properties, LLC*
CASE NUMBER:	P2019-014; *Lots 16 & 17, Block 2, Alliance Addition, Phase 2*

SUMMARY

Discuss and consider a request by Mike Whittle and Randall Noe of Rockwall Rental Properties, LLC for the approval of a replat for Lots 16 & 17, Block 2, Alliance Addition, Phase 2 being a 0.98-acre tract of land identified as Lots 14 & 15, Block 2, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6520 & 6530 Alliance Addition, and take any action necessary.

PLAT INFORMATION

☑ The applicant is requesting to replat a 0.98-acre tract of land (*i.e. Lots 14 & 15, Block 2, Alliance Addition, Phase 2*) for the purpose of abandoning a five (5)-foot portion of a 15-foot drainage easement. This process will establish new lot numbers for the subject properties (*i.e. Lots 16 & 17, Block 2, Alliance Addition, Phase 2*). The applicant intends to construct office buildings on these two (2) sites. The subject properties are zoned Planned Development District 57 (PD-57), which designates the subject property for Commercial (C) District land uses.

☑ On March 5, 2018, the City Council approved a replat [*Case No. P2018-004*] for the purpose of constructing two (2) single-story office buildings (*i.e. 4,920 SF each*) and dedicating the necessary easements for the development of these two (2) sites.

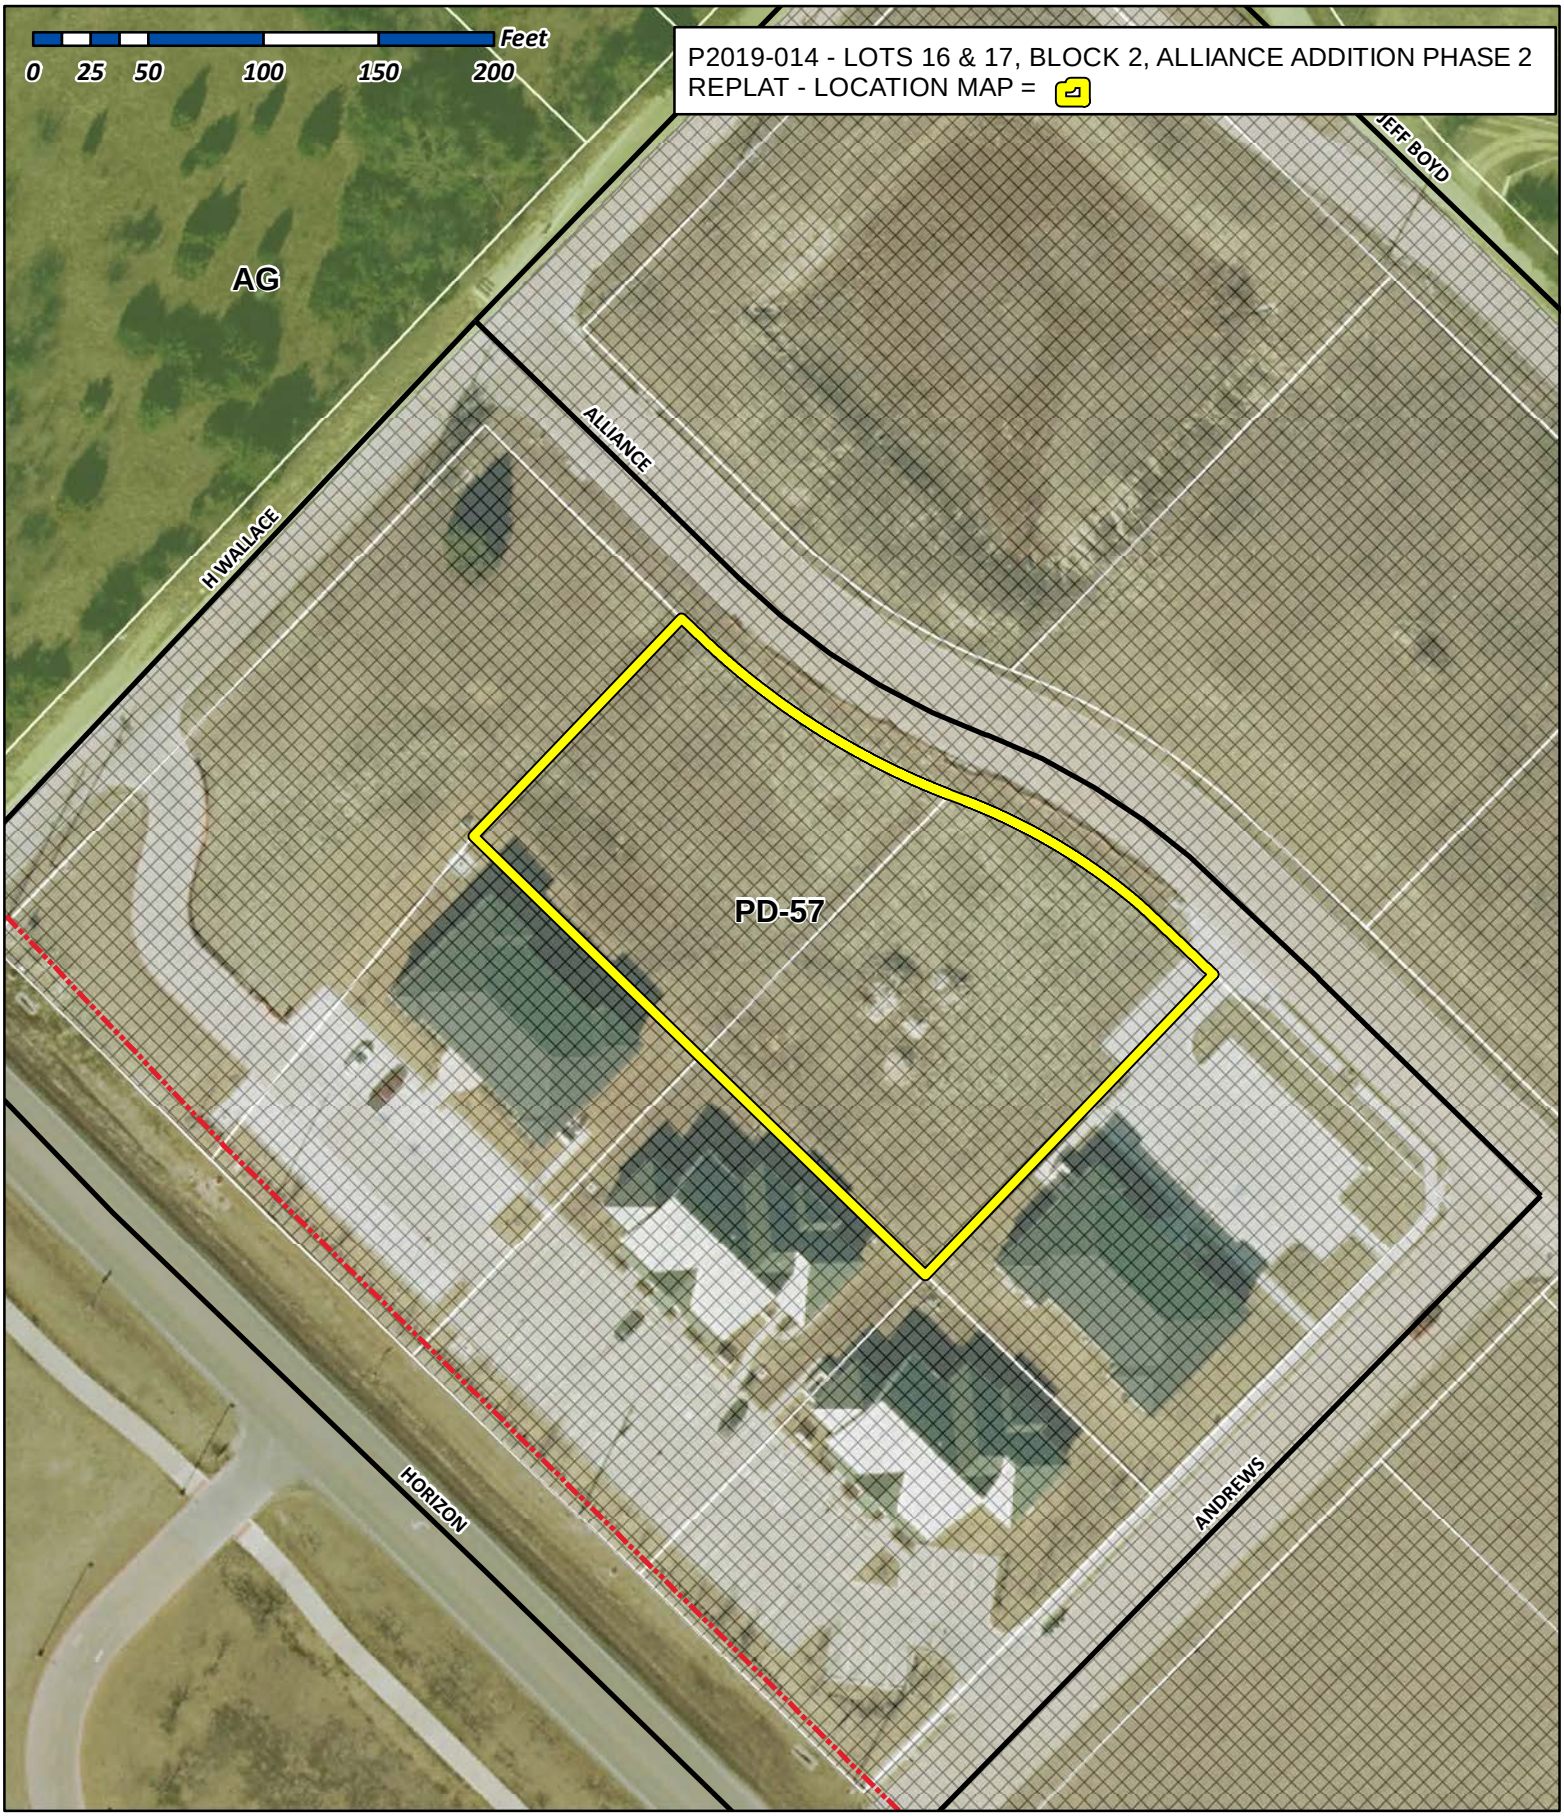
☑ On November 14, 2017, the Planning and Zoning Commission approved a site plans for each of these lots [*i.e. SP2017-034 & SP2017-036*].

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

CONDITIONS OF APPROVAL



If the City Council chooses to approve the replat for *Lots 16 & 17, Block 2, Alliance Addition, Phase 2,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 26, 2019, the Planning and Zoning Commission's motion to recommend approval of the replat with staff conditions passed by a vote 5 to 0 with Commissioner Chodun and Fishman absent.

(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS ROCKWALL RENTAL PROPERTIES, LP, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING all of Lot 2 and Lot 3, Block 2, ALLIANCE ADDITION, PHASE 2, an Addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Cabinet G, Slide 301-302, of the Plat Records of Rockwall County, Texas.and being more particularly described as follows:

BEGINNING at 1/2" iron rod found for corner at the East most corner of Lot 3, Block 2 and west most corner of Lot 13, Block 2, ALLIANCE ADDITION PHASE 2, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet J, Slide 35, of the Plat Records of Rockwall County, Texas, and being in the Southwest right-of-way line of Alliance Drive, a 60 foot right-of-way;

THENCE S. 45 deg. 00 min. 06 sec. W. a distance of 180.69 feet to a 1/2" iron rod found for corner;

THENCE N. 44 deg. 28 min. 29 sec. W. a distance of 273.72 feet to a 1/2" iron rod found for corner at the west most corner of said Lot 2, Block 2;

THENCE N. 44 deg. 59 min. 56 sec. E. along the northwest line of said Lot 2, a distance of 130.88 feet to a 1/2" iron rod found for corner in the southwest right-of-way line of Alliance Drive;

THENCE S. 44 deg. 28 min. 29 sec. E. along said right-of-way line, a distance of 9.15 feet to a 1/2" iron rod found for corner;

THENCE in a southeasterly direction along a curve to the left having a central angle of 23°35'48", a radius of 316.81 feet, a tangent of 66.18 feet, a chord of S 56°11'58"E, 129.55 feet along said right-of-way line, an arc distance of 130.47 feet to a 1/2" iron rod found for corner;

THENCE in a southeasterly direction along a curve to the left having a central angle of 23°40'38", a radius of 278.92 feet, a tangent of 58.47 feet, a chord of S 56°18'48"E, 114.44 feet along said right-of-way line, an arc distance of 115.26 feet to a 1/2" iron rod found for corner;

THENCE S. 44 deg. 28 min. 29 sec. E. along said right-of-wayline, a distance of 25.26 feet to the POINT OF BEGINNING and containing 42,900 square feet or 0.98 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as ALLIANCE ADDITION, PHASE 2, LOTS 14-15, BLOCK 2, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer, subdivision engineer and owner shall bear total responsibility for storm drain improvements. The property owner is responsible for all maintenance, repair, and replacement of all systems in drainage easements

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	April 1, 2019
APPLICANT:	Matt Moore; *Claymoore Engineering*
CASE NUMBER:	P2019-015; *Lots 4, Block E, Rockwall Technology Addition*

SUMMARY

Discuss and consider a request by Matt Moore of Claymoore Engineering on behalf of Phil Wagner of the Rockwall Economic Development Corporation for the approval of a replat for Lot 4, Block E, Rockwall Technology Park Addition being a 3.634-acre parcel of land identified as Lot 1, Block E, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, located at the northwest corner of the intersection of Technology Way and Observation Trail, and take any action necessary.

PLAT INFORMATION

☑ The applicant is requesting to replat a 3.634-acre parcel of land (*i.e. Lot 1, Block E, Rockwall Technology Park Addition*) located within the *REDC Technology Park.* The purpose of the replat is to establish the necessary easements (*i.e. 24-foot firelane, public access, utility, and drainage easements*) in order to develop the lot (*i.e. Lot 4, Block E, Rockwall Technology Park Addition*).

☑ On December 11, 2018, the Planning and Zoning Commission approved a site plan [*Case No. SP2018-039*] for the purpose of constructing an approximately 35,525 SF manufacturing/office (*i.e. Lime Medial*) on the subject property.

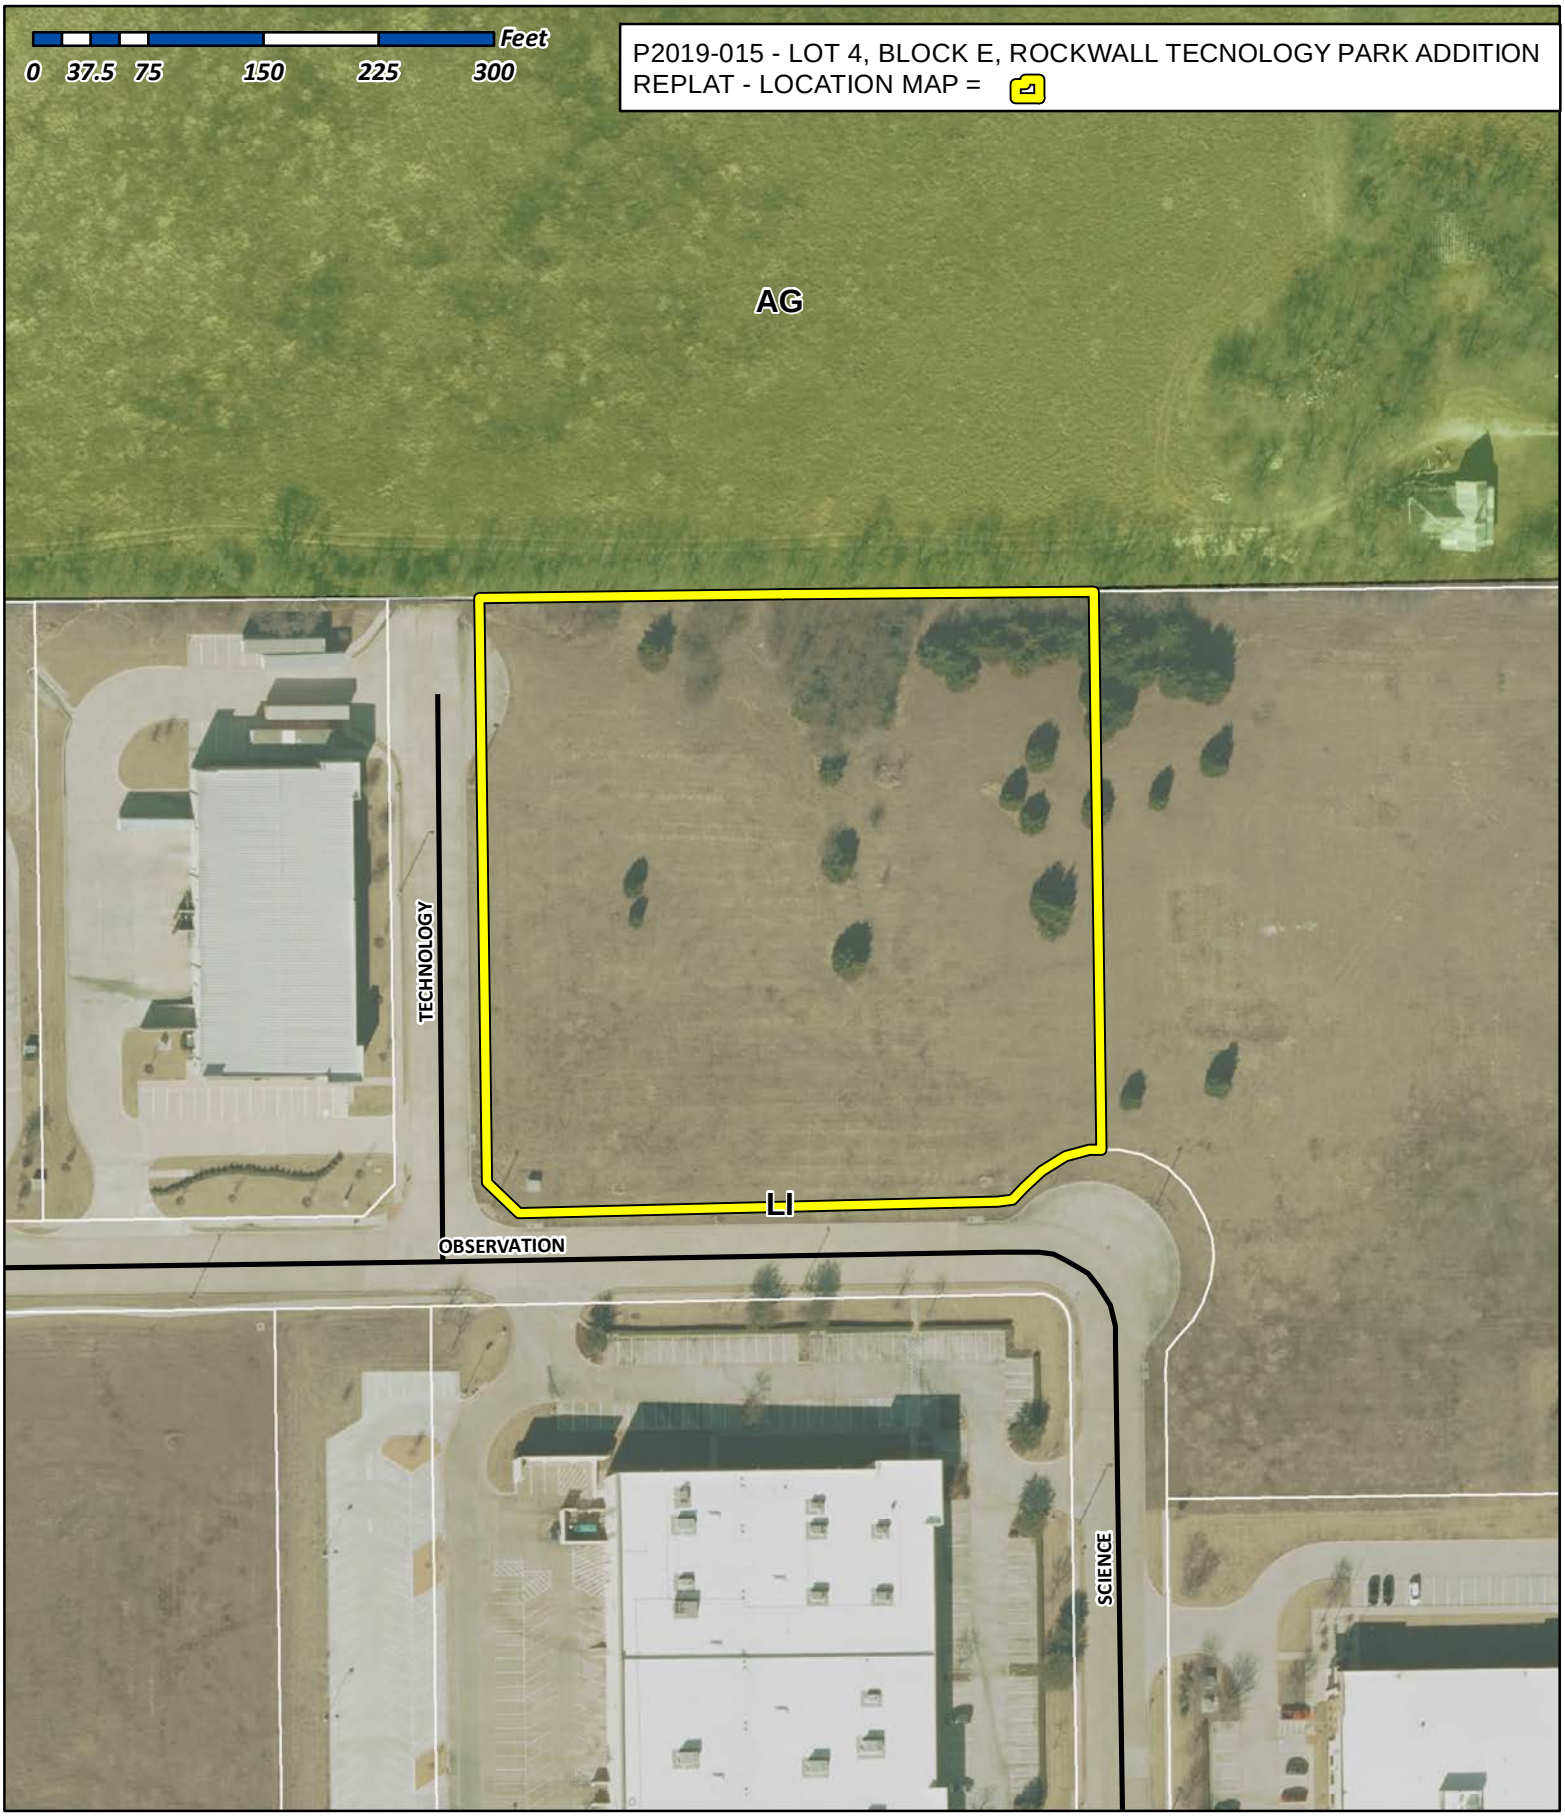
☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the replat for *Lot 4, Block E, Rockwall Technology Park Addition,* staff would propose the following conditions of approval:



(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall

Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 26, 2019, the Planning and Zoning Commission's motion to recommend approval of the replat with staff conditions passed by a vote 5 to 0 with Commissioner Chodun and Fishman absent.

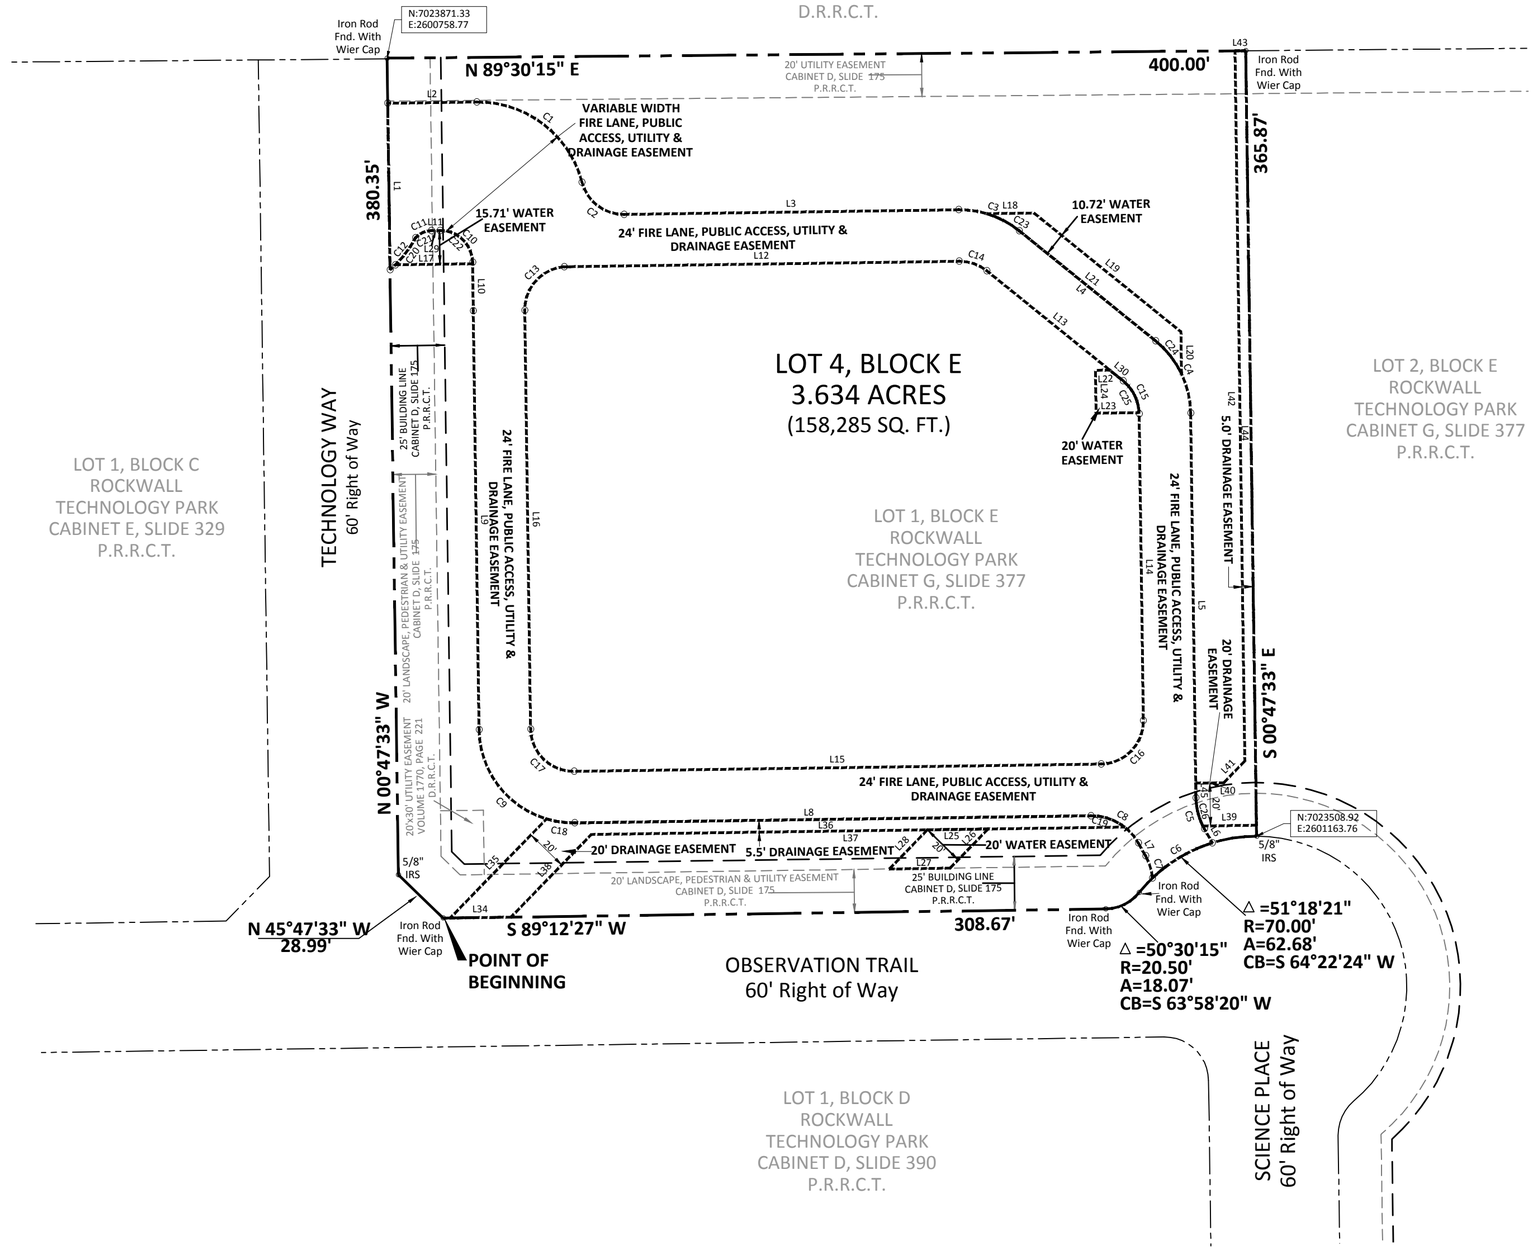
GENERAL NOTES:



It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have bee accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

The use of the word "certify or certificate" used hereon constitutes an expression of professional opinion regarding those facts of findings which are the subject of the certification, and does not constitute a warranty or guarantee, either expressed or implied.

Basis of Bearings: Bearings are based on those cited on plat of Rockwall Technology Park Addition recorded in Cabinet G, Slide 377, Map/Plat Records Rockwall County, Texas.

FLOOD STATEMENT: According to Community Panel No. 48397C0045L, dated September 26, 2008 of the Federal Emergency Management Agency, National Flood Insurance Program map this property is within Flood Zone "X", which is not a special flood hazard area. If this site is not within an identified special flood hazard area, this flood statement does not imply that the property and/or the structures thereon will be free from flooding or flood damage. On rare occasions, greater floods can and will occur and flood heights may be increased by man-made or natural causes. This statement shall not create liability on the part of the Surveyor.

I hereby certify that the above and foregoing plat of an addition to the City of Rockwall, Texas, was approved by the City Council of the City of Rockwall on the _____ day of _____, 2019.

This approval shall be invalid unless the approved plat for such addition is recorded in the office of the County Clerk of Rockwall, County, Texas, within one hundred eighty (180) days from said date of final approval.

WITNESS OUR HANDS, this _____ day of _____, 2019.

_____ _____ _____ _____
Mayor, City of Rockwall City Secretary City Engineer

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS §
COUNTY OF ROCKWALL §

We, **ROCKWALL ECONOMIC DEVELIPMENT**, the undersigned owner of the land shown on this plat, and designated herein as the **ROCKWALL TECHNOLOGY PARK** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the **ROCKWALL TECHNOLOGY PARK** subdivision have been notified and signed this plat. We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

7. Property owner shall be responsible for all maintenance, repair, and replacement of all drainage and detention easements.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, my (our) successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	April 1, 2019
APPLICANT:	Debora Allengranti; *CBOCS Texas, LLC*
CASE NUMBER:	P2019-006; *Lots 6 & 7, Block A, Rockwall Market Center East Addition*

SUMMARY

Consider a request by Debora Allengranti of CBOCS Texas, LLC on behalf of Eric Borkenhagen of Kohls Illinois, Inc. for the approval of a replat for Lots 6 & 7, Block A, Rockwall Market Center East Addition being a 9.0142-acre tract of land identified Lot 1, Block A, Market Center East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 823 & 845 E. IH-30, and take any action necessary.

PLAT INFORMATION

☑ The applicant is requesting to replat a 9.0142-acre tract of land (*i.e. Lot 1, Block A, Rockwall Market Center East Addition*) into two (2) parcels of land (*i.e. Lots 6 & 7, Block A, Rockwall Market Center East Addition*) for the purpose of constructing a restaurant (*i.e. Cracker Barrel*) on Lot 6.

☑ On February 15, 1999, the City Council approved a replat [*Case No. PZ1999-10-1-RP*], a site plan [*Case No. PZ-1999-10-2-SP*], and a landscape plan [*Case No. PZ-1999-10-03-LP*] for a department store (*i.e. Kohl's*).

☑ On October 15, 2018, the Planning and Zoning Commission approved a site plan [*Case No. SP2018-028*] for a restaurant (*i.e. Cracker Barrel*) on a 1.629 portion of the existing property.

☑ On February 14, 2019, the Board of Adjustments (BOA) approved a variance [*Order No. BOA 2019-3-V*] to reduce the minimum lot frontage from 200-feet to 189.74 feet for Lot 6 and 167.98-feet for Lot 7.

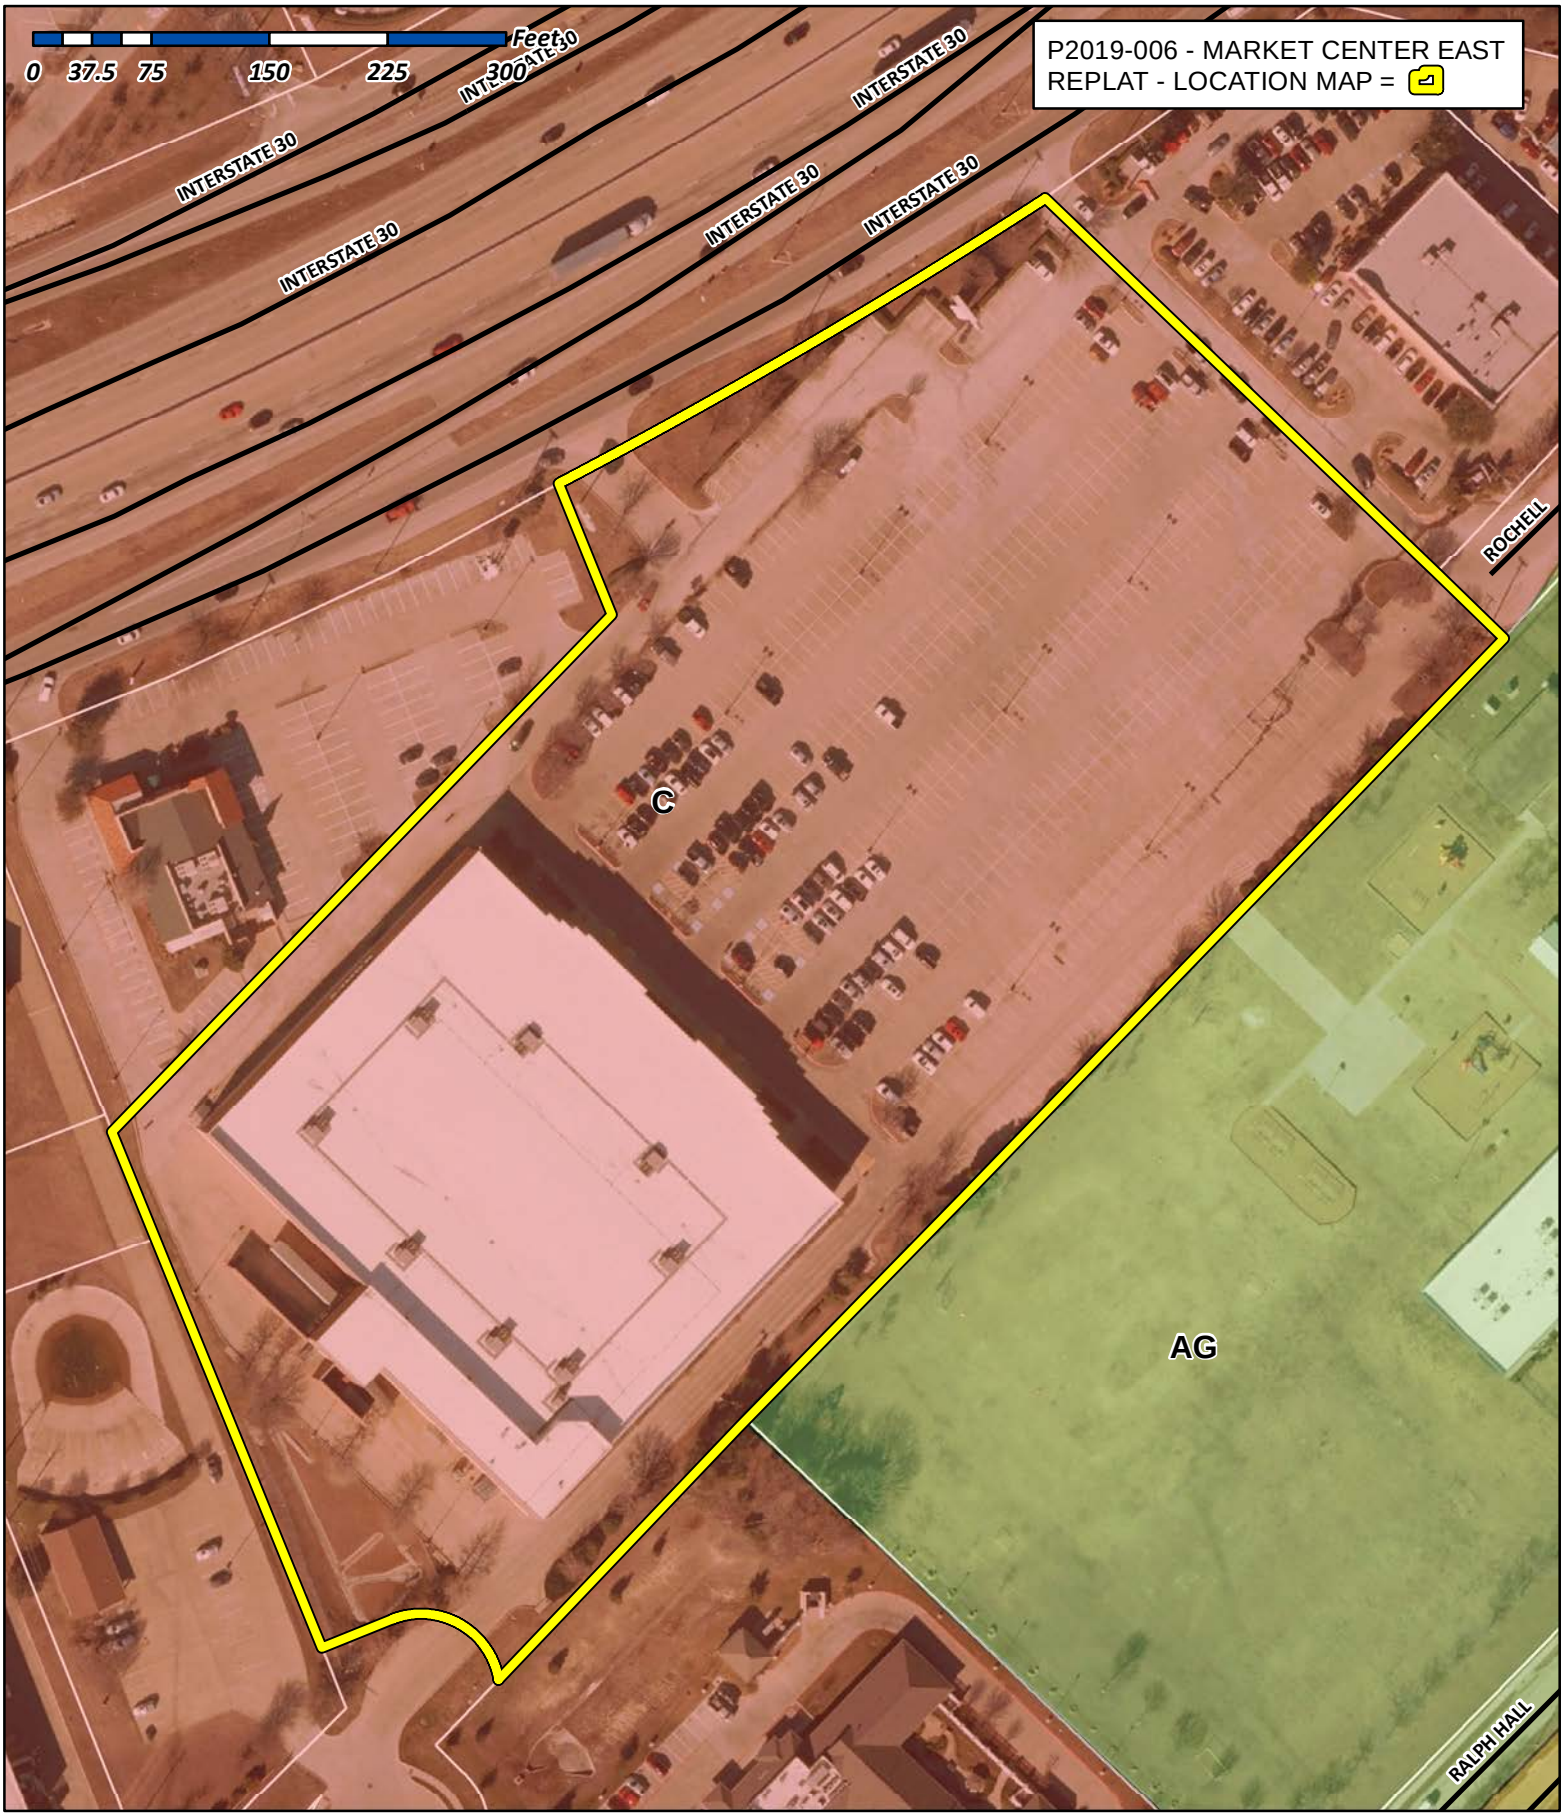
☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

CONDITIONS OF APPROVAL

Should the City Council Choose to approve the replat for *Lots 6 & 7, Market Center East Addition,* staff would propose the following conditions of approval:



(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) The developer is to submit revised site plan, landscape plan, photometric plan, and building elevations to the Planning, Engineering, and Building Inspections Departments; and

(3) Any construction resulting from the approval of this replat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city-adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 26, 2019, the Planning and Zoning Commission's motion to recommend approval of the replat with staff's *Conditions of Approval* passed by a vote of 5-0 with Commissioners Fishman and Chodun absent.

RE-PLAT OF ROCKWALL MARKET CENTER EAST BLOCK A - LOT 6

E.P. GAINES CHISUM SURVEY, ABSTRACT NO. 64

OWNER'S CERTIFICATION:

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS KOHLS ILLINOIS, INC. BEING THE OWNER OF A TRACT OF LAND IN THE COUNTY OF ROCKWALL, STATE OF TEXAS, SAID TRACT BEING DESCRIBED AS FOLLOWS:

BEING LOT 1 BLOCK A, ROCKWALL MARKET CENTER EAST, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, ACCORDING TO FINAL PLAT THEREOF RECORDED IN CABINET D, SLIDE 189, OF THE PLAT RECORDS, ROCKWALL COUNTY, TEXAS AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE TXDOT RIGHT-OF-WAY CONCRETE MONUMENT AT THE SOUTHWEST CORNER OF THE INTERSECTION OF INTERSTATE HIGHWAY 30 AND MIMS ROAD; THENCE ALONG A CURVE CONCAVE TO THE NORTHWEST HAVING A RADIUS OF 3969.72 FEET, AN ARC LENGTH OF 206.57 FEET AND A CHORD BEARING AND DISTANCE OF S 55°30'43" W FOR A DISTANCE OF 206.55 FEET TO A DRILL HOLE FOUND, BEING THE POINT OF BEGINNING;

THENCE S 46°12'30"E FOR 225.43 FEET TO AN IRON ROD;

THENCE S 43°47'30"W FOR 128.00 FEET TO A MAG NAIL AND WASHER;

THENCE N 46°12'30"W FOR 63.00 FEET TO A MAG NAIL AND WASHER;

THENCE S 43°47'30"W FOR 181.25 FEET TO A MAG NAIL AND WASHER;

THENCE N 46°12'30"W FOR 194.00 FEET TO A MAG NAIL AND WASHER;

THENCE N 43°47'30"E FOR 121.00 FEET TO A MAG NAIL AND WASHER;

THENCE N 30°15'32"W FOR 16.84 FEET TO AN IRON ROD;

THENCE ALONG THE SOUTHEASTERN RIGHT-OF-WAY OF INTERSTATE HIGHWAY 30, ALONG A CURVE CONCAVE TO THE NORTHWEST HAVING A RADIUS OF 3969.72 FEET, AN ARC LENGTH OF 189.74 FEET AND A CHORD BEARING AND DISTANCE OF N 58°22'19"E FOR 189.73 FEET TO THE POINT OF BEGINNING AND CONTAINING 1.528 ACRES OR 66,540 SF, MORE OR LESS.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I (WE) THE UNDERSIGNED OWNER (S) OF THE LAND SHOWN ON THIS PLAT, AND DESIGNATED HEREIN AS THE RE-PLAT OF ROCKWALL MARKET CENTER EAST, BLOCK A, LOT 1 SUBDIVISION TO THE CITY OF ROCKWALL, TEXAS, AND WHOSE NAME IS SUBSCRIBED HERETO, THEREBY DEDICATE TO THE USE OF THE PUBLIC FOREVER ALL STREET, ALLEYS, PARKS, WATER COURSES, DRAINS, EASEMENTS AND PUBLIC PLACES THEREON SHOWN ON THE PURPOSE AND CONSIDERATION THEREIN EXPRESSED. I (WE) FURTHER CERTIFY THAT ALL OTHER PARTIES WHO HAVE A MORTGAGE ON LIEN INTEREST IN THE RE-PLAT OF ROCKWALL MARKET CENTER EAST, BLOCK A, LOT 1 SUBDIVISION HAVE BEEN NOTIFIED AND SIGNED THIS PLAT. I (WE) UNDERSTAND AND DO HEREBY RESERVE THE EASEMENT STRIPS SHOWN ON THIS PLAT FOR THE PURPOSES STATED AND FOR THE MUTUAL USE AND ACCOMMODATION OF ALL UTILITIES DESIRING TO USE OR SUING SAME. I (WE) ALSO UNDERSTAND THE FOLLOWING:

1. NO BUILDINGS SHALL BE CONSTRUCTED OR PLACED UPON, OVER, OR ACROSS THE UTILITY EASEMENTS AS DESCRIBED HEREIN.

2. ANY PUBLIC UTILITY SHALL HAVE THE RIGHT TO REMOVE AND KEEP REMOVED ALL OR PART OF ANY BUILDINGS, FENCES, TREES, SHRUBS, OR OTHER GROWTHS OR IMPROVEMENTS WHICH IN ANY WAY ENDANGER OR INTERFERE WITH CONSTRUCTION, MAINTENANCE OR EFFICIENCY OF THEIR RESPECTIVE SYSTEM ON ANY OF THESE EASEMENTS STRIPS; AND ANY PUBLIC UTILITY SHALL AT ALL TIMES HAVE THE RIGHT OF INGRESS OR EGRESS TO, FROM AND UPON THE SAID EASEMENT STRIPS FOR PURPOSE ON CONSTRUCTION, RECONSTRUCTION, INSPECTING, PATROLLING, MAINTAINING, AND EITHER ADDING TO OR REMOVING ALL OR PART OF THEIR RESPECTIVE SYSTEM WITHOUT THE NECESSITY OF, AT ANY TIME, PROCURING THE PERMISSION OF ANYONE.

3. THE CITY OF ROCKWALL WILL NOT BE RESPONSIBLE FOR ANY CLAIMS OF ANY NATURE RESULTING FROM OR OCCASIONED BY THE ESTABLISHMENT OF GRADE OF STREETS IN THE SUBDIVISION.

4. THE DEVELOPER AND SUBDIVISION ENGINEER SHALL BEAR TOTAL RESPONSIBILITY FOR STORM DRAIN IMPROVEMENTS.

5. THE DEVELOPER SHALL BE RESPONSIBLE FOR THE NECESSARY FACILITIES TO PROVIDE DRAINAGE PATTERNS AND DRAINAGE CONTROL SUCH THAT PROPERTIES WITHIN THE DRAINAGE AREA ARE NOT ADVERSELY AFFECTED BY STORM DRAINAGE FROM THE DEVELOPMENT.

6. NO HOUSE DWELLING UNIT, OR OTHER STRUCTURE SHALL BE CONSTRUCTED ON ANY LOT IN THIS ADDITION BY THE OWNER OR ANY OTHER PERSON UNTIL THE DEVELOPER AND/OR OWNER HAS COMPLIED WITH ALL REQUIREMENTS OF THE SUBDIVISION REGULATIONS OF THE CITY OF ROCKWALL REGARDING IMPROVEMENTS WITH RESPECT TO THE ENTIRE BLOCK ON THE STREET OR STREETS ON WHICH PROPERTY ABUTS, INCLUDING THE ACTUAL INSTALLMENT OF STREETS WITH THE REQUIRED BASE AND PAVING, CURB AND GUTTER, WATER AND SEWER, DRAINAGE STRUCTURES, STORM STRUCTURES, STORM SEWERS, AND ALLEYS, ALL ACCORDING TO THE SPECIFICATIONS OF THE CITY OF ROCKWALL; OR

7. PROPERTY OWNER SHALL BE RESPONSIBLE FOR ALL MAINTENANCE. REPAIR AND RECONSTRUCTION OF DRAINAGE AND DETENTION SYSTEMS IN EASEMENTS.

UNTIL AN ESCROW DEPOSIT, SUFFICIENT TO PAY FOR THE COST OF SUCH IMPROVEMENTS, AS DETERMINED BY THE CITY'S ENGINEER AND/OR CITY ADMINISTRATOR, COMPUTED ON A PRIVATE COMMERCIAL RATE BASIS, HAS BEEN MADE WITH THE CITY SECRETARY, ACCOMPANIED BY AN AGREEMENT SIGNED BY THE DEVELOPER AND/OR OWNER, AUTHORIZING THE CITY TO MAKE SUCH IMPROVEMENTS AT PREVAILING PRIVATE COMMERCIAL RATES, OR HAVE THE SAME MADE BY A CONTRACTOR AND PAY FOR THE SAME OUT OF THE ESCROW DEPOSIT, SHOULD THE DEVELOPER AND/OR OWNER FAIL OR REFUSE TO INSTALL THE REQUIRED IMPROVEMENTS WITHIN THE TIME STATED IN SUCH WRITTEN AGREEMENT, BUT IN NO CASE SHALL THE CITY BE OBLIGATED TO MAKE SUCH IMPROVEMENTS ITSELF. SUCH DEPOSIT MAY BE USED BY THE OWNER AND/OR DEVELOPER AS PROGRESS PAYMENTS AS THE WORK PROGRESSES IN MAKING SUCH IMPROVEMENTS BY MAKING CERTIFIED REQUISITIONS TO THE CITY SECRETARY, SUPPORTED BY EVIDENCE OF WORK DONE; OR

UNTIL THE DEVELOPER AND/OR OWNER FILES A CORPORATE SURETY BOND WITH THE CITY SECRETARY IN A SUM EQUAL TO THE COST OF SUCH IMPROVEMENTS FOR THE DESIGNATED AREA, GUARANTEEING THE INSTALLATION THEREOF WITH THE TIME STATED IN THE BOND, WHICH TIME SHALL BE FIXED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL.

I (WE) FURTHER ACKNOWLEDGE THAT THE DEDICATIONS AND/OR EXACTION'S MADE HEREIN ARE PROPORTIONAL TO THE IMPACT OF THE SUBDIVISION UPON THE PUBLIC SERVICES REQUIRED IN ORDER THAT THE DEVELOPMENT WILL COMPORT WITH THE PRESENT AND FUTURE GROWTH NEEDS OF THE CITY; I (WE), MY (OUR) SUCCESSORS AND ASSIGNS HEREBY WAIVE ANY CLAIM, DAMAGE, OR CAUSE OF ACTION THAT I (WE) MAY HAVE AS A RESULT OF THE DEDICATION OF EXACTIONS MADE HEREIN.

CITY OF ROCKWALL

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
CC:	Rick Crowley, *City Manager* Mary Smith, *Assistant City Manager* Joey Boyd, *Assistant City Manager*
FROM:	Ryan Miller, *Director of Planning and Zoning*
DATE:	April 1, 2019
SUBJECT:	Water, Wastewater, and Roadway Impact Fee Study

Section 395.052(a) of the Texas Local Government Code (TLGC) requires that a municipality that imposes an impact fee must update the land use assumptions and capital improvements plan at least every five (5) years. The City last updated the Water, Wastewater, and Roadway Impact Fees in 2013-2014. Based on the requirements of the TLGC, staff has engaged Freese & Nichols, Inc. -- *the same consultants that prepared the roadway updates for 2013-2014* -- to perform the roadway impact fee study. The contract proposed by Freese & Nichols, Inc. is for a total cost of $41,424.00, and includes the roadway program update and collection of the required traffic volume data needed to complete the study. Birkoff, Hendricks & Carter, LLP has already been engaged to perform the update to the water and wastewater program. Staff has also completed the land use assumptions update *in-house* and is prepared to move forward as prescribed by the TLGC. Staff requests the City Council consider approving the City Manager to enter into the agreement for the update. It should be noted that the City Attorney is in the process of finalizing the contract, but all perinate information concerning the contract is attached to this memorandum. This was included and approved in the *FY2018-2019 Budget*. Should the City Council have any questions staff will be available at the *April 1, 2019* meeting.

Attachment A to Professional Engineering Services Contract
Scope of Services
Roadway Impact Fee Program Update
City of Rockwall, Texas

Phase 1: Roadway Impact Fee Update

A. Land Use Assumptions

The impact fee capital improvement plan is required to be based upon a set of adopted land use assumptions which includes a "description of the service area(s) and projections of changes in land use, densities, intensities, and population in the service area over at least a ten-year period." Although no format is specified in the State statute, the key components of the land use assumptions include; description and analysis of existing conditions, determination of service area(s) for capital facilities, ten-year growth projections, and discussion of an ultimate or "build out" development scenario.

The CITY will prepare the Land Use Assumptions Report as well as present the Land Use Assumptions to the Capital Improvements Advisory Committee and the City Council during the impact fee Public Hearing. ENGINEER will support the CITY in identifying the necessary report components. Detail of the report requirements are detailed in the Responsibilities of City (Article IV-A) below.

B. Roadway Impact Fee Update

1. Project Kick-off and identification of Data Needs: ENGINEER will conduct an initial meeting with the CITY to review proposed scope of services, approach, goals and deliverables of the study. ENGINEER will provide the CITY with a Data Request Memorandum identifying data needs from all component of the impact fee study. The meeting will include discussion of the following:
   a. Present and discuss methodology and approach
   b. Scheduling and project coordination
   c. Information and data needs from the CITY
   d. A review of recent and proposed developments/future growth in the CITY and planning area
   e. Identification of potential CIP projects for consideration into the impact fee system
   f. Capital Improvements Advisory Committee and Meetings
   g. CITY Coordination for resolutions/postings and public hearings
   h. Coordination of final documentation

   Up to six (6) meetings will be held throughout the study process and include the following; Advisory Committee (3), CITY Staff (2), CITY Council/Public Hearing (1).

   Documents will be prepared as part of the study process and be presented to the CITY and Capital Improvements Advisory Committee (CIAC). To reduce overall project costs throughout the study process, electronic documents (PDF format) will be provide to the CITY for reproduction and dissemination to the Steering Committee and City Council. At project conclusion, one (1) unbound color original hardcopy of the adopted final report will be submitted to the CITY. An electronic version of the file (PDF format), will also be provided.

   As part of project initiation, ENGINEER will meet (Meeting #1) with the Capital Improvements Advisory Committee (CIAC) to provide an overview of the impact fee study update, review Land Use Assumptions and associated growth rate (Task A) and discuss next steps in the program update. The CIAC shall provide comment on the LUA for the study to proceed forward.

2. Update Roadway Impact Fee Service Areas: From the 2013 system update, four service areas have been created for the city's roadway impact fee system. ENGINEER will update the roadway service area structure to incorporate recent municipal annexations. ENGINEER will also review any revised changes to the service area structure to ensure compliance with state legislation (six-mile maximum). Following the completion of this task, CITY Staff will review and approve the service area structure prior to commencement of supplemental tasks. It is anticipated that minimal changes will be made to the service area structure.

3. Existing Roadway Inventory and Analysis: ENGINEER will assemble an inventory and analysis of existing major roadways, by service area (Task 2) in the city. The inventory will contain the following information of existing collector and arterial status roadways; roadway segment name and limits, length (in miles), number of lanes, facility type (divided, undivided) and functional classification (arterial, collector).

   Existing conditions analyses will be prepared to calculate capacity provided and utilized of existing capital improvements within the city. Any roadway deficiencies will be summarized by service area for use in the capital improvements analysis. The existing conditions analysis will be based on PM peak hour directional traffic volume data. ENGINEER will collect such data at up to twenty-five (25) locations throughout the city. ENGINEER will coordinate with the CITY with a map depicting locations for data collection of peak-hour directional traffic count data.

4. Determination of Projected Roadway Demand: Determination of projected roadway demand over the 10-year planning period will be based on socio-demographic data developed in the land use assumptions report prepared as part of the study process. The service unit equivalency table, updated in Task 9, will serve as the basis for determination of the number of service units generated within individual service areas over the ten-year planning period. Service unit equivalencies for residential, general shopping, office and general industrial will be used for service unit generation from growth defined in the land use assumptions report (to be prepared by the CITY).

5. Develop Roadway Capital Improvements Program: The impact fee capital improvements program (CIP) will be updated incorporating growth considerations over the ten-year plan period, the City Thoroughfare Plan, fiscal constraints and City Staff input. The 2013 impact fee CIP project listing will serve as the basis for defining additional needs. Project costing for CP projects will be based on recent unit pricing from city projects. The CITY will provide actual cost information for completed projects and be broken down by; construction, engineering, right-of-way and debt service. ENGINEER will develop cost estimates for project additions to the program and be based on unit cost data to be provided by the CITY. We have assumed that one (1) impact fee CIP scenario will be prepared as part of this study effort.

   Both the 2009 and 2013 roadway impact fee programs credited the cost of the impact fee CIP by 50%. For scoping purposes, it is assumed that a financial analysis determining the maximum that could be charge (in excess of 50%) will not be conducted. Should such study be desired, a revised scope fee will be provided.

6. Meet with CITY to Review Capital Improvement Plans: ENGINEER will prepare maps depicting existing and proposed system improvements eligible for impact fees and will conduct a meeting with CITY to review projects and to obtain comments. (Concurrent with Task 8.)

7. Conduct CIAC Meeting #2: ENGINEER will present the proposed roadway CIP to the CIAC and solicit comments to the plan.

8. Roadway CIP Database Update and Maximum Fee Calculation: Impact fee CIP project data will be compiled and input into a roadway projects database. This database will be prepared by service area and include the following information:

   a. Roadway segment name and limits.
   b. Number of lanes, length and facility type.
   c. Project cost information (construction, engineering, ROW, debt service).
   d. Capacity provided by CIP projects, utilized and percent attributable to new development.
   e. Project cost attributable to new development.

   Based on data compiled into the CIP database, an updated maximum cost per service unit will be calculated for service areas within the CITY

9. Update Service Unit Equivalency Table (SUE) for Roadway System: ENGINEER will update the listing of service unit equivalencies for major land uses within the categories of residential, office, commercial, industrial and institutional uses. Subject to available data, up to five (5) land uses will be added based on city input. The service unit generation table will also be updated to incorporate new trip rate and trip length information. Trip rate information will be based on data contained in the Institute of Traffic Engineers *Trip Generation*, 10th Edition. Trip length data will be based on available data from the North Central Texas Council of Governments Workplace Survey.

   Develop Draft Roadway Impact Fee Report: ENGINEER will prepare and submit a Draft Roadway Impact Fee Report documenting analyses, the CIP, its associated cost, and associated maximum cost per service unit. An electronic version of the draft report (PDF format) will be provided for the CITY to make/disseminate necessary copies for Staff and CIAC review (Tasks 11 and 12).

10. Meet with CITY to Review Draft Impact Fee Report: ENGINEER will discuss the Draft Impact Fee Report and present comparisons with other Cities and obtain comments. The CITY will provide a consolidated list of comments of the draft report.

11. Fee Benchmarking: Up to eight (8) area cities will be benchmarked with Rockwall for comparison of impact fee collections. Up to four (4) land uses will be prepared for comparison.

12. Conduct CIAC Meeting #3: ENGINEER will present the results of the Impact Fee Study to the Citizen Advisory Committee. In addition to the discussion of the resultant cost per service unit, a comparison of the unit cost to area cities will be made.

13. Finalize Roadway Impact Fee Report: Based on comments from the CITY CIAC (Task 8), ENGINEER will finalize the Impact Fee Report for use as part of the impact fee hearing. An electronic version of the final report (PDF format) will be submitted to the CITY printing/dissemination of reports to the City Council.

14. Present Capital Improvements Plan at Public Hearing (#1): ENGINEER will attend one (1) Public Hearing to present the Capital Improvements Plan and updated impact fee calculation and will be available to discuss/answer questions. (This task runs concurrent with the presentation of the Land Use Assumptions.)

The CITY shall take lead in the preparation and submittal of all necessary public noticing, resolutions and ordinance language throughout the study process.

15. Submit Final Sealed Report: At the conclusion of the public hearing process, ENGINEER will submit one (1) unbound color copy original of the final report. The report shall be sealed by a Professional Engineer registered with the State of Texas.

Deliverables:

A. Discussion of data needs, methodology/approach and presentation to the CIAC.

B. Identification of directional PM Peak hour traffic counts.

C. Updated service area structure/boundary map.

D. Updated roadway system inventory/existing utilization (capacity, use, deficiency) by service area.

E. Coordination with land use assumptions; projection of 10-year demands (vehicle-miles) generated by new development for each service area.

F. Updated roadway impact fee CIP and associated costs; analysis of impact fee CIP (capacity made available, use and projection of needs by new development).

G. Updated impact fee database and associated cost per service unit calculation for each service area.

H. Updated land use equivalency table.

I. Report and presentation for public hearing process.

J. Final Sealed Report of the impact fee update.

ARTICLE II

ADDITIONAL SERVICES: Additional Services to be performed by ENGINEER on an hourly, not to exceed fee basis, if authorized by CITY, which are not included in the above described basic services, are described as follows:

A. Additional meetings with the Capital Improvements Advisory Committee and/or the City Council for workshops or other meetings in connection with the impact fee program update.

B. An impact fee finance study should the CITY determine the desire to collect impact fees above the 50% rate. A scope and fee will be provided, if requested.

C. Providing renderings, model, and mock-ups requested by the CITY.

D. Revising study mapping, drawings, specifications or other documents when such revisions are 1) not consistent with approvals or instructions previously given by CITY or 2) due to other causes not solely within the control of ENGINEER.

E. Preparing applications and supporting documents for government grants, loans, or planning advances and providing data for detailed applications.

F. Preparing data and reports for assistance to CITY in preparation for hearings before regulatory agencies, courts, arbitration panels or any mediator, giving testimony, personally or by deposition, and preparations therefore before any regulatory agency, court, arbitration panel or mediator.

G. Assisting CITY in preparing for, or appearing at litigation, mediation, arbitration, dispute review boards, or other legal and/or administrative proceedings in the defense or prosecution of claims disputes.

H. Assisting CITY in the defense or prosecution of litigation in connection with or in addition to those services contemplated by this Agreement. Such services, if any, shall be furnished by ENGINEER on a fee basis negotiated by the respective parties outside of and in addition to this Agreement.

I. Design, contract modifications, studies or analysis required to comply with local, State, Federal or other regulatory agencies that become effective after the date of this Agreement.

J. Visits to the site in excess of the number of trips included in Article I for periodic site visits, coordination meetings, or contract completion activities.

K. Providing basic or additional services on an accelerated time schedule. The scope of this service include cost for overtime wages of employees and consultants, inefficiencies in work sequence and plotting or reproduction costs directly attributable to an accelerated time schedule directed by the CITY.

L. Preparing statements for invoicing or other documentation for billing other than for the standard invoice for services attached to this Professional Engineering Services Agreement.

ARTICLE III

TIME OF COMPLETION: ENGINEER is authorized to commence work on the Project upon execution of this Agreement and agrees to complete the technical portion services, exclusive of the final public hearing, in accordance within 4 – 6 months. This timeframe is dependent on the ability of City Staff and Advisory Committee to provide feedback to all project submittals. It is not anticipated that any special meetings will be needed for the Capital Improvements Advisory Committee (P&Z serving as CIAC) and the City Council.

If ENGINEER's services are delayed through no fault of ENGINEER, ENGINEER shall be entitled to adjust contract schedule consistent with the number of days of delay. These delays may include but are not limited to delays in CITY or regulatory reviews, delays on the flow of information to be provided to ENGINEER, governmental approvals, etc. These delays may result in an adjustment to compensation as outlined on the face of this AGREEMENT and in Attachment B.

ARTICLE IV

RESPONSIBILITIES OF CITY: CITY shall perform the following in a timely manner so as not to delay the services of ENGINEER:

A. Preparation of Land Use Assumptions (LUA Report) for Roadway Impact Fee Update
   1. The Capital Improvement Plan (CIP) is required to be based upon a set of adopted land use assumptions which includes a "description of the service area(s) and projections of changes in

land use, densities, intensities, and population in the service area over at least a ten-year period." Although no format is specified in the State statute, there are four basic requirements or components of the land use assumptions:

i. Determination of service area(s) for each capital facility
ii. Description and analysis of existing conditions (base data)
iii. Ten-year growth projections
iv. Discussion of an ultimate or "build out" development scenario

It is anticipated that the City staff will use the service area structure established as part of the previous system update as amended in Task 2 (Phase 1, B2) above.

Existing Land Use Development
The report will document existing conditions in terms of land use, land use density, and current population/employment of the study area. As the LUA report will be documenting conditions for both roadway and water/wastewater impact fees, separate tables documenting each program service area boundaries will be needed. For roadways, data will be confined to the city limits. Data should be compiled and documented by traffic service zones (NCTCOG TSZ subareas) in tabular format to all for specific area planning. An accompanying map depicting TSZ boundaries should also be included. A description for the basis of the existing conditions should be provided.

Ten-Year Growth Assumptions
The purpose of ten-year projections is to serve as a basis for unit cost calculations that will be used in the impact fee program. The period of analysis shall be January 2019 through January 2029. Growth assumptions may be based on historic trend of population, recent building permit activity, upcoming anticipated/known developments or some synthesis of both. It is assumed that a growth rate will be prepared and presented to the CIAC, with the CIAC providing approval of such growth rate for study documentation.

Growth assumptions will include and be broken out in the following manner:
Roadway: population, dwelling unit and employment by industry (basic, service, retail) by roadway service areas for year 2019 and 2029.

The growth projections should be coordinated with the CITY's Future Land Use Plan for consistency with long-range community planning efforts. A ten-year figure in terms of land use type, associated acreage and density should also be provided.

Land Use Assumption Report
A draft report documenting items above will be submitted electronically for Study Team review. Subsequent to this review, draft reports will be made available for presentation to the CIAC. Based on comments from the CIAC, a final report will be prepared for the Public Hearing process.

Conduct LUA Meetings with the CIAC and Public Hearing
The CITY will support ENGINEER with meetings with the CIAC and City Council for the approval and public hearing of the LUA Report. Subject to CIAC comments, the CITY will prepare the final report for use in this impact fee program update.

Task Products:
- Electronic copy of initial draft document for Study Team review.
- Presentation of the draft LUA to the CIAC.

- Preparation of the final LUA report to make available for the Public Hearing process.
- Presentation of the final LUA to the City Council as part of the impact fee public hearing.
- Electronic copy of the final approved report in Word and PDF format.

2. Collection of PM peak hour directional traffic volumes at up to 25 locations for analysis of existing demand and deficiencies. ENGINEER will coordinate with City Staff with respect to count locations.

3. Coordinate meeting times and places, including notifying each study team member.

4. Review and comment on ENGINEER recommendations.

5. Publish all public hearing notices, including all notices required in the newspaper, Council resolutions and ordinances for the approval of program update.

6. Provide to ENGINEER all existing population, employment, base maps, and other data which may be relevant to the impact fee program.

7. Make all requests to other public agencies such as NCTCOG (if necessary) for data and/or assistance, as may be appropriate and relevant to the impact fee program.

8. Provide current GIS base map of the city and Thoroughfare Plan in electronic format. ESRI shapefiles would be acceptable.

9. Provide data of existing roadways (arterial and collector streets) within the city limits. Specific information required for the inventory includes the following:
   a. Roadway name
   b. Roadway type (divided, undivided, arterial, collector, etc.)
   c. Existing number of lanes

10. Any available long-range travel forecasts to assist in the preparation of the Capital Improvements Program.

11. Historic roadway unit cost data for the preparation of updates to project costing for proposed impact fee program projects. Unit cost or bid tab data should resemble facility types depicted on the City Thoroughfare Plan.

    Other project costing to be provided include actual project costs for recently completed roadway impact fee projects. Data to be included; construction, engineering, right-of-way and debt service. Any previous collections by the CITY from development should also be submitted.

B. Provide such accounting, independent cost estimating, and insurance counseling services as may be required for the Project, such legal services as CITY may require or ENGINEER may reasonably request about legal issues pertaining to the Project.

C. Furnish, or direct ENGINEER to provide, Additional Services as stipulated in Attachment SC, Article II of this AGREEMENT or other services as required.

D. Bear all costs incident to compliance with the requirements of this Article IV.

ARTICLE V

DESIGNATED REPRESENTATIVES: ENGINEER and CITY designate the following representatives:

CITY's Designated Representative	Mr. Ryan C. Miller, Director of Planning 385 South Goliad Rockwall, Texas 75087 Phone: (972) 771-6441 Fax: (972) 771-7748 E-mail: RMiller@rockwall.com
CITY's Accounting Representative	Name: _____ Address: _____ _____ Phone: _____ Fax: _____ E-mail: _____
ENGINEER's Designated Representative	Edmund Haas, AICP 2711 N. Haskell Ave., Suite 3300 Dallas, Texas 75204 Phone: 214-217-2321 Fax: 214-217-2201 E-mail: eh@freese.com
ENGINEER's Accounting Representative	Stephanie Kirchstein 2711 N. Haskell Ave., Suite 3300 Dallas, Texas 75204 Phone: 214-217-2212 Fax: 214-217-2201 E-mail: Stephanie.Kirchstein@freese.com

COMPENSATION

Compensation to FNI shall be the lump sum fee of Forty-One Thousand Four Hundred Twenty-Four Dollars ($41,424). If ENGINEER sees the Scope of Services changing so that additional services are needed, including but not limited to those services described as Additional Services in Attachment A, ENGINEER will notify CITY for CITY'S approval before proceeding. Additional Services shall be computed based on the Schedule of Charges.

Schedule of Charges:

Position	Min	Max
Professional 1	75	138
Professional 2	101	186
Professional 3	127	208
Professional 4	142	224
Professional 5	170	284
Professional 6	179	365
Construction Manager 1	93	166
Construction Manager 2	102	174
Construction Manager 3	140	192

Rates for In-House Services

Technology Charge

$8.50 per hour

Travel

Standard IRS Rates

Bulk Printing and Reproduction

	B&W	Color
Small Format (per copy)	$0.10	$0.25
Large Format (per sq. ft.)		
Bond	$0.25	$0.75
Glossy / Mylar	$0.75	$1.25
Vinyl / Adhesive	$1.50	$2.00
Mounting (per sq. ft.)	$2.00	
Binding (per binding)	$0.25	

OTHER DIRECT EXPENSES:

Other direct expenses are reimbursed at actual cost times a multiplier of 1.15. They include outside printing and reproduction expense, communication expense, travel, transportation and subsistence away from the ENGINEER's office and other miscellaneous expenses directly related to the work, including costs of laboratory analysis, test, and other work required to be done by independent persons other than staff members. For Resident Representative services performed by non-FNI employees and CAD services performed In-house by non-FNI employees where ENGINEER provides workspace and equipment to perform such services, these services will be billed at cost times a multiplier of 2.0. This markup approximates the cost to ENGINEER if an FNI employee was performing the same or similar services.

These ranges and rates will be adjusted annually in February. Last updated February 2019.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and Councilmembers**

FROM: **Bethany Browning**

DATE: **April 1, 2019**

SUBJECT: **Appointment with Downtown Rockwall Association to Discuss Street Closures**

On February 6, 2019 the Downtown Rockwall Association voted to approve their annual calendar of events which included 8 additional street closures in the 100 block of North San Jacinto Street:
(5) Classic Car Shows (February (past), June, July, August, September)
Easter Event (April)
Corks & Canvas (May)
Yoga on the Square (July)

Since the February 6 meeting, the DRA has stated they would like to utilize the San Jacinto Plaza for the last three events (Easter, Corks & Yoga) versus closing North San Jacinto.

In recent years downtown streets have been closed four times annually for the following major events:

1.Downtown Summer Kick-Off (Opening Weekend of Farmers Market and San Jacinto Plaza Music Series, Craft Market and Cinco de Mayo Celebration)
2. Rib Rub Run & Roll
3. Scare on the Square and
4. Hometown Christmas Celebration.

Tamara Kolleck, DRA President has an appointment with City Council to seek approval for the additional street closures and to discuss their special events. Attached is a copy of the original calendar of events approved at the February 6, 2019 DRA meeting and the powerpoint that will be presented to the City Council on Monday night by the DRA president. Staff will be available to answer questions as well.

127

Downtown Rockwall Association

2019 Calendar of Events (DRAFT)

January: JAN 16TH DRA MEMBERS MEETING @6:15PM STERLING TEA

February:

- Feb 16th Local Lovers Stroll
- Feb 23rd Sidewalk Sale + Classic Cars & Coffee on the Square

March:

- March 16th: Be Crafty Event, St. Patricks's Theme pastry decorating in the plaza
- March 21st vs 23rd: Spring Fling in Downtown (Ladies Late Night Shopping Event)?

April:

- April 20th: Easter Event. Bunny & Pig Yoga, Easter Egg Hunt, Pictures w/ Easter Bunny

May:

- May 2nd: Music Series starts
- May 4th: Farmer's Market begins, Artisan Craft Fair, Downtown summer kickoff & Cinco de Mayo. Local Beer Stroll-Sponsorship from local breweries
- May 18th: Founders Day, Corks & Canvas on the Square
- May 19th: Farm to Feast

June:

-June 15th Family Friendly/Men's themed event, Local brewery Beer Stroll, food trucks & Classic cars

July:

128

-July 13th Goat Yoga on the Square

-July 27th Classic Cars & Coffee

August:

-Aug 9th-11th Shop local Texas Tax free weekend, Side walk sale

-Aug 31st Classic Cars & Coffee

September:

- Sept 11th-14th, 1st responder appreciation shopping weekend 20% off item purchase with ID.
- Sept 28th Classic Cars & Coffee

October:

- October 5 Rib Run and Roll; Beer stroll
- October 13th Farm to Feast
- October 26th Scare on the Square & movie night

November:

- November 8th Holiday Open House
- November 30th Shop Small, Plaza Breakfast & Mimosa Stroll

December:

- December 7th Hometown Christmas
- December 13th & 14Th Downtown District Holiday Tour of Homes & (tour discount promo + Dessert Stroll 14th)
- December 20th Late Night Shopping

129

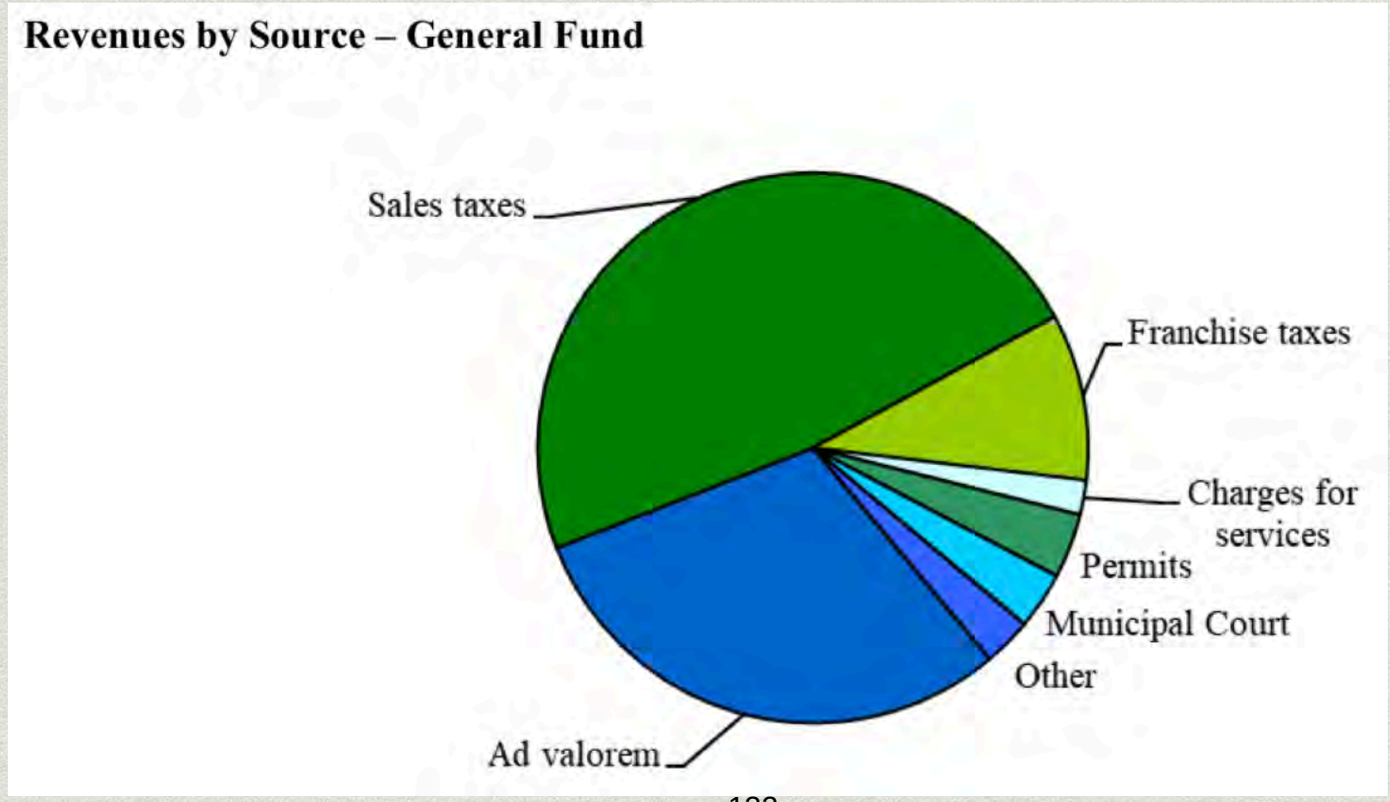
DOWNTOWN ROCKWALL ASSOCIATION

CALENDAR OF EVENTS REVIEW & NEW REQUESTS

DOWNTOWN ROCKWALL ASSOCIATION

PURPOSE:

1. TO DEVELOP, EXECUTE AND PARTICIPATE IN COMMUNITY EVENTS FOR PROMOTING THE ROCKWALL DOWNTOWN HISTORICAL DISTRICT.
2. TO WORK IN CONJUNCTION WITH THE CITY AND COUNTY GOVERNMENT OFFICES TOWARDS CONTINUED REVITALIZATION AND GROWTH OF THE DOWNTOWN BUSINESS DISTRICT.
3. TO PROMOTE BUSINESS OPPORTUNITIES AND TOURISM OF THE DOWNTOWN ROCKWALL HISTORICAL DISTRICT IN THE CITY OF ROCKWALL FOR THE GOOD OF THE COMMUNITY, AS WELL AS PROMOTING AND MARKETING OUR MEMBERS BUSINESSES TO AREAS OUTSIDE OF ROCKWALL.



131

City of Rockwall Revenues from local Sales Tax

-2016 FINANCIAL REPORT

Downtown Rockwall underwent extensive reconstruction with completion occurring in 2016 and marked by a full-day celebration of the end of construction. Several new stores have moved into the downtown square following the completion adding to the mix of retail, restaurant and service locations. The City benefits from the attention garnered from Rockwall's being a Texas Main Street City. The City has seen a 5.4% increase in sales taxes in the downtown area in the last fiscal year and 70.4% in the last five years. (EXCERPT TAKEN FROM CITY OF ROCKWALL 2016 FINANCIAL REPORT)

The City's *General Fund* reported an ending unassigned fund balance of $11,165,872. The largest source of general fund revenue is sales tax, it accounted for $15,574,733 (47.98%) of total general fund revenue.

132

CITY OF ROCKWALL
FY 2017-2018
FACTS FROM THE “ADOPTED BUDGET REPORT”

The City of Rockwall will end FY2017 in strong financial position. The City of Rockwall has had a good year in 2017 with overall revenues meeting budgeted expectation; however, revenues have not out-performed budget estimates for Sales Tax to the extent that they have in previous years. 2017 expenditures generally conform to the expenditure plan outlined in the FY2017 budget. Decisions to expend additional reserve funds during the course of the year have not resulted in compromising the City’s financial position, but rates of revenue increases, particularly in Sales Tax collection, have slowed as compared to previous year increases. Budgeted and actual total Sales Tax collections for the past several years are provided below:

Fiscal Year	Proposed Budget	Actual Collections	% Change
2013	$12,076,200	$13,271,760	9.97%
2014	$12,998,000	$13,515,016	3.97%
2015	$13,617,300	$14,302,831	5.03%
2016	$14,941,000	$15,378,895	2.92%
2017	$15,791,200	$15,977,050 (projected)	1.17%

Despite a continued increase from historic per capita sales tax collections ($340/capita - noted in strategic planning data - to the FY2017 rate of about $378/capita), due to the reduced overall rate of increase for the past year, the proposed budget indicates a cautious approach in estimating increased Sales Tax receipts for the coming year as the likelihood of increased online retail sales market share continues.

133

DOWNTOWN RETAIL FINANCIAL TRENDS

- HISTORICALLY LOWEST INCOME EARNING MONTHS IN DOWNTOWN ROCKWALL W/ PROBABLE FACTORS: **PROFITS DECREASED 30-35% IN THESE MONTHS AMONG MERCHANTS.**
  - **JANUARY**-CONSUMERS RECOVERING FROM FINANCIAL DRAIN OF HOLIDAY SPENDING, LACK OF EVENTS TO DRAW TRAFFIC DOWNTOWN.
  - **FEBRUARY**- CONSUMERS PREPARING FOR TAX SEASON, LACK OF EVENTS TO KEEP PUBLIC ENGAGED AND DRAW CONSUMERS DOWNTOWN.
  - **JUNE**- SUMMER VACATIONS, LACK OF RETAIL/RESTAURANT DRIVEN EVENTS TO KEEP PUBLIC ENGAGED AND DRAW CONSUMERS DOWNTOWN.
  - **JULY**-SUMMER VACATIONS, TEXAS HEAT, LACK OF RETAIL/RESTAURANT DRIVEN EVENTS TO KEEP PUBLIC ENGAGED AND DRAW CONSUMERS DOWNTOWN.
  - **AUGUST**- BACK TO SCHOOL TIME, TEXAS HEAT, LACK OF RETAIL/RESTAURANT DRIVEN EVENTS TO KEEP PUBLIC ENGAGED AND DRAW CONSUMERS DOWNTOWN.
  - **SEPTEMBER**- TEXAS HEAT, START OF TEXAS STATE FAIR, LACK OF RETAIL/RESTAURANT DRIVEN EVENTS TO KEEP PUBLIC ENGAGED AND DRAW CONSUMERS DOWNTOWN.

134

In the past 3 years there has been approximately **13+** businesses that have either gone out of business, moved locations, or rebranded in an effort to try continue to survive in business downtown.

135

The average monthly rent cost for commercial retail downtown is $2600.00-$6000.00

Many merchants struggle to make profits in down financial trending months with lack of continual foot traffic and public awareness/exposure of downtown shopping and dining options.

136

During a DRA driven event day, How do these events effect merchant sales profits?

"The average merchant's traffic and sales profits increase 100-150% during DRA driven events where there is individual shop participation and collaborative efforts help to promote the event."

–A poll conducted through the DRA from its merchants.

145

HOW MUCH DOES FARMER'S MARKET ACTUALLY CONTRIBUTE TO THE LOCAL DOWNTOWN MERCHANT'S AVERAGE SATURDAY BUSINESS SALES?

"Most downtown merchants average about 30-50 customer transactions to their shops on a regular Saturday. The average customer count that visits the surrounding shops after shopping farmers market is approximately 5 people total. Out of the 5 people that visit the shops, approximately 50% will buy something at an average price point of less than $60.00 per transaction. Overall the farmer's market may contribute 4-6% in sales to the downtown merchants."

–A poll conducted through the DRA from its merchants.

SUBJECT: **Item to be added Friday**

Supplemental information for this item will be added to the packet this Friday.

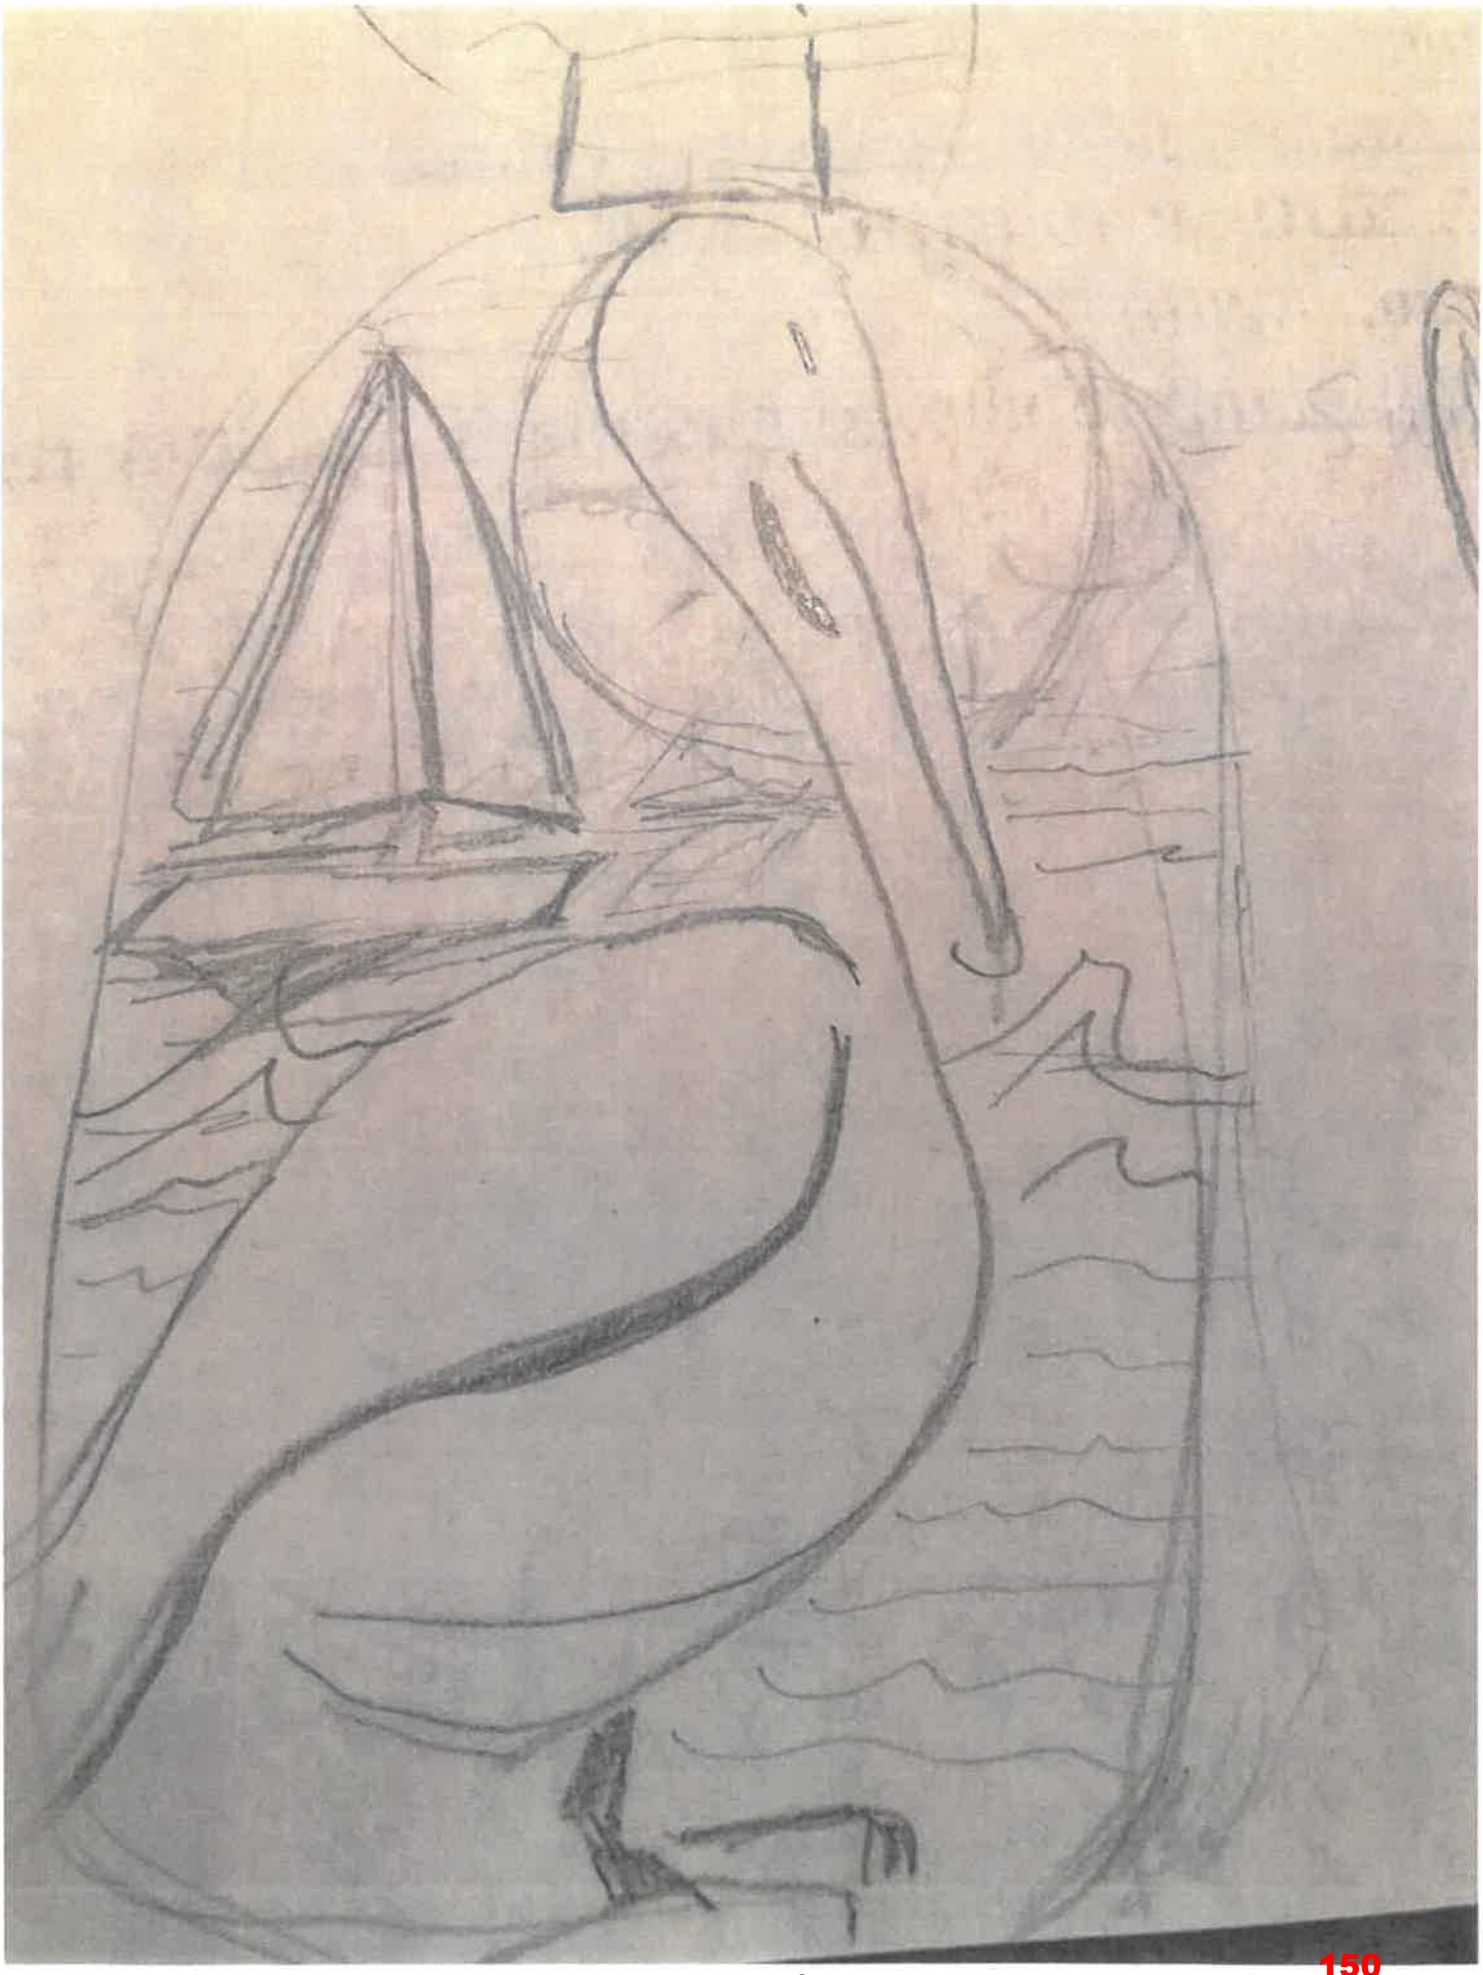
City of Rockwall
The New Horizon

MEMORANDUM

TO: Mayor and Councilmembers

FROM: David Sweet, Art Commission Chair

DATE: April 1, 2019



SUBJECT: Approval of Fiberglass Guitar Artwork

City Councilmembers approved the fiberglass guitar project at their February 4, 2019 meeting. At that time, Chairman Sweet stated he would be back before Council in the coming weeks with the artist's concepts. In your packet for your review please find all five designs for your review.
Kenyon Hill: Pelican w/Sailboat
Nancy Kuntz: Rockwall Postcard
Jim Kuntz: Rockwall History
Susan Varner: Longhorn
Jake Bays: Sunset

The guitars are in production with an estimated ship date in mid-April. A meeting with the artists has been held and all are excited to get started upon arrival.

Specs/Recap:
Guitars are 5' tall and weigh approximately 50 lbs. The guitars will incorporate the City's "Free Live Music Capital of North Texas" logo and embody both the visual and performing arts. The Commission has chosen five public venues for installation: San Jacinto Plaza, The Harbor, Ted Cain's Corner Park, City Hall and Harry Myers Park. Artists will paint the guitars at no cost to the City.

Public Relations:
The Art Commission's desire is to unveil the painted guitars at Founders Day on May 18, 2019. Commission members are working very hard to make this happen, however, they recognize this may be difficult if production is delayed. In the event production is delayed, alternative dates for unveiling will be chosen at both the Concert by the Lake and San Jacinto Plaza Music Series.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Amy Williams, Director of Public Works/City Engineer

DATE: March 28, 2019

SUBJECT: Water Conservation/Water Resource and Emergency Management Plan

The Texas Commission on Environmental Quality requires every water provider to revise and submit their Water Conservation and Water Resource and Emergency Management Plan every five years. City Council adopted the existing Water Emergency Response Plan and the Water Conservation Plan on August 3, 2009, July 6, 2009, and April 21, 2014. The staff has made revisions to our current plans and will submit these documents to the TCEQ by May 1, 2019, after City Council approves the ordinances.

Changes to the Water Conservation include the addition of definitions, once per week water of landscape beginning November 1st and ending March 31st, and rebates of $100 towards the purchase and installation of high-efficiency card or coin operated commercial clothes washers at commercial laundromats. The refund on commercial washing machines is required as part of the settlement agreement with the Sierra Club and the National Wildlife Federation to move forward with the construction of the Lower Bois d 'Arc Creek Reservoir.

Changes to the Water Resource and Emergency Management Plan are definitions and lake level elevations that trigger different resource management stages in the plan. Another change was to have three stages instead of four. The reasoning for the transition to three stages was that Stage 1 in the previous plan had the same requirements found in the Conservation Plan.

Staff recommends City Council consideration to approve the revised Water Resource Emergency Management and Water Conservation Plan to keep the City in compliance with the Texas Commission on Environmental Quality requirements.

CITY OF ROCKWALL

ORDINANCE NO. 19-___

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 6. WATER CONSERVATION TO REPEAL DIVISION 6. IN ITS ENTIRETY AND REPLACE IT WITH A NEW DIVISION 6. TO REFLECT AN UPDATED WATER CONSERVATION PLAN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING AN EFFECTVE DATE.

WHEREAS, the Rockwall City Council previously adopted a Water Conservation Plan through passage of Ordinance No. 14-17, "Exhibit A"; and

WHEREAS, the City Council has determined the need to repeal the plan (Ord. No. 14-17) in its entirety for the purpose of modifying the Water Conservation Plan, in accordance with Section 288.2 of the Texas Administrative Code.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THAT:

SECTION 1. The Code of Ordinances in Chapter 44. "Utilities," Article V. "Water," Division 6. "Water Conservation" is hereby repealed in its entirety and a new "Water Conservation Plan" is hereby adopted as reflected in **"Exhibit A"** of this ordinance; and

SECTION 2. PLAN ADOPTED

Sec.44-412.

(a) The city council hereby approves and adopts the City of Rockwall Water Conservation Plan, attached to Ordinance No. 19-___ as "Exhibit A," which is incorporated as if fully set forth in this division and on file in the city secretary's office. As contained in Section 9.4 of the plan, the following Landscape Water Management Measures are adopted and required by the City of Rockwall:

- Time of day restrictions prohibit lawn irrigation watering from 10 AM to 6 PM beginning April 1st and ending October 31st of each year.
- Prohibition of watering of impervious surfaces, as provided by the Irrigation Ordinance 09-13, Ch. 10, Art. XVI, Sec. 10-700 of the Code of Ordinances. Wind driven water drift will be taken into consideration.
- Prohibition of outdoor watering during rain or freeze events.
- Lawn and landscape irrigation is limited to twice per week April 1st and ending October 31st, except for irrigation systems installed with an evapo-transpiration controller or the use of a water hose with a shut-off nozzle, and for establishment of new lawn and landscaping for a period of 30 days or as approved in writing by the City of Rockwall.

- Lawn and landscape irrigation is limited to once per week November 1st and ending March 31st.
- Rain and freeze sensors and/or evapo-transpiration controllers must be maintained to function properly.
- At home and fundraising car washing may be done only when using a water hose with a shut-off nozzle.

(b) Any person or customer, defined pursuant to 30 Tex. Admin. Code Ch. 291, failing to comply with the provisions of the plan shall be subjected to a fine of up $2,000.00 and/or discontinuance of water service by the city. Proof of a culpable mental state is not required for a conviction of an offense under this section. Each day a customer fails to comply with the plan is a violation. The city's authority to seek injunctive or other relief available under the law is not limited by this section.

SECTION 3. The City Manager or his designee is hereby directed to file a copy of the Plan and this Ordinance with the Texas Commission on Environmental Quality in accordance with Title 30, Chapter 288 of the Texas Administrative Code and that said Plan meets all the requirements of Section 288.2 of the Texas Administrative Code; and

SECTION 4. Any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty fine not to exceed the sum of Two Thousand Dollars ($2,000.00) for each offense and each day such offense shall continue shall be deemed to constitute a separate offense; and

SECTION 5. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect; and

SECTION 6. The City Council does hereby find and declare that sufficient written notice of the date, hour, place and subject of the meeting adopting this Ordinance was posted at a designated place convenient to the public for the time required by law preceding the meeting, that such place of posting was readily accessible at all times to the general public, and that all of the foregoing was done as required by law at all times during which this Ordinance and the subject matter thereof has been discussed, considered and formally acted upon. The City Council further ratifies, approves and confirms such written notice and the posting thereof; and

SECTION 7. All ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed, and the balance of such ordinance is hereby saved from repeal; and

SECTION 8. The ordinance shall become effective immediately following its approval upon second reading and publication in accordance with the City Charter.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 15TH DAY OF APRIL, 2019.

Jim Pruitt, Mayor

APPENDIX I **TCEQ Water Conservation Implementation Report**

1. INTRODUCTION AND OBJECTIVES

Water supply has always been a key issue in the development of Texas. In recent years, the growing population and economic development of North Central Texas has led to increasing demands for water supplies. At the same time, local and less expensive sources of water supply are largely developed. Additional supplies to meet higher demands will be expensive and difficult to develop. It is therefore important that NTMWD and its Member Cities and Customer Cities make the most efficient use of existing supplies. This will delay the need for new supplies, minimize the environmental impacts associated with developing new supplies and delay the high cost of additional water supply development.

Recognizing the need for efficient use of existing water supplies, the Texas Commission on Environmental Quality (TCEQ) has developed guidelines and requirements governing the development of water conservation plans for public water suppliers. TCEQ guidelines and requirements are included in Appendix B. The best management practices established by the Water Conservation Implementation Task Force, established pursuant to SB1094 by the 78th Legislature, were also considered in the development of water conservation measures. This water conservation plan was developed following TCEQ guidelines and requirements.

This water conservation plan includes measures that are intended to result in ongoing, long-term water savings. This plan replaces the previous plans dated August 2004, April 2006, March 2008, and April 2014.

The objectives of this water conservation plan are as follows:

- To reduce water consumption from the levels that would prevail without conservation efforts
- To reduce the loss and waste of water
- To improve efficiency in the use of water
- To document the level of recycling and reuse in the water supply
- To extend the life of current water supplies by reducing the rate of growth and demand

This Water Conservation Plan for the City of Rockwall, Texas applies to all use of the City of Rockwall's water supply.

This plan includes all of the elements required by TCEQ.

2. DEFINITIONS AND ABBREVIATIONS

1. **ATHLETIC FIELD** means a public sports competition field, the essential feature of which is turf grass, used primarily for organized sports practice, competition or exhibition events for schools; professional sports and league play sanctioned by the utility providing retail water supply.

2. **COOL SEASON GRASSES** are varieties of turf grass that grow best in cool climates primarily in northern and central regions of the U.S. Cool season grasses include perennial and annual rye grass, Kentucky blue grass and fescues.

3. **CUSTOMERS** include those entities to which NTMWD provides wholesale water that are not members of NTMWD.

4. **DRIP IRRIGATION** is a type of micro-irrigation system that operates at low pressure and delivers water in slow, small drips to individual plants or groups of plants through a network of plastic conduits and emitters; also called trickle irrigation.

5. **EVAPOTRANSPIRATION (ET)** represents the amount of water lost from plant material to evaporation and transpiration. The amount of ET can be estimated based on the temperature, wind, and relative humidity.

6. **ET/SMART CONTROLLERS** are irrigation controllers that adjust their schedule and run times based on weather (ET) data. These controllers are designed to replace the amount of water lost to evapotranspiration.

7. **IRRIGATION SYSTEM** means a permanently installed, custom-made, site-specific system of delivering water generally for landscape irrigation via a system of pipes or other conduits installed below ground.

8. **LANDSCAPE** means any plant material on a property, including any tree, shrub, vine, herb, flower, succulent, ground cover, grass or turf species that is growing or has been planted out of doors.

9. **MEMBER CITIES** include the cities of Allen, Farmersville, Forney, Frisco, Garland, McKinney, Mesquite, Plano, Princeton, Richardson, Rockwall, Royse City, and Wylie, Texas, which are members of NTMWD.

10. **MUNICIPAL USE** means the use of potable water provided by a public water supplier as well as the use of treated wastewater effluent for residential, commercial, industrial, agricultural, institutional, and wholesale uses.

11. **REGULATED IRRIGATION PROPERTY** means any (customer class, i.e. commercial) property that uses (over a certain amount) of water or more for irrigation purposes in a single calendar year or is greater than (certain size).

12. **RESIDENTIAL GALLONS PER CAPITA PER DAY** means (Residential GPCD) the total gallons sold for residential use by a public water supplier divided

by the residential population served and then divided by the number of days in the year.

13. **RETAIL CUSTOMERS** include those customers to whom the utility provides retail water from a water meter.

14. **TOTAL GALLONS PER CAPITA PER DAY** (Total GPCD) means the total amount of water diverted and/or pumped for potable use divided by the total permanent population divided by the days of the year. Diversion volumes of reuse as defined in TAC 288.1 shall be credited against total diversion volumes for the purposes of calculating GPCD for targets and goals.

15. **WATER CONSERVATION PLAN** means the Member City or Customer water conservation plan approved and adopted by the utility.

Abbreviations

Abbreviation	Full Nomenclature
BMP	Best Management Practices
NTMWD or District	North Texas Municipal Water District
TCEQ	Texas Commission on Environmental Quality
TWDB	Texas Water Development Board
WCAC	Water Conservation Advisory Council
WCP	Water Conservation Plan

3. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULES

The TCEQ rules governing development of water conservation plans for public water suppliers are contained in Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2 of the Texas Administrative Code, which is included in Appendix B. For the purpose of these rules, a water conservation plan is defined as "A strategy or combination of strategies for reducing the volume of water withdrawn from a water supply source, for reducing the loss or waste of water, for maintaining or improving the efficiency in the use of water, for increasing the recycling and reuse of water and for preventing the pollution of water." The elements in the TCEQ water conservation rules covered in this Conservation Plan are listed below.

Minimum Conservation Plan Requirements

The minimum requirements in the Texas Administrative Code for Water Conservation Plans for Public Water Suppliers are covered in this report as follows:

- 288.2(a)(1)(A) – Utility Profile – Section 4 and Appendix C
- 288.2(a)(1)(B) – Specification of Goals – Section 5
- 288.2(a)(1)(C) – Specific, Quantified Goals – Section 5
- 288.2(a)(1)(D) – Accurate Metering – Sections 6.1 and 6.2
- 288.2(a)(1)(E) – Universal Metering – Section 6.2
- 288.2(a)(1)(F) – Determination and Control of Unaccounted Water – Section 6.4
- 288.2(a)(1)(G) – Public Education and Information Program – Section 7
- 288.2(a)(1)(H) – Non-Promotional Water Rate Structure – Section 8
- 288.2(a)(1)(I) – Reservoir System Operation Plan – Section 9.1
- 288.2(a)(1)(J) – Means of Implementation and Enforcement – Section 10
- 288.2(a)(1)(K) – Coordination with Regional Water Planning Group – Section 9.8 and Appendix F
- 288.2(c) – Review and Update of Plan – Section 11

Conservation Plan Additional Requirements (Population over 5,000)

The Texas Administrative Code includes additional requirements for water conservation plans for drinking water supplies serving a population over 5,000:

- 288.2(a)(2)(A) – Leak Detection, Repair and Water Loss Accounting – Sections 6.3, 6.4, and 6.5
- 288.2(a)(2)(B) – Record Management System – Section 6.3
- 288.2(a)(2)(C) – Requirement for Water Conservation Plans by Wholesale Customers – Section 9.7

Additional Conservation Strategies

The TCEQ requires that a water conservation implementation report be completed and submitted on an annual basis. This report is included in Appendix H.

In addition to the TCEQ required water conservation strategies, NTMWD also requires the following strategy to be included in Member City and Customer City plans:

- 288.2(a)(3)(F) – Irrigation Ordinance – Section 8.4 and Appendix E

TCEQ rules also include optional, not required, conservation strategies, which may be adopted by suppliers. The NTMWD recommends that the following strategies be included in the Member City and Customer City plans:

- 288.2(a)(3)(A) – Conservation Oriented Water Rates – Section 8
- 288.2(a)(3)(B) – Ordinances, Plumbing Codes or Rules on Water-Conserving Fixtures – Section 9.3
- 288.2(a)(3)(C) – Replacement or Retrofit of Water-Conserving Plumbing Fixtures – Section 9.5
- 288.2(a)(3)(D) – Reuse and Recycling of Wastewater – Section 9.2
- 288.2(a)(3)(F) – Irrigation Ordinance – Appendix E
- 288.2(a)(3)(G) – Monitoring Method – Section 6.6
- 288.2(a)(3)(H) – Additional Conservation Ordinance Provisions – Section 9.5,

4. WATER UTILITY PROFILE

Appendix C to this Water Conservation Plan is a sample water utility profile based on the format recommended by TCEQ. In adopting this Water Conservation Plan, the City of Rockwall will provide a draft water utility profile to NTMWD for review and comment. A final water utility profile will be provided to NTMWD.

5. SPECIFICATIONS OF WATER CONSERVATION GOALS

The goals for this Water Conservation Plan include the following:

- Maintain the per capita municipal water use below the specified amount in gallons per capita per day in a dry year, as shown in Table 5-1.
- Maintain the level (gpcd) of unaccounted water in the system below 12 percent annually in 2018 and subsequent years, as discussed in Section 6.1.3. The 12 percent goal for unaccounted water is recommended, but is not required.
- Implement and maintain a program of universal metering and meter replacement and repair, as discussed in Section 6.1.2.
- Increase efficient water usage through a water conservation ordinance, as discussed in Section 7.4 and Appendix E. This ordinance is required by NTMWD.
- Decrease waste in lawn irrigation by implementation and enforcement of landscape water management regulations, as discussed in Section 7.5.
- Raise public awareness of water conservation and encourage responsible public behavior through a public education and information program, as discussed in Section 6.2.
- Develop a system specific strategy to conserve water during peak demands, thereby reducing the peak use.

Table 5 1 Five-Year and Ten-Year Per Capita Water Use Goals (GPCD)

Description	Current Average (GPCD)	5-Year Goal (GPCD)	10-Year Goal (GPCD)
Current 5-Year Average Total Per Capita Use with Credit for Reuse	179	174	171
Current 5-Year Average Residential Per Capita Use	97	96	95
Water Loss (GPCD)[1]	19	20	21
Water Loss (Percentage)[2]	11.6	10.5	11
Expected Reduction due to Low-Flow Plumbing Fixtures	----------	3	5
Projected Reduction Due to Elements in this Plan	----------	2	4
Water Conservation Goals (with credit for reuse)	**----------**	**174**	**165**

1. Water Loss GPCD = (Total Water Loss ÷ Permanent Population) ÷ 365
2. Water Loss Percentage = (Total Water Loss ÷Total Gallons in System) x 100; or (Water Loss GPCD ÷ Total GPCD) x 100

6. METERING, WATER USE RECORDS, CONTROL OF UNACCOUNTED WATER AND LEAK DETECTION AND REPAIR

One of the key elements of water conservation is tracking water use and controlling loss through illegal diversions and leaks. It is important to carefully meter water use, detect and repair leaks in the distribution system and provide regular monitoring of unaccounted water.

6.1 Accurate Metering of Treated Water Deliveries from NTMWD

Water deliveries from NTMWD are metered by NTMWD using meters with accuracy of ±2%. These meters are calibrated on a monthly basis by NTMWD to maintain the required accuracy.

6.2 Metering of Customer and Public Uses and Meter Testing, Repair and Replacement

The provision of water to all customers, including public and governmental users, will continue to be metered by the City of Rockwall. The City of Rockwall will test and replace their residential customers' meters on a regular basis. Additionally, large meters will be regularly tested and either repaired or replaced when their flow is more than a 3 percent difference from actual flow.

6.3 Record Management System

As required by TAC Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2(a)(2)(B), a record management system should allow for the separation of water sales and uses into residential, commercial, public/institutional, and industrial categories. This information will be included in an annual water conservation report, as described in Section 5.6.

6.4 Determination and Control of Unaccounted Water

Unaccounted water is the difference between water delivered to Rockwall from NTMWD and metered water sales to customers plus authorized but unmetered uses. Authorized but unmetered uses would include use for fire fighting, releases for flushing of lines, uses associated with new construction, etc. Unaccounted water can include several categories:

- Inaccuracies in customer meters. Customer meters tend to run slower as they age and under-report actual use.
- Meters which are being used but have not yet been added to the billing system.
- Losses due to water main breaks and leaks in the water distribution system.
- Losses due to illegal connections and theft. (Included in Appendix G.)

Measures to control unaccounted water should be part of the routine operations of the City of Rockwall. Maintenance crews and personnel will look for and report evidence of leaks in the water distribution system. A leak detection and repair program is described in Section

6.5 below. Meter readers will watch for and report signs of illegal connections, so they can be quickly addressed.

Unaccounted water will be calculated in accordance with the provisions in Appendix C. With the measures described in this plan, Rockwall will maintain unaccounted water below 12 percent in 2009 and subsequent years. If unaccounted water exceeds this goal, the City of Rockwall will implement a more intensive audit to determine the source(s) of and reduce the unaccounted water. The annual conservation report described in Section 5.6 is the primary tool that will be used to monitor unaccounted water.

6.5 Leak Detection and Repair

As described above, city crews and personnel will look for and report evidence of leaks in the water distribution systems. Areas of the water distribution system, in which numerous leaks and line breaks occur, will be targeted for replacement as funds are available.

6.6 Monitoring of Effectiveness and Efficiency - Annual Water Conservation Report

Appendix D is the form that will be used in the development of an annual water conservation report by the City of Rockwall. This form will be completed by March 31 of the following year and used to monitor the effectiveness and efficiency of the water conservation program and to plan conservation-related activities for the next year. The form records the water use by category, per capita municipal use and unaccounted water for the current year and compares them to historical values. The annual water conservation report will be sent to NTMWD, which will monitor NTMWD Member Cities' and Customers Cities' water conservation trends.

6.7 Water Conservation Implementation Report

Appendix H includes the TCEQ-required water conservation implementation report. The report is due to the TCEQ by May 1 of every year, starting in the year 2010. This report will list the various water conservation strategies that have been implemented, including the date the strategy was implemented. The report also calls for the five-year and ten-year per capita water use goals from the previous water conservation plan. The city will answer whether or not these goals have been met and, if not, why not. The amount of water saved is also requested.

7. CONTINUING PUBLIC EDUCATION AND INFORMATION CAMPAIGN

The continuing public education and information campaign on water conservation includes the following elements:

- Utilize the "Water IQ: Know Your Water" and other public education materials produced by NTMWD.
- Insert water conservation information with water bills. Inserts will include material developed by the City of Rockwall and material obtained from the TWDB, the TCEQ, and other sources.
- Encourage local media coverage of water conservation issues and the importance of water conservation.
- Notify local organizations, schools and civic groups that the City of Rockwall staff and staff of the NTMWD are available to make presentations on the importance of water conservation and ways to save water.
- Promote the *Texas Smartscape* web site (www.txsmartscape.com) and provide water conservation brochures and other water conservation materials available to the public at City Hall and other public places.
- Make information on water conservation available on the City's website and include links to the "Water IQ: Know Your Water" website, *Texas Smartscape* website and the TWDB and TCEQ web sites.
- Encourage customers to subscribe to weekly watering updates through Water My Yard or other similar program in an effort to reduce outdoor water consumption.

8. WATER RATE STRUCTURE

The City of Rockwall will continue to bill customers using an increasing block rate water structure that is intended to encourage water conservation and discourage excessive use and waste of water.

The following monthly rates are hereby established and shall be collected for water and wastewater services billed by the City:

	Meter size		Water Rates	Wastewater Rates
Monthly Minimum Bills:				
Residential:	0.75		$24.99	$22.75
	1.00		29.33	26.57
	1.50		34.06	30.87
	2.00		42.97	38.92
Non-residential:	0.75		$26.54	$22.75
	1.00		29.33	26.57
	1.50		34.06	30.87
	2.00		42.97	38.92
	3.00		60.92	50.19
	4.00		78.76	64.95
	6.00		96.58	79.65
Irrigation Meters:	0.75		$26.54	$N/A
	1.00		29.33	N/A
	1.50		34.06	N/A
	2.00		42.97	N/A
	3.00		60.92	N/A
	4.00		78.76	N/A
	6.00		96.58	N/A
Rate per TH Gallons - Water:	Residential 2,001-8,000 gallons		$3.81	$N/A
	Residential 8,001-16,000 gallons		4.79	
	Residential over 16,000 gallons		6.68	N/A
	Irrigation over 2,000 gallons		6.68	N/A
	Non-residential over 2,000 gallons		5.73	N/A
	Wholesale Contract Rate		4.22	N/A
Rate per TH Gallons - Wastewater:			N/A	3.97

9. OTHER WATER CONSERVATION MEASURES

9.1 NTMWD System Operation Plan

Member Cities and Customers of NTMWD purchase treated water from NTMWD and do not have surface water supplies for which to implement a system operation plan. NTMWD's permits do allow some coordinated operation of its water supply sources, and NTMWD is seeking additional water rights for coordinated operation to optimize its available water supplies.

9.2 Reuse and Recycling of Wastewater

Most Member Cities and Customer Cities do not own and operate their own wastewater treatment plants. Their wastewater is treated by NTMWD. NTMWD currently has the largest wastewater reuse program in the state. NTMWD has water rights allowing reuse of up to 71,882 acre-feet per year of this treated wastewater through Lake Lavon for municipal purposes. In addition, NTMWD has also developed the East Fork Raw Water Supply Project which can divert up to 157,393 acre-feet per year based on treated wastewater discharges by NTMWD. When fully developed, these two reuse projects will provide up to 42 percent of NTMWD's currently permitted water supplies. NTMWD also provides treated effluent from its wastewater treatment plants available for direct reuse for landscape irrigation and industrial use.

The City of Rockwall has a contract agreement with NTMWD to operate the wastewater treatment plants. NTMWD selects reuse arrangements for recycled wastewater effluent.

9.3 Ordinances, Plumbing Codes, or Rules on Water-Conserving Fixtures

The state has required water-conserving fixtures in new construction and renovations since 1992. The state standards call for flows of no more than 2.5 gallons per minute (gpm) for faucets, 2.5 (gpm) for showerheads, and 1.28 gallons per flush for toilets. Similar standards are now required nationally under federal law. These state and federal standards assure that all new construction and renovations will use water-conserving fixtures.

9.4 Landscape Water Management Measures (Required)

The following landscape water management measures are adopted by the City of Rockwall.

- Time of day restrictions prohibit lawn irrigation watering from 10 AM to 6 PM beginning April 1st and ending October 31st of each year.
- Prohibition of watering of impervious surfaces, as provided by the Irrigation Ordinance 09-13, Ch. 10, Art. XVI, Sec. 10-700 of the Code of Ordinances. Wind driven water drift will be taken into consideration.
- Prohibition of outdoor watering during rain or freeze events.
- Lawn and landscape irrigation is limited to twice per week April 1st and ending October 31st, except for irrigation systems installed with an evapo-transpiration

controller or the use of a water hose with a shut-off nozzle, and for establishment of new lawn and landscaping for a period of 30 days or as approved in writing by the City of Rockwall.

- Lawn and landscape irrigation is limited to once per week November 1st and ending March 31st.
- Rain and freeze sensors and/or evapo-transpiration controllers must be maintained to function properly.
- At home and fundraising car washing may be done only when using a water hose with a shut-off nozzle.

9.5 Additional Water Conservation Measures (Not Required)

In addition, the City of Rockwall recommends the following measures:

- Retrofit existing irrigation systems with rain and freeze sensors or evapo-transpiration capable of multiple programming.
- Prohibition planting or watering areas that have been overseeded with cool season grasses (such as rye grass or other similar grasses), except for golf courses and public athletic fields.
- Rehabilitate poorly maintained irrigation systems that waste water to comply with the current Irrigation Ordinance.
- Install separate zones for areas adjacent to athletic fields.
- Plant only native, drought tolerant or adaptive plants.
- Install drip irrigation systems, when applicable.
- Water audits should be performed to find ways in which water can be used more efficiently at a specific location.

9.6 Rebates (Required)

Rebate of $100 towards the purchase and installation of high efficiency card or coin operated commercial clothes washers at commercial laundromats.

9.7 Requirement for Water Conservation Plans by Wholesale Customers

Every contract for the wholesale sale of water by the City of Rockwall that is entered into, renewed or extended after the adoption of this water conservation plan will include a requirement that the wholesale customer and any wholesale customers of that wholesale customer develop and implement a water conservation plan meeting the requirements of Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2 of the Texas Administrative Code.

9.8 Coordination with Regional Water Planning Group and NTMWD

Appendix F includes a letter to be sent to the Chair of the Water Planning Group with this Water Conservation Plan. The adopted ordinance and the adopted water utility profile will be sent to the Chair of Appropriate Water Planning Group and to NTMWD.

10. IMPLEMENTATION AND ENFORCEMENT OF THE WATER CONSERVATION PLAN

Appendix E contains a copy of the Irrigation Ordinance, which includes information about enforcement. Appendix G includes a copy of the ordinance that has been adopted related to illegal connections and water theft.

11. REVIEW AND UPDATE OF WATER CONSERVATION PLAN

TCEQ requires that the water conservation plans be updated every five years or as required and appropriate based on new or updated information.

RULE §288.1	**Definitions**

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise.

(1) Agricultural or Agriculture--Any of the following activities:

(A) cultivating the soil to produce crops for human food, animal feed, or planting seed or for the production of fibers;

(B) the practice of floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or non-soil media by a nursery grower;

(C) raising, feeding, or keeping animals for breeding purposes or for the production of food or fiber, leather, pelts, or other tangible products having a commercial value;

(D) raising or keeping equine animals;

(E) wildlife management; and

(F) planting cover crops, including cover crops cultivated for transplantation, or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure.

(2) Agricultural use--Any use or activity involving agriculture, including irrigation.

(3) Best management practices--Voluntary efficiency measures that save a quantifiable amount of water, either directly or indirectly, and that can be implemented within a specific time frame.

(4) Conservation--Those practices, techniques, and technologies that reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water, or increase the recycling and reuse of water so that a water supply is made available for future or alternative uses.

(5) Commercial use--The use of water by a place of business, such as a hotel, restaurant, or office building. This does not include multi-family residences or agricultural, industrial, or institutional users.

(6) Drought contingency plan--A strategy or combination of strategies for temporary supply and demand management responses to temporary and potentially recurring water supply shortages and other water supply emergencies. A drought contingency plan may be a separate document identified as such or may be contained within another water management document(s).

(7) Industrial use--The use of water in processes designed to convert materials of a lower order of value into forms having greater usability and commercial value, and the development of power by means other than hydroelectric, but does not include agricultural use.

(8) Institutional use--The use of water by an establishment dedicated to public service, such as a school, university, church, hospital, nursing home, prison or government facility. All facilities dedicated to public service are considered institutional regardless of ownership.

(9) Irrigation--The agricultural use of water for the irrigation of crops, trees, and pastureland, including, but not limited to, golf courses and parks which do not receive water from a public water supplier.

(10) Irrigation water use efficiency--The percentage of that amount of irrigation water which is beneficially used by agriculture crops or other vegetation relative to the amount of water diverted from the source(s) of supply. Beneficial uses of water for irrigation purposes include, but are not limited to, evapotranspiration needs for vegetative maintenance and growth, salinity management, and leaching requirements associated with irrigation.

(11) Mining use--The use of water for mining processes including hydraulic use, drilling, washing sand and gravel, and oil field re-pressuring.

(12) Municipal use--The use of potable water provided by a public water supplier as well as the use of sewage effluent for residential, commercial, industrial, agricultural, institutional, and wholesale uses.

(13) Nursery grower--A person engaged in the practice of floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or nonsoil media, who grows more than 50% of the products that the person either sells or leases, regardless of the variety sold, leased, or grown. For the purpose of this definition, grow means the actual cultivation or propagation of the product beyond the mere holding or maintaining of the item prior to sale or lease, and typically includes activities associated with the production or multiplying of stock such as the development of new plants from cuttings, grafts, plugs, or seedlings.

(14) Pollution--The alteration of the physical, thermal, chemical, or biological quality of, or the contamination of, any water in the state that renders the water harmful, detrimental, or injurious to humans, animal life, vegetation, or property, or to the public health, safety, or welfare, or impairs the usefulness or the public enjoyment of the water for any lawful or reasonable purpose.

(15) Public water supplier--An individual or entity that supplies water to the public for human consumption.

(16) Residential use--The use of water that is billed to single and multi-family residences, which applies to indoor and outdoor uses.

(17) Residential gallons per capita per day--The total gallons sold for residential use by a public water supplier divided by the residential population served and then divided by the number of days in the year.

(18) Regional water planning group--A group established by the Texas Water Development Board to prepare a regional water plan under Texas Water Code, §16.053.

(19) Retail public water supplier--An individual or entity that for compensation supplies water to the public for human consumption. The term does not include an individual or entity that supplies water to itself or its employees or tenants when that water is not resold to or used by others.

(20) Reuse--The authorized use for one or more beneficial purposes of use of water that remains unconsumed after the water is used for the original purpose of use and before that water is either

disposed of or discharged or otherwise allowed to flow into a watercourse, lake, or other body of state-owned water.

(21) Total use--The volume of raw or potable water provided by a public water supplier to billed customer sectors or nonrevenue uses and the volume lost during conveyance, treatment, or transmission of that water.

(22) Total gallons per capita per day (GPCD)--The total amount of water diverted and/or pumped for potable use divided by the total permanent population divided by the days of the year. Diversion volumes of reuse as defined in this chapter shall be credited against total diversion volumes for the purposes of calculating GPCD for targets and goals.

(23) Water conservation plan--A strategy or combination of strategies for reducing the volume of water withdrawn from a water supply source, for reducing the loss or waste of water, for maintaining or improving the efficiency in the use of water, for increasing the recycling and reuse of water, and for preventing the pollution of water. A water conservation plan may be a separate document identified as such or may be contained within another water management document(s).

(24) Wholesale public water supplier--An individual or entity that for compensation supplies water to another for resale to the public for human consumption. The term does not include an individual or entity that supplies water to itself or its employees or tenants as an incident of that employee service or tenancy when that water is not resold to or used by others, or an individual or entity that conveys water to another individual or entity, but does not own the right to the water which is conveyed, whether or not for a delivery fee.

(25) Wholesale use--Water sold from one entity or public water supplier to other retail water purveyors for resale to individual customers.

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER A	WATER CONSERVATION PLANS
RULE §288.2	**Water Conservation Plans for Municipal Uses by Public Water Suppliers**

(a) A water conservation plan for municipal water use by public water suppliers must provide information in response to the following. If the plan does not provide information for each requirement, the public water supplier shall include in the plan an explanation of why the requirement is not applicable.

(1) Minimum requirements. All water conservation plans for municipal uses by public water suppliers must include the following elements:

(A) a utility profile in accordance with the Texas Water Use Methodology, including, but not limited to, information regarding population and customer data, water use data (including total gallons per capita per day (GPCD) and residential GPCD), water supply system data, and wastewater system data;

(B) a record management system which allows for the classification of water sales and uses into the most detailed level of water use data currently available to it, including, if possible, the sectors listed in clauses (i) - (vi) of this subparagraph. Any new billing system purchased by a public water supplier must be capable of reporting detailed water use data as described in clauses (i) - (vi) of this subparagraph:

(i) residential;

(I) single family;

(II) multi-family;

(ii) commercial;

(iii) institutional;

(iv) industrial;

(v) agricultural; and,

(vi) wholesale.

(C) specific, quantified five-year and ten-year targets for water savings to include goals for water loss programs and goals for municipal use in total GPCD and residential GPCD. The goals established by a public water supplier under this subparagraph are not enforceable;

(D) metering device(s), within an accuracy of plus or minus 5.0% in order to measure and account for the amount of water diverted from the source of supply;

(E) a program for universal metering of both customer and public uses of water, for meter testing and repair, and for periodic meter replacement;

(F) measures to determine and control water loss (for example, periodic visual inspections along distribution lines; annual or monthly audit of the water system to determine illegal connections; abandoned services; etc.);

(G) a program of continuing public education and information regarding water conservation;

(H) a water rate structure which is not "promotional," i.e., a rate structure which is cost-based and which does not encourage the excessive use of water;

(I) a reservoir systems operations plan, if applicable, providing for the coordinated operation of reservoirs owned by the applicant within a common watershed or river basin in order to optimize available water supplies; and

(J) a means of implementation and enforcement which shall be evidenced by:

(i) a copy of the ordinance, resolution, or tariff indicating official adoption of the water conservation plan by the water supplier; and

(ii) a description of the authority by which the water supplier will implement and enforce the conservation plan; and

(K) documentation of coordination with the regional water planning groups for the service area of the public water supplier in order to ensure consistency with the appropriate approved regional water plans.

(2) Additional content requirements. Water conservation plans for municipal uses by public drinking water suppliers serving a current population of 5,000 or more and/or a projected population of 5,000 or more within the next ten years subsequent to the effective date of the plan must include the following elements:

(A) a program of leak detection, repair, and water loss accounting for the water transmission, delivery, and distribution system;

(B) a requirement in every wholesale water supply contract entered into or renewed after official adoption of the plan (by either ordinance, resolution, or tariff), and including any contract extension, that each successive wholesale customer develop and implement a water conservation plan or water conservation measures using the applicable elements in this chapter. If the customer intends to resell the water, the contract between the initial supplier and customer must provide that the contract for the resale of the water must have water conservation requirements so that each successive customer in the resale of the water will be required to implement water conservation measures in accordance with the provisions of this chapter.

(3) Additional conservation strategies. Any combination of the following strategies shall be selected by the water supplier, in addition to the minimum requirements in paragraphs (1) and (2) of this subsection, if they are necessary to achieve the stated water conservation goals of the plan. The commission may require that any of the following strategies be implemented by the water supplier if the commission determines that the strategy is necessary to achieve the goals of the water conservation plan:

(A) conservation-oriented water rates and water rate structures such as uniform or increasing block rate schedules, and/or seasonal rates, but not flat rate or decreasing block rates;

(B) adoption of ordinances, plumbing codes, and/or rules requiring water-conserving plumbing fixtures to be installed in new structures and existing structures undergoing substantial modification or addition;

(C) a program for the replacement or retrofit of water-conserving plumbing fixtures in existing structures;

(D) reuse and/or recycling of wastewater and/or graywater;

(E) a program for pressure control and/or reduction in the distribution system and/or for customer connections;

(F) a program and/or ordinance(s) for landscape water management;

(G) a method for monitoring the effectiveness and efficiency of the water conservation plan; and

(H) any other water conservation practice, method, or technique which the water supplier shows to be appropriate for achieving the stated goal or goals of the water conservation plan.

(b) A water conservation plan prepared in accordance with 31 TAC §363.15 (relating to Required Water Conservation Plan) of the Texas Water Development Board and substantially meeting the requirements of this section and other applicable commission rules may be submitted to meet application requirements in accordance with a memorandum of understanding between the commission and the Texas Water Development Board.

(c) A public water supplier for municipal use shall review and update its water conservation plan, as appropriate, based on an assessment of previous five-year and ten-year targets and any other new or updated information. The public water supplier for municipal use shall review and update the next revision of its water conservation plan every five years to coincide with the regional water planning group.

IRRIGATION REGULATIONS

CITY OF ROCKWALL

ORDINANCE NO. 09-13

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS PROVIDING FOR ARTICLE XIV, IRRIGATION CODE, IN CHAPTER 6 OF THE ROCKWALL CODE OF ORDINANCES IN ORDER TO ESTABLISH THE MINIMUM STANDARDS FOR INSTALLATION OF IRRIGATION SYSTEMS WITHIN THE CORPORATE LIMITS OF THE CITY OF ROCKWALL; PROVIDING FOR A CRIMINAL PENALTY, CLASS C MISDEMEANOR WITH A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall has determined that water conservation and environmental protection are important issues and concerns affecting the city; and

WHEREAS, properly-installed irrigation systems will conserve water, help avoid wasteful use, and improve the overall quality of life for the citizens of Rockwall; and

WHEREAS, during the 2007 legislative session, the Texas Legislature adopted House Bill 1656; and

WHEREAS, House Bill 1656 amended Chapter 401 of the Texas Local Government Code to require a city with a population of 20,000 or more to regulate the installation of irrigation systems within the corporate limits; and

WHEREAS, the provisions herein are necessary to promote and protect the health, safety, and welfare of the public by creating an urban environment that is protective of the city's water supply and provides an enhanced quality of life for the citizens of the City of Rockwall.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL:

SECTION 1. That the code of ordinances shall be and is hereby amended by repealing section P2902.5.3 of the Residential Code and section 608.16.5 of the Plumbing Code and providing for Article XIV to Chapter 6 to read as follows:

ARTICLE XIV
IRRIGATION CODE

Sec. 6-231. Definitions.

The following words and terms, when used in this ordinance, have the following meanings, unless the context clearly indicates otherwise.

(1) **Air gap**--A complete physical separation between the free flowing discharge end of a potable water supply pipeline and an open or non-pressure receiving vessel.

(2) **Atmospheric Vacuum Breaker**--An assembly containing an air inlet valve, a check seat, and an air inlet port. The flow of water into the body causes the air inlet valve to close the air inlet port. When the flow of water stops the air inlet valve falls and forms a check against back-siphonage. At the same time it opens the air inlet port allowing air to enter and satisfy the vacuum. Also known as an Atmospheric Vacuum Breaker Back-Siphonage Prevention Assembly.

(3) **Backflow prevention**--The mechanical prevention of reverse flow, or back siphonage, of nonpotable water from an irrigation system into the potable water source.

(4) **Backflow prevention assembly--**Any assembly used to prevent backflow into a potable water system. The type of assembly used is based on the existing or potential degree of health hazard and backflow condition.

(5) **Completion of irrigation system installation**--When the landscape irrigation system has been installed, all minimum standards met, all tests performed, and the irrigator is satisfied that the system is operating correctly.

(6) **Consulting**--The act of providing advice, guidance, review or recommendations related to landscape irrigation systems.

(7) **Cross-connection**--An actual or potential connection between a potable water source and an irrigation system that may contain contaminates or pollutants or any source of water that has been treated to a lesser degree in the treatment process.

(8) **Design**--The act of determining the various elements of a landscape irrigation system that will include, but not be limited to, elements such as collecting site specific information, defining the scope of the project, defining plant watering needs, selecting and laying out emission devices, locating system components, conducting hydraulics calculations, identifying any local regulatory requirements, or scheduling irrigation work at a site. Completion of the various components will result in an irrigation plan.

(9) **Design pressure**--The pressure that is required for an emission device to operate properly. Design pressure is calculated by adding the operating pressure necessary at an emission device to the total of all pressure losses accumulated from an emission device to the water source.

(10) **Double Check Valve**--An assembly that is composed of two independently acting, approved check valves, including tightly closed resilient seated shutoff valves attached at each end of the assembly and fitted with properly located resilient seated test cocks. Also known as a Double Check Valve Backflow Prevention Assembly.

(11) **Emission device**--Any device that is contained within an irrigation system and that is used to apply water. Common emission devices in an irrigation system include, but are not limited to, spray and rotary sprinkler heads, and drip irrigation emitters.

(12) **Employed**--Engaged or hired to provide consulting services or perform any activity relating to the sale, design, installation, maintenance, alteration, repair, or service to irrigation systems. A person is employed if that person is in an employer-employee relationship as defined by Internal Revenue Code, 26 United States Code Service, §3212(d) based on the behavioral control, financial control, and the type of relationship involved in performing employment related tasks.

(13) **Head-to-head spacing**--The spacing of spray or rotary heads equal to the manufacturer's published radius of the head.

(14) **Health hazard**--A cross-connection or potential cross-connection with an irrigation system that involves any substance that may, if introduced into the potable water supply, cause death or illness, spread disease, or have a high probability of causing such effects.

(15) **Hydraulics**--The science of dynamic and static water; the mathematical computation of determining pressure losses and pressure requirements of an irrigation system.

(16) **Inspector**--A licensed plumbing inspector, water district operator, other governmental entity, or irrigation inspector who inspects irrigation systems and performs other enforcement duties for a municipality or water district as an employee or as a contractor.

(17) **Installer**--A person who actually connects an irrigation system to a private or public raw or potable water supply system or any water supply, who is licensed according to Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(18) **Irrigation inspector**--A person who inspects irrigation systems and performs other enforcement duties for a municipality or water district as an employee or as a contractor and is required to be licensed under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(19) **Irrigation plan**--A scaled drawing of a landscape irrigation system which lists required information, the scope of the project, and represents the changes made in the installation of the irrigation system.

(20) **Irrigation services--**Selling, designing, installing, maintaining, altering, repairing, servicing, permitting, providing consulting services regarding, or connecting an irrigation system to a water supply.

(21) **Irrigation system**--An assembly of component parts that is permanently installed for the controlled distribution and conservation of water to irrigate any type of landscape vegetation in any location, and/or to reduce dust or control erosion. This term does not include a system that is used on or by an agricultural operation as defined by Texas Agricultural Code, §251.002.

(22) **Irrigation technician**--A person who works under the supervision of a licensed irrigator to install, maintain, alter, repair, service or supervise installation of an irrigation system, including the connection of such system in or to a private or public, raw or potable water supply system or any water supply, and who is required to be licensed under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(23) **Irrigation zone**--A subdivision of an irrigation system with a matched precipitation rate based on plant material type (such as turf, shrubs, or trees), microclimate factors (such as sun/shade ratio), topographic features (such as slope) and soil conditions (such as sand, loam, clay, or combination) or for hydrological control.

(24) **Irrigator**--A person who sells, designs, offers consultations regarding, installs, maintains, alters, repairs, services or supervises the installation of an irrigation system, including the connection of such system to a private or public, raw or potable water supply system or any water supply, and who is required to be licensed under Title 30, Texas Administrative Code, Chapter 30.

(25) **Irrigator-in-Charge--**The irrigator responsible for all irrigation work performed by an exempt business owner, including, but not limited to obtaining permits, developing design plans, supervising the work of other irrigators or irrigation technicians, and installing, selling, maintaining, altering, repairing, or servicing a landscape irrigation system.

(26) **Landscape irrigation--**The science of applying the necessary amount of water to promote or sustain healthy growth of plant material or turf.

(27) **License**--An occupational license that is issued by the Texas Commission on Environmental Quality under Title 30, Texas Administrative Code, Chapter 30 to an individual that authorizes the individual to engage in an activity that is covered by Title 30, Texas Administrative Code, Chapter 30.

(28) **Mainline**--A pipe within an irrigation system that delivers water from the water source to the individual zone valves.

(29) **Maintenance checklist**--A document made available to the irrigation system's owner or owner's representative that contains information regarding the operation and maintenance of the irrigation system, including, but not limited to: checking and repairing the irrigation system, setting the automatic controller, checking the rain or moisture sensor, cleaning filters, pruning grass and plants away from irrigation emitters, using and operating the irrigation system, the precipitation rates of each irrigation zone within the system, any water conservation measures currently in effect from the water purveyor, the name of the water purveyor, a suggested seasonal or monthly watering schedule based on current evapotranspiration data for the geographic region, and the minimum water requirements for the plant material in each zone based on the soil type and plant material where the system is installed.

(30) **Major maintenance, alteration, repair, or service**--Any activity that involves opening to the atmosphere the irrigation main line at any point prior to the discharge side of any irrigation zone control valve. This includes, but is not limited to, repairing or connecting into a main supply pipe, replacing a zone control valve, or repairing a zone control valve in a manner that opens the system to the atmosphere.

(31) **Master valve**--A remote control valve located after the backflow prevention device that controls the flow of water to the irrigation system mainline.

(32) **Matched precipitation rate**--The condition in which all sprinkler heads within an irrigation zone apply water at the same rate.

(33) **New installation**--An irrigation system installed at a location where one did not previously exist.

(34) **Pass-through contract**--A written contract between a contractor or builder and a licensed irrigator or exempt business owner to perform part or all of the irrigation services relating to an irrigation system.

(35) **Potable water**--Water that is suitable for human consumption.

(36) **Pressure Vacuum Breaker**--An assembly containing an independently operating internally loaded check valve and an independently operating loaded air inlet valve located on the discharge side of the check valve. Also known as a Pressure Vacuum Breaker Back-siphonage Prevention Assembly.

(37) **Reclaimed water**--Domestic or municipal wastewater which has been treated to a quality suitable for beneficial use, such as landscape irrigation.

(38) **Records of landscape irrigation activities**—The irrigation plans, contracts, warranty information, invoices, copies of permits, and other documents that relate to the installation, maintenance, alteration, repair, or service of a landscape irrigation system.

(39) **Reduced Pressure Principle Backflow Prevention Assembly**--An assembly containing two independently acting approved check valves together with a hydraulically operating mechanically independent pressure differential relief valve located between the two check valves and below the first check valve.

(40) **Static water pressure**--The pressure of water when it is not moving.

(41) **Supervision--**The on-the-job oversight and direction by a licensed irrigator who is fulfilling his or her professional responsibility to the client and/or employer in compliance with local or state requirements. Also a licensed installer working under the direction of a licensed irrigator or beginning January 1, 2009, an irrigation technician who is working under the direction of a licensed irrigator to install, maintain, alter, repair or service an irrigation system.

(42) **Water conservation**--The design, installation, service, and operation of an irrigation system in a manner that prevents the waste of water, promotes the most efficient use of water, and applies the least amount of water that is required to maintain healthy individual plant material or turf, reduce dust, and control erosion.

(43) **Zone flow**--A measurement, in gallons per minute or gallons per hour, of the actual flow of water through a zone valve, calculated by individually opening each zone valve and obtaining a valid reading after the pressure has stabilized. For design purposes, the zone flow is the total flow of all nozzles in the zone at a specific pressure.

(44) **Zone valve**--An automatic valve that controls a single zone of a landscape irrigation system.

Sec. 6-232. Valid License Required.

Any person who connects an irrigation system to the water supply within the City of Rockwall, must hold a valid license, as defined by Title 30, Texas Administrative Code, Chapter 30 and required by Chapter 1903 of the Texas Occupations Code, or as defined by Chapter 365, Title 22 of the Texas Administrative Code and required by Chapter 1301 of the Texas Occupations Code.

Exemptions

A property owner is not required to be licensed in accordance with Texas Occupations Code, Title 12, §1903.002(c)(1) if he or she is performing irrigation work in a building or on a premises owned or occupied by the person as the person's home. Home or property owner's property must have a current homestead exemption. A home or property owner who installs an irrigation system must meet the standards contained in Title 30, Texas

Administrative Code, Chapter 344 regarding spacing, water pressure, spraying water over impervious materials, rain or moisture shut-off devices or other technology, backflow prevention and isolation valves. The city may, at any point, adopt more stringent requirements for a home or property owner who installs an irrigation system. See Texas Occupations Code §1903.002 for other exemptions to the licensing requirement.

Sec. 6-233. Permit Required.

Any person installing an irrigation system within the City of Rockwall is required to obtain a permit from the city. Any plan approved for a permit must be in compliance with the requirements of this chapter.

Exemptions

(1) An irrigation system that is that an on-site sewage disposal system, as defined by Section 355.002, Health and Safety Code; or

(2) An irrigation system used on or by an agricultural operation as defined by Section 251.002, Agriculture Code; or

(3) An irrigation system connected to a groundwater well used by the property owner for domestic use.

Sec. 6-234. Backflow Prevention Methods and Devices.

(a) Any irrigation system that is connected to the potable water supply must be connected through a backflow prevention method approved by the Texas Commission on Environmental Quality (TCEQ). The backflow prevention device must comply with the 2006 International Plumbing Code and must be certified by the American Society of Sanitary Engineers (ASSE); or the Foundation for Cross-Connection Control and Hydraulic Research, University of Southern California; or the International Code Council - Evaluation Service (ICC-ES); or the International Association of Plumbing and Mechanical Code Officials – Research and Testing (IAPMO R&T); or any other certifying agencies that has equivalent capabilities for both the laboratory and field evaluation of backflow prevention assemblies.

(b) If conditions that present a health hazard exist, one of the following methods must be used to prevent backflow;

(1) An air gap may be used if:

(A) there is an unobstructed physical separation; and

(B) the distance from the lowest point of the water supply outlet to the flood rim of the fixture or assembly into which the outlet discharges is at least one inch or twice the diameter of the water supply outlet, whichever is greater.

(2) Reduced pressure principle backflow prevention assemblies may be used if:

(A) the device is installed at a minimum of 12 inches above ground in a location that will ensure that the assembly will not be submerged; and

B) drainage is provided for any water that may be discharged through the assembly relief valve.

(3) Pressure vacuum breakers may be used if:

(A) no back-pressure condition will occur; and

(B) the device is installed at a minimum of 12 inches above any downstream piping and the highest downstream opening. Pop-up sprinklers are measured from the retracted position from the top of the sprinkler.

(4) Atmospheric vacuum breakers may be used if:

(A) no back-pressure will be present;

(B) there are no shutoff valves downstream from the atmospheric vacuum breaker;

(C) the device is installed at a minimum of six inches above any downstream piping and the highest downstream opening. Pop-up sprinklers are measured from the retracted position from the top of the sprinkler;

(D) there is no continuous pressure on the supply side of the atmospheric vacuum breaker for more than 12 hours in any 24-hour period; and

(E) a separate atmospheric vacuum breaker is installed on the discharge side of each irrigation control valve, between the valve and all the emission devices that the valve controls.

(c) Backflow prevention devices used in applications designated as health hazards must be tested upon installation and annually thereafter.

(d) If there are no conditions that present a health hazard, double check valve backflow prevention assemblies may be used to prevent backflow if the device is tested upon installation and test cocks are used for testing only.

(e) If a double check valve is installed below ground:

(1) test cocks must be plugged, except when the double check valve is being tested;

(2) test cock plugs must be threaded, water-tight, and made of non-ferrous material;

(3) a y-type strainer is installed on the inlet side of the double check valve;

(4) there must be a bed of pea gravel a minimum of 4" deep under the double check valve with a minimum of 6" clearance from the bottom of the double check valve to the bed of gravel

(5) there must be a minimum of 6" clearance around the double check valve for testing.

(f) All irrigation systems found to be without backflow prevention protection that are connected to the potable water supply, must be connected to the potable water supply through an approved, properly installed backflow prevention assembly, before any major maintenance, alteration, repair, or service is performed.

(g) If an irrigation system is connected to a potable water supply through a double check valve, pressure vacuum breaker, or reduced pressure principle backflow assembly and includes an automatic master valve on the system, the automatic master valve must be installed on the discharge side of the backflow prevention assembly.

(h) The irrigator shall ensure the backflow prevention device is tested by a licensed Backflow Prevention Assembly Tester prior to being placed in service and the test results provided to the City of Rockwall and the irrigation system's owner or owner's representative within ten business days of testing of the backflow prevention device. Test results must be submitted on an approved Backflow Prevention Assembly Test and Maintenance Report form.

Sec. 6-235. Specific Conditions and Cross-Connection Control.

(a) Before any chemical is added to an irrigation system connected to the potable water supply, the irrigation system must be connected through a reduced pressure principle backflow prevention assembly or air gap.

(b) Connection of any additional water source to an irrigation system that is connected to the potable water supply can only be done if the irrigation system is connected to the potable water supply through a reduced-pressure principle backflow prevention assembly or an air gap.
(c) Irrigation system components with chemical additives induced by aspiration, injection, or emission system connected to any potable water supply must be connected through a reduced pressure principle backflow device.
(d) If an irrigation system is designed or installed on a property that is served by an on-site sewage facility, as defined in Title 30, Texas Administrative Code, Chapter 285, then:

(1) all irrigation piping and valves must meet the separation distances from the On-Site Sewage Facilities system as required for a private water line in Title 30, Texas Administrative Code, Section 285.91(10);
(2) any connections using a private or public potable water source that is not the city's potable water system must be connected to the water source through a reduced pressure principle backflow prevention assembly as defined in Title 30, Texas Administrative Code, Section 344.50; and
(3) any water from the irrigation system that is applied to the surface of the area utilized by the On-Site Sewage Facility system must be controlled on a separate irrigation zone or zones so as to allow complete control of any irrigation to that area so that there will not be excess water that would prevent the On-Site Sewage Facilities system from operating effectively.

Sec. 6-236. Water Conservation.

All irrigation systems shall be designed, installed, maintained, altered, repaired, serviced, and operated in a manner that will promote water conservation as defined in the Definitions section of this ordinance.

Sec. 6-237. Irrigation Plan Design: Minimum Standards.

(a) An irrigator shall prepare an irrigation plan for each site where a new irrigation system will be installed. A paper or electronic copy of the irrigation plan must be on the job site at all times during the installation of the irrigation system. A drawing showing the actual installation of the system is due to each irrigation system owner after all new irrigation system installations. During the installation of the irrigation system, variances from the original plan may be authorized by the licensed irrigator if the variance from the plan does not:

(1) diminish the operational integrity of the irrigation system;
(2) violate any requirements of this ordinance; and
(3) go unnoted in red on the irrigation plan.

(b) The irrigation plan must include complete coverage of the area to be irrigated. If a system does not provide complete coverage of the area to be irrigated, it must be noted on the irrigation plan.

(c) All irrigation plans used for construction must be drawn to scale. The plan must include, at a minimum, the following information:

(1) the irrigator's seal, signature, and date of signing;
(2) all major physical features and the boundaries of the areas to be watered;
(3) a North arrow;
(4) a legend;
(5) the zone flow measurement for each zone;

(6) location and type of each:
(A) controller; and
(B) sensor (for example, but not limited to, rain, moisture, wind, flow, or freeze);
(7) location, type, and size of each:
(A) water source, such as, but not limited to a water meter and point(s) of connection;
(B) backflow prevention device;
(C) water emission device, including, but not limited to, spray heads, rotary sprinkler heads, quick-couplers, bubblers, drip, or micro-sprays;
(D) valve, including but not limited to, zone valves, master valves, and isolation valves;
(E) pressure regulation component; and
(F) main line and lateral piping.
(8) the scale used; and
(9) the design pressure.

Sec. 6-238. Design and Installation: Minimum Requirements.

(a) No irrigation design or installation shall require the use of any component, including the water meter, in a way which exceeds the manufacturer's published performance limitations for the component.
(b) Spacing.
(1) The maximum spacing between emission devices must not exceed the manufacturer's published radius or spacing of the device(s). The radius or spacing is determined by referring to the manufacturer's published specifications for a specific emission device at a specific operating pressure.
(2) New irrigation systems shall not utilize above-ground spray emission devices in landscapes that are less than 48 inches not including the impervious surfaces in either length or width and which contain impervious pedestrian or vehicular traffic surfaces along two or more perimeters. If pop-up sprays or rotary sprinkler heads are used in a new irrigation system, the sprinkler heads must direct flow away from any adjacent surface and shall not be installed closer than four inches from a hardscape, such as, but not limited to, a building foundation, fence, concrete, asphalt, pavers, or stones set with mortar.
(3) Narrow paved walkways, jogging paths, golf cart paths or other small areas located in cemeteries, parks, golf courses or other public areas may be exempted from this requirement if the runoff drains into a landscaped area.

(c) Water pressure. Emission devices must be installed to operate at the minimum and not above the maximum sprinkler head pressure as published by the manufacturer for the nozzle and head spacing that is used. Methods to achieve the water pressure requirements include, but are not limited to, flow control valves, a pressure regulator, or pressure compensating spray heads.

(d) Piping. Piping in irrigation systems must be designed and installed so that the flow of water in the pipe will not exceed a velocity of five feet per second for polyvinyl chloride (PVC) pipe.

(e) Irrigation Zones. Irrigation systems shall have separate zones based on plant material type, microclimate factors, topographic features, soil conditions, and hydrological requirements.

(f) Matched precipitation rate. Zones must be designed and installed so that all of the emission devices in that zone irrigate at the same precipitation rate.

(g) Irrigation systems shall not spray water over surfaces made of concrete, asphalt, brick, wood, stones set with mortar, or any other impervious material, such as, but not limited to, walls, fences, sidewalks, streets, etc.

(h) Master valve. When provided, a master valve shall be installed on the discharge side of the backflow prevention device on all new installations.

(i) PVC pipe primer solvent. All new irrigation systems that are installed using PVC pipe and fittings shall be primed with a colored primer prior to applying the PVC cement in accordance with the International Plumbing Code (Section 605.22.2).

(j) Rain or moisture shut-off devices or other technology. All new automatically controlled irrigation systems must include sensors or other technology designed to inhibit or interrupt operation of the irrigation system during periods of moisture or rainfall. Rain or moisture shut-off technology must be installed according to the manufacturer's published recommendations. Repairs to existing automatic irrigation systems that require replacement of an existing controller must include a sensor or other technology designed to inhibit or interrupt operation of the irrigation system during periods of moisture or rainfall.

(k) Isolation valve. All new irrigation systems must include an isolation valve between the water meter and the backflow prevention device. The isolation valve must be a ball valve and be equipped with a stainless steel handle. The ball valve must be installed within a plastic valve or meter box large enough as not to hamper operation or repair.

(l) Depth coverage of piping. Piping in all irrigation systems must be installed according to the manufacturer's published specifications for depth coverage of piping.

(1) If the manufacturer has not published specifications for depth coverage of piping, the piping must be installed to provide minimum depth coverage of six inches of select backfill, between the top of the pipe and the natural grade of the topsoil. All portions of the irrigation

system that fail to meet this standard must be noted on the irrigation plan. If the area being irrigated has rock at a depth of six inches or less, select backfill may be mounded over the pipe. Mounding must be noted on the irrigation plan and discussed with the irrigation system owner or owner's representative to address any safety issues.

(2) If a utility, man-made structure, or roots create an unavoidable obstacle, which makes the six-inch depth coverage requirement impractical, the piping shall be installed to provide a minimum of two inches of select backfill between the top of the pipe and the natural grade of the topsoil.

(3) All trenches and holes created during installation of an irrigation system must be backfilled and compacted to the original grade.

(m) Wiring irrigation systems.

(1) Underground electrical wiring used to connect an automatic controller to any electrical component of the irrigation system must be listed by Underwriters Laboratories as acceptable for burial underground.

(2) Electrical wiring that connects any electrical components of an irrigation system must be sized according to the manufacturer's recommendation.

(3) Electrical wire splices which may be exposed to moisture must be waterproof as certified by the wire splice manufacturer.

(4) Underground electrical wiring that connects an automatic controller to any electrical component of the irrigation system must be buried with a minimum of six inches of select backfill.

(n) Water contained within the piping of an irrigation system is deemed to be non-potable. No drinking or domestic water usage, such as, but not limited to, filling swimming pools or decorative fountains, shall be connected to an irrigation system. If a hose bib (an outdoor water faucet that has hose threads on the spout) is connected to an irrigation system for the purpose of providing supplemental water to an area, the hose bib must be installed using a quick coupler key on a quick coupler installed in a covered purple valve box and the hose bib and any hoses connected to the bib must be labeled "non potable, not safe for drinking." An isolation valve must be installed upstream of a quick coupler connecting a hose bib to an irrigation system.

(o) Beginning January 1, 2010, either a licensed irrigator or a licensed irrigation technician shall be on-site at all times while the landscape irrigation system is being installed. When an irrigator is not onsite, the irrigator shall be responsible for ensuring that a licensed irrigation technician is on-site to supervise the installation of the irrigation system.

(p) All new automatically controlled irrigation systems must include sensors or other technology designed to inhibit or interrupt operation of the irrigation system during periods of freezing weather.

Sec. 6-239. Completion of Irrigation System Installation.

Upon completion of the irrigation system, the irrigator or irrigation technician who provided supervision for the on-site installation shall be required to complete four items:

(1) a final "walk through" with the irrigation system's owner or the owner's representative to explain the operation of the system;

(2) The maintenance checklist on which the irrigator or irrigation technician shall obtain the signature of the irrigation system's owner or owner's representative and shall sign, date, and seal the checklist. If the irrigation system's owner or owner's representative is unwilling or unable to sign the maintenance checklist, the irrigator shall note the time and date of the refusal on the irrigation system's owner or owner's representative's signature line. The irrigation system owner or owner's representative will be given the original maintenance checklist and a duplicate copy of the maintenance checklist shall be maintained by the irrigator. The items on the maintenance checklist shall include but are not limited to:

(A) the manufacturer's manual for the automatic controller, if the system is automatic;

(B) a seasonal (spring, summer, fall, winter) watering schedule based on either current/real time evapotranspiration or monthly historical reference evapotranspiration (historical ET) data, monthly effective rainfall estimates, plant landscape coefficient factors, and site factors;

(C) a list of components, such as the nozzle, or pump filters, and other such components; that require maintenance and the recommended frequency for the service; and

(D) the statement, "This irrigation system has been installed in accordance with all applicable state and local laws, ordinances, rules, regulations or orders. I have tested the system and determined that it has been installed according to the Irrigation Plan and is properly adjusted for the most efficient application of water at this time."

(3) A permanent sticker which contains the irrigator's name, license number, company name, telephone number and the dates of the warranty period shall be affixed to each automatic controller installed by the irrigator or irrigation technician. If the irrigation system is manual, the sticker shall be affixed to the original maintenance checklist. The information contained on the sticker must be printed with waterproof ink and include:

(4) The irrigation plan indicating the actual installation of the system must be provided to the irrigation system's owner or owner representative.

Sec. 6-240. Maintenance, Alteration, Repair, or Service of Irrigation Systems.

(a) The licensed irrigator is responsible for all work that the irrigator performed during the maintenance, alteration, repair, or service of an irrigation system during the warranty period. The irrigator or business owner is not responsible for the professional negligence of any other irrigator who subsequently conducts any irrigation service on the same irrigation system.

(b) All trenches and holes created during the maintenance, alteration, repair, or service of an irrigation system must be returned to the original grade with compacted select backfill.

(c) Colored PVC pipe primer solvent must be used on all pipes and fittings used in the maintenance, alteration, repair, or service of an irrigation system in accordance with the International Plumbing Code (Section 605.22.2).

(d) When maintenance, alteration, repair or service of an irrigation system involves excavation work at the water meter or backflow prevention device, an isolation valve shall be installed, if an isolation valve is not present.

Sec. 6-241. Reclaimed Water.

Reclaimed water may be utilized in landscape irrigation systems if:
(1) there is no direct contact with edible crops, unless the crop is pasteurized before consumption;
(2) the irrigation system does not spray water across property lines that do not belong to the irrigation system's owner;
(3) the irrigation system is installed using purple components;
(4) the domestic potable water line is connected using an air gap or a reduced pressure principle backflow prevention device, in accordance with Title 30, Texas Administrative Code, Section 290.47(i) (relating to Appendices);
(5) a minimum of an eight inch by eight inch sign, in English and Spanish, is prominently posted on/in the area that is being irrigated, that reads, "RECLAIMED WATER – DO NOT DRINK" and "AGUA DE RECUPERACIÓN – NO BEBER"; and
(6) backflow prevention on the reclaimed water supply line shall be in accordance with the regulations of the city's water provider.

Sec. 6-242. Advertisement Requirements.

(a) All vehicles used in the performance of irrigation installation, maintenance, alteration, repair, or service must display the irrigator's license number in the form of "LI_____" in a contrasting color of block letters at least two inches high, on both sides of the vehicle.

(b) All forms of written and electronic advertisements for irrigation services must display the irrigator's license number in the form of "LI_____." Any form of advertisement, including business cards, and estimates which displays an entity's or individual's name other than that of the licensed irrigator must also display the name of the licensed irrigator and the licensed irrigator's license number. Trailers that advertise irrigation services must display the irrigator's license number.

(c) The name, mailing address, and telephone number of the commission must be prominently displayed on a legible sign and displayed in plain view for the purpose of addressing complaints at the permanent structure where irrigation business is primarily conducted and irrigation records are kept.

Sec. 6-243. Contracts.

(a) All contracts to install an irrigation system must be in writing and signed by each party and must specify the irrigator's name, license number, business address, current business

telephone numbers, the date that each party signed the agreement, the total agreed price, and must contain the statement, "Irrigation in Texas is regulated by the Texas Commission on Environmental Quality (TCEQ), MC-178, P.O. Box 13087, Austin, Texas 78711-3087. TCEQ's website is: www. tceq.state.tx.us." All contracts must include the irrigator's seal, signature, and date.

(b) All written estimates, proposals, bids, and invoices relating to the installation or repair of an irrigation system(s) must include the irrigator's name, license number, business address, current business telephone number(s), and the statement: "Irrigation in Texas is regulated by the Texas Commission On Environmental Quality (TCEQ) (MC-178), P.O. Box 13087, Austin, Texas 78711-3087. TCEQ's web site is: www.tceq.state.tx.us."

(c) An individual who agrees by contract to provide irrigation services as defined in Title 30, Texas Administrative Code, Section 344.30 (relating to License Required) shall hold an irrigator license issued under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations) unless the contract is a pass-through contract as defined in Title 30, Texas Administrative Code, Section 344.1(36) (relating to Definitions). If a pass-through contract includes irrigation services, then the irrigation portion of the contract can only be performed by a licensed irrigator. If an irrigator installs a system pursuant to a pass-through contract, the irrigator shall still be responsible for providing the irrigation system's owner or through contract; the irrigator shall still be responsible for providing the irrigation system's owner or owner's representative a copy of the warranty and all other documents required under this chapter. A pass-through contract must identify by name and license number the irrigator that will perform the work and must provide a mechanism for contacting the irrigator for irrigation system warranty work.

(d) The contract must include the dates that the warranty is valid.

Sec. 6-244. Warranties for Systems.

(a) On all installations of new irrigation systems, an irrigator shall present the irrigation system's owner or owner's representative with a written warranty covering materials and labor furnished in the new installation of the irrigation system. The irrigator shall be responsible for adhering to terms of the warranty. If the irrigator's warranty is less than the manufacturer's warranty for the system components, then the irrigator shall provide the irrigation system's owner or the owner's representative with applicable information regarding the manufacturer's warranty period. The warranty must include the irrigator's seal, signature, and date. If the warranty is part of an irrigator's contract, a separate warranty document is not required.

(b) An irrigator's written warranty on new irrigation systems must specify the irrigator's name, business address, and business telephone number(s), must contain the signature of the irrigation system's owner or owner's representative confirming receipt of the warranty and must include the statement: "Irrigation in Texas is regulated by the Texas Commission on Environmental Quality (TCEQ), MC-178, P.O. Box 130897, Austin, Texas 78711-3087. TCEQ's website is: www.tceq.state.tx.us."

(c) On all maintenance, alterations, repairs, or service to existing irrigation systems, an irrigator shall present the irrigation system's owner or owner's representative a written document that identifies the materials furnished in the maintenance, alteration, repair, or service. If a warranty is provided, the irrigator shall abide by the terms. The warranty document must include the irrigator's name and business contact information.

Sec. 6-245. Duties and Responsibilities of City Irrigation Inspectors.

A licensed irrigation inspector shall enforce the ordinance of the city, and shall be responsible for:
(1) verifying that the appropriate permits have been obtained for an irrigation system and that the irrigator and installer or irrigation technician, if applicable, are licensed;
(2) inspecting the irrigation system;
(3) determining that the irrigation system complies with the requirements of this chapter;
(4) determining that the appropriate backflow prevention device was installed, tested, and test results provided to the city;
(5) investigating complaints related to irrigation system installation, maintenance, alteration, repairs, or service of an irrigation system and advertisement of irrigation services; and
(6) maintaining records according to this chapter.

Sec. 6-246. Items not covered by this ordinance.

Any item not covered by their ordinance and required by law shall be governed by the Texas Occupations Code, the Texas Water Code, Title 30 of the Texas Administrative Code, and any other applicable state statute or Texas Commission on Environmental Quality rule.

Sec. 6-247. Fees.

Building permit fees shall be established by resolution of the city council.

Sec. 6-248. Irrigation systems within the public right of way.

The city shall not be held liable for any damage of any system, which results from the installation or repair of, or improvement of any street or utility. Any homeowner or irrigator who installs a lawn sprinkler system between the curb and sidewalk or elsewhere within the public right of way shall likewise hold the city harmless against any claim or injury to persons or damage to property that any member of the public may suffer by reason of installation of said lawn sprinkling system between said curb and sidewalk or within the public right of way.

Sec. 6-249. Enforcement.

(a) The city shall have the power to administer and enforce the provisions of this chapter as may be required by governing law. Any person, firm, corporation or agent who shall violate a provision of this code, or fails to comply therewith, or with any of the requirements thereof, is subject to suit for injunctive relief as well as prosecution for criminal violations. Any violation of the ordinance codified in this chapter is declared to be a nuisance.

(b) Any person violating any provision of chapter shall, upon conviction, be fined a sum not exceeding $2000.00. Each day that a provision of this chapter is violated shall constitute a separate offense. An offense under this chapter is a Class C misdemeanor, punishable by a fine of up to $2000.00.

(c) Nothing in this chapter shall be construed as a waiver of the city's right to bring a civil action

to enforce the provisions of this chapter and to seek remedies as allowed by law, including, but not limited to the following:

(1) Injunctive relief to prevent specific conduct that violates the ordinance or to require specific conduct that is necessary for compliance with the ordinance; and

(2) Other available relief.

Secs. 6-250----6-254 Reserved.

SECTION 2: That if any provision or any section of this ordinance shall be held to be void or unconstitutional, such holding shall in no way affect the validity of the remaining provisions or sections of this ordinance, which shall remain in full force and effect.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall upon conviction be subject to a fine in accordance with the general provisions of the Code of Ordianances.

SECTION 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

SERVICE REGULATIONS

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 09-22

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES OF THE CITY OF ROCKWALL IN CHAPTER 26, ARTICLE V, DIVISION 2, SERVICE REGULATIONS; PROVIDING FOR A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2000.00) FOR EACH OFFENSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall recognizes that the amount of water available to its water customers is limited; and

WHEREAS, pursuant to Chapter 54 of the Local Government Code, the City is authorized to adopt such policies necessary to preserve and conserve available water supplies; and

WHEREAS, the City seeks to adopt an ordinance pertaining to illegal water connections and theft of water.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL:

SECTION 1. That the Code of Ordinances shall be amended in Chapter 26, Article V, Division 2, which shall hereinafter read in the entirety as set forth in Exhibit "A" attached hereto made a part hereof for all purposes.

SECTION 2. That if any provision or any section of this ordinance shall be held to be void or unconstitutional, such holding shall in no way affect the validity of the remaining provisions or sections of this ordinance, which shall remain in full force and effect.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction, be subject to a fine in accordance with Section 1-7 of the General Provision of the Code of Ordinances.

SECTION 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS this **18th** day of **May, 2009**.

Ord. #09-22 Water Service Regulations

"EXHIBIT A"

CHAPTER 26

ARTICLE V. WATER

DIVISION 2

SERVICE REGULATIONS

Sec. 26-131. Application for service required; who may apply; responsibility for bill.

(a) Each consumer desiring water from the City of Rockwall's water supply system shall make application. The application shall contain the purpose for which the water is desired, and shall agree to the terms and conditions upon which water will be furnished and to the rules, regulations and ordinances of the City. Upon such application being filed with the City, the applicant is authorized the use of water from the City's water system for specified purposes.

(b) No application for the use of water shall be filed by any person other than the owner, renter or duly authorized agent, and such owner, renter or authorized agent when making application, shall be liable for the fees charged for the use of water.

Sec. 26-132. Permits to be approved by the City before water is turned on.
All applications for water from the City's water system, when a new service has been installed, shall be approved by the City after inspection, before the water will be turned on.

Sec. 26-133. Permit required for taps, etc.
No new tap or new service or addition, extension or alteration of any tap or service, shall be made or caused to be made by any consumer, except through a licensed plumber or utility contractor and after obtaining a permit from the City.

Sec. 26-134. Connection permits.
Applications for permits to connect water service pipes or mains with the distribution mains shall be made to the City, together with a fee as specified in Article II of this chapter and Chapter 24, Subdivision Regulations, Article III, paid in advance to the City for inserting the service pipe or main and conveying it to the curb line. Such permit shall be the plumber or utility contractors authority for making the connection with the street service, laying pipes and doing all work necessary to make the service complete. Any application for a second permit to the same premises will be charged an equal fee for inserting the service pipe and conveying it to the curb line.

Sec. 26-135. Permit applications to be made by a licensed plumber or utility contractor.
All applications for permits required by this article shall be made only by a licensed plumber or utility contractor working for the property owner or his authorized agent.

Ord. #09-22 Water Service Regulations

Sec. 26-136. Turn-on of water restricted.
No person may knowingly cause, suffer or allow the initiation or restoration of water service to the property after termination of service(s) without the written consent of the City. For purposes of this section, it shall be assumed that the owner, occupant, or person in control of the property caused, suffered, or allowed the unlawful initiation or restoration of service(s).

Sec. 26-137. Maintenance and conservation requirements of consumer.
All consumers of water from the City's water system shall keep their service pipes and all fixtures connected in good condition and repair to prevent unnecessary waste of water.

Sec. 26-138. Shutoff of water for waste.
Where water is wasted by reason of the water fixtures and service pipe being out of order, through neglect of the consumer, agents or tenants, after notice thereof from the City, if the consumer refuses to repair such fixtures or pipe, the water shall be immediately turned off and withheld from such premises until repairs have been made.

Sec. 26-139. Consumers not to permit others to use water; penalty.
No consumer of City water shall permit any other person to use water from their tap, hydrant, faucet or other device to provide water to an additional property, except when authorized by the City. In the case of a violation of this section, the water shall be immediately turned off in addition to any other penalty otherwise provided.

Sec. 26-140. Use of water from public connections restricted.
No consumer or other person shall take water for private use from any public fire hydrant, hydrant, fountain or similar public water source without the consent of the City.

Sec. 26-141. Interference with system apparatus.
A person may not knowingly tamper, connect to, or alter any component of the City's water system including, but not limited to: valves, meters, meter boxes, lids, hydrants, lines, pump stations, ground storage tanks, and elevated tanks. This shall include direct or indirect efforts to initiate or restore water service without the approval of the City.

TCEQ WATER CONSERVATION IMPLEMINTATION REPORT

THIS PAGE INTENTIONALLY LEFT BLANK

218

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Amy Williams, Director of Public Works/City Engineer

DATE: March 28, 2019

SUBJECT: Water Conservation/Water Resource and Emergency Management Plan

The Texas Commission on Environmental Quality requires every water provider to revise and submit their Water Conservation and Water Resource and Emergency Management Plan every five years. City Council adopted the existing Water Emergency Response Plan and the Water Conservation Plan on August 3, 2009, July 6, 2009, and April 21, 2014. The staff has made revisions to our current plans and will submit these documents to the TCEQ by May 1, 2019, after City Council approves the ordinances.

Changes to the Water Conservation include the addition of definitions, once per week water of landscape beginning November 1st and ending March 31st, and rebates of $100 towards the purchase and installation of high-efficiency card or coin operated commercial clothes washers at commercial laundromats. The refund on commercial washing machines is required as part of the settlement agreement with the Sierra Club and the National Wildlife Federation to move forward with the construction of the Lower Bois d 'Arc Creek Reservoir.

Changes to the Water Resource and Emergency Management Plan are definitions and lake level elevations that trigger different resource management stages in the plan. Another change was to have three stages instead of four. The reasoning for the transition to three stages was that Stage 1 in the previous plan had the same requirements found in the Conservation Plan.

Staff recommends City Council consideration to approve the revised Water Resource Emergency Management and Water Conservation Plan to keep the City in compliance with the Texas Commission on Environmental Quality requirements.

CITY OF ROCKWALL

ORDINANCE NO. 19-___

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 7. DROUGHT CONTINGENCY AND WATER EMERGENCY RESPONSE PLAN TO REPEAL DIVISION 7. IN ITS ENTIRETY AND REPLACE IT WITH A NEW DIVISION 7. ADOPTING A WATER RESOURCE AND EMERGENCY MANAGEMENT PLAN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING AN EFFECTVE DATE.

WHEREAS, the Rockwall City Council previously adopted a "Drought Contingency and Water Emergency Response Plan" in Chapter 44. Utilities; Article V. Water; Division 7 of the Code of Ordinances; and

WHEREAS, the City Council has determined the need to repeal said plan in its entirety and replace it with a new plan entitled the "Water Resource and Emergency Management Plan," which permits the City Manager of the City of Rockwall to order implementation of certain emergency conservation measures as warranted by an emergency circumstance.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THAT:

SECTION 1. The the Code of Ordinances in Chapter 44. "Utilities," Article V. "Water," Division 7. "Drought Contingency and Water Emergency Response Plan" is hereby repealed in its entirety and a new Division 7. entitled the "Water Resource and Emergency Management Plan" is hereby adopted as reflected in **"Exhibit A"** of this ordinance; and

SECTION 2. PLAN ADOPTED

Sec.44-432

(a) The city council hereby approves and adopts the City of Rockwall "Water Resource and Emergency Management Plan," attached to Ordinance No. 19-___ as "Exhibit A," which is incorporated as if fully set forth in this division and on file in the city secretary's office.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty fine not to exceed the sum of Two Thousand Dollars ($2,000.00) for each offense and each day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 4. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 5. The City Council does hereby find and declare that sufficient written notice of the date, hour, place and subject of the meeting adopting this Ordinance was posted at a designated place convenient to the public for the time required by law preceding the meeting, that such place of posting was readily accessible at all times to the general public, and that all of the foregoing was done as required by law at all times during which this Ordinance and the subject matter thereof has been discussed, considered and formally acted upon. The City Council further ratifies, approves and confirms such written notice and the posting thereof.

SECTION 6. The City Manager or his designee is hereby directed to file a copy of the Plan and this Ordinance with the Texas Commission on Environmental Quality in accordance with Title 30, Chapter 288 of the Texas Administrative Code, and said Plan meets all the requirements of Section 288.2 of the Texas Administrative Code;

SECTION 7. This ordinance shall be cumulative of all other ordinances of the City and shall not repeal any of the provisions of those ordinances except in those instances where the provisions of those ordinances are in direct conflict with the provisions of this ordinance or as herein specified.

SECTION 8. This ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 15TH DAY OF APRIL, 2019.

_____
Jim Pruitt, Mayor

ATTEST:

_____
Kristy Cole, City Secretary

FORWARD

This 2019 Model Water Resource and Emergency Management Plan (WREMP) which is an update to the 2014 Drought Contingency and Water Emergency Response Plan was prepared by Freese and Nichols for the North Texas Municipal Water District (NTMWD). It is intended to be used by NTMWD Member Cities and Customers as a guide as they develop their own Water Resource and Emergency Management Plans. This plan was prepared pursuant to Texas Commission on Environmental Quality rules. Some material is based on the existing drought contingency plans listed in Appendix A.

Questions regarding this drought contingency and water emergency response plan should be addressed to the following:

Jeremy Rice
Freese and Nichols, Inc.
(817) 735-7300
jjr@freese.com

Denise Hickey
North Texas Municipal
Water District
(972) 442-5405
dhickey@ntmwd.com

This Model WREMP plan is based on the Texas Administrative Code in effect on January 18, 2019.

APPENDIX A **List of References**

APPENDIX B **Texas Commission on Environmental Quality Rules on Drought Contingency Plans**
- Texas Administrative Code Title 30, Part 1, Chapter 288, Subchapter B, Rule §288.20 – Drought Contingency Plans for Municipal Uses by Public Water Suppliers

APPENDIX C **Letter to Region C and Region D Water Planning Group**

1. INTRODUCTION AND OBJECTIVES

This document has been prepared as a Model Water Resource and Emergency Management Plan (WREMP), intended to be available for use by North Texas Municipal Water District (NTMWD) Member Cities and Customer Cities as they develop their own plans. This model plan addresses all of the current TCEQ requirements for a drought contingency plan. [1] This plan will replace the plans dated August 2004, April 2006, March 2008, and April 2014.

The measures included in this Model WREMP are intended to provide short-term water savings during drought or emergency conditions. Water savings associated with ongoing, long-term strategies are discussed in the *Model Water Conservation Plan for North Texas Municipal Water District Member Cities and Customer Cities*. [2]

- The purpose of this Model WREMP plan is as follows:
- To conserve the available water supply in times of drought and emergency
- To maintain supplies for domestic water use, sanitation, and fire protection
- To protect and preserve public health, welfare, and safety
- To minimize the adverse impacts of water supply shortages
- To minimize the adverse impacts of emergency water supply conditions

The NTMWD supplies treated water to its Member Cities and Customer Cities. This model plan was developed by NTMWD in consultation with its Member Cities. In order to adopt this model plan, each NTMWD Member City and Customer City will need to adopt ordinance(s) or regulation(s) implementing the plan, including the determination of fines and enforcement procedures. The model plan calls for Member Cities and Customer Cities to adopt Water Resource Stages initiated by NTMWD during a drought or water supply emergency. Member Cities and Customer Cities may also adopt more stringent drought or water emergency response stages than NTMWD if conditions warrant.

In the absence of drought response measures, water demands tend to increase during drought due to increased outdoor irrigation. The severity of the drought depends on the degree of depletion of supplies and on the relationship of demand to available supplies. NTMWD considers a drought to end when all of the NTMWD's supply reservoirs refill to conservation storage pool levels.

[1] Superscripted numbers match references listed in Appendix A.

2. DEFINITIONS AND ABBREVIATIONS

1. AQUATIC LIFE means a vertebrate organism dependent upon an aquatic environment to sustain its life.

2. ATHLETIC FIELD means a public sports competition field, the essential feature of which is turf grass, used primarily for organized sports practice, competition or exhibition events for schools; professional sports and league play sanctioned by the utility providing retail water supply.

3. COMMERCIAL FACILITY means business or industrial buildings and the associated landscaping, but does not include the fairways, greens, or tees of a golf course.

4. COMMERCIAL VEHICLE WASH FACILITY means a permanently-located business that washes vehicles or other mobile equipment with water or water-based products, including but not limited to self-service car washes, full service car washes, roll-over/in-bay style car washes, and facilities managing vehicle fleets or vehicle inventory.

5. CUSTOMERS include those entities to which NTMWD provides wholesale water that are not Member Cities of NTMWD.

6. DESIGNATED OUTDOOR WATER USE DAY means a day prescribed by rule on which a person is permitted to irrigate outdoors.

7. DRIP IRRIGATION is a type of micro-irrigation system that operates at low pressure and delivers water in slow, small drips to individual plants or groups of plants through a network of plastic conduits and emitters; also called trickle irrigation.

8. DROUGHT, for the purposes of this report, means an extended period of time when an area receives insufficient amounts of rainfall to replenish the water supply, causing water supply sources (in this case reservoirs) to be depleted.

9. EVAPOTRANSPIRATION (ET) represents the amount of water lost from plant material to evaporation and transpiration. The amount of ET can be estimated based on the temperature, wind, and relative humidity.

10. EXECUTIVE DIRECTOR means the Executive Director of the NTMWD and includes a person the Executive Director has designated to administer or perform any task, duty, function, role, or action related to this Plan or on behalf of the Executive Director.

11. FOUNDATION WATERING means an application of water to the soils directly abutting (within 2 feet) the foundation of a building, structure.

12. INTERACTIVE WATER FEATURES means water sprays, dancing water jets, waterfalls, dumping buckets, shooting water cannons, inflatable pools, temporary splash toys or pools, slip-n-slides, or splash pads that are maintained for recreation.

13. IRRIGATION SYSTEM means a permanently installed, custom-made, site-specific system of delivering water generally for landscape irrigation via a system of pipes or other conduits installed below ground.

14. LANDSCAPE means any plant material on a property, including any tree, shrub, vine, herb, flower, succulent, ground cover, grass or turf species, that is growing or has been planted out of doors.

15. MEMBER CITIES include the cities of Allen, Farmersville, Forney, Frisco, Garland, McKinney, Mesquite, Plano, Princeton, Richardson, Rockwall, Royse City, and Wylie, Texas, which are members of NTMWD.

16. NEW LANDSCAPE means: (a) vegetation installed at the time of the construction of a residential or commercial facility; (b) installed as part of a governmental entity's capital improvement project; or (c) installed to stabilize an area disturbed by construction.

17. ORNAMENTAL FOUNTAIN means an artificially created structure (up to a certain diameter) from which a jet, stream, or flow of treated water emanates and is not typically utilized for the preservation of aquatic life.

18. RETAIL CUSTOMERS include those customers to whom the Supplier provides retail water from a water meter.

19. SOAKER HOSE means a perforated or permeable garden-type hose or pipe that is laid above ground that provides irrigation at a slow and constant rate.

20. SPRINKLER means an above-ground water distribution device that may be attached to a garden hose.

21. SUPPLIER means a Member City or Customer that purchases wholesale water from NTMWD and provides water to retail and/or wholesale customers.

22. SWIMMING POOL means any structure, basin, chamber, or tank including hot tubs, containing an artificial body of water for swimming, diving, or recreational bathing, and having a depth of two (2) feet or more at any point.

23. WATER RESOURCE MANAGEMENT PLAN means a strategy or combination of strategies for temporary supply management and demand management responses to temporary and potentially recurring water supply shortages and other water supply emergencies required by Texas Administrative Code Title 30, Chapter 288, Subchapter B. This is sometimes called a drought contingency plan.

Abbreviation	Full Nomenclature
ED	NTMWD Executive Director
NTMWD or District	North Texas Municipal Water District
TCEQ	Texas Commission on Environmental Quality
TWDB	Texas Water Development Board
Model WREMP	Model Water Resource and Emergency Management Plan for Member Cities and Customers

3. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULES

The TCEQ rules governing development of drought contingency plans for public water suppliers are contained in Title 30, Part 1, Chapter 288, Subchapter B, Rule 288.20 of the Texas Administrative Code, a current copy of which is included in Appendix B. For the purpose of these rules, a drought contingency plan is defined as "a strategy or combination of strategies for temporary supply and demand management responses to temporary and potentially recurring water supply shortages and other water supply emergencies."[1]

Minimum Requirements

TCEQ's minimum requirements for drought contingency plans are addressed in the following subsections of this report:

- 288.20(a)(1)(A) – Provisions to Inform the Public and Provide Opportunity for Public Input – Section 4.1
- 288.20(a)(1)(B) – Provisions for Continuing Public Education and Information – Section 4.2
- 288.20(a)(1)(C) – Coordination with the Regional Water Planning Group – Section 4.7
- 288.20(a)(1)(D) – Criteria for Initiation and Termination of Drought Stages – Section 4.3
- 288.20(a)(1)(E) – Drought and Emergency Response Stages – Section 4.4
- 288.20(a)(1)(F) – Specific, Quantified Targets for Water Use Reductions – Section 3.4
- 288.20(a)(1)(G) – Water Supply and Demand Management Measures for Each Stage – Section 4.4
- 288.20(a)(1)(H) – Procedures for Initiation and Termination of Drought Stages – Section 3.3
- 288.20(a)(1)(I) - Procedures for Granting Variances – Section 4.5
- 288.20(a)(1)(J) - Procedures for Enforcement of Mandatory Restrictions – Section 3.6
- 288.20(a)(3) – Consultation with Wholesale Supplier – Sections 1 and 4.4
- 288.20(b) – Notification of Implementation of Mandatory Measures – Section 4.3
- 288.20(c) – Review and Update of Plan – Section 4.8

4. WATER RESOURCE AND EMERGENCY MANAGEMENT PLAN

4.1 Provisions to Inform the Public and Opportunity for Public Input

The City of Rockwall will provide opportunity for public input in the development of this drought contingency and water emergency response plan by the following means:

- Providing written notice of the proposed plan and the opportunity to comment on the plan by newspaper, posted notice, and notice on the supplier's web site.
- Making the draft plan available on the supplier's web site.
- Providing the draft plan to anyone requesting a copy.
- Holding a public meeting.

4.2 Provisions for Continuing Public Education and Information

The City of Rockwall will inform and educate the public about the Water Resource and Emergency Management Plan by the following means:

- Preparing a bulletin describing the plan and making it available at City Hall and other appropriate locations.
- Making the plan available to the public through the supplier's web site.
- Including information about the Water Resource and Emergency Management on the supplier's web site.
- Notifying local organizations, schools, and civic groups that staff are available to make presentations on the Water Resource and Emergency Management Plan (usually in conjunction with presentations on water conservation programs).

At any time that the drought contingency and water emergency response plan is activated or the drought stage or water emergency response stage changes, Member Cities and Customer Cities will notify local media of the issues, the drought response stage or water emergency response stage (if applicable), and the specific actions required of the public. The information will also be publicized on the supplier's web site (if available). Billing inserts will also be used as appropriate.

4.3 Initiation and Termination of Water Resource and Emergency Management Stages and Targets for Water use Reductions

<u>Initiation of a Water Resource Management Stage</u>

The City Manager or official designee may order the implementation of a Water Resource and Emergency Management response stage when one or more of the trigger conditions for that stage are met.

- Water Resource and Emergency Management Plan stages imposed by NTMWD action must be initiated by Member Cities and Customers.

- For other trigger conditions internal to a city or water supply entity, the City Manager or official designee may decide not to order the implementation of a Water Resource Management Stage or Water Emergency even though one or more of the trigger criteria for the stage are met. Factors which could influence such a decision include, but are not limited to, the time of the year, weather conditions, the anticipation of replenished water supplies, or the anticipation that additional facilities will become available to meet needs. The reason for this decision should be documented.

The following actions will be taken when a water resource management stage is initiated:

- The public will be notified through local media and the supplier's web site (if available) as described in Section 4.2.
- Wholesale customers (if any) and the NTMWD will be notified by e-mail with a follow-up letter or fax that provides details of the reasons for initiation of the Water Resource Management Stage.
- If any mandatory provisions of the Water Resource and Emergency Management Plan are activated, Member Cities and Customer Cities will notify the Executive Director of the TCEQ and the Executive Director of the NTMWD within 5 business days.

Termination of Water Management Stage

The City Manager or official designee may order the termination of a Water Resource Management Stage when the conditions for termination are met or at their discretion.

The following actions will be taken when a water resource management stage is terminated:

- The public will be notified through local media and the supplier's web site as described in Section 4.2.
- Wholesale customers (if any) and the NTMWD will be notified by e-mail with a follow-up letter or fax.
- If any mandatory provisions of the Water Resource and Emergency Management Plan that have been activated are terminated, Member Cities and Customer Cities will notify the Executive Director of the TCEQ and the Executive Director of the NTMWD within 5 business days.

The City Manager or official designee may decide not to order the termination of a Water Resource Management stage even though the conditions for termination of the stage are met. Factors which could influence such a decision include, but are not limited to, the time of year, weather conditions, or the anticipation of potential changed conditions that warrant the continuation of the Water Resource Management Stage. The reason for this decision should be documented.

Water Resource and Emergency Management Plan Stages and Measures

4.3.1 Stage 1

Initiation and Termination Conditions for Stage 1

The NTMWD has initiated Stage 1, which may be initiated due to one or more of the following:

- The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 1.
- Water demand is projected to approach the limit of the permitted supply.
- The storage level in Lavon Lake as published by the Texas Water Development Board (TWDB),[3] is less than 70 percent of the total conservation pool capacity during any months or April through October or less than 60 percent of the total conservation pool capacity during any of the months of November through March.
- The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in a Stage 1 drought.
- NTMWD has concern that Lake Texoma, Jim Chapman Lake, the East Fork Water Reuse Project, the Main Stem Pump Station, or some other NTMWD source may be limited in availability in the next six (6) months.
- NTMWD water demand exceeds 95 percent of the amount that can be delivered to customers for three (3) consecutive days.
- Water demand for all or part of NTMWD's delivery system approaches delivery capacity because delivery capacity is inadequate.
- Supply source is interrupted or unavailable due contamination, invasive species, equipment failure or other causes.
- NTMWD's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Part of the system has a shortage in supply or damage to equipment. NTMWD may implement measures for only the portion of the NTMWD system impacted.

Supplier has initiated Stage 1 due to one or more of the following reasons:

- Supplier's water demand exceeds 95 percent of the amount that can be delivered to customers for three consecutive days.
- Supplier's water demand for all or part of the delivery system approaches delivery capacity because delivery capacity is inadequate.
- Supply source becomes contaminated.
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Supplier's individual plan may be implemented if other criteria dictate.

NTMWD has terminated Stage 1, which may be terminated due to one or more of the following:

- The Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the termination of Stage 1.
- The storage level in Lavon Lake, as published by the TWDB, [3] is greater than 75 percent of the total conservation pool capacity during any of the months of April through October or greater than 65 percent of the total conservation pool capacity during any of the months of November through March.
- Other circumstances that caused NTMWD initiation of Stage 1 no longer prevail.

Supplier has terminated Stage 1, which may be terminated due to the cause of the Supplier's initiation of Stage 1 no longer prevail.

Goal for Use Reduction and Actions Available under Stage 1

Stage 1 is intended to raise public awareness of potential drought or water emergency problems. The goal for water use reduction under Stage 1 is a two percent (2%) reduction in the amount of water produced by NTMWD from the previous corresponding annual payment period prior to institution of drought restrictions. **If circumstances warrant, of if required by NTMWD, the City Manager or official designee can set a goal for greater or lesser water use reduction under Stage 1.** The City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary, to achieve a two percent (2%) reduction. Measures described as "requires notification to TCEQ" are those that impose mandatory requirements on customers. The supplier must notify TCEQ and NTMWD within five (5) business days if such mandatory measures are implemented.

- Continue actions established by Water Conservation Plan.
- Notify wholesale customers of actions being taken and request implementation of similar procedures.
- Initiate engineering studies to evaluate alternative water sources and/or alternative delivery mechanisms should conditions worsen.
- Increase public education efforts on ways to reduce water use.
- Halt non-essential city government water use:

  (Examples: street cleaning, vehicle washing, operation of ornamental fountains, etc.)
- Encourage the public to wait until the current drought or emergency situation has passed before establishing New Landscape.
- Encourage all users to reduce the frequency of draining and refilling swimming pools.
- **Requires Notification to TCEQ -** Increase enforcement of the following landscape watering restrictions established by the Water Conservation Plan: (1) limit landscape watering with sprinklers or irrigation systems at each service address to no more than two (2) days per week, on designated days, between April

1 and October 31; and (2) limit landscape watering with sprinklers or irrigation systems at each service address to once every week, on designated days, between November 1 and March 31. Exceptions are as follows:

- An exception is allowed for New Landscape associated with new construction that may be watered as necessary for 30 days from the date of installation of new landscape features.
- An exception for additional watering of landscape may be provided by hand-held hose with shutoff nozzle, and/or use of dedicated irrigation drip zones provided no runoff occurs.
- Foundation (within 2 feet), New Landscape watering, watering of new plantings (first year) of shrubs, and watering of trees (within a ten foot radius of its trunk) may occur by a hand-held hose, a soaker hose, or a dedicated zone using a Drip Irrigation system provided no runoff occurs.
- Restrictions do not apply to locations using treated wastewater effluent for irrigation or the legal use of water pumped from Lake Ray Hubbard as may be regulated by the City of Dallas.

- **Requires Notification to TCEQ -** Initiate a rate surcharge for all water use over a certain level.
- **Requires Notification to TCEQ -** Public athletic fields used for competition may be watered twice per week.
- **Requires Notification to TCEQ -** Prohibit watering of golf courses using treated water, except as needed to keep greens and tee boxes alive.

4.3.2 Stage 2

Initiation and Termination Conditions for Stage 2

The NTMWD has initiated Stage 2, which may be initiated due to one or more of the following:

- The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 2.
- Water demand is projected to approach the limit of NTMWD permitted supply.
- The storage in Lavon Lake, as published by the TWDB,[3] is less than 55 percent of the total conservation pool during any of the months of April through October or less than 45 percent of the total conservation pool capacity during any of the months of November through March.
- The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in a Stage 2 drought.
- NTMWD has concern that Lake Texoma, Jim Chapman Lake, the East Fork Water Reuse Project, the Main Stem Pump Station, or some other NTMWD source may be limited in availability in the next three (3) months.

- NTMWD water demand exceeds 98 percent of the amount that can be delivered to customers for three (3) consecutive days.
- NTMWD water demand for all or part of the delivery system equals delivery capacity because delivery capacity is inadequate.
- NTMWD's supply source is interrupted or unavailable due contamination, invasive species, equipment failure, or other causes.
- NTMWD's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Part of the system has a shortage in supply or damage to equipment. NTMWD may implement measures for only that portion of the system impacted.

Supplier has initiated Stage 2 due to one or more of the following reasons:

- Supplier's water demand exceeds 98 percent of the amount that can be delivered to customers for three (3) consecutive days.
- Supplier's water demand for all or part of the delivery system exceeds delivery capacity because delivery capacity is inadequate.
- Supply source becomes contaminated.
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Supplier's individual plan may be implemented if other criteria dictate.

NTMWD has terminated Stage 2, which may terminate due to one of the following:

- The Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the termination of Stage 2.
- The storage level in Lavon Lake, as published by the TWDB, [3] is greater than 70 percent of the total conservation pool capacity during any of the months of April through October or greater than 60 percent of the total conservation pool capacity during any of the months of November through March.
- Other circumstances that caused NTMWD initiation of Stage 2 no longer prevail.

Supplier has terminated Stage 2, which may be terminated due to the cause of the Supplier's initiation of Stage 2 no longer prevail.

Goal for Use Reduction and Actions Available under Stage 2

The goal for water use reduction under Stage 2 is a reduction of ten percent (10%) in the amount of water obtained from NTMWD from the previous corresponding annual payment period prior to institution of drought restrictions. **If circumstances warrant, of if required by NTMWD, the City Manager or official designee can set a goal for greater or lesser water use reduction.** The City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary, to achieve a two-percent reduction. Measures described as "requires notification to TCEQ" are those that impose mandatory

requirements on customers. The supplier must notify TCEQ and NTMWD within five (5) business days if such mandatory measures are implemented.

- Continue or initiate any actions available under Water Conservation Plan and Stage 1.
- Notify wholesale customers of actions being taken and request them to implement similar procedures.
- Implement viable alternative water supply strategies.
- Further accelerate public education efforts on ways to reduce water use.
- Encourage all users to reduce the frequency of draining and refilling swimming pools.
- **Requires Notification to TCEQ -** Limit landscape watering with sprinklers or irrigation systems at each service address to once per week, on designated days between April 1 and October 31. and (2) limit landscape watering with sprinklers or irrigation systems at each service address to once every week, on designated days, between November 1 and March 31. Exceptions are as follows:
    - An exception is allowed for New Landscape associated with new construction that may be watered as necessary for 30 days from the date of installation of new landscape features.
    - An exception for additional watering of landscape may be provided by hand-held hose with shutoff nozzle, and/or use of dedicated irrigation drip zones provided no runoff occurs.
    - Foundation (within 2 feet), New Landscape Watering, watering of new plantings (first year) of shrubs, and watering of trees (within a ten foot radius of its trunk) may occur by a hand-held hose, a soaker hose, or a dedicated zone using a Drip Irrigation system provided no runoff occurs.
    - Athletic Fields may be watered twice per week.
    - An exemption is allowed for Drip Irrigation system from the designated outdoor water use day limited to no more than one day per week. Drip Irrigation systems are however subject to all other restrictions applicable under this stage.
    - Hand water with shutoff nozzle, drip lines, and Soaker Hoses are allowed before 10 am and after 6 pm, provided no runoff occurs.
    - Restrictions do not apply to locations using treated wastewater effluent for irrigation or the legal use of water pumped from Lake Ray Hubbard as may be regulated by the City of Dallas.
- **Requires Notification to TCEQ -** Prohibit hydro seeding, hydro mulching, and sprigging.
- **Requires Notification to TCEQ -** Initiate a rate surcharge as requested by NTMWD.

- **Requires Notification to TCEQ -** Initiate a rate surcharge for all water used over a certain level.
- **Requires Notification to TCEQ -** Prohibit watering of golf courses using treated water, except as needed to keep greens and tee boxes alive.
- **Requires Notification to TCEQ -** If NTMWD has imposed a reduction in water availability, the City Manager is hereby authorized to initiate allocation of water supplies on a pro rata basis in accordance with Texas Water Code Section 11.039 and according to the following water allocation policies and procedures:

    - A wholesale customer's monthly allocation shall be a percentage of the customer's water usage baseline. The percentage will be set by the City Manager or his/her designee based on the assessment of the severity of the water shortage condition and the need to curtail water diversions and/or deliveries and may be adjusted periodically by the City Manager or his/her designee as conditions warrant. Once pro rata allocations are in effect, water diversions by or deliveries to each wholesale customer shall be limited to the allocation established for each month.

    - A monthly water usage allocation shall be established by the City Manager or his/her designee for each wholesale customer. The wholesale customer's water usage baseline will be computed on the average water usage by month for the past five years. If the wholesale customer's billing history is less than five (5) years, the monthly average for the period for which there is a record shall be used for any monthly period for which no billing history exists.

    - The City Manager or his/her designee shall provide notice, by certified mail, to each wholesale customer informing them of their monthly water usage allocations and shall notify the news media, the Texas Natural Resource Conservation Commission, and the Texas Water Development Board upon initiation of pro rata water allocations.

    - Upon request of the customer, a request for a temporary variance to the pro rata water allocation may be requested.

    - At the initiative of the City Manager or his/her designee, the allocation may be reduced if, (a) the customer agrees to transfer part of its allocation to another wholesale customer, or (2) other objective evidence demonstrates that the designated allocation is inaccurate under present conditions.

    - City wholesale water users will be advised to continue all relevant actions from the previous stages including appropriate public water use restrictions and to implement the next stage of their own individual Retail Water Supplier Resource and Emergency Management Plan.

4.3.2 Stage 3

Initiation and Termination Conditions for Stage 3

The NTMWD has initiated Stage 3, which may be initiated due to one or more of the following:

- The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 3
- Water demand is projected to approach or exceed the limit of the permitted supply.
- The storage in Lavon Lake, as published by the TWDB, [3] is less than 30 percent of the total conservation pool during any of the months of April through October or less than 20 percent of the total conservation pool capacity during any of the months of November through March.
- The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in Stage 3.
- The water supplied from Lake Texoma, Jim Chapman Lake, the East Fork Water Reuse Project, the Main Stem Pump Station, or some other NTMWD water source has become limited in availability.
- NTMWD water demand exceeds the amount that can be delivered to Customers.
- NTMWD water demand for all or part of the delivery system exceeds delivery capacity because delivery capacity is inadequate.
- NTMWD's supply source is interrupted or unavailable due contamination, invasive species, equipment failure, or other causes.
- Part of the system has a shortage in supply or damage to equipment. NTMWD may implement measures for only that portion of the system impacted.

Supplier has initiated Stage 3 due to one or more of the following reasons:

- Supplier's water demand exceeds the amount that can be delivered to customers.
- Supplier's water demand for all or part of the delivery system exceeds delivery capacity because delivery capacity is inadequate.
- Supply source becomes contaminated.
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Supplier's individual plan may be implemented if other criteria dictate.

NTMWD has terminated Stage 3, which may terminate due to one or more of the following:

- The Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the termination of Stage 3.
- The storage level in Lavon Lake, as published by the TWDB, [3] is greater than 55 percent of the total conservation pool capacity during any of the months of April

through October or greater than 45 percent of the total conservation pool capacity during any of the months of November through March.

- Other circumstances that caused NTMWD initiation of Stage 2 no longer prevail.

Supplier has terminated Stage 3, which may be terminated due to the cause of the Supplier's initiation of Stage 3 no longer prevail.

Goals for Use Reduction and Actions Available under Stage 3

The goal for water use reduction under Stage 3 is a reduction of whatever amount is designated by NTMWD in the amount of water obtained from NTMWD from the corresponding previous annual payment period prior to institution of drought restrictions. If circumstances warrant or if required by NTMWD, the City Manager or official designee can set a goal for greater water use reduction.

The City Manager or official designee must implement any action(s) required by NTMWD. In addition, the City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary. Measures described as "requires notification to TCEQ" impose mandatory requirements on customers. The supplier must notify TCEQ and NTMWD within five (5) business days if these measures are implemented:

- Continue or initiate any actions available under Stages 1 and 2.
- Notify wholesale customers of actions being taken and request them to implement similar procedures.
- Implement viable alternative water supply strategies.
- **Requires Notification to TCEQ** – Initiate mandatory water use restrictions as follows:
    - Prohibit hosing and washing of paved areas, buildings, windows or other surfaces is prohibited except by variance and performed by a professional service using high efficiency equipment.
    - Prohibit operation of all ornamental fountains or other amenity impoundments to the extent they use treated water.
- **Requires Notification to TCEQ -** Prohibit hydro seeding, hydro mulching, and sprigging.
- **Requires Notification to TCEQ -** Prohibit the use of potable water for the irrigation of new landscape.
- **Requires Notification to TCEQ -** Prohibit commercial and residential landscape watering, except that foundations and trees may be watered for 2 hours on any day with a hand-held hose, a soaker hose, or a dedicated zone using a drip irrigation system provided no runoff occurs. ET/Smart controllers and drip irrigation systems are not exempt from this requirement.

- **Requires Notification to TCEQ -** Prohibit washing of vehicles except at Commercial Vehicle Wash Facilities, except as necessary for health, sanitation, or safety reasons.
- **Requires Notification to TCEQ -** Prohibit watering of golf courses using treated water, except as needed to keep greens and tee boxes alive.
- **Requires Notification to TCEQ -** Prohibit the permitting of private pools. Pools already permitted may be completed and filled with water. Existing private and public pools may add water to maintain pool levels but may not be drained and refilled.
- **Requires Notification to TCEQ -** Require all commercial water users to reduce water use by a percentage established by the City Manager or official designee.
- **Requires Notification to TCEQ -** Initiate a rate surcharge for all water use over normal rates for all water use.
- **Requires Notification to TCEQ -** If NTMWD has imposed a reduction in water availability, the City Manager is hereby authorized to initiate allocation of water supplies on a pro rata basis in accordance with Texas Water Code Section 11.039 and according to the following water allocation policies and procedures

  In the event that the triggering criteria specified in the Plan for Stage [WA1]3 and Severe Water Shortage Conditions have been met, the City Manager is hereby authorized to initiate allocation of water supplies on a pro rata basis in accordance with Texas Water Code Section 11.039 and according to the following water allocation policies and procedures:

  - A wholesale customer's monthly allocation shall be a percentage of the customer's water usage baseline. The percentage will be set by the City Manager or his/her designee based on the assessment of the severity of the water shortage condition and the need to curtail water diversions and/or deliveries and may be adjusted periodically by the City Manager or his/her designee as conditions warrant. Once pro rata allocations are in effect, water diversions by or deliveries to each wholesale customer shall be limited to the allocation established for each month.
  - A monthly water usage allocation shall be established by the City Manager or his/her designee for each wholesale customer. The wholesale customer's water usage baseline will be computed on the average water usage by month for the past five years. If the wholesale customer's billing history is less than five (5) years, the monthly average for the period for which there is a record shall be used for any monthly period for which no billing history exists.
  - The City Manager or his/her designee shall provide notice, by certified mail, to each wholesale customer informing them of their monthly water usage allocations and shall notify the news media, the Texas Natural Resource

Conservation Commission, and the Texas Water Development Board upon initiation of pro rata water allocations.

- Upon request of the customer, a request for a temporary variance to the pro rata water allocation may be requested.
- At the initiative of the City Manager or his/her designee, the allocation may be reduced if, (a) the customer agrees to transfer part of its allocation to another wholesale customer, or (2) other objective evidence demonstrates that the designated allocation is inaccurate under present conditions.
- City wholesale water users will be advised to continue all relevant actions from the previous stages including appropriate public water use restrictions and to implement the next stage of their own individual Retail Water Supplier Resource and Emergency Management Plan.

4.4 Procedures for Granting Variances to the Plan

The City Manager or official designee may grant temporary variances for existing water uses otherwise prohibited under this Water Resource and Emergency Management Plan if one or more of the following conditions are met:

- Failure to grant such a variance would cause an emergency condition adversely affecting health, sanitation, or fire safety for the public or the person or entity requesting the variance
- Compliance with this plan cannot be accomplished due to technical or other limitations
- Alternative methods that achieve the same level of reduction in water use can be implemented

Variances shall be granted or denied at the discretion of the City Manager or official designee. All petitions for variances should be in writing and should include the following information:

- Name and address of the petitioners
- Purpose of water use
- Specific provisions from which relief is requested
- Detailed statement of the adverse effect of the provision from which relief is requested
- Description of the relief requested
- Period of time for which the variance is sought
- Alternative measures that will be taken to reduce water use
- Other pertinent information

4.5 Procedures for Enforcing Mandatory Water Use Restrictions

Mandatory water use restrictions may be imposed in Stage 1, Stage 2 and Stage 3 through adoption of this Water Resource and Emergency Management Plan by Ordinance of the City of Rockwall.

4.6 Coordination with the Regional Water Planning Group and NTMWD

A copy of this Water Resource and Emergency Management plan will be sent to the Chair of the Region C Water Planning Group and the Chairs of North East Texas Water Planning Group.

4.7 Review and Update of Drought Contingency and Water Emergency Response Plan

As required by TCEQ rules, Member Cities and Customer Cites must review the drought contingency and water emergency response plan every five years. The plan will be updated as appropriate based on new or updated information.

Texas Commission on Environmental Quality Rules on Drought Contingency Plans

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER B	DROUGHT CONTINGENCY PLANS
RULE §288.20	**Drought Contingency Plans for Municipal Uses by Public Water Suppliers**

(a) A drought contingency plan for a retail public water supplier, where applicable, must include the following minimum elements.

(1) Minimum requirements. Drought contingency plans must include the following minimum elements.

(A) Preparation of the plan shall include provisions to actively inform the public and affirmatively provide opportunity for public input. Such acts may include, but are not limited to, having a public meeting at a time and location convenient to the public and providing written notice to the public concerning the proposed plan and meeting.

(B) Provisions shall be made for a program of continuing public education and information regarding the drought contingency plan.

(C) The drought contingency plan must document coordination with the regional water planning groups for the service area of the retail public water supplier to ensure consistency with the appropriate approved regional water plans.

(D) The drought contingency plan must include a description of the information to be monitored by the water supplier, and specific criteria for the initiation and termination of drought response stages, accompanied by an explanation of the rationale or basis for such triggering criteria.

(E) The drought contingency plan must include drought or emergency response stages providing for the implementation of measures in response to at least the following situations:

(i) reduction in available water supply up to a repeat of the drought of record;

(ii) water production or distribution system limitations;

(iii) supply source contamination; or

(iv) system outage due to the failure or damage of major water system components (e.g., pumps).

(F) The drought contingency plan must include the specific, quantified targets for water use reductions to be achieved during periods of water shortage and drought. The entity preparing the plan shall establish the targets. The goals established by the entity under this subparagraph are not enforceable.

(G) The drought contingency plan must include the specific water supply or water demand management measures to be implemented during each stage of the plan including, but not limited to, the following:

(i) curtailment of non-essential water uses; and

(ii) utilization of alternative water sources and/or alternative delivery mechanisms with the prior approval of the executive director as appropriate (e.g., interconnection with another water system, temporary use of a non-municipal water supply, use of reclaimed water for non-potable purposes, etc.).

(H) The drought contingency plan must include the procedures to be followed for the initiation or termination of each drought response stage, including procedures for notification of the public.

(I) The drought contingency plan must include procedures for granting variances to the plan.

(J) The drought contingency plan must include procedures for the enforcement of any mandatory water use restrictions, including specification of penalties (e.g., fines, water rate surcharges, discontinuation of service) for violations of such restrictions.

(2) Privately-owned water utilities. Privately-owned water utilities shall prepare a drought contingency plan in accordance with this section and incorporate such plan into their tariff.

(3) Wholesale water customers. Any water supplier that receives all or a portion of its water supply from another water supplier shall consult with that supplier and shall include in the drought contingency plan appropriate provisions for responding to reductions in that water supply.

(b) A wholesale or retail water supplier shall notify the executive director within five business days of the implementation of any mandatory provisions of the drought contingency plan.

(c) The retail public water supplier shall review and update, as appropriate, the drought contingency plan, at least every five years, based on new or updated information, such as the adoption or revision of the regional water plan.

Source Note: The provisions of this §288.20 adopted to be effective February 21, 1999, 24 TexReg 949; amended to be effective April 27, 2000, 25 TexReg 3544; amended to be effective October 7, 2004, 29 TexReg 9384.

251

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Honorable Mayor and City Council**

CC: **Rick Crowley, City Manager**
Joey Boyd, Assistant City Manager
Mary Smith, Assistant City Manager

FROM: **Andy Hesser, Director of Parks and Recreation**

DATE: **March 27, 2019**

SUBJECT: **HARBOR URBAN BEACH PARK**

Since February 4th Council meeting discussion regarding the Harbor Beach Park, staff would like to provide the following new information and additional detail at Council's request:

- Staff met with Texas Parks and Wildlife Department grant staff to review the Harbor Park's potential for grant funding. The project feedback was positive and may be worth considering an application for the December 1st deadline. The cost for MHS Planning and Design to write our grant application has typically been approximately $13,000 in the past.

- An easement request was sent to Dallas Water Utilities to facilitate the restroom utilities. The request was forwarded to the Dallas Engineering Department. They require complete engineering documents for the park utilities before they can submit it to Dallas City Council. This process takes 6 to 9 months.

- Staff had a conference call with TXDOT to discuss access permits to the adjacent I-30 frontage road improvements. Early indications are positive, but will need additional design details to solidify.

- Staff has had discussions with adjacent property owner to the south regarding granting an emergency/maintenance vehicle and pedestrian access easement. No decision has been reached at this time.

Staff is seeking Council direction regarding the overall concept plan and phasing preference. This guidance would be necessary to complete the above mentioned tasks and can be completed concurrently with park final designs. Final construction documents would be presented to Park Board and Council consideration prior to bidding process.

In your packet is a copy of the previous PowerPoint for reference. In the February 4th meeting, Councilman Hohenshelt asked how many neighborhood parks are partially complete. I have included a copy of a spreadsheet that we use to track neighborhood park projects and planning that should help answer that question. That document will be updated once the new future land use assumptions are adopted, as it impacts the number of dwelling units in each district.

Based on questions heard from the Mayor and Councilwoman Macalik regarding photos of the proposed amenities, those slides have been added for your review. Those photos begin on slide 14 and are of the play structure, umbrella shade, volleyball nets, fitness obstacle course and lawn games. Staff will be available to answer any questions.

Harbor Urban Beach Park

CONCEPT PLAN PROCESS

254

Long Range Planning

Consistent with goals, policy statements and strategies of adopted planning documents:

Hometown 2040 Comprehensive Plan

2010 – 2020 Parks, Recreation and Open Space Master Plan

- ✓ Explore opportunities for public access to waterfront for the purpose of parks, green spaces and/or trails.

255

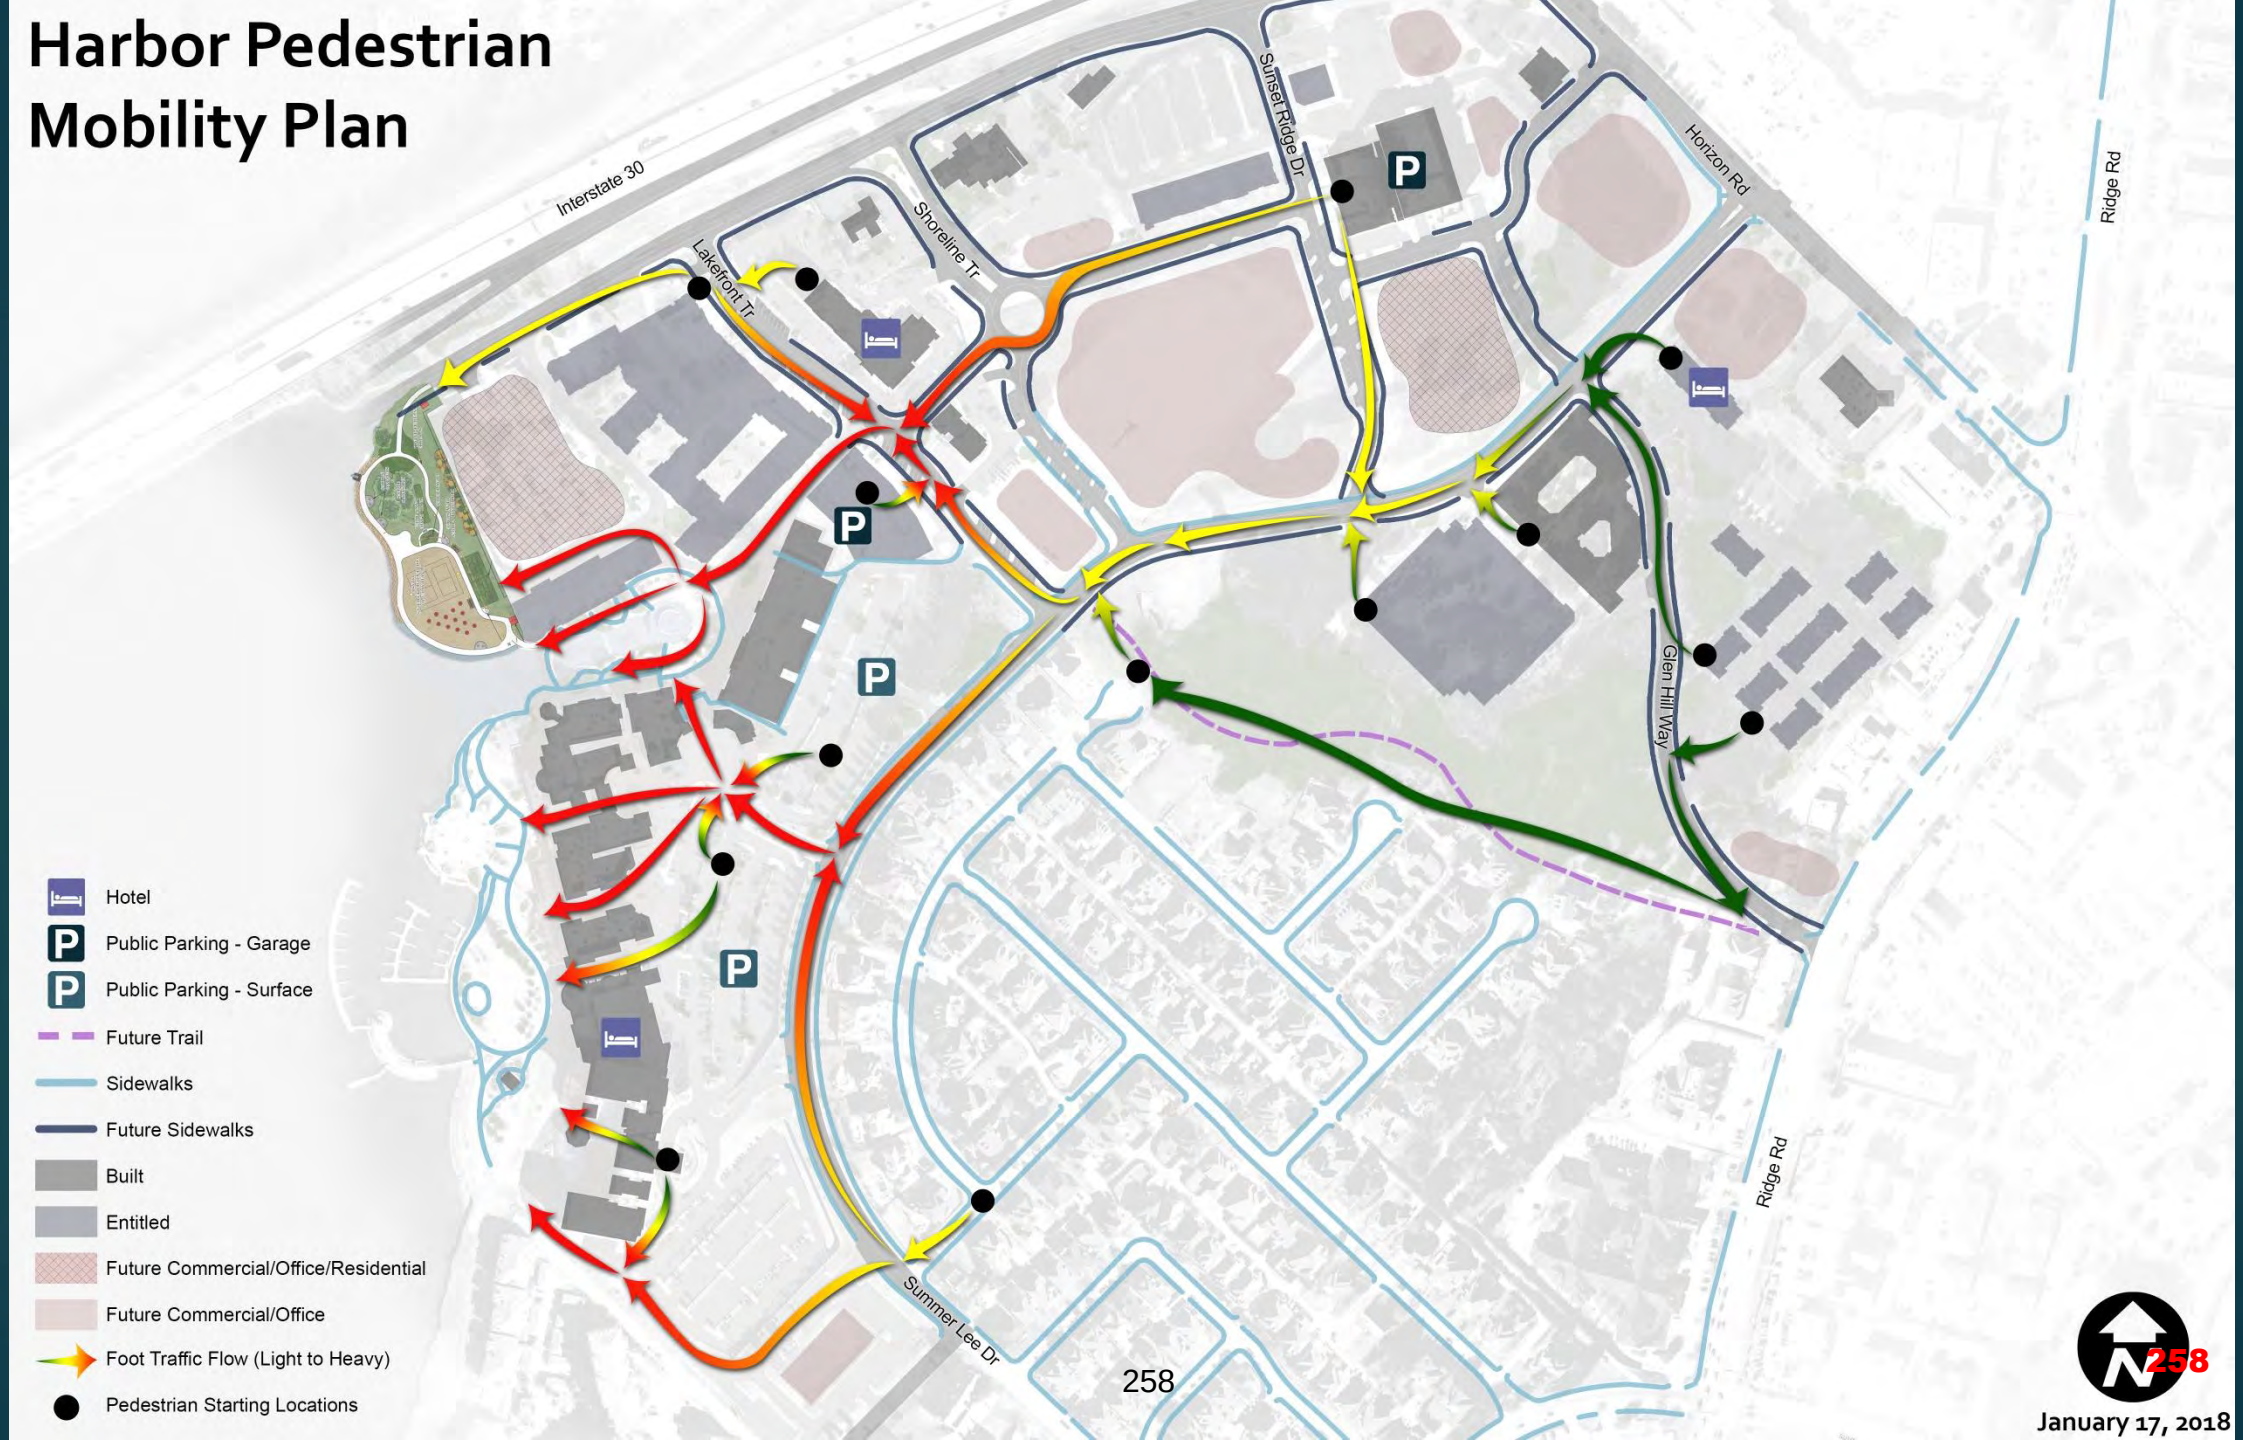
Who are we planning for?

50% Neighborhood

Dwelling Units

- 1161 new dwelling units in PD-32
- Potentially over 2,300 new residents within walking distance (assuming 2 people per unit.)
- Young Professionals
- Empty Nesters

50% Public at-large



- Visitors from local hotels
- Visitors from local families
- Rockwall residents across town

Harbor Pedestrian Mobility Plan

January 17, 2018

Guiding Principles of Rockwall Park Design Philosophy

- Prefer elements that are unique to each neighborhood
- Targeted to the character of the area and residents within it
- Create different senses of place
- Provide the most good for the most people
- Add value to the surrounding properties
- A park within a ½ mile or 10 minute walk
- National and local trends and opportunities

259

A Waterfront Experience is Highly Desirable

- Social spaces
- *Relaxation spaces*
- Activity spaces
- **Boat Watching**
- *Fitness area*

260

Consider Programming Opportunities

- **Volleyball leagues and tournaments.** Sand volleyball not currently in our inventory.
- **Family Fun Friday neighborhood events**: food trucks, music, games, movies, family activities, etc.
- **Bocce ball**: social, family oriented, requested by special needs community.
- **Recreational/Fitness activities**: yoga, boot camps, obstacle course
- **Kayak launch**: instructional classes, tours, and potential rental concession

261

Consider Site Challenges

- Jurisdiction coordination and constraints
  - Dallas Water Utilities
  - TXDOT
- Adjacent properties
  - Existing buildings
  - Future development
- Assuring emergency and maintenance vehicle access
- Restroom site
  - Utility access
  - Easements needed
  - Preserve views

262

Approvals and Coordination

- TXDOT permit for utility and access easement within I-30 frontage ROW. Time frame approx. – 60 days
- Utility easement from Dallas Water Utilities for sewer and water line placement. Time frame approx. 6 to 9 months.
- Meet with Texas Parks and Wildlife Dept. grant department to assess potential eligibility for grant funding.

263

Consider Input

- Security Fence
- Security Lighting
- Maintenance operations and cleanliness
  - Recommend adopting Class A1 category – same as Harbor, Tuttle and downtown. Provides detailed weekly service and daily attention.
- Parking
- Restrooms

264

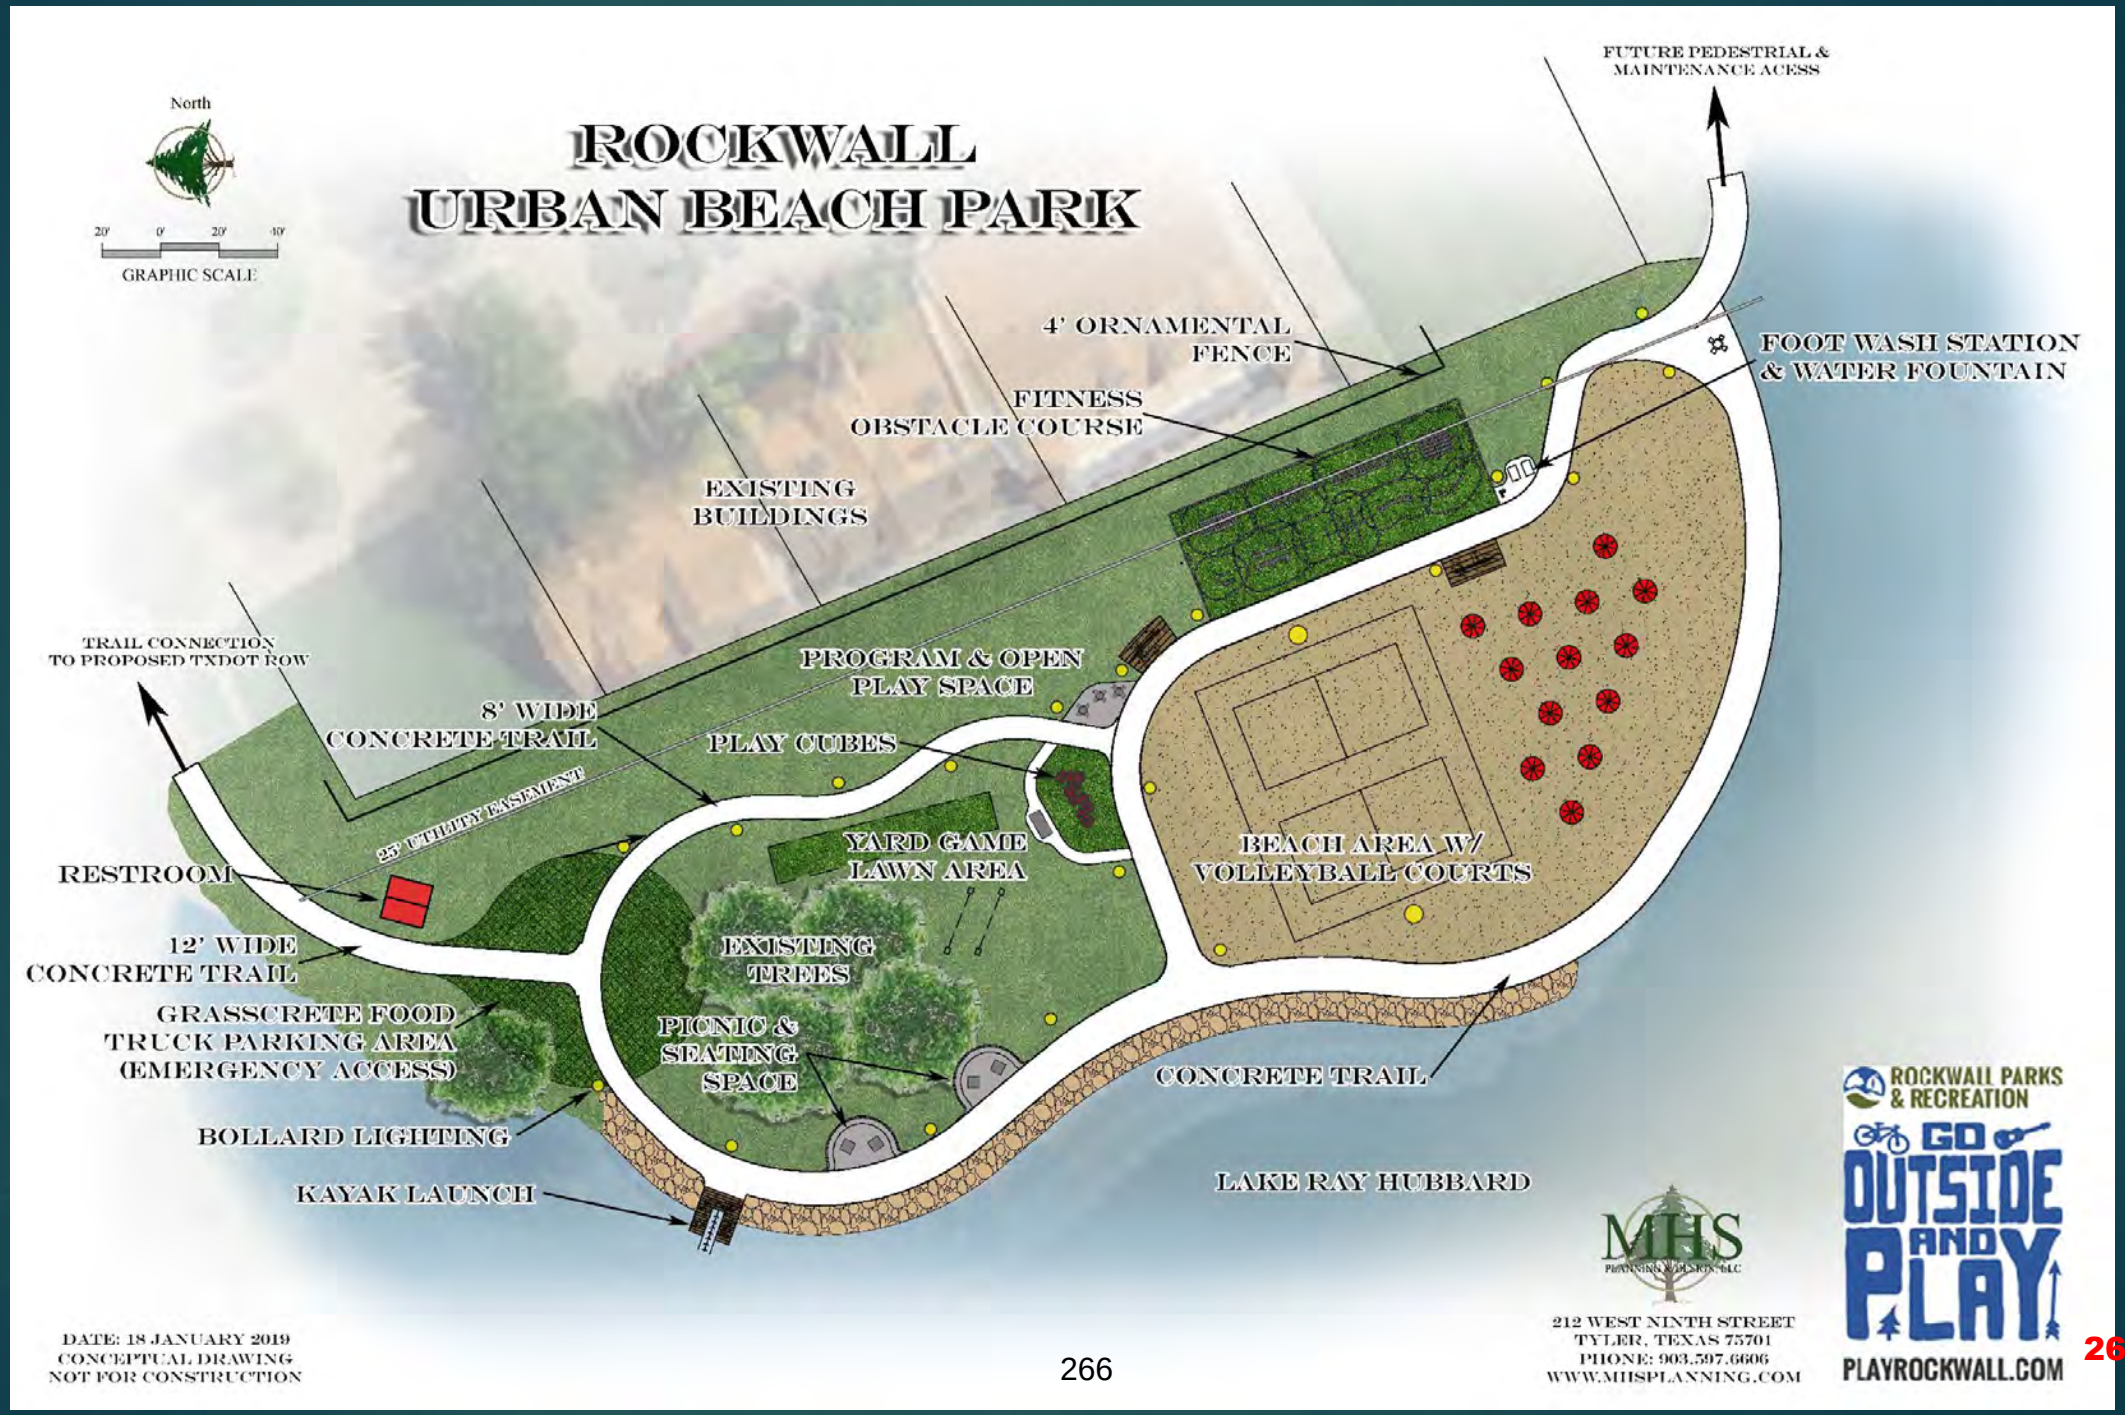
Final Amenity Selection Incorporates:

DEMOGRAPHICS

+ DESIGN PHILOSOPHY

+ WATERFRONT EXPERIENCES

+ PROGRAMMING OPPORTUNITIES



+ SITE CHALLENGES

+ INPUT

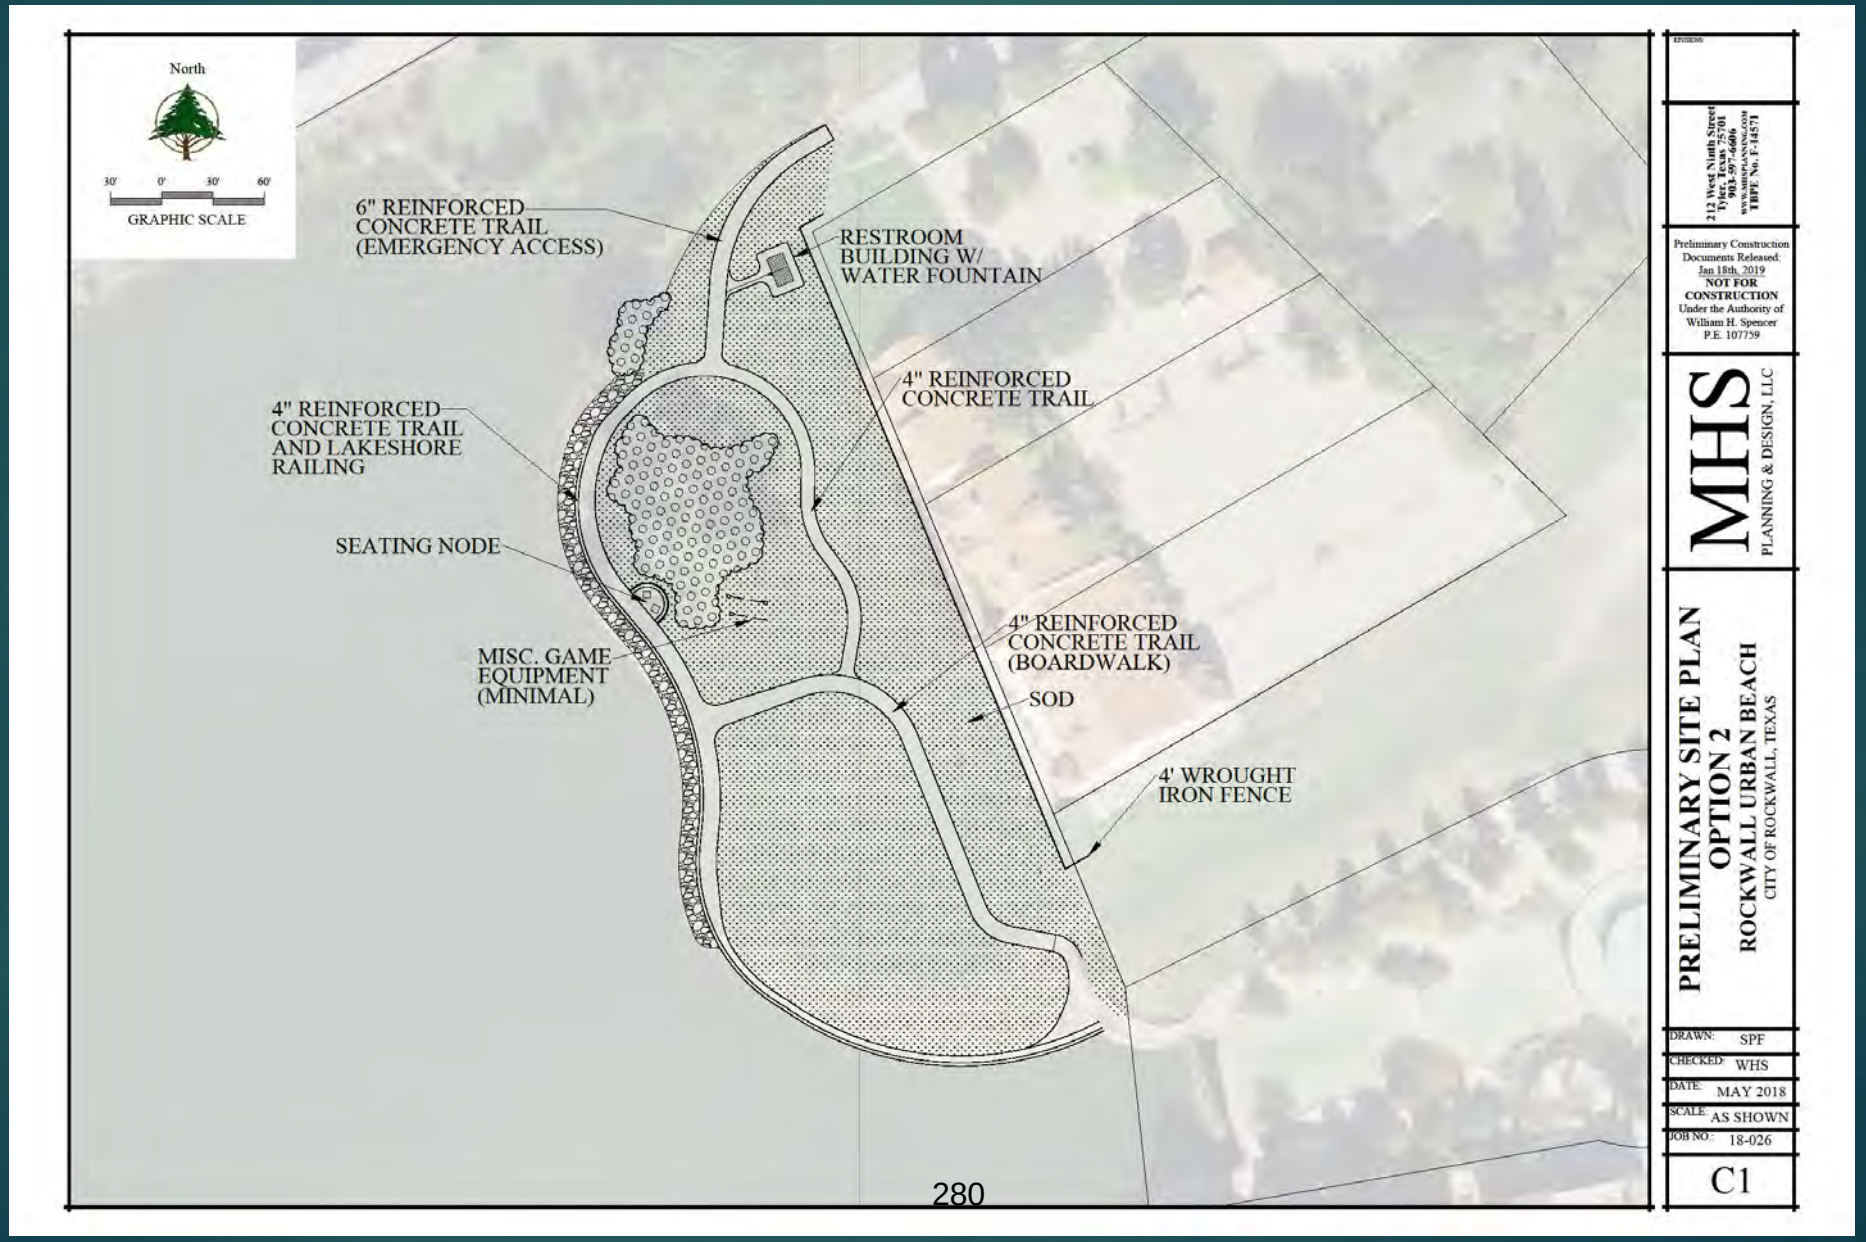
276

Phase One: Option 1

- South trail loop
- Beach area
- Volleyball
- Drinking fountain
- Ornamental fence to separate adjacent properties
- Security lighting
- Two picnic stations
- Add alternate: Restroom, pad and grinder pump: $115,000

277

Opt #1 $482,927 + $115,000 (restroom)



278

Phase One: Option 2

- External loop
- Restroom
- One seating area
- Ornamental fence to separate adjacent properties
- Railing along lake shoreline
- Two park bench stations
- Limited permanent game amenities: bocce ball or game tables

279

Opt #2 $484,010 (includes restroom)

280

Phase One: Option 3

- North loop
- Playground
- Game space: bocce court, game tables, etc.
- Food truck area
- Limited seating and picnic space
- Add alternate: Restroom, pad and utilities: $115,000

281

Opt #3 $484,755 + $115,000 (restroom)

282

Financing Plan Summary
$850,000

Neighborhood Park District Bucket

Funded by District Dwelling Units

- $484,000 in Developer Fees

Public-at-Large Bucket

Funding source of all future phases TBD

- $366,000

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **March 29, 2019**

SUBJECT: **Update regarding Household Hazardous Waste Collection Agreement**

HHW Solutions, representative, Dick Demien has worked with the City Attorney to further develop contract language for their porch pick up HHW service. The attached contract has been developed with the Council's comments from the prior meeting incorporated.

- A definition of porch pick up has been included to replace the prior for curbside definition
- The definition of e-waste has been added with a limitation of 50 pounds per item
- The termination section has been changed to provide for termination if the service does not meet our standards in section 18.
- The term has been left at five-years with enhanced termination language

One clarification from the prior meeting. We do not call out the HHW fee on the city utility bills – it was previously called out individually but a change was made to the bill print specifications a few years ago and we had to combine the HHW fee in with the garbage rate to allow everything to fit on the face of the bill. As it stands all garbage related fees – Republic's charge for service, the HHW fee, and the optional garbage and/or recycling poly cart fees are added together on the face of the bill. So someone who does not rent carts sees a rate of $16.44 and those who rent one cart sees $20.40 and those who rent two carts see $24.36. We have some residents who choose to rent 3 or more carts and their bills are reflective of those amounts in the garbage rate as well.

Again, the fee charged by HHW Solutions will be .99 cents and the city currently collects .70 cents per household. The city has charged this fee in varying amounts since 2001. The funds collected so far this fiscal year toward funding the household hazardous waste collection will allow the City to continue to charge the .70 cent fee until the next garbage rate increase is considered in December.

The contractor will be available to answer any remaining questions as Council further considers this enhanced service offering.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **March 29, 2019**

SUBJECT: **Update regarding Household Hazardous Waste Collection Agreement**

HHW Solutions, representative, Dick Demien has worked with the City Attorney to further develop contract language for their porch pick up HHW service. The attached contract has been developed with the Council's comments from the prior meeting incorporated.

A definition of porch pick up has been included to replace the prior language for curbside pickup
The definition of e-waste has been added
The termination section has been changed to provide for termination if the service does not meet our standards
The term has been left at five-years with the enhanced termination language which allows the City to terminate for service issues.

One clarification from the prior meeting. We do not call out the HHW fee on the city utility bills – it was previously called out individually but a change was made to the bill print specifications a few years ago and we had to combine the HHW fee in with the garbage rate to allow everything to fit on the face of the bill. As it stands all garbage related fees – Republic's charge for service, the HHW fee, and the optional garbage and/or recycling poly cart fees are added together on the face of the bill. So someone who does not rent carts sees a rate of $16.44 and those who rent one cart sees $20.40 and those who rent two carts see $24.36.

Again, the fee charged by HHW Solutions will be .99 cents and the city currently collects .70 cents per household. The city has charged this fee in varying amounts since 2001. The funds collected so far this fiscal year toward funding the household hazardous waste collection will allow the City to continue to charge the .70 cent fee until the next garbage rate increase is considered in December.

NON-EXCLUSIVE AGREEMENT
FOR THE COLLECTION, HAULING, RECYCLING AND DISPOSAL OF
HOUSEHOLD HAZARDOUS WASTE
IN THE CITY OF ROCKWALL, TEXAS

STATE OF TEXAS
COUNTY OF ROCKWALL

THIS **NON-EXCLUSIVE AGREEMENT** (this "Agreement") is made and entered into as of _____, 2019, by and between Doliver Enterprises, LLC., a Texas Corporation, dba HHW Solutions (the "Service Provider"), and the City of Rockwall, Texas (the "City").

WHEREAS, the City, subject to the terms and conditions set forth herein and the ordinances and regulations of the City, desires to grant to the Service Provider the license and privilege to collect, haul and recycle or dispose of Household Hazardous Waste (as such terms are defined herein) within the City's corporate limits; and

WHEREAS, the City Council of the City of Rockwall has determined that this Contract is necessary to preserve and protect the public health of the citizens of the City.

NOW, THEREFORE, in consideration of the premises and the mutual promises, covenants and agreements set forth herein, the Service Provider and the City hereby agree as follows:

SECTION 1. DEFINED TERMS.

The following terms, as used herein, will be defined as follows:

Aggregate - The act of bringing together household hazardous waste that, after being separated from other household waste, is collected from two or more households and accumulated at a collection event, permanent collection center, point of generation pick-up service, mobile collection unit, or transporter's facility for the purpose of reusing, recycling, or disposing the material.

Business Day - Any day that is not a Saturday, a Sunday, or other day on which banks are required or authorized by law to be closed in the City.

Collector - Any person who accepts from two or more households any waste materials that have been separated from other household waste and offered to the collector because the generator either knows or considers the materials to be household hazardous waste.

E-Waste - Computer hardware, TV's, printers, copiers, scanners, faxes, servers, cell phones, corded phones, stereos, DVD players, small household appliances, ink and toner cartridges, and batteries.

Hazardous Waste - Waste identified or listed as a hazardous waste by the administrator of the United States Environmental Protection Agency (EPA) under the federal Solid Waste Disposal Act *as* amended by the Resource Conservation and Recovery Act of 1976, as amended, or so classified by any federal or State of Texas statute, rule, order or regulation.

Holidays - The following days:

(1) New Year's Day (January 1st)
(2) Memorial Day
(3) Independence Day (July 4th)
(4) Labor Day
(5) Thanksgiving Day
(6) Christmas Day (December 25th).

Household Hazardous Waste - Any solid waste generated in a household by a consumer which, except for the exclusion provided in 40 Code of Federal Regulations (CFR) §261.4 (b) (1), would be classified as a hazardous waste under 40 CFR Part 261. The term has the same meaning as "hazardous household waste.

Household Hazardous waste processing, storage or disposal facility - A hazardous waste processing, storage, or disposal facility that has received a United States Environmental Protection Agency (EPA) permit (or a facility with interim status) in accordance with the requirements of 40 Code of Federal Regulations (CFR) Parts 270 and 124, or that has received a permit from a state authorized in accordance with 40 CFR Part 271.

Landfill - Any facility or area of land receiving Municipal Solid Waste or Construction and Demolition Waste and operating under the regulation and authority of the Texas Commission on Environmental Quality (TCEQ) within the State of Texas, or the appropriate governing agency for landfills located outside the State of Texas.

Mobile collection unit - A vehicle (such as a truck or trailer) that is used to aggregate household waste materials delivered by the public prior to transporting the material to a permanent collection center, collection event, or registered hazardous waste transporter facility.

Operator - A person responsible for the collection, aggregation and storage of household hazardous waste and household materials at a collection event or permanent collection center, in a point of generation pick-up service or mobile collection unit, or in any combination of collection programs.

Personnel - All individuals who perform tasks at or oversee the operations of a collection event, permanent collection center, mobile collection unit, or point of generation pick-up service.

Point of generation pick-up service - A service to collect household hazardous waste at generating households through direct contact with the generators or by collection of household hazardous waste left either at curbside or in another location at the household.

Residential Unit - Any residential dwelling that is either a Single-Family Residential Units or a Multi-Family Residential Units such as a duplex. Excluding Multi-family dwellings such as apartments, townhouses, or hi rise units.

Single-Family Residential Unit - A dwelling within the corporate limits of the City occupied by a person or group of persons comprising not more than one family. A residential unit shall be deemed occupied when domestic water or electric services are being supplied thereto, with the exception that an unoccupied home placed on the market for sale shall not be deemed occupied.
.

SECTION 2. OPERATIONS.

A. Scope of Operations. It is expressly understood and agreed that the Service Provider will collect, haul and recycle or dispose of all Household Hazardous Waste (i) generated and accumulated by Residential Units, and (ii) placed for collections by those Residential Units receiving the services of the Service Provider all within the City's corporate limits, including any territories annexed by the City during the term of this Agreement (the Services).

B. Nature of Operations. The City hereby grants to the Service Provider, in accordance with the City's ordinances and regulations governing the collection, hauling and recycling or disposal of Household Hazardous Waste, the title to all Household Hazardous Waste collected, hauled and recycled or disposed of by the Service Provider over, upon, along and across the City's present and future streets, alleys, bridges and public properties. All title to and liability for materials excluded from this Agreement shall remain with the generator of such materials.

C. Safety. Service Provider agrees that all prudent and reasonable safety precautions associated with the performance of work set forth or defined in this Agreement are a part of the Household Hazardous Waste collection and disposal techniques for which the Service Provider is solely responsible. In its execution of the obligations under this Agreement, the Service Provider shall use all proper skills and care, as are typical in the industry, and the Service Provider shall exercise all due and proper precautions to prevent injury to any property or person.

SECTION 3. SINGLE·FAMILY RESIDENTIAL UNIT COLLECTIONS.

A. Single-Family Residential Units. The Service Provider will collect Household Hazardous Waste from Single-Family Residential Units once per week; Items will be collected from the front porch of the home or an area immediately adjacent to the home. i.e. breezeway, at the garage door, driveway. If items are placed at the curb for pickup, Service Provider will collect allowable items and attempt to notify the resident of the preferred collection point.

B. Materials accepted include the following:
- Aerosol products
- Ammunition, explosives or fireworks
- Antifreeze
- Auto fluids
- Ballasts (non-PCB & PCB)
- Batteries - auto, sump, power tool & household sizes
- Blacktop sealer - oil based
- Cleaning products
- Cooking Oil
- Fire Extinguishers

• Fluorescent bulbs (tubes and CFLs)
• Gasoline & oil/gas mixtures
• HID (headlight bulbs)
• Hobby & photo chemicals
• Lawn chemicals
• Mercury containing Devices (thermostats, etc.)
• Motor oil
• Oxygen tanks
• Paint (Oil-based paints, stains, varnishes; and Latex Paint)
• Pharmaceuticals/medications
• Pool chemicals 160 3
• Propane tanks • Resins, Glues, Adhesives
• Smoke Detectors
• Solvents
• E-Waste

Items not accepted include the following:
• Acetylene cylinders
• Biological or medical waste
• Business generated waste
• Foam cylinders (Part A/Part B)
• MAPP gases
• Radioactive Material
• Syringes/needles
• Farm machinery oil

Item limits per collection per month:
• Fluorescent light bulbs: Minimum 1, Maximum 8
• Used motor oils or antifreeze: Minimum 1 gallon, Maximum 2 gallons
• Paints and supplies; Pool & Household Chemicals: Minimum 1 gallons, Maximum 4 gallons
• Household Cleaners; Pesticides & Fertilizers: Minimum 1 items, Maximum 8 items
• Household Batteries: Minimum 1; Maximum 20
• E-Waste: Minimum 1; Maximum 3, no more than 50 pounds per item

Year Round Scrap Tire Container
• Container to be placed at City facility
• Tires only, wheels and rims must be removed
• Annual maximum of 1000 tires

Two Paper Shredding Events per Year
• Each event consists of two shred trucks
• Events last four hours or until trucks are full
• Event to occur at a City facility

SECTION 4. RATES AND FEES.

Subject to adjustment, as provided in Section *5* hereof, the rates and fees to be charged and received by the Service Provider are as follows:

A. Single-Family Residential Unit Services. For the Services provided to Single-Family Residential Units under Section 4.A. hereof, the Service Provider shall charge:

1. $0.99 per month for each Single-Family Residential Unit.

These rates apply to all Single Family Residential Units that are located within the City's corporate limits and billed by the City for water and sewer services.

SECTION 5. RATE ADJUSTMENT.

A. CPI-U Adjustment. Rate adjustment shall be considered by the City to be effective January 1st of the contract year following the first full year of the initial contract. On January 1st of this Agreement, the Service Provider shall have the right, and upon giving 60 days prior written notice to the City, to increase or decrease the rates set forth in Section 4 hereof (the "Initial Rates") in accordance with the CPI-U. As used herein, "CPI-U" shall mean the revised Consumer Price Index rate for all urban consumers (all items included) for the nearest available metropolitan area, based on the latest available figures from the Department of Labor's Bureau of Labor Statistics (the "Bureau"). The CPI-U used will be the CPI-U published by the Bureau during the month ninety (90) days preceding the adjustment under this Section 5A. The amount of the increase or decrease under this Section 5A shall be equal to the percentage that the CPI-U has increased or decreased over the previous twelve (12) month period.

SECTION 6. EXCLUSIONS.

Notwithstanding anything to the contrary contained herein, this Agreement shall not cover the collection, hauling, recycling or disposal of any Non-Hazardous Solid Waste, animal or human, dead animals, auto parts or used tires from any Residential Unit.

SECTION 7. TERM OF AGREEMENT.

The term of this Agreement will be for **five (5) years** from the date services commence subject to performance by the Service Provider per termination language in Section 18. The commencement date of this contract shall be **June 1, 2019.** Service Provider agrees and understands that City is a governmental entity and it has projected costs for this Agreement and City expects to pay all obligations of this Agreement, but all obligations of the City are subject to annual appropriation by the Rockwall City Council in future years. At the expiration of the term of this Agreement, the Agreement may be renewed with mutually agreed upon terms of both parties.

SECTION 8. ASSIGNMENT.

This Agreement shall not be assignable or otherwise transferable by the Service Provider without the prior written consent of the City; provided however that the Service Provider may assign this Agreement to any direct or indirect affiliate or subsidiary of the Service Provider or to any person or entity succeeding to all or substantially all of the Service Provider's assets (whether by operation of law, merger, consolidation or otherwise) without the City's consent.

SECTION *9.* PROCESSING, BILLING AND FEES.

A. Billings for Single-Family Residential Unit Services. On a monthly basis, the City agrees to bill and collect the rates and fees charged under Section 4A. hereto from all Single-Family Residential Units possessing active water meters within the City's corporate limits,

as well as from all other Single-Family Residential Units requiring the collection, hauling, recycling and disposal of Household Hazardous Waste within the City's corporate limits (the Residential Billing) plus any applicable sales, use or services taxes assessed or payable in connection with the Services provided hereunder.

B. Taxes. The City will be responsible to collect any applicable sales taxes that result in the execution of this contract.

SECTION 10. HOURS OF SERVICE.

For all the Services provided hereunder, the Service Provider's hours of service shall be between 8:00 a.m. to 6:00 p.m., Monday through Friday. The Service Provider will not be required to provide service on weekends or Holidays except during natural disasters or emergencies, and may, at its sole discretion, observe Holidays during the term of this Agreement; provided however, that the Service Provider shall provide such services on the immediately following business day. Collection will occur on the same day of the week throughout the year unless Service is affected by Holiday then Service Provider must designate an alternate day of that week.

SECTION 11. CUSTOMER SERVICE.

The Service Provider agrees to field all inquiries from Residential Units relating to the collection, hauling, recycling and disposal of Household Hazardous Waste. The Service Provider and the City agree to cooperate with each other in the response to any such inquiries and the resolution of any such complaints. Service Provider shall provide means for residents to call or use the Service Provider's portal to self-schedule a pick up for HHW and/or E-Waste items.

SECTION 12. COMPLIANCE WITH APPLICABLE LAWS.

The Service Provider shall comply with all applicable federal and state laws regarding the collection, hauling, recycling and disposal of Household Hazardous Waste, including existing and future laws that may be enacted, as well as any regulations reasonably passed by the City that are not in derogation of this Agreement. Nothing in this Agreement shall be construed in any manner to abridge the City's right to pass or enforce necessary police and health regulations for the reasonable protection of its inhabitants. The City shall have the right to make reasonable inspections of the Service Provider in order to insure compliance with this Section 12.

SECTION 13. DUE CARE.

The Service Provider shall exercise due care and caution in providing the Services so that the City's public and private property, including streets and parking areas, will be protected and preserved.

SECTION 14. PERSONNEL AND PERFORANCE STANDARDS.

The Service Provider shall not deny employment to any person on the basis of race, creed or religion, and will insure that all federal and state laws pertaining to salaries, wages and operating requirements are met or exceeded. The Service Provider, its agents, servants and employees shall perform the Services in a courteous, competent and professional manner. During the term of this Agreement and any extension thereof: the Service Provider shall be responsible for the actions of its agents, servants and employees while such agents, servants and employees are acting within the scope of their employment or agency.

SECTION 15. INSURANCE COVERAGE AND BONDS.

Pursuant to this Agreement, the Service Provider shall carry the following types of insurance in an amount equal to or exceeding the limits specified below:

Coverages:
(1) Worker's Compensation
(2) Employer1s Liability
(3) Commercial General Liability

Limits of Liability
Statutory
$1,000,000
$1,000,000 per occurrence,
$2,000,000 in the aggregate,

(4) Automobile Liability
Combined single limit for Bodily Injury and Property Damage Liability
$1,000,000 per occurrence combined single limit for Bodily Injury and Property Damage Liability

The City shall be named as an additional insured on all the above coverages with the exception of workers compensation insurance. To the extent permitted by law, any or all of the insurance coverage required by this Section 15 may be provided under a plan(s) of self-insurance, including coverage provided by the Service Provider's parent corporation. Upon the City's request, the Service Provider shall furnish the City with a certificate of insurance verifying the insurance coverage required by this Section 15.

SECURITY FOR FAITHFUL PERFORMANCE

Service Provider will be required to furnish a performance bond as security for the faithful performance of this Contract. Said performance bond must be in an amount equal to One Hundred and Fifty Thousand Dollars ($150,000) for the contract term. The Service Provider shall pay bond premium as described. A certificate from the surety showing that the bond premiums are paid in full shall accompany the bond. Such certificate shall be submitted to the City with the bond on an annual basis. The surety on the bond shall be a duly authorized corporate surety authorized to do business in the State of Texas and such bond shall be in effect for the initial contract term and any approved options.

SECTION 16. INDEMNITY.

To the extent covered by applicable insurance, the Service Provider SHALL FULLY INDEMNIFY AND HOLD HARMLESS THE CITY AND ITS ELECTED OFFICIALS, EMPLOYEES, OFFICERS, DIRECTORS, AGENTS, AND SERVANTS, INDIVIDUALLY OR COLLECTIVELY, FROM AND AGAINST ANY AND ALL COSTS, CLAIMS, LIENS, DAMAGES, LOSSES, EXPENSES, FEES, FINES, PENALTIES, PROCEEDINGS, ACTIONS, CAUSES OF ACTION, LIABILITIES, AND SUITS OF ANY KIND AND NATURE, INCLUDING, BUT NOT LIMITED TO, PERSONAL OR BODILY INJURY OR DEATH AND PROPERTY DAMAGE MADE UPON THE CITY DIRECTLY OR INDIRECTLY ARISING OUT OF, RESULTING FROM, OR RELATED TO THE SERVICE PROVIDER'S ACTIVITIES UNDER THIS CONTRACT, INCLUDING ANY ACTS OR OMISSIONS OF THE SERVICE PROVIDER, ANY AGENT,

OFFICER, DIRECTOR, REPRESENTATIVE, EMPLOYEE, CONSULTANT, OR SUBSERVICE PROVIDER OF THE SERVICE PROVIDER, AND THEIR RESPECTIVE OFFICERS, AGENTS, EMPLOYEES, DIRECTORS, AND REPRESENTATIVES WHILE IN THE EXERCISE OR PERFORMANCE OF THE RIGHTS AND DUTIES UNDER THIS CONTRACT, ALL WITHOUT, HOWEVER, WAIVING GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER STATE LAW AND WITHOUT WAIVING ANY DEFENSE OF THE PARTIES UNDER STATE LAW. THE PROVISIONS OF THIS INDEMNITY ARE SOLELY FOR THE BENEFIT OF THE PARTIES HERETO AND NOT INTENDED TO CREATE OR GRANT ANY RIGHTS, CONTRACTED OR OTHERWISE, TO ANY PERSON OR ENTITY. SERVICE PROVIDER SHALL PROMPTLY ADVISE THE CITY IN WRITING OF ANY CLAIM OR DEMAND AGAINST THE CITY OR THE SERVICE PROVIDER KNOWN TO THE SERVICE PROVIDER RELATED TO OR ARISING OUT OF THE SERVICE PROVIDER'S ACTIVITIES UNDER THIS CONTRACT AND SHALL SEE TO THE INVESTIGATION AND DEFENSE OF SUCH CLAIM OR DEMAND AT THE SERVICE PROVIDER'S COST. THE CITY SHALL HAVE THE RIGHT, AT ITS OPTION AND AT ITS OWN EXPENSE, TO PARTICIPATE IN SUCH DEFENSE WITHOUT RELIEVING THE SERVICE PROVIDER OF ANY OF ITS OBLIGATIONS UNDER THIS CONTRACT OR PARAGRAPH. SERVICE PROVIDER ASSUMES THE RESPONSIBILITY AND LIABILITY AND HEREBY AGREES TO INDEMNIFY THE CITY FROM ANY LIABILITY CAUSED BY THE SERVICE PROVIDER'S FAILURE TO COMPLY WITH APPLICABLE FEDERAL, STATE, OR LOCAL LAWS, REGULATIONS, AND INDUSTRY STANDARDS. SERVICE PROVIDER ASSUMES THE RESPONSIBILITY AND LIABILITY AND HEREBY AGREES TO INDEMNIFY THE CITY FROM ANY LIABILITY CAUSED BY THE SERVICE PROVIDER'S FAILURE TO COMPLY WITH APPLICABLE FEDERAL, STATE, OR LOCAL LAWS, REGULATIONS, AND INDUSTRY STANDARDS. THE INDEMNIFICATION APPLIES ONLY TO SERVICE PROVIDER'S ACTIONS AND IN NOT INTENEDED TO INDEMNIFY ANY ACTS BY THE CITY, INCLUDING ANY ACTS OR OMISSIONS OF THE CITY, ANY AGENT, OFFICER OR EMPLOYEE OF THE CITY. .

SECTION 17. SAVINGS PROVISION.

In the event that any term or provision of this Agreement shall be determined by a court of competent jurisdiction to be invalid or unenforceable, this Agreement shall, to the extent reasonably possible, remain in force as to the balance of its terms and provisions as if such invalid term or provision were not a part hereof.

SECTION 18. TERMINATION.

A. Any failure by either party or its successors and assigns to observe the terms and conditions of this Agreement shall, if continuing or persisting without remedy for more than thirty (30) days after the receipt of due written notice from the other party, constitute grounds for forfeiture and immediate termination of all the defaulting party's rights under this Agreement, and all such rights shall become null and void.

B. The City reserves the right to declare this Agreement forfeited and to terminate the same and all rights and privileges of the Service Provider hereunder in the event of a material breach of the terms, covenants, or conditions herein set forth. A material breach by the Service Provider shall include, but not be limited to, the following:

    i. Failure of the Service Provider to provide, as solely determined by the City, the services provided for in this Agreement within ten (10) business days of the receipt of a written demand for performance by the City;

ii. Failure of the Service Provider to repair or replace defective equipment, goods, or products within thirty (30) calendar days of receipt of written demand for performance by the City;

iii. Failure of the Service Provider to repair or replace defective equipment, goods, or products within thirty (30) calendar days of receipt of written demand for performance by the City;

iv. Conviction of any director, officer, employee, or agent of the Service Provider any felony or misdemeanor of moral turpitude; and

v. The revocation or denial of solid waste collection and disposal permit(s) through Federal and State Laws and regulations which would prohibit or interfere with the ability to fulfill the requirements of this Agreement.

SECTION 19. FORCE MAJEURE.

The performance of this Agreement may be suspended and the obligations hereunder excused in the event and during the period that such performance is prevented by a cause or causes beyond reasonable control of such party. The performance of this Agreement will be suspended and the obligations hereunder excused only until the condition preventing performance is remedied. Such conditions shall include but not be limited to, *acts of God, acts of war, accident, explosion, fire, flood, riot, sabotage, acts of terrorists, unusually severe weather, lack of adequate fuel or judicial or governmental laws or regulations.*

SECTION 20. GOVERNING LAW.

This Agreement shall be governed in all respects including as to validity, interpretation and effect, by the internal laws of the State of Texas, without giving effect to the conflict of laws rules thereof. The parties hereby irrevocably submit to the jurisdiction of the courts of the State of Texas and the Federal courts of the United States located in the State of Texas, solely in respect of the interpretation and enforcement of the provisions of this Agreement, and hereby waive, and agree not to assert as a defense in any action. suit or proceeding for the interpretation or enforcement hereof: that it is not subject thereto or that such action suit or proceeding may not be brought or is not maintainable in said courts or that the venue thereof may not be appropriate or that this Agreement may be enforced in or by said courts, and the parties hereto irrevocably agree that all claims with respect to such action or proceeding shall be heard and determined in such a Texas State or Federal court. The parties hereby consent to and grant any such court jurisdiction over the person of such parties and over the subject matter of any such dispute and agree that mailing of process or other papers in connection with any such action or proceeding to the addresses of the parties listed below, or in such other manner as may be permitted by law, shall be valid and sufficient service thereof.

SECTION 21. NOTICES.

Any notices required or permitted to be delivered hereunder shall be in writing and shall be deemed to be delivered when deposited in the United States mail, postage prepaid- certified mail, return receipt requested, addressed to the respective party at the address set forth below.

If to the City:
City of Rockwall
385 S. Goliad Street
Rockwall, Texas 75087
Attn: City Manager

If to the Service Provider:
HHW Solutions
1240 Coastal
Rockwall, Texas 75087
Attn: Dick Demien

With a Copy *to:*
HHW Solutions
4090 Hackberry Cir
Caddo Mills, Texas 75135
Attn: Tim Oliver

or such other addresses as the parties may hereafter specify by written notice and delivered in accordance herewith.

SECTION 22. ATTORNEYS' FEES.

The prevailing party in any dispute between the parties arising out of the interpretation, application or enforcement of any provision hereof shall be entitled to recover all of its reasonable attorneys' fees and costs whether suit be filed or not including without limitation costs and attorneys' fees related to or arising out of any trial or appellate proceedings.

SECTION 23. MEDIATION

If a dispute arises out of or relates to this Agreement or the breach thereof, the Parties shall first in good faith seek to resolve the dispute through negotiation between the upper management of each respective Party. If such dispute cannot be settled through negotiation, the Parties agree to try in good faith to settle the dispute by mediation under the Commercial Mediation Rules of the American Arbitration Association, Dallas, Texas, before resorting to litigation, or some other dispute resolution procedure; provided that a Party may not invoke mediation unless it has provided the other Party with written notice of the dispute and has attempted in good faith to resolve such dispute through negotiation. Notwithstanding the foregoing, any Party may seek immediate equitable relief, without attempting to settle a dispute through mediation, in any case where such Party is entitled to equitable relief by law, the terms of the Agreement, or otherwise. All costs of negotiation, mediation, and arbitration collectively known as alternate dispute resolution ("ADR") shall be assessed equally between the City and Service Provider with each party bearing their own costs for attorneys' fees, experts, and other costs of ADR and any ensuing litigation.

SECTION 24. AMENDMENTS

It is understood by the parties that this Agreement constitutes the entire agreement between the parties. It is hereby understood and agreed by the parties to this Agreement t that no alterations or variations to the terms of this Agreement, including all addendums hereto, shall be effective unless made in writing, approved and signed by both parties.

SECTION 25. ACCEPTANCE.

PASSED AND APPROVED BY THE CITY OF ROCKWALL COUNCIL MEETING AT A TIME AND PLACE IN COMPLETE CONFORMITY WITH THE OPEN LAWS OF THE STATE OF TEXAS AND ALL OTHER APPLICABLE LAWS THIS DAY OF _____, 2019.

City of Rockwall

The New Horizon

MEMORANDUM

TO: **City Council**

FROM: **Joey Boyd, Assistant City Manager**

DATE: **March 28, 2019**

SUBJECT: **Shores Blvd Crosswalk Study**

The City was contacted concerning the safety of residents crossing Shores Blvd from adjacent neighborhoods to use Shores Park. The Rockwall Police Department was asked to make an assessment for placement of a crosswalk along this section of the roadway. Attached for the City Council's review and consideration is a report prepared by Captain Edward Fowler. Captain Fowler will be at the meeting to answer any questions you may have related to the study and findings.

The cost for two crosswalks is estimated to be $34,000. Funds are budgeted in the Street Department operating budget if the City Council decides to proceed with installation of crosswalks.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Kirk H. Riggs, Chief of Police**

FROM: **Edward Fowler, Support Services Captain**

DATE: **November 12, 2018**

SUBJECT: **Shores Park Crosswalk Recommendation**

After receiving a request to assess the practicality of a crosswalk at or near the Shores Park, three separate areas were evaluated to determine what would be applicable: Texas Traffic Law and City Ordinances, Expected Customer Service and Citizen Expectations were used to establish a clear perspective of what would be functional, practical and meets the needs of our citizens.

I consulted with Amy Williams from Engineering and Traffic Sergeant Aaron McGrew to review the Traffic Survey Summary and it was our opinion that a single crosswalk positioned at Glencoe Drive was not a practical option. Sgt. McGrew and I spent approximately one hour at the location evaluating line of sight (LOS) distances and field of view (FOV) for both drivers and pedestrians. We began by observing the flow of traffic and pedestrians around the area to obtain a true understanding of what was transpiring on the roadway. The parking spaces in front of the park were full due to activities in the park and several times pedestrians stepped from between parked vehicles and into the roadway without any type of warning, which raised a genuine concern.

The testing was conducted in a controlled manner with Sgt. McGrew standing at specific points along the roadway while I drove a controlled speed of 20 miles per hour. When I observed Sgt. McGrew I would immediately stop and he would verify the LOS through the use of a laser. The distances for a driver's LOS were taken from the Desert Falls Lane and Whitney Bay and were from both the North and South directions. The ultimate goal was to determine the greatest LOS from an intersection that would allow a driver to safely react to a pedestrian (**Table 1.1**).

Line of Sight Analysis – Shores Park

Location	S/B Sight Distance	N/B Sight Distance
Shores and Desert Falls	382 Feet	314 Feet
Shores and Whitney Bay (W Side of Roadway)	539 Feet	398 Feet
Shores and Whitney Bay (E Side of Roadway)	578 Feet	352 Feet
Shores and Glencoe (E Side of Roadway)	396 Feet	216 Feet

Table 1.1

The line of sight testing did not take into account numerous factors that are present in every day driving conditions. These include commonly accepted activities such as manipulating a cell phone, eating or drinking, reading a map or bill of laden, addressing needs of children inside the vehicle, speeding, etc. In addition, there are numerous conditions outside of the driver's control that can increase their overall time to perceive and react, which must be considered. These can be environmental such as weather, lighting, curvature or slope of the roadway, line of sight obstructions (trees, bushes, etc.), medical conditions, type and weight of vehicle (passenger car, tractor-trailer) or other unforeseen conditions. All these factors can greatly increase the overall stopping distance(s) for a motor vehicle.

In addition, activities and environmental factors that we must take into account is the size of a pedestrian that a driver might encounter. The visual acuity of smaller objects traditionally increases the perception and reaction time of a driver and thus increase the overall stopping distance of a vehicle. A child that is 13 years of age will be approximately 5 feet and 1 inch, which is smaller than an average adult. Utilizing this age and height range the overall visual reference point of a child entering the roadway would not increase resulting in a greater potential for a collision. This should also hold true for younger children who would also be smaller in stature (**Table 1.2**).

Median Height Child 13 Years of Age[1]

Gender	Age	Median Height in Centimeters	Median Height Feet and Inches
Female	13	156.4	5 Feet 1.557 Inches
Male	13	156.0	5 Feet 1.416 Inches

Table 1.2

[1]***Source: World Health Organization*** *https://www.who.int/growthref/who2007_height_for_age/en/*

The key component on where to place a crosswalk is to ensure that a driver can visually see and identify a pedestrian entering the roadway and then to appropriately react. A vehicle traveling at or above the speed limit with a simple distraction can increase the overall time to perceive and react in a dramatic manner. An average driver traveling 35 miles per hour with a 3 second distraction in the vehicle will travel approximately 153.93 feet before perceiving and reacting to an object. Once they begin to break and finally stop they will have traveled an additional 74.82 feet for a total stopping distance of 228.75 feet (**Table 1.3**). When reflecting on these stopping distances it becomes clear that the goal is to place the crosswalk in a location that increases or maximizes a driver's LOS to ensure both pedestrian and driver safety, especially when considering that additional factors can increase a vehicle's overall stopping distance.

Average Driver Perception and Reaction Times

Perception and Reaction Time of 1.5 Seconds						
Speed	**30 mph**	**35 mph**	**40 mph**	**45 mph**	**50 mph**	**55 mph**
Feet Per Second[1]	43.98	51.31	58.64	65.97	73.3	80.63
Reaction Distance[2]	65.97'	76.97'	87.96'	98.96'	109.95'	120.95'
Distance to Stop[3]	54.98'	74.83'	97.73'	123.69'	152.71'	184.78'
Total Distance to Stop	**120.95'**	**151.8'**	**185.69'**	**222.65'**	**262.66**	**305.73'**

Perception and Reaction Time of 3 Seconds						
Speed	**30 mph**	**35 mph**	**40 mph**	**45 mph**	**50 mph**	**55 mph**
Feet Per Second[2]	43.98	51.31	58.64	65.97	73.3	80.63
Reaction Distance[2]	131.94'	153.93'	175.92'	197.91'	219.90'	241.89'
Distance to Stop[3]	54.98'	74.83'	97.73'	123.69'	152.71'	184.78'
Total Distance to Stop	**186.92'**	**228.76'**	**273.65'**	**321.6**	**372.61**	**426.67**

Perception and Reaction Time of 5 Seconds						
Speed	**30 mph**	**35 mph**	**40 mph**	**45 mph**	**50 mph**	**55 mph**
Feet Per Second[2]	43.98	51.31	58.64	65.97	73.3	80.63
Reaction Distance[2]	219.90'	256.55'	293.20'	329.85'	366.5'	403.15'
Distance to Stop[3]	54.98	74.83	97.73'	123.69'	152.71'	184.78'
Total Distance to Stop	**274.88'**	**331.38'**	**390.93'**	**453.54'**	**519.21'**	**587.93'**

Table1.3

[1] Conversion from Miles Per Hours (MPH) to Feet Per Second (FPS) is 1.466 x MPH=FPS
[2] Perception and Reaction Times are based upon national traffic safety standards.
[3] Stopping distance is based upon a coefficient of friction of 0.80 on dry concrete without slope, angle or consideration for type of vehicle.

Applicable Law

Applicable state law was considered, specifically the Texas Transportation Code (TTC) 545.302 (Stopping, Standing, or Parking in Prohibited in Certain Places), and stated that a vehicle may not be parked within 20 feet of a crosswalk located at an intersection. This would require the elimination of a minimum of 4 parking spaces if the crosswalk were placed at the intersection of Glencoe and Shores Blvd. This would not take into consideration the need for additional parking spaces to be removed to ensure a proper line of sight for the drivers of approaching motor vehicles.

The distance from the north side of Desert Falls and Shores Blvd to the front of the first parking space was approximately 55 feet and from Whitney Bay and Shores Blvd to the first parking space was approximately 22 feet. If a crosswalk were placed at the Desert Falls intersection there would not be a legal requirement to remove any parking spaces. However, at the Whitney Bay intersection a minimum of 5 spaces would need to be removed to meet the legal guideline of TTC 545.302 and to ensure an appropriate line of sight for drivers traveling north on Shores Blvd. A crosswalk placed at Glencoe and Shores Blvd would require a minimum of 7 parking spaces to provide an appropriate line of sight and comply with state law.

Conclusion

The ultimate objective is to position a crosswalk in a location that will allow drivers the greatest opportunity to locate and react to a pedestrian in the roadway. Unfortunately, the placement of a crosswalk at the intersection of Glencoe and Shore Blvd will not provide the same reactionary gap as crosswalks placed at the intersections of Shores Blvd and Desert Falls and Shores Blvd and Whitney Bay (**Table 1.1**). The reasoning is simplistic in that the curvature of the roadway, visual obstructions (trees, bushes and fencing) and parked motor vehicles do not afford a proper line of sight for drivers. This is exacerbated when internal and external factors are added into the driving equation which can increase perception and reaction time and ultimately stopping distance to avoid a collision. In addition, as stated before a minimum of 7 parking spaces and possibly more would have to be eliminated to meet state law and provide a proper line of sight.

The more viable option is the placement of the crosswalks at the intersections of Shores Blvd and Desert Falls and Shores Blvd and Whitney Bay. These intersections provide a great line of sight, have fewer line of sight obstructions and provide the greatest reactionary gap of the two options. In addition, the curvature of the roadway prior to the intersection is such that crosswalk lighting can be situated to provide a longer distance of visual warning for approaching drivers. Finally, placement of the crosswalk at Glencoe would only serve a small number of residents, whereas positioning them at Whitney Bay and Desert Falls would garner a much greater number of citizens who are on foot in the area.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and City Council**

FROM: **Rick Crowley, City Manager**

DATE: **March 5, 2019**

SUBJECT: **Hotel Occupancy Tax**

One of the elements of our strategic planning is to provide information to the Mayor and Council to facilitate decisions with regard to future uses of the Hotel Occupancy Tax receipts. We have discussed this on several occasions as work session and action items. In these discussions we have made progress in bringing the various discussion items to a point where significant decisions can be made. The attached recommendations seek to further facilitate discussion and decisions related to future fund uses.

Based on the several discussions that we have had, I have taken the liberty to develop a series of recommendations for your consideration on the subject which are attached for your review. Please consider these and as a part of our next discussions they will be revised at the Council's direction.

I recently posed a series of questions about future use of these funds to facilitate discussion. Within the body of the recommendations or the supporting documentation, I hope that sufficient information is made available to help the Council address those questions that are material to future HOT fund uses.

This memorandum and its attachments transmit information in several ways. The memorandum provides the concepts that were used in development, the listing and description of the recommendations (titled "Recommendations for City Council Consideration"), a section containing some of the data examined and used as the recommendations were being developed (titled "Other Data Used Developing Recommendations"), and a section (titled "Definitions") which provides definitions of terms used as they apply to the recommendations made.

Concepts Used in Development of Recommendations for Council Consideration

In a recent presentation by Scott Joslove, the issue of Hotel Occupancy Tax (HOT) use was addressed. Mr. Joslove is a recognized expert in the area of Hotel Occupancy Tax use. He currently serves as chief counsel for the Texas Hotel Association and was previously a Texas Municipal League attorney who worked extensively to provide related legal advice to Texas cities on the subject. His current position and background are significant as we consider his advice for several reasons. Hoteliers are in a unique position to benefit from and to challenge the appropriateness of HOT fund use. On the other hand, his prior works should give him significant understanding of Texas cities with regard to use of HOT funds.

To paraphrase Mr. Joslove's advice:

> To structure the City's program/s for encouraging tourism, encouraging and promoting the arts and supporting historic preservation, don't initially get caught up in the details of the law which has been adopted "piecemeal" since 1970 with numerous amendments. Instead, start with coming to a local consensus on what you want to accomplish with the program/s, and then ask your legal counsel to help determine which of those identified program elements can be accomplished through use of HOT funds. This can then lead to the development of the City's local program/s and the local guidelines for the program.

I think this is a sound recommendation and the mechanism that should generally be used in current discussions about future HOT tax use. Thus, I think that the first issues before us with regard to the use of Hotel Occupancy Tax (HOT) funds and associated policies and planning are to identify a strategic vision for the City's involvement in the several types of activities for which these funds may be legally used. By first agreeing upon the strategic vision, the City can determine the best ways to pursue that vision for the future. In the meantime, short-term planning, a process for completing strategic planning and development of a reserve policy for the HOT Fund are included in a number of current recommendations provided.

I know that for the next several Council meetings, the full Council will not be in attendance due to scheduling conflicts. Since the Council specifically indicated the desire to consider these matters "as a full Council," I will place the next related item on the agenda at the next meeting when all members can be in attendance. In the meantime, please do not hesitate to contact me should you have any questions, comments, or requests for additional information about the information needed before the matter is next considered by the full Council.

RECOMMENDATIONS FOR CITY COUNCIL CONSIDERATION

The following recommendations related to future uses of Hotel Occupancy Tax funds are provided for consideration by the Mayor and Council:

Recommendation I.

Continue use of the "Hotel Tax Two Step" Approach

Continued use of the "Hotel Tax Two Step" approach provided by State Law and outlined by the Texas Comptroller (see Attachment 1.) is recommended.

Recommendation II.

Continue to Consider Local Applications and Prepare

It is recommended that the City continue the current process whereby local organizations submit requests for funding for legally compliant uses of HOT funds with requests submitted in accordance with instructions provided by the City. Upon receipt, the applications are evaluated by a Council-appointed subcommittee for recommendations to the full Council. The full Council then, by motion and majority vote, approves final funding authorization at the levels deemed appropriate.

This recommendation assumes continued use of the annual local **"call for applications"** with enhanced specificity related to the City's strategic priorities. A review of the instructions to applicants, the forms on which applications are submitted, should be conducted before the next "**call for applications**" in June 2019.

Form contracts for HOT fund use should also be reexamined by the City Staff, the City Attorney, and the City Council. All instructions, forms, and process-related documents should include specification of the City's adopted **Strategic Plan for Use of Hotel Occupancy Tax Funds** (see below), and the application forms should be required to describe how the application conforms to the strategic plan.

Recommendation III.

Adopt a Strategic Plan for Use of Hotel Occupancy Tax Funds

The City Staff should, with input and direction from the City Council, prepare a written **Strategic Plan for Use of Hotel Occupancy Tax Funds** for consideration by the

Council. The Plan should contain local priorities for use of HOT funds. A draft of the plan will be provided by the Staff to facilitate discussion and consideration.

The strategic plan should include:

A tie to the overall strategic plan adopted by the City, specifically related to maintenance of comparatively high per-capita local sales tax collections, and, in a very limited number of cases, maintenance of the existing Ad Valorem residential/nonresidential "property tax split."

Specification of outcomes and performance measures for important **reactive services** (see below) may require the allocation of additional resources for their continuation and improvement.

Specification of outcomes and performance measures for enhancing the City's success in attracting more meetings, conferences, and appropriately-sized conventions (**proactive services,** see below) will require additional resource allocation.

Strategic planning work should introduce several categories of appropriations and priorities including:

Appropriations for **reactive** and support services

Appropriations for **proactive** efforts to secure more visitors

Appropriations that are **reasonably speculative** toward adding "heads in beds" and support of encouraging general tourism

Appropriations that only become expenditures upon successful booking of meetings, conferences, and/or appropriately-sized conventions – **contingent appropriations**

During the Council's last discussion of HOT use, the Council made a strategic decision that THE City should not plan to construct and operate a meeting facility. Continued strategic planning may ratify that determination and address other possible strategic positions for use of HOT funds.

Recommendation IV.

Enhance and Further Develop Strategies for the Arts and Historic Preservation

To address the use of HOT funds for the Arts in the **Strategic Plan for Use of Hotel Occupancy Tax Funds**, the City should move forward with planned meetings (involving three (3) designated Council Members) with representatives of the **combined local arts**

groups, and prior to development of arts-related aspects of this plan, the input obtained from these meetings should be considered.

The City should pursue similar, simultaneous (but separate) meetings with representatives of **local historic preservation groups** to be held for the same purpose as the arts meetings but from a historic preservation perspective.

Certain limitations relative to proportions of annual revenues are specified in State Law including:

Expenditures for the Arts can be "not more than 15%"

Expenditures for Historical Preservation may be "not more than 50% if none is allocated for a convention center"

Recommendation V.

Significantly Enhance Proactive Efforts to Attract Meetings, Conferences, and Appropriately-Sized Conventions by Amendment of FY2019 Budget and Planned Appropriations in Subsequent Budget/s

The City should consider **increased** appropriations for **proactive, contingent** efforts to secure additional meetings, conferences, and appropriately-sized conventions. It is recommended that these appropriations be specified in the **Strategic Plan for Use of Hotel Occupancy Tax Funds.** Obligation of these contingent appropriations should be considered at the time when proposals are being developed during booking recruitments. Expenditures would only occur IF bookings materialize.

This will require the allocation of City Staff time to work with organizations, businesses, hoteliers, and meeting planners at the "proposal stage." Based on workable, time-sensitive guidelines, City Management should be provided flexibility to obligate HOT fund participation as proposals are developed with whatever Council oversight is deemed appropriate by the Council.

To begin implementation, it is recommended that the Council consider an amendment to the FY2019 budget to add $50,000 for this purpose. Increases in this appropriation may be considered in future years.

Strategic Initiatives for Proactive, Contingent Implementation

The City should issue a specific **call for proposals** (separate from the **call for applications** addressed above) designed to secure proposals to meet specific strategic plan objectives. The **strategic call for proposals** would seek proposals to accomplish specific elements of the City's **Strategic Plan for Use of Hotel Occupancy Tax Funds** which, if awarded, would be accomplished by contract. Those eligible to submit would

include (but not necessarily be limited to) local hoteliers, the Rockwall Area Chamber of Commerce, businesses, the City, and others.

These proposals would designate whether a **one-time occurrence** or an **ongoing program subject to annual appropriation** is contemplated. No proposal submitted in response to the **call for applications** may be resubmitted in response to the **strategic call for proposals** without written justification for resubmission. Consideration of such resubmissions will be at the discretion of the Council.

Requests for **one-time occurrence** appropriations may be geared toward enhancing **standby capacity** for serving visitors and, attendees who visit Rockwall. They may take the form of specific-purpose "**grants**."

Recommendation VI.

Continuation of Contract Services with Rockwall Area Chamber of Commerce

The City should continue to appropriate funds for the existing services provided by the Rockwall Area Chamber of Commerce. These services are provided by contract. Future contracts between the City and the Chamber should be more specific in and provide for measurement of outcomes (or, at least deliverables). More specificity will allow both the City and the Chamber to direct these resources in accordance with the City's strategic planning.

These mostly **reactive services** currently **contribute significant value** by:

Providing information to potential visitors to Rockwall

Providing answers to questions for those who plan on or consider coming to Rockwall for various reasons

Providing written material for use by those who plan to (or are considering) and those who are currently visiting Rockwall

Providing informational materials in various forms: hard copy, electronic format including internet presence, and by phone

Recommendation VII.

Determination of Continuation of City-Related Funding

The following City projects were funded in FY2017 - FY2019 Budgets:

City	FY 2017	FY 2918	FY 2019 Requests	2019 Use Description	FY2019 Funded
Main Street	35,091	28,000	23,500	Downtown music San Jacinto	**23,500**
Main Street	15,812	9,700	16,700	Advertising	**16,700**
Main Street	-	-	4,000	Destination Rockwall	**4,000**
Concert by the Lake	35,091	38,000	42,000	Harbor concerts	**42,000**
Founders Day	101,156	100,000	100,000	Concert	**100,000**
Memorial Day	3,609	5,000	5,000	Concert	**5,000**
Rib Rub	11,420	15,000	15,000	BBQ contest and 5K	**15,000**
Subtotal	151,276	195,700	206,200		**206,200**

There has been discussion at the Subcommittee level (without unanimous Subcommittee conclusion) as to whether there should be a continuation of these City projects after FY 2019 using HOT funds (or whether they should be continued at all). The full Council's final determination as to the future of these City programs and their funding sources will be critical to the development of the HOT Strategic Plan and the FY 2020 budget and operating preparations for several City departments. **It is recommended that the Council make this final determination (at least related to the FY2020 budget) as soon as possible** since the decision is important to HOT fund use planning, departmental operations, and budget planning.

Recommendation VIII.

HOT Fund Balance Target Policy

A HOT Fund Balance "**target**" should be developed and adopted to help guide future HOT fund use. This "**target**" should be sufficient to provide a comfort level such that:

1. **General reserves** are sufficient to "cover" obligations made at the beginning of each Fiscal Year in the event of an economy downturn during the Fiscal Year that impacts hotel occupancy, and thus, revenue to the HOT Fund. This recommendation suggests consideration of establishing this target at **20%** of current and projected annual revenues, **and**
2. **Unanticipated and supplemental reserves** are provided at the level of Council comfort in the City's ability to respond to unanticipated HOT fund expenditure

needs that may become apparent during the course of any fiscal year. This recommendation suggests consideration of establishing this **target** at **15%** of current and projected annual revenues, **and**

3. **Strategic priority reserves** are provided to achieve a Council comfort level in the City's ability to address priorities that adopted in the **Strategic Plan for Use of Hotel Occupancy Tax Funds**. This recommendation suggests designating the remainder of unbudgeted, available funds for this purpose. This would provide an opportunity for the Council to consider addressing strategic initiatives submitted in response to the **City's Request for Proposals** (discussed above) and other related initiatives.

Application of the three (3) provisions above and application of the recommended fund reserve guidelines would result in the following for FY 2019 and FY 2020:

	FY 2019	**FY 2020**
Beginning Balance	$ 24,453	$ 298,323
Revenues	833,000	993,000
Current Expenditure Continuation	509,130	500,000
Contingent Appropriations*	50,000	100,000
Total Reserve	$298,323	$691,323
Reserve types:		
General (20%)	166,600	198,600
Unanticipated and supplemental (15%)	124,950	148,950
Strategic priorities (remainder)	$ 6,773	$343,773

Readily accessible data for other cities is somewhat suspect because the State reporting form and its instructions for completion are unclear. It does, however, appear that it is not unusual for cities to accumulate significant fund balances in HOT Funds. Fund balances obtained for four (4) cities with annual HOT revenues similar to Rockwall's indicate a range of fund balance (reserve) of between about $600,000 and $7.1 million (see Attachment 2). Anticipated uses of these reserve funds by those cities were not researched, but these accumulated reserves are likely kept available for use in future strategic initiatives in a manner similar to that which is outlined above. It is also important to remember that the more significant levels of fund reserve in Rockwall are projected for FY2020 and will **not** be available until the end of that year. By the time of their receipt and availability, Rockwall will have completed its strategic planning which will largely designate their proposed future use. The City should not be reluctant to build reserves to accomplish its strategic initiatives.

Attachment 1.

According to the Texas Comptroller, under Texas law, local HOT revenue can be used only to directly promote tourism and the convention/hotel industry. This means the proceeds should be spent on projects or events that result in visitors or attendees staying overnight in the community, generating more hotel occupancy tax. The Texas Municipal League describes this as the first part of a two-part test it calls the hotel tax "two-step."

Provided the first test of directly promoting tourism and hotel activity is met, the expenditure then must fit into one of the categories authorized by statute. According to the Comptroller's Data Analysis & Transparency Division, these categories include:

- advertising and promotional programs to attract tourists;
- encouragement and promotion of the arts;
- historical restoration and preservation projects;
- advertising to encourage tourists to visit historic sites and museums;
- certain transportation systems serving tourists and hotel guests;
- and, for certain cities,
- facilities and personnel for the registration of convention delegates;
- signage directing the public to sights and attractions frequently visited by tourists;
- the construction, maintenance and operation of a convention or visitor center;
- sporting events for which the majority of participants come from out of town;
- qualifying sports facilities that routinely host regional or national tournaments; and
- Coliseums or multiuse facilities.

Certain limitations are placed on these authorized uses including:

Expenditures for the Arts can be "not more than 15%

Expenditures for Historical Preservation may be "not more than 50% if none is allocated for a convention center"

Keeping in mind that there are no especially specific prescribed definitions for each of the authorized expenditure categories, the attached file contains the breakdown of expenditures by category of Texas cities that have reported to the Texas State Comptroller.

Many Texas cities have developed local guidelines for application for and use of HOT tax funds. Such local guidelines can be used to pursue the strategic vision of the City with regard to fund use. Local guidelines should be developed after consensus has been reached on the strategic vision.

Reference info:

Texas law for county hotel tax rates (Texas Tax Code 352) has been amended 29 times. Current law sets the cap for county HOTs at between 0.75 percent and 9 percent, depending on factors such as the county's population, the population of cities within its borders and geographical features such as proximity to Mexico, the Gulf of Mexico, the Neches River or a national park.

The statute governing the maximum city hotel tax rate (Texas Tax Code 351) has been amended 11 times, and currently caps the tax at 7 percent, 8.5 percent or 9 percent, depending on factors such as the city's population and its proximity to the Gulf of Mexico, the state of Louisiana, Lake Palestine or a coastal barrier island.

The maximum tax rate for cities and counties levying a tax for sports and community venues (Texas Local Government Code 334 and 335) is 2 percent (or 3 percent for Dallas County only).

In 2013, the Legislature established a maximum cap of 17 percent for all state and local HOT taxes. El Paso's local taxes, however, were put in place before the Legislature established the combined cap; its city and venue taxes total 9 percent combined, on top of a 2.5 percent county tax and the 6 percent state tax, for a total of 17.5 percent.

Attachment 2.

A relatively new reporting requirement from the Texas Comptroller allows for collection of certain data about uses of HOT funds across the state that was not heretofore readily accessible. Despite data limitations due to the format of the report, it may be useful for Rockwall's analysis. The data indicates:

Number of Cities Reporting	334
Rockwall's Rank in Total Revenues (FY 2017)	98
Rockwall's Total Revenue Rank with Projected Revenues (FY 2020)	51
Number of Reporting Cities with Revenue between $750,000 – 1,250,000	17
Number with 2017 Revenue above Rockwall 2020 Projection	6
Number with 2017 Revenue below Rockwall 2020 Projection	10

To examine reporting data for the 16 cities with revenues in the above described ranges:

	Reported Uses by Six (of 9) Authorized Use Categories:					
City	% CVB	% Adv.	% Arts	% Hist.	% Signage	% Expended*
Katy	67	20	12	0	0	99
Kerrville	72	6	5	0	0	83
Stafford	64	0	4	0	0	68
Southlake	17	41	15	0	0	73
Big Spring	44	10	6	3	0	63
Bedford	0	3	43	23	8	97

Subsection Column Average (for those above Rockwall Projected 2020)

	44%	13%	14%	4%	1%	80%
Rockwall	21	69**	7	3	0	100***
Harlingen	30	31	15	3	0	79

Pharr	0	57	0	0	0	57
Portland	11	9	0	0	0	20
Weatherford	13	23	1	47	1	83
Westlake	0	33	5	1	0	39
Subsection Column Average (for those below Rockwall Projected 2020)						
	17%	27%	5%	6%	.33%	63%

*There is some indication that the prescribed form and its instructions may contribute to a variety of interpretations and thus limited reliance on the data for some purposes; however, it is the best data reasonably available.

** Several categories of expenditures were grouped together to be responsive to the instruction provided.

*** Application of the report form instructions listed only six (6) categories of expenditures while at the same time prescribed that the total should include all current year revenues expended. Any use of reserves is not reported.

Reported numbers, despite their limited utility, seem to indicate that some of the cities might have accumulated significant fund balances in their HOT Fund if the reporting year was similar to previous years in those cities. While fund balances were not researched for all of the cities, several were selected for research as to their HOT Fund fund balance. This "spot check" research indicated the following:

City	Reported Revenue	%Expended FY17	Audited Fund Balance
Stafford	$1,188,000	68	$7,164,855
Desoto	$ 903,180	37	$1,509,734
Cedar Park	$ 811,910	100	$1,795.341
Euless	$ 796,900	58	$ 604,024

This lends credibility to the idea that accumulation of significant levels of fund reserve may be somewhat common.

To consider quantification of a fund balance "target" (as noted above), it may be helpful to examine some historic HOT Fund expenditure levels (historic total of awards):

Average of Annual Awards Prior to FY2016	$360,000
FY2016 Estimated Awards Total	383,000
Estimated Awards FY2017, FY2018, FY2019 (+/-)	500,000*

*Contributing to increases after FY2016 were increased expenditures such as:

Funding for enhancement and addition of several City sponsored events
Funding for assisting in the move/renovations to historic Bailey House
Proactive funding to secure specific conferences/conventions
Increased funding to the Rockwall Area Chamber of Commerce

Increasing revenues and projected increases in revenues for FY2019 (3 quarters of HOT collections in this fiscal years after the obligations for rebates to the Hilton) have created additional revenue and thus also influenced fund balance such that:

Beginning Fund balance at the end of FY 2018	$ 24,453
Projected fund balance beginning FY 2020	293,323

TERM DEFINITIONS

HOT Fund
The separate fund in which receipts from the local 7% Hotel Occupancy Tax are deposited. Local HOT taxes collected by local hotels are remitted by the hotels directly to the City. The Annual Operating Budget includes appropriations for expenditures from this fund. Expenditures from the fund are governed by applicable State Law.

Call for Applications
An **existing** process by which the City requests applications for funding from local groups and organizations, hoteliers, businesses, meetings/conferences/conventions sponsors, and applicable City departments to facilitate events or support meetings/conferences/conventions which further the use of HOT funds in accordance with State Law.

Strategic Plan for Use of Hotel Occupancy Tax Funds
A **proposed** addition to the City's Strategic Plan which would state the City's priorities for use of HOT funds and establishing measurements of success for use of these funds in accordance with applicable State Law.

Reactive Services
A term not previously used to describe important services provided in support of the convention and tourism activities which generally apply to activities providing information about Rockwall to prospective tourists, meeting attendees, conference attendees, convention attendees, "staycationers," and other tourists. These services involve making printed and on-line materials available as well as providing information in response to telephone inquiries to current visitors in the City.

Proactive Services
A term not previously used to describe efforts to actively seek tourism, and specifically, to consider and incentivize the successful "booking" of meetings, conferences, events, and appropriately-sized conventions to be held in Rockwall. These may also include encouragement of general leisure tourism. The provision of these services may include consideration of use of HOT funds in accordance with applicable State Law as an incentive for "booking" in Rockwall.

Reasonably Speculative Appropriations
A phrase not previously used to describe an appropriation or expenditure that can reasonably be assumed to result in putting "heads in beds" at local hotel facilities. Activities which may be considered reasonable for consideration include most **reactive services**, directed advertising, and events for which "heads in beds" outcomes cannot be specifically quantified but the desired "heads in beds" outcomes can be reasonably predicted. It is appropriate to consider HOT funding for these services when allowable by appropriate State Law.

Contingent Appropriations
A phrase not previously used to describe specific or non-specific budget line items in the HOT fund budget appropriated for the purpose of reserving funds for consideration for direct contributions to accomplish successful booking of meetings, conferences, appropriately-sized conventions which would result in "heads in beds" in Rockwall. These appropriations are designed to offer HOT fund incentives for bookings and are actually only expended in the event of successful bookings.

Combined local arts groups
A phrase used to describe an ad hoc group with representatives from various existing local arts-supportive groups assembled by the City for the purpose of meeting with a designated City Council subcommittee to provide input into support for the arts locally. Input from this group will be used by the City for strategic planning purposes including possible uses of HOT funds.

Combined local historic groups
A phrase used to describe a proposed ad hoc group with representatives from various existing local historic preservation-supportive groups proposed for assembly by the City for the purpose of meeting with a proposed City Council subcommittee to provide input into support for historic preservation locally. Input from this group would be used by the City for strategic planning purposes including possible uses of HOT funds.

Call for Proposals
This would be a new document that would facilitate the City's receipt of proposals to further the implementation of the proposed **Strategic Plan for Hotel Occupancy Tax Use.** These strategic plan-related proposals could be submitted by hoteliers, event planners and facilitators, other local businesses, and local organizations such as (but not limited to) the

Rockwall Area Chamber of Commerce. Each proposal would be required to directly address the question of how it relates to the relevant adopted strategic planning element. One-time occurrences, programs requiring ongoing funding, and grants to facilitate stand-by capacity for the conduct of meetings, conferences, and appropriately-sized conventions (such as equipping meeting rooms and related facilities) would be eligible for consideration.

One-time occurrence vs. Ongoing Program Funding Requirements
One time occurrences are occurrences that do not require any level of sustained funding after their initial funding or after acquisitions acquired through approved funding. **Ongoing program funding requirements** are, as implied, are costs of programs or acquisitions that would require periodic sustained levels of funding after their initial implementation or their initial acquisition.

Stand-by capacity
Standby capacity refers to an initiative designed to provide tourism "infrastructure" to meet identified needs of tourism service providers and may be either **reactive** or **proactive** in nature.

Grants
Grants involve specific one-time occurrence acquisitions proposed to provide **stand-by capacity** for tourism service providers.

HOT Fund Balance Target
This term not previously used which, if adopted, would establish the desired fund balance (fund reserve) targets for the HOT fund. If adopted the Fund Balance Target would provide the following:

1. It is sufficient to "cover" obligations made at the beginning of each fiscal year in the event of an economy downturn during the fiscal year that would impact hotel occupancy, and thus, revenue to the HOT Fund, and
2. It provides the appropriate level of comfort to the Council that the City will have the ability to respond to any desired, unanticipated HOT fund expenditure needs that may become apparent to the City during the course of any fiscal year, and
3. It provides a comfort level to the City Council that the City will be in a desirable position to respond to the priorities that are included in the

Strategic Plan for Use of Hotel Occupancy Tax Funds as initially adopted (or as this plan may be from time to time amended).

An adopted **HOT Fund Fund Balance Target** would guide consideration of annual budget and other actions geared toward implementation of the **Strategic Plan for Hotel Occupancy Tax Use.**

OTHER DATA AND INFORMATION USED DEVELOPING RECOMMENDATIONS

This section contains data responsive to questions previously posed during discussion of future uses of HOT and other information relative to those questions.

- Does the Council have an interest in expanding the scope of work of the CVB beyond those currently provided? If so, is the Council interested in expanding the CVB efforts through use of HOT receipts expended for that purpose?

To determine if there is interest in expanding CBV efforts beyond those currently provided, it may be helpful to examine current efforts.

The City's contract for CVB services with the Rockwall Area Chamber of Commerce which provides the following for FY2019:

- Establishes the Chamber as a contractor of the City in execution of the programs associated with expending the HOT funds and establishes the acceptable accounting methods associated with HOT funds received
- Obligates the Chamber to advertise a listing of Rockwall establishments with contact information
- Obligates the Chamber to expend the following from HOT funds received:
  $8,296 on CVB website and Kiosk
  $60,955 on CVB staff
  $15,000 on Visitor's Brochure
  $35,000 on Chamber Magazine/Directory
- Establishes Reporting requirements
- Establishes two payment dates of equal payments totaling $119,455

As a strategic initiative, several departments of the City sought to positively influence selection of Rockwall for appropriately sized conferences for organizations about which employees were aware (or were members of) submitting related proposals. The City also reached out to local hoteliers who schedule conferences at their facilities to see if there were opportunities for the use of HOT funds to influence selection of Rockwall for conferences. Over a period of several years, these efforts, though not comprehensive, resulted in the following results:

2009	Kiwanis+	$ 12,000
2013	Kiwanis+	$ 9,000
2014	YAC+	$ 25,000
	TAAF+	$ 9,000
2017	TX Crime Prev+	$ 30,000
	Bldg Off of TX+	$ 25,575
2019	TRAPS+	$ 6,000

In addition, both the local Hilton Hotel and the local Springhill Suites Hotel employ full-time staff engaged in the marketing, scheduling, and attraction of convention/conference business to Rockwall.

- Is the Council interested in re-examining the various structures associated with operation of a CVB as have been employed by other cities and the extent to which they are funded by HOT receipts? Structures used by cities for operation of Convention/Tourism have included:

  Operation of a CVB though contract with a Chamber of Commerce (or other non-profit agency)

  Operation of a CVB through contract/s with a private, for-profit business/s

  Operation of a CVB through contract/s with private for-profit hospitality industry businesses (hotels, etc.)

  Operation of a CVB as a function of the City organization (department or division of the City organization)

  Some combination/s of the above with specific roles defined as a part of the CVB program

- **Expiration of Hilton Rebate**

As a reminder, HOT collections currently total about $425,000 per year. With the expiration of the rebate period to the Hilton ended December 31, 2018, it is anticipated that the total annual collections will increase to about $993,000 in FY 2020.

- Does the Council want to examine various options of incentivizing "head-in-beds" with use of HOT receipts regardless of which structure is selected?

  General Awareness Advertising
  General Destination Advertising
  General Information on Request
  Response to Inquiries
  Active Identification and Recruitment of Prospects
  Response to Solicitations
  Submission of Proposals
  Supporting Efforts of Hotels and other businesses, facilities, and organizations (Also develop standby capacity argument)

- Does the Council want to examine the effectiveness of previous uses of HOT receipts in circumstances where these have been applied directly to incentivizing specific conferences and meetings?

2008	Young Republicans	$ 5,000
2009	Soroptimist	$ 7,000
	Kiwanis+	$ 12,000
2013	Kiwanis+	$ 9,000
2014	YAC+	$ 25,000
	RISD Swim+	$ 10,000
	RISD Gymnastics	$ 10,000
	TAAF+	$ 9,000
2016	Trend HR	$ 5,000
2017	TX Crime Prev+	$ 30,000
	Trend HR	$ 5,000
	Bldg Off of TX+	$ 25,575
2018	RISD Gymnastics	$ 15,000
	Starr Commonwealth	$ 12,000
	Trend HR	$ 2,500
2019	Starr Commonwealth	$ 12,000
	Trend HR	$ 2,000
	TRAPS+	$ 6,000

All of these put heads in beds
+ City Related

- It is my understanding that the Council reached consensus of the following:

The City Council does not currently want to consider the use of funds to build a facility that would be an authorized expenditure under the Law – with the possible exception that the Mayor has suggested that Council Members Macalik, Fowler, and Daniels be designated to hold joint meetings with local arts groups. These meetings may include discussion and consideration of and likely costs of:

Increased monetary support to a unified arts program

Participation in improvements to and financial support for existing building facilities currently used by local arts groups

Increased monetary support for the arts programming offered by a unified arts program

Participation in improved building facilities to serve a unified arts program

These discussions would provide an opportunity to discuss a unified arts program in a manner similar to the current examination of athletics that is now underway.

- Does the Council want to examine prior uses of HOT receipts to determine if review of those uses might warrant policy or process changes?

The following is a listing of historic uses of HOT funds since 2017 and the approved uses as recommended by the Council subcommittee for FY2019.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and City Council**

FROM: **Rick Crowley, City Manager**

DATE: **March 29, 2019**

SUBJECT: **Legislative Session**

The Legislative Session is well underway.

Mayor Pruitt testified in opposition to HB 3535/SB1152 last week and will discuss that in the meeting Monday. The companion bill in the Senate will be heard in committee this coming Tuesday.

Another set of bills before the Legislature is HB2439/SB1266 which would restrict collection of right-of-way rental fees (formerly known as franchise fees) from telephone and cable companies in a manner which would reduce revenue to the City of Rockwall of about $100,000 per year.

I have taken the liberty to prepare draft resolutions in opposition to the bills which may be edited by the Council and considered by the Council on Monday night.

CITY OF ROCKWALL, TEXAS
RESOLUTION NO. 19-___

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS OPPOSING TEXAS HOUSE BILL 3535 AND SENATE BILL 1152, RELATED TO REGULATING AND REDUCING MUNICIPAL FRANCHISE FEES FOR CABLE AND PHONE SERVICES; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, HB3535 (by Representative Phelan) is currently pending before the Texas House of Representatives Committee on State Affairs, and

WHEREAS, SB1152 (by Senator Hancock) has already been voted out of Committee; and

WHEREAS, HB3535 and SB1152 significantly reduce cities' ability to collect rental fees (formerly known as franchise fees) in payment for use of city rights-of-way by providers of telephone and cable services which are currently authorized by the State; and

***WHEREAS**, said limitations would involve allowing any company that provides telephone or cable services to stop paying the lesser of currently authorized statewide access line fees or cable franchise fees; and

WHEREAS, HB 3535 and SB 1152 would remove an important revenue source used by the City of Rockwall to local services including but not limited to public safety and public works; and

***WHEREAS**, these rental fees are currently paid by private businesses for use of tax-payer owned right-of way as a cost of doing business; and

***WHEREAS**, a matter of constitutionality has been brought into question given that the Texas Constitution requires that cities' be compensated at a rate not less than fair market value for private uses of such tax-payer owned properties; and

***WHEREAS**, passage of said legislation into law would reduce City of Rockwall revenues by an estimated $100,000 per year; and

***WHEREAS**, other legislation currently before Texas State Legislative bodies seeks to impose tax revenue caps on Texas cities; and

***WHEREAS**, State mandates both capping revenues and reducing other sources of revenues such as contemplated by HB3535 and SB1152 may result in local service reductions in favor of private service providers at the expense of local tax payers given that any customer rate reductions may be difficult to verify and, even so, would apply only to those taxpayers who are customers of the applicable utilities; and,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THAT:

SECTION I. The City of Rockwall opposes HB 3535 and SB 1152 and requests that its elected State officials consider joining the City in opposition of these Bills.

DRAFT

335

SECTION II. The City Manager or his designee is directed to send copies of this resolution to the members of the Texas Legislature who represent Rockwall.

SECTION III. This Resolution shall become effective immediately upon its passage and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THIS THE 1st DAY OF APRIL, 2019.

_____
Jim Pruitt, Mayor

ATTEST:

Kristy Cole, City Secretary

All language in this draft may be edited after discussion by the Council. Those sections proceeded by an * are strictly optional, however, and the Council may/may not want to include them in the final resolution if adopted.

DRAFT

CITY OF ROCKWALL, TEXAS
RESOLUTION NO. 19-___

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, OPPOSING TEXAS HOUSE BILL 2439 AND SENATE BILL 1266, RELATED TO CERTAIN REGULATIONS ADOPTED BY GOVERNMENTAL ENTITIES FOR THE BUILDING PRODUCTS, MATERIALS, OR METHODS USED IN THE CONSTRUCTION OF RESIDENTIAL OR COMMERCIAL STRUCTURES; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, HB2439 (by Representative Phelan) is currently pending the Texas House of Representatives Committee on State Affairs; and

WHEREAS, SB1266 (by Senator Buckingham) is scheduled for hearing before the Senate Business and Commerce Committee on Tuesday, April 2, 2109; and

WHEREAS, HB2439 and SB1266 provides that (1) a governmental entity may not adopt or enforce a rule, charter provision, ordinance, order, or other regulation that prohibits, directly or indirectly, the use of a building product, material, or method in the construction, renovation, maintenance, or other alteration of a residential or commercial structure if the building product, material, or method is approved for use by a national model code that: (a) is adopted by the governmental entity; and (b) governs the construction, renovation, use, or maintenance of buildings and building systems; (2) a rule, charter provision, ordinance, order, or other regulation adopted by a governmental entity that conflicts with the bill is void; (3) the attorney general may bring an action in the name of the state to enjoin a violation of the bill; and (4) the attorney general may recover reasonable attorney's fees and costs incurred in bringing an action under the bill; and

WHEREAS, HB2439 and SB1266 if adopted into law as currently written would have substantial negative impact on property owners' property value protections by prohibiting enforcement of the City of Rockwall's locally adopted, preferred, and accepted building standards which have been adopted with substantial input from its citizens.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THAT:

SECTION I. The City of Rockwall opposes HB 2349 and SB 1266 and requests that its elected State officials consider joining the City in opposition of these Bills.

SECTION II. The City Manager or his designee is directed to send copies of this resolution to the members of the Texas Legislature who represent Rockwall.

SECTION III. This Resolution shall become effective immediately upon its passage, and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THIS THE 1st DAY OF APRIL, 2019.

Rockwall, Texas

Proclamation

Whereas, each year the second week in April is designated as "National Public Safety Telecommunications Week" in the State of Texas; and

Whereas, the week is set aside by the State to recognize the diligent efforts of 9-1-1 operators and other communications specialists who serve our communities; and

Whereas, men and women who work in this capacity are "unseen first responders," providing critical assistance to callers in times of great need; and

Whereas, 9-1-1 dispatchers work in an environment that is often high-paced and stressful, being called upon to utilize their specialized skills and training to make split second decisions, which, at times, could mean the difference between life and death; and

Whereas, the City of Rockwall would like to recognize and applaud its own dispatch personnel for the stellar job each of them performs to ensure the safety and wellbeing of our residents.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, Texas, do hereby proclaim April 14 – 20, 2019 as

PUBLIC SAFETY TELECOMMUNICATIONS WEEK

in the City of Rockwall and urge all citizens to take time to thank these staff members for their dedication and hard work towards protecting and serving both our citizens as well as our Police and Fire Department personnel.

In Witness Whereof, I hereunto set my hand and official seal this 15th day of April, 2019.

Jim Pruitt, Mayor

THIS PAGE INTENTIONALLY LEFT BLANK

10

Rockwall, Texas

Proclamation

Whereas, the first Continental Congress called for a national day of prayer in 1775, as did Abraham Lincoln in 1863; and

Whereas, Congress established the National Day of Prayer as an annual event in 1952 by a joint resolution signed by President Truman; and

Whereas, the law was amended and signed by President Reagan in 1988, officially designating the first Thursday in May for its observance; and

Whereas, the City of Rockwall has consistently maintained a "superior" water rating in the State of Texas since 2007; and

Whereas, this year's theme - "Love One Another" - is based upon the words of Jesus in John 13:34, which ways "Love one another, just as I have loved you;" and

Whereas, on Thursday, May 2nd from 7:30 - 9:30 a.m., mayors from cities throughout Rockwall County will host the annual Mayors' Prayer Breakfast at The Center near Downtown Rockwall.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, do hereby proclaim **May 2, 2019,** as:

NATIONAL DAY OF PRAYER

in the City of Rockwall, and invite all citizens to join me on this day and every day to pray for our country, our state and our city.

In Witness Whereof, I hereunto set my hand and official seal this 15th day of April, 2019.

Jim Pruitt, Mayor

THIS PAGE INTENTIONALLY LEFT BLANK

12

Rockwall, Texas

Proclamation

Whereas, today's society finds more citizens involved in motorcycling on the roads of our country; and

Whereas, motorcyclists are roughly unprotected and are much more likely to be injured or killed in a crash than other vehicle drivers; and

Whereas, safety-related campaigns have helped inform riders and motorists alike of ways to reduce motorcycle related risks, injuries, and most of all fatalities, through a comprehensive approach to motorcycle safety; and

Whereas, it is the responsibility of all who put themselves behind the wheel to become aware of motorcyclists and to regard them with the same respect as any other vehicle traveling the highways of this country; and

Whereas, we urge our community to be aware of the inherent dangers involved in operating a motorcycle and for drivers to give motorcyclists the respect on the road they deserve.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, Texas, do hereby proclaim **May 2019** as:

Motorcycle Safety & Awareness Month

In the City of Rockwall and urge all citizens to do their part to increase safety and awareness of motorcyclists in and around our community.

In Witness Whereof, I hereby affix my official hand and seal this 15th day of April, 2019.

Jim Pruitt, Mayor

MINUTES

ROCKWALL CITY COUNCIL REGULAR MEETING
Monday, April 01, 2019 - 4:00 PM
City Hall Council Chambers - 385 S. Goliad St., Rockwall, TX 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Pro Tem Fowler called the meeting to order at 4:02 p.m. Present were Mayor Pro Tem Kevin Fowler and Council Members Patrick Trowbridge, Dana Macalik, Bennie Daniels and Trace Johannesen. Mayor Jim Pruitt was absent from the work session, and Council Member John Hohenshelt was absent from the entire meeting.

II. WORK SESSION

1. Hold a work session to hear and discuss an update by PROS Consulting regarding the city's athletic facility feasibility study.

Mike Svetz with PROS Consulting came forth and provided an update to the Council regarding the study and its progress thus far. Mr. Svetz sought direction from the council regarding how broad it would like the study to reach - City of Rockwall, the ISD, or regionally? The council generally suggested that the study focus on the ISD (area) but also have information gathered for "city only" so that said information may be utilized for comparison purposes. No formal action was taken as a result of this work session item.

Mayor Pro Tem Fowler then read the below listed discussion items into the record before recessing the public meeting to go into Executive Session at 4:41 p.m.

III. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding legal issues pertaining to potential annexation pursuant to Section §551.071 (Attorney/Client Consultation).
2. Discussion regarding purchase, acquisition, abandonment, sale or lease of real property in the vicinity of Rockwall Municipal Airport and Downtown pursuant to Section §551.072 (Real Property) and Section §551.071 (Consultation with Attorney).
3. Discussion regarding Breezy Hill Road pursuant to § Section 551.071 (Consultation with Attorney)
4. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board (interviews) - pursuant to Section 551.074 (Personnel Matters)
5. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

IV. ADJOURN EXECUTIVE SESSION

V. RECONVENE PUBLIC MEETING (6:00 P.M.)

Mayor Pruitt reconvened the public meeting at 6:02 p.m. with six of the seven council members being present (Hohenshelt was absent).

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

No action was taken as a result of Executive Session.

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – MAYOR PRUITT

Mayor Pruitt delivered the invocation and led the Pledge of Allegiance.

VIII. PROCLAMATIONS

1. Child Abuse Awareness & Prevention Month

Mayor Pruitt called forth representatives from Court Appointed Special Advocates (CASA), Rainbow Room, and the Child Advocacy Center. He then read and presented the proclamation for "Child Abuse Awareness and Prevention Month." Representatives from each of these three organizations introduced themselves and briefly spoke about the services they provide. Mayor Pruitt then called for a short break, recessing the meeting at 6:15 p.m.

2. Public Water System Celebration Day

Mayor Pruitt reconvened the meeting at 6:21 p.m. He then called forth City Engineer/Public Works Director, Amy Williams, Water & Wastewater Manager, Rick Sherer, Water Superintendent, Curtis McAdden, and Aaron McNeill, Water/Wastewater employee. He read and presented them with this proclamation in recognition of a recent TX Commission on Environmental Quality (TCEQ) waster system inspection in which no violations were found. Ms. Williams complimented city staff on their hard, meticulous work and dedication to providing Rockwall citizens with superior water.

IX. OPEN FORUM

Mayor Pruitt explained how Open Forum is conducted, asking if anyone would like to come forth and speak at this time.

Amanda Romero (110 E. Rusk St.), Director of Operations for "Groovy's," came forth and addressed the Council concerning street closures in/around the downtown historic square. She explained she is speaking on behalf of Christie Foster, Owner of Groovy's, who could not be present this evening. She generally expressed concern about downtown special events that involve street closures and/or closing off of parking spaces that might otherwise be used by business patrons wanting to visit shops, business and restaurants downtown. Her company is generally not in favor of additional events with road / parking space closures because there is no evidence that such events help boost business' sales.

Tammy Sharp of T&T Color Supply (202 N. Fannin) came forth and indicated that she has provided Council with correspondence she has collected from 20 downtown merchants. Each business owner 100% supports Farmers Market, and they are 100% against any additional street closures. She went on

to share data related to businesses that have "come and gone" (business turnover) on the downtown square. The occupancy rate is about 95-97%, and properties only stay on the market for an average of 4-6 weeks. She pointed out that some closures cannot be attributed to 'location' alone. There are sometimes several other factors that may be attributed to a business closing. She went on to point out several of the downtown businesses that have survived and done well for several years. She spoke about how some other cities handle car shows, pointing out that they are sometime held 'after hours' when businesses are closed, thereby not adversely impacting businesses. She generally spoke highly of "Farmers Market" and thanked council members for their time.

Claudette Hatfield (1 Shadydale Lane Rockwall, TX) came forth and shared that she and Barb Coleson started Farmer's Market in 2008 because they saw that the downtown area and businesses were struggling. They also started the "Friends of Downtown" organization. She believes that closing additional streets in and around downtown will not be beneficial to businesses and restaurants. She suggested that the driveway beside the city's Parks & Recreation offices and the adjacent public parking lot be considered for a 'car show' if it comes to pass that a car show is an event that is approved to be held in the future.

David Sweet (510 Carriage Trail Rockwall, TX) came forth and provided Council with a historical recap of "Main Street" related programs and activities that have unfolded over the years, beginning in about 2008. He believes that downtown Rockwall is the city's "crown jewel." He thanked the Council for all of its support of the downtown. He believes that Farmers Market is a large success, and he thanked Barb Coleson, Claudette Hatfield, and others for their hard work on events that have helped support downtown. He encouraged Council to consider its support of the downtown area.

Mrs. Hatfield came forth again and commented that Rockwall's Farmers Market is different than any other of its kind because it benefits local charities (she indicated $20,000 in the last two years).

There being no one else wishing to come forth and speak, Mayor Pruitt then closed Open Forum.

Mayor Pruitt then reordered the agenda to address Appointment Item #2 next.

X. CONSENT AGENDA

1. Consider approval of the minutes from the March 18, 2019 regular city council meeting, and take any action necessary.
2. **Z2019-003** - Consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of an **ordinance** for a Specific Use Permit (SUP) for a Private Sports Arena, Stadium or Track on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary **(2nd Reading)**.
3. Consider approval of an **ordinance** establishing the speed limit along SH 205 as fifty miles per hour (50 mph) between MP .575 (north of FM 552/Dalton) and MP .837 (the City's corporate limits), and take any action necessary. **(2nd reading)**
4. Consider approval of the Professional Engineering Services Contract with Cardinal Strategies Engineering Services, LLC to provide professional engineering services for miscellaneous consulting on stormwater issues and floodplain impacts in the City of Rockwall, to be funded by

the FY2019 Engineering Consulting Budget and developer reimbursements, and take any action necessary.

5. Consider awarding a bid to TexasBit and authorizing the City Manager to execute a Purchase Order for Asphalt Pavement Repairs for H Wallace Lane, Lofland Road and Police Building Parking Lot in the total amount of $402,730 to be funded by the FY2019 General Fund Streets Operations Budget, and take any action necessary.
6. Consider authorizing the City Manager to execute an agreement with NewEdge Services, LLC for the purchase, installation and support of new permitting, licensing, and land software, in the amount of $190,660 to be funded by the FY2019 Planning Department Budget, and take any action necessary.
7. Consider a recommendation of the City Council's Naming Subcommittee regarding approval of a resolution renaming South Nash Street, and take any action necessary.
8. **P2019-014** - Consider a request by Mike Whittle and Randall Noe of Rockwall Rental Properties, LLC for the approval of a replat for Lots 16 & 17, Block 2, Alliance Addition, Phase 2 being a 0.98-acre tract of land identified as Lots 14 & 15, Block 2, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6520 & 6530 Alliance Addition, and take any action necessary.
9. **P2019-015** - Consider a request by Matt Moore of Claymoore Engineering on behalf of Phil Wagner of the Rockwall Economic Development Corporation for the approval of a replat for Lot 4, Block E, Rockwall Technology Park Addition being a 3.634-acre parcel of land identified as Lot 1, Block E, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, located at the northwest corner of the intersection of Technology Way and Observation Trail, and take any action necessary.
10. **P2019-006** - Consider a request by Debora Allegranti of CBOCS Texas, LLC on behalf of Eric Borkenhagen of Kohls Illinois, Inc. for the approval of a replat for Lots 6 & 7, Market Center East Addition being a 9.012-acre tract of land identified as Lot 1, Market Center East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 823 & 845 E. IH-30, and take any action necessary.
11. Consider authorizing the City Manager to execute an agreement with Freese and Nichols, Inc. for the provision of professional services relating to a Roadway Impact Fee Update in the amount of $41,424 to be funded by the FY2019 Planning Department Budget, and take any action necessary.

Councilmember Trowbridge pulled item #7 for further discussion. Councilmember Macalik then moved to approve Consent Agenda items # 1, 2, 3, 4, 5, 6, 8, 9, 10, and 11. Councilmember Johannesen seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 19-16
SPECIFIC USE PERMIT NO. S-206

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS,

AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *PRIVATE SPORTS ARENA, STADIUM, OR TRACK* IN A COMMERCIAL (C) DISTRICT, SITUATED ON A 35.295-ACRE PARCEL OF LAND, IDENTIFIED AS LOT 1, BLOCK A, ROCKWALL HIGH SCHOOL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL, TEXAS
ORDINANCE # 19-15

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ALTERING THE PRIMA FACIE SPEED LIMITS ESTABLISHED FOR VEHICLES UNDER THE PROVISIONS OF TRANSPORTATION CODE, SECTION 545.356 UPON STATE HIGHWAY 205 OR PARTS THEREOF, WITHIN THE CORPORATE LIMITS OF THE CITY OF ROCKWALL, TEXAS, AS SET FORTH IN THIS ORDINANCE; PROVIDING A PENALTY OF A FINE NOT TO EXCEED SUM OF $200.00 FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 in favor with 1 absence (Hohenshelt).

Councilmember Trowbridge asked if this particular street is located within the Rockwall Historic District. He expressed that he would love for the city to consider a street name that might be more historical (in lieu of the one being proposed this evening). Mr. Boyd, Assistant City Manager, shared that staff can work with the subcommittee to explore other, possible (more historic) names. So, Council took no formal action pertaining to Consent Agenda item #7 at this time.

Mayor Pruitt addressed Action Item #3 next (Shores Park crosswalk item).

XI. APPOINTMENT ITEMS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Mayor Pruitt called the public meeting back to order at 7:53 p.m. Indication was given that this item was not needed, so it was not addressed by Council.

2. Appointment with representatives of the Downtown Rockwall Association to discuss proposed event schedule and potential street closures in downtown, and take any action necessary.

Tamara Desierto Kolleck
20 Intrepid Circle

Ms. Kolleck came forth and shared that she is currently the (new) President of the Downtown Rockwall Association (DRA). She loves downtown, and she recognizes and acknowledges that Rockwall's Farmer's Market has done a lot to lay a good foundation for downtown. She does not wish to see Farmers Market end. However, she would like to propose some new ideas that might help improve the downtown area and its businesses. She indicated that she is a fairly new business owner in the downtown area. She

went on to share a presentation with Council concerning the downtown area, including topics such as business turnover, months in which sales slow down, Recurring DRA events such as Cinco de Mayo, Scare on the Square, Rib Rub Run & Roll, and Hometown Christmas. She went on to explain that the DRA is asking for permission for four additional events that would have street closures. She went on to share details of these event ideas with Council.

Councilmember Trowbridge clarified his understanding that Ms. Kolleck is asking to utilize city owned parking spaces to charge a fee to those who visit. Ms. Kolleck affirmed that she is in fact asking to utilize public parking spaces to charge a fee, the monies of which would be considered a fundraiser that would be reinvested into the downtown area by the "DRA." Clarification also took place related to current members of the DRA and which of those businesses may or may not be in favor of the additional, proposed events that Mrs. Kolleck has explained this evening. Mayor Pruitt shared that he does not believe the city should be supporting events that close streets for things like car shows, food trucks or beer strolls. He explained that the public has the perception that, even if it is not a 'city sponsored' or 'city run' event, the city still assumes responsibility for it. Pruitt, Fowler and Johannesen all expressed concern about there being an apparent 'fracture' or disagreement among and between downtown business owners. Council members generally encouraged Ms. Kolleck to work together with all of the downtown businesses to become unified regarding existing and future proposed events.

Following his lengthy comments and expressions of concern, Mayor Pruitt made a motion to approve closure of the streets for the four key events that have historically been held downtown. Councilmember Daniels seconded the motion, which passed by a vote of 6 in favor with 1 absent (Hohenshelt).

Mayor Pruitt then addressed Appointment Item #3 next.

3. Appointment with the city's ART Commission Chairman to review artist's design for the public art fiberglass guitar project, and take any action necessary.

Judge Sweet, current Chairman of the city's ART Commission, came forth and introduced two of his fellow commission members, Kathleen Morrow and Doug Agee. He then briefed the Council on details related to this agenda item. Estimated ship date for the fiberglass guitars is currently mid-April. There will be a total of five (initial) guitars and five artists who will be working to make each of these five guitars unique. They will tie into the city's designation as the "Free Live Music Capital of North Texas." Artist renderings for each of the five guitars have been provided to the Council in their meeting packet. The five artists are local and will be volunteering their time and talents affix their individual, unique artwork on these guitars.

Following additional comments, council generally expressed support for moving forward. However, no formal action was taken by Council concerning this agenda item.

Mayor Pruitt addressed the Consent Agenda next.

XII. PUBLIC HEARING ITEMS

1. Hold a public hearing to discuss and consider an **ordinance** amending the Code or Ordinances in Ch. 44. Utilities; Article V. Water; Division 6. "Water Conservation" for the purpose of adopting a new Water Conservation Plan for the City, and take any action necessary. (**1st reading)**

City Engineer Amy Williams provided brief comments related to this public hearing item. Mayor Pruitt opened the public hearing, asking if anyone would like to come forth and speak at this time. There being no one indicating such, he then closed the public hearing. (See next agenda item)

2. Hold a public hearing to discuss and consider an **ordinance** amending the Code or Ordinances in Ch. 44. Utilities; Article V. Water; Division 7. "Drought Contingency & Water Emergency Response Plan" for the purpose of repealing it and adopting the "Water Resource and Emergency Management Plan" for the city, and take any action necessary. (**1st reading)**

Mayor Pruitt opened the public hearing, asking if anyone would like to come forth and speak at this time. There being no one indicating such, he then closed the public hearing.

He went on to share that he has looked into the legal requirements associated with this plan, and he has observed that the law is not very specific about what has to be included in the plan – it only requires that the city have one. He generally has concerns about limiting what residents can and cannot do with water (especially when they are paying for it) when the city is not in a drought. For example, he is not in favor of making citizens criminally responsible for washing their driveway when the city is not in a drought.

Councilmember Johannesen moved to approve the ordinances for Public Hearing Item #1 and #2. Councilmember Trowbridge seconded the motion. The two ordinances were read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 19-__

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 6. WATER CONSERVATION TO REPEAL DIVISION 6. IN ITS ENTIRETY AND REPLACE IT WITH A NEW DIVISION 6. TO REFLECT AN UPDATED WATER CONSERVATION PLAN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING AN EFFECTVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 19-__

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 7. DROUGHT CONTINGENCY AND WATER EMERGENCY RESPONSE PLAN TO REPEAL DIVISION 7. IN ITS ENTIRETY AND REPLACE IT WITH A NEW DIVISION 7. ADOPTING A WATER RESOURCE AND EMERGENCY MANAGEMENT PLAN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING AN EFFECTVE DATE.

The motion passed by a vote of 4 ayes, 2 nays (Daniels and Pruitt), and 1 absence (Hohenshelt). Councilmember Fowler shared that he would like for the Council to revisit these ordinances at some

point in the near future, as he believes that Mayor Pruitt expressed some valid concerns and posed some relevant questions. City Attorney Frank Garza shared that the Council may reconsider the ordinances between first and second reading, or it may do so at any time at a later date.

XIII. ACTION ITEMS

1. Discuss and consider the overall concept plan and proposed Phase I of the Harbor Urban Beach Park, and take any action necessary.

Park Director Andy Hesser came forth and addressed Council concerning this agenda item. He provided visual examples for the Council related to the outdoor stone game tables, the fitness obstacle course, the shade umbrellas for the beach area, play structures, Boccee Ball Court, volleyball courts, and seating nodes. He went on to share the various options and associated costs for items and amenities the Council may wish to include in "Phase I." General discussion took place among council members and staff related to the park's development, including possible submission of a grant application in December. Mr. Hesser explained that if the grant were to be awarded to the City, it is possible that up to $500k could be received (local match is required), but the city would not find out about its application status (if it gets awarded or not) until the following June. Mayor Pruitt asked for a visual and for the cost estimate related to building and funding the entire 'wish list' for this park. Mr. Hesser showed the Council the concept plan for the 'full wish list,' indicating that it would cost an estimated $850,000. Council members generally indicated support for staff working with the consultant to submit a $500,000 grant application in December to do the entire project.

Mayor Pruitt then made a motion to approve the concept plan that depicted the full project (including the restroom facility). Councilmember Daniels seconded the motion, which passed by a vote of 6 ayes with 1 absence (Hohenshelt).

2. Discuss and consider authorizing the City Manager to execute an agreement with Doliver Enterprises LLC dba HHW Solutions for the collection and disposal of household hazardous waste, and take any action necessary.

Mr. Doliver came forth and briefed the Council on this agenda item. Councilmember Fowler moved to approve Action Item #2. Councilmember Trowbridge seconded the motion, which passed by a vote of 6 ayes with 1 absence (Hohenshelt).

3. Discuss and consider Shores Park crosswalk assessment study, and take any action necessary.

Mayor Pruitt addressed this item following the Consent Agenda items. City Manager Rick Crowley provided brief, introductory comments related to this agenda item, thanking Rockwall Police Department Captain Ed Fowler for the work he put in on this study. Mr. Crowley went on to indicate that staff is recommending the Council consider authorizing the funding and installation of two crosswalks. Councilmember Trowbridge moved to approve the two crosswalks, as presented. Mayor Pruitt seconded the motion, which passed by a vote of 6 in favor with 1 absence (Hohenshelt). Mr. Crowley indicated that staff will order the equipment for the crosswalks and provide Council with an update on their future installation and associated timeline once that information is known.

Mayor Pruitt recessed the meeting for a break between 7:36 and 7:53 p.m.

4. Discuss and consider recommendations from the Council's Hotel Occupancy Tax Funding (HOT) Subcommittee, and take any action necessary.

City Manager Rick Crowley addressed the Council concerning this agenda item. Mayor Pruitt indicated that he would like to hold a fairly lengthy work session with staff and Council to discuss this topic in greater, more focused detail at a future council meeting. Following additional comments, Council took no action concerning this agenda item at this time.

5. Discuss and consider adoption of resolutions related to HB3535 / SB1152 and related to HB2439 / SB1266 and other legislative matters, and take any action necessary.

City Manager Rick Crowley provided brief, introductory comments to Council concerning this agenda item. Mayor Pruitt indicated that one of these bills - HB2439 - will essentially do away with a city's ability to have zoning regulations. After lengthy discussion, Mayor Pruitt moved to adopt the resolutions and work with staff on the final language for each of them. Councilman Trowbridge seconded the motion, which passed by a vote of 6 in favor with 1 absent (Hohenshelt).

XIV. CITY MANAGER'S REPORT, DEPARTMENTAL REPORTS AND RELATED DISCUSSIONS PERTAINING TO CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports

Fire Department Monthly Report - February 2019
GIS Monthly Report - February 2019
Harbor PD Monthly Report - February 2019
Internal Operations Department Monthly Report - February 2019
Police Department Monthly Activity Report - February 2019
Recreation Monthly Report - February 2019
Rockwall Animal Adoption Center Monthly Report - February 2019
STAR Transit Quarterly Report
STAR Transit Monthly Report - February 2019

2. City Manager's Report

These items were not addressed by Council, and no action was taken concerning them.

Mayor Pruitt recessed the public meeting at 8:37 p.m. to go back into Executive Session at 8:39 p.m. to discuss: Executive Session items # 2 and # 3 as shown below.

XV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding legal issues pertaining to potential annexation pursuant to Section §551.071 (Attorney/Client Consultation).
2. Discussion regarding purchase, acquisition, abandonment, sale or lease of real property in the vicinity of Rockwall Municipal Airport and Downtown pursuant to Section §551.072 (Real Property) and Section §551.071 (Consultation with Attorney).

3. Discussion regarding Breezy Hill Road pursuant to § Section 551.071 (Consultation with Attorney)
4. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board (interviews) - pursuant to Section 551.074 (Personnel Matters)
5. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

XVI. Reconvene Public Meeting & Take Any Action as Result of Executive Session

Council came out of Executive Session at 9:03 p.m. and took no action as a result of Executive Session.

XVII. Adjournment

Mayor Pruitt adjourned the meeting at 9:03 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 15TH DAY OF APRIL, 2019.

City of Rockwall
The New Horizon

MEMORANDUM

TO: City Council

FROM: Joey Boyd, Assistant City Manager

DATE: April 9, 2019

SUBJECT: Renaming of S. Nash Street

Sandie Wood, the property owner of 207 S. Nash Street, is requesting the City Council consider changing the name of this portion of the roadway. It is currently a vacant lot and the Wood family is planning to build a new residence on the site.

The reasons for their request are that the southern portion of Nash Street is separated from the northern section by several blocks. Furthermore, the Wood family has a special needs adult son living with them and they want to be able to have an address that is easy for him to remember and spell if he is ever separated from the family. There has also been an instance in the past where the Rockwall Fire Department had difficulty finding this property due to the separation of sections of Nash Street.

At the previous City Council meeting, the Naming Subcommittee (Council Members Hohenshelt, Macalik, and Daniels) was asked to consider a historically significant name for this street due to the proximity to the historic district. The Subcommittee recommends Wade Drive in recognition of Terry Utley Wade, one of the discoverers of the rock wall formation in 1852.

The attached map shows the distance between the sections of Nash Street and the block under consideration is shown in red. A Resolution formally renaming this street is attached for review and consideration by the City Council.

26

CITY OF ROCKWALL, TEXAS
RESOLUTION NO. 19-10

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, NAMING A CERTAIN ROADWAY WITHIN THE CITY OF ROCKWALL, TEXAS; PROVIDING AN EFFECTIVE DATE.

WHEREAS, a southern portion of Nash Street is separated from the northern section by several blocks; and

WHEREAS, the property owners of 207 S. Nash Street have plans to build a new residential home on this vacant land and are requesting to change the name of the 200 block of S. Nash Street; and

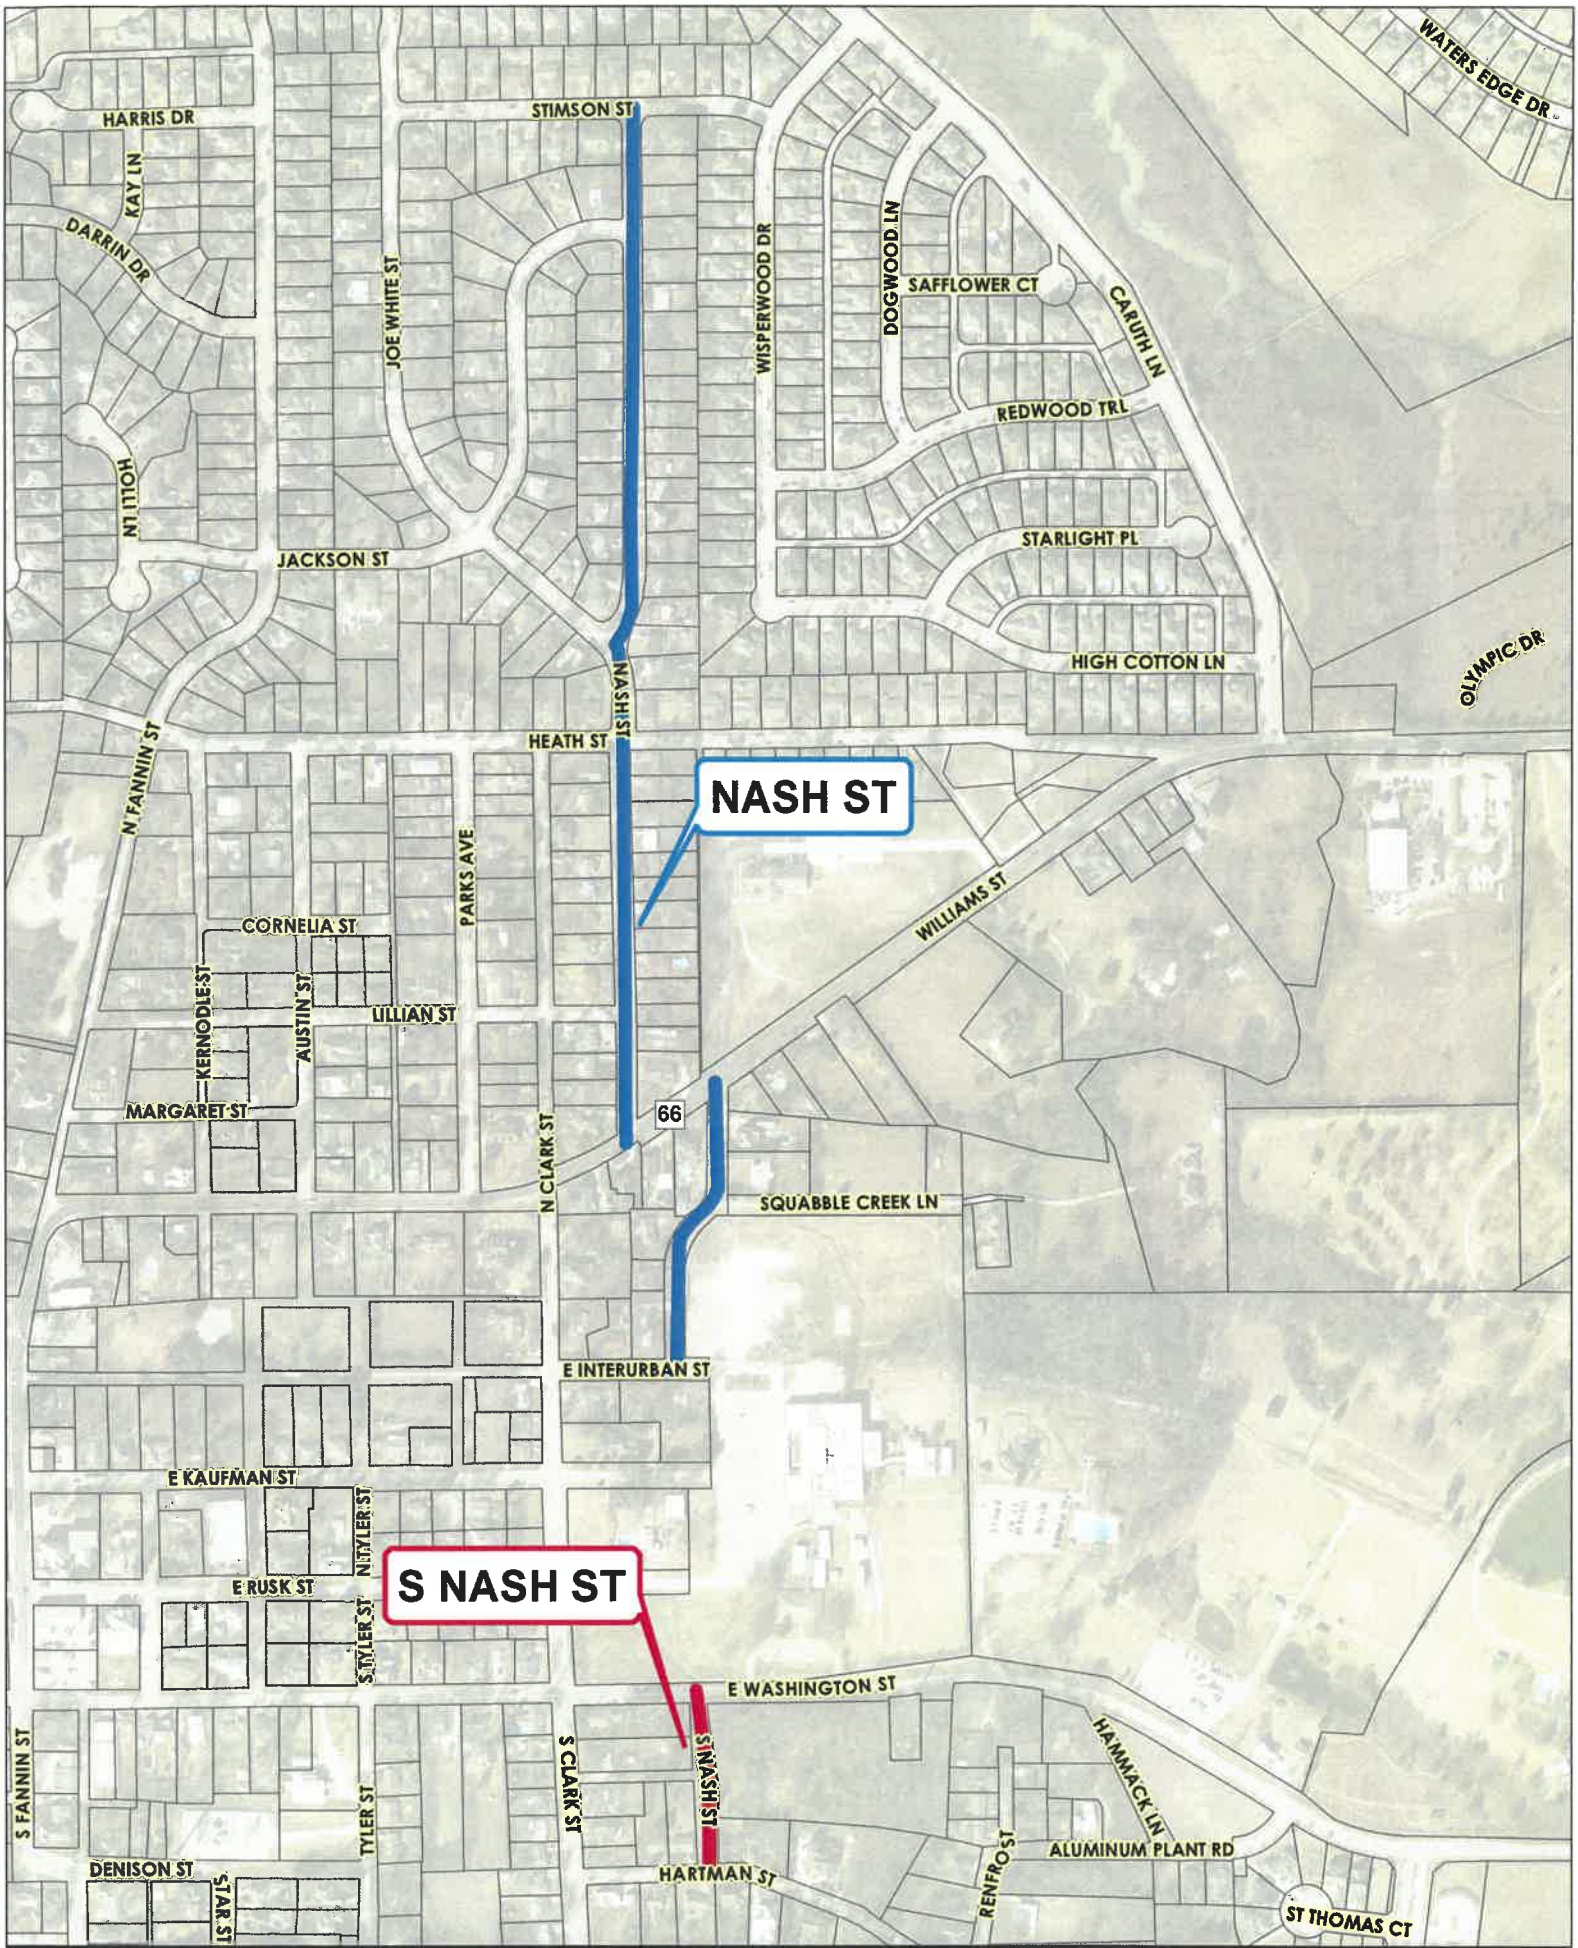
WHEREAS, the 200 block of South Nash Street has a proximity to the historic district of Rockwall; and

WHEREAS, Terry Utley Wade was a discoverer of the rock wall formation in 1852 and the City Council wishes to recognize Mr. Wade's historic contribution; and

WHEREAS, the Rockwall City Council believes said naming to be in the best interest of the public;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the 200 block of South Nash Street from E. Washington Street south to Hartman Street shall hereafter be designated as Wade Drive, a map of which is attached hereto and incorporated for all intents and purposes as **"Exhibit A;"**



Section 2. That this resolution shall take effect immediately from and after its adoption and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THIS 15th DAY OF APRIL, 2019.

29

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Honorable Mayor and City Council**

CC: **Rick Crowley, City Manager**
Joey Boyd, Assistant City Manager
Mary Smith, Assistant City Manager

FROM: **Andy Hesser, Director of Parks and Recreation**

DATE: **April 11, 2019**

SUBJECT: **EMERGENCY PUMP REPLACEMENT**

Part of The Harbor fountain system includes two 25 horsepower (HP) pumps submerged in the lake that supplies circular water flow for the waterfall feature (see attached photo). The FY 2019 approved $18,000 to replace one of the two pumps that failed. In order to replace or repair the pumps a crane and a team of divers have to work to disconnect it and hoist it onto land.

Once the pump system was on land and diagnosed, it was determined through an amperage draw test that the second pump was also beyond repair and near failure. Due to the cost and effort to remove and reset the pump system in the lake it was recommended that the second pump be replaced to restore full functionality of the waterfall. Both pumps are the original equipment that were installed in 2006.

Due to the specialty of the type of work and equipment only one company responded to bid requests, Control Specialists LP. This company is a registered Buyboard purchasing cooperative vendor and has also successfully supplied the City's Public Works department with pump repair and replacement services in the past.

Staff requests that Council consider approving this purchase in an amount not to exceed $38,000. Of that amount, $18,000 was originally approved in the FY 2019 budget for one pump, the balance of that would come from General Fund Reserves.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	April 15, 2019
APPLICANT:	Kevin Patel; *Triangle Engineering*
CASE NUMBER:	P2019-016; *Lot 2, Cain Properties No. 1 Addition*

SUMMARY

Consider a request by Kevin Patel of Triangle Engineering, LLC for the approval of a replat for Lot 2 of the Cain Properties #1 Addition being a 1.233-acre parcel of land identified as a portion of Lot 1 and Lot 1R of the Cain Properties #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, located north of the intersection of S. Goliad Street [*SH-205*] and Storrs Street, and take any action necessary.

PLAT INFORMATION

☑ The applicant is requesting to replat a 1.233-acre parcel of land (*i.e. Lot 1-R, Cain Properties No. 1 Addition*) located within the SH-66 Overlay (SH-66 OV) District. The purpose of the replat is to establish the necessary easements (*i.e. 24-foot firelane, public access, and utility easements*) in order to develop the lot as Lot 2, Cain Properties No. 1 Addition.

☑ On August 20, 2018, the City Council approved S-194 [*Ordinance No. 18-34*] allowing a *Craft Brewery* on the subject property.

☑ On December 11, 2018, the Planning and Zoning Commission approved a site plan [*Case No. SP2018-038*] for the purpose of constructing an approximately 11,931 SF Craft Brewery (*i.e. Siren Rock Brewery*) on the subject property.

☑ That portion of property belonging to the State of Texas (*i.e. TxDOT right-of-way*) and depicted as being within the boundary of the subject property is required to be purchased. This has been included as a condition of approval of the plat.

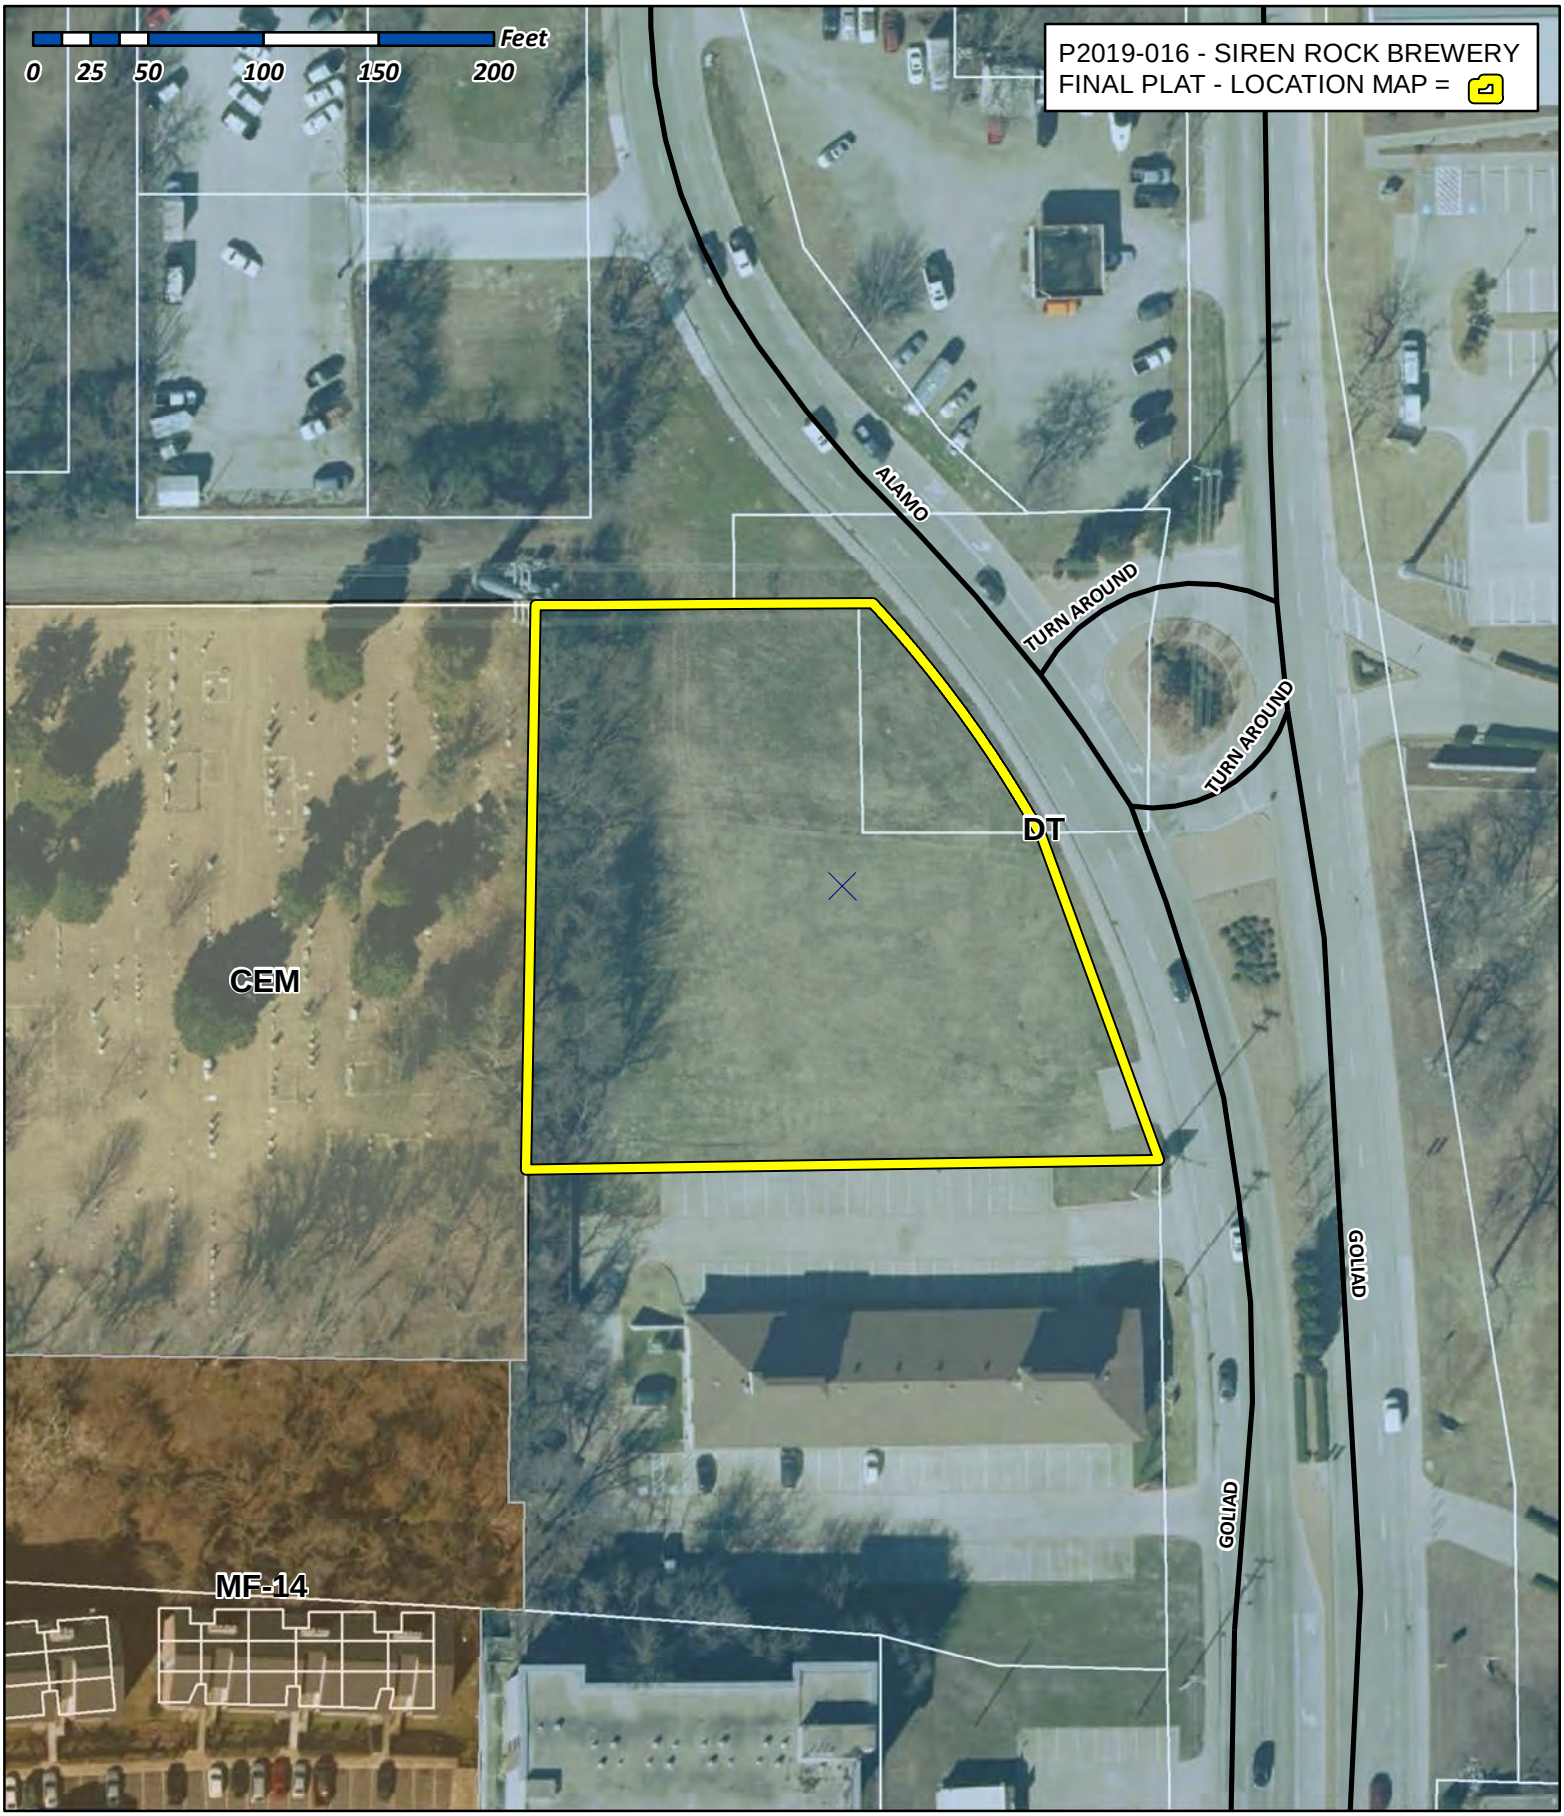
☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

CONDITIONS OF APPROVAL

If the City Council chooses to approve of the replat for *Lot 2, Cain Properties No. 1 Addition,* staff would propose the following conditions of approval:



(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) The portion of the property that currently exists as Texas Department of Transportation (TXDOT) right-of-way will need to be purchased prior to filing of the final plat for the subject property. A copy of the deed will be required to be submitted once the sales transaction has been completed; and,

(3) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On April 9, 2019, the Planning and Zoning Commission's motion to recommend approval of the replat for *Lot 2, Cain Properties No. 1 Addition* with staff conditions passed by a vote of 7 to 0.

GENERAL NOTES

1) Any structure new or existing may not extend across new property lines.

2) The purpose of this plat is to define easements conditional to new development.

3) Basis of bearing determined by Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 (2011).

4) Coordinates shown are Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 on Grid Coordinate values, No Scale, No Projection

5) It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

OWNER'S CERTIFICATE

WHEREAS Cain Family Partnership, LTD.is the sole owner of a tract of land located in the N.F. BOYDSTUN SURVEY, Abstract No. 14, City of Rockwall, Rockwall County, Texas, and being a portion of Lot 1-R, of the Replat of Cain Properties No. 1, an addition to the City of Rockwall, Rockwall County, Texas, according to the plat thereof, recorded in Cabinet C, Slide 138, Plat Records, Rockwall County, Texas, and being the same tract of land described in deed to Cain Family Partnership, LTD., recorded in Volume 2379, Page 165, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

Beginning at a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set in the West line of State Highway No. 205, (Goliad Street), a variable width right-of-way, at the Northeast corner of Lot 1-RA, of said Replat of Cain Properties No. 1;

Thence South 89°41'12" West, a distance of 269.45' to a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set in the East line of City of Rockwall Cemetery, at the Northwest corner of said Lot 1-RA;

Thence North 00°20'48" East, along said East line, a distance of 250.05' to a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set at the interior 'ell' corner of said City of Rockwall Cemetery, same being the Northeast corner of Lot 1-R;

Thence North 89°41'09" East, a distance of 140.00' to a 1/2" iron rod found at the interior 'ell' corner of a tract of land described in deed to the State of Texas, recorded in Instrument No. 2007-00380306, Official Public Records, Rockwall County, Texas;

Thence South 00°19'31" East, a distance of 10.36' to a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set for corner at the beginning of a non-tangent curve to the right, having a central angle of 12°11'32", a radius of 515.62', and a chord bearing and distance of South 35°27'40" East, 109.51';

Thence Southeasterly, along said curve to the right, an arc distance of 109.72' to a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set for corner;

Thence North 89°40'29" East, a distance of 14.40' to an "X" found at the Southwest interior corner of said State of Texas tract;

Thence South 18°25'49" East, along said present right-of-way, a distance of 157.96' to the PLACE OF BEGINNING and containing 53,716 square feet or 1.233 acres of land.

SURVEYOR'S CERTIFICATE

THAT I, John S. Turner, do hereby certify that I prepared this amending plat from an actual survey on the land and that the corner monuments shown thereon were found and/or properly placed under my personal supervision in accordance with the Platting Rules and Regulations of the Planning and Zoning Commission of the City of Rockwall, Texas.

Witness my hand at Mesquite, Texas,
This _____ day of _____, 20__.

_____
Notary Public in and for the State of Texas

OWNER'S DEDICATION

STATE OF TEXAS
COUNTY OF ROCKWALL

That, Cain Family Partnership, LTD., acting herein by and through its duly authorized officer, does hereby certify and adopt this Replat designating the herein above described property as ***LOT 1-R-2, CAIN PROPERTIES NO. 1*** to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (*we*) further certify that all other parties who have a mortgage or lien interest in the Cain Family Partnership, LTD. have been notified and signed this plat.
I (*we*) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.
7. All drainage and detention on site will be maintained, repaired, and replaced by the property owner.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

EXISTING TREE NOTES

1. *Existing trees to remain shall be protected during construction from tree structure damage and compaction of soil under and around dripline (canopy) of tree.*
2. *If any root structure is damaged during adjacent excavation/construction, notify the Architect immediately. It is recommended that a licensed Arborist be secured for the treatment of any possible tree wounds.*
3. *No disturbance of the soil greater than 4" shall be located closer to the tree trunk than 1/2 the distance of the drip line to the tree trunk. A minimum of 75% of the drip line and root zone shall be preserved at natural grade.*
4. *Any fine grading done within the critical root zones of the protected trees must be done with light machinery such as a bobcat or light tractor. No earth moving equipment with tracks is allowed within the critical root zone of the trees.*
5. *Material Storage: No materials intended for use in construction or waste materials accumulated due to excavation or demolition shall be placed within the limits of the dripline of any tree.*
6. *Equipment Cleaning/Liquid Disposal: No equipment may be cleaned, toxic solutions, or other liquid chemicals shall be deposited within the limits of the dripline of a tree. This would include but not be limited to paint, oil, solvents, asphalt, concrete, mortar, primers, etc.*
7. *Tree Attachments: No signs, wires or other attachments, other than those of a protective nature shall be attached to any tree.*
8. *Vehicular Traffic: No vehicular and construction equipment traffic or parking is allowed within the limits of the dripline of trees.*
9. *Boring of Utilities: May be permitted under protected trees in certain circumstances. The minimum length of the bore shall be the width of the tree's canopy and shall be a minimum depth of forty-eight (48") inches.*
10. *Trenching: Any irrigation trenching which must be done within the critical root zone of a tree shall be dug by hand and enter the area in a radial manner.*
11. *Tree Flagging: All trees to be removed from the site shall be flagged by the Contractor with bright red vinyl tape (3" width) wrapped around the main trunk at a height of four (4') feet above grade. Flagging shall be approved by Landscape Architect prior to any tree removal. Contractor shall contact Landscape Architect with 72 hour notice to schedule on-site meeting.*
12. *Protective Fencing: All trees to remain, as noted on drawings, shall have protective fencing located at the tree's dripline. The protective fencing may be comprised of snow fencing, orange vinyl construction fencing, chain link fence or other similar fencing with a four (4') foot approximate height. The protective fencing will be located as indicated on the Tree Protection Detail(s).*
13. *Bark Protection: In situations where a tree remains in the immediate area of intended construction, the tree shall be protected by enclosing the entire circumference of the tree's trunk with lumber encircled with wire or other means that does not damage the tree. Refer to Tree Protection Detail(s).*
14. *Construction Pruning: In a case where a low hanging limb is broken during the course of construction, the Contractor shall notify the Landscape Architect immediately. In no instance shall the Contractor prune any portion of the damaged tree without the prior approval by the Landscape Architect.*

GENERAL LAWN NOTES

1. FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS INDICATED ON CIVIL PLANS.
2. ADJUST C. NTOURS TO ACHIEVE P. SITIVE DRAINAGE AWAY FROM BUILDIN. S. PR. VIDE UNIF. RM FROM UNDIN. AT TO P AND BACK OF SIDEWALK. PES AND OTHER BREAKS IN GRADE. CORRECT IRREGULARITIES AND AREAS WHERE WATER MAY STAND.
3. ALL LAWN AREAS TO RECEIVE S. LID S. D SHALL BE LEFT IN A MAXIMUM OF 1" BELOW FINISH GRADE. CONTRACTOR TO MAINTAIN ALL PERMANENT VEGETATION WITHIN ADJACENT RIGHT-OF-WAY AND ON SITE CONSTRUCTION MANAGER OR ARCHITECT PRIOR TO INSTALLATION.
4. IMPORTED TOPSOIL SHALL BE NATURAL, FRIABLE SILTY LOAM FREE FROM THE FOLLOWING: NOXIOUS WEEDS, GRASS, ROOTS, STUMPS, STONES LARGER THAN 1" IN ANY DIMENSION, LUMPS, CLAY, TOXIC SUBSTANCES, REFUSE, DEBRIS, VEGETATION, STICKS, STONES, AND OTHER EXTRANEOUS MATERIALS HARMFUL TO PLANT GROWTH.
5. *ALL LAWN AREAS TO BE FINE GRADED, IRRIGATION TRENCHES COMPLETELY SETTLED, AND FINISH GRADE APPROVED BY THE OWNER'S CONSTRUCTION MANAGER OR ARCHITECT PRIOR TO INSTALLATION.*
6. *ALL ROCKS 3/4" DIAMETER AND LARGER, DIRT CLODS, STICKS, CONCRETE SPOILS, ETC. SHALL BE REMOVED PRIOR TO PLACING TOPSOIL AND ANY LAWN INSTALLATION*
7. CONTRACTOR SHALL PROVIDE 1" MINIMUM INCH OF IMPORTED TOPSOIL IN ALL AREAS TO RECEIVE LAWN.

SOLID SOD NOTES

1. FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS INDICATED. LEAVE AREAS TO RECEIVE TOPSOIL 3" BELOW FINISH GRADE DESIRED IN PLANTING AREAS AND 1" BELOW FINISH GRADE IN TURF AREAS.
2. ADJUST C. NTOURS TO ACHIEVE P. SITIVE DRAINAGE AWAY FROM BUILDIN. S. PR. VIDE UNIF. RM FROM UNDIN. AT TOP AND BACK OF SIDEWALK. PES AND OTHER BREAKS IN GRADE. CORRECT IRREGULARITIES AND AREAS WHERE WATER MAY STAND.
3. ALL LAWN AREAS TO RECEIVE S. LID S. D SHALL BE LEFT IN A MAXIMUM OF 1" BELOW FINISH GRADE. CONTRACTOR TO MAINTAIN ALL PERMANENT VEGETATION WITHIN ADJACENT RIGHT-OF-WAY AND ON SITE CONSTRUCTION MANAGER OR ARCHITECT PRIOR TO INSTALLATION.
4. CONTRACTOR TO PROVIDE WITH AN IRRIGATION SYSTEM AND SHALL INCLUDE RAIN AND FREEZE SENSORS.
5. PLANT S. D BY HAND TO COVER INDICATED AREA COMPLETELY. INSURE EDGES OF S. D ARE TOUCHING EACH OTHER AND PRESSED INTO SOIL BY HAND WITH TOPSOIL. FILL VOIDS.
6. ROLL GRASS AREAS TO ACHIEVE A SMOOTH, EVEN SURFACE, FREE FROM UNNATURAL UNDULATIONS.
7. WATER S. D THOROUGHLY AS S. D PERMITTED ON PREVAILING SOIL CONDITIONS.
8. CONTRACTOR SHALL MAINTAIN ALL LAWN AREAS UNTIL FINAL ACCEPTANCE. THIS SHALL INCLUDE, BUT NOT LIMITED TO MOWING, WATERING, WEEDING, CULTIVATING, CLEANING AND REPLACING DEAD OR BARE AREAS TO KEEP PLANTS IN A VIGOROUS, HEALTHY CONDITION.
9. CONTRACTOR SHALL GUARANTEE ESTABLISHMENT OF AN ACCEPTABLE TURF AREA AND SHALL PROVIDE REPLACEMENT FROM MULCH AS NECESSARY.
10. IF INSTALLATION OCCURS BETWEEN SEPTEMBER 1 AND MARCH 1, ALL S. D AREAS TO BE OVERSEEDED WITH WINTER RYEGRASS, AT A RATE OF 4 POUNDS PER 1000 SQUARE FEET.

LANDSCAPE NOTES

1. CONTRACTOR SHALL VERIFY ALL EXISTING AND PROPOSED SITE ELEMENTS AND NOTIFY ARCHITECT OF ANY DISCREPANCIES. SURVEY DATA OF EXISTING CONDITIONS WAS SUPPLIED BY OTHERS.
2. CONTRACTOR SHALL LOCATE ALL EXISTING UNDERGROUND UTILITIES AND NOTIFY ARCHITECT OF ANY CONFLICTS. CONTRACTOR SHALL EXERCISE CAUTION WHEN WORKING IN THE VICINITY OF UNDERGROUND UTILITIES.
3. CONTRACTOR IS RESPONSIBLE FOR OBTAINING ALL REQUIRED LANDSCAPE AND IRRIGATION PERMITS.
4. CONTRACTOR TO PROVIDE A MINIMUM 2" SLOPE AWAY FROM ALL STRUCTURES.
5. ALL PLANTING BEDS AND LAWN AREAS TO BE SEPARATED BY STEEL EDGING UNLESS NOTED OTHERWISE.
6. ALL LANDSCAPE AREAS TO BE 100% IRRIGATED WITH AN UNDERGROUND AUTOMATIC IRRIGATION SYSTEM AND SHALL INCLUDE RAIN AND FREEZE SENSORS.
7. ALL LAWN AREAS TO BE SOLID SOD BERMUDA GRASS, UNLESS OTHERWISE NOTED IN THE DRAWING.

SECTION 02900 - LANDSCAPE

PART 1 - GENERAL

1.1 REFERENCED DOCUMENTS

Refer to bidding requirements, special provisions, and schedules for additional requirements.

1.2 DESCRIPTION OF WORK

Work included: Furnish all supervision, labor, materials, services, equipment and appliances required to complete the work covered in conjunction with the landscaping covered in these specifications and landscaping plans, including:

1. Planting (trees, shrubs, and grass)
2. Bed preparation and fertilization
3. Notification of sources
4. Water and Maintenance until final acceptance
5. Guarantee

1.3 REFERENCE STANDARDS

A. American Standard for Nursery Stock published by American Association of Nurserymen: 27 October 1980, Edition; by American National Standards Institute, Inc. (Z60.1) – plant material.

B. American Joint Committee on Horticultural Nomenclature: 1942 Edition of Standardized Plant Names.

C. Texas Association of Nurserymen, Grades and Standards.

D. Hortis Third, 1976 - Cornell University

1.4 NOTIFICATION OF SOURCES AND SUBMITTALS

A. The Contractor shall, within ten (10) days following acceptance of bid, notify the Architect/Owner of the sources of plant materials and bed preparation required for the project.

B. Samples: Provide representative quantities of sandy loam soil, mulch, bed mix material, gravel, and crushed stone. Samples shall be approved by Architect before use on project.

C. Product Data: Submit complete product data and specifications on all other specified materials.

D. Submit three representative samples of each variety of ornamental trees, shrubs, and groundcover plants for Architect's approval. When approved, tag, install, and maintain as representative samples for final installed plant materials.

E. File Certificates of Inspection of plant material by state, county, and federal authorities with Architect, if required.

F. Soil Analysis: Provide sandy loam soil analysis if requested by the Architect.

PART 3 - EXECUTION

3.1 BED PREPARATION & FERTILIZATION

A. Landscape Contractor to inspect all existing conditions and report any deficiencies to the Owner.

B. All planting areas shall be conditioned as follows:

1. Prepare new planting beds by scraping away existing grass and weeds as necessary. Till existing soil to a depth of six (6") inches prior to placing compost and fertilizer. Apply fertilizer as per manufacturers recommendations. Add six (6") inches of compost and till into a depth of six (6") inches of the topsoil. Apply organic fertilizer such as Sustane or Green Sense at the rate of twenty (20) pounds per one thousand (1,000) square feet.
2. All planting areas shall receive a two (2") inch layer of specified mulch.
3. Backfill for tree pits shall be as follows: Use existing top soil on site (use imported topsoil as needed) free from large clumps, rocks, debris, caliche, subsoils, etc., placed in nine (9") inch layers and watered in thoroughly.

C. Grass Areas:

1. Areas to be Solid Sod Bermudagrass: Blocks of sod should be laid joint to joint, (staggered joints) after fertilizing the ground first. Roll grass areas to achieve a smooth, even surface. The joints between the blocks of sod should be filled with topsoil where they are evidently gaped open, then watered thoroughly.
2. Areas to be Hydromulch Common Bermudagrass: Hydromulch with bermudagrass seed at a rate of two (2) pounds per one thousand (1,000) square feet. Use a 4' x 8' batter board against the bed areas.

3.2 INSTALLATION

A. Maintenance of plant materials shall begin immediately after each plant is delivered to the site and shall continue until all construction has been satisfactorily accomplished.

B. Plant materials shall be delivered to the site only after the beds are prepared and area ready for planting. All shipments of nursery materials shall be thoroughly protected from the drying winds during transit. All plants which cannot be planted at once, after delivery to the site, shall be well protected against the possibility of drying by wind and sun. Balls of earth of B & B plants shall be kept covered with soil or other acceptable material. All plants remain the property of the Contractor until final acceptance.

C. Position the trees and shrubs in their intended location as per plan.

D. Notify the Landscape Architect for inspection and approval of all positioning of plant materials.

E. Excavate pits with vertical sides and horizontal bottom. Tree pits shall be large enough to permit handling and planting without injury to balls of earth or roots and shall be of such depth that, when planted and settled, the crown of the plant shall bear the same relationship to the finish grade as it did to soil surface in original place of growth.

JOB CONDITIONS

A. General Contractor to complete the following punch list: Prior to Landscape Contractor initiating any portion of landscape installation, General Contractor shall leave planting bed areas three (3") inches below finish grade of sidewalks, drives and curbs as shown on the drawings. All lawn areas to receive solid sod shall be left one (1") inch below the finish grade of sidewalks, drives, and curbs. All construction debris shall be removed prior to Landscape Contractor beginning any work.

B. General Contractor shall provide topsoil as described in Section 02200 - Earthwork.

C. Storage of materials and equipment at the job site will be at the risk of the Landscape Contractor. The Owner cannot be held responsible for theft or damage.

1.6 MAINTENANCE AND GUARANTEE

A. Maintenance:

1. The Landscape Contractor will be held responsible for the maintenance of all work from the time of planting until final acceptance by the Owner. No trees, shrubs, groundcover or grass will be accepted unless they show a healthy growth and satisfactory foliage conditions.
2. Maintenance shall include watering of trees and plants, cultivation, weeding spraying, edging, pruning of trees, mowing of grass, cleaning up and all other work necessary of maintenance.
3. A written notice requesting final inspection and acceptance should be submitted to the Owner at least seven (7) days prior to completion. An on-site inspection by Owner and Landscape Contractor will be completed prior to written acceptance.
4. After final acceptance of installation, the Landscape Contractor will not be required to do any of the above listed work.

B. Guarantee:

1. Trees shall be guaranteed for a twelve (12) month period after acceptance. Shrubs and groundcover shall be guaranteed for twelve (12) months. The Contractor shall replace all dead materials as soon as weather permits and upon notification of the Owner. Plants, including trees, which have partially died so that shape, size, or symmetry has been damaged, shall be considered subject to replacement. In such cases, the opinion of the Owner shall be final.
   a. Plants used for replacement shall be of the same size and kind as those originally planted and shall be planted as originally specified. All work, including materials, labor and equipment used in replacements, shall carry a twelve (12) month guarantee. Any damage, including ruts in lawn or bed areas, incurred as a result of making replacements shall be immediately repaired.
   b. At the direction of the Owner, plants may be replaced at the start of the next year's planting season. In such cases, dead plants shall be removed from the premises immediately.
   c. When plant replacements are made, plants, soil mix, fertilizer and mulch are to be utilized as originally specified and reinspected for full compliance with Contract requirements. All replacements are to be included under "Work" of this section.

F. Shrub and tree pits shall be no less than two (2') feet, twenty-four (24") inches, wider than the lateral dimension of earth ball and six (6") inches deeper than it's vertical dimension. Remove and haul from site all rocks and stones over one (1") inch in diameter. Plants should be thoroughly moist before removing containers.

G. Dig a wide, rough sided hole exactly the same depth as the height of the ball, especially at the surface of the ground. The sides of the hole should be rough and jagged, never slick or glazed.

H. Percolation Test: Fill the hole with water. If the water level does not percolate within 24 hours, the tree needs to move to another location or have drainage added. Install a PVC stand pipe per tree planting detail as approved by the Landscape Architect.

I. Backfill only with 5 parts existing soil or sandy loam and 1 part bed preparation. When the hole is dug in solid rock, topsoil from the same area should not be used. Carefully settle by watering to prevent air pockets. Remove the burlap from the top 1/3 of the ball, as well as all nylon, plastic string and wire mesh. Container trees will usually be pot bound, if so follow standard nursery practice of 'root scoring'.

J. Do not wrap trees.

K. Do not over prune.

L. Mulch the top of the ball. Do not plant grass all the way to the trunk of the tree. Leave the area above the top of the ball and mulch with at least two (2") inches of specified mulch.

M. All plant beds and trees to be mulched with a minimum settled thickness of two (2") inches over the entire bed or pit.

N. Obstruction below ground: In the event that rock, or underground construction work or obstructions are encountered in any plant pit excavation work to be done under this section, alternate locations may be selected by the Owner. Where locations cannot be changed, the obstructions shall be removed to a depth of not less than three (3') feet below grade and no less than six (6") inches below the bottom of ball when plant is properly set at the required grade. The work of this section shall include the removal from the site of such rock or underground obstructions encountered at the cost of the Landscape Contractor.

O. Trees and large shrubs shall be staked as site conditions require. Position stakes to secure tree against seasonal prevailing winds.

P. Pruning and Mulching: Pruning shall be directed by the Architect and shall be pruned in accordance with standard horticultural practice following Fine Pruning, Class I pruning standards provided by National Arborist Association.

1. Dead wood or suckers and broken badly bruised branches shall be removed. General tipping of the branched is not permitted. Do not cut terminal branches.
2. Pruning shall be done with clean, sharp tools.
3. Immediately after planting operations are completed, all tree pits shall be covered with a layer of organic material two (2") inches in depth. This limit of the organic material

Q. Steel Curbing Installation:

1. Curbing shall be aligned as indicated on plans. Stake out limits of steel curbing and obtain Owners approval prior to installation.
2. All steel curbing shall be free of kinks and abrupt bends.
3. Top of curbing shall be 3/4" maximum height above grade.
1. Stakes are to be installed on the planting bed side of the curbing, as opposed to the grass side.
2. Do not install steel edging along sidewalks.
3. Cut steel edging at 45 degree angle where edging meets sidewalk.

3.3 CLEANUP AND ACCEPTANCE

A. Cleanup: During the work, the premises shall be kept neat and orderly at all times. Storage areas for all materials shall be so organized that they, too, are neat and orderly. All trash and debris shall be removed from the site as work progresses. Keep paved areas clean by sweeping or hosing at end of each days work.

END OF SECTION

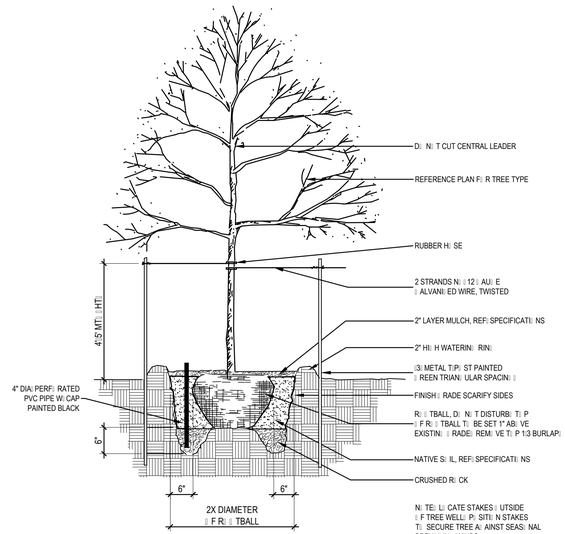
2. The Owner agrees that for the guarantee to be effective, he will water plants at least twice a week during dry periods and cultivate beds once a month after final acceptance.
3. The above guarantee shall not apply where plants die after acceptance because of injury from storms, hail, freeze, insects, diseases, injury by humans, machines or theft.
4. Acceptance for all landscape work shall be given after final inspection by the Owner provided the job is in a completed, undamaged condition, and there is a stand of grass in all lawn areas. At this time, the Owner will assume maintenance on the accepted work.

C. Repairs: Any necessary repairs under the Guarantee must be made within ten (10) days after receiving notice, weather permitting, and in the event the Landscape Contractor does not make repairs accordingly, the Owner, without further notice to Contractor, may provide materials and men to make such repairs at the expense of the Landscape Contractor.

1.7 QUALITY ASSURANCE

A. General: Comply with applicable Federal, State, County and Local regulations governing landscape materials and work

B. Personnel: Employ only experienced personnel who are familiar with the required work. Provide full time supervision by a qualified foreman acceptable to Landscape Architect.



C. Selection of Plant Material:

1. Make contact with suppliers immediately upon obtaining notice of contract acceptance to select and book materials. Develop a program of maintenance (pruning and fertilization) which will insure the purchased materials will meet and/or exceed project specifications.
2. Landscape Architect will provide a key identifying each tree location on site. Written verification will be required to document material selection, source and delivery schedules to site.
3. Owner and/or Architect shall inspect all plant materials when reasonable at place of growth for compliance with requirements for genus, species, cultivar/variety, size and quality.
4. Owner and/or Architect retains the right to further inspect all plant material upon arrival at the site and during installation for size and condition of root balls, limbs, branching habit, insects, injuries, and latent defects.
5. Owner and/or Architect may reject unsatisfactory or defective material at any time during the process of work. Remove rejected materials from the site immediately. Plants damaged in transit or at job site shall be rejected.

1.8 PRODUCT DELIVERY, STORAGE AND HANDLING

A. Preparation:

1. Balled and Burlapped (B&B) Plants: Dig and prepare shipment in a manner that will not damage roots, branches, shape, and future development.
2. Container Grown Plants: Deliver plants in rigid container to hold ball shape and protect root mass.

01 TREE PLANTING DETAIL
N: T T: SCALE

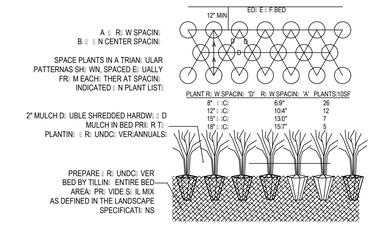
A. Delivery:

1. Deliver packaged materials in sealed containers showing weight, analysis and name of manufacturer. Protect materials from deterioration during delivery and while stored at site.
2. Deliver only plant materials that can be planted in one day unless adequate storage and watering facilities are available on job site.
3. Protect root balls by heeling in with sawdust or other approved moisture retaining material if not planted within 24 hours of delivery.
4. Protect plants during delivery to prevent damage to root balls or desiccation of leaves. Keep plants moist at all times. Cover all materials during transport.
5. Notify Architect of delivery schedule 72 hours in advance so plant material may be observed upon arrival at job site.
6. Remove rejected plant material immediately from site.
7. To avoid damage or stress, do not lift, move, adjust to plumb, or otherwise manipulate plants by trunk or stems.

PART 2 - PRODUCTS

2.1 PLANTS

A. General: Well-formed No. 1 grade or better nursery grown stock. Listed plant heights are from tops of root balls to nominal tops of plants. Plant spread refers to nominal outer width of the plant, not to the outer leaf tips. Plants will be individually approved by the Architect and his decision as to their acceptability shall be final.



B. Quantities: The drawings and specifications are complimentary. Anything called for on one and not the other is as binding as if shown and called for on both. The plant schedule is an aid to bidders only. Confirm all quantities on plan.

C. Quality and size: Plant materials shall conform to the size given on the plan, and shall be healthy, symmetrical, well-shaped, full branched, and well rooted. The plants shall be free from injurious insects, diseases, injuries to the bark or roots, broken branches, objectionable disfigurements, insect eggs and larvae and are to be of specimen quality.

D. Approval: All plant materials shall be subject to the approval of the Owner. All plants which are found unsuitable in growth, or in any unhealthy, badly shaped, or undersized condition, will be rejected by the Landscape Architect, either before or after planting, and shall be removed at the expense of the Landscape Contractor and replaced with acceptable plants as specified.

E. Trees shall be healthy, full-branched, well-shaped and shall meet the trunk diameter and height requirements of the plant schedule. Balls shall be firm, neat, slightly tapered, and well wrapped in burlap. Any tree loose in the ball or with broken ball at time of planting will be rejected. Balls shall be ten (10") inched in diameter for each one (1") inch of trunk diameter, Measured six (6") inched above ball.
Nomenclature conforms to the customary nursery usage: for clarification, the term "multi-trunk" defines a plant having three (3) or more trunks of nearly equal diameter.

F. Pruning: All pruning of trees and shrubs, as directed by the Landscape Architect, shall be executed by the Landscape Contractor at no additional cost to the Owner.

02 GROUNDCOVER PLANTING DETAIL
N: T T: SCALE

2.2 SOIL PREPARATION MATERIALS

A. Sandy Loam:

1. Friable, fertile, dark, loamy soil, free of clay lumps, subsoil, stones and other extraneous material and reasonably free of weeds and foreign grasses. Loam containing Dallasgrass or Nutgrass shall be rejected.
2. Physical properties as follows:
   Clay – between 7-27 percent
   Silt – between 15-25 percent
   Sand – less than 52 percent
3. Organic matter shall be 3%-10% of total dry weight.
4. If requested, provide a certified soil analysis conducted by an approved soil testing laboratory verifying that sandy loam meets the above requirements.

B. Organic Material: Compost with a mixture of 80% vegetative matter and 20% animal waste. Ingredients should be a mix of course and fine textured material.

C. Premixed Bedding Soil as supplied by Vital Earth Resources, Gladewater, Texas; Professional Bedding Soil as supplied by Living Earth Technology, Dallas, Texas or Acid Gro Municipal Mix as supplied by Soil Building Systems, Dallas, Texas or approved equal.

D. Sharp Sand: Sharp sand must be free of seeds, soil particles and weeds.

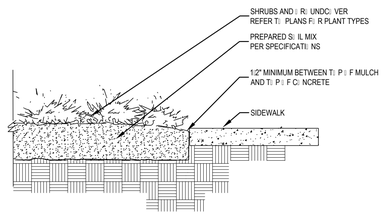
E. Mulch: Double Shredded Hardwood Mulch, partially decomposed, dark brown. Living Earth Technologies or approved equal.

F. Organic Fertilizer: Fertilaid, Sustane, or Green Sense or equal as recommended for required applications. Fertilizer shall be delivered to the site in original unopened containers, each bearing the manufacturer's guaranteed statement of analysis.

A. Commercial Fertilizer: 10-20-10 or similar analysis. Nitrogen source to be a minimum 50% slow release organic Nitrogen (SCU or UF) with a minimum 8% sulphur and 4% iron, plus micronutrients.

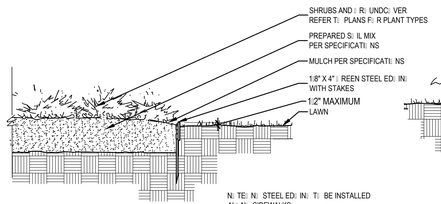
B. Peat: Commercial sphagnum peat moss or partially decomposed shredded pine bark or other approved organic material.

2.3 MISCELLANEOUS MATERIALS



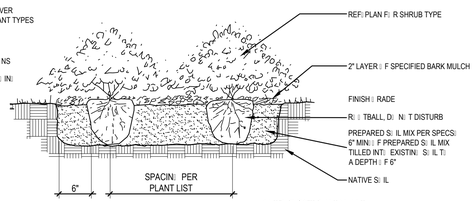
A. Steel Edging: Shall be Ryerson "Estate Curbing", 1/8" x 4" with stakes 4' on center.

B. Staking Material for Shade Trees:



1. Post: Studded T-Post, #1 Armco with anchor plate; 6'-0" length; paint green.
2. Wire: 12 gauge, single strand, galvanized wire.
3. Rubber hose: 2 ply, fiber reinforced hose, minimum ½ inch inside diameter. Color: Black.

C. Gravel: Washed native pea gravel, graded 1 in. to 1-1/2 in.



D. Filter Fabric: Mirafi 140N by Celanese Fibers Marketing Company, available at Loftland Co., (214) 631-5250 or approved equal.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	April 15, 2019
APPLICANT:	Michael Duval; *G&A/McAdams*
CASE NUMBER:	P2019-010; *Lot 1, Block A, & Lot 1, Block B, Ladera Rockwall Addition*

SUMMARY

Consider a request by Michael Duval of G&A/McAdams on behalf of John Delin of RW Ladera, LLC for the approval of a final plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition being a 47.694-acre tract of land identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85) for General Retail (GR) and Single-Family 7 (SF-7) District land uses, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast and northwest corners of the intersection of SH-66 and John King Boulevard, and take any action necessary.

PLAT INFORMATION

☑ The applicant is requesting the approval of a final plat for a 122 lot single-family residential subdivision situated on a single lot [i.e. *Tract 1* (Lot 1, Block A = 37.80-acres)] and a commercial lot zoned for General Retail (GR) District land uses [i.e. *Tract 2* (Lot 1, Block B = 9.894-acres)]. The subject property is a total of 47.694-acres. The development was approved for an age restricted, senior living community with the single-family homes setup in a condominium regime (*i.e. single-family homes are individually owned, but are situated on a single lot/unit owned and maintained by the homeowner's association*). The subject property is identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122 and is located within the 205 By-Pass Overlay (*205 BY-OV*) and SH-66 Overlay (*SH-66 OV*) Districts. The purpose of the replat is to establish the necessary easements (*i.e. firelane, public access, drainage and utility easements*) in order to develop the lots (*i.e. Lot 1, Block A, and Lot 1, Block B, Ladera Rockwall Addition*).

☑ On October 16, 2017, the City Council approved Planned Development District 85 (PD-85) [*i.e. Ordinance No. 17-55*], to allow for an age restricted, senior living community with single-family residential land uses setup in a condominium regime on the *subject property*.

☑ On June 26, 2018, the Planning and Zoning Commission approved an amended treescape plan for the purpose of removing trees in association with the construction of a 12-inch sanitary sewer line that will serve the development [Case No. MIS2018-014]. The total mitigation balance due at that time was 1,443.25 caliper-inches. Through the civil engineering process additional trees were identified for removal, increasing the total mitigation balance due to 1,726.75-caliper inches. The applicant has provided a landscape plan mitigating for all inches on site satisfying the mitigation requirements. Approval of this plat shall constitute the approval of the additional trees being removed for development of the site.

☑ On August 6, 2018, the City Council approved an amendment to Planned Development District 85 (PD-85) [*i.e. Ordinance No. 18-32*], for the purpose of incorporating an additional 9.762-acre tract of land to allow the addition of 38 single-family units totaling 122 single-family units for PD-85.

☑ On September 17, 2018 the City Council approved a preliminary plat [*P2017-068*] for 122 single-family residential lots within Planned Development District 85 (PD-85).

☑ On April 2, 2019, the Parks and Recreation Board reviewed the proposed *final plat* and made the following recommendations:

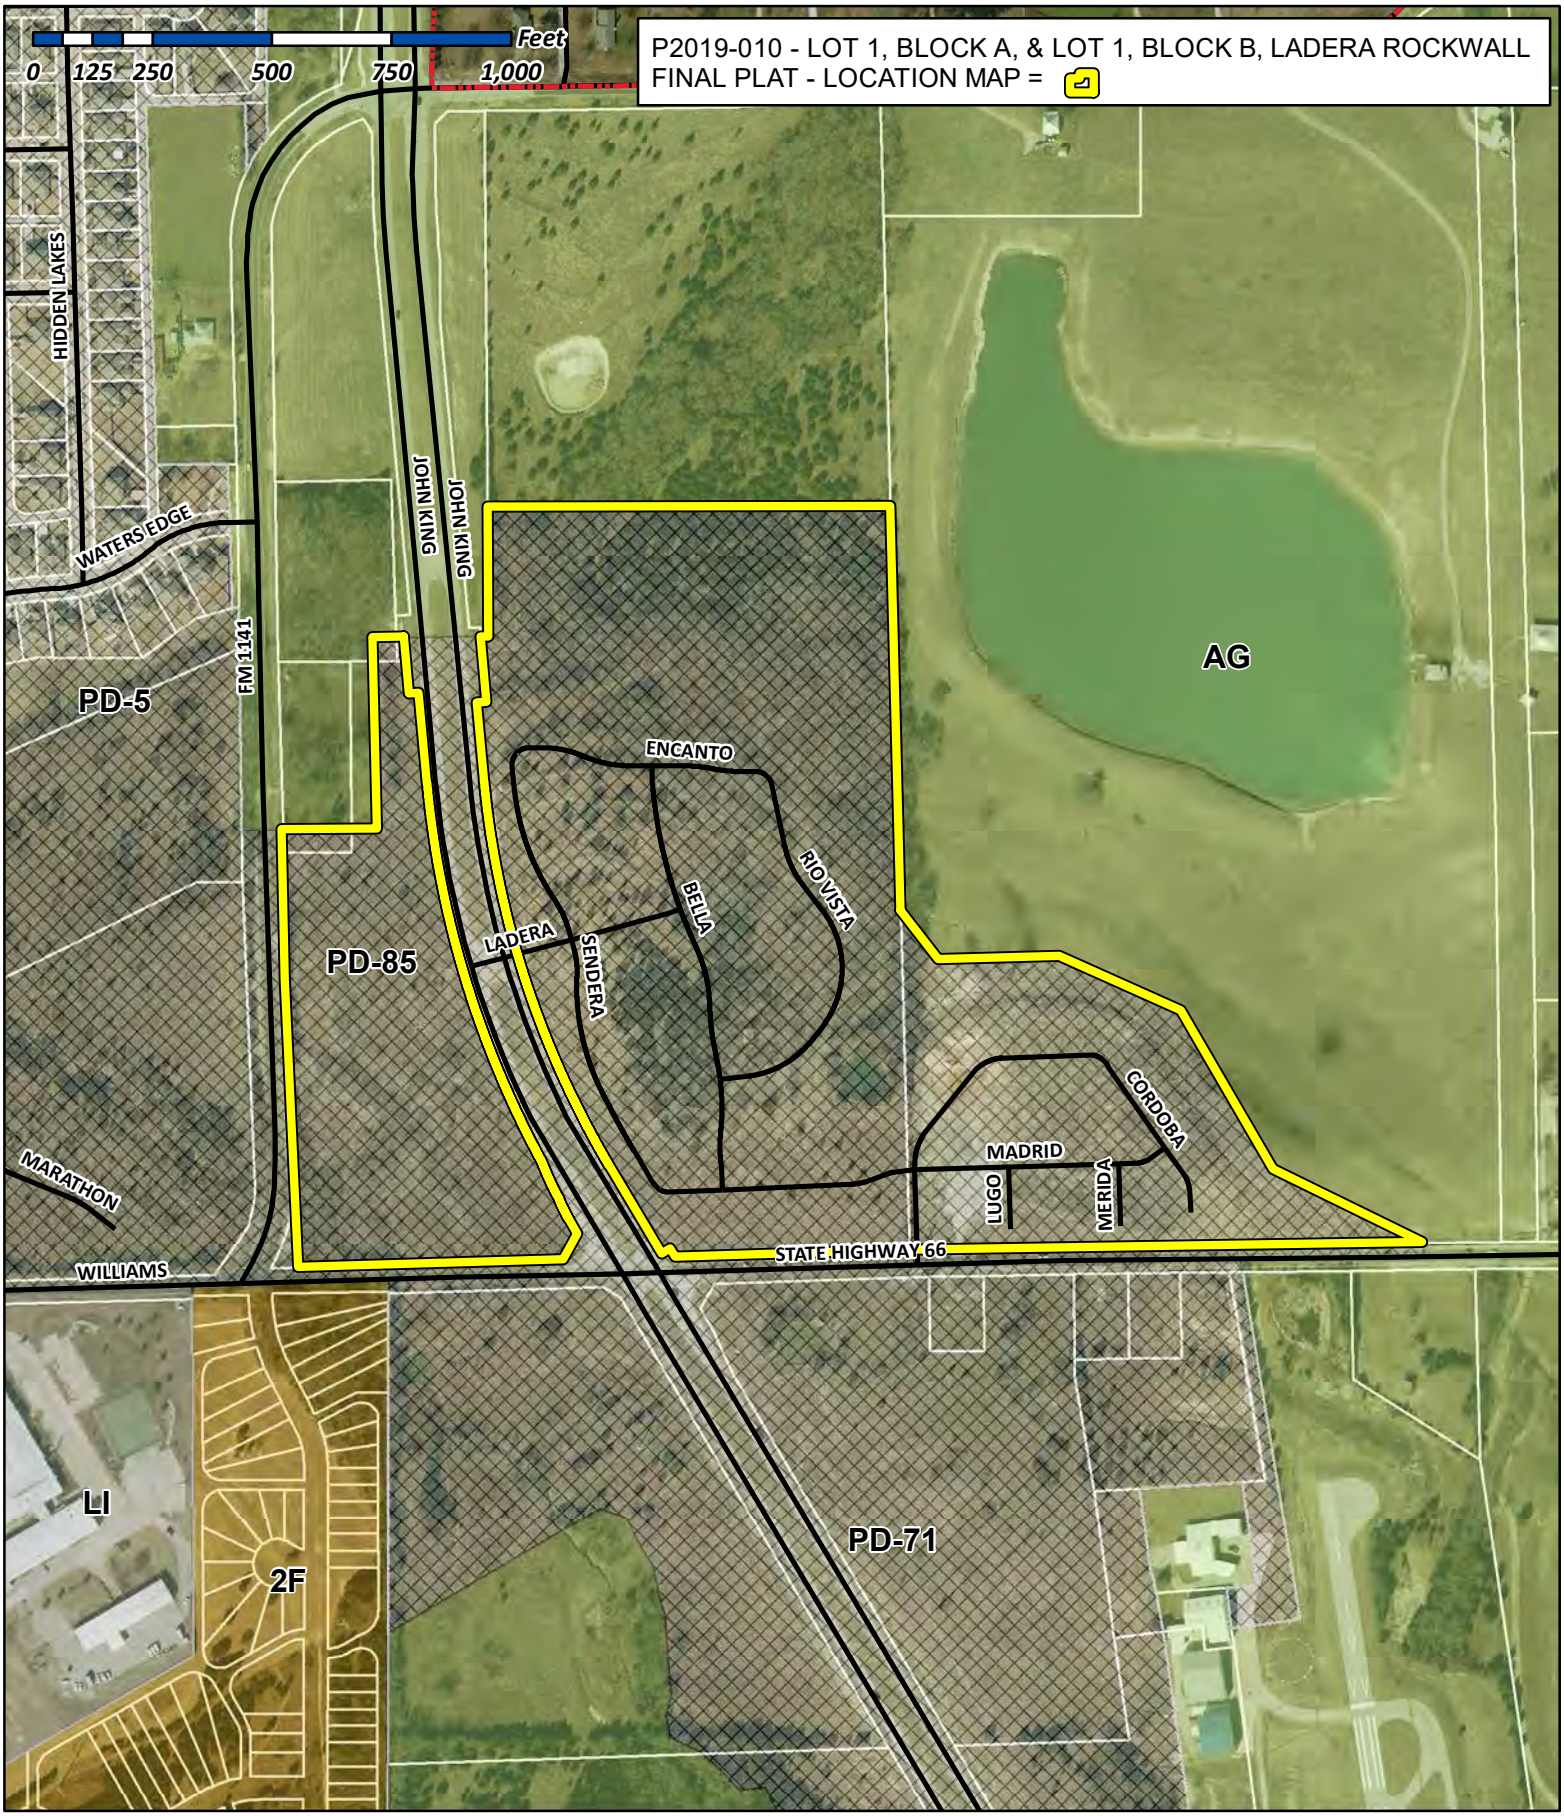
1) The construction of a ten (10) foot concrete trail along the east side of John King Boulevard, and a five (5) foot concrete sidewalk along north side of SH-66.
2) Cash-in-lieu of land fees are required in the amount of $61,854.00 [i.e. 122 Lots @ $507.00 per lot]. These fees are due at the time of final plat and are subject to change.
3) Pro-rata equipment fees are required in the amount of $63,806.00 [i.e. 122 Lots @ $523.00 per lot]. These fees are due at the time of final plat and are subject to change.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

CONDITIONS OF APPROVAL



If the City Council chooses to approve of the final plat for *Lot 1 Block A, and Lot 1, Block B, Ladera Rockwall Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On April 9, 2019, the Planning and Zoning Commission's motion to recommend approval of the final plat for *Lot 1 Block A, and Lot 1, Block B, Ladera Rockwall Addition* with staff conditions passed by a vote of 7 to 0.

OWNER'S CERTIFICATE

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS We, RW Ladera, LLC, BEING the Owners of a tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

LOT 1, BLOCK A
TRACT 1

BEING all that certain lot, tract or parcel of land situated in the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and being a portion of a called 41.921 acre tract of land described as Tract 3, in deed to John H. Cullins, recorded in Instrument No. 2008-00396743, Deed Records, Rockwall County, Texas, and being part of a called 73.2744 acre tract of land described in deed to Mike L. People, recorded in Volume 850, Page 15, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch rebar found at the southeast corner of said 41.921 acre tract, and the southwest corner of said 73.2744 acre tract and being in the north line of U. S. Highway 66;

THENCE S 88°18'19"W, with the north line of U. S. Highway 66, a distance of 490.46 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the most southeasterly corner of a called 3.989 acre tract of land being titled as "Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and Burks T. Payne, Jr., Cause No. 180-633, recorded in Instrument No. 2009-00410863, Deed Records, Rockwall County, Texas, also known as John King Boulevard;

THENCE Northwesterly with the east line of said 3.989 acre tract and John King Boulevard, the following seven (7) calls:

N 30°39'57" W, a distance of 19.44 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 59°20'03" W, a distance of 21.30 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 30°39'57" W, a distance of 211.63 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Northwesterly with a curve to the right having a radius of 1940.00 feet, a central angle of 25°25'15", and an arc length of 860.73 feet, whose chord bears N 17°57'20" W, a distance of 853.69 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 05°14'42" W, a distance of 158.73 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 84°45'18" E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 05°14'42" W, a distance of 136.88 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS" in the south line of a called 10.942 acre tract of land described in deed to City of Rockwall, recorded in Instrument No. 2007-00389123, Deed Records, Rockwall County, Texas;

THENCE N 89°26'01" E, with the south line of said 10.942 acre tract, a distance of 15.52 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof;

THENCE N 00°10'47" W, with the east line of said 10.942 acre tract, a distance of 271.63 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southwest corner of a 16.000 acre tract of land described as Tract 2 in deed to Betty Bogard, recorded in Instrument No. 2008-00396742, Deed Records, Rockwall County, Texas;

THENCE N 89°54'11" E, with the south line of said 16.000 acres, a distance of 842.15 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof and being in the west line of said 73.2744 acre tract;

THENCE S 01°28'09" E, with the west line of said 73.2744 acre tract of land, a distance of 845.72 feet to a1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

THENCE over, across, and through said 73.2744 acre tract the following five (5) courses and distances:

S 37°47'00" E, a distance of 135.09 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 88°31'51" E, a distance of 259.75 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 66°00'00" E, a distance of 266.78 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 30°00'00" R, a distance of 384.58 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 64°00'00" E, a distance of 352.92 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the south line of said 73.2744 acre tract and the north line of U.S. Highway 66;

THENCE S 89°18'14" W, with the south line of said 73.2744 acre tract, and the north line of U.S. Highway 66, a distance of 1077.53 feet to the POINT OF BEGINNING and containing approximately 37.800 acres of land.

LEGAL DESCRIPTION
LOT 1, BLOCK B
TRACT 2

BEING all that certain lot, tract or parcel of land situated in the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and being a portion of a called 41.921 acre tract of land described as Tract 3, in deed to John H. Cullins, recorded in Instrument No. 2008-00396743, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the north line of U. S. Highway 66, from which a 1/2 inch rebar found at the southeast corner of said 41.921 acres bears N 88°18'19" E, a distance 724.55 feet;

THENCE S 88°18'19" W, a distance of 553.89 feet with the north line of U. S. Highway 66, to a wooden right-of-way monument found at the southwest corner of said 41.921 acre tract, and being in the east line of F. M. 1141;

THENCE N 02°39'30" W, a distance of 601.94 feet with the east line of F. M. 1141, to a 1/2 inch rebar found;

THENCE N 01°20'56" W, a distance of 314.19 feet continuing with the east line of F. M. 1141, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southwest corner of a called 1.837 acre tract of land described as Tract 1 in deed to Betty Bogard, recorded in Instrument No. 2008-00396742, Deed Records, Denton County, Texas;

THENCE N 89°26'01" E, a distance of 200.01 feet with the south line of said 1.837 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof, and being at an inner ell corner of said 41.921 acre tract;

THENCE N 01°20'56" W, a distance of 400.02 feet with the east line of said 1.837 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the south line of a 10.942 acre tract of land described in deed to City of Rockwall, recorded in Instrument No. 2007-00389123, Deed Records, Rockwall County, Texas;

THENCE N 89°26'01" E, a distance of 65.39 feet with the south line of said 10.942 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the most northwesterly corner of a called 3.989 acre tract of land being titled as "Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and Burks T. Payne, Jr., Cause No. 180-633, recorded in Instrument No. 2009-00410863, Deed Records, Rockwall County, Texas, also known as John King Boulevard;

THENCE Southeasterly with the west line of said 3.989 acre tract and John King Boulevard, the following eight (8) calls:

S 05°14'42" E, a distance of 119.42 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 84°45'18" E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 05°14'42" E, a distance of 189.30 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the left having a radius of 2060.00 feet, a central angle of 23°19'48", and an arc length of 838.80 feet, whose chord bears S 16°54'36" E, a distance of 833.02 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the right having a radius of 586.00 feet, a central angle of 07°34'10", and an arc length of 77.42 feet, whose chord bears S 24°47'26" E, a distance of 77.36 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the left having a radius of 314.00 feet, a central angle of 09°39'36", and an arc length of 52.94 feet, whose chord bears S 25°50'09" E, a distance of 52.88 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 30°39'57" E, a distance of 32.25 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 28°49'11" W, a distance of 60.93 feet to the POINT OF BEGINNIGN and containing approximately 9.894 acres of land.

STATE OF TEXAS :

COUNTY OF DENTON : WHEREAS We, RW Ladera, LLC, are the owners of the hereinabove described property, and, acting by and through our duly authorized representative, do hereby adopt this Final Plat designating the same as Ladera Rockwall, an addition to the City of Rockwall, and do hereby dedicate to the public use forever by fee simple title, free and clear of all liens and encumbrances, all streets, thoroughfares, alleys, parks, trails, water courses, storm drainage facilities, easements, rights-of-way and public places, "and any other property necessary to serve the plat and to implement the requirements of the Subdivision Ordinance and Design Criteria thereon shown" for the purpose and consideration therein expressed.

WITNESS OUR HAND this _____ day of _____, 2019.

_____
John Delin, Authorized Representative

STATE OF TEXAS :
COUNTY OF DENTON : BEFORE ME, THE UNDERSIGNED AUTHORITY personally appeared John Delin, known to me to be the person whose name is subscribed to the foregoing instrument and acknowledged that he executed the same for the purpose and consideration therein expressed and in the capacity therein stated.

GIVEN UNDER MY HAND AND SEAL OF OFFICE this _____ day of _____, 2019.

_____
Notary Public

My commission expires the _____ day of _____, 2019.

RECOMMENDED FOR FINAL APPROVAL

_____ _____ _____
Planning & Zoning Commission, Chairman Date

APPROVED:
I hereby certify that the above and foregoing plat of an addition to the City of Rockwall, Texas, was approved by the City Council of the City of Rockwall on this _____ day of _____, 2019.

This approval shall be invalid unless the approved plat for such addition is recorded in the office of the County Clerk of Rockwall, County, Texas, within one hundred eighty (180) days from said date of final approval.

WITNESS OUR HANDS, this _____ day of _____, _____.

_____ _____ _____
Mayor, City of Rockwall City Secretary City Engineer

SURVEYOR'S STATEMENT

I, W. Thad Murley III, a Registered Professional Land Surveyor in the State of Texas, have prepared this plat of the above property from an actual survey on the ground, and this plat represents that survey made by me or under my supervision.

_____

LEGEND

- PROTECTED TREE TO REMAIN
- PROTECTED TREE TO BE REMOVED
- TREE PROTECTION FENCING (TPF)

TREE PRUNING, REMOVAL AND PROTECTION MEASURES

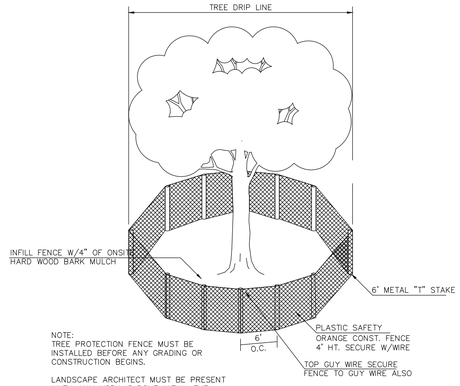
A. QUALITY ASSURANCE
1) Comply with applicable Federal, state, county and local regulations governing landscape work.
2) employ only experienced personnel. Provide adequate supervision by qualified foreman.

B. JOB CONDITIONS
1) Coordination: Coordinate and cooperate with other contractors to enable the work to proceed as rapidly and efficiently as possible.
2) In order to minimize conflict, secure from the Construction Manager copies of layout drawings showing the location of all underground utility lines and other structures

C. PRODUCTS
1) MULCH: Double shredded hardwood mulch free of sticks, dirt and other debris and derived from the site clearing.

D. DEFINITIONS
1) CRZ: Critical Root Zone: The area of undisturbed natural soil around a tree defined by a concentric circle with a radius in feet equal to the the number of inches of trunk diameter.
2) TPF: Tree Protection Fence: The orange safety barrier netting that shall extend around the entire circumference of the tree at the CRZ or as shown on approved plans.

E. PRE-CONSTRUCTION TREE PRUNING
1) Personnel Qualifications: All pruning shall be performed under the supervision of an international Society of Arboriculture (ISA) Certified Arborist.
2) All trees within the project area shall be pruned to:
(i) Clear the crown of diseased, crossing, weak and dead wood to a minimum of 1 ½ inches in diameter
(ii) Provide 14 feet of vertical clearance over streets and 8 feet over sidewalks.
(iii) Remove stubs, cutting outside the woundwood tissue that has formed around the branch.
(iv) Reduce end weight on heavy, horizontal branches by selectively removing small diameter branches, no greater than 2 to 3 inches, near the ends of the scaffolds.
3) Pruning cuts shall be made in accordance with ANSI 300 Pruning Standard and work shall be performed in accordance with ANSI Z133.1 Safety Standards. Pruning shall be in accordance with ISA's Best Management Practices: Tree Pruning
4) No more than 20 percent of live foliage shall be removed from any tree.
5) Brush shall be chipped and chips shall be spread underneath trees within the tree protection zone to a maximum depth of 4 inches, leaving the trunk clear of mulch.



F. TREE REMOVAL
1) Tree preservation requires a commitment to preserving and maintaining retained trees, as well as removal of any unsuited trees within the Project Area.
2) All wood debris from all tree removals at the Project Site is to be chipped and stored on site for use in the tree preservation efforts at the discretion of the Landscape Architect.
3) The limits of all tree protection zones shall be staked in the field and observed by all contractors,
4) Any brush clearing required within the tree protection zone shall be accomplished with hand operated equipment.
5) Trees to be removed from within the tree protection zone shall be removed under the supervision of a Certified Arborist. The trees shall be cut near ground level and the stump ground out.

G. TREE PROTECTION
1) Before beginning work, the Project Manager, Landscape Architect and/or Owner of their agents are required to meet at the site to review all work procedures, access routes, storage areas, and tree protection measures. Any intended construction activities inside the TPZ shall be clearly outlines.
2) Fences shall be erected to protect trees to be preserved prior to construction equipment arriving on the Project Site. Fences will define the specific protection zone for each tree or group trees.
3) Fences are to be maintained and remain until all site work has been completed and final landscape operations begin. Fences may not be relocated or removed without written permission from the Landscape Architect. Fences may be constructed from 6 "T" stakes and orange web fence material
4) All trees to be preserved shall have 4 inches of hardwood mulch applied inside the tree protection zone. This hardwood mulch shall be replenished as necessary to maintain a 4 inch depth.
5) Construction trailers, traffic and storage areas must remain outside fenced areas at all times.
6) Tree roots extend out in a straight, radial direction from the tree much like spokes on a wheel (to a depth generally not exceeding 24"). All underground utilities and drain or irrigation lines shall be routed outside the tree protection zone. If lines must traverse the protection area, they shall be tunneled or bored under the tree. Trenches "airdug" with Air Spade (registered trademark) or similar technology are the exceptions. Irrigation line may routed in any direction outside the dripline of retained trees. Irrigation lines inside the dripline must be in a straight, radial direction towards the tree trunk and terminate in a dead end sprinkler head no grater than 7 feet from a tree trunk (irrigation lines shall not in any way bisect and therefore damage the "spoke-like" root system).
7) No materials, equipment, spoil, or waste or washout water may be deposited, stored, or parked within the tree protection zone.
8) If unintentional injury should occur to any tree during construction, it shall be reported to the Landscape Architect within six hours so that remedial action can be taken, Timeliness is critical to tree health. The cost of any remedial treatments will become the burden of the offending contracting company.
9) Any grading, construction, demolition, or other work that in expected to encounter tree roots must be monitored by the Landscape Architect. Specific locations or tree tag numbers should be identified

TREE PRUNING, REMOVAL AND PROTECTION MEASURES

A. QUALITY ASSURANCE
1) Comply with applicable Federal, state, county and local regulations governing landscape work.
2) employ only experienced personnel. Provide adequate supervision by qualified foreman.

B. JOB CONDITIONS
1) Coordination: Coordinate and cooperate with other contractors to enable the work to proceed as rapidly and efficiently as possible.
2) In order to minimize conflict, secure from the Construction Manager copies of layout drawings showing the location of all underground utility lines and other structures

C. PRODUCTS
1) MULCH: Double shredded hardwood mulch free of sticks, dirt and other debris and derived from the site clearing.

D. DEFINITIONS
1) CRZ: Critical Root Zone: The area of undisturbed natural soil around a tree defined by a concentric circle with a radius in feet equal to the the number of inches of trunk diameter.
2) TPF: Tree Protection Fence: The orange safety barrier netting that shall extend around the entire circumference of the tree at the CRZ or as shown on approved plans.

E. PRE-CONSTRUCTION TREE PRUNING
1) Personnel Qualifications: All pruning shall be performed under the supervision of an international Society of Arboriculture (ISA) Certified Arborist.
2) All trees within the project area shall be pruned to:
(i) Clear the crown of diseased, crossing, weak and dead wood to a minimum of 1 ½ inches in diameter
(ii) Provide 14 feet of vertical clearance over streets and 8 feet over sidewalks.
(iii) Remove stubs, cutting outside the woundwood tissue that has formed around the branch.
(iv) Reduce end weight on heavy, horizontal branches by selectively removing small diameter branches, no greater than 2 to 3 inches, near the ends of the scaffolds.
3) Pruning cuts shall be made in accordance with ANSI 300 Pruning Standard and work shall be performed in accordance with ANSI Z133.1 Safety Standards. Pruning shall be in accordance with ISA's Best Management Practices: Tree Pruning
4) No more than 20 percent of live foliage shall be removed from any tree.
5) Brush shall be chipped and chips shall be spread underneath trees within the tree protection zone to a maximum depth of 4 inches, leaving the trunk clear of mulch.

F. TREE REMOVAL
1) Tree preservation requires a commitment to preserving and maintaining retained trees, as well as removal of any unsuited trees within the Project Area.
2) All wood debris from all tree removals at the Project Site is to be chipped and stored on site for use in the tree preservation efforts at the discretion of the Landscape Architect.
3) The limits of all tree protection zones shall be staked in the field and observed by all contractors,
4) Any brush clearing required within the tree protection zone shall be accomplished with hand operated equipment.
5) Trees to be removed from within the tree protection zone shall be removed under the supervision of a Certified Arborist. The trees shall be cut near ground level and the stump ground out.

G. TREE PROTECTION
1) Before beginning work, the Project Manager, Landscape Architect and/or Owner of their agents are required to meet at the site to review all work procedures, access routes, storage areas, and tree protection measures. Any intended construction activities inside the TPZ shall be clearly outlines.
2) Fences shall be erected to protect trees to be preserved prior to construction equipment arriving on the Project Site. Fences will define the specific protection zone for each tree or group trees.
3) Fences are to be maintained and remain until all site work has been completed and final landscape operations begin. Fences may not be relocated or removed without written permission from the Landscape Architect. Fences may be constructed from 6 "T" stakes and orange web fence material
4) All trees to be preserved shall have 4 inches of hardwood mulch applied inside the tree protection zone. This hardwood mulch shall be replenished as necessary to maintain a 4 inch depth.
5) Construction trailers, traffic and storage areas must remain outside fenced areas at all times.
6) Tree roots extend out in a straight, radial direction from the tree much like spokes on a wheel (to a depth generally not exceeding 24"). All underground utilities and drain or irrigation lines shall be routed outside the tree protection zone. If lines must traverse the protection area, they shall be tunneled or bored under the tree. Trenches "airdug" with Air Spade (registered trademark) or similar technology are the exceptions. Irrigation line may routed in any direction outside the dripline of retained trees. Irrigation lines inside the dripline must be in a straight, radial direction towards the tree trunk and terminate in a dead end sprinkler head no grater than 7 feet from a tree trunk (irrigation lines shall not in any way bisect and therefore damage the "spoke-like" root system).
7) No materials, equipment, spoil, or waste or washout water may be deposited, stored, or parked within the tree protection zone.
8) If unintentional injury should occur to any tree during construction, it shall be reported to the Landscape Architect within six hours so that remedial action can be taken, Timeliness is critical to tree health. The cost of any remedial treatments will become the burden of the offending contracting company.
9) Any grading, construction, demolition, or other work that in expected to encounter tree roots must be monitored by the Landscape Architect. Specific locations or tree tag numbers should be identified

2) Fences shall be erected to protect trees to be preserved prior to construction equipment arriving on the Project Site. Fences will define the specific protection zone for each tree or group trees.
3) Fences are to be maintained and remain until all site work has been completed and final landscape operations begin. Fences may not be relocated or removed without written permission from the Landscape Architect. Fences may be constructed from 6 "T" stakes and orange web fence material
4) All trees to be preserved shall have 4 inches of hardwood mulch applied inside the tree protection zone. This hardwood mulch shall be replenished as necessary to maintain a 4 inch depth.
5) Construction trailers, traffic and storage areas must remain outside fenced areas at all times.
6) Tree roots extend out in a straight, radial direction from the tree much like spokes on a wheel (to a depth generally not exceeding 24"). All underground utilities and drain or irrigation lines shall be routed outside the tree protection zone. If lines must traverse the protection area, they shall be tunneled or bored under the tree. Trenches "airdug" with Air Spade (registered trademark) or similar technology are the exceptions. Irrigation line may routed in any direction outside the dripline of retained trees. Irrigation lines inside the dripline must be in a straight, radial direction towards the tree trunk and terminate in a dead end sprinkler head no grater than 7 feet from a tree trunk (irrigation lines shall not in any way bisect and therefore damage the "spoke-like" root system).
7) No materials, equipment, spoil, or waste or washout water may be deposited, stored, or parked within the tree protection zone.
8) If unintentional injury should occur to any tree during construction, it shall be reported to the Landscape Architect within six hours so that remedial action can be taken, Timeliness is critical to tree health. The cost of any remedial treatments will become the burden of the offending contracting company.
9) Any grading, construction, demolition, or other work that in expected to encounter tree roots must be monitored by the Landscape Architect. Specific locations or tree tag numbers should be identified

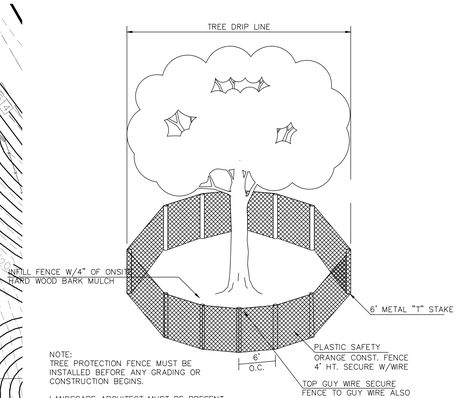
SCALE: 1"=30'

TREE PRUNING, REMOVAL AND PROTECTION MEASURES

A. QUALITY ASSURANCE
1) Comply with applicable Federal, state, county and local regulations governing landscape work.
2) employ only experienced personnel. Provide adequate supervision by qualified foreman.

B. JOB CONDITIONS
1) Coordination: Coordinate and cooperate with other contractors to enable the work to proceed as rapidly and efficiently as possible.
2) In order to minimize conflict, secure from the Construction Manager copies of layout drawings showing the location of all underground utility lines and other structures



C. PRODUCTS
1) MULCH: Double shredded hardwood mulch free of sticks, dirt and other debris and derived from the site clearing.

D. DEFINITIONS
1) CRZ: Critical Root Zone: The area of undisturbed natural soil around a tree defined by a concentric circle with a radius in feet equal to the the number of inches of trunk diameter.
2) TPF: Tree Protection Fence: The orange safety barrier netting that shall extend around the entire circumference of the tree at the CRZ or as shown on approved plans.

E. PRE-CONSTRUCTION TREE PRUNING
1) Personnel Qualifications: All pruning shall be performed under the supervision of an international Society of Arboriculture (ISA) Certified Arborist.
2) All trees within the project area shall be pruned to:
(i) Clear the crown of diseased, crossing, weak and dead wood to a minimum of 1 ½ inches in diameter
(ii) Provide 14 feet of vertical clearance over streets and 8 feet over sidewalks.
(iii) Remove stubs, cutting outside the woundwood tissue that has formed around the branch.
(iv) Reduce end weight on heavy, horizontal branches by selectively removing small diameter branches, no greater than 2 to 3 inches, near the ends of the scaffolds.
3) Pruning cuts shall be made in accordance with ANSI 300 Pruning Standard and work shall be performed in accordance with ANSI Z133.1 Safety Standards. Pruning shall be in accordance with ISA's Best Management Practices: Tree Pruning
4) No more than 20 percent of live foliage shall be removed from any tree.
5) Brush shall be chipped and chips shall be spread underneath trees within the tree protection zone to a maximum depth of 4 inches, leaving the trunk clear of mulch.

F. TREE REMOVAL
1) Tree preservation requires a commitment to preserving and maintaining retained trees, as well as removal of any unsuited trees within the Project Area.
2) All wood debris from all tree removals at the Project Site is to be chipped and stored on site for use in the tree preservation efforts at the discretion of the Landscape Architect.
3) The limits of all tree protection zones shall be staked in the field and observed by all contractors,
4) Any brush clearing required within the tree protection zone shall be accomplished with hand operated equipment.
5) Trees to be removed from within the tree protection zone shall be removed under the supervision of a Certified Arborist. The trees shall be cut near ground level and the stump ground out.

G. TREE PROTECTION
1) Before beginning work, the Project Manager, Landscape Architect and/or Owner of their agents are required to meet at the site to review all work procedures, access routes, storage areas, and tree protection measures. Any intended construction activities inside the TPZ shall be clearly outlines.
2) Fences shall be erected to protect trees to be preserved prior to construction equipment arriving on the Project Site. Fences will define the specific protection zone for each tree or group trees.
3) Fences are to be maintained and remain until all site work has been completed and final landscape operations begin. Fences may not be relocated or removed without written permission from the Landscape Architect. Fences may be constructed from 6 "T" stakes and orange web fence material
4) All trees to be preserved shall have 4 inches of hardwood mulch applied inside the tree protection zone. This hardwood mulch shall be replenished as necessary to maintain a 4 inch depth.
5) Construction trailers, traffic and storage areas must remain outside fenced areas at all times.
6) Tree roots extend out in a straight, radial direction from the tree much like spokes on a wheel (to a depth generally not exceeding 24"). All underground utilities and drain or irrigation lines shall be routed outside the tree protection zone. If lines must traverse the protection area, they shall be tunneled or bored under the tree. Trenches "airdug" with Air Spade (registered trademark) or similar technology are the exceptions. Irrigation line may routed in any direction outside the dripline of retained trees. Irrigation lines inside the dripline must be in a straight, radial direction towards the tree trunk and terminate in a dead end sprinkler head no grater than 7 feet from a tree trunk (irrigation lines shall not in any way bisect and therefore damage the "spoke-like" root system).
7) No materials, equipment, spoil, or waste or washout water may be deposited, stored, or parked within the tree protection zone.
8) If unintentional injury should occur to any tree during construction, it shall be reported to the Landscape Architect within six hours so that remedial action can be taken, Timeliness is critical to tree health. The cost of any remedial treatments will become the burden of the offending contracting company.
9) Any grading, construction, demolition, or other work that in expected to encounter tree roots must be monitored by the Landscape Architect. Specific locations or tree tag numbers should be identified

NOTE:
TREE PROTECTION FENCE MUST BE INSTALLED BEFORE ANY GRADING OR CONSTRUCTION BEGINS.

LANDSCAPE ARCHITECT MUST BE PRESENT WHEN ANY WORK IS DONE WITHIN THE TREE PROTECTION FENCE.

LANDSCAPE ORDINANCE

CITY OF ROCKWALL

Final landscape plan will meet all City of Rockwall development ordinances.
All landscape will be maintained according to city standards.
All required landscape will be 100% watered by an underground irrigation system.

SITE LANDSCAPE

REQUIRED: All canopy/Shade trees planted within this development shall be a minimum of 3 caliper inches in size and all Accent/Ornamental trees shall be a minimum of 4 feet in total height.

PROVIDED: All canopy trees are at least 3 caliper inches

REQUIRED: A minimum of 20% (5.6 acres) open space. Floodplain acreage my comay count for up to 50% of the 20% open space requirement.

PROVIDED: 10% Floodplain + 16.5% Landscaped area = 26.5% Open Space

BUFFER LANDSCAPE

REQUIRED: A minimum 20' landscape street buffer shall be required along Hwy 66 street frontage and a 50' landscape street buffer shall be required along John King Blvd. street frontage.

PROVIDED: 20' landscape buffer along Hwy 66 and 50' landscape buffer along John King Blvd.

REQUIRED: Two (2) large shade trees and four (4) small ornamental trees shall be required per 100 linear feet of street buffer frontage.

John King Blvd. : 1,231 l.f. of street frontage / 100 l.f. = 12.31
12.31 x 2 = 25 large shade trees
12.31 x 4 = 50 small ornamental trees

PROVIDED: 25 shade trees + 50 ornamental trees

Hwy 66: 3' berm with enhanced landscape planting.

PROVIDED: 3' berm with enhanced landscape planting.

LANDSCAPE TREES SHALL NOT BE PLANTED WITHIN 5' OF ANY PUBLIC UTILITIES.

Total Mitigation Provided: 1727 in
*Ref. T1.0 TREE SURVEY

LANDSCAPE NOTES:

1) Contractor shall stake out tree locations and bed configuration for approval approval by owner prior to installation.
2) Contractor is responsible for verifying location of all underground utilities prior to construction.
3) It is the responsibility of the contractor to advise the owners representative of any condition found on site which prohibits installation as shown on these plans
4) All shrub and groundcover beds shall have a minimum of 3" of hardwood bark mulch
5) Landscape edging shall be located as noted on plan.
6) Trees overhanging walks and parking areas shall have a clear trunk height of seven feet.
7) Multi trunk and ornamental trees will be allowed in the city's right of way with staff approval only. Must be outside any visibility triangles.
8) A visibility triangle must be provided at all intersections as required by the thoroughfare standards code. Trees will have a minimum clear trunk branching height of nine feet.
9) All plant material shall be maintained in a healthy and growing condition,and must be replaced with plant material of similar variety and size if damaged, destroyed, or removed.
10) Landscape areas shall be kept free of trash, litter and weeds.
11) An automatic irrigation system shall be provided to maintain all landscape areas. Over spray on streets and walks is prohibited. A permit from the building inspection department is required for each irrigation system. Impact fees must be paid to the development services department for separate irrigation meters prior to any permit release.
12) Irrigation Controller to have a Rain and Freeze Stat.
13) All landscape is to be greater than 8 feet from all underground utilities.
14) All areas of grading disturbance are to have grass reestablished at 75% coverage prior to letter of acceptance from the city. Means and methods of grass establishment and application of water for grass establishment are at the discretion of the owner and contractor.

CITY OF ROCKWALL

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
CC:	Rick Crowley, *City Manager* Mary Smith, *Assistant City Manager* Joey Boyd, *Assistant City Manager*
FROM:	Ryan Miller, *Director of Planning and Zoning*
DATE:	April 15, 2019
SUBJECT:	Public Improvement District (PID)

On March 15, 2019, the applicant -- *Kent Donahue of Donahue Development Corporation* -- submitted an application requesting to change the zoning of a 264.510-acre tract of land (*i.e. Tracts 17-13 [50.0-acres], 17-14 [26.452-acres], 17-15 [134.33-acres], 17-16 [43.6-acres], & 40-8 [8.79-acres] of the W. W. Ford Survey, Abstract No. 80*) from an Agricultural (AG) District to a Planned Development District for Single-Family 7 (SF-7) District land uses. The purpose of this application was to establish a 545-lot residential subdivision that will incorporate lots that range in size from 60' x 120' (*i.e. 7,200 SF minimum*) to 70' x 130' (*i.e. 9,100 SF minimum*), and have approximately 94.00-acres of open space and public parkland. In conjunction with this application the applicant also submitted a request for a Public Improvement District (PID). A PID is a geographic district that is established to provide specific types of improvements or maintenance, which are financed by assessments against the properties within the district. In this case, the applicant is requesting improvements in the amount of $17,000,000.00 to finance "…the design, acquisition, and construction of public improvement projects … which public improvements will include, but not be limited to: (i) roadway improvements; storm drainage improvements; water and wastewater system improvements; right-of-way acquisitions related to such improvements; parks, open space and landscaping improvements; and, other similar improvement projects; (ii) payment of expenses incurred in the establishment, administration and operation of the District; and, (iii) payment of expenses associated with financing such public improvement projects, which may include but are not limited to, costs associated with [*the*] issuance and sale of revenue bonds secured by assessments levied against the Property [*the subject property*]."

According to Section 372.009, *Hearing*, of Chapter 372, *Improvement Districts in Municipalities and Counties*, of the Texas Local Government Code (TLGC), the municipality or county is required to hold a public hearing on the advisability of the improvement, and adopt findings by resolution as to:

(1) The advisability of the improvement;
(2) The nature of the improvement;
(3) The estimated cost of the improvement;
(4) The boundaries of the public improvement district;
(5) The method of assessment; and,
(6) The apportionment of the costs between the district and the municipality or county as a whole.

Once the public hearing has been held and the City Council has adopted findings by resolution, the City Council -- *by majority vote* -- may adopt a resolution authorizing the district in accordance with its findings. The City Council shall have six (6) months from the date of the public hearing to take this action. Attached to this packet are the applicant's petition along with a resolution provided by the applicant outlining the required findings above. Staff should note that if the City Council chooses to deny the petition request, a motion to deny and a simple majority vote will constitute sufficient findings with regard to the request, and no resolution will be required. If the City Council has any questions concerning PID's or the applicant's request staff will be available at the *April 15, 2019* meeting.

PETITION FOR THE CREATION OF A PUBLIC IMPROVEMENT DISTRICT

THE STATE OF TEXAS §
§
CITY OF ROCKWALL §

TO: THE HONORABLE MAYOR AND COUNCIL OF ROCKWALL

This petition (the "Petition") is submitted and filed with the City Secretary of the City of Rockwall, Texas (the "City"), by ROCKWALL HIGHGATE LTD., a Texas limited partnership (the "Owner"), acting pursuant to the provisions of Chapter 372, Texas Local Government Code, as amended (the "Act"), requesting that the City create a public improvement district (the "District") to include property owned by the Owner and located within the corporate limits of the City (the "Property"), more particularly described in ***Exhibit A*** and depicted in ***Exhibit B***. In support of this Petition, the Owner presents the following:

Section 1. General Nature of the Authorized Improvements. The purposes of the District include the design, acquisition, and construction of public improvement projects authorized by §372.003(b) of the Act that are necessary for development of the Property, which public improvements will include, but not be limited to: (i) roadway improvements; storm drainage improvements; water and wastewater system improvements; right-of-way acquisitions related to such improvements; parks, open space and landscaping improvements; and, other similar improvement projects; (ii) payment of expenses incurred in the establishment, administration and operation of the District; and, (iii) payment of expenses associated with financing such public improvement projects, which may include but are not limited to, costs associated with issuance and sale of revenue bonds secured by assessments levied against the Property (collectively, the "Authorized Improvements"). These Authorized Improvements shall promote the interests of the City and confer a special benefit on the Property.

Section 2. Estimated Cost of the Authorized Improvements. The Owner estimates that the total costs to design, acquire, and construct the Authorized Improvements is $17,000,000.

Section 3. Boundaries of the Proposed District. The District is proposed to include the Property.

Section 4. Proposed Method of Assessment. The Public Improvement District shall levy an assessment on each lot within the Property to pay the cost of the Authorized Improvements in a manner that results in imposing equal shares of the cost on property similarly benefited. Each assessment may be paid in full at any time (including accrued and unpaid interest) or may be paid in annual installments (including interest and debt). The annual installments must be paid in amounts necessary to meet annual costs for the Authorized Improvements and must continue for a period necessary to retire the indebtedness on the Authorized Improvements. In addition to the assessment levied by the Public Improvement District, the City of Rockwall will levy its ad valorem tax.

Section 5. Proposed Apportionment of Cost between the District and the City. The City shall not be obligated to provide any funds to finance the Authorized Improvements. The cost of

the Authorized Improvements will be paid from the assessments and from other sources of funds, if any, available to the Owner.

Section 6. Management of the District. The Owner proposes that the District be managed by the City, with the assistance of a consultant, who shall, from time to time, advise the City regarding certain operations of the District.

Section 7. Owner Requests Establishment of the District. The persons signing this Petition request the establishment of the District.

Section 8. Advisory Board. The Owner proposes that the District be established and managed without the creation of an advisory body.

This Petition has been signed by (1) the owners of taxable real property representing more than 50 percent of the appraised value of taxable real property liable for assessment under the proposal, as determined by the current roll of the appraisal district in which the property is located; and (2) record owners of real property liable for assessment under the proposal who: (A) constitute more than 50 percent of all record owners of property that is liable for assessment under the proposal; or (B) own taxable real property that constitutes more than 50 percent of the area of all taxable real property that is liable for assessment under the proposal.

This Petition is hereby filed with the City Secretary of the City in support of the creation of the District by the City Council as herein provided. The undersigned request that the City Council grant its consent as above stated.

RESPECTFULLY SUBMITTED, on this the 26th day of March, 2019.

OWNER:

ROCKWALL HIGHGATE LTD.,
a Texas limited partnership

CITY OF ROCKWALL, TEXAS
RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ACCEPTING FOR FILING A LANDOWNER PETITION REQUESTING THE CREATION OF A PUBLIC IMPROVEMENT DISTRICT; CALLING A PUBLIC HEARING TO CONSIDER THE CREATION OF A PUBLIC IMPROVEMENT DISTRICT; AUTHORIZING AND DIRECTING THAT NOTICES OF THE PUBLIC HEARING BE GIVEN AS REQUIRED BY LAW; AND PROVIDING FOR AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, Chapter 372, Texas Local Government Code, as amended (the "Act"), authorizes the City of Rockwall, Texas (the "City") to create public improvement districts within the corporate limits and extraterritorial jurisdiction of the City; and

WHEREAS, a landowner petition, a copy of which is attached as Exhibit A (the "Petition"), was filed with the City Secretary requesting the creation of the "Heritage Park Public Improvement District" (the "District") in accordance with the Act; and

WHEREAS, the City Council has determined that it is in the best interest of the City to accept the Petition and to call a public hearing (the "Public Hearing") at which the City Council will consider the adequacy of the Petition and hear public testimony regarding the feasibility and advisability of creating the proposed District.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THAT:

SECTION 1. The recitals set forth in the WHEREAS clauses of this Resolution are true and correct and are incorporated as part of this Resolution.

SECTION 2. City staff has reviewed the Petition and determined that the same complies with the requirements of the Act and the filing of the Petition is accepted.

SECTION 3. The City Council calls the Public Hearing to consider the adequacy of the Petition and to hear public testimony on the feasibility and advisability of creating the proposed District to be held beginning at or after 6:00 P.M. on Monday, January 21, 2019 in the City Council Chambers located at 385 S. Goliad, Rockwall, Texas. Attached hereto as Exhibit B is a form of the Notice of Public Hearing, the form and substance of which is hereby adopted and approved. All residents and property owners within the District, and all other persons, are hereby invited to appear in person, or by their attorney, and speak on the creation of the District.

SECTION 4. The Public Hearing may be adjourned from time to time.

SECTION 5. The City Secretary is hereby authorized and directed to give all notices of the Public Hearing as required by law, including notices required by the Texas Open Meetings Act and by the Act.

SECTION 6. Upon the closing of the Public Hearing, the City Council may consider the adoption of a resolution creating the proposed District or may defer the adoption of such a resolution for up to six months.

SECTION 7. This Resolution shall become effective immediately from and after it is passed and approved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 17TH DAY OF DECEMBER, 2018.

Exhibit B to Resolution

NOTICE OF PUBLIC HEARING REGARDING
THE CREATION OF A PUBLIC IMPROVEMENT DISTRICT

Pursuant to Section 372.009(c) and (d) of the Texas Local Government Code, as amended, notice is hereby given that the City Council of the City of Rockwall, Texas (the "City"), will hold a public hearing to accept public comments and discuss the petition (the "Petition"), filed by Rockwall Highgate Ltd., a Texas limited partnership (the "Petitioner"), requesting that the City create the Heritage Park Public Improvement District (the "District") to include property owned by the Petitioner located entirely within the corporate limits of the City.

Time and Place of Public Hearing. The public hearing will be held at or after 6:00 p.m., Monday, January 21, 2019 at the City Council chambers located at 385 S. Goliad, Rockwall, Texas.

General Nature of the Proposed Authorized Improvements. The purposes of the District include the design, acquisition, and construction of public improvement projects authorized by §372.003(b) of the Act that are necessary for development of the Property, which public improvements will include, but not be limited to: (i) roadway improvements; storm drainage improvements; water and wastewater system improvements; right-of-way acquisitions related to such improvements; parks, open space and landscaping improvements; and, other similar improvement projects; (ii) payment of expenses incurred in the establishment, administration and operation of the District; and, (iii) payment of expenses associated with financing such public improvement projects, which may include but are not limited to, costs associated with issuance and sale of revenue bonds secured by assessments levied against the Property (collectively, the "Authorized Improvements"). These Authorized Improvements shall promote the interests of the City and confer a special benefit on the Property.

Estimated Cost of the Authorized Improvements. The estimated cost to design, acquire and construct the Authorized Improvements, which may include bond issuance costs, eligible legal and financial fees, eligible credit enhancement costs and eligible costs incurred in establishment, administration and operation of the District is $17,000,000.

Proposed District Boundaries. The District is proposed to include approximately 264.61 acres of land generally located (i) north of Wylie Lane, (ii) south of FM Highway 549, (iii) east of Travis Lane, and (iv) west of State Highway 205; and, as more particularly described by a metes and bounds description available at the City Secretary's office in the City Hall located at 385 S. Goliad Street, Rockwall, Texas and available for public inspection during regular business hours.

Proposed Method of Assessment. The City shall levy an assessment on each lot within the District to pay the cost of the Authorized Improvements in a manner that results in imposing equal shares of the cost on property similarly benefited. Each assessment may be paid in full at any time (including accrued and unpaid interest) or may be paid in annual installments (including interest and debt). The installments must be paid in amounts necessary to meet annual costs for the Authorized Improvements and must continue for a period necessary to retire the indebtedness on the Authorized Improvements.

Proposed Apportionment of Cost between the District and the City. The City will not be obligated to provide any funds to finance the Authorized Improvements. The cost of the Authorized Improvements will be paid from the assessments and from other sources of funds, if any, available to the Owner.

Attorney(s) for Applicant

- PUBLIC NOTICE of Petition to Establish a Public Improvement District (PID)-

The City Council of the City of Rockwall will hold a public hearing on a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate, LTD (the "Owner") for the consideration of a petition to establish a Public Improvement District (PID) pursuant to Chapter 372, Improvement Districts in Municipalities and Counties, of the Texas Local Government Code.

The following information is hereby provided concerning this matter and which will be consideredat said public hearing:

(1) *The time and place of the public hearing.* The City of Rockwall's City Council will hold a public hearing on **Monday, April 15, 2019** to consider a petition to establish a Public Improvement District. The hearing will take place at 6:00 PM in the City Council Chambers at Rockwall City Hall (*i.e. 385 S. Goliad Street, Rockwall, Texas 75087*).

(2) *The general nature of the proposed improvement.* The purposes of the Public Improvement District include the design, acquisition, and construction of public improvement projects authorized by §372.003(b) of the Texas Local Government Code that are necessary for development of the subject property, which public improvements will include, but not be limited to: (i) roadway improvements; storm drainage improvements; water and wastewater system improvements; right-of-way acquisitions related to such improvements; parks, open space and landscaping improvements; and, other similar improvement projects; (ii) payment of expenses incurred in the establishment, administration and operation of the Public Improvement District; and, (iii) payment of expenses associated with financing such public improvement projects, which may include but are not limited to, costs associated with issuance and sale of revenue bonds secured by assessments levied against the subject property. These authorized improvements shall promote the interests of the City of Rockwall and confer a special benefit on the subject property.

(3) *The estimated cost of the improvement.* The Owner estimates that the total costs to design, acquire, and construct the authorized improvements is seventeen million dollars ($17,000,000.00).

(4) *The boundaries of the proposed assessment district.* The proposed Public Improvement District is located within the corporate boundaries of the City of Rockwall, and is generally bounded by SH-205 to the east, Wylie Lane to the south, Travis Lane to the west, and FM-549 to the north. The 264.510-acre subject property is more fully described as Tracts 17-13,17-14, 17-15, 17-16 & 40-8 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas.

(5) *The proposed method of assessment.* The Public Improvement District shall levy an assessment on each lot within the proposed subject property to pay the cost of the authorized improvements in a manner that results in imposing equal shares of the cost on property similarly benefited. Each assessment may be paid in full at any time (*including accrued and unpaid interest*) or may be paid in annual installments (*including interest and debt*). The annual installments must be paid in amounts necessary to meet annual costs for the authorized improvements and must continue for a period necessary to retire the indebtedness on the authorized improvements. In addition to the assessment levied by the Public Improvement District, the City of Rockwall will be levying its ad valorem.

(6) *The proposed apportionment of cost between the improvement district and the municipality as a whole.* The City of Rockwall shall not be obligated to provide any funds to finance the authorized improvements. The cost of the authorized improvements will be paid from the assessments and from other sources of funds, if any, available to the Owner.

All interested parties will be given the opportunity to appear and be hard at the public hearing. Written or oral objections will be considered. Please contact the City of Rockwall Planning and Zoning Department staff at (972) 771-7745 with any questions.

Miller, Ryan

From: Redmond, Brian <brian.redmond@stryker.com>
Sent: Wednesday, April 10, 2019 11:34 PM
To: Miller, Ryan
Subject: Z2019-005.

Good evening Mr Miller

Thank you for your service. I am reaching out to you regarding the PID for the above mentioned project. I would like to voice my opposition to subsidizing this project. While I'm sure there is the possibility of financial upside for the city I feel confident the risk outweighs the benefit. I'm certain there are many developers that are willing to work within the boundaries and be more willing to risk-share with the citizens of Rockwall County.

Thank you again for your service and your willingness to listen.

Sincerely,

Brian Redmond

Subject: Z2019-005

Hello Mr. Miller,

My husband and I are home owners in Breezy Hill community, and we are voting against the PID for the project related to Z2019-005.

We do not agree, we're already paying very high taxes, we should not have to pay anything else to anyone. The city should find another way.

Sincerely,
Byron & Renate Ramdhan

I David Hiester am a resident of Rockwall, TX living at 781 Hanover Dr, and I oppose Z2019-205 Heritage Park rezoning request because of its PID funding and it's several variances to City requirements and guidelines. Taxes are high enough now, and the risk of project too great for my taste. It appears that the City Council may feel similarly.

I am against the city providing any funding for a private development such as this.
In 2008 we had hundreds of acres of failed housing developments in the Rockwall area.
Consequently, I don't want my tax dollars to be liable for any private development project.

Subject: Project PID

Hello Mr. Miller,

I am unable to attend the Council Meeting scheduled on April 15th, however I wanted to let my voice be heard that I am against PID set for hearing on this day. It is not to the benefit of homeowners and taxpayers to foot a bill for a developers business. All costs should be paid by the developer's business.

Thank you for your time

Mr. Miller-

Please add our names to the list of Rockwall residents/homeowners who are AGAINST the PID for Heritage Homes to build another development in our city, AKA Project Z2019-005. For many reasons we are against this project and feel that this would not be a responsible decision for our City Council to approve this. We are presently out of town visiting family and will not be able to attend the meeting on April 15th but we would like our voices to be heard.

Sincerely,
Daniel Estrada

Mr. Miller:

Ryan,

Bob Wacker made me aware that Rockwall is considering a request for a "PID" from a developer, i.e., requesting our City (and citizens) fund the up front costs of his/her development plan.

Please count myself and my wife as being Against such a proposal.

Thanks and regards,

Rich

April 15 City Council meeting - Developer using our $ to start his project

Last night P&Z agreed to postpone the zoning part of project Z2019-005 Heritage Homes. But a scheduled public hearing for a key part of this project was not postponed. Ryan Miller, Rockwall Planning Manager verified this for me. On April 15 the CITY COUNCIL will consider the developer's request for the creation of a PID (Project Improvement District) to fund the initial costs … infrastructure, park, green spaces, streets, common areas. I believe the developer will cancel the project if the Council votes down his PID request. So what is a PID ? In as simple terms as possible, instead of the developer paying the initial costs, the city does. Then the city collects extra taxes from the home buyers to get paid back. This puts most of the risk on the city … us. Up front, the city pays for all the financial costs via bonds or loans … not the developer. Longer-term, if the lots and homes do not sell, the city still is responsible for the repayment of the bonds or loans and interest until they do. Worst-case, the project declares bankruptcy, and the city (we) are stuck with the bills. Maybe I made it too simple and made some mistakes, please correct me. This project would affect all of the residents of Rockwall. If you are against this, please send an email to Ryan Miller (RMiller@rockwall.com) and he will include all of them in his presentation to the Council. I believe they will be more powerful (a few hundred or thousand emails) than being there in person (20-50 people.)

Subject: Vote No for PID and rezoning of project Z2019-005 Heritage Homes.

Mr. Miller,

Thank you for including our emails in your presentation. I am unable to be at the meeting because I have responsibilities for my grandson at home. It saddens me that that beautiful piece of property who will be butchered for more homes. We were attracted to Rockwall because there still seemed to be green spaces and ranches.

It also saddens me that we the taxpayer would have the responsiblility of paying for a developer's project in any way.

Please add my name to list to vote against a PID and rezoning of project Z2019-005 Heritage Homes.

Best Regards,

Susan Nicholl

Subject: PID Projects...

It is my understanding there is before the council a developer requesting a PID project. No. No. No. No. We pay enough in taxes already. We don't need to pay out more money, we need our roads fixed... There's too much building going on with projects now that we don't need. We don't need all the building that's going on-- it's enough already, it's enough. If a developer cannot carry his own weight, then he needs to go somewhere else. Thank you.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	April 15, 2019
APPLICANT:	Dean Cathey; *Dean Cathey Custom Homes, Inc.*
CASE NUMBER:	P2019-013; *Lots 3, 4, & 5, Block A, Richard Harris Subdivision No. 3 Addition*

SUMMARY

Hold a public hearing to discuss and consider a request by Dean Cathey of Dean Cathey Custom Homes, Inc. for the approval of a replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition being a 0.57-acre tract of land identified as Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 705 & 707 Hartman Street, and take any action necessary.

PLAT INFORMATION

☑ The applicant is requesting to replat two (2) parcels of land (*i.e. Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition*) into three (3) parcels of land (*i.e. Lots 3, 4, & 5, Block A, Richard Harris Subdivision No. 3 Addition*) in order to construct a single-family home on Lot 5.

☑ On April 2, 2019, the Parks and Recreation Board reviewed the proposed *replat* and made the following recommendations:

1) The developer shall pay pro-rata equipment fees for Park District No. 21 in the amount of $516.00 for Lot 5. This will need to be paid at time of final plat; and

2) The developer shall pay cash-in-lieu of land fees for Park District No. 21 in the amount of $499.00 for Lot 5 to be paid at the time of final plat.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

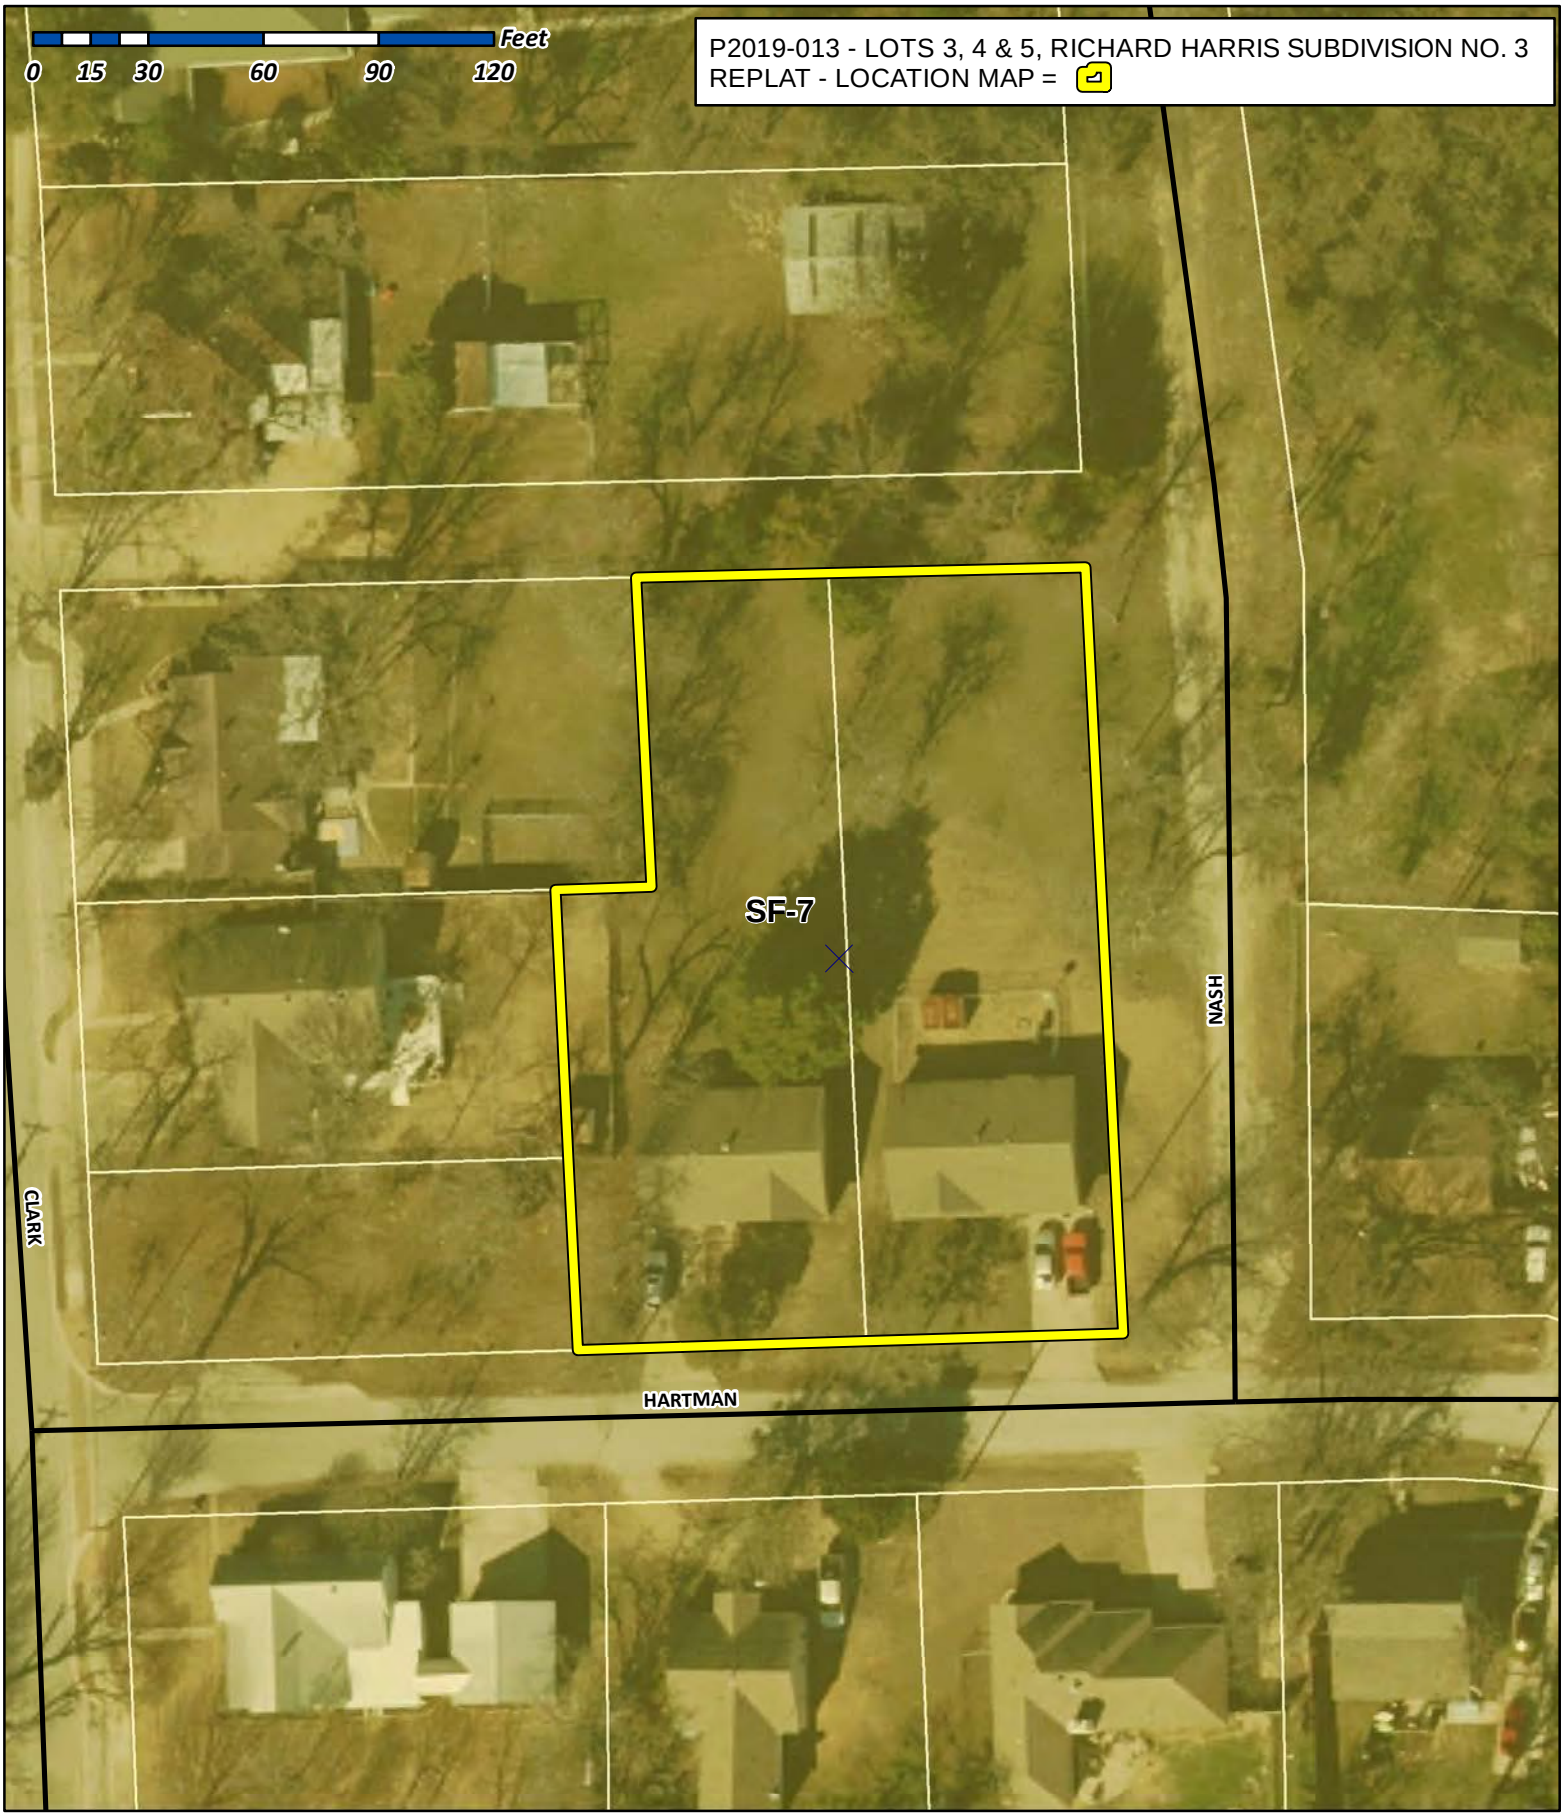
☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

NOTIFICATIONS

On March 25, 2019, staff mailed 29 notices to property owners/residents within 200-feet of the subject property in accordance with the requirements stipulated by the Texas Local Government Code for residential replats. At the time this report was written, staff had received one (1) notice in opposition of this request.

CONDITIONS OF APPROVAL



If the City Council chooses to approve the replat for *Lots 3, 4, & 5, Block A, Richard Harris Subdivision No. 3 Addition*, staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On April 9, 2019 the Planning and Zoning Commission's motion to recommend approval of the replat with staff's *Conditions of Approval* passed by a vote of 7-0.

COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as RICHARD HARRIS SUBDIVISION NO. 3, LOTS 3, 4 & 5, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties whohave a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or
Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
CC:	Rick Crowley, *City Manager* Mary Smith, *Assistant City Manager* Joey Boyd, *Assistant City Manager*
FROM:	Ryan Miller, *Director of Planning and Zoning*
DATE:	April 9, 2019
SUBJECT:	Z2019-005; *Zoning Change (AG to PD) for Heritage Park*

On April 9, 2019, the applicant, Kent Donahue of Donahue Development Corporation, requested that the Planning and Zoning Commission postpone the public hearing for *Case No. Z2019-005* to the *April 30, 2019* Planning and Zoning Commission meeting (*see Exhibit 'A'*). In response to this request the Planning and Zoning Commission approved the postponement by a vote of 7-0. Staff should note that a public hearing will be required to be held on April 30, 2019 (*i.e. the applicant cannot request an additional postponement*), or the application will be administratively withdrawn in accordance with the requirements and procedures of the Unified Development Code (*Section 6.2.C; Article II; UDC*). Furthermore, the applicant has requested to move the City Council meeting to *May 20, 2019*. The proposed public hearing for the creation of the Public Improvement District (PID) will remain *April 15, 2019*. According to Section 6.2, *Public Hearing Postponements*, *Recess, and Continuations*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code, a public hearing may be postponed by announcing the postponement at the public hearing and indicating the time and place the new hearing is scheduled to begin. The announcement of a postponement shall be sufficient notice and no additional notice shall be required.

TO:	Mayor and City Council
DATE:	April 15, 2019
APPLICANT:	Mark Pross *of Pross Design Group*
CASE NUMBER:	Z2019-006; *SUP for a Structure Exceeding 60-Feet in Height (SPR)*

SUMMARY

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

BACKGROUND

The subject property is a 42.61-acre tract of land located at the terminus of Aluminum Plant Road, which is located at the southwest quadrant of the intersection of East Washington Street and Airport Road. The property was annexed on February 7, 1983 by *Ordinance No. 83-06.* According to the City's historic zoning maps, the subject property has been zoned Light Industrial (LI) District since at least May 16, 1983. In January 2019, the applicant, Carolina Molina of Alvaplast US, Inc. (SPR Packaging), requested approval of a site plan for the purpose of expanding SPR's existing operations. This request was for the first phase of a multi-phase expansion plan. On March 18, 2019, the Planning and Zoning Commission approved the requested site plan [*Case No. SP2019-004*] for Phase 1 for the purpose of constructing an approximately 78,615 SF single-story, warehouse facility (*i.e. SPR Packaging*) on an 11.3736-acre portion of the subject property. Currently, the subject property is vacant, with the exception of the Columbia Extrusion Corporation's existing structures located on the west side of the subject property (*i.e. 8.97-acre portion*).

PURPOSE

The applicant, Mark Pross of Pross Design Group, has submitted a request for a Specific Use Permit (SUP) to allow for structures exceeding 60-feet in height to be located within a Light Industrial (LI) District. The applicant is requesting to allow for a maximum overall height of 100-feet for structures *(i.e. high bay extruders*) that will be located in the areas identified as Phases 2, 3, 4 and 5 as depicted on the concept plan (*i.e. Exhibit 'B'*) contained in the draft SUP ordinance. This area will house the high bay extruders necessary for SPR's business operations. The applicant has stated to staff that SPR's business involves the production of flexible packaging products through a process called extrusion. The extrusion of certain plastics require additional height to process, and SPR has set a maximum height of 100-feet from grade for these structures.

ADJACENT LAND USES AND ACCESS

The subject property is located at the southwest quadrant of the intersection of E. Washington Street and Airport Road. The land uses adjacent to the subject property are as follows:

North: Directly north of the property is Aluminum Plant Road, which provides access to the existing business (*i.e. Columbia Extrusion*) and Airport Road. Beyond Aluminum Plant Road and north of the subject property is a 7.497-acre vacant tract of land that is owned by the Rockwall Community Playhouse. Beyond this property is the Children's Academy Center, which is owned by the Soroptimist Children's Home and is situated on a 2.093-acre tract of land. Adjacent to these tracts and northeast of the subject property is Planned Development District 87 (PD-87), which includes commercial, light industrial and townhome land uses. Adjacent to PD-87 is E. Washington Street, which also delineates the future alignment of SH-66. This roadway is identified as a TXDOT4D (*i.e. four [4] lane, divided highway, owned by the Texas Department of Transportation*) on the City's Master Thoroughfare Plan. North of this thoroughfare is a 67.036-acre public park (*i.e. Harry Myers Park*), which is zoned Light Industrial (LI) District.

South: Directly south of the subject property is the right-of-way for the *Union Pacific Dallas/Garland Northeast Railroad*. Beyond this is the existing SPR Packaging facility, which is situated on a 10.1893-acre parcel of land identified as *Lot 2, Block A, SPR Packaging Addition.* Adjacent to and west of the SPR Packaging facility is an 8.971-acre (*i.e. Lot 3, Block A, Whitmore Manufacturing Addition*) vacant parcel of land. Both of these properties are zoned Light Industrial (LI) District.

East: Directly east of the subject property is the Leon Tuttle Athletic Complex (*i.e. Lot 2, Rockwall Service Center & Park Addition*). Adjacent to Leon Tuttle Athletic Complex is the City of Rockwall Service Center (*i.e. Lot 1, Rockwall Service Center & Park Addition*). Both of these properties are zoned Light Industrial (LI) District and have adjacency to the following roadways: E. Washington Street, Airport Road, and Industrial Boulevard. These roadways are all identified as a M4U (*i.e. minor collector, four [4] lane, roadway*) on the City's Master Thoroughfare Plan.

West: Directly west of the subject property is an 8.197-acre tract of land and a 14.53-acre parcel of land (*i.e. Lot 1-01, Block 1, Indalloy Addition*). Both of these properties are zoned Light Industrial (LI) District. Situated on these properties is a large industrial building and various other improvements. Beyond these properties, and west of the subject property, are *Phases 2 & 3* of the *Park Place Subdivision*, which contain 94 single-family residential lots. This property is zoned Planned Development District 59 (PD-59) for Neighborhood Services (NS) and Single-Family 7 (SF-7) District land uses.

CHARACTERISTICS OF THE REQUEST

The construction for all of the buildings will be composed of tilt-up wall construction, matching their existing building located just south of and adjacent to the subject property. The area's extending above the tilt-up wall construction, which enclose the high bay extruders will have pre-finished metal panels. These metal panels will have a height of not more than 100-feet. The applicant has provided conceptual building elevations and a phasing plan indicating uniformity with each phase being planned. These elevations will require a recommendation by the Architectural Review Board (ARB) prior to being considered by the Planning and Zoning Commission during the site plan review.

Due to the height of the structures being requested, the applicant submitted a screening plan with the site plan for Phase 1 (*i.e. Case No. SP2019-004*) showing the incorporation of a thick vegetative screen being incorporated adjacent to the north and west property lines. The applicant has provided staff with this same landscape screening plan, which has been incorporated in the draft SUP ordinance and will be required to be built with Phase 1 of the development per this ordinance. Additionally, the applicant has provided a line of site study that evaluates the visual impacts of the proposed structures from Justin Road, E. Washington Street, and the Park Place neighborhood. Photographs were also included indicating superimposed structures and their visibility based on direction and topography of these areas. A development plan submitted by the applicant indicates an area where the maximum height of

structures is limited to 100-feet and that this area is a minimum distance of 500-feet from the west property boundary (*i.e. Park Place Addition*) and 132-feet from Industrial Road. It should be known that within a Light Industrial (LI) District, the rear yard setback for a structure adjacent to a residential district is a minimum of 20-ft + ½ of the building height greater than 36-feet [*i.e. 20-ft + (60-ft – 36-ft = 24-ft/2)*]. This means the minimum rear setback in this case would be 32-feet from the west property line.

CONFORMANCE WITH THE CITY'S CODES

Subsection 5.01, *General Industrial District Standards*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), states that "(*a)ll structures shall conform to the height requirements specified for the zoning district of the subject property as stipulated by Section 7.03*." Based on this, the maximum height for any structure within a *Light Industrial* (LI) *District* is 60-feet; however, a "(b)uildings height may be increased up to 120-feet if approved through a Specific Use Permit (SUP) by the Planning and Zoning Commission and City Council." The applicant is requesting to allow for a maximum overall height of 100-feet for Phases 2, 3, 4 and 5, which will house the high bay extruders processed with this SUP.

According to Subsection 5.6, *Screening from Residential Uses*, of Section 5, *Mandatory Provisions*, of Article VIII, *Landscape Standards*, of the Unified Development Code (UDC), non-residential developments that are adjacent to or directly across the street from a residential development should incorporate a minimum ten (10) foot landscape buffer that incorporates trees on 50-foot centers. In this case, the applicant is providing a 50-foot landscape buffer with the addition of evergreen and Live Oak trees along the western and northern property boundaries. The proposed landscape plan exceeds the minimum requirements of the UDC and has been included as a condition of approval in the draft SUP ordinance.

STAFF ANALYSIS

When analyzing the applicant's request (*i.e. structures exceeding 60-feet in height*), and given the need for the additional height required for the high bay extruders, the applicant has provided staff with a landscape screening plan and line of sight study that attempts to mitigate the visual impact of the proposed structures. The applicant has also provided a development plan assuring that the 100-foot tall structures will not be closer than 500-feet from the existing or future home sites within the Park Place Subdivision. Additionally, and with the exception of PD-59 (*i.e. Park Place Addition*) and a vacant 1.945-acre tract of land zoned Agricultural (AG) District located at the intersection of E. Washington Street and Airport Road, the surrounding properties adjacent to the subject property are zoned Light Industrial (LI) District. With this being said, a request for a Specific Use Permit (SUP) is discretionary for the City Council.

NOTIFICATIONS

On March 29, 2019, staff mailed 99 notices to property owners and residents within 500-feet of the subject property. Staff also emailed a notice to the Park Place Homeowner's Associations (*HOA's*), which is the only HOA located within 1,500-feet of the *subject property* participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the *subject property*, and advertised the public hearings in the Rockwall Herald Banner as required by the UDC. At the time this case memo was drafted staff had received six (6) notices [*two* (2) *from SPR*] & three (3) emails in favor, two (2) notices & two (2) emails opposing, and one (1) email undecided regarding the request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) to allow structures to exceed 60-feet in height within the Light Industrial (LI) District, then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

a) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of the draft SUP ordinance; and,

b) The maximum overall height of the buildings and/or structures shall not exceed 100-feet, as depicted in *Exhibit 'C'* of the draft SUP ordinance; and,

c) The building elevations depicted in *Exhibit 'C'* of the draft SUP ordinance are for reference to the height of the extruder bays for all phases (*i.e. phase 2, 3, 4, & 5*), and do not represent approved building elevations. Any building elevations associated with the project shall be subject to the requirements of the Unified Development Code (UDC), reviewed by the Architectural Review Board, and approved by the Planning and Zoning Commission [*and City Council if applicable*]; and,

d) Future expansion of the site [*i.e. Phases 3, 4, and 5*] should have all silos placed on the southern portion of the subject property, adjacent to the railroad tracks, as depicted in *Exhibit 'B'* of the draft SUP ordinance; and,

e) The subject property shall provide and maintain a landscape screening buffer along the western and northern property boundaries [*i.e. Overall Landscape Plan*], as depicted in *Exhibit 'D'* of the draft SUP ordinance and shall be constructed with Phase 1 of the development; and,

(2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On April 09, 2019, the Planning and Zoning Commission's motion to recommend approval of the Specific Use Permit (SUP) to allow for structures exceeding 60-feet in height within a Light Industrial (LI) District and with staff conditions passed by a vote of 5 to 2 with Commissioners Chodun and Logan dissenting.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2019-006: SUP for SPR Packaging

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and, Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 4/9/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 4/15/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **4/15/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

We think they will be good neighbors.
Only concern is the proposed height.
If they (SPR) could find way to reduce height
there would be no reservations at all.
They are the known vs. the unknown which could be worse
therefore we vote in favor.

Name: David + Christine David

Address: 1020 St Charles Ct

Tex. Loc. Gov. We are Concerned about the height of building and the visual, but we are in favor of Supporting the request - We are in favor, because of the steps SRP Packaging has agreed to take to minimize the impact of the look of these buildings. They also seem to care about the Neighborhood.

Subject: FW: SPR SUP

From: Rick Johnson [redacted]
Sent: Thursday, March 28, 2019 9:03 AM
To: Planning <planning@rockwall.com>
Subject: SPR SUP

Dear Mayor Pruitt, Council Members and Planning and Zoning,

As a HOA member of Park Place, Board of Director for the REDC, City of Rockwall ARB member, Vice President of the CASA Board of Directors and a citizen of Rockwall I hereby whole heartedly approve SPR's SUP to build to 100ft if necessary. I have resided in Park Place for 8 years now and was always concerned about what could possibly be built next door to our wonderful community. Having a great understanding of all of this due to my job and community involvement I have spoken with Park Place neighbors, SPR, and the city to have a complete understanding that SPR plans to do everything in their power to not effect Park Place in a negative way. I feel it is very important to both Park Place and Rockwall to see the big picture and the future of this project.

Feel free to contact me with any questions you may have.

Sincerely,

Rick Johnson

Subject: SPR Height Variance

Mr. Gonzales,

I live at 886 Ivy Lane in Park Place Development and have closely monitored SPR's plan to ask for a 100 foot height variance.

After reviewing all of the information and data that has been presented, I approve SPR's height variance with the condition that all terms offered by SPR be fulfilled.

Thank you for your thorough review of this project.

Subject: SUP for SPR

Hello to you all. I'm Phil Colbert of 417 Park Place Blvd in Rockwall. Yesterday afternoon I got a chance to hear about and review the related line-of-sight renderings you so graciously funded. This review confirmed what I had already concluded which is that the pro's for this SUP outweigh the con's. I think that SPR should be allowed to proceed.

Thank you for funding this study and for being so diligent in this and the many other tasks you undertake for the citizens of Rockwall. I value your work.

Phil Colbert

CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2019-006: SUP for SPR Packaging

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and, Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 4/9/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 4/15/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Herb Podina 1014 Saint Charles Ct. Rockwall.

We moved to Rockwall 15 years ago and we've lived 2 of those years in Park Place … which is next to the proposed SPR building sight.
We moved from Rowlett because their idea of restrictions and regulations were not up to our standards. We got tired of seeing privacy fences ,which did not match, along main roads and poorly developed industrial parks. Rockwall had a better plan which was clear to see.
SPR is asking for an SUP to put up a building to exceed the 60 ft height limit by 40 ft for a TOTAL OF 100 FT.
Oh I'm sure they are going to sing a good song as to how they intend to dress it up …. but let's face some real facts.
When SPR purchased the first lot and built on it …. I find it hard to believe they didn't have a plan to include the next group of buildings they are now proposing.
A 100 ft tall building on one of the highest points in Rockwall, can not be hidden by trees and shrubs unless you're talking about putting 2000 year old REDWOODS or west coast SEQUOIA Trees.
If they try to compare it to the County Courthouse , the Trend building , or the Stadium …. They are comparing apples to oranges. What I mean is ….. The Courthouse is a true Rockwall landmark that speaks for itself when you look at it. The Trend Building also speaks for itself with it's great architecture and unmistakable presence as a professional building.And I've had out of town friends marvel at the incredible Stadium we have. All three of these are seen from I-30 and everyone knows exactly what they are. If SPR builds this monster of a building , it will dwarf all three of these and people will be asking WHAT IS THAT ! I'll tell them it's Rockwalls new landmark.
Rockwall is so fortunate to have Harry Myers Park and there isn't another like it for miles. I invite everyone to walk it and imagine a 100 ft tall building sitting to the south , towering over SPR'S existing structure.
There is a wonderful ball park across the street which it will tower over as well. I am asking the board to REFUSE the SUP regarding this structure.

With this being said ….. We are adamantly against the SUP of 100 ft proposed by SPR.

Case No. Z2019-006 SUP for SPR Packaging

I am opposed to the request for the reasons listed below:

1) I live directly behind the development on Park Place Blvd. I always knew we could have some structure up to 60 feet but never 100
2) Although the 100 foot request is for a structure further south of my home it still appears that any building impacting Park Place II or the new III will impact my property values.
3) I recognize the current SPR facility has a SUP at 72 feet? I don't feel anything taller should even be considered without some restrictions. I don't understand why we have to allow even taller ones just North and closer to our development.
   a) In light of the fact that this development has multiple phases, any allowed variance should be restricted to only the current phase as far east as possible. (with all truck traffic exiting east)
   b) Future phases that build further west should have restrictions to stay at the current 60 foot allowance or be tied to additional review/approval
   c) Trees and landscaping noted in initial proposal (2 layers) should have irrigation and continued site maintenance to ensure they grow fast vs. suffering potential drought years.

Subject: Z2019-006

SPR is asking for a SUP to exceed the 60ft allowable structure in the city limits they are asking for up to 100ft. We meaning the community of Park Place located next to the current aluminum plant have met with SPR and although I didn't tour the current SPR facility all appeared to be impressed with the current operation (cleanliness, professional, quiet, and odor free).
SPR has appeared to go the extra mile to make us feel confident they will be good neighbors, and I am thankful for that. If the city is seriously considering allowing SPR to build tee facility buildings up to 100 feet then please consider this.

- What will the traffic be down Washington if they were to come off I30 on bad traffic days? How will that affect our roads?
- Consider this...can they build **down** and not up 40 feet above your designated structure height? Can they meet us half way - build 20 feet down and 20 feet above ground level?
- They have agreed to add a 500 foot cushion between SPR and Park Place phase III - can they add a berm to this and plant trees on top of the berm and not at ground level; that would give us more protection.

We have seen recent line of sight drawings that show it is unlikely that we will see the build {s) and in all honesty we saw very little of the building. I did notice that the drawings depicted our line of sight of SPR's with the trees in full in bloom and not in the cold of winter when they loose their leaves. There's a reason why the City of Rockwall has set the city ordinance limit to 60 feet and please don't loose sight of that. Do we want a building so tall to be a focal point in our city, only you can answer to that? If the city must consider this, it is my hope that they consider stipulations that will protect Park Place.

You ask if I am for or against, I have to wonder if we disapprove what can come in place of this? I am on the fence!

Thank you for your time and consideration.

SPECIAL USE PERMIT DESIGN REQUEST NARRATIVE
SPR NORTH PHASE 2

On behalf of SPR Packaging, we are representing the Owner in the design of the new facility, SPR Packaging North, which will be north of their current facility at 1480 Justin Road. As you are aware, SPR's business involves the production of flexible packaging products through a process called extrusion. The extrusion of plastic requires height to process the film and depending on the width of the film, technology improvements and number of layers, that height may vary. In order to be able to accommodate new equipment that will allow SPR Packaging to compete in new markets and expand their business, a maximum height of 100 feet above finish floor in a specific area of the property is required. This exceeds the current allowable height for buildings by 40', therefore the Owner requests a variance to allow the 100' maximum. This variance would apply to the Phase 2 portion of the building, as well as future expansion phases within the extrusion area defined in the site drawings. SPR Packaging had previously received a Special Use Permit for the 75' high extruder section for their existing building on Justin Road. See Elevations and Site Plan.

Based on initial Zoning Commission concerns, I have provided additional Exhibits for consideration.

1. As part of the Phase 1 Building project, the Owner is willing to provide screening from the far west property line abutting the adjacent residential use and the commercial zone to the north. We propose to add fast growing, tall, screening trees to close the open gap between the southeast corner of the residential property and well past the existing aluminum Warehouse, which is to be renovated in the future, and extend it to cover the north fence line.
2. A visual impact study was conducted to evaluate estimated building visibility from the most significant points of view. See 'Line of Site' Exhibits.
3. Elevation drawings showing the requested height of the extruder roof to 100' maximum.
4. Architectural Site Plan.
5. Site drawing showing Extrusion area limited to 500 feet away from Park Place Neighborhood and future development, 132 feet away from Industrial Road and 500 feet from south property line.
6. Building Entry Rendering.

Sincerely,

Mark Pross
President

City of Rockwall
Chairman Jonathan Lyons and the Planning and Zoning Commission
385 South Goliad
Rockwall, Texas 75087

Re: SPR Packaging

Planning and Zoning Commission members,

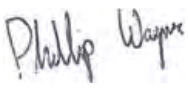
I am writing on behalf of the Rockwall Economic Development Corporation to enlist your support for the request by SPR Packaging to allow the company to build up to 100-foot tall production structures near their current Justin Road facility. As you may be aware, SPR requires the ability to build to this height in order to vertically extrude plastic necessary for certain products the company plans to manufacture in Rockwall. While SPR's current and future development site is zoned for such use, a Specific Use Permit (SUP) will be required for the company to exceed 60 feet in building height. This SUP is currently planned for discussion and consideration by the Planning and Zoning Commission on March 26 and April 9 and with the City Council on April 15 and May 6.

SPR has conducted business in Rockwall since 2008. While they have always been a strong employer and contributor to the local tax base, the opportunity for an unparalleled economic impact began taking shape after the company was acquired by the Spanish company, Armando Alvarez Group (AAG), in 2014. AAG leaders quickly saw SPR as a company primed for growth in industrial and agricultural plastics, and bought in to Rockwall as a community that could facilitate that growth. In early 2018, SPR entered into an agreement with the REDC on an expansion project that could add up to $48.4 million in additional taxable value to their current facility. Now, the company's proposed initial development on 42 acres acquired to the north will result in an additional $48.7 million in estimated tax value. AAG leaders have stated that they hope to make SPR and Rockwall the North and South American headquarters for their company. At full buildout on the entire 52-acre campus, SPR could conservatively build over 700,000 square feet with a taxable value of $200 million.

It is important to put the $200 million figure in context, as it is three times greater than any existing taxpayer within Rockwall. A $200 million taxable value, using 2018 tax rates, would generate $800,000 annually for the City of Rockwall, as well as $650,000 for Rockwall County and $2,800,000 for Rockwall ISD. If $200 million in taxable value was removed from the tax rolls in 2018, a collective tax increase of 5 cents ($0.05 per $100 of taxable value) would have to be implemented for all taxing jurisdictions to account for the loss of revenue. With Rockwall's median housing value estimated at $225,000, a $0.05 tax increase would cost an average Rockwall family an additional $112 annually in taxes. As such, it is not hyperbole to say that Rockwall residents have a significant financial stake in this decision.

Fortunately, SPR does not want to leave Rockwall. The company has a strong desire to continue their growth plans in our community. However, that will change if the SUP is not approved.

SPR officials recently met with residents of the adjacent Park Place subdivision, some who have expressed concern regarding the visual impact of the tallest production facilities. The company assured residents that any of the tall structures will be placed at least 500 feet from the Park Place property line. They also demonstrated their line of sight drawings – completed by a licensed architect – showing the lack of visual impact in Park Place, and the minimal impact at other area locations. SPR also discussed their willingness to excavate if more than 100 feet of height clearance is needed, as well as how they will plant additional trees for screening and limit west-side operations to regular business hours to avoid being a nuisance for the nearby residents.



Fundamentally, the REDC understands the importance of beautiful neighborhoods and values the relative peace and quiet that contributes to a high quality of life in Rockwall. As residents ourselves, we enjoy the same characteristics that have made Rockwall a wonderful bedroom community for thousands. We also understand the importance of a balanced community that allows for a mix of both residential and business development. We believe that without that broad and diversified tax base, residential taxes will increase and/or the quality of vital public services will decline. This is the key reason why the REDC was approved by the Rockwall voters in 1995. The public understood that without a strong commercial presence, Rockwall suffers. This fact remains true today.

The value of SPR Packaging to Rockwall, and the future value of the company as the North and South American headquarters for the Armando Alvarez Group, cannot be overstated. Still, even with the tremendous economic impact, the REDC would struggle to support a company that posed negative environmental implications on the community we know and love. That is not the case with SPR.

SPR's expansion represents the type of mindful and responsible industrial growth that the REDC envisioned when it was created more than 23 years ago. For that reason, the REDC unequivocally supports the SPR Packaging expansion and the corresponding SUP application that is essential for their business. We respectfully ask that both the City Council and Planning and Zoning approve the SUP.

If you have any questions, please do not hesitate to contact me at 972.772.0025 or 785.423.5842.

Sincerely,

Phil Wagner

PREVIOUS STUDIES

The sight lines provided by SPR appear to be reasonably accurate with the current information provided. Sight-line studies attempt to provide the highest degree of accuracy possible, but variable factors such as tree density, tree maturity and height all impact screening and therefore impact the final sight-lines. The images on this sheet were provided by SPR.

CONCLUSIONS

1.) The proposed SPR plant can slightly be seen in 3-4 of the Views.

2.) The Columbia plant can be seen in front of the proposed SPR plant in 3 out of these 4 views.

3.) In no line of sight studied can the 100 ft. tall Phase II be seen, other than in View 12, in which the exposed part of Phase II would apper 1/8" in height. For the remaining views, only in later phases (8-20 years out) will the proposed SPR plant phases 3-5 become visible as reflected in this study.

4.) The visibility of the proposed SPR plant phases 3-5 may be further diminished if the proposed plant were to match the color of the Columbia plant.

CITY OF ROCKWALL

ORDINANCE NO. 19-XX

SPECIFIC USE PERMIT NO. S-1XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) ALLOWING STRUCTURES THAT EXCEED 60-FEET IN HEIGHT WITHIN A LIGHT INDUSTRIAL (LI) DISTRICT, ON A 42.61-ACRE TRACT OF LAND BEING IDENTIFIED AS TRACT 7 OF THE N. BUTLER SURVEY, ABSTRACT NO. 20 (11.3736-ACRES); TRACT 31 OF THE R. BALLARD SURVEY, ABSTRACT NO. 29 (8.197-ACRES); AND LOT 1-01, BLOCK 1, INDALLOY ADDITION (14.53-ACRES), CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) to allow for structures that will exceed 60-feet in height within the *Light Industrial* (*LI*) *District* on an 42.61-acre tract of land, identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned *Light Industrial (LI) District*, generally located at the terminus of Aluminum Plant Road, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

Section 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing structures that will exceed 60-feet in height within the *Light Industrial (LI) District* as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

Section 2. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 5.01, Light Industrial (LI) District,* and *Section 7.03, Non-Residential District Development*

PROOF 04.15.19

Standards, of Article V, District Development Standards, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions:

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of an office/ warehouse/manufacturing facility that exceeds 60-feet in height on the *Subject Property*, and conformance to these operational conditions is required for continued operations:

1) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance; and,

2) The maximum overall height of the buildings and/or structures shall not exceed 100-feet, as depicted in *Exhibit 'C'* of this ordinance; and,

3) The building elevations depicted in *Exhibit 'C'* are for reference to the height of the extruder bays for all phases (*i.e. phase 2, 3, 4, & 5*), and do not represent approved building elevations. Any building elevations associated with the project shall be subject to the requirements of the Unified Development Code (UDC), review by the Architectural Review Board, and approval by the Planning and Zoning Commission [*and City Council if applicable*]; and,

4) Future expansion of the site [*i.e. Phases 3, 4, and 5*] should have all silos placed on the southern portion of the subject property, adjacent to the railroad tracks, as depicted in *Exhibit 'B'* of this ordinance; and,

5) The subject property shall provide and maintain a landscape screening buffer along the western and northern property boundaries [*i.e. Overall Landscape Plan*], as depicted in *Exhibit 'D'* of this ordinance and shall be constructed with Phase 1 of the development.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

Section 4. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 5. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

Section 6. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not

DRAFT ORDINANCE 04.15.19

to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 7. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 8. That this ordinance shall take effect immediately from and after its passage;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	April 15, 2019
APPLICANT:	Ruben Garcia and Brandon Mullins *of Hemisphere Brewing Company*
CASE NUMBER:	Z2019-007; *SUP for Commercial Amusement/Recreation (Outdoor)*

SUMMARY

Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for *outdoor commercial amusement/recreation* in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.

BACKGROUND

The subject property is a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition. The subject property is situated within the IH-30 Overlay (IH-30 OV) District and addressed as 2015 Kristy Lane. The property was annexed on May 5, 1980 by *Ordinance No. 80-06.* According to the City's historic zoning maps, the subject property has been zoned Light Industrial (LI) District since at least May 16, 1983. Currently, the property is being used as a brewery (*i.e. Hemisphere Brewing Company*), which is a by-right land use within the Light Industrial (LI) District. Hemisphere Brewing Company obtained their Certificate of Occupancy (CO) on November 17, 2014.

PURPOSE

The applicants, Ruben Garcia and Brandon Mullins, have submitted a request for a Specific Use Permit (SUP) to allow a *Commercial Amusement/Recreation* (*Outdoor*) land use in conjunction with an existing craft/microbrewery located within a Light Industrial (LI) District. The applicant is requesting to operate an outdoor entertainment area that includes a stage and seating areas. This will be located at the rear of the property and will be enclosed by an eight (8)-foot wooden fence.

ADJACENT LAND USES AND ACCESS

The subject property is located at 2015 Kristy Lane. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are three (3) businesses (*i.e. Rite Co. Collision, Asnet, Inc., & Multi-Metal & MFG Co., Inc.*) on a 3.77-acres of land that front IH-30. All of these properties are zoned Light Industrial (LI) District. Beyond these properties is IH-30.

South: Directly south of the subject property is a business (*i.e. Excel Metal Finishing*) addressed as 2065 Kristy Lane, which is situated a one (1)-acre parcel of land. This property is zoned Light Industrial (LI) District.

East: Directly east of the subject property is a 3.543-acre parcel of land that is vacant. This property is zoned Light Industrial (LI) District.

West: Directly west of the subject property are two (2) businesses (*i.e. Rockwall Mini Storage & Bodin Concrete*) on 4.0681-acres of land. Both of these properties are zoned Light Industrial (LI) District.

CHARACTERISTICS OF THE REQUEST

The applicants have stated that they would like the opportunity to expand their operations by including an outdoor stage and Biergarten venue for the purpose of incorporating live entertainment, charity events, special events (*i.e. corporate events, birthday parties, weddings, etc.*) and social gatherings into their existing operations. Due to the hours of operation as regulated for a brewery by the Texas Alcoholic Beverage Commission (TABC), the applicants would be able to host these events during the hours of 8:00 a.m. – 12:00 a.m. Monday through Saturday and 10:00 a.m. – 12:00 a.m. on Sunday. Additionally, the applicants have provided a concept plan for the *Commercial Amusement/Recreation (Outdoor)* use [*i.e. outdoor venue*], which shows that the *Commercial Amusement/Recreation* (*Outdoor*) area will be located at the rear of the facility. The concept plan indicates the location of the outdoor stage area, proposed seating areas, and an eight (8)-foot high wood fence that will enclose this area.

CONFORMANCE WITH THE CITY'S CODES

According to Section 1.1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), a *Commercial Amusement/Recreation (Outdoor)* land use requires approval of a Specific Use Permit (SUP) in a Light Industrial (LI) District. Staff has included language providing for the expiration of the SUP should the land use designation change (*i.e. other than a craft brewery*). This has been included as a condition of approval.

According to Section 2.1.5.2, Recreation, Entertainment and Amusement Use Conditions, of Article IV, Permissible Uses of the Unified Development Code (UDC), an "(o)utdoor commercial recreational and amusement uses shall be no closer than 300 feet to residentially zoned land unless such setback is reduced or waived by the planning and zoning commission and city council." In this case, the subject property is more than 300-feet from a residentially zoned property and is in conformance with the UDC.

STAFF ANALYSIS

Based on the applicant's request, it should be noted that the subject property is situated within the Bodin Industrial Addition, which is primarily zoned Light Industrial (LI) District. It should also be noted that the hours of operation are limited by the Texas Alcoholic Beverage Commission (TABC) for a brewery. As a note, the required number of parking spaces for any facility is calculated based on land use and the square footage of the facility. In this case, the *Commercial Amusement/Recreation* (*Outdoor*) use is not considered an indoor use; therefore, no additional parking spaces are required.

Included in the attached packet is the applicant's letter requesting the Specific Use Permit (SUP), a concept plan depicting the outdoor venue, and a draft ordinance containing regulations for the proposed land use. Based on staff's review, the applicant's request does appear to be in conformance with these requirements; however, the approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council.

NOTIFICATIONS

On March 29, 2019, staff mailed 27 notices to property owners and residents within 500-feet of the subject property. Staff did not send a neighborhood notification as there are no Home Owners Associations (HOA's)/or neighborhood groups participating in the Neighborhood Notification Program within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received two (2) notices in favor of the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) for a Commercial Amusement/Recreation (*Outdoor*) in conjunction with an existing craft/microbrewery, then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

a) The development and operation of a *Commercial Amusement/Recreation* (*Outdoor*) land use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of the proposed draft ordinance;

b) The *Subject Property* may be used for all permitted accessory uses, as well as, the use of an *outdoor stage and venue* that may include live music/entertainment, a Biergarten, and catered food vendors within the outdoor area as depicted in *Exhibit 'B'* of the proposed draft ordinance;

c) This Specific Use Permit (SUP) shall only be valid as an accessory use to the existing craft brewery. Should the subject property's land use designation change (*i.e. other than a craft brewery*) this SUP shall automatically expire; and,

(2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On April 09, 2019, the Planning and Zoning Commission's motion to recommend approval of the Specific Use Permit (SUP) for a Commercial Amusement/Recreation (*Outdoor*) in conjunction with an existing craft/microbrewery, and with staff conditions passed by a vote of 7 to 0.

NOTICE OF PUBLIC HEARING

CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2019-007: SUP for an Outdoor Commercial Amusement

Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for outdoor commercial amusement/recreation in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 4/9/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 4/15/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **4/15/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

CITY OF ROCKWALL

ORDINANCE NO. 19-XX

SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *COMERCIAL AMUSEMENT/RECREATION (OUTDOOR)* LAND USE IN CONJUNCTION WITH AN EXISTING CRAFT BREWERY ON A 1.215-ACRE PARCEL OF LAND, ADDRESSED AS 2015 KRISTY LANE AND BEING IDENTIFIED AS LOT 1-F, BODIN INDUSTRIAL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Ruben Garcia and Brandon Mullins for the approval of a Specific Use Permit (SUP) for a *Commercial Amusement/Recreation (Outdoor)* land use for the purpose of establishing an outdoor stage and venue in conjunction with an existing craft brewery on a 1.215-acre parcel of land, zoned Light Industrial (LI) District, identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, addressed as 2015 Kristy Lane, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the establishment of a *Commercial Amusement/Recreation (Outdoor)* land use as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

SECTION 2. That the *Subject Property* shall be used and developed only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Section 1.1, Land Use Schedule,* of *Article IV, Permissible Uses,* and *Section 5.02, Light Industrial (LI) District,* of *Article V, District Development Standards,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein

DRAFT ORDINANCE 04-19

by the granting of this zoning change, and as my be amended in the future, and shall be subject to the following additional conditions:

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *Commercial Amusement/Recreation (Outdoor)* land use on the *Subject Property* and conformance to these requirements is necessary for continued operations:

1) The development and operation of a *Commercial Amusement/Recreation* (*Outdoor*) land use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance;

2) The *Subject Property* may be used for all permitted accessory uses, as well as, the use of an *outdoor stage and venue* that may include live music/entertainment, a Biergarten, and catered food vendors within the outdoor area as depicted in *Exhibit 'B'* of this ordinance; and,

3) This Specific Use Permit (SUP) shall only be valid as an accessory use to the existing craft brewery. Should the subject property's land use designation change (*i.e. other than a craft brewery*) this SUP shall automatically expire.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this

ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.

Jim Pruitt, *Mayor*

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	April 15, 2019
APPLICANT:	Jim Ziegler, *PegasusAblon*
CASE NUMBER:	Z2019-008; *Amended Development Plan for PD-32*

SUMMARY

Hold a public hearing and consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a PD Development Plan amending *Ordinance 17-64* and in accordance with *Ordinance No. 17-22*, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

BACKGROUND

Ordinance No. 10-21 incorporated the subject property into Planned Development District 32 (PD-32) on September 20, 2010. This ordinance created a master planned, mixed-use district consisting of 78.89-acres of land, which is commonly referred to as the *Harbor District*. Included in the ordinance was a pool of 1,161 *urban residential* units (*i.e. condominiums and/or townhomes*) that could be allocated to properties within the district by the City Council -- *in accordance with the land use charts in the ordinance* -- on a *first-come-first-serve* basis through an interim zoning step called a *PD Development Plan*.

On June 17, 2013, the City Council approved a *PD Development Plan* (*Ordinance No. 13-16*) allocating 399 *urban residential* units (*i.e. condominiums*) to the subject property. These units were tied to a concept plan that showed two (2) condominium buildings being constructed on the subject property, one (1) adjacent to Lakefront Trail consisting of 349-units and one (1) adjacent to the Harbor Fountain consisting of 50-units. In addition, the plan indicated two (2) retail/restaurant strip centers would be constructed adjacent to Lake Front Trail and Harbor Heights Drive. These areas were eventually developed with a hotel (*i.e. Spring Hill Suites*) in 2016. On December 18, 2017, the City Council approved an amendment to this plan allowing the number of units to be increased to a total 450-units, which would increase the number of units for the building adjacent to Lakefront Trail to 375-units and for the building adjacent to the Harbor Fountain to 75-units. In addition, the City Council added a strict construction schedule for both buildings as part of the PD Development Plan ordinance. If the dates in the construction schedule are not met, the increased units (i.e. the additional 51-units) would be clawed back through an expiration clause in the ordinance. The owners of both properties agreed to the construction schedule as part of this case.

PURPOSE

On March 15, 2019, the applicant submitted an application requesting to amend the *PD Development Plan* approved under *Ordinance No. 17-64*. The applicant has stated that the purpose of this application is to [*1*] change the pedestrian access easement that extends from Lakefront Trail to the Harbor Fountain to a one-way private drive and pedestrian access easement, and [*2*] to change the

construction schedule for *Harbor Village* project (*identified as Building ❶ in the attached draft ordinance*).

ADJACENT LAND USES AND ACCESS

The subject property is located at the southwest corner of the intersection of Lakefront Trail and the IH-30 frontage road, and is addressed as 2600 Lakefront Trail. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is the southern frontage road for E. IH-30 followed by the main lanes, and the northern frontage road. Beyond this highway system is the Harbor Bay Marina that is zoned Agricultural (AG) District, and Phase 5C of the Lakeside Village Subdivision, which consists of 61 single-family lots that are zoned Planned Development District 2 (PD-2) for single-family, residential land uses.

South: Directly south of the subject property is the Harbor Retail development, which is zoned Planned Development District 7 (PD-7) for limited General Retail (GR) District land uses. Beyond this is Summer Lee Drive, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. Beyond this is Lago Vista Subdivision, which consists of 92 single-family residential lots that are zoned Planned Development District 18 (PD-18) for single-family, residential land uses.

East: Directly east of the subject property is Lakefront Trail followed by a 2.968-acre tract of land that is occupied with a hotel (*i.e. Spring Hill Suites*). Beyond this is Shoreline Trail, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. All of these properties are zoned Planned Development District 32 (PD-32) and are located in the *Freeway Frontage Subdistrict*.

West: Directly west of the subject property is several parcels of land that have offices and a gym (*i.e. Eclipse Fitness*) situated on them. In addition, the remainder of the subject property contained in this PD Development Plan, and which is identified as *Building* ❷ in the attached draft ordinance, is located adjacent to this area. All of these properties are zoned Planned Development District 32 (PD-32), and are situated within the *Harbor Residential Subdistrict*. Beyond this are the corporate limits of the City of Rockwall followed by the take-line.

CHARACTERISTICS OF THE REQUEST

On January 15, 2019, the Planning and Zoning Commission approved a site plan for a 375-unit condominium building on a 6.2-acre tract of land located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail (*identified as Building ❶ in the attached draft ordinance*). While going through the site plan approval process, staff explained to the applicant that the proposed IH-30 improvements -- *which are scheduled for 2021* -- would restrict the properties west of the subject property (*i.e. Building ❷ in the attached draft ordinance and the existing office/retail building adjacent to the takeline*) from having access to Lakefront Trail, and that the only access to these properties would be provided from the eastbound lanes of the IH-30 frontage road (*i.e. drivers in the City of Rockwall would have to take IH-30 west and exit the Bayside exit in Rowlett, and take IH-30 east and exit the Harbor exit prior to crossing into the City's corporate limits to access these properties*). Based on this, the applicant has submitted a request to transform the pedestrian access easement providing access to the Harbor Fountain into a mew street that would serve as both a pedestrian access easement and a private drive for the properties to the west of the subject property. In accordance with the design guidelines contained in *Resolution No. 10-40*, staff has requested that the applicant retain the aesthetics of the original pedestrian access easement and use bollards in lieu of a curbed one-way street. Based on this direction the applicant has provided a street cross section showing the proposed mew street and a concept plan showing the additional details requested by staff.

Since the applicant was required to go through a zoning process to change the PD Development Plan, it will be difficult for the project to be completed in accordance with the construction schedule laid out in *Ordinance No. 17-64*. This requires that a building permit be issued by June 1, 2019. As a result, the applicant has requested to extend this timeline for a period of one (1) year from the approval date of the proposed ordinance. If the ordinance is approved under the current schedule and the case is not tabled or denied the date the applicant would need a building permit by would be *May 6, 2020*. Staff should note that the applicant has not requested changes to the construction schedule for *Building* ❷ (*i.e. the building adjacent to the Harbor Fountain*), and the date required for the owner of that property to obtain a building remains as *June 1, 2020*.

Staff should note that the applicant was asked to provide letters from the adjacent property owners indicating their consent to change the access to their properties; however, the applicant has failed to provide these letters to staff. With this being said, the proposed changes should be an improvement to the access of these properties, and should not create any development issues for these property owners.

INFRASTRUCTURE

The applicant's request does not change the infrastructure requirements that were identified with *Case No. SP2018-043*, and no new infrastructure would be required with this case.

CONFORMANCE WITH THE CITY'S CODES

The applicant's request does not change the conformance to the City's codes for the site plan approved with *Case No. SP2018-043*, and should not have an effect on any future projects ability to conform to the City's Municipal Code of Ordinances or the Unified Development Code (UDC).

CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

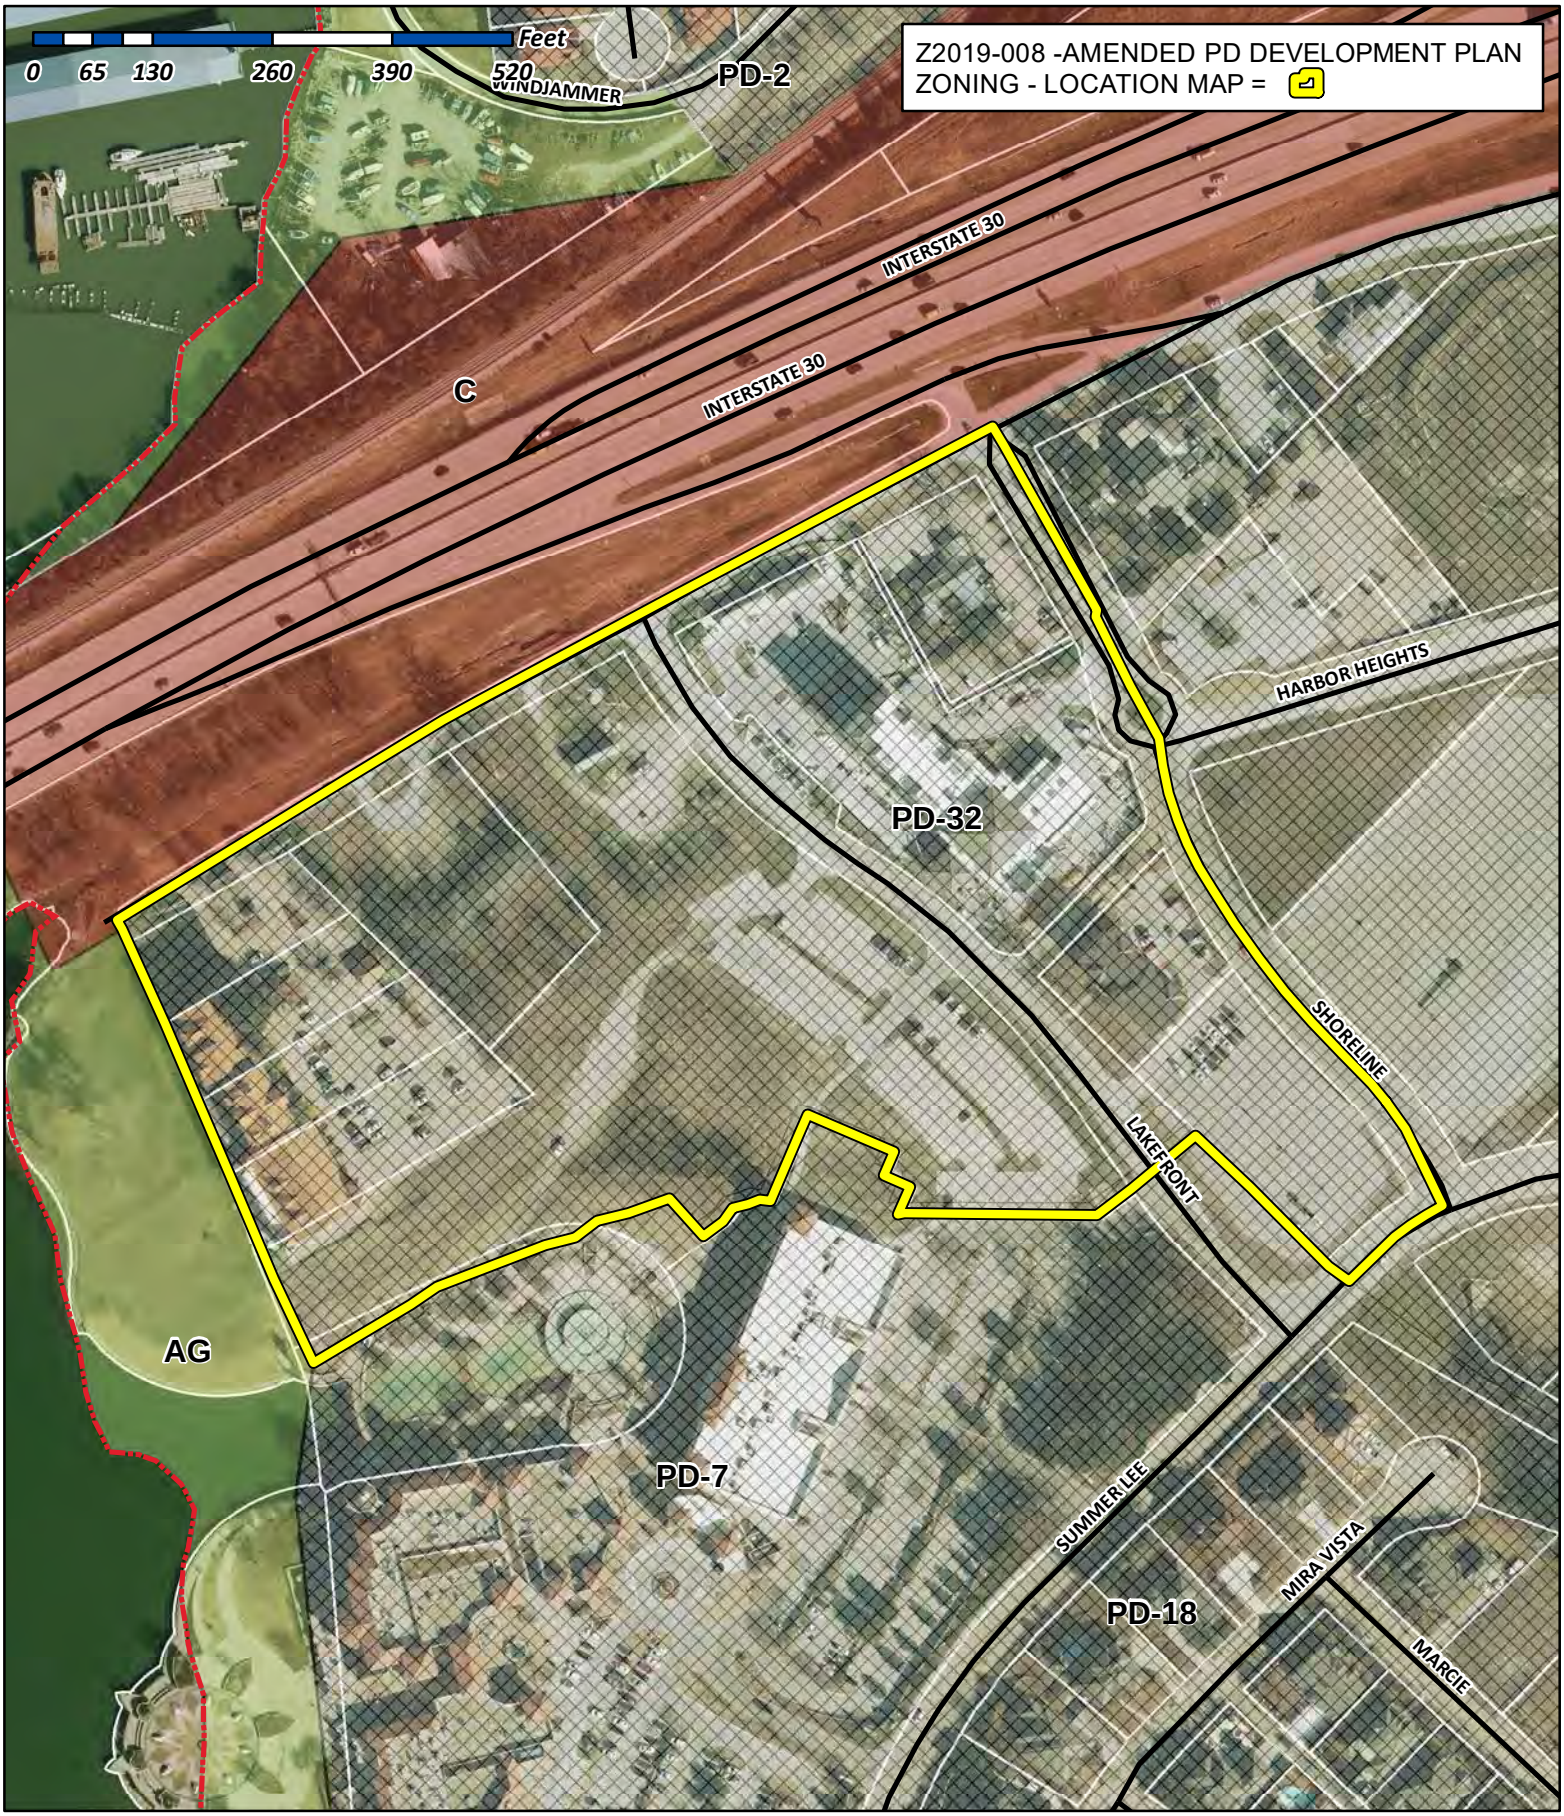
The applicant's request does not have an effect on the property's conformance to the OURHometown Vision 2040 Comprehensive Plan.

NOTIFICATIONS

On March 25, 2019, staff mailed 41 notices to property owners and occupants within 500-feet of the *Freeway Frontage, Harbor Link Mixed-Use,* and *Harbor Residential Subdistricts*. Staff also notified the Lakeside Village and Lago Vista Homeowner's Associations (HOA), which are the only HOA/Neighborhood Organizations that are within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had not received any notices returned concerning the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request to amend the Development Plan contained in *Ordinance No. 17-64*, then staff would propose the following conditions of approval:



(1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

(2) The site plan approved with *Case No. SP2018-043* will need to be updated and administratively approved to ensure conformance to the revised *PD Development Plan*;

(3) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On April 9, 2019, the Planning and Zoning Commission approved the applicant's request to amend the Development Plan contained in *Ordinance No. 17-64* by a vote of 5-2, with Commissioners Logan and Chodun dissenting.

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***March 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 4/9/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday 4/15/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2019-008- Hold a public hearing and consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a PD Development Plan amending Ordinance 17-64 and in accordance with Ordinance No. 17-22, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.**

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.

RE: SP-2018-043 Harbor Village

Mr. Miller,

Please accept the enclosed revised Site Plan for the Harbor Village. We are enclosing 4 full size folded along with a PDF file.

We are also enclosing an application and fee of $440.00. Letters of confirmation of our proposed modifications from adjacent owners will be provided upon receipt.

We are submitting this revised Site Plan to modify the southeasterly access way from solely a pedestrian path to a one way south bound driveway. This is included to provide full access to our neighbors to the west who will lose their inbound access from the east when the I-30 one way Frontage Road is constructed.

In addition, as a result of this, and several other issues, we are requesting the City make allowances for an extension of the requirement for issuance of Building Permit to a date 1 year after anticipated approval of the modified plan by City Council.

It is our intention if the modified plan is approved, to proceed immediately with our construction drawing preparation.

Should you have any questions or need additional information, please give me a call.

Sincerely,
Winkelmann & Associates, Inc.

Michael Clark, P.E.
President

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 11-43 & ORDINANCE NO. 13-16*, PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [*ORDINANCE NO. 10-21*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN ON APPROXIMATELY 7.344-ACRES FOR PROPERTY IDENTIFIED AS LOT 9, BLOCK A, HARBOR-ROCKWALL ADDITION AND TRACT 16 OF THE M. J. BARKSDALE SURVEY, ABSTRACT NO. 11, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF *TWO THOUSAND DOLLARS ($2,000.00)* FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a Planned Development (PD) Development Plan within Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that *Ordinance No.'s 11-43 & 13-16*, Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That any portion of *Ordinance No.'s 11-43 & 13-16* in conflict with this ordinance shall be subject to the requirements of this ordinance;

SECTION 2. That Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by amending the PD Development Plans approved with *Ordinance No.'s 11-43 & 13-16* and the official zoning map of the City of Rockwall so as to approve a PD Development Plan for the *Subject Property*; and,

SECTION 3. That development of the *Subject Property* shall generally be in accordance with the PD Development Plan, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

SECTION 4. That the *Subject Property* shall be used only in the manner and for the purposes provided for in Planned Development District 32 (PD-32) [*Ordinance No. 10-21*], the Unified Development Code [*Ordinance No. 04-38*], and in compliance with the following conditions and requirements:

4.1 CONSTRUCTION SCHEDULE

Building Adjacent to Lakefront Trail (i.e. Building 1)

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2019. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to Lakefront Trail (*indicated as 1 on Exhibit 'B' of this ordinance and consisting of 375 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 26 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to Lakefront Trail -- indicated as 1 on Exhibit 'B' of this ordinance -- to 349 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 26 allocated condominium units.

Building Adjacent to the Harbor Fountain (i.e. Building 2)

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to the Harbor Fountain (*indicated as 2 on Exhibit 'B' of this ordinance and consisting of 75 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 25 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to the Harbor Fountain -- indicated as 2 on Exhibit 'B' of this ordinance -- to 50 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 25 allocated condominium units.

Commencement of Construction and Continuous Construction

Once a building permit has been issued for either property (*i.e. Building 1 or Building 2*), the developer/property owner shall have six (6) months to commence construction on the site in accordance with Section 10-116 of Article III, *Building Code*, of Chapter 10, *Buildings and Building Regulations*, of the Municipal Code of Ordinances (*i.e. Section [A] 105.5, Expiration, of the International Building Code*). Once construction has commenced, construction must be continuous during the regular workweek unless construction is delayed due to delays beyond the control of the developer/property owner. Such delays shall include, but not be limited to, fires, floods, labor disputes, epidemics, abnormal weather conditions, acts of God or any preference, priority or allocation order duly issued by the Federal Government. Abnormal weather delays are those that are beyond what is normal for the climate and time of year. If construction of the site has not commenced within six (6) months of the issuance of a building permit, or construction is not continuous, City staff shall provide a report, to the Planning and Zoning Commission and City Council indicating the progress of the development and possible revocation of the permit. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the permit for additional allocated condominium units (*i.e. reducing the number of units for either project back to the numbers approved under Ordinance No. 13-16*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional allocated condominium units.

4.2 DEVELOPMENT CONDITIONS

1) Development of this property shall generally conform to the *PD Development Plan* depicted in

Exhibit 'B' of this ordinance;

2) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed PD Site Plan that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

3) The proposed multi-family development adjacent to Lakefront Trail (*indicated as* 1 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 375 condominium units. The proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 75 condominium units.

4) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a subdivision plat;

5) The architectural design of all buildings within the two (2) affected Subdistricts (*i.e. the Harbor Residential Subdistrict and the Harbor Link Mixed-Use Subdistrict*) shall conform to the Harbor District Guidelines (*i.e. Resolution 10-40]*), all applicable ordinances associated with Planned Development District 32 (PD-32) [*as amended*], and to the Unified Development Code;

6) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB);

7) The pedestrian access extending from Lakefront Trail to the Harbor Fountain will be required to be located within a *Pedestrian Access Easement* to be shown of the final plat; and

8) The proposed uses for this development shall be required to demonstrate that they have access to a sufficient number of parking spaces within the development to support their use.

SECTION 5. The official zoning map of the City of Rockwall, Texas be corrected to reflect the changes in zoning described in this ordinance;

SECTION 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

SECTION 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

SECTION 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

SECTION 9. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 18TH DAY OF DECEMBER, 2017

Jim Pruitt, Mayor

ATTEST:

Kristy Cole, City Secretary

APPROVED AS TO FORM:

Frank J. Garza, City Attorney

2nd Reading: December 18, 2017

Exhibit 'A':
Legal Description

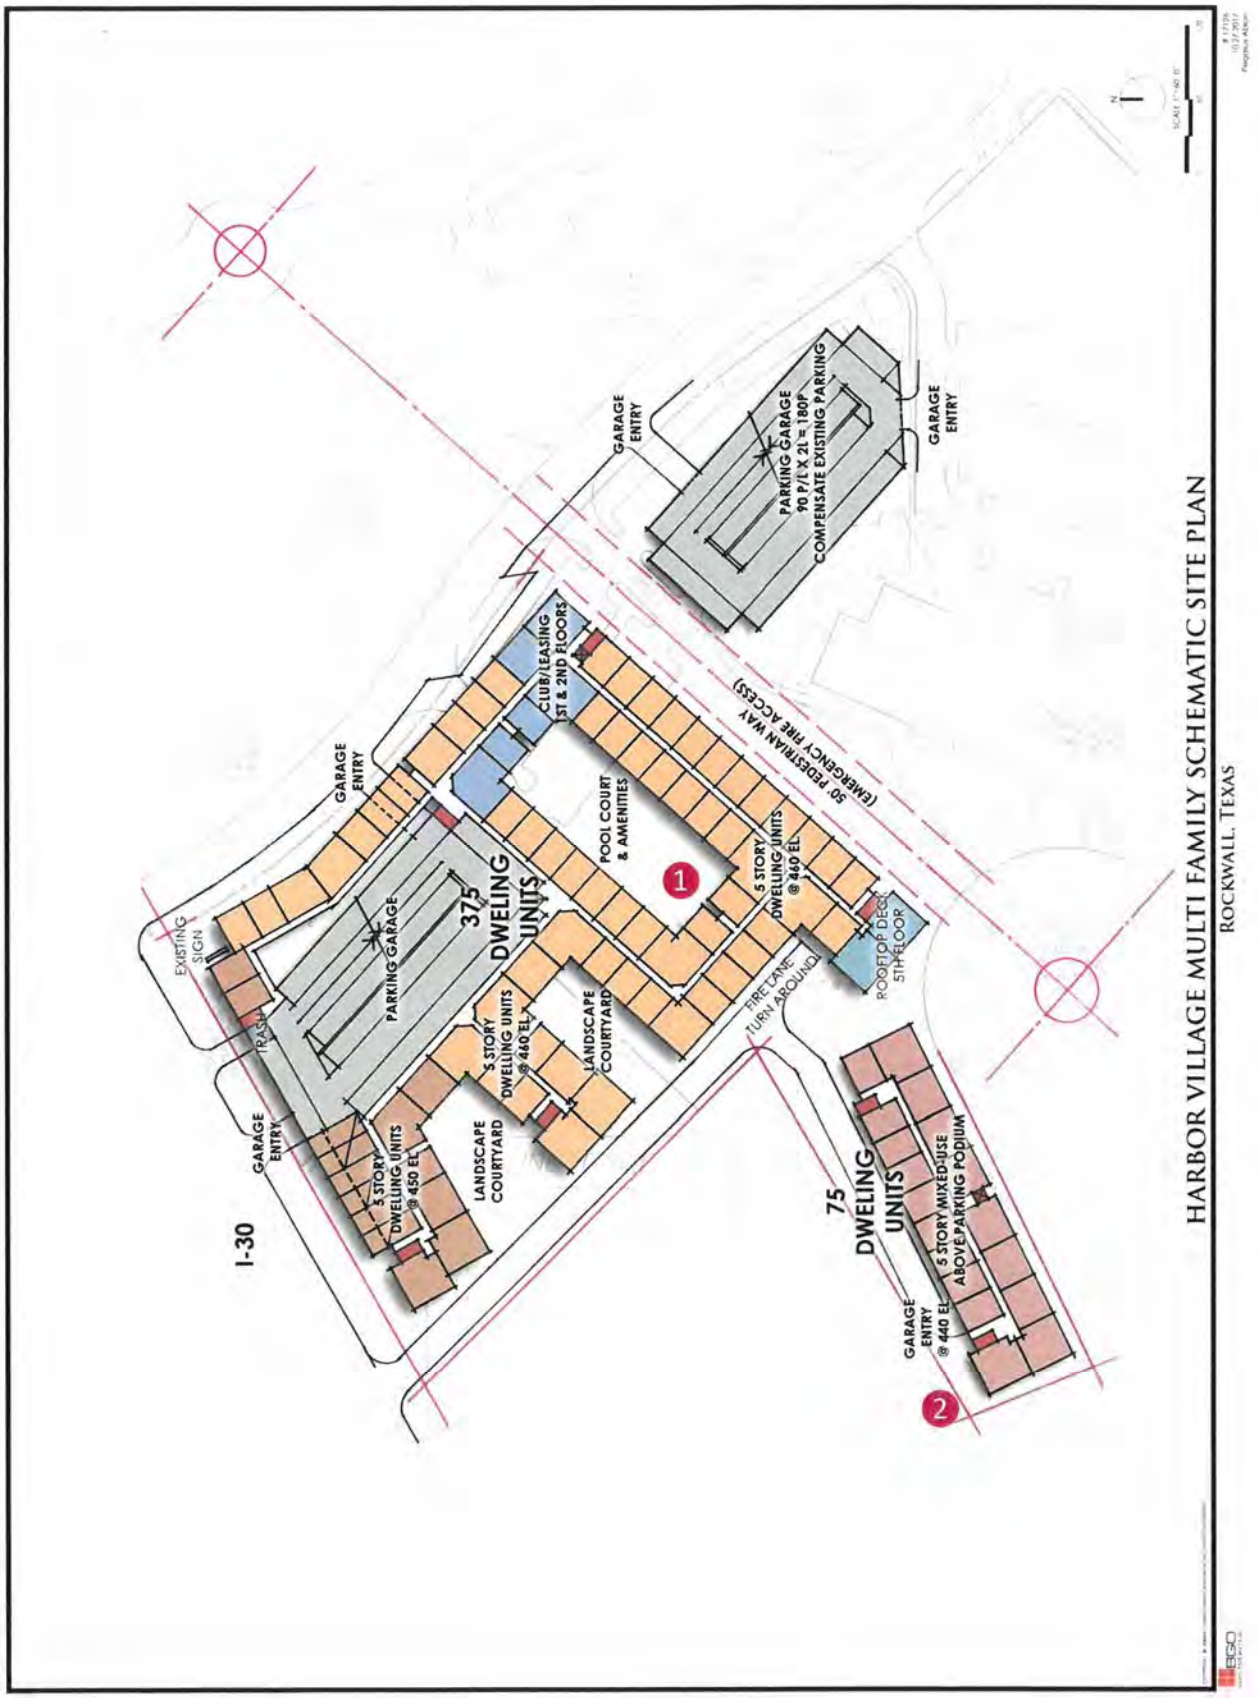
Legal Description: Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas

Exhibit 'A':
Legal Description

Legal Description: Tract 16 of the M. J. Barksdale Survey, Abstract No. 11

Being a tract of land situated in the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, and being a 1.225-acre tract out of a 55.200-acre tract as recorded in *Volume 59, Page 383*, deed records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a point on the southeast line of Interstate Highway 30, said point being 286.50-feet more or less, from the north corner of said 55.20-acre tract, a 3/8" iron rod found for corner;



THENCE, South 38 Degrees 29 Minutes 38 Seconds East, leaving the said southeast line of Interstate Highway 30, a distance of 254.63-feet to a 5/8" iron rod found for corner;

THENCE, South 44 Degrees 24 Minutes 14 Seconds West, a distance of 176.46-feet to a ½" iron rod found for corner;

THENCE, North 43 Degrees 48 Minutes 20 Seconds West, a distance of 311.10-feet to a point on the southeast line of the Interstate Highway 30, a 3/8" iron rod set for corner;

THENCE, North 50 Degrees 48 Minutes East, along the southeast line of Interstate Highway 30, a distance of 206.43-feet to the *PLACE OF BEGINNING* and containing 53,371.640 SF or 1.225-acres of land, more or less.

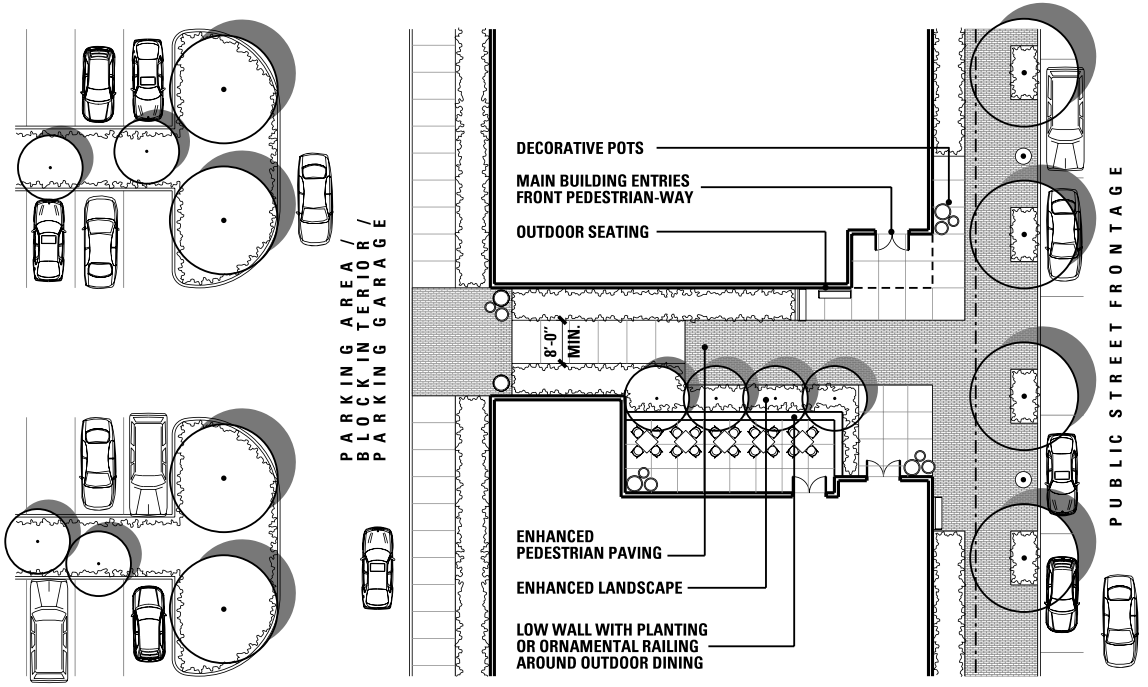


Exhibit 'B':
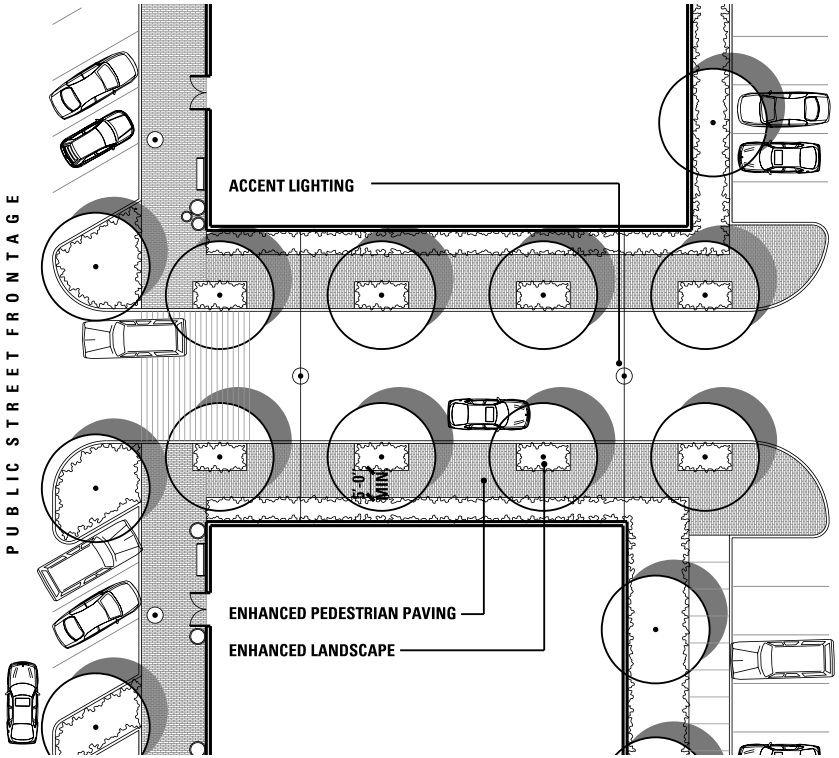
PD Development Plan

PEDESTRIAN WAYS

Although it is technically not a streetscape element, pedestrian-ways link freeway frontage parking areas and block interiors with the public street frontage. The pedestrian-way environment may include enhanced pedestrian paving, enhanced landscape planting, special accent lighting, and special features such as fountains or sculpture pieces. Outdoor seating and dining may occur within the pedestrian-way. Building entry access should be provided within pedestrian-ways. The maximum cross slope within a pedestrian-way is 2%.



M E W S

Although it is technically not a streetscape element, a mews can also link freeway frontage parking areas and block interiors with the public street frontage. A mews combines a vehicular drive and pedestrian walkway within a narrow cross section. The mews environment includes enhanced pedestrian paving, enhanced landscape planting, special accent lighting, and may also include enhanced vehicular pavement. Bollards may be used in lieu of a typical street curb. Building entry access may be provided within a mews. A carriage-way may also serve the purpose of a mews. The maximum cross slope within a mews is 2%.

CITY OF ROCKWALL

ORDINANCE NO. 19-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 17-64 &* PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [*ORDINANCE NO. 17-22*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN ON APPROXIMATELY 7.344-ACRES FOR PROPERTY IDENTIFIED AS LOT 9, BLOCK A, HARBOR-ROCKWALL ADDITION AND TRACT 16 OF THE M. J. BARKSDALE SURVEY, ABSTRACT NO. 11, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF *TWO THOUSAND DOLLARS ($2,000.00)* FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Jim Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a Planned Development (PD) Development Plan within Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that *Ordinance No. 17-64,* Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 17-64*;

SECTION 2. That any portion of *Ordinance No.'s 11-43 & 13-16* in conflict with this ordinance shall be subject to the requirements of this ordinance;

SECTION 3. That Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] and the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by amending the PD Development Plans approved with *Ordinance No.'s 11-43 & 13-16* and the official zoning map of the City of Rockwall so as to approve a PD Development Plan

DRAFT 04.03.2019

for the *Subject Property*; and,

SECTION 4. That development of the *Subject Property* shall generally be in accordance with the PD Development Plan, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

SECTION 5. That the *Subject Property* shall be used only in the manner and for the purposes provided for in Planned Development District 32 (PD-32) [*Ordinance No. 17-22*], the Unified Development Code [*Ordinance No. 04-38*], and in compliance with the following conditions and requirements:

5.1 CONSTRUCTION SCHEDULE

Building Adjacent to Lakefront Trail (i.e. Building 1)

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on May 6, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to Lakefront Trail (*indicated as 1 on Exhibit 'B' of this ordinance and consisting of 375 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 26 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to Lakefront Trail -- indicated as 1 on Exhibit 'B' of this ordinance -- to 349 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 26 allocated condominium units.

Building Adjacent to the Harbor Fountain (i.e. Building 2)

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to the Harbor Fountain (*indicated as 2 on Exhibit 'B' of this ordinance and consisting of 75 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 25 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to the Harbor Fountain -- indicated as 2 on Exhibit 'B' of this ordinance -- to 50 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 25 allocated condominium units.

Commencement of Construction and Continuous Construction

Once a building permit has been issued for either property (*i.e. Building 1 or Building 2*), the developer/property owner shall have six (6) months to commence construction on the site in accordance with Section 10-116 of Article III, *Building Code*, of Chapter 10, *Buildings and Building Regulations*, of the Municipal Code of Ordinances (*i.e. Section [A] 105.5,*

DRAFT
ORDINANCE
04.09.19

Expiration, of the International Building Code). Once construction has commenced, construction must be continuous during the regular workweek unless construction is delayed due to delays beyond the control of the developer/property owner. Such delays shall include, but not be limited to, fires, floods, labor disputes, epidemics, abnormal weather conditions, acts of God or any preference, priority or allocation order duly issued by the Federal Government. Abnormal weather delays are those that are beyond what is normal for the climate and time of year. If construction of the site has not commenced within six (6) months of the issuance of a building permit, or construction is not continuous, City staff shall provide a report, to the Planning and Zoning Commission and City Council indicating the progress of the development and possible revocation of the permit. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the permit for additional allocated condominium units (*i.e. reducing the number of units for either project back to the numbers approved under Ordinance No. 13-16*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional allocated condominium units.

5.2 DEVELOPMENT CONDITIONS

1) Development of this property shall generally conform to the *PD Development Plan* depicted in *Exhibit 'B'* of this ordinance;

2) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed PD Site Plan that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

3) The proposed multi-family development adjacent to Lakefront Trail (*indicated as* 1 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 375 condominium units. The proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 75 condominium units.

4) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a subdivision plat;

5) The architectural design of all buildings within the two (2) affected Subdistricts (*i.e. the Harbor Residential Subdistrict and the Harbor Link Mixed-Use Subdistrict*) shall conform to the Harbor District Guidelines (*i.e. Resolution 10-40]*), all applicable ordinances associated with Planned Development District 32 (PD-32) [*as amended*], and to the Unified Development Code;

6) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB);

7) The private street and pedestrian access easement extending from Lakefront Trail to the proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*), will be required to be located within a *Pedestrian Access Easement* on the final plat and shall be constructed in accordance with the street cross section and concept plan depicted in *Exhibit 'C'* of this ordinance; and

8) The proposed uses for this development shall be required to demonstrate that they

271

have access to a sufficient number of parking spaces within the development to support their use.

SECTION 6. The official zoning map of the City of Rockwall, Texas be corrected to reflect the changes in zoning described in this ordinance;

SECTION 7. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

SECTION 8. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

SECTION 9. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

SECTION 10. That this ordinance shall take effect immediately from and after its passage;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.

MEMORANDUM

TO: City Council

FROM: Joey Boyd, Assistant City Manager

DATE: April 9, 2019

SUBJECT: Request to Parachute at Founders Day Festival

Dallas Skydive Center is requesting permission to perform an exhibition parachute jump into Harry Myers Park on the evening of the Founders Day Festival. There will be a flyover using a WWII C-47 airplane followed by the parachute jump.

Federal Aviation Administration Advisory Circular 105-2E provides guidance on sport parachuting. Since this proposed jump is into a congested area and an open-air assembly of people, Dallas Skydive Center will be required to get special authorization from the FAA Flight Standards District Office if the request is approved. In addition to FAA authorization, Dallas Skydive Center will be required to: provide a certificate of insurance, execute a hold harmless agreement for its pilots and jumpers, and issue a Notice to Airmen (NOTAM) on the day of the event. The flight will not originate from the Ralph M Hall / Rockwall Municipal Airport.

Dallas Skydive Center anticipates that 6 to 8 jumpers will parachute into the designated landing zone in the park. (see attached landing zone map). Members of the Terry Fisher Post 117 American Legion have volunteered to serve as spotters and provide crowd control to keep spectators at least 50 feet away from the landing zone.

Keith Barrett, a Rockwall based pilot and member of the American Legion and Jimmy Mendonca representing Dallas Skydive Center will be at the meeting to request permission to use Harry Myers Park for the landing zone and answer any questions.

WAIVER, ASSUMPTION OF RISK and HOLD HARMLESS AGREEMENTAND INDEMNITY

I, **Jim Mendonca**, owner and representative of **Dallas Sky Dive Center**, hereby voluntarily sign this Waiver, Assumption of Risk and Hold Harmless in favor of which I have chosen to take, fully waiving and releasing **THE CITY OF ROCKWALL** their officers, employees and representatives from any and all claims demands, liabilities, suits and causes of action, or potential causes of action, for any compensation or damages by third parties who are invitees or persons from the public related to the parachute jump into the City's Myers Park on the night of the **Founders Day Festival**, scheduled for May 18, 2019 for liability regarding personal injury, death or property that may result on the specified property on the date specified. I agree that this acknowledgement of the Waiver and Assumption of Risk is to be broadly interpreted.

IT IS FURTHER UNDERSTOOD AND AGREED that this legal waiver and release is intended to cover all potential actions, causes of action, claims and demands for, upon, or by reason of any damages, loss, or injury which may be traced either directly, or indirectly related to the parachute jump into the City's Myers Park on the night of the Founders Day Festival, scheduled for May 18, 2019, no matter how remotely they may be related to the aforesaid. This legal release is executed voluntarily with full knowledge, mental competence and legal understanding on part of the consequences of this legal waiver and release.

IT IS FURTHER UNDERSTOOD AND AGREED that this legal waiver and release may be used by the City of Rockwall, as evidence in case any legal suit is ever brought against the City in any way related to the parachute jump into the City's Myers Park on the night of the Founders Day Festival, scheduled for May 18, 2019. Owner and representative acknowledge that he will communicate this Waiver and Hold Harmless Agreement with every participant and have each and every participant in the parachute jump to also execute this same Waiver and Hold Harmless Agreement.

INDEMNIFICATION

IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT I, JIM MENDONCA SHALL INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF ROCKWALL AND ITS OFFICERS, SERVANTS AND EMPLOYEES, INDIVIDUALLY OR COLLECTIVELY (REFERRED TO HEREIN AS THE "INDEMNITEES"), FROM ALL SUITS, ACTIONS, LOSSES, DAMAGES, DEMANDS, JUDGMENTS, CLAIMS, OR LIABILITY OF ANY CHARACTER, TYPE OR DESCRIPTION, INCLUDING WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ALL EXPENSES OF LITIGATION, COURT COSTS, AND REASONABLE ATTORNEY'S FEES. FOR INJURY OR DEATH TO ANY PERSON, OR LOSS OR DAMAGE TO ANY PROPERTY, RECEIVED OR SUSTAINED BY ANY PERSON, OR PERSONS, OR PROPERTY (REFERRED TO HEREIN AS THE 'LOSSES"), TO THE EXTENT ARISING OUT OF, OR OCCASIONED RELATED TO THE CITY'S MYERS PARK ON THE NIGHT OF THE FOUNDERS DAY FESTIVAL, SCHEDULED FOR MAY 18, 2019.

I am over the age of eighteen (18) years; I am competent to sign this acknowledgment and do so freely and voluntarily.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and Council**

FROM: **Jeffrey Widmer, Building Official**

DATE: **April 15, 2019**

SUBJECT: **Pole Sign Height Variance Request**

Texas Pro Signs representing White Tiger, has requested to appear before the City Council to seek a variance for the height of their pole sign. The Applicant desires to raise the sign an additional ten (10) feet.

Our sign ordinance allows a general business pole sign located on I30 to be a maximum height of thirty (30) feet and the applicant is requesting approval to allow a forty (40) foot high sign. The applicant has stated that in their opinion, the existing thirty (30) foot pole sign does not allow sufficient visibility.

The pole sign complies with all other provisions within the sign code.

Because this property is located within the I30 scenic overlay district, the variance approval would require a three quarter majority vote from the Council.

WHITE TIGER TAEKWONDO
550 E I-30
ROCKWALL TX 75087

March 27,2019

Rusty McDowell
Building Inspections Supervisor
City of Rockwall
385 S Goliad Street
Rockwall, TX 75087

Dear Mr. McDowell,

I am Okjo An, the owner of White Tiger Taekwondo. I have requested that Texas Pro Signs, seek a variance with the city of Rockwall to raise the height of the sign for our business.

White Tiger Taekwondo, located at 550 East Interstate 30, originally had a sign that was 40 feet in height due to the nature of the previous business. To be compliant with the city ordinances our sign was shortened to 30 feet. Since lowering the sign, I am displeased with the current visibility. The following factors support my reasoning for seeking the variance:

i. The height of the roadway, when vehicles are present the sign cannot be seen from the opposite side
ii. There are trees obstructing the sign
iii. Customers are complaining they cannot easily see the sign to locate their destination
iv. I have paid a premium for the location because of the overall visibility for our business

I have attached photos for your reference

I feel this has become a detriment to obtaining potential customers for our business. It is due to these hardships that I am requesting a grant for permission to raise the sign back to 40 feet.

Thank you for your time and consideration in this matter.

Sincerely,

Okjo An

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Cole, City Secretary / Assistant to the City Manager**

DATE: **April 12, 2019**

SUBJECT: **2nd reading of Ordinances**

The motion to approve the ordinances adopting the following plans passed by a vote of 4 ayes, 2 nays (Daniels and Pruitt), and 1 absence (Hohenshelt) at the April 1, 2019 City Council meeting. Therefore, the two ordinances are being placed under "Action Items" for second reading (in lieu of the "Consent Agenda") so that any desired discussion may be had by Council.

- "Water Resource & Emergency Management Plan"
- "Water Conservation Plan"

CITY OF ROCKWALL

ORDINANCE NO. 19-17

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 7. DROUGHT CONTINGENCY AND WATER EMERGENCY RESPONSE PLAN TO REPEAL DIVISION 7. IN ITS ENTIRETY AND REPLACE IT WITH A NEW DIVISION 7. ADOPTING A WATER RESOURCE AND EMERGENCY MANAGEMENT PLAN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING AN EFFECTVE DATE.

WHEREAS, the Rockwall City Council previously adopted a "Drought Contingency and Water Emergency Response Plan" in Chapter 44. Utilities; Article V. Water; Division 7 of the Code of Ordinances; and

WHEREAS, the City Council has determined the need to repeal said plan in its entirety and replace it with a new plan entitled the "Water Resource and Emergency Management Plan," which permits the City Manager of the City of Rockwall to order implementation of certain emergency conservation measures as warranted by an emergency circumstance.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THAT:

SECTION 1. The the Code of Ordinances in Chapter 44. "Utilities," Article V. "Water," Division 7. "Drought Contingency and Water Emergency Response Plan" is hereby repealed in its entirety and a new Division 7. entitled the "Water Resource and Emergency Management Plan" is hereby adopted as reflected in **"Exhibit A"** of this ordinance; and

SECTION 2. PLAN ADOPTED

Sec.44-432

(a) The city council hereby approves and adopts the City of Rockwall "Water Resource and Emergency Management Plan," attached to Ordinance No. 19-17 as "Exhibit A," which is incorporated as if fully set forth in this division and on file in the city secretary's office.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty fine not to exceed the sum of Two Thousand Dollars ($2,000.00) for each offense and each day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 4. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 5. The City Council does hereby find and declare that sufficient written notice of the date, hour, place and subject of the meeting adopting this Ordinance was posted at a designated place convenient to the public for the time required by law preceding the meeting, that such place of posting was readily accessible at all times to the general public, and that all of the foregoing was done as required by law at all times during which this Ordinance and the subject matter thereof has been discussed, considered and formally acted upon. The City Council further ratifies, approves and confirms such written notice and the posting thereof.

SECTION 6. The City Manager or his designee is hereby directed to file a copy of the Plan and this Ordinance with the Texas Commission on Environmental Quality in accordance with Title 30, Chapter 288 of the Texas Administrative Code, and said Plan meets all the requirements of Section 288.2 of the Texas Administrative Code;

SECTION 7. This ordinance shall be cumulative of all other ordinances of the City and shall not repeal any of the provisions of those ordinances except in those instances where the provisions of those ordinances are in direct conflict with the provisions of this ordinance or as herein specified.

SECTION 8. This ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 15TH DAY OF APRIL, 2019.

FORWARD

This 2019 Model Water Resource and Emergency Management Plan (WREMP) which is an update to the 2014 Drought Contingency and Water Emergency Response Plan was prepared by Freese and Nichols for the North Texas Municipal Water District (NTMWD). It is intended to be used by NTMWD Member Cities and Customers as a guide as they develop their own Water Resource and Emergency Management Plans. This plan was prepared pursuant to Texas Commission on Environmental Quality rules. Some material is based on the existing drought contingency plans listed in Appendix A.

Questions regarding this drought contingency and water emergency response plan should be addressed to the following:

Jeremy Rice
Freese and Nichols, Inc.
(817) 735-7300
jjr@freese.com

Denise Hickey
North Texas Municipal
Water District
(972) 442-5405
dhickey@ntmwd.com

This Model WREMP plan is based on the Texas Administrative Code in effect on January 18, 2019.

APPENDICES

APPENDIX A **List of References**

APPENDIX B **Texas Commission on Environmental Quality Rules on Drought Contingency Plans**
- Texas Administrative Code Title 30, Part 1, Chapter 288, Subchapter B, Rule §288.20 – Drought Contingency Plans for Municipal Uses by Public Water Suppliers

APPENDIX C **Letter to Region C and Region D Water Planning Group**

1. INTRODUCTION AND OBJECTIVES

This document has been prepared as a Model Water Resource and Emergency Management Plan (WREMP), intended to be available for use by North Texas Municipal Water District (NTMWD) Member Cities and Customer Cities as they develop their own plans. This model plan addresses all of the current TCEQ requirements for a drought contingency plan. [1] This plan will replace the plans dated August 2004, April 2006, March 2008, and April 2014.

The measures included in this Model WREMP are intended to provide short-term water savings during drought or emergency conditions. Water savings associated with ongoing, long-term strategies are discussed in the *Model Water Conservation Plan for North Texas Municipal Water District Member Cities and Customer Cities*. [2]

- The purpose of this Model WREMP plan is as follows:
- To conserve the available water supply in times of drought and emergency
- To maintain supplies for domestic water use, sanitation, and fire protection
- To protect and preserve public health, welfare, and safety
- To minimize the adverse impacts of water supply shortages
- To minimize the adverse impacts of emergency water supply conditions

The NTMWD supplies treated water to its Member Cities and Customer Cities. This model plan was developed by NTMWD in consultation with its Member Cities. In order to adopt this model plan, each NTMWD Member City and Customer City will need to adopt ordinance(s) or regulation(s) implementing the plan, including the determination of fines and enforcement procedures. The model plan calls for Member Cities and Customer Cities to adopt Water Resource Stages initiated by NTMWD during a drought or water supply emergency. Member Cities and Customer Cities may also adopt more stringent drought or water emergency response stages than NTMWD if conditions warrant.

In the absence of drought response measures, water demands tend to increase during drought due to increased outdoor irrigation. The severity of the drought depends on the degree of depletion of supplies and on the relationship of demand to available supplies. NTMWD considers a drought to end when all of the NTMWD's supply reservoirs refill to conservation storage pool levels.

[1] Superscripted numbers match references listed in Appendix A.

2. DEFINITIONS AND ABBREVIATIONS

1. AQUATIC LIFE means a vertebrate organism dependent upon an aquatic environment to sustain its life.

2. ATHLETIC FIELD means a public sports competition field, the essential feature of which is turf grass, used primarily for organized sports practice, competition or exhibition events for schools; professional sports and league play sanctioned by the utility providing retail water supply.

3. COMMERCIAL FACILITY means business or industrial buildings and the associated landscaping, but does not include the fairways, greens, or tees of a golf course.

4. COMMERCIAL VEHICLE WASH FACILITY means a permanently-located business that washes vehicles or other mobile equipment with water or water-based products, including but not limited to self-service car washes, full service car washes, roll-over/in-bay style car washes, and facilities managing vehicle fleets or vehicle inventory.

5. CUSTOMERS include those entities to which NTMWD provides wholesale water that are not Member Cities of NTMWD.

6. DESIGNATED OUTDOOR WATER USE DAY means a day prescribed by rule on which a person is permitted to irrigate outdoors.

7. DRIP IRRIGATION is a type of micro-irrigation system that operates at low pressure and delivers water in slow, small drips to individual plants or groups of plants through a network of plastic conduits and emitters; also called trickle irrigation.

8. DROUGHT, for the purposes of this report, means an extended period of time when an area receives insufficient amounts of rainfall to replenish the water supply, causing water supply sources (in this case reservoirs) to be depleted.

9. EVAPOTRANSPIRATION (ET) represents the amount of water lost from plant material to evaporation and transpiration. The amount of ET can be estimated based on the temperature, wind, and relative humidity.

10. EXECUTIVE DIRECTOR means the Executive Director of the NTMWD and includes a person the Executive Director has designated to administer or perform any task, duty, function, role, or action related to this Plan or on behalf of the Executive Director.

11. FOUNDATION WATERING means an application of water to the soils directly abutting (within 2 feet) the foundation of a building, structure.

12. INTERACTIVE WATER FEATURES means water sprays, dancing water jets, waterfalls, dumping buckets, shooting water cannons, inflatable pools, temporary splash toys or pools, slip-n-slides, or splash pads that are maintained for recreation.

13. IRRIGATION SYSTEM means a permanently installed, custom-made, site-specific system of delivering water generally for landscape irrigation via a system of pipes or other conduits installed below ground.

14. LANDSCAPE means any plant material on a property, including any tree, shrub, vine, herb, flower, succulent, ground cover, grass or turf species, that is growing or has been planted out of doors.

15. MEMBER CITIES include the cities of Allen, Farmersville, Forney, Frisco, Garland, McKinney, Mesquite, Plano, Princeton, Richardson, Rockwall, Royse City, and Wylie, Texas, which are members of NTMWD.

16. NEW LANDSCAPE means: (a) vegetation installed at the time of the construction of a residential or commercial facility; (b) installed as part of a governmental entity's capital improvement project; or (c) installed to stabilize an area disturbed by construction.

17. ORNAMENTAL FOUNTAIN means an artificially created structure (up to a certain diameter) from which a jet, stream, or flow of treated water emanates and is not typically utilized for the preservation of aquatic life.

18. RETAIL CUSTOMERS include those customers to whom the Supplier provides retail water from a water meter.

19. SOAKER HOSE means a perforated or permeable garden-type hose or pipe that is laid above ground that provides irrigation at a slow and constant rate.

20. SPRINKLER means an above-ground water distribution device that may be attached to a garden hose.

21. SUPPLIER means a Member City or Customer that purchases wholesale water from NTMWD and provides water to retail and/or wholesale customers.

22. SWIMMING POOL means any structure, basin, chamber, or tank including hot tubs, containing an artificial body of water for swimming, diving, or recreational bathing, and having a depth of two (2) feet or more at any point.

23. WATER RESOURCE MANAGEMENT PLAN means a strategy or combination of strategies for temporary supply management and demand management responses to temporary and potentially recurring water supply shortages and other water supply emergencies required by Texas Administrative Code Title 30, Chapter 288, Subchapter B. This is sometimes called a drought contingency plan.

Abbreviation	Full Nomenclature
ED	NTMWD Executive Director
NTMWD or District	North Texas Municipal Water District
TCEQ	Texas Commission on Environmental Quality
TWDB	Texas Water Development Board
Model WREMP	Model Water Resource and Emergency Management Plan for Member Cities and Customers

3. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULES

The TCEQ rules governing development of drought contingency plans for public water suppliers are contained in Title 30, Part 1, Chapter 288, Subchapter B, Rule 288.20 of the Texas Administrative Code, a current copy of which is included in Appendix B. For the purpose of these rules, a drought contingency plan is defined as "a strategy or combination of strategies for temporary supply and demand management responses to temporary and potentially recurring water supply shortages and other water supply emergencies."[1]

Minimum Requirements

TCEQ's minimum requirements for drought contingency plans are addressed in the following subsections of this report:

- 288.20(a)(1)(A) – Provisions to Inform the Public and Provide Opportunity for Public Input – Section 4.1
- 288.20(a)(1)(B) – Provisions for Continuing Public Education and Information – Section 4.2
- 288.20(a)(1)(C) – Coordination with the Regional Water Planning Group – Section 4.7
- 288.20(a)(1)(D) – Criteria for Initiation and Termination of Drought Stages – Section 4.3
- 288.20(a)(1)(E) – Drought and Emergency Response Stages – Section 4.4
- 288.20(a)(1)(F) – Specific, Quantified Targets for Water Use Reductions – Section 3.4
- 288.20(a)(1)(G) – Water Supply and Demand Management Measures for Each Stage – Section 4.4
- 288.20(a)(1)(H) – Procedures for Initiation and Termination of Drought Stages – Section 3.3
- 288.20(a)(1)(I) - Procedures for Granting Variances – Section 4.5
- 288.20(a)(1)(J) - Procedures for Enforcement of Mandatory Restrictions – Section 3.6
- 288.20(a)(3) – Consultation with Wholesale Supplier – Sections 1 and 4.4
- 288.20(b) – Notification of Implementation of Mandatory Measures – Section 4.3
- 288.20(c) – Review and Update of Plan – Section 4.8

4. WATER RESOURCE AND EMERGENCY MANAGEMENT PLAN

4.1 Provisions to Inform the Public and Opportunity for Public Input

The City of Rockwall will provide opportunity for public input in the development of this drought contingency and water emergency response plan by the following means:

- Providing written notice of the proposed plan and the opportunity to comment on the plan by newspaper, posted notice, and notice on the supplier's web site.
- Making the draft plan available on the supplier's web site.
- Providing the draft plan to anyone requesting a copy.
- Holding a public meeting.

4.2 Provisions for Continuing Public Education and Information

The City of Rockwall will inform and educate the public about the Water Resource and Emergency Management Plan by the following means:

- Preparing a bulletin describing the plan and making it available at City Hall and other appropriate locations.
- Making the plan available to the public through the supplier's web site.
- Including information about the Water Resource and Emergency Management on the supplier's web site.
- Notifying local organizations, schools, and civic groups that staff are available to make presentations on the Water Resource and Emergency Management Plan (usually in conjunction with presentations on water conservation programs).

At any time that the drought contingency and water emergency response plan is activated or the drought stage or water emergency response stage changes, Member Cities and Customer Cities will notify local media of the issues, the drought response stage or water emergency response stage (if applicable), and the specific actions required of the public. The information will also be publicized on the supplier's web site (if available). Billing inserts will also be used as appropriate.

4.3 Initiation and Termination of Water Resource and Emergency Management Stages and Targets for Water use Reductions

<u>Initiation of a Water Resource Management Stage</u>

The City Manager or official designee may order the implementation of a Water Resource and Emergency Management response stage when one or more of the trigger conditions for that stage are met.

- Water Resource and Emergency Management Plan stages imposed by NTMWD action must be initiated by Member Cities and Customers.

- For other trigger conditions internal to a city or water supply entity, the City Manager or official designee may decide not to order the implementation of a Water Resource Management Stage or Water Emergency even though one or more of the trigger criteria for the stage are met. Factors which could influence such a decision include, but are not limited to, the time of the year, weather conditions, the anticipation of replenished water supplies, or the anticipation that additional facilities will become available to meet needs. The reason for this decision should be documented.

The following actions will be taken when a water resource management stage is initiated:

- The public will be notified through local media and the supplier's web site (if available) as described in Section 4.2.
- Wholesale customers (if any) and the NTMWD will be notified by e-mail with a follow-up letter or fax that provides details of the reasons for initiation of the Water Resource Management Stage.
- If any mandatory provisions of the Water Resource and Emergency Management Plan are activated, Member Cities and Customer Cities will notify the Executive Director of the TCEQ and the Executive Director of the NTMWD within 5 business days.

Termination of Water Management Stage

The City Manager or official designee may order the termination of a Water Resource Management Stage when the conditions for termination are met or at their discretion.

The following actions will be taken when a water resource management stage is terminated:

- The public will be notified through local media and the supplier's web site as described in Section 4.2.
- Wholesale customers (if any) and the NTMWD will be notified by e-mail with a follow-up letter or fax.
- If any mandatory provisions of the Water Resource and Emergency Management Plan that have been activated are terminated, Member Cities and Customer Cities will notify the Executive Director of the TCEQ and the Executive Director of the NTMWD within 5 business days.

The City Manager or official designee may decide not to order the termination of a Water Resource Management stage even though the conditions for termination of the stage are met. Factors which could influence such a decision include, but are not limited to, the time of year, weather conditions, or the anticipation of potential changed conditions that warrant the continuation of the Water Resource Management Stage. The reason for this decision should be documented.

Water Resource and Emergency Management Plan Stages and Measures

4.3.1 Stage 1

Initiation and Termination Conditions for Stage 1

The NTMWD has initiated Stage 1, which may be initiated due to one or more of the following:

- The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 1.
- Water demand is projected to approach the limit of the permitted supply.
- The storage level in Lavon Lake as published by the Texas Water Development Board (TWDB),[3] is less than 70 percent of the total conservation pool capacity during any months or April through October or less than 60 percent of the total conservation pool capacity during any of the months of November through March.
- The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in a Stage 1 drought.
- NTMWD has concern that Lake Texoma, Jim Chapman Lake, the East Fork Water Reuse Project, the Main Stem Pump Station, or some other NTMWD source may be limited in availability in the next six (6) months.
- NTMWD water demand exceeds 95 percent of the amount that can be delivered to customers for three (3) consecutive days.
- Water demand for all or part of NTMWD's delivery system approaches delivery capacity because delivery capacity is inadequate.
- Supply source is interrupted or unavailable due contamination, invasive species, equipment failure or other causes.
- NTMWD's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Part of the system has a shortage in supply or damage to equipment. NTMWD may implement measures for only the portion of the NTMWD system impacted.

Supplier has initiated Stage 1 due to one or more of the following reasons:

- Supplier's water demand exceeds 95 percent of the amount that can be delivered to customers for three consecutive days.
- Supplier's water demand for all or part of the delivery system approaches delivery capacity because delivery capacity is inadequate.
- Supply source becomes contaminated.
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Supplier's individual plan may be implemented if other criteria dictate.

NTMWD has terminated Stage 1, which may be terminated due to one or more of the following:

- The Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the termination of Stage 1.
- The storage level in Lavon Lake, as published by the TWDB, [3] is greater than 75 percent of the total conservation pool capacity during any of the months of April through October or greater than 65 percent of the total conservation pool capacity during any of the months of November through March.
- Other circumstances that caused NTMWD initiation of Stage 1 no longer prevail.

Supplier has terminated Stage 1, which may be terminated due to the cause of the Supplier's initiation of Stage 1 no longer prevail.

Goal for Use Reduction and Actions Available under Stage 1

Stage 1 is intended to raise public awareness of potential drought or water emergency problems. The goal for water use reduction under Stage 1 is a two percent (2%) reduction in the amount of water produced by NTMWD from the previous corresponding annual payment period prior to institution of drought restrictions. **If circumstances warrant, of if required by NTMWD, the City Manager or official designee can set a goal for greater or lesser water use reduction under Stage 1.** The City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary, to achieve a two percent (2%) reduction. Measures described as "requires notification to TCEQ" are those that impose mandatory requirements on customers. The supplier must notify TCEQ and NTMWD within five (5) business days if such mandatory measures are implemented.

- Continue actions established by Water Conservation Plan.
- Notify wholesale customers of actions being taken and request implementation of similar procedures.
- Initiate engineering studies to evaluate alternative water sources and/or alternative delivery mechanisms should conditions worsen.
- Increase public education efforts on ways to reduce water use.
- Halt non-essential city government water use:

  (Examples: street cleaning, vehicle washing, operation of ornamental fountains, etc.)
- Encourage the public to wait until the current drought or emergency situation has passed before establishing New Landscape.
- Encourage all users to reduce the frequency of draining and refilling swimming pools.
- **Requires Notification to TCEQ -** Increase enforcement of the following landscape watering restrictions established by the Water Conservation Plan: (1) limit landscape watering with sprinklers or irrigation systems at each service address to no more than two (2) days per week, on designated days, between April

1 and October 31; and (2) limit landscape watering with sprinklers or irrigation systems at each service address to once every week, on designated days, between November 1 and March 31. Exceptions are as follows:

- An exception is allowed for New Landscape associated with new construction that may be watered as necessary for 30 days from the date of installation of new landscape features.
- An exception for additional watering of landscape may be provided by hand-held hose with shutoff nozzle, and/or use of dedicated irrigation drip zones provided no runoff occurs.
- Foundation (within 2 feet), New Landscape watering, watering of new plantings (first year) of shrubs, and watering of trees (within a ten foot radius of its trunk) may occur by a hand-held hose, a soaker hose, or a dedicated zone using a Drip Irrigation system provided no runoff occurs.
- Restrictions do not apply to locations using treated wastewater effluent for irrigation or the legal use of water pumped from Lake Ray Hubbard as may be regulated by the City of Dallas.

- **Requires Notification to TCEQ -** Initiate a rate surcharge for all water use over a certain level.
- **Requires Notification to TCEQ -** Public athletic fields used for competition may be watered twice per week.
- **Requires Notification to TCEQ -** Prohibit watering of golf courses using treated water, except as needed to keep greens and tee boxes alive.

4.3.2 Stage 2

Initiation and Termination Conditions for Stage 2

The NTMWD has initiated Stage 2, which may be initiated due to one or more of the following:

- The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 2.
- Water demand is projected to approach the limit of NTMWD permitted supply.
- The storage in Lavon Lake, as published by the TWDB,[3] is less than 55 percent of the total conservation pool during any of the months of April through October or less than 45 percent of the total conservation pool capacity during any of the months of November through March.
- The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in a Stage 2 drought.
- NTMWD has concern that Lake Texoma, Jim Chapman Lake, the East Fork Water Reuse Project, the Main Stem Pump Station, or some other NTMWD source may be limited in availability in the next three (3) months.

- NTMWD water demand exceeds 98 percent of the amount that can be delivered to customers for three (3) consecutive days.
- NTMWD water demand for all or part of the delivery system equals delivery capacity because delivery capacity is inadequate.
- NTMWD's supply source is interrupted or unavailable due contamination, invasive species, equipment failure, or other causes.
- NTMWD's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Part of the system has a shortage in supply or damage to equipment. NTMWD may implement measures for only that portion of the system impacted.

Supplier has initiated Stage 2 due to one or more of the following reasons:

- Supplier's water demand exceeds 98 percent of the amount that can be delivered to customers for three (3) consecutive days.
- Supplier's water demand for all or part of the delivery system exceeds delivery capacity because delivery capacity is inadequate.
- Supply source becomes contaminated.
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Supplier's individual plan may be implemented if other criteria dictate.

NTMWD has terminated Stage 2, which may terminate due to one of the following:

- The Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the termination of Stage 2.
- The storage level in Lavon Lake, as published by the TWDB, [3] is greater than 70 percent of the total conservation pool capacity during any of the months of April through October or greater than 60 percent of the total conservation pool capacity during any of the months of November through March.
- Other circumstances that caused NTMWD initiation of Stage 2 no longer prevail.

Supplier has terminated Stage 2, which may be terminated due to the cause of the Supplier's initiation of Stage 2 no longer prevail.

Goal for Use Reduction and Actions Available under Stage 2

The goal for water use reduction under Stage 2 is a reduction of ten percent (10%) in the amount of water obtained from NTMWD from the previous corresponding annual payment period prior to institution of drought restrictions. **If circumstances warrant, of if required by NTMWD, the City Manager or official designee can set a goal for greater or lesser water use reduction.** The City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary, to achieve a two-percent reduction. Measures described as "requires notification to TCEQ" are those that impose mandatory

requirements on customers. The supplier must notify TCEQ and NTMWD within five (5) business days if such mandatory measures are implemented.

- Continue or initiate any actions available under Water Conservation Plan and Stage 1.
- Notify wholesale customers of actions being taken and request them to implement similar procedures.
- Implement viable alternative water supply strategies.
- Further accelerate public education efforts on ways to reduce water use.
- Encourage all users to reduce the frequency of draining and refilling swimming pools.
- **Requires Notification to TCEQ -** Limit landscape watering with sprinklers or irrigation systems at each service address to once per week, on designated days between April 1 and October 31. and (2) limit landscape watering with sprinklers or irrigation systems at each service address to once every week, on designated days, between November 1 and March 31. Exceptions are as follows:
    - An exception is allowed for New Landscape associated with new construction that may be watered as necessary for 30 days from the date of installation of new landscape features.
    - An exception for additional watering of landscape may be provided by hand-held hose with shutoff nozzle, and/or use of dedicated irrigation drip zones provided no runoff occurs.
    - Foundation (within 2 feet), New Landscape Watering, watering of new plantings (first year) of shrubs, and watering of trees (within a ten foot radius of its trunk) may occur by a hand-held hose, a soaker hose, or a dedicated zone using a Drip Irrigation system provided no runoff occurs.
    - Athletic Fields may be watered twice per week.
    - An exemption is allowed for Drip Irrigation system from the designated outdoor water use day limited to no more than one day per week. Drip Irrigation systems are however subject to all other restrictions applicable under this stage.
    - Hand water with shutoff nozzle, drip lines, and Soaker Hoses are allowed before 10 am and after 6 pm, provided no runoff occurs.
    - Restrictions do not apply to locations using treated wastewater effluent for irrigation or the legal use of water pumped from Lake Ray Hubbard as may be regulated by the City of Dallas.
- **Requires Notification to TCEQ -** Prohibit hydro seeding, hydro mulching, and sprigging.
- **Requires Notification to TCEQ -** Initiate a rate surcharge as requested by NTMWD.

- **Requires Notification to TCEQ -** Initiate a rate surcharge for all water used over a certain level.
- **Requires Notification to TCEQ -** Prohibit watering of golf courses using treated water, except as needed to keep greens and tee boxes alive.
- **Requires Notification to TCEQ -** If NTMWD has imposed a reduction in water availability, the City Manager is hereby authorized to initiate allocation of water supplies on a pro rata basis in accordance with Texas Water Code Section 11.039 and according to the following water allocation policies and procedures:

    - A wholesale customer's monthly allocation shall be a percentage of the customer's water usage baseline. The percentage will be set by the City Manager or his/her designee based on the assessment of the severity of the water shortage condition and the need to curtail water diversions and/or deliveries and may be adjusted periodically by the City Manager or his/her designee as conditions warrant. Once pro rata allocations are in effect, water diversions by or deliveries to each wholesale customer shall be limited to the allocation established for each month.

    - A monthly water usage allocation shall be established by the City Manager or his/her designee for each wholesale customer. The wholesale customer's water usage baseline will be computed on the average water usage by month for the past five years. If the wholesale customer's billing history is less than five (5) years, the monthly average for the period for which there is a record shall be used for any monthly period for which no billing history exists.

    - The City Manager or his/her designee shall provide notice, by certified mail, to each wholesale customer informing them of their monthly water usage allocations and shall notify the news media, the Texas Natural Resource Conservation Commission, and the Texas Water Development Board upon initiation of pro rata water allocations.

    - Upon request of the customer, a request for a temporary variance to the pro rata water allocation may be requested.

    - At the initiative of the City Manager or his/her designee, the allocation may be reduced if, (a) the customer agrees to transfer part of its allocation to another wholesale customer, or (2) other objective evidence demonstrates that the designated allocation is inaccurate under present conditions.

    - City wholesale water users will be advised to continue all relevant actions from the previous stages including appropriate public water use restrictions and to implement the next stage of their own individual Retail Water Supplier Resource and Emergency Management Plan.

4.3.2 Stage 3

Initiation and Termination Conditions for Stage 3

The NTMWD has initiated Stage 3, which may be initiated due to one or more of the following:

- The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 3
- Water demand is projected to approach or exceed the limit of the permitted supply.
- The storage in Lavon Lake, as published by the TWDB, [3] is less than 30 percent of the total conservation pool during any of the months of April through October or less than 20 percent of the total conservation pool capacity during any of the months of November through March.
- The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in Stage 3.
- The water supplied from Lake Texoma, Jim Chapman Lake, the East Fork Water Reuse Project, the Main Stem Pump Station, or some other NTMWD water source has become limited in availability.
- NTMWD water demand exceeds the amount that can be delivered to Customers.
- NTMWD water demand for all or part of the delivery system exceeds delivery capacity because delivery capacity is inadequate.
- NTMWD's supply source is interrupted or unavailable due contamination, invasive species, equipment failure, or other causes.
- Part of the system has a shortage in supply or damage to equipment. NTMWD may implement measures for only that portion of the system impacted.

Supplier has initiated Stage 3 due to one or more of the following reasons:

- Supplier's water demand exceeds the amount that can be delivered to customers.
- Supplier's water demand for all or part of the delivery system exceeds delivery capacity because delivery capacity is inadequate.
- Supply source becomes contaminated.
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components.
- Supplier's individual plan may be implemented if other criteria dictate.

NTMWD has terminated Stage 3, which may terminate due to one or more of the following:

- The Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the termination of Stage 3.
- The storage level in Lavon Lake, as published by the TWDB, [3] is greater than 55 percent of the total conservation pool capacity during any of the months of April

through October or greater than 45 percent of the total conservation pool capacity during any of the months of November through March.

- Other circumstances that caused NTMWD initiation of Stage 2 no longer prevail.

Supplier has terminated Stage 3, which may be terminated due to the cause of the Supplier's initiation of Stage 3 no longer prevail.

Goals for Use Reduction and Actions Available under Stage 3

The goal for water use reduction under Stage 3 is a reduction of whatever amount is designated by NTMWD in the amount of water obtained from NTMWD from the corresponding previous annual payment period prior to institution of drought restrictions. If circumstances warrant or if required by NTMWD, the City Manager or official designee can set a goal for greater water use reduction.

The City Manager or official designee must implement any action(s) required by NTMWD. In addition, the City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary. Measures described as "requires notification to TCEQ" impose mandatory requirements on customers. The supplier must notify TCEQ and NTMWD within five (5) business days if these measures are implemented:

- Continue or initiate any actions available under Stages 1 and 2.
- Notify wholesale customers of actions being taken and request them to implement similar procedures.
- Implement viable alternative water supply strategies.
- **Requires Notification to TCEQ** – Initiate mandatory water use restrictions as follows:
    - Prohibit hosing and washing of paved areas, buildings, windows or other surfaces is prohibited except by variance and performed by a professional service using high efficiency equipment.
    - Prohibit operation of all ornamental fountains or other amenity impoundments to the extent they use treated water.
- **Requires Notification to TCEQ -** Prohibit hydro seeding, hydro mulching, and sprigging.
- **Requires Notification to TCEQ -** Prohibit the use of potable water for the irrigation of new landscape.
- **Requires Notification to TCEQ -** Prohibit commercial and residential landscape watering, except that foundations and trees may be watered for 2 hours on any day with a hand-held hose, a soaker hose, or a dedicated zone using a drip irrigation system provided no runoff occurs. ET/Smart controllers and drip irrigation systems are not exempt from this requirement.

- **Requires Notification to TCEQ -** Prohibit washing of vehicles except at Commercial Vehicle Wash Facilities, except as necessary for health, sanitation, or safety reasons.
- **Requires Notification to TCEQ -** Prohibit watering of golf courses using treated water, except as needed to keep greens and tee boxes alive.
- **Requires Notification to TCEQ -** Prohibit the permitting of private pools. Pools already permitted may be completed and filled with water. Existing private and public pools may add water to maintain pool levels but may not be drained and refilled.
- **Requires Notification to TCEQ -** Require all commercial water users to reduce water use by a percentage established by the City Manager or official designee.
- **Requires Notification to TCEQ -** Initiate a rate surcharge for all water use over normal rates for all water use.
- **Requires Notification to TCEQ -** If NTMWD has imposed a reduction in water availability, the City Manager is hereby authorized to initiate allocation of water supplies on a pro rata basis in accordance with Texas Water Code Section 11.039 and according to the following water allocation policies and procedures

  In the event that the triggering criteria specified in the Plan for Stage [WA1]3 and Severe Water Shortage Conditions have been met, the City Manager is hereby authorized to initiate allocation of water supplies on a pro rata basis in accordance with Texas Water Code Section 11.039 and according to the following water allocation policies and procedures:

  - A wholesale customer's monthly allocation shall be a percentage of the customer's water usage baseline. The percentage will be set by the City Manager or his/her designee based on the assessment of the severity of the water shortage condition and the need to curtail water diversions and/or deliveries and may be adjusted periodically by the City Manager or his/her designee as conditions warrant. Once pro rata allocations are in effect, water diversions by or deliveries to each wholesale customer shall be limited to the allocation established for each month.
  - A monthly water usage allocation shall be established by the City Manager or his/her designee for each wholesale customer. The wholesale customer's water usage baseline will be computed on the average water usage by month for the past five years. If the wholesale customer's billing history is less than five (5) years, the monthly average for the period for which there is a record shall be used for any monthly period for which no billing history exists.
  - The City Manager or his/her designee shall provide notice, by certified mail, to each wholesale customer informing them of their monthly water usage allocations and shall notify the news media, the Texas Natural Resource

Conservation Commission, and the Texas Water Development Board upon initiation of pro rata water allocations.

- Upon request of the customer, a request for a temporary variance to the pro rata water allocation may be requested.
- At the initiative of the City Manager or his/her designee, the allocation may be reduced if, (a) the customer agrees to transfer part of its allocation to another wholesale customer, or (2) other objective evidence demonstrates that the designated allocation is inaccurate under present conditions.
- City wholesale water users will be advised to continue all relevant actions from the previous stages including appropriate public water use restrictions and to implement the next stage of their own individual Retail Water Supplier Resource and Emergency Management Plan.

4.4 Procedures for Granting Variances to the Plan

The City Manager or official designee may grant temporary variances for existing water uses otherwise prohibited under this Water Resource and Emergency Management Plan if one or more of the following conditions are met:

- Failure to grant such a variance would cause an emergency condition adversely affecting health, sanitation, or fire safety for the public or the person or entity requesting the variance
- Compliance with this plan cannot be accomplished due to technical or other limitations
- Alternative methods that achieve the same level of reduction in water use can be implemented

Variances shall be granted or denied at the discretion of the City Manager or official designee. All petitions for variances should be in writing and should include the following information:

- Name and address of the petitioners
- Purpose of water use
- Specific provisions from which relief is requested
- Detailed statement of the adverse effect of the provision from which relief is requested
- Description of the relief requested
- Period of time for which the variance is sought
- Alternative measures that will be taken to reduce water use
- Other pertinent information

4.5 Procedures for Enforcing Mandatory Water Use Restrictions

Mandatory water use restrictions may be imposed in Stage 1, Stage 2 and Stage 3 through adoption of this Water Resource and Emergency Management Plan by Ordinance of the City of Rockwall.

4.6 Coordination with the Regional Water Planning Group and NTMWD

A copy of this Water Resource and Emergency Management plan will be sent to the Chair of the Region C Water Planning Group and the Chairs of North East Texas Water Planning Group.

4.7 Review and Update of Drought Contingency and Water Emergency Response Plan

As required by TCEQ rules, Member Cities and Customer Cites must review the drought contingency and water emergency response plan every five years. The plan will be updated as appropriate based on new or updated information.

APPENDIX B

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULES ON DROUGHT CONTINGENCY PLANS

321

APPENDIX B
Texas Commission on Environmental Quality Rules on Drought Contingency Plans

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER B	DROUGHT CONTINGENCY PLANS
RULE §288.20	**Drought Contingency Plans for Municipal Uses by Public Water Suppliers**

(a) A drought contingency plan for a retail public water supplier, where applicable, must include the following minimum elements.

(1) Minimum requirements. Drought contingency plans must include the following minimum elements.

(A) Preparation of the plan shall include provisions to actively inform the public and affirmatively provide opportunity for public input. Such acts may include, but are not limited to, having a public meeting at a time and location convenient to the public and providing written notice to the public concerning the proposed plan and meeting.

(B) Provisions shall be made for a program of continuing public education and information regarding the drought contingency plan.

(C) The drought contingency plan must document coordination with the regional water planning groups for the service area of the retail public water supplier to ensure consistency with the appropriate approved regional water plans.

(D) The drought contingency plan must include a description of the information to be monitored by the water supplier, and specific criteria for the initiation and termination of drought response stages, accompanied by an explanation of the rationale or basis for such triggering criteria.

(E) The drought contingency plan must include drought or emergency response stages providing for the implementation of measures in response to at least the following situations:

(i) reduction in available water supply up to a repeat of the drought of record;

(ii) water production or distribution system limitations;

(iii) supply source contamination; or

(iv) system outage due to the failure or damage of major water system components (e.g., pumps).

(F) The drought contingency plan must include the specific, quantified targets for water use reductions to be achieved during periods of water shortage and drought. The entity preparing the plan shall establish the targets. The goals established by the entity under this subparagraph are not enforceable.

(G) The drought contingency plan must include the specific water supply or water demand management measures to be implemented during each stage of the plan including, but not limited to, the following:

(i) curtailment of non-essential water uses; and

(ii) utilization of alternative water sources and/or alternative delivery mechanisms with the prior approval of the executive director as appropriate (e.g., interconnection with another water system, temporary use of a non-municipal water supply, use of reclaimed water for non-potable purposes, etc.).

(H) The drought contingency plan must include the procedures to be followed for the initiation or termination of each drought response stage, including procedures for notification of the public.

(I) The drought contingency plan must include procedures for granting variances to the plan.

(J) The drought contingency plan must include procedures for the enforcement of any mandatory water use restrictions, including specification of penalties (e.g., fines, water rate surcharges, discontinuation of service) for violations of such restrictions.

(2) Privately-owned water utilities. Privately-owned water utilities shall prepare a drought contingency plan in accordance with this section and incorporate such plan into their tariff.

(3) Wholesale water customers. Any water supplier that receives all or a portion of its water supply from another water supplier shall consult with that supplier and shall include in the drought contingency plan appropriate provisions for responding to reductions in that water supply.

(b) A wholesale or retail water supplier shall notify the executive director within five business days of the implementation of any mandatory provisions of the drought contingency plan.

(c) The retail public water supplier shall review and update, as appropriate, the drought contingency plan, at least every five years, based on new or updated information, such as the adoption or revision of the regional water plan.

Source Note: The provisions of this §288.20 adopted to be effective February 21, 1999, 24 TexReg 949; amended to be effective April 27, 2000, 25 TexReg 3544; amended to be effective October 7, 2004, 29 TexReg 9384.

Date:

Kevin Ward
Chair, Region C Water Planning Group
P.O. Box 12071
Longview, TX 75607

Dear Kevin Ward:

Enclosed please find a copy of the recently updated Water Resource and Emergency Management Plan for the City of Rockwall. I am submitting a copy of this model plan to the Region C Water Planning Group in accordance with the Texas Water Development Board and Texas Commission on Environmental Quality rules. The Rockwall City Council adopted the updated Water Conservation Plan on _____ ___, 2019.

Sincerely,

Rick Crowley
City of Rockwall

City of Rockwall

Date:

Richard LeTourneau
Chair, Region D Water Planning Group
P.O. Box 12071
Longview, TX 75607

Dear Richard Le Tourneau:

Enclosed please find a copy of the recently updated Water Resource and Emergency Management Plan for the City of Rockwall. I am submitting a copy of this model plan to the Region D Water Planning Group in accordance with the Texas Water Development Board and Texas Commission on Environmental Quality rules. The Rockwall City Council adopted the updated Water Conservation Plan on _____ ___, 2019.

Sincerely,

Rick Crowley
City of Rockwall

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Cole, City Secretary / Assistant to the City Manager**

DATE: **April 12, 2019**

SUBJECT: **2nd reading of Ordinances**

The motion to approve the ordinances adopting the following plans passed by a vote of 4 ayes, 2 nays (Daniels and Pruitt), and 1 absence (Hohenshelt) at the April 1, 2019 City Council meeting. Therefore, the two ordinances are being placed under "Action Items" for second reading (in lieu of the "Consent Agenda") so that any desired discussion may be had by Council.

- "Water Resource & Emergency Management Plan"
- "Water Conservation Plan"

CITY OF ROCKWALL

ORDINANCE NO. 19-18

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 6. WATER CONSERVATION TO REPEAL DIVISION 6. IN ITS ENTIRETY AND REPLACE IT WITH A NEW DIVISION 6. TO REFLECT AN UPDATED WATER CONSERVATION PLAN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING AN EFFECTVE DATE.

WHEREAS, the Rockwall City Council previously adopted a Water Conservation Plan through passage of Ordinance No. 14-17, "Exhibit A"; and

WHEREAS, the City Council has determined the need to repeal the plan (Ord. No. 14-17) in its entirety for the purpose of modifying the Water Conservation Plan, in accordance with Section 288.2 of the Texas Administrative Code.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THAT:

SECTION 1. The Code of Ordinances in Chapter 44. "Utilities," Article V. "Water," Division 6. "Water Conservation" is hereby repealed in its entirety and a new "Water Conservation Plan" is hereby adopted as reflected in **"Exhibit A"** of this ordinance; and

SECTION 2. PLAN ADOPTED

Sec.44-412.

(a) The city council hereby approves and adopts the City of Rockwall Water Conservation Plan, attached to Ordinance No. 19-18 as "Exhibit A," which is incorporated as if fully set forth in this division and on file in the city secretary's office. As contained in Section 9.4 of the plan, the following Landscape Water Management Measures are adopted and required by the City of Rockwall:

- Time of day restrictions prohibit lawn irrigation watering from 10 AM to 6 PM beginning April 1st and ending October 31st of each year.
- Prohibition of watering of impervious surfaces, as provided by the Irrigation Ordinance 09-13, Ch. 10, Art. XVI, Sec. 10-700 of the Code of Ordinances. Wind driven water drift will be taken into consideration.
- Prohibition of outdoor watering during rain or freeze events.
- Lawn and landscape irrigation is limited to twice per week April 1st and ending October 31st, except for irrigation systems installed with an evapo-transpiration controller or the use of a water hose with a shut-off nozzle, and for establishment of new lawn and landscaping for a period of 30 days or as approved in writing by the City of Rockwall.

- Lawn and landscape irrigation is limited to once per week November 1st and ending March 31st.
- Rain and freeze sensors and/or evapo-transpiration controllers must be maintained to function properly.
- At home and fundraising car washing may be done only when using a water hose with a shut-off nozzle.

(b) Any person or customer, defined pursuant to 30 Tex. Admin. Code Ch. 291, failing to comply with the provisions of the plan shall be subjected to a fine of up $2,000.00 and/or discontinuance of water service by the city. Proof of a culpable mental state is not required for a conviction of an offense under this section. Each day a customer fails to comply with the plan is a violation. The city's authority to seek injunctive or other relief available under the law is not limited by this section.

SECTION 3. The City Manager or his designee is hereby directed to file a copy of the Plan and this Ordinance with the Texas Commission on Environmental Quality in accordance with Title 30, Chapter 288 of the Texas Administrative Code and that said Plan meets all the requirements of Section 288.2 of the Texas Administrative Code; and

SECTION 4. Any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty fine not to exceed the sum of Two Thousand Dollars ($2,000.00) for each offense and each day such offense shall continue shall be deemed to constitute a separate offense; and

SECTION 5. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect; and

SECTION 6. The City Council does hereby find and declare that sufficient written notice of the date, hour, place and subject of the meeting adopting this Ordinance was posted at a designated place convenient to the public for the time required by law preceding the meeting, that such place of posting was readily accessible at all times to the general public, and that all of the foregoing was done as required by law at all times during which this Ordinance and the subject matter thereof has been discussed, considered and formally acted upon. The City Council further ratifies, approves and confirms such written notice and the posting thereof; and

SECTION 7. All ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed, and the balance of such ordinance is hereby saved from repeal; and

SECTION 8. The ordinance shall become effective immediately following its approval upon second reading and publication in accordance with the City Charter.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 15TH DAY OF APRIL, 2019.

_____

Jim Pruitt, Mayor

APPENDIX E **Landscape Ordinance**

1. INTRODUCTION AND OBJECTIVES

Water supply has always been a key issue in the development of Texas. In recent years, the growing population and economic development of North Central Texas has led to increasing demands for water supplies. At the same time, local and less expensive sources of water supply are largely developed. Additional supplies to meet higher demands will be expensive and difficult to develop. It is therefore important that NTMWD and its Member Cities and Customer Cities make the most efficient use of existing supplies. This will delay the need for new supplies, minimize the environmental impacts associated with developing new supplies and delay the high cost of additional water supply development.

Recognizing the need for efficient use of existing water supplies, the Texas Commission on Environmental Quality (TCEQ) has developed guidelines and requirements governing the development of water conservation plans for public water suppliers. TCEQ guidelines and requirements are included in Appendix B. The best management practices established by the Water Conservation Implementation Task Force, established pursuant to SB1094 by the 78th Legislature, were also considered in the development of water conservation measures. This water conservation plan was developed following TCEQ guidelines and requirements.

This water conservation plan includes measures that are intended to result in ongoing, long-term water savings. This plan replaces the previous plans dated August 2004, April 2006, March 2008, and April 2014.

The objectives of this water conservation plan are as follows:

- To reduce water consumption from the levels that would prevail without conservation efforts
- To reduce the loss and waste of water
- To improve efficiency in the use of water
- To document the level of recycling and reuse in the water supply
- To extend the life of current water supplies by reducing the rate of growth and demand

This Water Conservation Plan for the City of Rockwall, Texas applies to all use of the City of Rockwall's water supply.

This plan includes all of the elements required by TCEQ.

2. DEFINITIONS AND ABBREVIATIONS

1. **ATHLETIC FIELD** means a public sports competition field, the essential feature of which is turf grass, used primarily for organized sports practice, competition or exhibition events for schools; professional sports and league play sanctioned by the utility providing retail water supply.

2. **COOL SEASON GRASSES** are varieties of turf grass that grow best in cool climates primarily in northern and central regions of the U.S. Cool season grasses include perennial and annual rye grass, Kentucky blue grass and fescues.

3. **CUSTOMERS** include those entities to which NTMWD provides wholesale water that are not members of NTMWD.

4. **DRIP IRRIGATION** is a type of micro-irrigation system that operates at low pressure and delivers water in slow, small drips to individual plants or groups of plants through a network of plastic conduits and emitters; also called trickle irrigation.

5. **EVAPOTRANSPIRATION (ET)** represents the amount of water lost from plant material to evaporation and transpiration. The amount of ET can be estimated based on the temperature, wind, and relative humidity.

6. **ET/SMART CONTROLLERS** are irrigation controllers that adjust their schedule and run times based on weather (ET) data. These controllers are designed to replace the amount of water lost to evapotranspiration.

7. **IRRIGATION SYSTEM** means a permanently installed, custom-made, site-specific system of delivering water generally for landscape irrigation via a system of pipes or other conduits installed below ground.

8. **LANDSCAPE** means any plant material on a property, including any tree, shrub, vine, herb, flower, succulent, ground cover, grass or turf species that is growing or has been planted out of doors.

9. **MEMBER CITIES** include the cities of Allen, Farmersville, Forney, Frisco, Garland, McKinney, Mesquite, Plano, Princeton, Richardson, Rockwall, Royse City, and Wylie, Texas, which are members of NTMWD.

10. **MUNICIPAL USE** means the use of potable water provided by a public water supplier as well as the use of treated wastewater effluent for residential, commercial, industrial, agricultural, institutional, and wholesale uses.

11. **REGULATED IRRIGATION PROPERTY** means any (customer class, i.e. commercial) property that uses (over a certain amount) of water or more for irrigation purposes in a single calendar year or is greater than (certain size).

12. **RESIDENTIAL GALLONS PER CAPITA PER DAY** means (Residential GPCD) the total gallons sold for residential use by a public water supplier divided

by the residential population served and then divided by the number of days in the year.

13. **RETAIL CUSTOMERS** include those customers to whom the utility provides retail water from a water meter.

14. **TOTAL GALLONS PER CAPITA PER DAY** (Total GPCD) means the total amount of water diverted and/or pumped for potable use divided by the total permanent population divided by the days of the year. Diversion volumes of reuse as defined in TAC 288.1 shall be credited against total diversion volumes for the purposes of calculating GPCD for targets and goals.

15. **WATER CONSERVATION PLAN** means the Member City or Customer water conservation plan approved and adopted by the utility.

Abbreviations

Abbreviation	Full Nomenclature
BMP	Best Management Practices
NTMWD or District	North Texas Municipal Water District
TCEQ	Texas Commission on Environmental Quality
TWDB	Texas Water Development Board
WCAC	Water Conservation Advisory Council
WCP	Water Conservation Plan

3. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULES

The TCEQ rules governing development of water conservation plans for public water suppliers are contained in Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2 of the Texas Administrative Code, which is included in Appendix B. For the purpose of these rules, a water conservation plan is defined as "A strategy or combination of strategies for reducing the volume of water withdrawn from a water supply source, for reducing the loss or waste of water, for maintaining or improving the efficiency in the use of water, for increasing the recycling and reuse of water and for preventing the pollution of water." The elements in the TCEQ water conservation rules covered in this Conservation Plan are listed below.

Minimum Conservation Plan Requirements

The minimum requirements in the Texas Administrative Code for Water Conservation Plans for Public Water Suppliers are covered in this report as follows:

- 288.2(a)(1)(A) – Utility Profile – Section 4 and Appendix C
- 288.2(a)(1)(B) – Specification of Goals – Section 5
- 288.2(a)(1)(C) – Specific, Quantified Goals – Section 5
- 288.2(a)(1)(D) – Accurate Metering – Sections 6.1 and 6.2
- 288.2(a)(1)(E) – Universal Metering – Section 6.2
- 288.2(a)(1)(F) – Determination and Control of Unaccounted Water – Section 6.4
- 288.2(a)(1)(G) – Public Education and Information Program – Section 7
- 288.2(a)(1)(H) – Non-Promotional Water Rate Structure – Section 8
- 288.2(a)(1)(I) – Reservoir System Operation Plan – Section 9.1
- 288.2(a)(1)(J) – Means of Implementation and Enforcement – Section 10
- 288.2(a)(1)(K) – Coordination with Regional Water Planning Group – Section 9.8 and Appendix F
- 288.2(c) – Review and Update of Plan – Section 11

Conservation Plan Additional Requirements (Population over 5,000)

The Texas Administrative Code includes additional requirements for water conservation plans for drinking water supplies serving a population over 5,000:

- 288.2(a)(2)(A) – Leak Detection, Repair and Water Loss Accounting – Sections 6.3, 6.4, and 6.5
- 288.2(a)(2)(B) – Record Management System – Section 6.3
- 288.2(a)(2)(C) – Requirement for Water Conservation Plans by Wholesale Customers – Section 9.7

Additional Conservation Strategies

The TCEQ requires that a water conservation implementation report be completed and submitted on an annual basis. This report is included in Appendix H.

In addition to the TCEQ required water conservation strategies, NTMWD also requires the following strategy to be included in Member City and Customer City plans:

- 288.2(a)(3)(F) – Irrigation Ordinance – Section 8.4 and Appendix E

TCEQ rules also include optional, not required, conservation strategies, which may be adopted by suppliers. The NTMWD recommends that the following strategies be included in the Member City and Customer City plans:

- 288.2(a)(3)(A) – Conservation Oriented Water Rates – Section 8
- 288.2(a)(3)(B) – Ordinances, Plumbing Codes or Rules on Water-Conserving Fixtures – Section 9.3
- 288.2(a)(3)(C) – Replacement or Retrofit of Water-Conserving Plumbing Fixtures – Section 9.5
- 288.2(a)(3)(D) – Reuse and Recycling of Wastewater – Section 9.2
- 288.2(a)(3)(F) – Irrigation Ordinance – Appendix E
- 288.2(a)(3)(G) – Monitoring Method – Section 6.6
- 288.2(a)(3)(H) – Additional Conservation Ordinance Provisions – Section 9.5,

4. WATER UTILITY PROFILE

Appendix C to this Water Conservation Plan is a sample water utility profile based on the format recommended by TCEQ. In adopting this Water Conservation Plan, the City of Rockwall will provide a draft water utility profile to NTMWD for review and comment. A final water utility profile will be provided to NTMWD.

5. SPECIFICATIONS OF WATER CONSERVATION GOALS

The goals for this Water Conservation Plan include the following:

- Maintain the per capita municipal water use below the specified amount in gallons per capita per day in a dry year, as shown in Table 5-1.
- Maintain the level (gpcd) of unaccounted water in the system below 12 percent annually in 2018 and subsequent years, as discussed in Section 6.1.3. The 12 percent goal for unaccounted water is recommended, but is not required.
- Implement and maintain a program of universal metering and meter replacement and repair, as discussed in Section 6.1.2.
- Increase efficient water usage through a water conservation ordinance, as discussed in Section 7.4 and Appendix E. This ordinance is required by NTMWD.
- Decrease waste in lawn irrigation by implementation and enforcement of landscape water management regulations, as discussed in Section 7.5.
- Raise public awareness of water conservation and encourage responsible public behavior through a public education and information program, as discussed in Section 6.2.
- Develop a system specific strategy to conserve water during peak demands, thereby reducing the peak use.

Table 5 1 Five-Year and Ten-Year Per Capita Water Use Goals (GPCD)

Description	Current Average (GPCD)	5-Year Goal (GPCD)	10-Year Goal (GPCD)
Current 5-Year Average Total Per Capita Use with Credit for Reuse	135	130	127
Current 5-Year Average Residential Per Capita Use	94	93	92
Water Loss (GPCD)[1]	26	24	22
Water Loss (Percentage)[2]	15	13	11
Expected Reduction due to Low-Flow Plumbing Fixtures	----------	3	5
Projected Reduction Due to Elements in this Plan	----------	2	4
Water Conservation Goals (with credit for reuse)	----------	**160**	**155**

1. Water Loss GPCD = (Total Water Loss ÷ Permanent Population) ÷ 365
2. Water Loss Percentage = (Total Water Loss ÷Total Gallons in System) x 100; or (Water Loss GPCD ÷ Total GPCD) x 100

6. METERING, WATER USE RECORDS, CONTROL OF UNACCOUNTED WATER AND LEAK DETECTION AND REPAIR

One of the key elements of water conservation is tracking water use and controlling loss through illegal diversions and leaks. It is important to carefully meter water use, detect and repair leaks in the distribution system and provide regular monitoring of unaccounted water.

6.1 Accurate Metering of Treated Water Deliveries from NTMWD

Water deliveries from NTMWD are metered by NTMWD using meters with accuracy of ±2%. These meters are calibrated on a monthly basis by NTMWD to maintain the required accuracy.

6.2 Metering of Customer and Public Uses and Meter Testing, Repair and Replacement

The provision of water to all customers, including public and governmental users, will continue to be metered by the City of Rockwall. The City of Rockwall will test and replace their residential customers' meters on a regular basis. Additionally, large meters will be regularly tested and either repaired or replaced when their flow is more than a 3 percent difference from actual flow.

6.3 Record Management System

As required by TAC Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2(a)(2)(B), a record management system should allow for the separation of water sales and uses into residential, commercial, public/institutional, and industrial categories. This information will be included in an annual water conservation report, as described in Section 5.6.

6.4 Determination and Control of Unaccounted Water

Unaccounted water is the difference between water delivered to Rockwall from NTMWD and metered water sales to customers plus authorized but unmetered uses. Authorized but unmetered uses would include use for fire fighting, releases for flushing of lines, uses associated with new construction, etc. Unaccounted water can include several categories:

- Inaccuracies in customer meters. Customer meters tend to run slower as they age and under-report actual use.
- Meters which are being used but have not yet been added to the billing system.
- Losses due to water main breaks and leaks in the water distribution system.
- Losses due to illegal connections and theft. (Included in Appendix G.)

Measures to control unaccounted water should be part of the routine operations of the City of Rockwall. Maintenance crews and personnel will look for and report evidence of leaks in the water distribution system. A leak detection and repair program is described in Section

6.5 below. Meter readers will watch for and report signs of illegal connections, so they can be quickly addressed.

Unaccounted water will be calculated in accordance with the provisions in Appendix C. With the measures described in this plan, Rockwall will maintain unaccounted water below 12 percent in 2009 and subsequent years. If unaccounted water exceeds this goal, the City of Rockwall will implement a more intensive audit to determine the source(s) of and reduce the unaccounted water. The annual conservation report described in Section 5.6 is the primary tool that will be used to monitor unaccounted water.

6.5 Leak Detection and Repair

As described above, city crews and personnel will look for and report evidence of leaks in the water distribution systems. Areas of the water distribution system, in which numerous leaks and line breaks occur, will be targeted for replacement as funds are available.

6.6 Monitoring of Effectiveness and Efficiency - Annual Water Conservation Report

Appendix D is the form that will be used in the development of an annual water conservation report by the City of Rockwall. This form will be completed by March 31 of the following year and used to monitor the effectiveness and efficiency of the water conservation program and to plan conservation-related activities for the next year. The form records the water use by category, per capita municipal use and unaccounted water for the current year and compares them to historical values. The annual water conservation report will be sent to NTMWD, which will monitor NTMWD Member Cities' and Customers Cities' water conservation trends.

6.7 Water Conservation Implementation Report

Appendix H includes the TCEQ-required water conservation implementation report. The report is due to the TCEQ by May 1 of every year, starting in the year 2010. This report will list the various water conservation strategies that have been implemented, including the date the strategy was implemented. The report also calls for the five-year and ten-year per capita water use goals from the previous water conservation plan. The city will answer whether or not these goals have been met and, if not, why not. The amount of water saved is also requested.

7. CONTINUING PUBLIC EDUCATION AND INFORMATION CAMPAIGN

The continuing public education and information campaign on water conservation includes the following elements:

- Utilize the "Water IQ: Know Your Water" and other public education materials produced by NTMWD.
- Insert water conservation information with water bills. Inserts will include material developed by the City of Rockwall and material obtained from the TWDB, the TCEQ, and other sources.
- Encourage local media coverage of water conservation issues and the importance of water conservation.
- Notify local organizations, schools and civic groups that the City of Rockwall staff and staff of the NTMWD are available to make presentations on the importance of water conservation and ways to save water.
- Promote the *Texas Smartscape* web site (www.txsmartscape.com) and provide water conservation brochures and other water conservation materials available to the public at City Hall and other public places.
- Make information on water conservation available on the City's website and include links to the "Water IQ: Know Your Water" website, *Texas Smartscape* website and the TWDB and TCEQ web sites.
- Encourage customers to subscribe to weekly watering updates through Water My Yard or other similar program in an effort to reduce outdoor water consumption.

8. WATER RATE STRUCTURE

The City of Rockwall will continue to bill customers using an increasing block rate water structure that is intended to encourage water conservation and discourage excessive use and waste of water.

The following monthly rates are hereby established and shall be collected for water and wastewater services billed by the City:

	Meter size		Water Rates	Wastewater Rates
Monthly Minimum Bills:				
Residential:	0.75		$24.99	$22.75
	1.00		29.33	26.57
	1.50		34.06	30.87
	2.00		42.97	38.92
Non-residential:	0.75		$26.54	$22.75
	1.00		29.33	26.57
	1.50		34.06	30.87
	2.00		42.97	38.92
	3.00		60.92	50.19
	4.00		78.76	64.95
	6.00		96.58	79.65
Irrigation Meters:	0.75		$26.54	$N/A
	1.00		29.33	N/A
	1.50		34.06	N/A
	2.00		42.97	N/A
	3.00		60.92	N/A
	4.00		78.76	N/A
	6.00		96.58	N/A
Rate per TH Gallons - Water:	Residential 2,001-8,000 gallons		$3.81	$N/A
	Residential 8,001-16,000 gallons		4.79	
	Residential over 16,000 gallons		6.68	N/A
	Irrigation over 2,000 gallons		6.68	N/A
	Non-residential over 2,000 gallons		5.73	N/A
	Wholesale Contract Rate		4.22	N/A
Rate per TH Gallons - Wastewater:			N/A	3.97

9. OTHER WATER CONSERVATION MEASURES

9.1 NTMWD System Operation Plan

Member Cities and Customers of NTMWD purchase treated water from NTMWD and do not have surface water supplies for which to implement a system operation plan. NTMWD's permits do allow some coordinated operation of its water supply sources, and NTMWD is seeking additional water rights for coordinated operation to optimize its available water supplies.

9.2 Reuse and Recycling of Wastewater

Most Member Cities and Customer Cities do not own and operate their own wastewater treatment plants. Their wastewater is treated by NTMWD. NTMWD currently has the largest wastewater reuse program in the state. NTMWD has water rights allowing reuse of up to 71,882 acre-feet per year of this treated wastewater through Lake Lavon for municipal purposes. In addition, NTMWD has also developed the East Fork Raw Water Supply Project which can divert up to 157,393 acre-feet per year based on treated wastewater discharges by NTMWD. When fully developed, these two reuse projects will provide up to 42 percent of NTMWD's currently permitted water supplies. NTMWD also provides treated effluent from its wastewater treatment plants available for direct reuse for landscape irrigation and industrial use.

The City of Rockwall has a contract agreement with NTMWD to operate the wastewater treatment plants. NTMWD selects reuse arrangements for recycled wastewater effluent.

9.3 Ordinances, Plumbing Codes, or Rules on Water-Conserving Fixtures

The state has required water-conserving fixtures in new construction and renovations since 1992. The state standards call for flows of no more than 2.5 gallons per minute (gpm) for faucets, 2.5 (gpm) for showerheads, and 1.28 gallons per flush for toilets. Similar standards are now required nationally under federal law. These state and federal standards assure that all new construction and renovations will use water-conserving fixtures.

9.4 Landscape Water Management Measures (Required)

The following landscape water management measures are adopted by the City of Rockwall.

- Time of day restrictions prohibit lawn irrigation watering from 10 AM to 6 PM beginning April 1st and ending October 31st of each year.
- Prohibition of watering of impervious surfaces, as provided by the Irrigation Ordinance 09-13, Ch. 10, Art. XVI, Sec. 10-700 of the Code of Ordinances. Wind driven water drift will be taken into consideration.
- Prohibition of outdoor watering during rain or freeze events.
- Lawn and landscape irrigation is limited to twice per week April 1st and ending October 31st, except for irrigation systems installed with an evapo-transpiration

controller or the use of a water hose with a shut-off nozzle, and for establishment of new lawn and landscaping for a period of 30 days or as approved in writing by the City of Rockwall.

- Lawn and landscape irrigation is limited to once per week November 1st and ending March 31st.
- Rain and freeze sensors and/or evapo-transpiration controllers must be maintained to function properly.
- At home and fundraising car washing may be done only when using a water hose with a shut-off nozzle.

9.5 Additional Water Conservation Measures (Not Required)

In addition, the City of Rockwall recommends the following measures:

- Retrofit existing irrigation systems with rain and freeze sensors or evapo-transpiration capable of multiple programming.
- Prohibition planting or watering areas that have been overseeded with cool season grasses (such as rye grass or other similar grasses), except for golf courses and public athletic fields.
- Rehabilitate poorly maintained irrigation systems that waste water to comply with the current Irrigation Ordinance.
- Install separate zones for areas adjacent to athletic fields.
- Plant only native, drought tolerant or adaptive plants.
- Install drip irrigation systems, when applicable.
- Water audits should be performed to find ways in which water can be used more efficiently at a specific location.

9.6 Rebates (Required)

Rebate of $100 towards the purchase and installation of high efficiency card or coin operated commercial clothes washers at commercial laundromats.

9.7 Requirement for Water Conservation Plans by Wholesale Customers

Every contract for the wholesale sale of water by the City of Rockwall that is entered into, renewed or extended after the adoption of this water conservation plan will include a requirement that the wholesale customer and any wholesale customers of that wholesale customer develop and implement a water conservation plan meeting the requirements of Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2 of the Texas Administrative Code.

9.8 Coordination with Regional Water Planning Group and NTMWD

Appendix F includes a letter to be sent to the Chair of the Water Planning Group with this Water Conservation Plan. The adopted ordinance and the adopted water utility profile will be sent to the Chair of Appropriate Water Planning Group and to NTMWD.

10. IMPLEMENTATION AND ENFORCEMENT OF THE WATER CONSERVATION PLAN

Appendix E contains a copy of the Irrigation Ordinance, which includes information about enforcement. Appendix G includes a copy of the ordinance that has been adopted related to illegal connections and water theft.

11. REVIEW AND UPDATE OF WATER CONSERVATION PLAN

TCEQ requires that the water conservation plans be updated every five years or as required and appropriate based on new or updated information.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULESON MUNICIPAL WATER CONSERVATION PLANS

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER A	WATER CONSERVATION PLANS
RULE §288.1	**Definitions**

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise.

(1) Agricultural or Agriculture--Any of the following activities:

(A) cultivating the soil to produce crops for human food, animal feed, or planting seed or for the production of fibers;

(B) the practice of floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or non-soil media by a nursery grower;

(C) raising, feeding, or keeping animals for breeding purposes or for the production of food or fiber, leather, pelts, or other tangible products having a commercial value;

(D) raising or keeping equine animals;

(E) wildlife management; and

(F) planting cover crops, including cover crops cultivated for transplantation, or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure.

(2) Agricultural use--Any use or activity involving agriculture, including irrigation.

(3) Best management practices--Voluntary efficiency measures that save a quantifiable amount of water, either directly or indirectly, and that can be implemented within a specific time frame.

(4) Conservation--Those practices, techniques, and technologies that reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water, or increase the recycling and reuse of water so that a water supply is made available for future or alternative uses.

(5) Commercial use--The use of water by a place of business, such as a hotel, restaurant, or office building. This does not include multi-family residences or agricultural, industrial, or institutional users.

(6) Drought contingency plan--A strategy or combination of strategies for temporary supply and demand management responses to temporary and potentially recurring water supply shortages and other water supply emergencies. A drought contingency plan may be a separate document identified as such or may be contained within another water management document(s).

(7) Industrial use--The use of water in processes designed to convert materials of a lower order of value into forms having greater usability and commercial value, and the development of power by means other than hydroelectric, but does not include agricultural use.

(8) Institutional use--The use of water by an establishment dedicated to public service, such as a school, university, church, hospital, nursing home, prison or government facility. All facilities dedicated to public service are considered institutional regardless of ownership.

(9) Irrigation--The agricultural use of water for the irrigation of crops, trees, and pastureland, including, but not limited to, golf courses and parks which do not receive water from a public water supplier.

(10) Irrigation water use efficiency--The percentage of that amount of irrigation water which is beneficially used by agriculture crops or other vegetation relative to the amount of water diverted from the source(s) of supply. Beneficial uses of water for irrigation purposes include, but are not limited to, evapotranspiration needs for vegetative maintenance and growth, salinity management, and leaching requirements associated with irrigation.

(11) Mining use--The use of water for mining processes including hydraulic use, drilling, washing sand and gravel, and oil field re-pressuring.

(12) Municipal use--The use of potable water provided by a public water supplier as well as the use of sewage effluent for residential, commercial, industrial, agricultural, institutional, and wholesale uses.

(13) Nursery grower--A person engaged in the practice of floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or nonsoil media, who grows more than 50% of the products that the person either sells or leases, regardless of the variety sold, leased, or grown. For the purpose of this definition, grow means the actual cultivation or propagation of the product beyond the mere holding or maintaining of the item prior to sale or lease, and typically includes activities associated with the production or multiplying of stock such as the development of new plants from cuttings, grafts, plugs, or seedlings.

(14) Pollution--The alteration of the physical, thermal, chemical, or biological quality of, or the contamination of, any water in the state that renders the water harmful, detrimental, or injurious to humans, animal life, vegetation, or property, or to the public health, safety, or welfare, or impairs the usefulness or the public enjoyment of the water for any lawful or reasonable purpose.

(15) Public water supplier--An individual or entity that supplies water to the public for human consumption.

(16) Residential use--The use of water that is billed to single and multi-family residences, which applies to indoor and outdoor uses.

(17) Residential gallons per capita per day--The total gallons sold for residential use by a public water supplier divided by the residential population served and then divided by the number of days in the year.

(18) Regional water planning group--A group established by the Texas Water Development Board to prepare a regional water plan under Texas Water Code, §16.053.

(19) Retail public water supplier--An individual or entity that for compensation supplies water to the public for human consumption. The term does not include an individual or entity that supplies water to itself or its employees or tenants when that water is not resold to or used by others.

(20) Reuse--The authorized use for one or more beneficial purposes of use of water that remains unconsumed after the water is used for the original purpose of use and before that water is either

disposed of or discharged or otherwise allowed to flow into a watercourse, lake, or other body of state-owned water.

(21) Total use--The volume of raw or potable water provided by a public water supplier to billed customer sectors or nonrevenue uses and the volume lost during conveyance, treatment, or transmission of that water.

(22) Total gallons per capita per day (GPCD)--The total amount of water diverted and/or pumped for potable use divided by the total permanent population divided by the days of the year. Diversion volumes of reuse as defined in this chapter shall be credited against total diversion volumes for the purposes of calculating GPCD for targets and goals.

(23) Water conservation plan--A strategy or combination of strategies for reducing the volume of water withdrawn from a water supply source, for reducing the loss or waste of water, for maintaining or improving the efficiency in the use of water, for increasing the recycling and reuse of water, and for preventing the pollution of water. A water conservation plan may be a separate document identified as such or may be contained within another water management document(s).

(24) Wholesale public water supplier--An individual or entity that for compensation supplies water to another for resale to the public for human consumption. The term does not include an individual or entity that supplies water to itself or its employees or tenants as an incident of that employee service or tenancy when that water is not resold to or used by others, or an individual or entity that conveys water to another individual or entity, but does not own the right to the water which is conveyed, whether or not for a delivery fee.

(25) Wholesale use--Water sold from one entity or public water supplier to other retail water purveyors for resale to individual customers.

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER A	WATER CONSERVATION PLANS
RULE §288.2	**Water Conservation Plans for Municipal Uses by Public Water Suppliers**

(a) A water conservation plan for municipal water use by public water suppliers must provide information in response to the following. If the plan does not provide information for each requirement, the public water supplier shall include in the plan an explanation of why the requirement is not applicable.

(1) Minimum requirements. All water conservation plans for municipal uses by public water suppliers must include the following elements:

(A) a utility profile in accordance with the Texas Water Use Methodology, including, but not limited to, information regarding population and customer data, water use data (including total gallons per capita per day (GPCD) and residential GPCD), water supply system data, and wastewater system data;

(B) a record management system which allows for the classification of water sales and uses into the most detailed level of water use data currently available to it, including, if possible, the sectors listed in clauses (i) - (vi) of this subparagraph. Any new billing system purchased by a public water supplier must be capable of reporting detailed water use data as described in clauses (i) - (vi) of this subparagraph:

(i) residential;

(I) single family;

(II) multi-family;

(ii) commercial;

(iii) institutional;

(iv) industrial;

(v) agricultural; and,

(vi) wholesale.

(C) specific, quantified five-year and ten-year targets for water savings to include goals for water loss programs and goals for municipal use in total GPCD and residential GPCD. The goals established by a public water supplier under this subparagraph are not enforceable;

(D) metering device(s), within an accuracy of plus or minus 5.0% in order to measure and account for the amount of water diverted from the source of supply;

(E) a program for universal metering of both customer and public uses of water, for meter testing and repair, and for periodic meter replacement;

(F) measures to determine and control water loss (for example, periodic visual inspections along distribution lines; annual or monthly audit of the water system to determine illegal connections; abandoned services; etc.);

(G) a program of continuing public education and information regarding water conservation;

(H) a water rate structure which is not "promotional," i.e., a rate structure which is cost-based and which does not encourage the excessive use of water;

(I) a reservoir systems operations plan, if applicable, providing for the coordinated operation of reservoirs owned by the applicant within a common watershed or river basin in order to optimize available water supplies; and

(J) a means of implementation and enforcement which shall be evidenced by:

(i) a copy of the ordinance, resolution, or tariff indicating official adoption of the water conservation plan by the water supplier; and

(ii) a description of the authority by which the water supplier will implement and enforce the conservation plan; and

(K) documentation of coordination with the regional water planning groups for the service area of the public water supplier in order to ensure consistency with the appropriate approved regional water plans.

(2) Additional content requirements. Water conservation plans for municipal uses by public drinking water suppliers serving a current population of 5,000 or more and/or a projected population of 5,000 or more within the next ten years subsequent to the effective date of the plan must include the following elements:

(A) a program of leak detection, repair, and water loss accounting for the water transmission, delivery, and distribution system;

(B) a requirement in every wholesale water supply contract entered into or renewed after official adoption of the plan (by either ordinance, resolution, or tariff), and including any contract extension, that each successive wholesale customer develop and implement a water conservation plan or water conservation measures using the applicable elements in this chapter. If the customer intends to resell the water, the contract between the initial supplier and customer must provide that the contract for the resale of the water must have water conservation requirements so that each successive customer in the resale of the water will be required to implement water conservation measures in accordance with the provisions of this chapter.

(3) Additional conservation strategies. Any combination of the following strategies shall be selected by the water supplier, in addition to the minimum requirements in paragraphs (1) and (2) of this subsection, if they are necessary to achieve the stated water conservation goals of the plan. The commission may require that any of the following strategies be implemented by the water supplier if the commission determines that the strategy is necessary to achieve the goals of the water conservation plan:

(A) conservation-oriented water rates and water rate structures such as uniform or increasing block rate schedules, and/or seasonal rates, but not flat rate or decreasing block rates;

(B) adoption of ordinances, plumbing codes, and/or rules requiring water-conserving plumbing fixtures to be installed in new structures and existing structures undergoing substantial modification or addition;

(C) a program for the replacement or retrofit of water-conserving plumbing fixtures in existing structures;

(D) reuse and/or recycling of wastewater and/or graywater;

(E) a program for pressure control and/or reduction in the distribution system and/or for customer connections;

(F) a program and/or ordinance(s) for landscape water management;

(G) a method for monitoring the effectiveness and efficiency of the water conservation plan; and

(H) any other water conservation practice, method, or technique which the water supplier shows to be appropriate for achieving the stated goal or goals of the water conservation plan.

(b) A water conservation plan prepared in accordance with 31 TAC §363.15 (relating to Required Water Conservation Plan) of the Texas Water Development Board and substantially meeting the requirements of this section and other applicable commission rules may be submitted to meet application requirements in accordance with a memorandum of understanding between the commission and the Texas Water Development Board.

(c) A public water supplier for municipal use shall review and update its water conservation plan, as appropriate, based on an assessment of previous five-year and ten-year targets and any other new or updated information. The public water supplier for municipal use shall review and update the next revision of its water conservation plan every five years to coincide with the regional water planning group.

Source Note: The provisions of this §288.2 adopted to be effective May 3, 1993, 18 TexReg 2558; amended to be effective February 21, 1999, 24 TexReg 949; amended to be effective April 27, 2000, 25 TexReg 3544; amended to be effective October 7, 2004, 29 TexReg 9384; amended to be effective December 6, 2012, 37 TexReg 9515

(9) **Design pressure**--The pressure that is required for an emission device to operate properly. Design pressure is calculated by adding the operating pressure necessary at an emission device to the total of all pressure losses accumulated from an emission device to the water source.

(10) **Double Check Valve**--An assembly that is composed of two independently acting, approved check valves, including tightly closed resilient seated shutoff valves attached at each end of the assembly and fitted with properly located resilient seated test cocks. Also known as a Double Check Valve Backflow Prevention Assembly.

(11) **Emission device**--Any device that is contained within an irrigation system and that is used to apply water. Common emission devices in an irrigation system include, but are not limited to, spray and rotary sprinkler heads, and drip irrigation emitters.

(12) **Employed**--Engaged or hired to provide consulting services or perform any activity relating to the sale, design, installation, maintenance, alteration, repair, or service to irrigation systems. A person is employed if that person is in an employer-employee relationship as defined by Internal Revenue Code, 26 United States Code Service, §3212(d) based on the behavioral control, financial control, and the type of relationship involved in performing employment related tasks.

(13) **Head-to-head spacing**--The spacing of spray or rotary heads equal to the manufacturer's published radius of the head.

(14) **Health hazard**--A cross-connection or potential cross-connection with an irrigation system that involves any substance that may, if introduced into the potable water supply, cause death or illness, spread disease, or have a high probability of causing such effects.

(15) **Hydraulics**--The science of dynamic and static water; the mathematical computation of determining pressure losses and pressure requirements of an irrigation system.

(16) **Inspector**--A licensed plumbing inspector, water district operator, other governmental entity, or irrigation inspector who inspects irrigation systems and performs other enforcement duties for a municipality or water district as an employee or as a contractor.

(17) **Installer**--A person who actually connects an irrigation system to a private or public raw or potable water supply system or any water supply, who is licensed according to Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(18) **Irrigation inspector**--A person who inspects irrigation systems and performs other enforcement duties for a municipality or water district as an employee or as a contractor and is required to be licensed under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(19) **Irrigation plan**--A scaled drawing of a landscape irrigation system which lists required information, the scope of the project, and represents the changes made in the installation of the irrigation system.

(20) **Irrigation services--**Selling, designing, installing, maintaining, altering, repairing, servicing, permitting, providing consulting services regarding, or connecting an irrigation system to a water supply.

(21) **Irrigation system**--An assembly of component parts that is permanently installed for the controlled distribution and conservation of water to irrigate any type of landscape vegetation in any location, and/or to reduce dust or control erosion. This term does not include a system that is used on or by an agricultural operation as defined by Texas Agricultural Code, §251.002.

(22) **Irrigation technician**--A person who works under the supervision of a licensed irrigator to install, maintain, alter, repair, service or supervise installation of an irrigation system, including the connection of such system in or to a private or public, raw or potable water supply system or any water supply, and who is required to be licensed under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(23) **Irrigation zone**--A subdivision of an irrigation system with a matched precipitation rate based on plant material type (such as turf, shrubs, or trees), microclimate factors (such as sun/shade ratio), topographic features (such as slope) and soil conditions (such as sand, loam, clay, or combination) or for hydrological control.

(24) **Irrigator**--A person who sells, designs, offers consultations regarding, installs, maintains, alters, repairs, services or supervises the installation of an irrigation system, including the connection of such system to a private or public, raw or potable water supply system or any water supply, and who is required to be licensed under Title 30, Texas Administrative Code, Chapter 30.

(25) **Irrigator-in-Charge--**The irrigator responsible for all irrigation work performed by an exempt business owner, including, but not limited to obtaining permits, developing design plans, supervising the work of other irrigators or irrigation technicians, and installing, selling, maintaining, altering, repairing, or servicing a landscape irrigation system.

(26) **Landscape irrigation--**The science of applying the necessary amount of water to promote or sustain healthy growth of plant material or turf.

(27) **License**--An occupational license that is issued by the Texas Commission on Environmental Quality under Title 30, Texas Administrative Code, Chapter 30 to an individual that authorizes the individual to engage in an activity that is covered by Title 30, Texas Administrative Code, Chapter 30.

(28) **Mainline**--A pipe within an irrigation system that delivers water from the water source to the individual zone valves.

(29) **Maintenance checklist**--A document made available to the irrigation system's owner or owner's representative that contains information regarding the operation and maintenance of the irrigation system, including, but not limited to: checking and repairing the irrigation system, setting the automatic controller, checking the rain or moisture sensor, cleaning filters, pruning grass and plants away from irrigation emitters, using and operating the irrigation system, the precipitation rates of each irrigation zone within the system, any water conservation measures currently in effect from the water purveyor, the name of the water purveyor, a suggested seasonal or monthly watering schedule based on current evapotranspiration data for the geographic region, and the minimum water requirements for the plant material in each zone based on the soil type and plant material where the system is installed.

(30) **Major maintenance, alteration, repair, or service**--Any activity that involves opening to the atmosphere the irrigation main line at any point prior to the discharge side of any irrigation zone control valve. This includes, but is not limited to, repairing or connecting into a main supply pipe, replacing a zone control valve, or repairing a zone control valve in a manner that opens the system to the atmosphere.

(31) **Master valve**--A remote control valve located after the backflow prevention device that controls the flow of water to the irrigation system mainline.

(32) **Matched precipitation rate**--The condition in which all sprinkler heads within an irrigation zone apply water at the same rate.

(33) **New installation**--An irrigation system installed at a location where one did not previously exist.

(34) **Pass-through contract**--A written contract between a contractor or builder and a licensed irrigator or exempt business owner to perform part or all of the irrigation services relating to an irrigation system.

(35) **Potable water**--Water that is suitable for human consumption.

(36) **Pressure Vacuum Breaker**--An assembly containing an independently operating internally loaded check valve and an independently operating loaded air inlet valve located on the discharge side of the check valve. Also known as a Pressure Vacuum Breaker Back-siphonage Prevention Assembly.

(37) **Reclaimed water**--Domestic or municipal wastewater which has been treated to a quality suitable for beneficial use, such as landscape irrigation.

(38) **Records of landscape irrigation activities**—The irrigation plans, contracts, warranty information, invoices, copies of permits, and other documents that relate to the installation, maintenance, alteration, repair, or service of a landscape irrigation system.

(39) **Reduced Pressure Principle Backflow Prevention Assembly**--An assembly containing two independently acting approved check valves together with a hydraulically operating mechanically independent pressure differential relief valve located between the two check valves and below the first check valve.

(40) **Static water pressure**--The pressure of water when it is not moving.

(41) **Supervision--**The on-the-job oversight and direction by a licensed irrigator who is fulfilling his or her professional responsibility to the client and/or employer in compliance with local or state requirements. Also a licensed installer working under the direction of a licensed irrigator or beginning January 1, 2009, an irrigation technician who is working under the direction of a licensed irrigator to install, maintain, alter, repair or service an irrigation system.

(42) **Water conservation**--The design, installation, service, and operation of an irrigation system in a manner that prevents the waste of water, promotes the most efficient use of water, and applies the least amount of water that is required to maintain healthy individual plant material or turf, reduce dust, and control erosion.

(43) **Zone flow**--A measurement, in gallons per minute or gallons per hour, of the actual flow of water through a zone valve, calculated by individually opening each zone valve and obtaining a valid reading after the pressure has stabilized. For design purposes, the zone flow is the total flow of all nozzles in the zone at a specific pressure.

(44) **Zone valve**--An automatic valve that controls a single zone of a landscape irrigation system.

Sec. 6-232. Valid License Required.

Any person who connects an irrigation system to the water supply within the City of Rockwall, must hold a valid license, as defined by Title 30, Texas Administrative Code, Chapter 30 and required by Chapter 1903 of the Texas Occupations Code, or as defined by Chapter 365, Title 22 of the Texas Administrative Code and required by Chapter 1301 of the Texas Occupations Code.

Exemptions

A property owner is not required to be licensed in accordance with Texas Occupations Code, Title 12, §1903.002(c)(1) if he or she is performing irrigation work in a building or on a premises owned or occupied by the person as the person's home. Home or property owner's property must have a current homestead exemption. A home or property owner who installs an irrigation system must meet the standards contained in Title 30, Texas

Administrative Code, Chapter 344 regarding spacing, water pressure, spraying water over impervious materials, rain or moisture shut-off devices or other technology, backflow prevention and isolation valves. The city may, at any point, adopt more stringent requirements for a home or property owner who installs an irrigation system. See Texas Occupations Code §1903.002 for other exemptions to the licensing requirement.

Sec. 6-233. Permit Required.

Any person installing an irrigation system within the City of Rockwall is required to obtain a permit from the city. Any plan approved for a permit must be in compliance with the requirements of this chapter.

Exemptions

(1) An irrigation system that is that an on-site sewage disposal system, as defined by Section 355.002, Health and Safety Code; or

(2) An irrigation system used on or by an agricultural operation as defined by Section 251.002, Agriculture Code; or

(3) An irrigation system connected to a groundwater well used by the property owner for domestic use.

Sec. 6-234. Backflow Prevention Methods and Devices.

(a) Any irrigation system that is connected to the potable water supply must be connected through a backflow prevention method approved by the Texas Commission on Environmental Quality (TCEQ). The backflow prevention device must comply with the 2006 International Plumbing Code and must be certified by the American Society of Sanitary Engineers (ASSE); or the Foundation for Cross-Connection Control and Hydraulic Research, University of Southern California; or the International Code Council - Evaluation Service (ICC-ES); or the International Association of Plumbing and Mechanical Code Officials – Research and Testing (IAPMO R&T); or any other certifying agencies that has equivalent capabilities for both the laboratory and field evaluation of backflow prevention assemblies.

(b) If conditions that present a health hazard exist, one of the following methods must be used to prevent backflow;

(1) An air gap may be used if:

(A) there is an unobstructed physical separation; and

(B) the distance from the lowest point of the water supply outlet to the flood rim of the fixture or assembly into which the outlet discharges is at least one inch or twice the diameter of the water supply outlet, whichever is greater.

(2) Reduced pressure principle backflow prevention assemblies may be used if:

(A) the device is installed at a minimum of 12 inches above ground in a location that will ensure that the assembly will not be submerged; and

B) drainage is provided for any water that may be discharged through the assembly relief valve.

(3) Pressure vacuum breakers may be used if:

(A) no back-pressure condition will occur; and

(B) the device is installed at a minimum of 12 inches above any downstream piping and the highest downstream opening. Pop-up sprinklers are measured from the retracted position from the top of the sprinkler.

(4) Atmospheric vacuum breakers may be used if:

(A) no back-pressure will be present;

(B) there are no shutoff valves downstream from the atmospheric vacuum breaker;

(C) the device is installed at a minimum of six inches above any downstream piping and the highest downstream opening. Pop-up sprinklers are measured from the retracted position from the top of the sprinkler;

(D) there is no continuous pressure on the supply side of the atmospheric vacuum breaker for more than 12 hours in any 24-hour period; and

(E) a separate atmospheric vacuum breaker is installed on the discharge side of each irrigation control valve, between the valve and all the emission devices that the valve controls.

(c) Backflow prevention devices used in applications designated as health hazards must be tested upon installation and annually thereafter.

(d) If there are no conditions that present a health hazard, double check valve backflow prevention assemblies may be used to prevent backflow if the device is tested upon installation and test cocks are used for testing only.

(e) If a double check valve is installed below ground:

(1) test cocks must be plugged, except when the double check valve is being tested;

(2) test cock plugs must be threaded, water-tight, and made of non-ferrous material;

(3) a y-type strainer is installed on the inlet side of the double check valve;

(4) there must be a bed of pea gravel a minimum of 4" deep under the double check valve with a minimum of 6" clearance from the bottom of the double check valve to the bed of gravel

(5) there must be a minimum of 6" clearance around the double check valve for testing.

(f) All irrigation systems found to be without backflow prevention protection that are connected to the potable water supply, must be connected to the potable water supply through an approved, properly installed backflow prevention assembly, before any major maintenance, alteration, repair, or service is performed.

(g) If an irrigation system is connected to a potable water supply through a double check valve, pressure vacuum breaker, or reduced pressure principle backflow assembly and includes an automatic master valve on the system, the automatic master valve must be installed on the discharge side of the backflow prevention assembly.

(h) The irrigator shall ensure the backflow prevention device is tested by a licensed Backflow Prevention Assembly Tester prior to being placed in service and the test results provided to the City of Rockwall and the irrigation system's owner or owner's representative within ten business days of testing of the backflow prevention device. Test results must be submitted on an approved Backflow Prevention Assembly Test and Maintenance Report form.

Sec. 6-235. Specific Conditions and Cross-Connection Control.

(a) Before any chemical is added to an irrigation system connected to the potable water supply, the irrigation system must be connected through a reduced pressure principle backflow prevention assembly or air gap.

(b) Connection of any additional water source to an irrigation system that is connected to the potable water supply can only be done if the irrigation system is connected to the potable water supply through a reduced-pressure principle backflow prevention assembly or an air gap.
(c) Irrigation system components with chemical additives induced by aspiration, injection, or emission system connected to any potable water supply must be connected through a reduced pressure principle backflow device.
(d) If an irrigation system is designed or installed on a property that is served by an on-site sewage facility, as defined in Title 30, Texas Administrative Code, Chapter 285, then:

(1) all irrigation piping and valves must meet the separation distances from the On-Site Sewage Facilities system as required for a private water line in Title 30, Texas Administrative Code, Section 285.91(10);
(2) any connections using a private or public potable water source that is not the city's potable water system must be connected to the water source through a reduced pressure principle backflow prevention assembly as defined in Title 30, Texas Administrative Code, Section 344.50; and
(3) any water from the irrigation system that is applied to the surface of the area utilized by the On-Site Sewage Facility system must be controlled on a separate irrigation zone or zones so as to allow complete control of any irrigation to that area so that there will not be excess water that would prevent the On-Site Sewage Facilities system from operating effectively.

Sec. 6-236. Water Conservation.

All irrigation systems shall be designed, installed, maintained, altered, repaired, serviced, and operated in a manner that will promote water conservation as defined in the Definitions section of this ordinance.

Sec. 6-237. Irrigation Plan Design: Minimum Standards.

(a) An irrigator shall prepare an irrigation plan for each site where a new irrigation system will be installed. A paper or electronic copy of the irrigation plan must be on the job site at all times during the installation of the irrigation system. A drawing showing the actual installation of the system is due to each irrigation system owner after all new irrigation system installations. During the installation of the irrigation system, variances from the original plan may be authorized by the licensed irrigator if the variance from the plan does not:

(1) diminish the operational integrity of the irrigation system;
(2) violate any requirements of this ordinance; and
(3) go unnoted in red on the irrigation plan.

(b) The irrigation plan must include complete coverage of the area to be irrigated. If a system does not provide complete coverage of the area to be irrigated, it must be noted on the irrigation plan.

(c) All irrigation plans used for construction must be drawn to scale. The plan must include, at a minimum, the following information:

(1) the irrigator's seal, signature, and date of signing;
(2) all major physical features and the boundaries of the areas to be watered;
(3) a North arrow;
(4) a legend;
(5) the zone flow measurement for each zone;

(6) location and type of each:
(A) controller; and
(B) sensor (for example, but not limited to, rain, moisture, wind, flow, or freeze);
(7) location, type, and size of each:
(A) water source, such as, but not limited to a water meter and point(s) of connection;
(B) backflow prevention device;
(C) water emission device, including, but not limited to, spray heads, rotary sprinkler heads, quick-couplers, bubblers, drip, or micro-sprays;
(D) valve, including but not limited to, zone valves, master valves, and isolation valves;
(E) pressure regulation component; and
(F) main line and lateral piping.
(8) the scale used; and
(9) the design pressure.

Sec. 6-238. Design and Installation: Minimum Requirements.

(a) No irrigation design or installation shall require the use of any component, including the water meter, in a way which exceeds the manufacturer's published performance limitations for the component.
(b) Spacing.
(1) The maximum spacing between emission devices must not exceed the manufacturer's published radius or spacing of the device(s). The radius or spacing is determined by referring to the manufacturer's published specifications for a specific emission device at a specific operating pressure.
(2) New irrigation systems shall not utilize above-ground spray emission devices in landscapes that are less than 48 inches not including the impervious surfaces in either length or width and which contain impervious pedestrian or vehicular traffic surfaces along two or more perimeters. If pop-up sprays or rotary sprinkler heads are used in a new irrigation system, the sprinkler heads must direct flow away from any adjacent surface and shall not be installed closer than four inches from a hardscape, such as, but not limited to, a building foundation, fence, concrete, asphalt, pavers, or stones set with mortar.
(3) Narrow paved walkways, jogging paths, golf cart paths or other small areas located in cemeteries, parks, golf courses or other public areas may be exempted from this requirement if the runoff drains into a landscaped area.

(c) Water pressure. Emission devices must be installed to operate at the minimum and not above the maximum sprinkler head pressure as published by the manufacturer for the nozzle and head spacing that is used. Methods to achieve the water pressure requirements include, but are not limited to, flow control valves, a pressure regulator, or pressure compensating spray heads.

(d) Piping. Piping in irrigation systems must be designed and installed so that the flow of water in the pipe will not exceed a velocity of five feet per second for polyvinyl chloride (PVC) pipe.

(e) Irrigation Zones. Irrigation systems shall have separate zones based on plant material type, microclimate factors, topographic features, soil conditions, and hydrological requirements.

(f) Matched precipitation rate. Zones must be designed and installed so that all of the emission devices in that zone irrigate at the same precipitation rate.

(g) Irrigation systems shall not spray water over surfaces made of concrete, asphalt, brick, wood, stones set with mortar, or any other impervious material, such as, but not limited to, walls, fences, sidewalks, streets, etc.

(h) Master valve. When provided, a master valve shall be installed on the discharge side of the backflow prevention device on all new installations.

(i) PVC pipe primer solvent. All new irrigation systems that are installed using PVC pipe and fittings shall be primed with a colored primer prior to applying the PVC cement in accordance with the International Plumbing Code (Section 605.22.2).

(j) Rain or moisture shut-off devices or other technology. All new automatically controlled irrigation systems must include sensors or other technology designed to inhibit or interrupt operation of the irrigation system during periods of moisture or rainfall. Rain or moisture shut-off technology must be installed according to the manufacturer's published recommendations. Repairs to existing automatic irrigation systems that require replacement of an existing controller must include a sensor or other technology designed to inhibit or interrupt operation of the irrigation system during periods of moisture or rainfall.

(k) Isolation valve. All new irrigation systems must include an isolation valve between the water meter and the backflow prevention device. The isolation valve must be a ball valve and be equipped with a stainless steel handle. The ball valve must be installed within a plastic valve or meter box large enough as not to hamper operation or repair.

(l) Depth coverage of piping. Piping in all irrigation systems must be installed according to the manufacturer's published specifications for depth coverage of piping.

(1) If the manufacturer has not published specifications for depth coverage of piping, the piping must be installed to provide minimum depth coverage of six inches of select backfill, between the top of the pipe and the natural grade of the topsoil. All portions of the irrigation

system that fail to meet this standard must be noted on the irrigation plan. If the area being irrigated has rock at a depth of six inches or less, select backfill may be mounded over the pipe. Mounding must be noted on the irrigation plan and discussed with the irrigation system owner or owner's representative to address any safety issues.

(2) If a utility, man-made structure, or roots create an unavoidable obstacle, which makes the six-inch depth coverage requirement impractical, the piping shall be installed to provide a minimum of two inches of select backfill between the top of the pipe and the natural grade of the topsoil.

(3) All trenches and holes created during installation of an irrigation system must be backfilled and compacted to the original grade.

(m) Wiring irrigation systems.

(1) Underground electrical wiring used to connect an automatic controller to any electrical component of the irrigation system must be listed by Underwriters Laboratories as acceptable for burial underground.

(2) Electrical wiring that connects any electrical components of an irrigation system must be sized according to the manufacturer's recommendation.

(3) Electrical wire splices which may be exposed to moisture must be waterproof as certified by the wire splice manufacturer.

(4) Underground electrical wiring that connects an automatic controller to any electrical component of the irrigation system must be buried with a minimum of six inches of select backfill.

(n) Water contained within the piping of an irrigation system is deemed to be non-potable. No drinking or domestic water usage, such as, but not limited to, filling swimming pools or decorative fountains, shall be connected to an irrigation system. If a hose bib (an outdoor water faucet that has hose threads on the spout) is connected to an irrigation system for the purpose of providing supplemental water to an area, the hose bib must be installed using a quick coupler key on a quick coupler installed in a covered purple valve box and the hose bib and any hoses connected to the bib must be labeled "non potable, not safe for drinking." An isolation valve must be installed upstream of a quick coupler connecting a hose bib to an irrigation system.

(o) Beginning January 1, 2010, either a licensed irrigator or a licensed irrigation technician shall be on-site at all times while the landscape irrigation system is being installed. When an irrigator is not onsite, the irrigator shall be responsible for ensuring that a licensed irrigation technician is on-site to supervise the installation of the irrigation system.

(p) All new automatically controlled irrigation systems must include sensors or other technology designed to inhibit or interrupt operation of the irrigation system during periods of freezing weather.

Sec. 6-239. Completion of Irrigation System Installation.

Upon completion of the irrigation system, the irrigator or irrigation technician who provided supervision for the on-site installation shall be required to complete four items:

(1) a final "walk through" with the irrigation system's owner or the owner's representative to explain the operation of the system;

(2) The maintenance checklist on which the irrigator or irrigation technician shall obtain the signature of the irrigation system's owner or owner's representative and shall sign, date, and seal the checklist. If the irrigation system's owner or owner's representative is unwilling or unable to sign the maintenance checklist, the irrigator shall note the time and date of the refusal on the irrigation system's owner or owner's representative's signature line. The irrigation system owner or owner's representative will be given the original maintenance checklist and a duplicate copy of the maintenance checklist shall be maintained by the irrigator. The items on the maintenance checklist shall include but are not limited to:

(A) the manufacturer's manual for the automatic controller, if the system is automatic;

(B) a seasonal (spring, summer, fall, winter) watering schedule based on either current/real time evapotranspiration or monthly historical reference evapotranspiration (historical ET) data, monthly effective rainfall estimates, plant landscape coefficient factors, and site factors;

(C) a list of components, such as the nozzle, or pump filters, and other such components; that require maintenance and the recommended frequency for the service; and

(D) the statement, "This irrigation system has been installed in accordance with all applicable state and local laws, ordinances, rules, regulations or orders. I have tested the system and determined that it has been installed according to the Irrigation Plan and is properly adjusted for the most efficient application of water at this time."

(3) A permanent sticker which contains the irrigator's name, license number, company name, telephone number and the dates of the warranty period shall be affixed to each automatic controller installed by the irrigator or irrigation technician. If the irrigation system is manual, the sticker shall be affixed to the original maintenance checklist. The information contained on the sticker must be printed with waterproof ink and include:

(4) The irrigation plan indicating the actual installation of the system must be provided to the irrigation system's owner or owner representative.

Sec. 6-240. Maintenance, Alteration, Repair, or Service of Irrigation Systems.

(a) The licensed irrigator is responsible for all work that the irrigator performed during the maintenance, alteration, repair, or service of an irrigation system during the warranty period. The irrigator or business owner is not responsible for the professional negligence of any other irrigator who subsequently conducts any irrigation service on the same irrigation system.

(b) All trenches and holes created during the maintenance, alteration, repair, or service of an irrigation system must be returned to the original grade with compacted select backfill.

(c) Colored PVC pipe primer solvent must be used on all pipes and fittings used in the maintenance, alteration, repair, or service of an irrigation system in accordance with the International Plumbing Code (Section 605.22.2).

(d) When maintenance, alteration, repair or service of an irrigation system involves excavation work at the water meter or backflow prevention device, an isolation valve shall be installed, if an isolation valve is not present.

Sec. 6-241. Reclaimed Water.

Reclaimed water may be utilized in landscape irrigation systems if:
(1) there is no direct contact with edible crops, unless the crop is pasteurized before consumption;
(2) the irrigation system does not spray water across property lines that do not belong to the irrigation system's owner;
(3) the irrigation system is installed using purple components;
(4) the domestic potable water line is connected using an air gap or a reduced pressure principle backflow prevention device, in accordance with Title 30, Texas Administrative Code, Section 290.47(i) (relating to Appendices);
(5) a minimum of an eight inch by eight inch sign, in English and Spanish, is prominently posted on/in the area that is being irrigated, that reads, "RECLAIMED WATER – DO NOT DRINK" and "AGUA DE RECUPERACIÓN – NO BEBER"; and
(6) backflow prevention on the reclaimed water supply line shall be in accordance with the regulations of the city's water provider.

Sec. 6-242. Advertisement Requirements.

(a) All vehicles used in the performance of irrigation installation, maintenance, alteration, repair, or service must display the irrigator's license number in the form of "LI_____" in a contrasting color of block letters at least two inches high, on both sides of the vehicle.

(b) All forms of written and electronic advertisements for irrigation services must display the irrigator's license number in the form of "LI_____." Any form of advertisement, including business cards, and estimates which displays an entity's or individual's name other than that of the licensed irrigator must also display the name of the licensed irrigator and the licensed irrigator's license number. Trailers that advertise irrigation services must display the irrigator's license number.

(c) The name, mailing address, and telephone number of the commission must be prominently displayed on a legible sign and displayed in plain view for the purpose of addressing complaints at the permanent structure where irrigation business is primarily conducted and irrigation records are kept.

Sec. 6-243. Contracts.

(a) All contracts to install an irrigation system must be in writing and signed by each party and must specify the irrigator's name, license number, business address, current business

telephone numbers, the date that each party signed the agreement, the total agreed price, and must contain the statement, "Irrigation in Texas is regulated by the Texas Commission on Environmental Quality (TCEQ), MC-178, P.O. Box 13087, Austin, Texas 78711-3087. TCEQ's website is: www. tceq.state.tx.us." All contracts must include the irrigator's seal, signature, and date.

(b) All written estimates, proposals, bids, and invoices relating to the installation or repair of an irrigation system(s) must include the irrigator's name, license number, business address, current business telephone number(s), and the statement: "Irrigation in Texas is regulated by the Texas Commission On Environmental Quality (TCEQ) (MC-178), P.O. Box 13087, Austin, Texas 78711-3087. TCEQ's web site is: www.tceq.state.tx.us."

(c) An individual who agrees by contract to provide irrigation services as defined in Title 30, Texas Administrative Code, Section 344.30 (relating to License Required) shall hold an irrigator license issued under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations) unless the contract is a pass-through contract as defined in Title 30, Texas Administrative Code, Section 344.1(36) (relating to Definitions). If a pass-through contract includes irrigation services, then the irrigation portion of the contract can only be performed by a licensed irrigator. If an irrigator installs a system pursuant to a pass-through contract, the irrigator shall still be responsible for providing the irrigation system's owner or through contract; the irrigator shall still be responsible for providing the irrigation system's owner or owner's representative a copy of the warranty and all other documents required under this chapter. A pass-through contract must identify by name and license number the irrigator that will perform the work and must provide a mechanism for contacting the irrigator for irrigation system warranty work.

(d) The contract must include the dates that the warranty is valid.

Sec. 6-244. Warranties for Systems.

(a) On all installations of new irrigation systems, an irrigator shall present the irrigation system's owner or owner's representative with a written warranty covering materials and labor furnished in the new installation of the irrigation system. The irrigator shall be responsible for adhering to terms of the warranty. If the irrigator's warranty is less than the manufacturer's warranty for the system components, then the irrigator shall provide the irrigation system's owner or the owner's representative with applicable information regarding the manufacturer's warranty period. The warranty must include the irrigator's seal, signature, and date. If the warranty is part of an irrigator's contract, a separate warranty document is not required.

(b) An irrigator's written warranty on new irrigation systems must specify the irrigator's name, business address, and business telephone number(s), must contain the signature of the irrigation system's owner or owner's representative confirming receipt of the warranty and must include the statement: "Irrigation in Texas is regulated by the Texas Commission on Environmental Quality (TCEQ), MC-178, P.O. Box 130897, Austin, Texas 78711-3087. TCEQ's website is: www.tceq.state.tx.us."

(c) On all maintenance, alterations, repairs, or service to existing irrigation systems, an irrigator shall present the irrigation system's owner or owner's representative a written document that identifies the materials furnished in the maintenance, alteration, repair, or service. If a warranty is provided, the irrigator shall abide by the terms. The warranty document must include the irrigator's name and business contact information.

Sec. 6-245. Duties and Responsibilities of City Irrigation Inspectors.

A licensed irrigation inspector shall enforce the ordinance of the city, and shall be responsible for:
(1) verifying that the appropriate permits have been obtained for an irrigation system and that the irrigator and installer or irrigation technician, if applicable, are licensed;
(2) inspecting the irrigation system;
(3) determining that the irrigation system complies with the requirements of this chapter;
(4) determining that the appropriate backflow prevention device was installed, tested, and test results provided to the city;
(5) investigating complaints related to irrigation system installation, maintenance, alteration, repairs, or service of an irrigation system and advertisement of irrigation services; and
(6) maintaining records according to this chapter.

Sec. 6-246. Items not covered by this ordinance.

Any item not covered by their ordinance and required by law shall be governed by the Texas Occupations Code, the Texas Water Code, Title 30 of the Texas Administrative Code, and any other applicable state statute or Texas Commission on Environmental Quality rule.

Sec. 6-247. Fees.

Building permit fees shall be established by resolution of the city council.

Sec. 6-248. Irrigation systems within the public right of way.

The city shall not be held liable for any damage of any system, which results from the installation or repair of, or improvement of any street or utility. Any homeowner or irrigator who installs a lawn sprinkler system between the curb and sidewalk or elsewhere within the public right of way shall likewise hold the city harmless against any claim or injury to persons or damage to property that any member of the public may suffer by reason of installation of said lawn sprinkling system between said curb and sidewalk or within the public right of way.

Sec. 6-249. Enforcement.

(a) The city shall have the power to administer and enforce the provisions of this chapter as may be required by governing law. Any person, firm, corporation or agent who shall violate a provision of this code, or fails to comply therewith, or with any of the requirements thereof, is subject to suit for injunctive relief as well as prosecution for criminal violations. Any violation of the ordinance codified in this chapter is declared to be a nuisance.

(b) Any person violating any provision of chapter shall, upon conviction, be fined a sum not exceeding $2000.00. Each day that a provision of this chapter is violated shall constitute a separate offense. An offense under this chapter is a Class C misdemeanor, punishable by a fine of up to $2000.00.

(c) Nothing in this chapter shall be construed as a waiver of the city's right to bring a civil action

to enforce the provisions of this chapter and to seek remedies as allowed by law, including, but not limited to the following:

(1) Injunctive relief to prevent specific conduct that violates the ordinance or to require specific conduct that is necessary for compliance with the ordinance; and

(2) Other available relief.

Secs. 6-250----6-254 Reserved.

SECTION 2: That if any provision or any section of this ordinance shall be held to be void or unconstitutional, such holding shall in no way affect the validity of the remaining provisions or sections of this ordinance, which shall remain in full force and effect.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall upon conviction be subject to a fine in accordance with the general provisions of the Code of Ordianances.

SECTION 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

APPENDIX D

SERVICE REGULATIONS

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 09-22

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES OF THE CITY OF ROCKWALL IN CHAPTER 26, ARTICLE V, DIVISION 2, SERVICE REGULATIONS; PROVIDING FOR A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2000.00) FOR EACH OFFENSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall recognizes that the amount of water available to its water customers is limited; and

WHEREAS, pursuant to Chapter 54 of the Local Government Code, the City is authorized to adopt such policies necessary to preserve and conserve available water supplies; and

WHEREAS, the City seeks to adopt an ordinance pertaining to illegal water connections and theft of water.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL:

SECTION 1. That the Code of Ordinances shall be amended in Chapter 26, Article V, Division 2, which shall hereinafter read in the entirety as set forth in Exhibit "A" attached hereto made a part hereof for all purposes.

SECTION 2. That if any provision or any section of this ordinance shall be held to be void or unconstitutional, such holding shall in no way affect the validity of the remaining provisions or sections of this ordinance, which shall remain in full force and effect.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction, be subject to a fine in accordance with Section 1-7 of the General Provision of the Code of Ordinances.

SECTION 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS this 18th day of **May, 2009**.

Ord. #09-22 Water Service Regulations

"EXHIBIT A"

CHAPTER 26

ARTICLE V. WATER

DIVISION 2

SERVICE REGULATIONS

Sec. 26-131. Application for service required; who may apply; responsibility for bill.

(a) Each consumer desiring water from the City of Rockwall's water supply system shall make application. The application shall contain the purpose for which the water is desired, and shall agree to the terms and conditions upon which water will be furnished and to the rules, regulations and ordinances of the City. Upon such application being filed with the City, the applicant is authorized the use of water from the City's water system for specified purposes.

(b) No application for the use of water shall be filed by any person other than the owner, renter or duly authorized agent, and such owner, renter or authorized agent when making application, shall be liable for the fees charged for the use of water.

Sec. 26-132. Permits to be approved by the City before water is turned on.
All applications for water from the City's water system, when a new service has been installed, shall be approved by the City after inspection, before the water will be turned on.

Sec. 26-133. Permit required for taps, etc.
No new tap or new service or addition, extension or alteration of any tap or service, shall be made or caused to be made by any consumer, except through a licensed plumber or utility contractor and after obtaining a permit from the City.

Sec. 26-134. Connection permits.
Applications for permits to connect water service pipes or mains with the distribution mains shall be made to the City, together with a fee as specified in Article II of this chapter and Chapter 24, Subdivision Regulations, Article III, paid in advance to the City for inserting the service pipe or main and conveying it to the curb line. Such permit shall be the plumber or utility contractors authority for making the connection with the street service, laying pipes and doing all work necessary to make the service complete. Any application for a second permit to the same premises will be charged an equal fee for inserting the service pipe and conveying it to the curb line.

Sec. 26-135. Permit applications to be made by a licensed plumber or utility contractor.
All applications for permits required by this article shall be made only by a licensed plumber or utility contractor working for the property owner or his authorized agent.

Ord. #09-22 Water Service Regulations

Sec. 26-136. Turn-on of water restricted.
No person may knowingly cause, suffer or allow the initiation or restoration of water service to the property after termination of service(s) without the written consent of the City. For purposes of this section, it shall be assumed that the owner, occupant, or person in control of the property caused, suffered, or allowed the unlawful initiation or restoration of service(s).

Sec. 26-137. Maintenance and conservation requirements of consumer.
All consumers of water from the City's water system shall keep their service pipes and all fixtures connected in good condition and repair to prevent unnecessary waste of water.

Sec. 26-138. Shutoff of water for waste.
Where water is wasted by reason of the water fixtures and service pipe being out of order, through neglect of the consumer, agents or tenants, after notice thereof from the City, if the consumer refuses to repair such fixtures or pipe, the water shall be immediately turned off and withheld from such premises until repairs have been made.

Sec. 26-139. Consumers not to permit others to use water; penalty.
No consumer of City water shall permit any other person to use water from their tap, hydrant, faucet or other device to provide water to an additional property, except when authorized by the City. In the case of a violation of this section, the water shall be immediately turned off in addition to any other penalty otherwise provided.

Sec. 26-140. Use of water from public connections restricted.
No consumer or other person shall take water for private use from any public fire hydrant, hydrant, fountain or similar public water source without the consent of the City.

Sec. 26-141. Interference with system apparatus.
A person may not knowingly tamper, connect to, or alter any component of the City's water system including, but not limited to: valves, meters, meter boxes, lids, hydrants, lines, pump stations, ground storage tanks, and elevated tanks. This shall include direct or indirect efforts to initiate or restore water service without the approval of the City.

Ord. #09-22 Water Service Regulations

APPENDIX E

LANDSCAPE ORDINANCE

CITY OF ROCKWALL

ORDINANCE NO. 15-32

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 6 OF ARTICLE V, *DISTRICT DEVELOPMENT STANDARDS*; SECTIONS 3, 5, 6 & 7 OF ARTICLE VIII, *LANDSCAPE STANDARDS*; SECTION 7 OF ARTICLE IX, *TREE PRESERVATION*; AND TO CREATE APPENDIX F, *LANDSCAPE GUIDELINES*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the City of Rockwall's Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Section 6, *Overlay Districts*, of Article V, *District Development Standards*; Section 3, *Definitions*, Section 5, *Mandatory Provisions*, Section 6, *Landscape Credits*, and Section 7, *Completion of Landscaping*, of Article VIII, *Landscape Standards*; Section 7, *Tree Replacement Credits*, of Article IX, *Tree Preservation*; and, create Appendix F, *Landscaping Guidelines*, of the Unified Development Code [*Ordinance No. 04-38*] for the purposes of incorporating recommendations made by the *Landscape Ordinance Review Committee*; and,

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That Section 6, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'A'* of this ordinance;

Section 2. That Section 3, *Definitions*, Section 5, *Mandatory Provisions*, Section 6, *Landscape Credits*, and Section 7, *Completion of Landscaping*, of Article VIII, *Landscape Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'B'* of this ordinance;

Section 3. That Section 7, *Tree Replacement*, of Article IX, *Tree Preservation*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'C'* of this ordinance;

Section 4. That a landscape appendix should be established as Appendix F, *Landscape Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as established herein, and as specifically described in *Exhibits 'D'* of this ordinance;

Section 5. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 6. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 7TH DAY OF DECEMBER, 2015.

Section 6.6. IH-30 Overlay (IH-30 OV) District

E.2 Buffer-strip plantings. ~~***Three***~~ ***Two (2)*** canopy trees, along with four ***(4)*** accent trees shall be required per 100 feet of the IH-30 right-of-way as set out below.

E.4 Plant material selections. The following materials are recommended for planting in the buffer-strip; however, other materials may be acceptable:

Canopy trees: ***Afghan Pine, Bald Cypress,*** Bur Oak, Cedar Elm, ***Eastern Red Cedar, Homestead Elm, Lacebark Elm, Little Gem Magnolia,*** Live Oak, ***October Glory Maple,*** Red Oak, ***Texas Ash, Texas Red Oak*** ~~***Leyland Cypress***~~.

Accent trees: ***Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.*** ~~***Tree Yaupon, Red Bud, Eldarica Pine, Wax Myrtle, Ornamental Pear, Mexican Plum, Possumhaw.***~~

Section 6.7. SH-205 Overlay (SH-205 OV) District

E.2 Buffer-strip plantings. ~~***Three***~~ ***Two (2)*** canopy trees, along with four ***(4)*** accent trees shall be required per 100 feet of the SH 205 right-of-way. Canopy trees, accent trees, and shrubs as defined, along with sizes and types are included in subsections E.3 and E.4.

E.3 Plant material selections. The following materials are recommended for planting in the buffer-strip; however, other materials may be acceptable:

Canopy trees: ***Afghan Pine,*** Bur Oak, ***Caddo Maple,*** Cedar Elm, Lacebark Elm, Leyland Cypress, ***Little Gem Magnolia,*** Live Oak, ***October Glory Maple*** ~~***Red Oak***~~.

Accent trees: ***Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.*** ~~***Tree Yaupon, Red Bud, Eldarica Pine, Wax Myrtle, Ornamental Pear, Mexican Plum, Possumhaw.***~~

Section 6.8. Scenic Overlay (SOV) District

F.2 Buffer-strip plantings. ~~***Three***~~ ***Two (2)*** canopy trees, along with four ***(4)*** accent trees shall be required per 100 feet of the FM 740 right-of-way. Canopy trees, accent trees, and shrubs as defined, along with sizes and types are included in subsections F.3 and F.4.

F.4 Plant material selections. The following materials are recommended for planting in the buffer-strip; however, other materials may be acceptable:

Canopy trees: ***Afghan Pine,*** Bur Oak, ***Caddo Maple,*** Cedar Elm, Lacebark Elm, Leyland Cypress, ***Little Gem Magnolia***, Live Oak, ***October Glory Maple*** ~~***Red Oak***~~.

Accent trees: ***Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.*** ~~***Tree Yaupon, Red Bud, Eldarica Pine, Wax Myrtle, Ornamental Pear, Mexican Plum, Possumhaw.***~~

Exhibit A:

Section 6.9. SH-66 Overlay (SH-66 OV) District

F.2 Buffer-strip plantings. ~~**Three**~~ **Two (2)** canopy trees, along with four **(4)** accent trees shall be required per 100 feet of the SH 66 right-of-way. Canopy trees, accent trees, and shrubs as defined, along with sizes and types are included in subsections F.3 and F.4.

F.4 Plant material selections. The following materials are recommended for planting in the buffer-strip; however, other materials may be acceptable:

Canopy trees: **Afghan Pine,** Bur Oak, Cedar Elm, Lacebark Elm, ~~**Leyland Cypress,**~~ **Little Gem Magnolia,** Live Oak, **October Glory Maple,** Red Oak, **Texas Ash, Texas Red Oak**.

Accent trees: **Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.** ~~**Tree Yaupon, Red Bud, Eldarica Pine, Wax Myrtle, Ornamental Pear, Mexican Plum, Possumhaw.**~~

Section 6.10. 205 By-Pass Corridor Overlay (205 BY-OV) District

E.2 Buffer-strip plantings. ~~**Three**~~ **Two (2)** canopy trees, along with four **(4)** accent trees shall be required per 100 feet of the John King Blvd. right-of-way. Canopy trees, accent trees, and shrubs as defined, along with sizes and types are included in section E — (3) and (4). The area of John King Blvd. from Quail Run Road to SH 205 North shall include an average of one cedar tree for each 100 feet of frontage planted in clusters of three to five trees.

E.4 Plant material selections. The following materials are recommended for planting in the buffer-strip; however, other materials may be acceptable:

Canopy trees: **Afghan Pine, Bald Cypress,** Bur Oak, Cedar Elm, **Eastern Red Cedar, Homestead Elm,** Lacebark Elm, ~~**Leyland Cypress,**~~ **Little Gem Magnolia,** Live Oak, **October Glory Maple**, Red Oak, **Texas Ash, Texas Red Oak**.

Accent trees: **Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.** ~~**Tree Yaupon, Red Bud, Eldarica Pine, Wax Myrtle, Ornamental Pear, Mexican Plum, Possumhaw.**~~

Section 6.11. North SH-205 Corridor Overlay (N-SH 205 OV) District

E.2 Buffer-strip plantings. ~~**Three**~~ **Two (2)** canopy trees, along with four **(4)** accent trees shall be required per 100 feet of the SH 205 right-of-way. Canopy trees, accent trees, and shrubs as defined, along with sizes and types are included in section E — (3) and (4).

E.4 Plant material selections. The following materials are recommended for planting in the buffer-strip; however, other materials may be acceptable:

Canopy trees: **Afghan Pine,** Bur Oak, **Caddo Maple,** Cedar Elm, Lacebark Elm, Leyland Cypress, **Little Gem Magnolia,** Live Oak, **October Glory Maple** ~~**Red Oak**~~.

Accent trees: **Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye,**

Possumhaw Holly, Shangtung Maple, Yaupon Holly. ~~***Tree Yaupon, Red Bud, Eldarica Pine, Wax Myrtle, Ornamental Pear, Mexican Plum, Possumhaw.***~~

Section 6.12. East SH-66 Corridor Overlay (E-SH 66 OV) District

E.2 Buffer-strip plantings. ~~***Three***~~ ***Two (2)*** canopy trees, along with four ***(4)*** accent trees shall be required per 100 feet of the East SH 66 right-of-way. Canopy trees, accent trees, and shrubs as defined, along with sizes and types are included in section E — (3) and (4). The East SH 66 Corridor Overlay shall include an average of one cedar tree for each 100 feet of frontage planted in clusters of three to five trees.

E.4 Plant material selections. The following materials are recommended for planting in the buffer-strip; however, other materials may be acceptable:

Canopy trees: ***Afghan Pine,*** Bur Oak, ***Caddo Maple,*** Cedar Elm, Lacebark Elm, Leyland Cypress, ***Little Gem Magnolia,*** Live Oak, ***October Glory Maple*** ~~***Red Oak***~~.

Accent trees: ***Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.*** ~~***Tree Yaupon, Red Bud, Eldarica Pine, Wax Myrtle, Ornamental Pear, Mexican Plum, Possumhaw.***~~

Section 6.13. FM-549 Corridor Overlay (FM-549 OV) District

E.2 Buffer-strip plantings. ~~***Three***~~ ***Two (2)*** canopy trees, along with four ***(4)*** accent trees shall be required per 100 feet of the FM 549 right-of-way. Canopy trees, accent trees, and shrubs as defined, along with sizes and types are included in section E — (3) and (4). The area of the FM 549 Corridor Overlay from Airport Road to SH 66 shall include an average of one cedar tree for each 100 feet of frontage planted in clusters of three to five trees.

E.4 Plant material selections. The following materials are recommended for planting in the buffer-strip; however, other materials may be acceptable:

Canopy trees: ***Afghan Pine, Bald Cypress,*** Bur Oak, ***Caddo Maple,*** Cedar Elm, ***Lacebark Elm, Leyland Cypress, Little Gem Magnolia,*** Live Oak, ***October Glory Maple,*** Red Oak, ***Texas Ash, Texas Red Oak***.

Accent trees: ***Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.*** ~~***Tree Yaupon, Red Bud, Eldarica Pine, Wax Myrtle, Ornamental Pear, Mexican Plum, Possumhaw.***~~

Section 6.14. SH-276 Corridor Overlay (SH-276 OV) District

E.2 Buffer-strip plantings. ~~***Three***~~ ***Two (2)*** canopy trees, along with four ***(4)*** accent trees shall be required per 100 feet of the SH 276 right-of-way. Canopy trees, accent trees, and shrubs as defined, along with sizes and types are included in section E — (3) and (4).

E.4 Plant material selections. The following materials are recommended for planting in the buffer-strip; however, other materials may be acceptable:

Canopy trees: ***Afghan Pine, Bald Cypress,*** Bur Oak, Cedar Elm, ***Eastern Red Cedar, Homestead Elm, Lacebark Elm, Little Gem Magnolia,*** Live Oak, ***October Glory Maple,***

Exhibit B:
Article VIII, Landscape Standards,
of the Unified Development Code

Article VIII. Landscape Standards

Section 3. Definitions

***Xeriscaping* means type of landscaping design that uses a combination of native plants and grasses, approved hardscapes and drought tolerant ground covers and planting materials for the purpose of conserving water and protecting the local environment.**

Section 5 Mandatory Provisions
Section 5.3. Acceptable Landscape Materials

A. No artificial plant materials may be used to satisfy the requirements of this article.

B. Plant materials used to satisfy the requirements of this article must comply with the following minimum size requirements at the time of installation:

- ☑ Large trees must have a minimum caliper of three inches, or a minimum height of six feet, depending on the standard measuring technique for the species.
- ☑ **Shrubs shall be a minimum of three (3) gallons in size.**

C. For purposes of this section, "height" is measured from the root crown or, if the plant is in a container, from the soil level in the container.

D. In satisfying the landscaping requirements of this article, the use of high-quality, hardy plant materials on the approved plant list below is recommended and encouraged. Plants found on the disapproved plant list below shall not be placed within the right-of-way or within the required building setback along a street.

(Ord. No. 06-14, 4-17-2006)

E. As an alternative, the xeriscaping standards in Section 5.10 of this Article have been adopted to encourage new and existing developments to implement landscaping standards targeted at reducing water usage by using drought tolerant plantings and plans.

F. Trees allowed in street landscape buffer areas. The following trees are allowed within the street landscape buffers along public streets:

1. ***Afghan Pine.***
2. Bald Cypress.
3. Burr Oak.
4. ***Caddo Maple.***
5. Cedar Elm.
6. Chinquapin Oak.
7. ***Eastern Red Cedar.***
8. Homestead Elm.
9. Lace Bark Elm.
10. ***Leyland Cypress.***
11. ***Little Gem Magnolia.***
12. Live Oak.
13. October Glory Maple.

Exhibit B:
Article VIII, Landscape Standards,
of the Unified Development Code

D. The areas adjacent to the required screening wall, or areas adjacent to a public street or right-of-way, shall be maintained by the property owner in a clean and orderly condition, free of debris and trash in accordance with the applicable codes of the city.

Section 5.10. ~~***Deleted.***~~ ***Xeriscaping Standards.***

A. *Purpose.* The purpose of this section is to promote the establishment of water conscious landscaping through the implementation of xeriscaping principles. Additionally, this section is intended to provide an alternative to the typical landscape requirements for commercial properties.

B. *Principles.* All xeriscaping plans submitted to the city should demonstrate conformance with the following principles:

1. *Planning and Design.* Landscape designs and plans should take into account the regional and microclimatic conditions of the site, its existing vegetation and topographical conditions, the intended use, and the zoning (*i.e. vegetation zone*) of plant materials according to their unique water needs. Plans should take into account the various heights of landscaping materials. If the landscape plan is proposed in phases, to account for optimum planting times, all future phases should be included on the submitted landscape plan. In reviewing plans to ensure proper site planning and design, staff shall ensure that the plan: 1) preserves and protects existing vegetation, 2) preserves and protects topsoil, 3) stabilizes and covers all bare soil areas, and 4) incorporates energy/water conservation.

2. *Soil Improvement.* Since soil tends to vary from site to site all soil should be analyzed to determine what plants are suitable to include on the landscape plan and if any soil amendments are required. Soil may require additional organic material be added to ensure the continued health of plants.

3. *Appropriate Plant Selection.* Plant selection should be based on the plant's adaptability to the existing site conditions and need for supplemental watering. Most xeriscape plants will not require supplemental watering. In selecting plant materials, mature plants and shrubs should be used to ensure establishment after installation. A list of plants that are native and acceptable within the City of Rockwall has been provided in Appendix F, *Recommended Plantings*, of the Unified Development Code; however, staff may approve alternate plantings if they are deemed appropriate for the site. In reviewing plans for conformance to this principle staff will consider the: 1) diversity of the plant species being proposed, 2) size, maturity and water requirements of the selected plantings, and 3) variation of height, spread and color.

4. *Practical Turf Areas.* The type and location of turf areas are considered to be a major design element in xeriscape plans. Turf in this case involves typical varieties of Bermuda, St. Augustine, Ryegrass blends, etc. The maintenance needs of turf can be minimized by the shape, area, irrigation equipment, and turf type selected. Drainage areas and sloped areas are especially suited to the use of native grasses as opposed to turf. In reviewing plans to ensure that the turf areas being proposed are practical staff will review: 1) the design of the turf areas [*with rounded, compact turf areas being more efficient*], 2) turf areas should be designed to be on a separate zone from other landscaping, 3) turf should be appropriate for the selected location, 4) turf should be avoided on

slopes and drainage areas in favor of native grasses, and 5) minimize turf areas by using native grasses, hardscape elements and alternatives.

5. ***Efficient Irrigation.*** **All landscaping is required to have an irrigation system that is designed by a licensed irrigator. Additionally, all irrigation systems should be designed to be water efficient utilizing low-flow irrigation equipment. The plan should show that turf areas should be watered separately, and plants should be grouped in separate zones based on water need. Finally, all irrigation systems are required to be maintained in proper working order.**
6. ***Use of Mulches.*** **Mulches minimize evaporation, reduce weed growth, slow erosion and help maintain soil temperature. In reviewing the use of mulches in xeriscape plans staff shall ensure: 1) the use of a deep layer of mulch in planting beds [*typically 3-4 inches*] is utilized, and 2) mulches should be locally or regionally derived materials. Additionally, mulches may include the use of pea gravel, crushed granite, rock or pebbles in unplanted areas.**
7. ***Appropriate Maintenance.*** **Proper pruning, weeding and fertilization as required with all landscape plans shall be required. Typically, xeriscape plans require less maintenance, fertilizer and other chemicals and pesticides.**

C. *Standards.*

1. **If approved with a Landscape Plan native grasses shall be exempt from the rules and requirements of Section 16-43, *Weeds, Brush and Grass*; however, the grass should be maintained to a height typical for the particular native grass.**
2. **Drainage or detention areas that utilize native grasses in lieu of turf shall be exempt from the requirements stipulated by Section 5.12.C (*i.e. one [1] tree per every 750 square feet of dry land area*). Instead, a shrub or ornamental grass per every 1,500 square feet of dry land area shall be required to be planted on the site or around the detention area.**
3. **A maximum of 30% mulches or hardscape is permitted to be incorporated into all xeriscape plans. This may be increased by the Planning & Zoning Commission if deemed appropriate and necessary for the proposed plan.**

D. *Approval of Xeriscape Plans.* **All xeriscape plans shall require approval by the Planning & Zoning Commission, upon a recommendation by staff concerning conformance to the requirements of this section, at the time of site plan approval.**

~~(Ord. No. 06-14, 4-17-2006)~~

Section 6 Landscape Credits
Section 6.4 Credit for Xeriscaping.

The overall landscaping requirement may be reduced by 2.5 percent when the Planning Director or his/her designee determines that the standards stipulated by Section 5.10, *Xeriscaping Standards*, of this Article have been satisfied.

Section 7. Completion of Landscaping
Section 7.1. In Accordance with Approved Plans.

Except as otherwise provided in Subsection 7.2, all landscaping must be completed in accordance with the approved landscape plan before a Certificate of Occupancy may be

Exhibit B:
Article VIII, Landscape Standards,
of the Unified Development Code

issued for any building on the lot. ***; however, during drought or water emergency response stages the Director of Planning and Zoning or his designee can grant an applicant permission to delay the installation of required landscaping (independent of Subsection 7.2) upon receipt of a letter from the applicant stating that the landscaping will be installed by a specific date that is within a reasonable time period not to exceed six (6) months. The Director of Planning and Zoning may extend the agreement for successive terms if the City is still under drought or water emergency response stages.***

Exhibit C:

APPENDIX F. LANDSCAPING GUIDELINES & REQUIREMENTS

TABLE OF CONTENTS

Section F.1. Introduction
Section F.2. District Landscaping Requirements.
Section F.3. Tree Planting Guidelines & Requirements.
Section F.4. Recommended Tree Varieties (*Canopy and Accent*)
Section F.5. Recommended Shrub Varieties
Section F.6. Recommended Grass Varieties
Section F.7. Alternative Plantings List

F.1. INTRODUCTION.

These guidelines were drafted by the citizens and local experts for the purpose of outlining the requirements of Article VIII, *Landscape Standards*, of the Unified Development Code, and to provide guidelines for plantings that are appropriate within the City of Rockwall.

F.2. PURPOSE.

The purpose of the following appendix is to provide a general reference guide for meeting the requirements of Article VIII, *Landscape Standards*, of the Unified Development Code. This appendix is not intended to be a comprehensive list of all plant materials that can be utilized for development within the City of Rockwall. The Director of Planning or his designee can approve a landscape plan that includes tree, shrub, and grass varieties not indicated in this appendix upon a finding that the proposed planting is appropriate for the development.

F.4. RECOMMENDED TREE VARIETIES (CANOPY AND ACCENT TREES).

The following information concerning the City's recommended trees was obtained from the Texas A&M Forest Service, *Texas Tree Planting Guide* and all illustrations were provided courtesy of Texas A&M Forest Service *Copyright by Robert O'Brien.*

Afghan Pine

Latin Name: Pinus Eldarica
Secondary Names: Eldarica Pine, Mondel Pine

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *35' to 50'*
- ✓ Leaf Type: *Evergreen*
- ✓ Growth Rate: Rapid
- ✓ Native: Afghanistan and Central Asia
- ✓ Soil Needs: Requires Well Drained, Dry Soils
- ✓ Tolerances: Salty Soil, Drought, Alkaline Soils [*PH > 7.5*]
- ✓ Features: Soft, Green Needles form a Dense Canopy
- ✓ Uses: Screening and Windbreaks
- ✓ Firewise: No
- ✓ Issues: The pine tip moth can kill new shoots and ruin the shape of the tree. The tree is not tolerant of wet sites.
- ✓ Similar Species: Aleppo Pine (*Pinus Halapensis*)

Bald Cypress

Latin Name: Taxodium Distichum
Secondary Names: Baldcypress

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *50' to 70'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Moderate
- ✓ Native: Texas
- ✓ Soil Needs: Will Grow in a Variety of Soils
- ✓ Tolerances: Drought and Poorly Drained Sites
- ✓ Features: Deciduous Conifer with Feather-Like Leaves, Round Seed Balls, and Fibrous Bark
- ✓ Uses: Detention Areas and Poorly Drained Areas
- ✓ Firewise: Yes
- ✓ Issues: Woody 'Knees' and Bagworms
- ✓ Similar Species: Montezuma Balcypress (*Taxodium Mucronatum*)

Bur Oak

Latin Name: Quercus Macrocarpa
Secondary Names: Mossy Cup Oak

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *40' to 60'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Moderate to Rapid
- ✓ Native: Texas
- ✓ Soil Needs: Adaptable, Prefers Deeper Soil
- ✓ Tolerances: Salty Soil, Drought, Alkaline Soils [*PH > 7.5*]
- ✓ Features: Unique Leaf Shape, Largest Acorn of any Oak
- ✓ Uses: Drought Tolerant Tree
- ✓ Firewise: Yes
- ✓ Issues: Acorns and leaves can create significant clean-up.
- ✓ Similar Species: White Oak (Quercus Alba)

CITY OF ROCKWALL PAGE 3 APPENDIX F: LANDSCAPING GUIDELINES

Exhibit 'D'
Appendix F, Landscape Guidelines,
of the Unified Development Code

APPENDIX F. LANDSCAPING GUIDELINES & REQUIREMENTS

Caddo Maple

Latin Name: Acer saccharum 'Caddo'
Secondary Names: Eldarica Pine, Mondel Pine

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *50' to 60'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Slow to Medium
- ✓ Native: Texas
- ✓ Soil Needs: Adaptable
- ✓ Tolerances: Rocky & Alkaline Soils and Drought Tolerant
- ✓ Features: Medium tree with a rounded appearance, dark green foliage that changes to a golden color in the fall
- ✓ Firewise: Yes
- ✓ Issues: Availability
- ✓ Similar Species: Sugar Maple (A. saccharum)

Cedar Elm

Latin Name: Ulmus Crassifolia
Secondary Names: Texas Elm

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *70' to 90'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Moderate
- ✓ Native: Texas
- ✓ Soil Needs: Alkaline Adaptable
- ✓ Tolerances: Drought and Very High Heat
- ✓ Features: Lustrous Dark Green Leaves that are Stiff and Rough to the Touch
- ✓ Uses: Generally a Landscape Tree, Parking Lot/Street Tree
- ✓ Firewise: Yes
- ✓ Issues: Aphids, Minor Leaf Beetle & Dutch Elm Disease
- ✓ Similar Species: Winged Elm (*Ulmus Alata*)

Chinquapin Oak

Latin Name: Quercus Muehlenbergii
Secondary Names: Chinkapin Oak

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *40' to 50'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Slow to Moderate
- ✓ Native: Texas
- ✓ Soil Needs: Adaptable, Alkaline Soils
- ✓ Tolerances: Drought and Very High Heat
- ✓ Features: Yellow-Green Leaves w/ Small Acorns (~3/4" Long)
- ✓ Uses: Shade Tree
- ✓ Firewise: Yes
- ✓ Issues: Sensitive root system; as little as 1" of fill dirt can hurt the tree.
- ✓ Similar Species: Swamp Chestnut Oak (Quercus Michauxii)

Eastern Red Cedar

Latin Name: Juniperus virginiana var. virginiana
Secondary Names: Pencil Cedar

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *30' to 50'*
- ✓ Leaf Type: *Evergreen*
- ✓ Growth Rate: Medium
- ✓ Native: Eastern North America
- ✓ Soil Needs: Acidic, Alkaline, Loamy, Well-Drained and Clay
- ✓ Tolerances: Drought, Erosion, Dry Soil, Shallow Rocky Areas
- ✓ Features: Scale-like evergreen leaves compacted to form rounded 4-sided branclets.
- ✓ Uses: Windbreaks and Fence Rows, Screening Tree
- ✓ Firewise: No
- ✓ Issues: Cedar apple rust and bagworms.
- ✓ Similar Species: Southern redcedar (Juniperus virginiana var. silicicola) and Rocky Mountain juniper (J. scopulorum)

Homestead Elm

Latin Name: Ulmus 'Homestead'
Secondary Names: N/A

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *50' to 60'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Rapid
- ✓ Native: Texas
- ✓ Soil Needs: Adaptable
- ✓ Tolerances: Drought and Very High Heat
- ✓ Features: Dark green leaves that turn bleach yellow in the fall and greenish tiny multi flowered pendulous racemes in spring.
- ✓ Uses: Shade Tree
- ✓ Firewise: Yes
- ✓ Issues: Resistant to Dutch Elm Disease but Susceptible to Elm Leaf Beatle.
- ✓ Similar Species: N/A. The Homestead Elm is a Hybrid

Lacebark Elm

Latin Name: Ulmus Parvifolia
Secondary Names:

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *35' to 50'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Rapid
- ✓ Native: China, Japan and Korea
- ✓ Soil Needs: Adaptable, Prefers Well Drained Soils
- ✓ Tolerances: Drought, Alkaline Soils (*PH > 7.5*)
- ✓ Features: Variable fall color; interesting bark texture.
- ✓ Firewise: Yes
- ✓ Issues: Requires pruning to develop a strong branch structure.
- ✓ Similar Species: Siberian Elm (*Ulmus Pumila*) and Japanese Zelkova (*Zelkova Serrata*)

Leyland Cypress

Latin Name: x Cupressocyparis leylandii
Secondary Names: Cypress

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *60' to 70'*
- ✓ Leaf Type: *Evergreen*
- ✓ Growth Rate: Rapid
- ✓ Native: England and Europe
- ✓ Soil Needs: Adaptable
- ✓ Tolerances: Drought and Poor Soil
- ✓ Features: Deciduous Conifer with Feather-Like Leaves, Round Seed Balls, and Fibrous Bark
- ✓ Uses: Screening, Windbreaks, and Non-Residential Landscaping
- ✓ Firewise: No
- ✓ Issues: Bagworms and Spider mites
- ✓ Similar Species: Montezuma baldcypress (Taxodium mucronatum)

Little Gem Magnolia

Latin Name: Magnolia grandiflora 'Little Gem'
Secondary Names: Large-Flowered Magnolia

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *15' to 20'*
- ✓ Leaf Type: *Evergreen*
- ✓ Growth Rate: Moderate
- ✓ Native: Southeast United States
- ✓ Soil Needs: Well Drained Soil
- ✓ Tolerances: Moderate Drought, Salt and Soil Variation
- ✓ Features: Large leathery, dark green and glossy leaves with cup shaped, white flowers and oval aggregation of seed pods 3"-4" long.
- ✓ Uses: Shade and Landscape Tree
- ✓ Firewise: Yes
- ✓ Issues: No Major Problems
- ✓ Similar Species: Sweetbay magnolia (Magnolia virginiana)

Live Oak

Latin Name: Quercus Virginiana
Secondary Names: Coast Live Oak, Southern Live Oak

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *40' to 50'*
- ✓ Leaf Type: *Evergreen/Semi Evergreen*
- ✓ Growth Rate: Moderately Fast
- ✓ Native: Texas
- ✓ Soil Needs: Adaptable, Acidic, Alkaline, Clay, Loamy and Well Drained
- ✓ Tolerances: Drought and Very High Heat
- ✓ Features: Green to dark green leaves with small acorns about ¾-inch long and borne singly or in clusters up to five.
- ✓ Firewise: Yes
- ✓ Issues: Leaf Blister and Fungal Gall
- ✓ Similar Species: Texas live oak (Quercus fusiformis)

APPENDIX F: LANDSCAPING GUIDELINES PAGE 6 CITY OF ROCKWALL

APPENDIX F. LANDSCAPING GUIDELINES & REQUIREMENTS

October Glory Maple

Latin Name: Acer rubrum 'October Glory'
Secondary Names:

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *40' to 50'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Moderate to Rapid
- ✓ Native: North America
- ✓ Soil Needs: Adaptable; Prefers Slightly Acidic Soil
- ✓ Tolerances: Moderate Drought Tolerance
- ✓ Features: Soft, Green Needles form a Dense Canopy
- ✓ Uses: Shade Tree
- ✓ Firewise: Yes
- ✓ Issues: Aphids and Leaf Scorch
- ✓ Similar Species: Chalk maple (Acer leucoderme)

Pecan

Latin Name: Carya illinoinensis
Secondary Names: Pecan Hickory

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *50' to 70'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Moderate
- ✓ Native: Texas
- ✓ Soil Needs: Adaptable, Prefers Deep Moist Soil
- ✓ Tolerances: Drought, Salty Soil, Poorly Drained Soil, Alkaline Soils [*PH>7.5*]
- ✓ Features: Nuts are in important wildlife food; mature crown is open and airy.
- ✓ Uses: Generally a Landscape Tree
- ✓ Firewise: Yes
- ✓ Issues: Aphids, Brittle Wood; Susceptible to Insects
- ✓ Similar Species: Water hickory (Carya aquatica) & black walnut (Juglans nigra)

Red Oak

Latin Name: Quercus Falcata
Secondary Names: Southern Red Oak

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *30' to 55'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Rapid
- ✓ Native: Texas
- ✓ Soil Needs: Avoid PH>7.5; Any Texture; Prefers Good Drainage
- ✓ Tolerances: Drought and Very High Heat
- ✓ Features: Young Trees Have 'Candleabra' Shape; Fall Color is Organge to Deep Red
- ✓ Firewise: Yes
- ✓ Issues: Oak Wilt
- ✓ Similar Species: Black oak (Quercus velutina)

Texas Ash

Latin Name: Fraxinus texensis
Secondary Names: Mountain Ash

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *35' to 50'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Rapid (but Variable)
- ✓ Native: East and Central Texas
- ✓ Soil Needs: Adaptable
- ✓ Tolerances: Drought and Very High Heat
- ✓ Features: Medium sized tree with green or purple flowers and small woody winged samara in long panicles.
- ✓ Firewise: Yes
- ✓ Issues: Poor Drainage Leads to Root Diseases
- ✓ Similar Species: Carolina ash (Fraxinus caroliniana) and Gregg ash (F. greggii)

Texas Red Oak

Latin Name: Quercus buckleyi
Secondary Names: Buckley Oak, Texas Red Oak, Spanish Oak

- ✓ City Tree Classification: *Canopy Tree*
- ✓ Mature Height: *30' to 55'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Rapid
- ✓ Native: Central Texas
- ✓ Soil Needs: Alkaline Adaptable
- ✓ Tolerances: Drought and Very High Heat
- ✓ Features: Medium tree with reddish-brown catkins/acorns and slender, dark green leaves that turn red in the fall.
- ✓ Firewise: Yes
- ✓ Issues: Oak Wilt
- ✓ Similar Species: Shumard oak (Quercus shumardii)

Desert Willow

Latin Name: Chilopsis Linearis
Secondary Names: Desert-Willow

- ✓ City Tree Classification: *Accent Tree*
- ✓ Mature Height: *15' to 20'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Medium
- ✓ Native: West Texas
- ✓ Soil Needs: Adaptable, Acidic, Loamy and Well Drained Soil
- ✓ Tolerances: Drought and Very High Heat
- ✓ Features: Multi-Trunked, Well Branched and Thick Growth
- ✓ Uses: Primarily a Landscape Tree; Xeriscaping
- ✓ Firewise: Yes
- ✓ Issues: Susceptible to Alternaria Leaf Spot
- ✓ Similar Species: Flowering Willow, Willowleaf Catalpa, Desert Catalpa, Flor de Mimbre, Mimbre, Bow Willow

Downy Hawthorn

Latin Name: Crataegus mollis
Secondary Names: A Variety Of Common Names Often Ending In "Haw" – Are Used For the Individual Hawthorn Species

- ✓ City Tree Classification: *Accent Tree*
- ✓ Mature Height: *20' to 30'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Slow
- ✓ Native: Eastern and Central United States and Canada
- ✓ Soil Needs: Requires Well Drained, Dry Soils
- ✓ Tolerances: Dry Soil and Drought
- ✓ Features: Small tree with clusters of white flowers and bright red berry fruit.
- ✓ Uses: Landscaping
- ✓ Firewise: Yes
- ✓ Issues: Susceptible to Several Leaf Diseases
- ✓ Similar Species: River birch (Betula nigra) & Gum Bully (Sideroxylon lanuginosum)

Eastern Redbud

Latin Name: Cercis canadensis var. canadensis
Secondary Names: Judas-Tree

- ✓ City Tree Classification: *Accent Tree*
- ✓ Mature Height: *20' to 30'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Medium
- ✓ Native: East Texas
- ✓ Soil Needs: Alkaline, Acidic, Loamy, Sandy and Well Drained
- ✓ Tolerances: Clay Soils and Very High Heat
- ✓ Features: Small tree with pink and purple, rose-purple or white blooms and small flattened pods with brown seeds.
- ✓ Uses: Wildlife and Landscaping
- ✓ Firewise: Yes
- ✓ Issues: Leaf Spots, Dieback/Canker, and Verticillium Wilt
- ✓ Similar Species: Redbud

Eve's Necklace

Latin Name: Sophora affinis
Secondary Names: Texas Sophora, Eve's-Necklacepod

- ✓ City Tree Classification: *Accent Tree*
- ✓ Mature Height: *15' to 35'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Fast (*Generally Slows at 15'*)
- ✓ Native: Central Texas
- ✓ Soil Needs: Alkaline Adaptable
- ✓ Tolerances: Very High Heat
- ✓ Features: Small tree with pale to rosy pink flowers that bloom in the spring and long black segmented seedpods.
- ✓ Uses: Landscape Tree
- ✓ Firewise: Yes
- ✓ Issues: No Problems Reported
- ✓ Similar Species: Black locust (Robinia pseudoacacia)

CITY OF ROCKWALL PAGE 9 APPENDIX F. LANDSCAPING GUIDELINES

Mexican Buckeye

Latin Name: Ungnadia Speciosa
Secondary Names:

- ✓ City Tree Classification: *AccentTree*
- ✓ Mature Height: *15' to 30'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Moderate
- ✓ Native: Texas
- ✓ Soil Needs: Neutral Alkaline
- ✓ Tolerances: Drought, Alkaline Soils [*PH > 7.5*]
- ✓ Features: Pink flowers appear with new leaves; brown fruit husks remain through winter.
- ✓ Uses: Generally a Landscape or Specimen Tree
- ✓ Firewise: Yes
- ✓ Issues: Requires pruning to develop one or more trunks.
- ✓ Similar Species: Monillo, Mona, Texas Buckeye, Spanish Buckeye, False Buckeye, Canyon Buckeye

Possumhaw Holly

Latin Name: Ilex Decidua
Secondary Names: Possumhaw (Deciduous Holly)

- ✓ City Tree Classification: *Accent Tree*
- ✓ Mature Height: *8' to 10' (Occasionally 20')*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Slow
- ✓ Native: Texas
- ✓ Soil Needs: Adaptable
- ✓ Tolerances: Drought, Poorly Drained Sites, Alkaline Soils [*PH>7.5*]
- ✓ Features: Orange or red berries on gray branches.
- ✓ Uses: Generally a Landscape Tree and Detention Tree
- ✓ Firewise: Yes
- ✓ Issues: Thin Bark Susceptible to Injury
- ✓ Similar Species: Bearberry, Meadow Holly, Prairie Holly, Swamp Holly, Welk Holly, Winterberry

Shantung Maple

Latin Name: Acer truncatum
Secondary Names: Shandong Maple, Purpleblow Maple

- ✓ City Tree Classification: *Accent Tree*
- ✓ Mature Height: *25' to 35'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Rapid
- ✓ Native: Northern China
- ✓ Soil Needs: Loam, Sandy and Clay (Adaptable)
- ✓ Tolerances: Moderate Drought
- ✓ Features: Medium sized tree with dark green, glossy leaves that change to yellow orange/bright red in the fall.
- ✓ Firewise: No
- ✓ Issues: Leaf Spot and Leaf Scorch
- ✓ Similar Species: Japanese Maples

Flameleaf Sumac

Latin Name: Rhus lanceolata
Secondary Names: Prairie Sumac, Prairie Flameleaf Sumac

- ✓ City Tree Classification: *Accent Tree*
- ✓ Mature Height: *40' to 50'*
- ✓ Leaf Type: *Deciduous*
- ✓ Growth Rate: Moderate
- ✓ Native: Texas
- ✓ Soil Needs: Neutral Alkaline
- ✓ Tolerances: Drought, Alkaline Soils (*PH > 7.5*)
- ✓ Features: Compound leaves turn bright red in fall; white flower spikes bear red clusters of berries.
- ✓ Uses: Generally a Landscape Tree
- ✓ Firewise: Yes
- ✓ Issues: Requries pruning to develop one or more trunks.
- ✓ Similar Species: Texas Sumac, Lance-Leaved Sumac, Limestone Sumac and Prairie Shining Sumac

Yapon Holly

Latin Name: Ilex vomitoria
Secondary Names: Yaupon, Cassina

- ✓ City Tree Classification: *Accent Tree*
- ✓ Mature Height: *10' to 20'*
- ✓ Leaf Type: *Evergreen*
- ✓ Growth Rate: Slow
- ✓ Native: Southeast United States (Texas)
- ✓ Soil Needs: Well Drained, Sandy, Loamy, Clay and Limestone
- ✓ Tolerances: Drought and Very High Heat
- ✓ Features: Small tree with inconspicuous light green blooms and red berry like drupe.
- ✓ Uses: Landscape Tree
- ✓ Firewise: Yes
- ✓ Issues: Aphids, Minor Leaf Beetle & Dutch Elm Disease
- ✓ Similar Species: Evergreen Cassena, Emetic Holly, Indian Black Drink

p.11 **2.** Lyme Disease Awareness Month

p.13 **3.** National Safe Boating Week

p.15 **4.** Older Americans Month

VIII. OPEN FORUM

IX. CONSENT AGENDA

p.17 **1.** Consider approval of the minutes from the April 15, 2019 regular city council meeting, and take any action necessary.

p.35 **2.** **Z2019-007** - Consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of an **ordinance** for a Specific Use Permit (SUP) allowing outdoor commercial amusement/recreation in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary **(2nd Reading)**.

p.41 **3.** **Z2019-008** - Consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of an **ordinance** for a PD Development Plan amending Ordinance No. 17-64 and in accordance with Ordinance No. 17-22, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary **(2nd Reading**).

p.52 **4.** Consider authorizing the City Manager and subcommittee to begin planning work with local Arts and Historical organizations related to hotel occupancy tax projects, and take any action necessary.

p.55 **5.** Consider authorizing the City Manager to execute an interlocal agreement with Dallas County for Law Enforcement Sharing via the Dallas County Adult Information System for use by Rockwall Fire Department when conducting fire investigations, and take any action necessary.

p.68 **6.** **P2019-018** - Consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of a replat for the Park Place West, Phase III Addition containing 85 single-family lots on a 24.439-acre tract of land being located in the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 59 (PD-59) for Single-Family 7 (SF-7) District land uses, generally located at the terminus of Park Place Boulevard, and take any action necessary.

p.76 **7.** **P2019-019** - Consider a request by Mike Samples for the approval of a final plat for Lot 11, Block A, 205 Business Park Addition being a 1.50-acre tract of land identified as Tract 2-16 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 125 National Drive, and take any action necessary.

p.82 **8.** Consider approval of a Hotel Occupancy Tax subcommittee recommendation for funding $1,400 for the Rockwall Area Chamber of Commerce bid for the TCCE conference, and take any action necessary.

p.94 **9.** Consider approval of a resolution authorizing an update to the impact fee program for roadway, water, and wastewater facilities and appointing a Capital Improvements Advisory Committee (CIAC), and take any action necessary.

p.98 **10.** Consider approval of the professional engineering services contract for Birkhoff, Hendricks and Carter, L.L.P.to perform the engineering design services and specifications for the Turtle Cove and Windmill Ridge Sanitary Sewer Rehabilitation Project in an amount not to exceed $79,420., to be funded by the General Engineering Services Budget, and take any action necessary.

p.118 **11.** Consider a resolution denying approval of an amendment to the Distribution Cost Recovery Factor increase in distribution rates filed by Oncor Electric Delivery, approving cooperation with the Steering Committee of Cities served by Oncor to evaluate the filing, to negotiate with Oncor on the City's behalf, and take any action necessary.

X. APPOINTMENT ITEMS

p.123 **1.** Appointment with the city's Youth Advisory Council (YAC) to hear year-end program report and to recognize graduating high school seniors, and take any action necessary.

XI. ACTION ITEMS

p.125 **1.** **Z2019-006** - Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of an **ordinance** for a Specific Use Permit (SUP) allowing a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and, Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary **(2nd Reading).**

p.135 **2.** Discuss and consider granting permission for an alcohol waiver associated with the City's May 18, 2019 Founders Day Festival at Harry Myers Park in accordance with Chapter 30, Article I, Sec. 30 -2, "Regulated Activities in Parks" of the Code of Ordinances, and take any action necessary.

p.137 **3.** Discuss and consider submitting two nominees for a possible award for an outstanding senior who is making a difference in our senior community at the request of Meals on Wheels Senior Services, and take any action necessary.

XII. CITY MANAGER'S REPORT, DEPARTMENTAL REPORTS AND RELATED DISCUSSIONS PERTAINING TO CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports

p.140 Building Inspections Monthly Report - March 2019

p.153 Fire Department Monthly Report - March 2019

p.166 Meals on Wheels Senior Services Quarterly Report
p.168 Police Department Monthly Activity Report - March 2019
p.171 Recreation Monthly Report - March 2019
p.177 Rockwall Animal Adoption Center Monthly Report - March 2019
p.181 STAR Transit Monthly Report - March 2019

2. **City Manager's Report**

XIII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding purchase, sale or lease of real property in the vicinity of Rockwall Municipal Airport and Downtown pursuant to Section §551.072 (Real Property) and Section §551.071 (Consultation with Attorney).
2. Discussion regarding Economic Development prospects, projects, and/or incentives pursuant to Section 551.087 (Economic Development)
3. Discussion regarding nominee(s) and (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board and the Rockwall Central Appraisal District Board - pursuant to Section 551.074 (Personnel Matters)
4. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

XV. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.

The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.087 (Economic Development)

I, Kristy Cole, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 3rd day of May, 2019 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

_____ _____

Kristy Cole, City Secretary
or Margaret Delaney, Asst. to the City Sect.

Rockwall, Texas

Proclamation

Whereas, more than 900,000 law enforcement officers serve in communities across the U.S., including the 85 sworn, dedicated members of the Rockwall Police Department; and

Whereas, since the first recorded police death in 1791, there have been over 21,000 law enforcement officers killed in the line of duty and 21,910 names are currently engraved on the walls of the National Law Enforcement Officers Memorial; and

Whereas, according to the FBI's Uniform Crime Report, 60,211 assaults against law enforcement officers occurred in 2017, resulting in 17,476 injuries; and

Whereas, a total of 1,582 law enforcement officers died in the line of duty during the past 10 years, which is an average of one death every 55 hours, and 158 law enforcement officers were killed in the line of duty in 2018; and

Whereas, 371 new names of fallen heroes are being added to the National Law Enforcement Officers Memorial this spring, including 158 officers killed in 2018 and 213 officers killed in previous years; and

Whereas, May 15 is designated as Peace Officers Memorial Day, in honor of fallen officers and their families, and U.S. flags are flown at half-staff that day.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, Texas, do hereby proclaim May 12-18, 2019 as

POLICE MEMORIAL WEEK

in the City of Rockwall, and urge all citizens to honor the memories of law enforcement officers killed in the line of duty and to applaud the service of law enforcement officers who continue to protect our communities and help safeguard our democracy.

In Witness Whereof, I hereunto affix my hand and official seal this 6th day of May, 2019.

Jim Pruitt, Mayor

Rockwall, Texas

Proclamation

Whereas, Lyme disease is caused by a bacteria, is found in 45% of the common black-legged deer ticks in TX, which transmit the disease, and is the fastest growing vector-borne disease in the U.S.; and

Whereas, the risk of contracting Lyme disease is present year-round with fewer than 50% of patients being able to recall a tick bite; and

Whereas, Lyme disease is a complex, multi-system illness which can be easily treated with antibiotics if caught early, but it can cause severe disability and even death if left untreated; and

Whereas, ticks that carry Lyme disease may also carry at least 15 other pathogens, many of them transmitted within minutes of being bitten, with one tick bite frequently resulting in multiple infections including bacteria, parasites, and viruses which can all be potentially fatal; and

Whereas, Lyme disease is believed to infect more than 300,000 people annually in the U.S., but, as an underreported illness, the actual number of people in Texas is likely 10 times the reported number of cases; and

Whereas, testing for Lyme disease remains only 50% accurate, with the average patient going two or more years before getting a proper diagnosis; and

Whereas, new science, treatment and testing guidelines have been released from the Agency for Healthcare Research and Quality National Guidelines Clearinghouse, but it is believed that many doctors in Texas are still following outdated guidelines for Lyme disease; and

Whereas, the TX Lyme Coalition, TX Lyme Disease Association and the NTX Lyme Group have provided advocacy for patients since 1999 and work to educate the public about the signs, symptoms, treatment, and prevention of Lyme disease.

Now, Therefore, I, Jim Pruitt, Mayor of Rockwall, do hereby proclaim **May, 2019** as:

LYME DISEASE AWARENESS MONTH

In the City of Rockwall and encourage all of our citizens to educate themselves about symptoms of early and late stage Lyme disease and practice preventative techniques.

In Witness Whereof, I hereunto set my hand and official seal this 6th day of May, 2019.

Jim Pruitt, Mayor

Rockwall, Texas

Proclamation

Whereas, for nearly 90 million Americans, including many local citizens in our lakeside community, boating is a popular recreational activity, allowing families and friends time together while boating, sailing, paddling, and fishing; and

Whereas, during National Safe Boating Week, we want to bring special attention to this pastime and remind recreational boaters of a few tips to ensure that they and their loved ones are safe and responsible while exploring our nation's waterways; and

Whereas, on average, 650 people die each year in boating-related accidents in the U.S. with approximately three-fourths of these fatalities being caused by drowning; and

Whereas, modern life jackets are more comfortable, attractive, and wearable than styles of the past, and a significant number of boaters whose lives were lost annually due to drowning would be alive today had they worn a life jacket; and

Whereas, the U.S. Coast Guard Auxiliary, Flotilla 5-10, Division 5, District 8CR, which represents Lake Ray Hubbard, supports programs which result in our waterways having a safe, accident free record, providing valuable tips and information to help ensure your activities don't result in tragedy.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, do hereby proclaim the week of **May 18-24, 2019**, as

SAFE BOATING WEEK

in the City of Rockwall and urge all residents to institute safe boating practices and "Wear It" this week and throughout the entire boating season.

In Witness Whereof, I hereunto affix my hand and official seal this 6th day of May, 2019.

Jim Pruitt, Mayor

14

Rockwall, Texas

Proclamation

Whereas, the City of Rockwall includes a growing number of older Americans who enrich our community through their diverse life experiences; and

Whereas, Rockwall is committed to strengthening our community by connecting with and supporting older adults, their families, and caregivers and acknowledging their many valuable contributions to society; and

Whereas, Rockwall recognizes the importance of bringing together all generations and engaging in activities that promote physical, mental, and emotional well-being for the benefit of all; and

Whereas, the City of Rockwall can enhance the lives of older Americans in our community by:

- promoting home and community-based services that support independent living;
- involving older adults in community events and other activities; and
- providing opportunities for older adults to work, volunteer, learn, lead, and mentor.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, do hereby proclaim the month of **May, 2019** as

OLDER AMERICANS MONTH

in the City of Rockwall and urge every resident to take time during this month to recognize older adults and the people who serve them as essential and valuable members of our community.

In Witness Whereof, I hereunto affix my hand and official seal this 6th day of May, 2019.

Jim Pruitt, Mayor

MINUTES

ROCKWALL CITY COUNCIL REGULAR MEETING
Monday, April 15, 2019 - 5:00 PM
City Hall Council Chambers - 385 S. Goliad St., Rockwall, TX 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Pruitt called the public meeting to order at 5:00 p.m. Present were Mayor Jim Pruitt, Mayor Pro Tem Kevin Fowler, and City Council Members Patrick Trowbridge, Dana Macalik, John Hohenshelt, Kevin Fowler, Bennie Daniels and Trace Johannesen. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Joey Boyd, and City Attorney Frank Garza.

Mayor Pruitt read the below listed discussion items into the record before recessing the public meeting to go into Executive Session.

II.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board (interviews) - pursuant to Section 551.074 (Personnel Matters)
2. Discussion regarding legal issues pertaining to potential annexation pursuant to Section §551.071 (Attorney/Client Consultation).
3. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

III. ADJOURN EXECUTIVE SESSION

Council adjourned from Executive Session at 5:55 p.m.

IV. RECONVENE PUBLIC MEETING (6:00 P.M.)

Mayor Pruitt reconvened the public meeting at 6:00 p.m.

V. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Indication was given that no action was needed as a result of Executive Session.

VI. INVOCATION AND PLEDGE OF ALLEGIANCE – MAYOR PRO TEM FOWLER

Mayor Pro Tem Fowler delivered the invocation and led the Pledge of Allegiance.

VII. PROCLAMATIONS

1. Public Safety Telecommunications Week

Mayor Pruitt called forth Assistant Police Chief Kirk Aldridge and several Dispatch staff members. He then read and presented them with this proclamation, thanking them for all they do for the safety of our police and fire staff and the public.

2. National Day of Prayer

Mayor Pruitt indicated that he will give this proclamation at the Mayor's Prayer Breakfast on Thurs., May 2 at The Center.

3. Motorcycle Safety & Awareness Month

Mayor Pruitt called forth several motorcyclists who requested this proclamation in recognition of Motorcycle Safety & Awareness Month. He then read and presented them with this proclamation, encouraging all drivers to be observant and respectful of motorcyclists driving on the roadways.

VIII. OPEN FORUM

Paul Davis (777 Paul Davis Lane) came forth and shared that he lives in McLendon-Chisholm; however, he owns property in Rockwall, including property on Cullins Road. Mr. Davis generally expressed opposition to the proposed zoning pertaining to case Z2019-005.

Don Braswell
2041 Chisholm Trail

Mr. Braswell indicated that he lives within the county, about 200' from the proposed zoning change (Z2019-005) and the proposed PID. He has concerns about the existing floodplain and how additional development, both homes and expansion of roadways, will adversely impact the area. Furthermore, he is concerned about the increased traffic and congestion as well as density, and reduced setbacks if this development comes to fruition. He encouraged the city to not allow this development, as it deviates from the city's 2040 Comprehensive Plan.

Leslie Wilson
535 Cullins Road
Rockwall, TX

Mrs. Wilson expressed that a lot of people here tonight are frustrated because they have not yet gotten an opportunity to speak about the proposed PID and related zoning change (Z2019-005). She indicated that she and others will come forth later in the meeting, during the proper time, to share their thoughts.

Janice Morchower
144 Westwood
Rockwall, TX 75032

Ms. Morchower came forth and indicated that she lives in Windmill Ridge subdivision. She expressed concern about the creek that flows into the park area. It serves as runoff for Ralph Hall Parkway, and

the creek is littered with trash and tall reeds. There are trees that are 'downed' in the park, and they have been like that for a while. The litter, she indicated, is inhibiting the water flow. Mayor Pruitt introduced Ms. Morchower to Andy Hesser, Parks Director, indicating that he is the proper staff person to address her concerns.

Ed Kohorst
831 Cullins Road
Rockwall, TX

Mr. Kohorst came forth and indicated that he and his wife, Olivia, have lived at this location on fifteen acres for twenty-five years. It is a mixture of tall grass, dense woods and gently rolling hills. He spoke about the many different variations of wildlife that live in and around his property and the creek that runs less than 50 yards from the western edge of the proposed Highgate development. He believes that this development will cause the creek to overflow its bank, flood the nearby wooded area and destroy the wildlife habitat that live there. He generally expressed concern about this development potentially being approved by the City.

Kristi Mase
1160 Skylar Drive
Rockwall, TX 75032

Ms. Mase indicated that she worked as an Admin. Assistant at Rockwall High School, and students often sit on the floor in the lunch room because of overcrowding. She believes these 500+ homes will further adversely impact overcrowding that is already present within the school district.

Craig Koziol
281 Willowcrest
Rockwall, TX

Mr. Koziol came forth and expressed that he is adamantly opposed to the proposed zoning change associated with the potential Highgate development.

Prycilla Bento
2002 S. Lakeshore Drive
Rockwall, TX

Mrs. Bento came forth and shared concerns related to unsustainable development and "urban sprawl." She expressed concerns about traffic, flooding, infrastructure, and school overcrowding, among other things.

IX. CONSENT AGENDA

1. Consider approval of the minutes from the April 1, 2019 regular city council meeting, and take any action necessary.
2. Consider a recommendation of the City Council's Naming Subcommittee regarding approval of a resolution renaming South Nash Street, and take any action necessary.

3. Consider authorizing the purchase of two submersible pumps from Control Specialists L.P in an amount not to Exceed $38,000 to replace two pumps at The Harbor, with one pump in the amount of $18,000 to be funded from The Harbor General Fund Budget and the balance of $20,000 for the second pump to be funded from General Fund Reserves, and take any action necessary.
4. **P2019-016** - Consider a request by Kevin Patel of Triangle Engineering, LLC for the approval of a replat for Lot 2 of the Cain Properties #1 Addition being a 1.233-acre parcel of land identified as a portion of Lot 1 and Lot 1R of the Cain Properties #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, located north of the intersection of S. Goliad Street [SH-205] and Storrs Street, and take any action necessary.
5. **P2019-010** - Consider a request by Michael Duval of G&A/McAdams on behalf of John Delin of RW Ladera, LLC for the approval of a final plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition being a 47.694-acre tract of land identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85) for General Retail (GR) and Single-Family 7 (SF-7) District land uses, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast and northwest corners of the intersection of SH-66 and John King Boulevard, and take any action necessary.

Mayor Pro Tem Fowler moved to approve the entire Consent Agenda (#1, 2, 3, 4, and 5). Councilmember Macalik seconded the motion, which passed by a vote of 7 ayes to 0 nays. Mayor Pruitt then reordered the agenda to address Appointment Item #2.

X. APPOINTMENT ITEMS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Chairman of the city's Planning & Zoning Commission, Johnny Lyons, came forth and briefed the Council on recommendations of the Commission regarding planning-related items on tonight's meeting agenda. Following brief, clarifying discussion, Council took no action related to this appointment item.

2. Appointment with the Lakeshore Composite Squadron of the Civil Air Patrol to report on community activities for the 2018-2019 school year, and take any action necessary.

Representatives from the local Civil Air Patrol squadron came forth and briefed the Council on community-related activities that the group either spearheaded or was involved in during the year 2018. Following their brief presentation, Mayor Pruitt thanked the group for all the good its members do within our community.

XI. PUBLIC HEARING ITEMS

1. Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a Public Improvement District (PID) on a 264.510-acre tract of land identified as Tracts 17-13 [50.0-acres], 17-14 [26.452-acres], 17-15 [134.33-acres], 17-16 [43.6-acres], & 40-8 [8.79-acres] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary.

City Attorney Frank Garza provided a briefing regarding how a PID petition request must be handled and how PID assessments and associated fees/taxes work. It is required that a public hearing be held by city council after receipt of a legitimate PID petition. The proposed district boundaries must be identified along with a PID petition, and this one does identify those. The lots within the PID would be charged / assessed fees in an amount up to $17 million to pay for the needed public improvements. The city will have up to six months to either accept or decline the PID.

Mayor Pruitt thanked Mr. Garza for his briefing and associated explanations. Mayor Pruitt shared that this development is actually a proposed 2 units per acre, and "low density" is actually defined as 2.5 units per acre within the Hometown 2040 Comprehensive Plan. He went on to explain that the city's comp plan was approved after a two year process that included a lot of public input opportunities.

Mr. Donahue
15443 Knoll Trail, Suite 130
Dallas, TX 75248

Mr. Donahue came forth and shared that he would like to delay the PID presentation until May to allow additional time for him to meet with and work with citizens to address their concerns. Mayor Pruitt shared that he and the council members are not going to accommodate his request to delay this topic. Mayor Pruitt invited Mr. Donahue to proceed with his presentation regarding the PID; however, Mr. Donahue gave indication that he was choosing to not proceed with making said presentation.

At the request of Councilman Johannesen, Mr. Garza clarified that this PID petition does not ask or require the city to pay for any aspects of the public improvements. The city would in no way be liable to repay the PID bonds that are issued – only the property owners within the PID would be "on the hook" for repayment of the public improvements.

Craig Koziol
281 Willowcrest
Rockwall, TX 75032

Mr. Koziol came forth and asked Mr. Garza, City Attorney, if this development would cause property taxes to increase for those homeowners who do not live within the development. Mr. Garza indicated that no, they would not.

Thomas Cosby

2025 Chisholm Trail
Rockwall, TX 75032

Mr. Cosby shared that he believes the density of this area should match that of the adjacent homes already in existence. He believes the infrastructure should already be in place before the homes are built. He is generally opposed to this request.

Karen Cosby
2025 Chisholm Trail
Rockwall, TX 75032

Mrs. Cosby came forth and shared that she is generally opposed to this PID request. She believes that the integrity of the adjacent homes around the area would be negatively impacted.

Leslie Wilson
535 Cullins Road
Rockwall, TX

Mrs. Wilson shared that she has lived at this location for almost twenty-two years, and her property is very special to her and her family. She is concerned about her home and property potentially ending up being backed up to homes with this type of density. She is strongly opposed to approval of this PID.

Dennis Hillery
143 Pelican Cove
Rockwall, TX

Mr. Hillery came forth and shared that he has some concern about the financing. He asked for clarification on the bonds, pointing out that it would be $17 million, plus the cost of the bonds, plus interest over a 30 year period. The mayor indicated that a lender would issue the bonds, and the land itself would secure the bonds.

Aaron Bruning
2002 Chisholm Trail
Rockwall, TX

Mr. Bruning shared that his property is adjacent to this proposed PID. He pointed out that this developer has been in the news recently for some things that have occurred in the city of Rowlett. He encouraged the Council to consider those things when deciding on this proposal. Also, he has concerns about traffic and associated accidents. He believes that increased traffic causes concerns for emergency responders by hindering their ability to reach those who have called for assistance, especially the aging population.

Howard Haddock
155 Willowcrest
Rockwall, TX

Mr. Haddock shared that he and many others are adamantly opposed to this development, as the lots will be 'postage stamped' lots. He strongly urged the Council to reject this proposal.

Olivia Casey
831 Cullins Road
Rockwall, TX

Mrs. Casey came forth and expressed concern about potential approval of this PID request. She believes the cost for the property owners who will eventually live there and be taxed will be too costly. She believes establishing this PID will set a dangerous precedence. It sounds like corporate welfare, and she is strongly opposed to it.

Bob Wacker
309 Featherstone Drive
Rockwall, TX

Mr. Wacker came forth and indicated that he served on the council appointed committee that reviewed and updated the city's comprehensive plan. He apologized for potentially having misled some of the people with whom he has communicated on social media (i.e. "Next Door"). He went on to share a story about a personal experience he had with his own homeowners association having to pay back a notably smaller loan within the Stonecreek subdivision. He indicated that the loan essentially cost each homeowner about $1800 to pay back. He pointed out that the $17 million loan associated with this PID will be exponentially more costly.

Joan Haddock
155 Willowcrest
Rockwall, TX

Mrs. Haddock indicated that she prefers horses over houses (as far as what is located next door to her). She went on to quote a phrase from the city's 2040 Comprehensive Plan that generally states that a development should be equal to or of higher quality to the existing, surrounding area.

Scott Harman
280 Willowcrest
Rockwall, TX

Mr. Harman is concerned about the area that is located within the floodplain within this proposed development.

Councilman Hohenshelt interjected and clarified that the density of this proposed development is within the city's zoning requirements, and the developer could – by right – build this subdivision even without the PID being approved.

Mr. Harman shared that he has concerns about the higher density development eventually costing school district taxpayers more money in school district taxes and taxes over all (i.e. additional fire, police and emergency personnel). He would love for this area to remain a horse farm forevermore; however, he and others do realize that at some point the property will likely be developed.

Carol Byrd
707 Cullins Road
Rockwall, TX

Mrs. Byrd shared that she has lived at this location for more than thirty years, and she moved here from north Dallas. She believes that some of how the city is growing is good (i.e. medical facilities), but some of the growth concerns her and makes her sad. She is concerned about the 'run off' that she has continually experienced on her property, stating that her barn and driveway have been flooded out several times. She urged the Council to consider the type of development that residents would like to see and not see.

Leslie Hope
530 Cullins Road
Rockwall, TX

Ms. Hope shared that she and her husband moved here in 2016. She has concerns about 545 homes potentially being constructed in this area, especially when there will only be two-lane roads to travel. She worries that Cullins Road might be a means for ingress and egress pertaining to this subdivision. She and everyone else who has spoken this evening are opposed to this PID and this subdivision.
James Nichols
241 Willowcrest
Rockwall, TX

Mr. Nichols shared that he is fairly new to Rockwall and moved here about two years ago from Dallas. He is concerned that there are no pedestrian walkways in and around this area, and that is especially concerning as it pertains to a future park in this area.

Mayor Pruitt pointed out that the citizens of Rockwall approved the purchase of a "south" community park several years ago on a bond election.

Ed Burzair
2175 Arrowhead Court
Rockwall, TX

Mr. Burzair pointed out that this developer would still need approval from both the Planning & Zoning Commission and the Council if this subdivision were to come to fruition. He believes that the PID is not even necessary, as the developer could just roll in the cost of the infrastructure into the cost of the homes/lots.

Sergio Bento
2002 S. Lakeshore Drive
Rockwall, TX

Mr. Bento shared a story about his experience with Globe Life Park in Arlington and concerns related to that developer. He generally expressed the belief that the developer not giving his presentation this evening signifies a certain level of disrespect because it disallows those in attendance this evening to hear and see – 'straight from the horse's mouth' – what is being proposed. He is generally strongly opposed to this PID and this proposed development.

Stan Jeffus
1903 S. FM 549
Rockwall, TX

Mr. Jeffus came forth and shared concerns related to this proposed PID. He does not believe that this proposal is in line with the true intent and design of a "PID." He believes the developer is 'taking advantage" by proposing this PID.

Jennifer Drake
205 Darrin Drive
Rockwall, TX

Ms. Drake came forth and shared that she is a realtor, and she hears about a lot of homebuyers not understanding that they are buying in a "MUD" or a "PID," and they end up not being able to afford their home(s) over time. She has seen developers throwing in a lot of 'incentives' – for example, free washer and dryers – to encourage buyers to buy within a PID or a MUD. She believes this is deceiving to home buyers. She has a lot of concerns if this PID were to be approved, and she generally spoke in opposition of its approval.

Janice Morchower
144 Westwood
Rockwall, TX

Ms. Morchower shared that she is a realtor too, and she also has concerns about this PID being approved. She wonders if a traffic impact analysis (TIA) will be required associated with this proposed development. Indication was given that before the Planning & Zoning Commission takes action on the zoning case, the TIA would have to be completed and the results shared.

Carol Gardner
759 Winding Ridge Lane
Rockwall (County)

Mrs. Gardner expressed concern about additional noise that will accompany this development if this PID is approved. She also has concerns about Mr. Donahue not presenting this evening.

Dan Bobst came forth and shared that this gentleman is not being transparent, as evident by him not presenting this evening. He does not believe the Council should approve something from someone who is not being transparent.

Cody Barrick
5459 S. FM 549
Rockwall, TX

Mr. Barrick has not been real familiar with a PID prior to this case; however, now that he knows more about it, it appears to him to be a form of 'taxation without representation.' He is opposed to approval of this PID. He knows that development will likely happen in the future

Mayor Pruitt moved to deny this PID request. Councilman Johannesen seconded the motion, which passed by a vote of 7 ayes to 0 nays.

Mayor Pruitt called for a break, recessing the public meeting at 7:59 p.m. and reconvening it at 8:13 p.m.

2. **P2019-013** - Hold a public hearing to discuss and consider a request by Dean Cathey of Dean Cathey Custom Homes, Inc. for the approval of a replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition being a 0.57-acre tract of land identified as Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 705 & 707 Hartman Street, and take any action necessary.

Planning Manager David Gonzales briefed the Council on details pertaining to this request for a residential replat. Twenty-nine notices were sent out to adjacent property owners within 200', and one reply in favor and one reply in opposition have been received back by staff.

Mayor Pruitt opened the public hearing, asking if anyone would like to come forth and speak. There being no one indicating such, the then closed the public hearing.

Councilmember Hohenshelt moved to approve this request (P2019-013). Mayor Pro Tem Fowler seconded the motion. Councilman Trowbridge pointed out that approval of this type of request leads to more density within the downtown historic district. The motion passed by a vote of 7 ayes to 0 nays.

3. **Z2019-005** Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of an **ordinance** for a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [50.0-acres], 17-14 [26.452-acres], 17-15 [134.33-acres], 17-16 [43.6-acres], & 40-8 [8.79-acres] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary **(1st Reading).**

Following brief, clarifying comments from the city attorney, Mayor Pro Tem Fowler moved to postpone this item until the May 20 city council meeting. Councilman Trowbridge seconded the motion, which passed by a vote of 6 in favor with 1 against (Pruitt).

4. **Z2019-006** - Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of an **ordinance** for a Specific Use Permit (SUP) allowing a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and, Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall,

Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary **(1st Reading).**

Planning Manager, David Gonzales provided background information pertaining to this agenda item. The subject property is a 42.61-acre tract of land located at the terminus of Aluminum Plant Road, which is located at the southwest quadrant of the intersection of East Washington Street and Airport Road. The property was annexed on February 7, 1983 by Ordinance No. 83-06. According to the City's historic zoning maps, the subject property has been zoned Light Industrial (LI) District since at least May 16, 1983. In January 2019, the applicant, Carolina Molina of Alvaplast US, Inc. (SPR Packaging), requested approval of a site plan for the purpose of expanding SPR's existing operations. This request was for the first phase of a multi-phase expansion plan. On March 18, 2019, the Planning and Zoning Commission approved the requested site plan [Case No. SP2019-004] for Phase 1 for the purpose of constructing an approximately 78,615 SF single-story, warehouse facility (i.e. SPR Packaging) on an 11.3736-acre portion of the subject property. Currently, the subject property is vacant with the exception of Columbia Extrusion Corporation's existing structures located on the west side of the subject property (i.e. 8.97-acre portion). The applicant, Mark Pross of Pross Design Group, has submitted a request for a Specific Use Permit (SUP) to allow for structures exceeding 60-feet in height to be located within a Light Industrial (LI) District. The applicant is requesting to allow for a maximum overall height of 100-feet for structures *(i.e. high bay extruders*) that will be located in the areas identified as Phases 2, 3, 4 and 5 as depicted on the concept plan (*i.e. Exhibit 'B'*) contained in the draft SUP ordinance. This area will house the high bay extruders necessary for SPR's business operations. The applicant has stated to staff that SPR's business involves the production of flexible packaging products through a process called extrusion. The extrusion of certain plastics require additional height to process, and SPR has set a maximum height of 100-feet from grade for these structures.

Ninety-nine notices were mailed out to property owners located within 500' of the property, and the Park Place HOA was also notified. Staff has received six notices and three emails in favor of the request, two notices and two emails opposing it and one email that appeared 'undecided' regarding the request.

The president of SPR - Ignacio Echavarri 1480 Justin Road ((on behalf of) the applicant) - came forth and addressed the Council concerning this request for an SUP. He shared that his company has been in Rockwall for nearly eleven years. He went on to explain the expansion of his company outside of Europe (Spain), starting in 2014, through purchase of the SPR company in Rockwall. He explained that the company previously acquired adjacent land for future expansion. The company plans for expansions once every eight to ten years since the company continues to grow (it had fifty employees when first acquired, but it will soon have over 200 employees). He wants to expand while also being respectful of neighbors.

Mayor Pruitt opened the public hearing. Following clarification from the city attorney pertaining to the potential conditions associated with approval of this SUP, he asked if anyone would like to come forth and speak at this time.

Jean Conway
435 Jordan Farm
Rockwall, TX

Ms. Conway came forth and shared that SPR has been a really good neighbor, and they have tried to accommodate height limits and minimize any negative, visible sight lines. She cautioned Council that

approving this request may set a precedence if and when other, similar requests come forth in the future, perhaps elsewhere in the city.

David
1020 Saint Charles Court
Rockwall, TX

Mr. David expressed that he lives in the Park Place subdivision. He has done a lot of research and study on SPR and how these structures may visually impact 'line of sight' for him and others in his neighborhood. He explained that SPR has been a good neighbor in many ways. However, he does have some concerns about this particular request. He pointed out that, eventually, what SPR is requesting (including future expansions) will result in structures that span about 1,000 feet in length. And, eventually, said structures will visually impact Park Place. He encouraged Council to only approve what they intend to build currently and then consider future expansion requests and future high structures when the time comes, at a later date.

Bill Bricker
505 Westway Drive
Rockwall, TX

Mr. Bricker came forth and expressed that he has been part of this plant since 1981. It has been there since the 1950s and was officially zoned in 1983. Columbia previously owned the plant, and he is responsible for this company and others. He indicated that he sold previous ownership of this plant to SPR, and he manages leases of the buildings in and around this area. He clarified that his comments tonight are his own, and they are not representative of SPR, Columbia or any other company. He indicated that when he sold the company, he went to great effort to ensure that SPR would be a good neighbor. He shared that SPR has no emissions and no noise, and they've committed to stay 500' away from the edge of the Park Place subdivision. He was initially alarmed about the proposed 100' height; however, he thereafter studied the sight lines, and he does not believe it will be an egregious view. He went on to generally express that he does not have great concerns about approval of this request.

Phillip Wagner of the Rockwall Economic Development Corporation came forth and shared that the impact of the height of the structures will be minimal. He went on to share brief details pertaining to the economic benefit and taxable value that will be associated with this expansion, both of which he feels merit consideration by the Council. He is generally in support of the Council approving this request. He went on to briefly explain the incentive that SPR may be able to receive (5-6% of the total investment).

There being no one else wishing to come forth and speak, Mayor Pruitt then closed the public hearing.

Following additional, lengthy discussion, Councilmember Daniels moved to approve Z2019-006. Councilman Hohenshelt seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 19-XX
SPECIFIC USE PERMIT NO. S-1XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE

CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) ALLOWING STRUCTURES THAT EXCEED 60-FEET IN HEIGHT WITHIN A LIGHT INDUSTRIAL (LI) DISTRICT, ON A 42.61-ACRE TRACT OF LAND BEING IDENTIFIED AS TRACT 7 OF THE N. BUTLER SURVEY, ABSTRACT NO. 20 (11.3736-ACRES); TRACT 31 OF THE R. BALLARD SURVEY, ABSTRACT NO. 29 (8.197-ACRES); AND LOT 1-01, BLOCK 1, INDALLOY ADDITION (14.53-ACRES), CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 5 ayes with 2 nays (Trowbridge and Macalik).

5. **Z2019-007** - Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of an **ordinance** for a Specific Use Permit (SUP) allowing outdoor commercial amusement/recreation in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary **(1st Reading).**

Planning Manager, David Gonzales provided background information pertaining to this agenda item. The applicants, Ruben Garcia and Brandon Mullins, have submitted a request for a Specific Use Permit (SUP) to allow a *Commercial Amusement/Recreation* (*Outdoor*) land use in conjunction with an existing craft/microbrewery located within a Light Industrial (LI) District. The applicant is requesting to operate an outdoor entertainment area that includes a stage and seating areas. This will be located at the rear of the property and will be enclosed by an eight (8)-foot wooden fence. Notices were sent out to 27 property owners within 500' of the subject property owners. Staff received two notices in favor of the request.

Mayor Pruitt opened the public hearing, asking if anyone would like to come forth and speak at this time. There being no one indicating such, he closed the public hearing. Councilman Trowbridge moved to approve Z2019-007 as recommended by the P&Z Commission and including staff recommendations. Councilman Daniels seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 19-XX
SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *COMERCIAL AMUSEMENT/RECREATION (OUTDOOR)* LAND USE IN CONJUNCTION WITH AN EXISTING CRAFT BREWERY ON A 1.215-ACRE

PARCEL OF LAND, ADDRESSED AS 2015 KRISTY LANE AND BEING IDENTIFIED AS LOT 1-F, BODIN INDUSTRIAL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

6. **Z2019-008** - Hold a public hearing and consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of an **ordinance** for a PD Development Plan amending Ordinance No. 17-64 and in accordance with Ordinance No. 17-22, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary **(1st Reading).**

Planning Manager David Gonzales provided background information concerning this agenda item. On June 17, 2013, the City Council approved a PD Development Plan (Ordinance No. 13-16) allocating 399 urban residential units (i.e. condominiums) to the subject property. These units were tied to a concept plan that showed two (2) condominium buildings being constructed on the subject property, one (1) adjacent to Lakefront Trail consisting of 349-units and one (1) adjacent to the Harbor Fountain consisting of 50-units. In addition, the plan indicated two (2) retail/restaurant strip centers would be constructed adjacent to Lake Front Trail and Harbor Heights Drive. These areas were eventually developed with a hotel (i.e. Spring Hill Suites) in 2016. On December 18, 2017, the City Council approved an amendment to this plan allowing the number of units to be increased to a total 450-units, which would increase the number of units for the building adjacent to Lakefront Trail to 375-units and for the building adjacent to the Harbor Fountain to 75-units. In addition, the City Council added a strict construction schedule for both buildings as part of the PD Development Plan ordinance. If the dates in the construction schedule are not met, the increased units (the additional 51-units) would be clawed back through an expiration clause in the ordinance. The owners of both properties agreed to the construction schedule as part of this case. On March 15, 2019, the applicant submitted an application requesting to amend the *PD Development Plan* approved under *Ordinance No. 17-64*. The applicant has stated that the purpose of this application is to [*1*] change the pedestrian access easement that extends from Lakefront Trail to the Harbor Fountain to a one-way private drive and pedestrian access easement, and [*2*] to change the construction schedule for *Harbor Village* project (*identified as Building ❶ in the draft ordinance*). Forty-one notices were mailed to property owners located within 500' of the property, and two nearby HOAs were notified as well. Staff has received no notices back concerning this request. On April 9, 2019, the Planning and Zoning Commission approved the applicant's request to amend the Development Plan contained in Ordinance No. 17-64 by a vote of 5-2, with Commissioners Logan and Womble dissenting.

Jim Ziegler
6205 Wichita Trail
Flower Mound, TX

Mr. Ziegler came forth and answered brief, clarifying questions from the Council. Thereafter, Mayor Pruitt opened the public hearing, asking if anyone would like to come forth and speak at this time. There being no one indicating such, he then closed the public hearing. Mayor Pruitt then moved to approve Z2019-008. Councilmember Trowbridge seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 19-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 17-64 &* PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [*ORDINANCE NO. 17-22*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN ON APPROXIMATELY 7.344-ACRES FOR PROPERTY IDENTIFIED AS LOT 9, BLOCK A, HARBOR-ROCKWALL ADDITION AND TRACT 16 OF THE M. J. BARKSDALE SURVEY, ABSTRACT NO. 11, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF *TWO THOUSAND DOLLARS ($2,000.00)* FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed unanimously (7 ayes, 0 nays).

XII. ACTION ITEMS

1. Discuss and consider authorizing Dallas Skydive Center to perform a parachute jump in a designated area of Harry Myers Park as part of the Founders Day Festival, and take any action necessary.

Mayor Pro Tem Fowler moved to allow Dallas Skydive Center to perform this requested parachute jump at the city's upcoming Founders Day Festival. Councilman Johannesen seconded the motion, which passed by a vote of 7 ayes to 0 nays.

2. Discuss and consider a height variance request for a pole sign at White Tiger Taekwondo located at 55 East I30 and take any action necessary.

Building Official, Jeffrey Widmer, provided brief comments concerning this request. He explained that the applicant feels this business needs additional visibility since it sits so low down adjacent to IH-30. He pointed out that, in order to be approved, this request requires a ¾ majority vote of Council. Councilmember Daniels expressed concern about potential approval of this request, pointing out that other, similar variance requests have been denied by Council in the past (i.e. Applebee's). Some council members recollected, however, that some past applicants have in fact received height variance approvals along the IH-30 corridor.

Following brief discussion, Councilman Hohenshelt moved to deny the height variance request. Councilmember Johannesen seconded the motion, which failed by a vote of 3 in favor with 4 against (Macalik, Pruitt, Fowler and Daniels).

Councilman Daniels then moved to approve the height variance request for the pole sign. Councilmember Macalik seconded the motion, which resulted in a vote of 4 in favor with 3 against (Trowbridge, Hohenshelt, and Johannesen). Since this item required a ¾ majority vote of Council in order to pass, it is considered to have failed.

3. Discuss and consider an **ordinance** amending the Code of Ordinances in Ch. 44. Utilities; Article V. Water; Division 7. "Drought Contingency & Water Emergency Response Plan" for the purpose of repealing it and adopting the "Water Resource and Emergency Management Plan" for the city, and take any action necessary. **(2nd reading)**

See item #4 below, as the mayor chose to address them both at once.

4. Discuss and consider an **ordinance** amending the Code of Ordinances in Ch. 44. Utilities; Article V. Water; Division 6. "Water Conservation" for the purpose of adopting a new Water Conservation Plan for the City, and take any action necessary. **(2nd reading)**

Mayor Pruitt moved to approve items #3 and #4. Councilmember Hohenshelt seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL

ORDINANCE NO. 19-17

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 7. DROUGHT CONTINGENCY AND WATER EMERGENCY RESPONSE PLAN TO REPEAL DIVISION 7. IN ITS ENTIRETY AND REPLACE IT WITH A NEW DIVISION 7. ADOPTING A WATER RESOURCE AND EMERGENCY MANAGEMENT PLAN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING AN EFFECTVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 19-18

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 6. WATER CONSERVATION TO REPEAL DIVISION 6. IN ITS ENTIRETY AND REPLACE IT WITH A NEW DIVISION 6. TO REFLECT AN UPDATED WATER CONSERVATION PLAN; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING AN EFFECTVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

XIII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board (interviews) - pursuant to Section 551.074 (Personnel Matters)
2. Discussion regarding legal issues pertaining to potential annexation pursuant to Section §551.071 (Attorney/Client Consultation).
3. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

Council did not reconvene in Executive Session following the close of the public meeting agenda.

XV. ADJOURNMENT

The meeting was adjourned at 9:29 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 6TH DAY OF MAY, 2019.

ATTEST: **JIM PRUITT, MAYOR**

KRISTY COLE, CITY SECRETARY

THIS PAGE INTENTIONALLY LEFT BLANK

34

CITY OF ROCKWALL

ORDINANCE NO. 19-20

SPECIFIC USE PERMIT NO. S-207

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *COMERCIAL AMUSEMENT/RECREATION (OUTDOOR)* LAND USE IN CONJUNCTION WITH AN EXISTING CRAFT BREWERY ON A 1.215-ACRE PARCEL OF LAND, ADDRESSED AS 2015 KRISTY LANE AND BEING IDENTIFIED AS LOT 1-F, BODIN INDUSTRIAL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Ruben Garcia and Brandon Mullins for the approval of a Specific Use Permit (SUP) for a *Commercial Amusement/Recreation (Outdoor)* land use for the purpose of establishing an outdoor stage and venue in conjunction with an existing craft brewery on a 1.215-acre parcel of land, zoned Light Industrial (LI) District, identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, addressed as 2015 Kristy Lane, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the establishment of a *Commercial Amusement/Recreation (Outdoor)* land use as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

SECTION 2. That the *Subject Property* shall be used and developed only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Section 1.1, Land Use Schedule,* of *Article IV, Permissible Uses,* and *Section 5.02, Light Industrial (LI) District,* of *Article V, District Development Standards,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by the granting of this zoning change, and as my be amended in the future, and shall be subject

to the following additional conditions:

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *Commercial Amusement/Recreation (Outdoor)* land use on the *Subject Property* and conformance to these requirements is necessary for continued operations:

1) The development and operation of a *Commercial Amusement/Recreation* (*Outdoor*) land use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance;

2) The *Subject Property* may be used for all permitted accessory uses, as well as, the use of an *outdoor stage and venue* that may include live music/entertainment, a Biergarten, and catered food vendors within the outdoor area as depicted in *Exhibit 'B'* of this ordinance; and,

3) This Specific Use Permit (SUP) shall only be valid as an accessory use to the existing craft brewery. Should the subject property's land use designation change (*i.e. other than a craft brewery*) this SUP shall automatically expire.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.

CITY OF ROCKWALL

ORDINANCE NO. 19-21

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 17-64* & PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [*ORDINANCE NO. 17-22*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN ON APPROXIMATELY 7.344-ACRES FOR PROPERTY IDENTIFIED AS LOT 9, BLOCK A, HARBOR-ROCKWALL ADDITION AND TRACT 16 OF THE M. J. BARKSDALE SURVEY, ABSTRACT NO. 11, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF *TWO THOUSAND DOLLARS ($2,000.00)* FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Jim Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a Planned Development (PD) Development Plan within Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that *Ordinance No. 17-64,* Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 17-64*;

SECTION 2. That any portion of *Ordinance No.'s 11-43 & 13-16* in conflict with this ordinance shall be subject to the requirements of this ordinance;

SECTION 3. That Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] and the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by amending the PD Development Plans approved with *Ordinance No.'s 11-43 & 13-16* and the official zoning map of the City of Rockwall so as to approve a PD Development Plan for the *Subject Property*; and,

SECTION 4. That development of the *Subject Property* shall generally be in accordance with the PD Development Plan, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

SECTION 5. That the *Subject Property* shall be used only in the manner and for the purposes provided for in Planned Development District 32 (PD-32) [*Ordinance No. 17-22*], the Unified Development Code [*Ordinance No. 04-38*], and in compliance with the following conditions and requirements:

5.1 CONSTRUCTION SCHEDULE

Building Adjacent to Lakefront Trail (i.e. Building 1)

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on May 6, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to Lakefront Trail (*indicated as 1 on Exhibit 'B' of this ordinance and consisting of 375 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 26 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to Lakefront Trail -- indicated as 1 on Exhibit 'B' of this ordinance -- to 349 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 26 allocated condominium units.

Building Adjacent to the Harbor Fountain (i.e. Building 2)

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to the Harbor Fountain (*indicated as 2 on Exhibit 'B' of this ordinance and consisting of 75 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 25 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to the Harbor Fountain -- indicated as 2 on Exhibit 'B' of this ordinance -- to 50 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 25 allocated condominium units.

Commencement of Construction and Continuous Construction

Once a building permit has been issued for either property (*i.e. Building 1 or Building 2*), the developer/property owner shall have six (6) months to commence construction on the site in accordance with Section 10-116 of Article III, *Building Code*, of Chapter 10, *Buildings and Building Regulations*, of the Municipal Code of Ordinances (*i.e. Section [A] 105.5, Expiration, of the International Building Code*). Once construction has commenced, construction must be continuous during the regular workweek unless construction is delayed due to delays

beyond the control of the developer/property owner. Such delays shall include, but not be limited to, fires, floods, labor disputes, epidemics, abnormal weather conditions, acts of God or any preference, priority or allocation order duly issued by the Federal Government. Abnormal weather delays are those that are beyond what is normal for the climate and time of year. If construction of the site has not commenced within six (6) months of the issuance of a building permit, or construction is not continuous, City staff shall provide a report, to the Planning and Zoning Commission and City Council indicating the progress of the development and possible revocation of the permit. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the permit for additional allocated condominium units (*i.e. reducing the number of units for either project back to the numbers approved under Ordinance No. 13-16*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional allocated condominium units.

5.2 DEVELOPMENT CONDITIONS

1) Development of this property shall generally conform to the *PD Development Plan* depicted in *Exhibit 'B'* of this ordinance;

2) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed PD Site Plan that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

3) The proposed multi-family development adjacent to Lakefront Trail (*indicated as* 1 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 375 condominium units. The proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 75 condominium units.

4) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a subdivision plat;

5) The architectural design of all buildings within the two (2) affected Subdistricts (*i.e. the Harbor Residential Subdistrict and the Harbor Link Mixed-Use Subdistrict*) shall conform to the Harbor District Guidelines (*i.e. Resolution 10-40]*), all applicable ordinances associated with Planned Development District 32 (PD-32) [*as amended*], and to the Unified Development Code;

6) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB);

7) The private street and pedestrian access easement extending from Lakefront Trail to the proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*), will be required to be located within a *Pedestrian Access Easement* on the final plat and shall be constructed in accordance with the street cross section and concept plan depicted in *Exhibit 'C'* of this ordinance; and

8) The proposed uses for this development shall be required to demonstrate that they have access to a sufficient number of parking spaces within the development to support their use.

SECTION 6. The official zoning map of the City of Rockwall, Texas be corrected to reflect the changes in zoning described in this ordinance;

SECTION 7. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

SECTION 8. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

SECTION 9. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

SECTION 10. That this ordinance shall take effect immediately from and after its passage;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and City Council**

FROM: **Rick Crowley, City Manager**

DATE: **May 3, 2019**

SUBJECT: **Agenda Item – HOT Recommendations**

We will be checking with each of you on Monday night regarding scheduling a special work session for the purpose of meeting with representatives of the CVB related groups. Meeting with these groups was a request at the last meeting when the Council received my HOT Fund recommendations.

One of those recommendations involved initiation of meetings with local Arts and Historical groups. I have provided below that specific recommendation as it was presented in the report. The purpose of this agenda item is to request Council authorization to proceed with these local groups with the subcommittee of Council members that has been discussed now – and in advance of further decisions that the Council may make on which, if any, of the other recommendations that the Council may ultimately approve. These local meetings may take some time, and I would like to get started on that work.

Recommendation IV.

Enhance and Further Develop Strategies for the Arts and Historic Preservation

To address the use of HOT funds for the Arts in the **Strategic Plan for Use of Hotel Occupancy Tax Funds**, the City should move forward with planned meetings (involving three (3) designated Council Members) with representatives of the **combined local arts groups,** and prior to development of arts-related aspects of this plan, the input obtained from these meetings should be considered.

The City should pursue similar, simultaneous (but separate) meetings with representatives of **local historic preservation groups** to be held for the same purpose as the arts meetings but from a historic preservation perspective.

Certain limitations relative to proportions of annual revenues are specified in State Law including:

Expenditures for the Arts can be “not more than 15%”

Expenditures for Historical Preservation may be “not more than 50% if none is allocated for a convention center”

MEMORANDUM

TO: **Mayor and City Council**

Cc: **Rick Crowley, City Manager**

Mary Smith, Assistant City Manager

FROM: **Kenneth Cullins, Fire Chief**

DATE: **April 30, 2019**

SUBJECT: **Interlocal Agreement with Dallas County to access their Adult Information Database**

Dallas County administers a database known as the Adult Information System that can potentially be used by Rockwall Fire Department Investigators as they work cases. For Council's consideration is authorization for City Manager Rick Crowley to enter into an Interlocal Agreement with Dallas County that will provide access to the information in said database. The document has been reviewed by city attorney Frank Garza, and he is agreeable to the language contained in the agreement. There is no cost associated with the access.

COURT ORDER
2018-0760

ORIGINAL

Sheriff's Office - 2018 Data Sharing via Dallas County Adult Information System

On a motion made by Commissioner Mike Cantrell, District 2, and seconded by Commissioner Dr. Theresa M. Daniel, District 1, the following order was passed and adopted by the Commissioners Court of Dallas County, State of Texas:

BRIEFING DATE: 7/3/2018
FUNDING SOURCE: N/A

Be it resolved and ordered that the Dallas County Commissioners Court does hereby approve the MOU/ILA for data sharing via the Dallas County Adult Information System with other local governments and authorizes the County Judge to sign this agreement.

Done in open court July 3, 2018, by the following vote:

IN FAVOR: Honorable Clay Lewis Jenkins, County Judge
Commissioner Dr. Theresa M. Daniel, District 1
Commissioner Mike Cantrell, District 2
Commissioner John Wiley Price, District 3
Commissioner Dr. Elba Garcia, District 4
OPPOSED: None
ABSTAINED: None
ABSENT: None

Recommended by: Ryan Brown
Originating Department: Budget

MEMORANDUM OF UNDERSTANDING /INTERLOCAL AGREEMENT ("MOU/ILA") AMONG PARTICIPATING LOCAL GOVERNMENTS FOR LAW ENFORCEMENT DATA SHARING VIA DALLAS COUNTY ADULT INFORMATION SYSTEM

I. PARTIES

This MOU/ILA is entered by and among the undersigned participating local governments of the State of Texas ("Participating Local Governments"), acting by and through their respective governing bodies or their respective local law enforcement agencies and Dallas County, Texas ("Dallas County"), pursuant to and under authority of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code to share law enforcement incident data through Dallas County Adult Information System ("AIS"). The undersigned Participating Local Governments and any and all other Participating Local Governments of the State of Texas adopting this MOU/ILA upon execution by their governing body or their respective local law enforcement agency as provided for herein may be referred to in this MOU/ILA individually as "Party" and collectively as "Parties."

II. RECITALS

WHEREAS, the Participating Local Governments of the State of Texas desire to fully share and commonly use certain Data owned by Dallas County for the management of public safety response activities during both emergency and non-emergency operations; and

WHEREAS, "Data" shall mean the created and/or submitted data, records and/or information by the Participating Local Governments and Dallas County that is being shared under this ILA for purposes of public safety and agency inquiries; and

WHEREAS, this MOU/ILA, including all addenda, amendments, exhibits and attachments hereto, sets forth the policies, practices and responsibilities of the Participating Local Governments; and

WHEREAS, the Participating Local Governments recognize and adhere to Dallas County's licensing rights to AIS; and

WHEREAS, the Participating Local Governments, acting by and through their respective governing bodies or respective local law enforcement agency, individually and collectively, do hereby adopt and find the foregoing premises as findings.

NOW, THEREFORE, in consideration of the promises, inducements, covenants, agreements, conditions and other good and valuable consideration, the receipt and sufficiency of which is

hereby acknowledged, the Participating Local Governments approving this MOU/ILA agree as follows:

III.
PARTICIPATION BY ADDITIONAL PARTICIPATING LOCAL GOVERNMENTS

Any local government or respective local law enforcement agency may participate in this MOU/ILA with the mutual administrative approval of Dallas County. Each Participating Local Government will be required to approve and agree to the terms and conditions of this MOU/ILA. The participation of additional Participating Local Governments shall not require the approval of other Participating Local Governments.

IV.
TERM AND WITHDRAWAL

A. Unless otherwise stated, this MOU/ILA shall remain in effect from the time of its authorized signing until a mutual agreement to terminate by all parties occurs.

B. A Participating Local Government may withdraw from this MOU/ILA at any time and for any reason by giving thirty (30) days prior written notice to Dallas County. In the event of withdrawal or termination (voluntarily or involuntarily) by a Participating Local Government from this MOU/ILA, the Participating Local Government shall bear all costs and expenses related to this MOU/ILA and its withdrawal or termination. In no event, shall Dallas County be responsible to the Participating Local Government for any cost or expenses incurred in connection with this MOU/ILA.

C. Immediate termination of this MOU/ILA shall occur for the Participating Local Government (including, without limitation, the Participating Local Government's employee, officer, subcontractor, agent, or volunteer), who violates any of the security and access provisions in effect for this MOU/ILA. Such Participating Local Government is responsible for correcting the security violation, and for any damages or cost incurred as a result of such violation. That Participating Local Government may re-participate subject to Dallas County's discretionary administrative approval and after such violation has been corrected so as to prevent future and further violation of the security measures.

D. The withdrawal or termination of a Participating Local Government from this MOU/ILA does not constitute a withdrawal or termination by the Participating Local Government from any other interlocal government projects.

E. The withdrawal or termination of a Participating Local Government from this MOU/ILA does not affect the validity of this MOU/ILA as to the remaining Participating Local Governments.

V.
DATA OWNERSHIP, ACCESS, SECURITY AND STORAGE

A. Ownership of Data. It is the intention of the Parties that Dallas County will remain the custodian and owner for the Data that was created in or submitted for AIS, unless expressly agreed in writing otherwise.

B. Use and Disclosure of Data. The Parties acknowledge and agree that the Data shall not be used by the Parties other than in connection with the performance of this MOU/ILA, as required by law, or as contemplated by the Parties under this MOU/ILA. Additionally the Parties agree that the Data shall not be disclosed, sold, assigned, leased or otherwise provided to third parties, or commercially exploited by or on behalf of the other Parties, their employees, officers, agents, subcontractors, invitees, or assigns in any respect without the express written approval of Dallas County. Dallas County shall share and report the Participating Local Governments' Data in accordance with the law.

C. Responding to the Public's Requests for Information or Data. Dallas County shall be responsible for responding to the requests for any AIS Data. In the event a Participating Local Government receives a request for Data belonging Dallas County, the request must be forwarded by the receiving Party to Dallas County within three (3) business days of receipt. Participating Local Governments shall contractually bind other entities or subcontractors who have access to AIS under this MOU/ILA to observe the same restrictions on the use and disclosure of Data belonging Dallas County in accordance with this MOU/ILA.

D. Data Storage. Dallas County shall provide a secured redundant data storage for law enforcement Data covered under this MOU/ILA. Data storage is backed up nightly by Dallas County Technical Services and by Dallas County Database Administration. Database audit records will be retained by the system for one year. The Dallas County Database Administration will provide support to the AIS data bases and/or data warehouse.

E. Security and Access of Data.

1) Each Participating Local Government must define and set security and access rules for itself that will limit access or use of database to specified law enforcement personnel, for law enforcement purposes only, and that will minimally meet the standards outlined in the sample Security and Access of Data Procedure outlined in Exhibit A, which is attached and incorporated into this MOU/ILA for all purposes by reference.

2) Dallas County shall require every Participating Local Government's agents, employees, contractors, or subcontractors who will have access or potentially have access to Criminal Justice Information (CJI) pursuant to this MOU/ILA to maintain compliance with the Federal Bureau of Investigation's Criminal Justice Information Services (CJIS) Security Policy 5.6, as amended. All Parties to this

MOU/ILA are responsible for their individual compliance with the Federal Bureau of Investigation's Criminal Justice Information Services (CJIS) Security policy and the Texas Department of Public Safety policies, as amended.

Furthermore, Dallas County in its sole discretion shall make a determination based upon Texas Commission on Law Enforcement (TCOLE) peace officer criminal history screening rules (Title 37, Texas Administrative Code, Chapter 217) to determine eligibility for systems access for all Participating Local Government's agents, employees, contractors, or subcontractors related to this MOU/ILA. This shall include criminal background checks and fingerprint identification.

F. Survival. The provisions of this Article V shall survive any termination, cancellation, withdrawal, or expiration of this ILA.

VI.
MAINTENANCE AND HELPDESK

AIS was built with hardware and software redundancy. Unless there is a production problem, new software release upgrade, and/or regulatory updates, the system runs "24/7." Participating Local Governments will report any access and software problems through their respective AIS Administrators. The AIS Administrators will be able to report problems through contacting the Dallas County Help Desk on the AIS Contact List.

Any system down issue must be first addressed with Participating Local Government IT and/or Network Services before they may be reported to the Dallas County Help Desk. Dallas County IT Network Services will report any system-down occurrence and subsequent back-to-running status to each Party's AIS Administrator for the Party's internal distribution.

Access password and I.D. problems will be handled by the Party's AIS Administrator. Functional access in the AIS is dependent upon role and responsibilities of the law enforcement position. Unless Dallas County has provided network access or internet pipes to AIS, each Participating Local Government is responsible for its interface software and network at its sole cost and expense.

Dallas County shall:

- Provide a minimum of 256 bit encryption security
- Provide Backup databases
- Maintain hardware, AIS, and databases
- Provide limited "training to the trainers"

VII.
WARRANTIES

No Party to this MOU/ILA warrants the availability, accuracy, quality, reliability or fitness for a particular purpose of any Data made available under this MOU/ILA. Third party warranties or guarantees may inure to the benefit of the parties to a particular project if such are contractually secured as part of such project; however, no Party to this MOU/ILA shall be held liable for a warranty or guarantee offered by a third party, if any. All conditions, representations and warranties, whether express, implied, statutory or otherwise, including, without limitation, any implied warranty or merchantability, fitness for a particular purpose, or non-infringement of third party rights, are hereby disclaimed by all Parties to this MOU/ILA to the maximum extent permitted by applicable law.

Survival. This Article VII. shall survive any termination, cancellation, withdrawal, or expiration of this MOU/ILA.

VIII.
LIMITATIONS OF USE OF AIS

The AIS and related resources that have been made accessible through this MOU/ILA, shall only be used for the specific purpose under this MOU/ILA, and shall not be made available to other persons or entities not a Party to this MOU/ILA. No party may license, sublicense, lease, sell, resell, transfer, assign, or distribute a resource, license, or intellectual property being used under this MOU/ILA except as may be permitted by this MOU/ILA or another controlling written agreement.

Survival. The provisions of this Article VIII shall survive any termination, cancellation, withdrawal, or expiration of this MOU/ILA.

IX.
NOTICE

Any and all notices to be given under this MOU/ILA by a Participating Local Government shall be deemed to have been given if reduced to writing and delivered in person or mailed by overnight or certified mail, return receipt requested, postage pre-paid, to the Parties at the addresses set forth on the signatory pages below or to such other addresses designated in writing to all the Participating Local Governments. Any notice required hereunder shall be deemed to have been given three (3) days subsequent to the date it was so delivered or mailed.

X.
AMENDMENT

This MOU/ILA may not be amended except in a written instrument specifically referring to this MOU/ILA and signed by the Parties hereto. Any modification, alteration, addition or deletion to

the terms of this MOU/ILA which are required by changes in federal or state law are automatically incorporated herein without written amendment to this MOU/ILA and shall be effective on the date designated by said law.

XI.
CURRENT REVENUE

The Parties hereby warrant that all payments, expenditures, contributions, fees, costs, and disbursements, if any, required of each Party hereunder or required by any other agreements, contracts and documents executed, adopted, or approved pursuant to this MOU/ILA, which shall include any exhibit, attachment, addendum or associated document, shall be paid from current revenues and resources available to each paying Party. The Parties hereby warrant that no debt is created by this MOU/ILA.

XII.
FISCAL FUNDING

The obligations of the Participating Local Governments pursuant to this MOU/ILA are contingent upon the availability and appropriation of sufficient funding. Any Party may withdraw from this MOU/ILA without penalty in the event funds are not available or appropriated. However, no Party will be entitled to a refund of amounts previously contributed in the event of withdrawal for lack of funding, unless expressly agreed in writing by the affected Parties.

XIII.
APPLICABLE LAW

This MOU/ILA shall be expressly subject to the participating Parties' sovereign immunity and other governmental immunity and all applicable federal and state law. This MOU/ILA shall be governed by and construed in accordance with the laws of the State of Texas. Venue shall lie exclusively in Dallas County, Texas.

XIV.
SEVERABILITY

In the event that one or more of the provisions contained in the MOU/ILA shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability of the MOU/ILA shall be construed as if such invalid, illegal or unenforceable provision has never been contained herein, but shall not affect the remaining provisions of this MOU/ILA, which shall remain in force and effect.

XV.
ASSIGNMENT

The Parties may not assign their respective rights and duties under this MOU/ILA without the prior written consent and/or approval of the remaining Participating Local Governments, even if

such assignment is due to a change in ownership or affiliation. Any assignment attempted without such prior consent and approval by the remaining Participating Local Governments shall be null and void.

Survival. The provisions of this Article XV shall survive any termination, cancellation, withdrawal, or expiration of this MOU/ILA.

XVI.
ENTIRE AGREEMENT

This MOU/ILA, including any and all exhibits, attachments, and addendums incorporated as a part hereof, shall constitute the entire agreement relating to the subject matter herein between the Parties and supersedes any prior agreement or other agreement concerning the subject matter of this transaction, whether oral or written. Each Party acknowledges that the other Parties, or anyone acting on behalf of the other Parties, have made no representations, inducements, promises or agreements, orally or otherwise, unless such representations, inducements, promises or agreements are embodied in this MOU/ILA, expressly or by incorporation.

XVII.
RESPONSIBILITIES

All Parties agree to be responsible each for their own negligent acts or omissions, or other tortious conduct in the course of performance of this MOU/ILA without waiving any sovereign immunity, governmental immunity or other defenses available to the Parties under federal or State law. Nothing in this paragraph shall be construed to create or grant any rights, contractual or otherwise, in or to any third persons or entities. All Parties agree that any such liability or damages occurring during the performance of this MOU/ILA caused by the joint or comparative negligence of the Parties, or their employees, agents or officers, shall be determined in accordance with comparative responsibility laws of Texas.

EXHIBIT A
GENERAL SECURITY AND ACCESS OF DATA PROCEDURES

The following list serves as minimum requirements for the security and access of law enforcement data via AIS pursuant to this MOU/ILA among the Participating Local Governments.

- Each Participating Local Government ("PLG") must actively take responsibility for the management and the security of the Data. Data sharing among PLGs via the Dallas County Adult Information System ("AIS") will depend on adhering to professional standards, integrity, communication, and cooperation.

- Each PLG must establish review and approval procedures for its user access. Each PLG must assign a unique AIS ID and Password to each authorized user for purposes of an audit trail.

- Under each PLG's highest local executive authority, the respective AIS Administrator controls and maintains the user access to AIS. The AIS Administrator will:

  - Only authorize access to employees of Administrator's PLG, and maintain a current list of authorized users

  - Review and update all of the ORG-IDs system tables and individual user's access, roles, and permissions

  - Ensure PLG's sensitive public integrity reports are correctly flagged and/or encrypted in AIS

  - Immediately cancel user's access to AIS when user is no longer associated with PLG or is placed on administrative leave

  - Act as primary contact to Dallas County Help Desk on access problems and / or application issues

  - Act as the main contact for testing support, update notification, and testing of new releases and production issues

  - Organize all appropriate training

  - Monitor AIS use and abuse by its own users

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	May 6, 2019
APPLICANT:	Bill Bricker, *Columbia Development Company, LLC*
CASE NUMBER:	P2019-018; *Park Place West, Phase III Addition*

SUMMARY

Consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of a replat for the Park Place West, Phase III Addition containing 85 single-family lots on a 24.439-acre tract of land being located in the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 59 (PD-59) for Single-Family 7 (SF-7) District land uses, generally located at the terminus of Park Place Boulevard, and take any action necessary.

PLAT INFORMATION

☑ The applicant is requesting to replat Park Place West, Phase III Addition for the purpose of combining four (4) lots (*i.e. Lots 13 & 14, Block C and Lots 7 & 8, Block D*) into two (2) lots (*i.e. Lots 25, Block C, and Lot 14, Block D*), and to adjust various drainage and sanitary sewer easements (*i.e. re-align the easements*) in the subdivision.

☑ On October 18, 2004, the City Council approved *Ordinance 04-59* [*Case No. Z2004-034*], which established the development standards for the Park Place Subdivision (*i.e. Planned Development District 59 (PD-59*). This was amended on December 11, 2006, by *Ordinance 06-51* [*Case No. Z2006-023*].

☑ On April 16, 2018, the City Council approved a final plat laying out 82 lots and establishing the Park Place West, Phase III Addition.

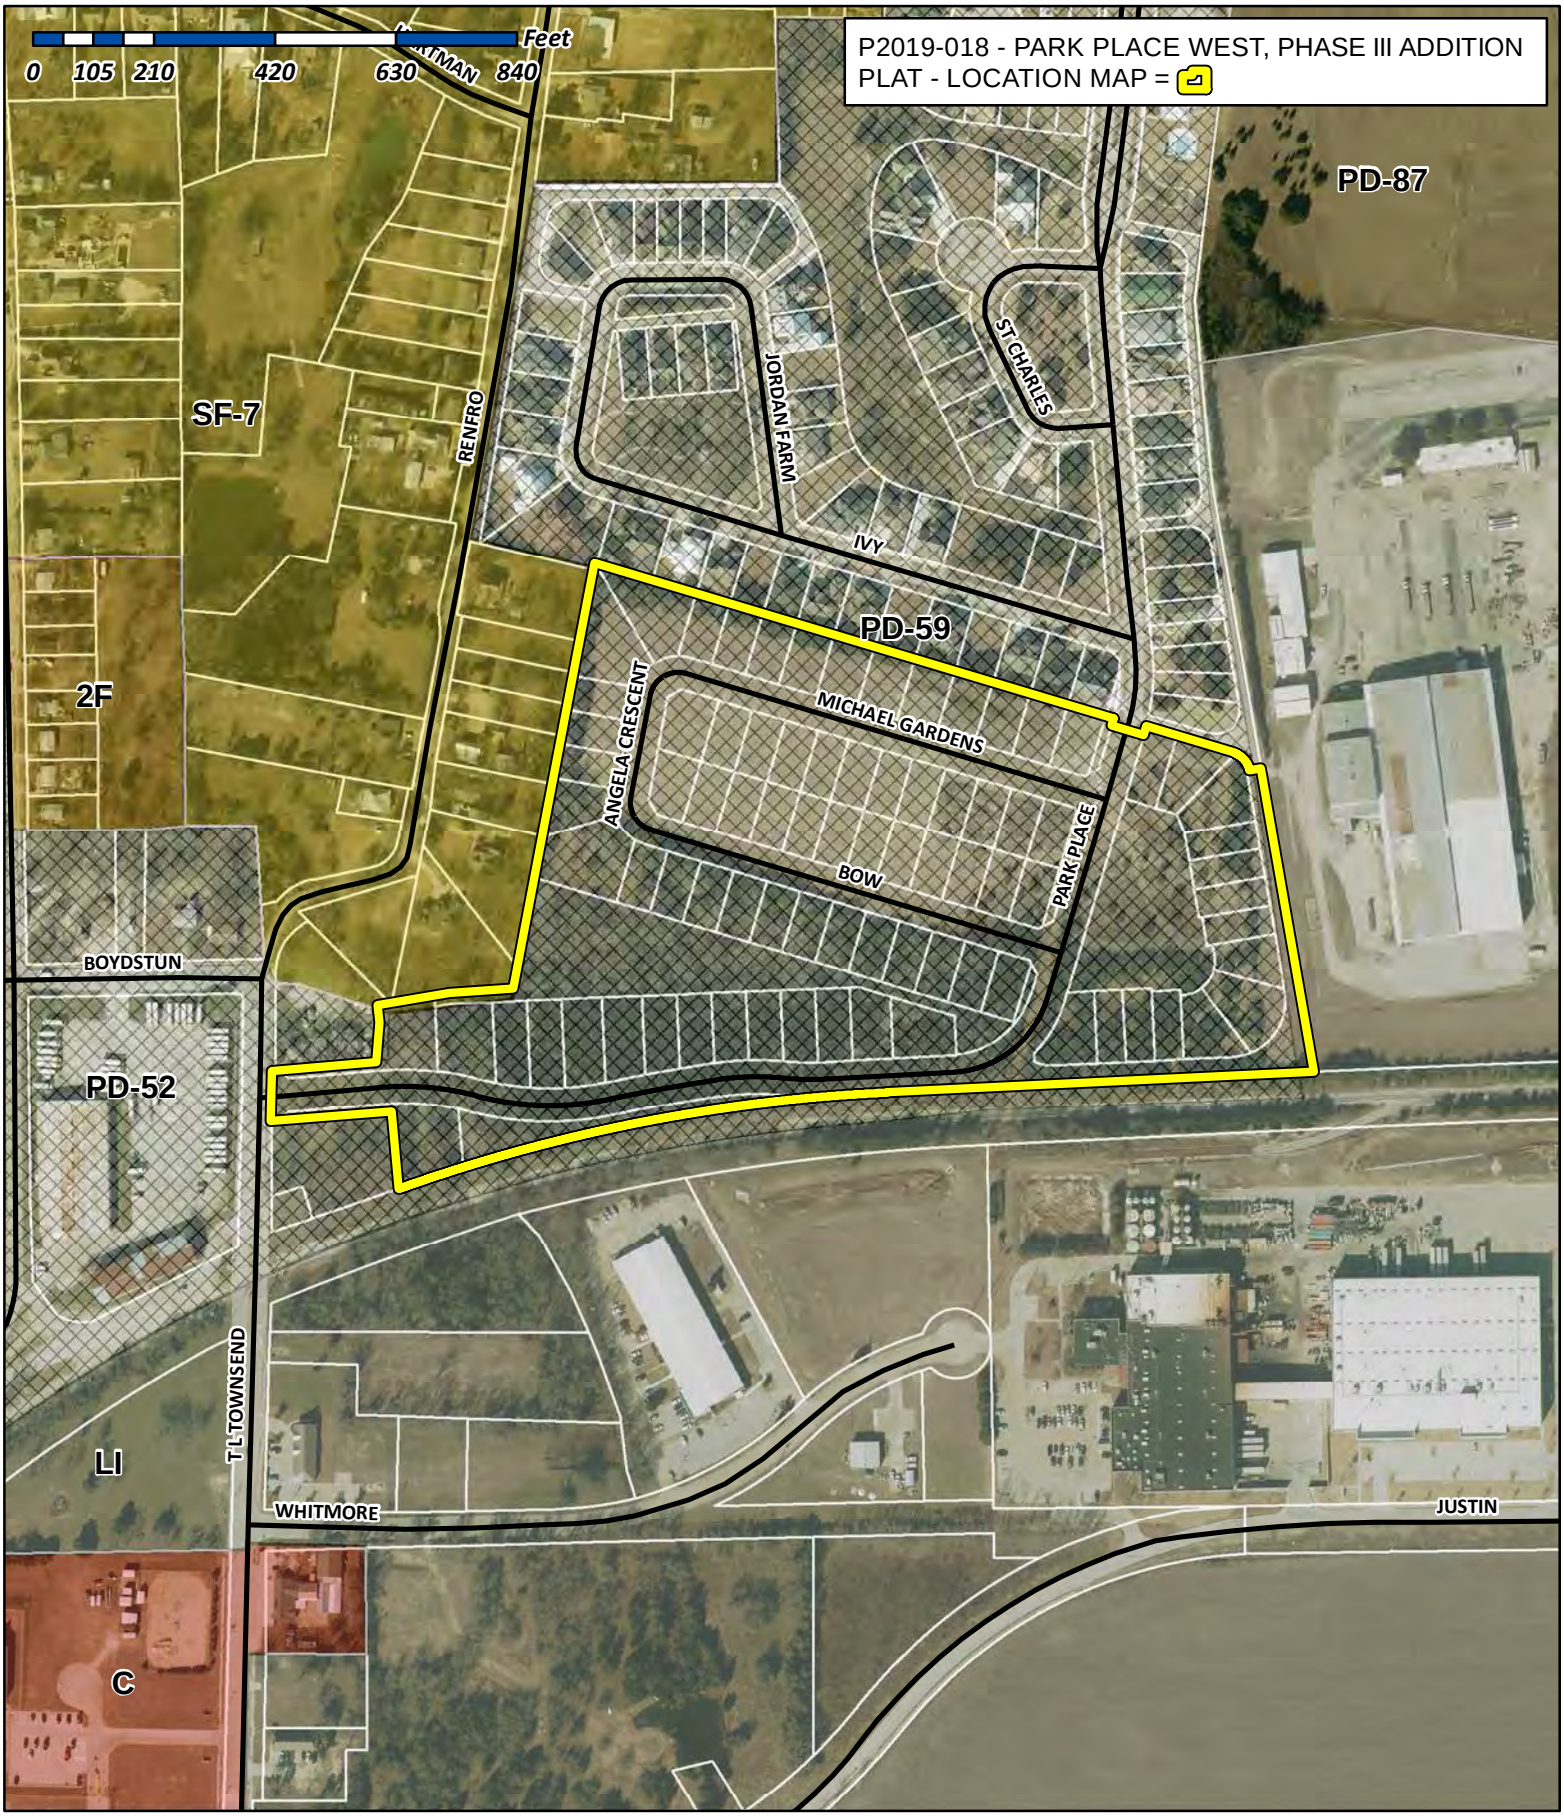
☑ The proposed replat generally conforms to the concept plan approved by the City Council on December 11, 2006 under *Case No. Z2006-023* [*Ordinance No. 06-51*].

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

CONDITIONS OF APPROVAL



If the City Council chooses to approve the *replat* for *Park Place West, Phase III Addition*, staff would propose the following conditions of approval:

(1) The *replat* shall conform to all requirements stipulated by the Planning, Engineering and Fire Departments;

(2) Any construction resulting from the approval of this plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On April 30, 2019, the Planning and Zoning Commission's motion to recommend approval of the *replat* with staff's *Conditions of Approval* passed by a vote of 6-0 with Commissioner Logan absent.

NOTES:

1. The purpose of this Amending Plat is to combine 4 lots into 2 lots, abandon easement and dedicate easement.

2. It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have bee accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

3. Basis of Bearings: Bearings are based on the Final Plat of PARK PLACE WEST PHASE III ADDITION recorded in Cabinet J, Slide 345 - 347, Plat Records Rockwall County, Texas.

4. FLOOD STATEMENT: According to Community Panel No. 48397C0040L, dated September 26, 2008 of the Federal Emergency Management Agency, National Flood Insurance Program map this property is within Flood Zone "A" which is the area of 100-year flood with base flood elevations and flood hazard factors determined. The location of Flood Zone "A" shown hereon is approximate and is for informational purposes only and shall not create liability on the part of the Surveyor as to it's accuracy.

5. Property owner/HOA is responsible for all maintenance and repair of Open Space and Drainage Easements.

6. NOTICE: Selling a portion of this addition by metes and bounds is a violation of city subdivisions ordinance and state platting statues and is subject to fines and withholding of utilities and building certificates.

THENCE continuing with the south line of said *PARK PLACE PHASE III* and the north line of said *DALLAS GARLAND AND NEW ORLEANS RAILROAD* said curve to the left through a central angle of **17°03'11"** for an arc length of **867.62** feet to a ½ inch iron rod found for the southerly southwest corner of said *PARK PLACE PHASE III*;

THENCE departing the north line of said *DALLAS GARLAND AND NEW ORLEANS RAILROAD* and continuing with the south line of said *PARK PLACE PHASE III*, **NORTH 04°28'08" WEST** a distance of **134.71** feet to a 5/8 inch iron rod set for corner;

THENCE continuing with the south line of said *PARK PLACE PHASE III*, **SOUTH 85°56'53" WEST** a distance of **210.88** feet to the ***PLACE OF BEGINNING***;

CONTAINING within these metes and bounds ***24.439 acres*** or *1,064,546* square feet of land more or less.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL

We, **COLUMBIA DEVELOPMENT COMPANY, LLC**, the undersigned owners of the land shown on this plat, and designated herein as **PARK PLACE PHASE III ADDITION** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the **PARK PLACE PHASE III ADDITION** subdivision have been notified and signed this plat. We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;

7. Property owner is responsible for maintenance, repair, and replacement of all detention/drainage facilities in easements;

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, my (our) successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	May 06, 2019
APPLICANT:	Mike Samples
CASE NUMBER:	P2019-019; *Lot 11, Block A, 205 Business Park Addition*

SUMMARY

Consider a request by Mike Samples for the approval of a final plat for Lot 11, Block A, 205 Business Park Addition being a 1.50-acre tract of land identified as Tract 2-16 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 125 National Drive, and take any action necessary.

PLAT INFORMATION

- ☑ The objective of this request is to final plat Lot 11, Block A, of the 205 Business Park Addition for the purpose of constructing a 4,837 SF metal building, and to add the necessary drainage easements for the development of this site. The subject property is a 1.50-acre tract of land identified as Tract 2-16 of the J. R. Johnson Survey, Abstract No. 128 and is addressed as 125 National Drive. According to the City's historic zoning maps, the property has been zoned Heavy Commercial (HC) District since at least April 5, 2005.

- ☑ On August 31, 1999, the City Council approved an ordinance [*i.e. Ordinance No. 99-33*] annexing the subject property, and other properties along National Drive.

- ☑ On July 10, 2018, the Planning and Zoning Commission approved a site plan [*i.e. Case No. SP2018-018*] and forwarded a recommendation of approval for certain variances associated with the material composition and articulation of the structure. These variances were approved by the City Council on July 16, 2018.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

- ☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

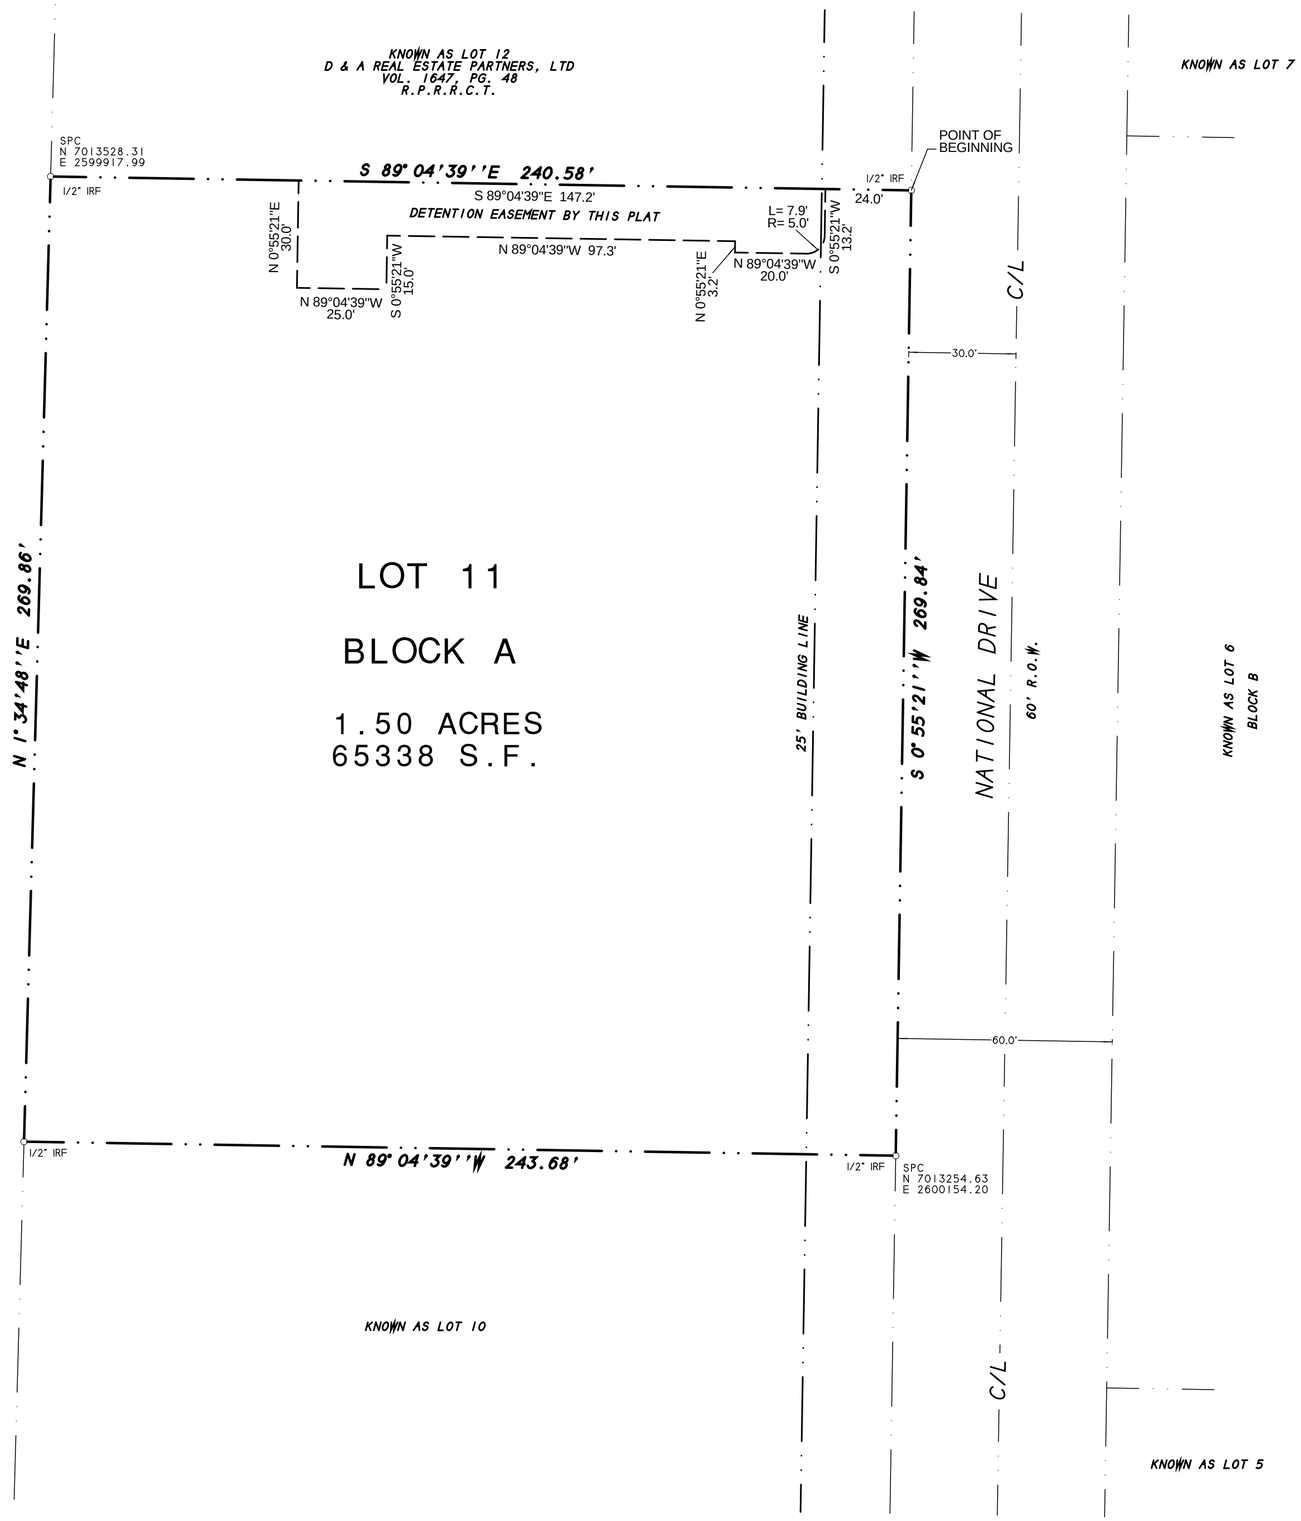
CONDITIONS OF APPROVAL

If the City Council chooses to approve the final plat for *Lot 11, Block A, 205 Business Park Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION



On April 30, 2019, the Planning and Zoning Commission's motion to recommend approval of the final plat for *Lot 11, Block A, 205 Business Park Addition* with staff conditions passed by a vote of 6 to 0 with Commissioner Logan absent.

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS RACK PARTNERS LTD, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the J.R. JOHNSON SURVEY, ABSTRACT NO. 126, City of Rockwall, Rockwall County, Texas, and being known as Lot 11, Block A of ROCKWALL 205 BUSINESS PARK ADDITION, and being the same tract of land as described in a Warramty deed to RACK PARTNERS LTD, dated September 14, 2006 and being recorded in Volume 4757, Page 139 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at 1/2" iron rod found for corner in the west right-of-way line of National Drive, a 60 foot right-of-way at the northeast corner of Lot 11, Block A, said Rack Partners LTD tract;

THENCE S. 00 deg. 55 min. 21 sec. W. along said right-of-way line, a distance of 269.84 feet to a 1/2" iron rod found for corner;

THENCE N. 89 deg. 04 min. 39 sec. W. along the south line of Lot 11, a distance of 243.68 feet to a 1/2" iron rod found for corner at the southwest corner of Lot 11;

THENCE N. 01 deg. 34 min. 48 sec. E. a distance of 269.86 feet to a 1/2" iron rod found for corner at the northwest corner of Lot 11;

THENCE S. 89 deg. 04 min. 39 sec. E. along the north line of Lot 3, a distance of 240.58 feet to the POINT OF BEGINNING and containing 65,338 square feet or 1.50 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as 205 BUSINESS PARK, LOT 11, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Mayor and Council Members

FROM: Hotel Occupancy Tax Sub-committee Members
Mary Smith, Assistant City Manager

DATE: April 26, 2019

SUBJECT: Texas Chamber of Commerce Executives Conference Bid

The City received an application for hotel occupancy taxes from the Chamber of Commerce as they prepare to bid on the Texas Chamber of Commerce Executives annual conference in June 2021. The Chamber will prepare and present a short video about Rockwall and have an exhibit at the conference in El Paso in June 2019. Attendees will vote on the location for the 2021 conference among those vying for the event and the results will be announced at the end of this year's conference. Their total request is for $1,00.

Prior to Council action on the above, the Hotel Occupancy Tax budget is as follows:

Fund Balance carried forward	**$ 17,904**
Budgeted Revenues	**833,000**
Previously Allocated Funding	**(510,960)**
Projected Fund Balance	**$ 339,944**

Subcommittee members, Dana Macalik, Kevin Fowler, and Bennie Daniels can answer any questions the Council may have regarding their recommendation. Council is asked to consider approval of the funding as recommended by the subcommittee.

April 26, 2019

Ms. Mary Smith
C/O Rockwall City Council
City of Rockwall Finance Office
385 South Goliad
Rockwall, TX 75087

Dear Mary and City Council Members:

This packet includes (1) request for Hotel Occupancy Tax funds and it is:

Funds to Promote Rockwall as host city for 2021 TCCE Annual Convention- $1400

Total	$1,400

The Rockwall Area Chamber and Visitor Center is pleased to apply for this funding to promote Rockwall, TX as the official host City for the TCCE (Texas Chamber of Commerce Executives) 2021 Annual Conference.

TCCE has a rich history of offering top notch professional development educational opportunities and we believe that Rockwall is the ideal location to host this group in 2021.

The funds requested will be used this June at the 2019 TCCE Annual Convention in El Paso, TX. They will be used to produce a video and to participate in a booth as required by TCCE to offer our presentation.

Please call me if you have any questions regarding this request.

Sincerely,

Darby Burkey

President/CEO

- **COMPLETE AN APPLICATION FOR EACH EVENT/PROGRAM/EXHIBIT REQUESTING FUNDS**
- **INCOMPLETE APPLICATIONS WILL NOT BE FORWARDED TO THE COUNCIL SUBCOMMITTEE**

1. Mark an "X" next to the category or categories that your organization is requesting funds in the attached budget request.

X Advertising/Tourism Requested funding amount $ $1400

7. What specific market will you target with the event/program's marketing plan? Attach up to 3 examples and evidence of marketing area and readership (Label Exhibit C).
This presentation is specifically marketed to TCCE leadership and attendees of the 2019 Annual Conference. There will be approximately 300 in attendance.

8. The City of Rockwall must require segregated accounting of its Hotel funds. Organizations must maintain and account for revenue provided from the tax authorized by section 351.101(a) within one of the two options listed below.
   a) Separate checking account without combining with any other revenues or maintained in any other bank account or
   b) Maintain a line item accounting, whereby the Hotel revenues may not be combined with any other revenues or expenditures. The funds may be maintained in the same bank account, provided they are reported as a separate line item in the organization's budget. Interest earned on the Hotel revenues must be used to support the event/program as well.

   Will the organization be able to segregate the accounting process in either a) or b) above? Yes

9. Provide all of the following documentation with this application and label each as outlined below.

Exhibit A	Proposed budget for each event/program using attached form
Exhibit B	Letter of determination certifying federal tax exempt 501(c)(3) status
Exhibit C	Examples and evidence of marketing area and readership (limit 3)
Exhibit D	List members of the governing body including name, position, mailing address and phone number
Exhibit E	W-9 Form https://www.irs.gov/pub/irs-pdf/fw9.pdf?
Exhibit F	Form 1295 https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm

We certify, to the best of our ability, that the information in this application, including all exhibits and supporting documentation is true and correct to the best of our knowledge. It is understood and agreed that any funds awarded as a/ result of this application will be used for the purpose set for herein and the program guidelines.

Conducting solicitation or promotional programs that encourage tourists and delegates to come to the City of Rockwall.

☐ **Arts** **Requested funding amount $**
Providing encouragement, promotion, improvement and application of the arts as it relates to the presentation, performance execution or exhibition of the major art forms in the City of Rockwall.

☐ **Historical** **Requested funding amount $**
Providing historical restoration, preservation, programs and encouragement to visit preserved historic sites or museums located in the City of Rockwall.

2. Describe the program or event for the upcoming fiscal year (Oct. 1 2018 – Sept. 30, 2019) that you are requesting Hotel Tax funding. What is your event and why are you having it?
We will be presenting and pitching the concept of Rockwall to secure and be officially named the host city of the 2021 TCCE Annual Convention. This presentation will take place at the 2019 TCCE Conference in El Paso, TX on Thursday, June 20, 2019.

3. How does the event/program meet the definition of the categories listed in Item No. 1 above (promotion of tourism and the hotel industry in the City of Rockwall)?
This project directly supports tourism and our hotel industry by bringing in approximately 300 visitors to our City that will be needing and securing lodging. There will be an official hotel block set up to track the attendance and record of monies spent while at the hotel generated specifically for this event in 2021. There will be ample 'free time' for visitors to experience other amenities that Rockwall has to offer, such as our Harbor District and beautiful Historic Downtown District.

4. Is the event/program that the organization is requesting Hotel Tax funds held in/on City-owned property?
No Name location: The solicitation presentation will be held in El Paso, TX

5. Will your organization provide special event insurance coverage for the event/program if held on City property?
N/A Name of Insurance Company:

6. Provide 3 years attendance history for the above listed programs, activities, exhibits or event described in Item No. 2 above.

Event	Year	Event Duration (in Days)	Audience Size	# of Attendees in hotel rooms

I. R. Code: Section 501(c)(6)
Address Inquiries with District Director of Internal Revenue: Dallas, Texas
Accounting Period Ending: June 30

Gentlemen:

On the basis of your stated purposes and the understanding that your operations will continue as evidenced to date or will conform to those proposed in your ruling application, we have concluded that you are exempt from Federal income tax under the provisions of the Internal Revenue Code section indicated above. Any changes in operations from those described, or in your character or purposes, must be reported immediately to your District Director for consideration of their effect upon your exempt status. You must also report any change in your name or address.

You are not required to file Federal income tax returns so long as you retain an exempt status, unless you are subject to the tax on unrelated business income imposed by section 511 of the Code, in which event you are required to file Form 990-T. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You are required to file Form 990, Return of Organizations Exempt from Income Tax, only if your gross receipts each year are normally more than $5,000. If a return is required it must be filed by the 15th day of the fifth month after the end of your annual accounting period. The law imposes a penalty of $10 a day, to a maximum of $5,000, for the failure to file the return on time.

Unless specifically excepted, you are liable for taxes under the Federal Insurance Contributions Act (Social Security taxes) on remuneration of $50 or more to each of your employees during a calendar quarter and,

90

The Rockwall Chamber of Commerce

unless excepted, you are also liable for tax under the Federal Unemployment Tax Act on remuneration of $50 or more to each of your employees during a calender quarter if, during the current or preceding calendar year, you have one or more employees at any time in each of 20 calendar weeks or pay wages of $1,500 or more in any calendar quarter. If you have any questions about excise, employment, or other Federal taxes, please address them to this office.

As a chamber of commerce, charitable contributions to you are not deductible by donors. You should advise your contributors to that effect.

If we may be of further assistance, please contact Roy H. Schellenberg, 214-749-3693.

This is a determination letter.

Sincerely yours,

A. W. McCanless

CITY OF ROCKWALL

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
CC:	Rick Crowley, *City Manager* Mary Smith, *Assistant City Manager* Joey Boyd, *Assistant City Manager*
FROM:	Ryan Miller, *Director of Planning and Zoning*
DATE:	May 6, 2019
SUBJECT:	Water, Wastewater, and Roadway Impact Fee Study

On April 1, 2019, the City Council approved a contract for professional services with Freese & Nichols, Inc. for the purpose of updating the City's impact fees for roadway facilities. In addition, the Engineering Department has engaged Bickoff, Hendricks & Carter LLP for the purpose of updating impact fees for water and wastewater facilities. Chapter 395, *Financing Capital Improvements Required by New Development in Municipalities, Counties, and Certain Other Local Governments*, of the Texas Local Government Code (TLGC) requires that the City Council appoint a Capital Improvements Advisory Committee (CIAC) to serve in advisory capacity to the City Council. In past updates, the City Council has appointed the Planning and Zoning Commission as the CIAC. According to Section 395.058 of the TLGC:

If the political subdivision has a planning and zoning commission, the commission may act as the advisory committee if the commission includes at least one representative of the real estate, development, or building industry who is not an employee or official of a political subdivision or governmental entity.

Currently, Commissioners John Womble, Tracey Logan, and Jerry Welch meet the requirements of being a representative from the real estate, development, and/or building industry. As an alternative, Chapter 395.058 of the TLGC states that the City Council can appoint an ad-hoc committee of at least five (5) members where a minimum of 40% of the memberships consists of representatives of the real estate, development, or building industries. In addition, the committee would need to consist of a minimum of one (1) representative from the City's Extraterritorial Jurisdiction (ETJ).

Since the City's Planning and Zoning Commission meets the requirements of the TLGC, City staff would recommend that the City Council consider appointing the Planning and Zoning Commission as the CIAC as opposed to an ad-hoc committee; however, this is a discretionary decision for the City Council. Should the City Council choose to appoint the Planning and Zoning Commission, staff has included a resolution attached to this memorandum that would make this appointment. If the City Council has any questions, staff will be available at the *May 6, 2019* City Council meeting.

CITY OF ROCKWALL

RESOLUTION NO. 19-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AUTHORIZING AN UPDATE TO THE IMPACT FEE PROGRAM FOR ROADWAY, WATER, AND WASTEWATER FACILITIES AND APPOINTING THE PLANNING AND ZONING COMMISSION AS THE CAPITAL IMPROVEMENTS ADVISORY COMMITTEE.

WHEREAS, the City of Rockwall currently imposes impact fees for roadway, water, and wastewater facilities pursuant to its authority granted under Chapter 395, *Financing Capital Improvements Required by New Development in Municipalities, Counties, and Certain Other Local Governments*, of the Texas Local Government Code (*"Ch, 395 of the TLGC"*) and Article III, *Impact Fee Regulations*, of Chapter 38, *Subdivisions*, of the City of Rockwall Municipal Code of Ordinances; and

WHEREAS, the City Council of the City of Rockwall intends to update its Land Use Assumptions, Impact Fees, and Capital Improvements Plan pursuant to the procedures contained in *Ch. 395 of the TLGC*; and

WHEREAS, the City Council of the City of Rockwall appoints the Planning and Zoning Commission as the Capital Improvements Advisory Committee (CIAC) in accordance with the requirements of *Ch. 395 of the TLGC*, and charges them to advise the City Council on the imposition of impact fees; and

WHEREAS, at least one (1) member of the Planning and Zoning Commission is a member of the development, real estate, and/or building industry; and

WHEREAS, the City Council of the City of Rockwall has determined that the use of impact fees facilitates quality development that is in accordance with the OURHometown Vision 2040 Comprehensive Plan, and the use of impact fees further promotes health, safety, and general welfare for the City of Rockwall and its citizens.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. RECITALS. The above recitals are found to be true and correct and they are incorporated as findings of the City Council for all purposes.

SECTION 2. CAPITAL IMPROVEMENTS ADVISORY COMMITTEE. The Planning and Zoning Commission is hereby appointed as the Capital Improvements Advisory Committee (CIAC), and is authorized to work with City staff to provide recommendations to the City Council on the imposition of impact fees.

SECTION 3. AUTHORIZATION. The Director of Planning and Zoning and the City Engineer/Director of Public Works are directed to commence the update of the Land Use Assumptions, Impact Fees, and Capital Improvements Plan, and procure such planning, engineering, and/or legal consultation deemed necessary to update the impact fee program for roadway, water, and wastewater facilities. This shall be paid for by the impact fees to be collected under the impact fee program.

DRAFT RESOLUTION 05-06-2019

SECTION 4. EFFECTIVE DATE. This *Resolution* shall be effective immediately following its passage and approval by the City Council.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE 6TH DAY OF MAY, 2019.

APPROVED:

_____

Jim Pruitt, *Mayor*

ATTEST:

_____

Kristy Cole, *City Secretary*

City of Rockwall
The New Horizon

MEMORANDUM

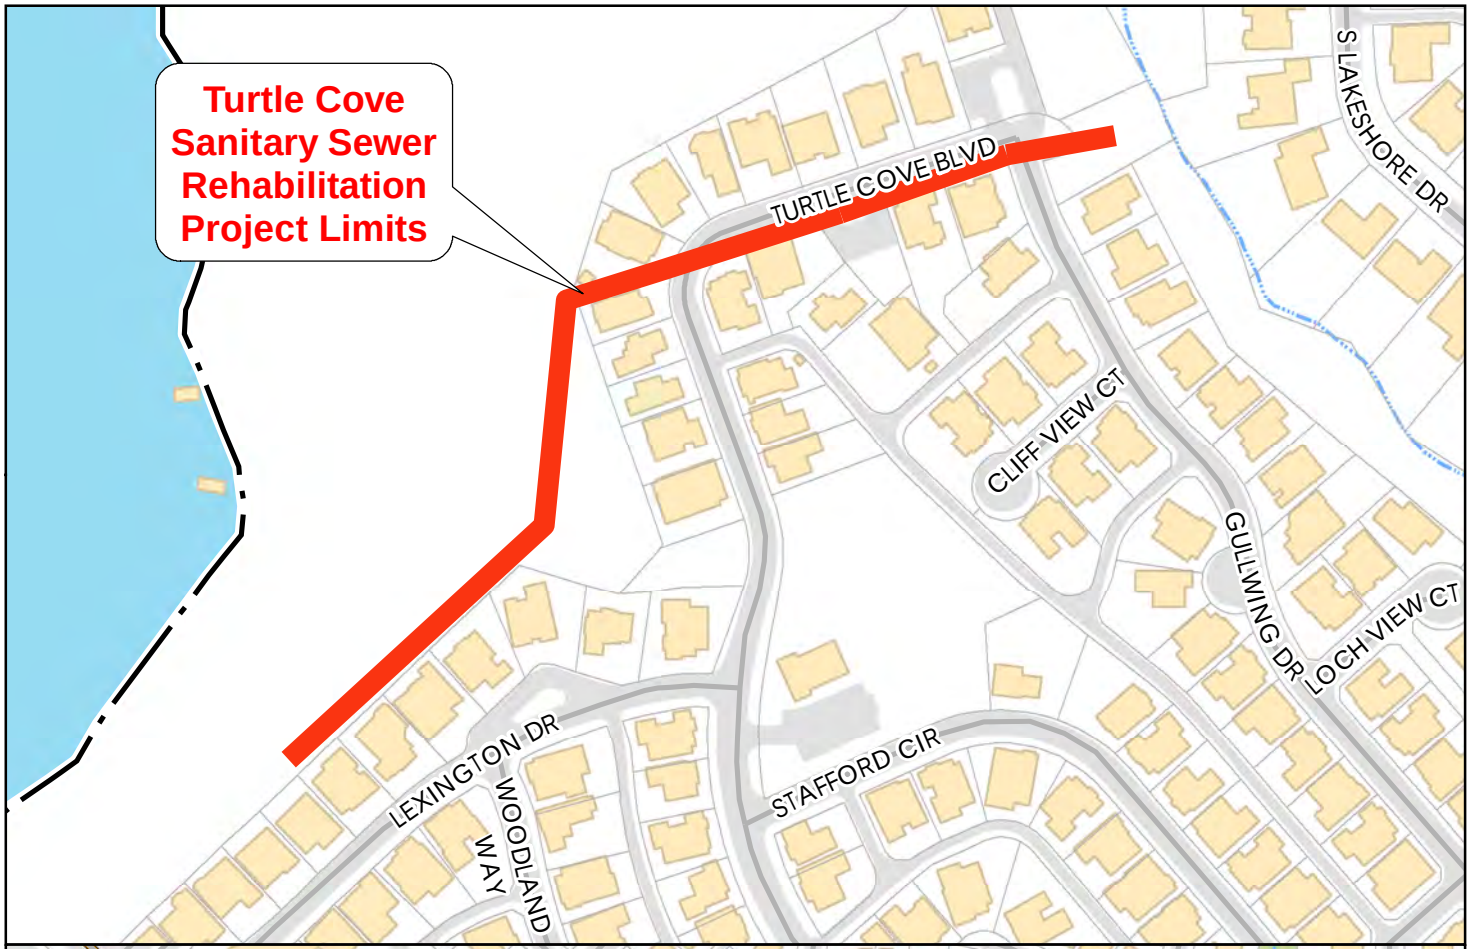
TO: **Rick Crowley, City Manager**

FROM: **Amy Williams, P.E., Director of Public Works/City Engineer**

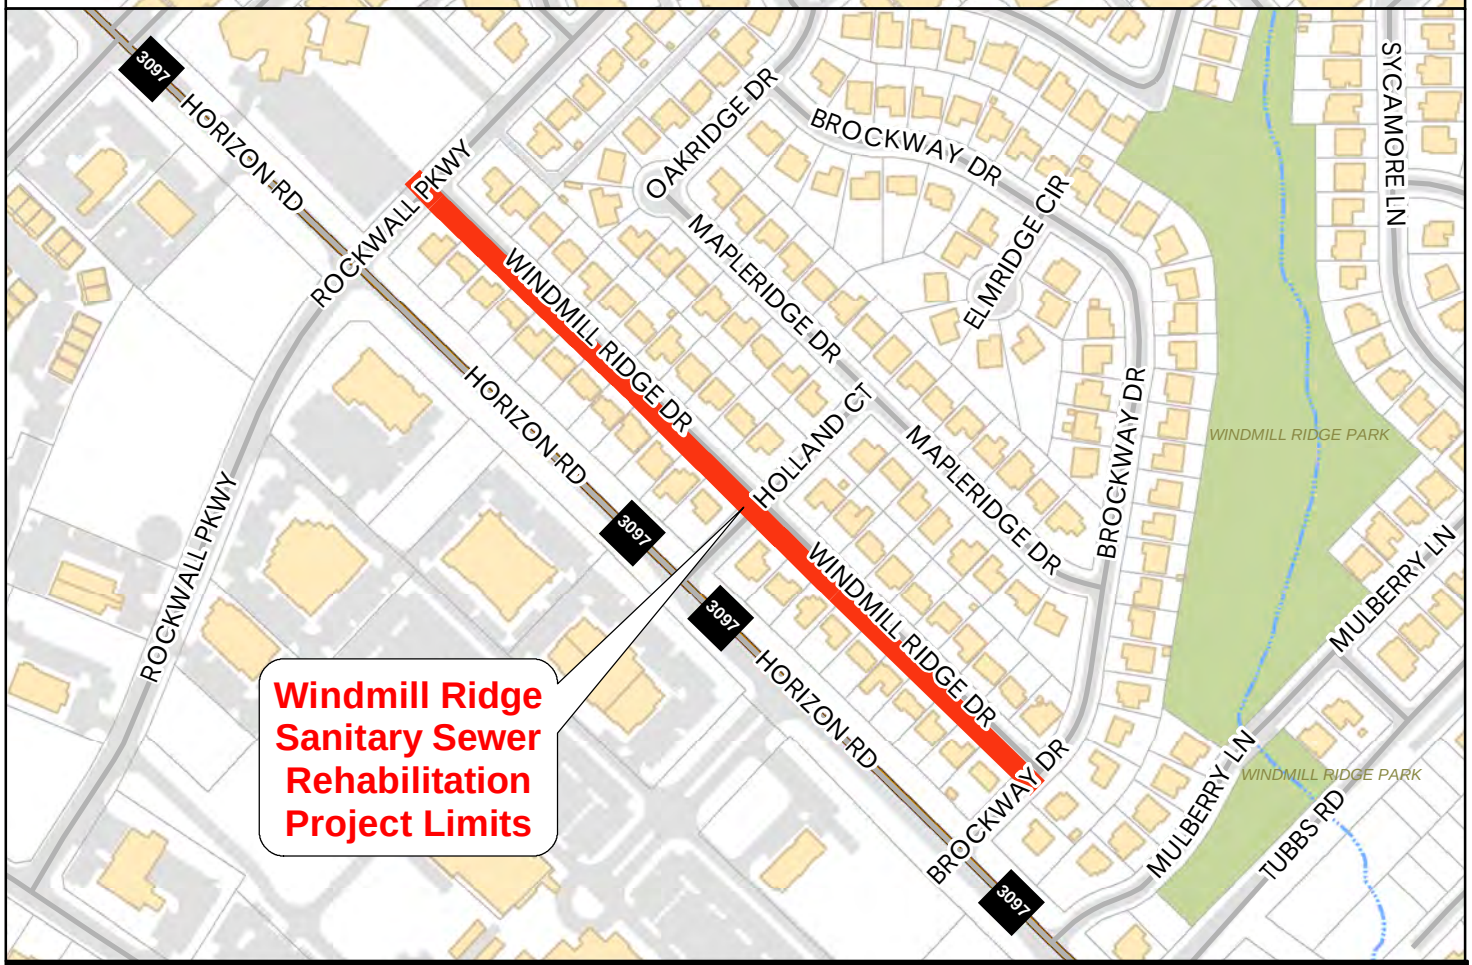
DATE: **April 29, 2019**

SUBJECT: **Professional Engineering Services Contract**
Turtle Cove and Windmill Ridge Sanitary Sewer Rehabilitation Project

The City of Rockwall performed a Wastewater Flow Monitoring Study to develop an accurate wastewater system model of the City. The Wastewater Flow Monitoring Study allowed for actual observed flows to be used to assist the City in identifying wastewater lines that need upsizing due to capacity constraints. As a result of the study, 1,400 linear foot section of wastewater line in the Turtle Cove Subdivision and 1,150 linear foot section in the Windmill Ridge Subdivision were identified as needing to upsized. The Turtle Cove and Windmill Ridge Sanitary Sewer Rehabilitation project would upsize the existing wastewater lines from and 10-inch to 12-inch diameter and a 6-inch to 8-inch diameter respectively.



Staff requested a proposal from Birkhoff, Hendricks and Carter, L.L.P. to provide the engineering design and specifications for this project. The engineering fee for the rehabilitation for the Turtle Cove and Windmill Ridge Sanitary Sewer Rehabilitation project is $79,420.00. The funding for the engineering of the project will be provided by the General Engineering Services Budget. Staff requests City Council consider approval of the professional engineering services contract for Birkhoff, Hendricks and Carter, L.L.P.to perform the engineering design services and specifications for the Turtle Cove and Windmill Ridge Sanitary Sewer Rehabilitation Project in an amount not to exceed $79,420.00, to be paid for out of Engineering and Sewer Operations Consulting Budget, and take any action necessary.



If you have any questions, please advise.

Turtle Cove & Windmill Ridge Sanitary Sewer Rehabilitation Project

STATE OF TEXAS ♦

♦

COUNTY OF ROCKWALL ♦

PROFESSIONAL ENGINEERING SERVICES CONTRACT

This Agreement is made and entered into in Rockwall County, Texas, between City of Rockwall, Texas ("CITY"), a municipal corporation and political subdivision of the State of Texas, acting by and through its City Manager and Birkhoff, Hendricks and Carter, L.L.P., ("ENGINEER"), located at 11910 Greenville Avenue, Suite 600, Dallas, Texas, Engineers duly licensed and practicing under the laws of the State of Texas.

WHEREAS, CITY desires to engage Engineer as an independent contractor to render certain technical and professional services necessary for performing:

PROFESSIONAL ENGINEERING SERVICES for the Turtle Cove and Windmill Ridge Sanitary Sewer Rehabilitation project.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, the Parties hereby agree as follows:

1. Scope of Work

Engineer agrees to perform professional engineering services as specifically defined in this Contract as Attachment "A" and as authorized by CITY. Specifically, Engineer shall perform Professional services as requested by CITY and defined in Attachment "A".

The Parties by mutual agreement through contract amendments may provide for additional technical and professional services to be performed under the basic general terms and conditions of this Contract. CITY reserves the right to enter into another agreement with other engineering firms to provide the same or similar professional services during the term of this Contract for different projects.

2. Compensation & Term of Agreement

Cost for such services will be an amount not to exceed Seventy-Nine Thousand Four-Hundred and Twenty dollars ($79,420.00) and billed in accordance with the payment schedule provided in Attachment "B". Engineer is not authorized to perform any work beyond the limited not to exceed amount without authorized written approval by CITY.

The term of this Agreement shall commence upon execution of this agreement and follow the schedule described in Attachment "C". In the event of termination, Engineer will assist the CITY in arranging a smooth transition process. However, Engineer's obligation to provide services to the CITY will cease upon the effective date of termination, unless otherwise agreed in writing.

3. Method of Payment

CITY shall pay Engineer its fees based on the presentation by Engineer to CITY of a correct monthly statement for all the amounts earned under the Contract together with reasonable supporting documentation verifying the accuracy of the fees and expenses. CITY shall then pay Engineer its fee within thirty (30) days after presentation of the accurate monthly statement by Engineer to CITY. CITY is a State sales and use tax exempt political subdivision of the State of Texas. All records supporting payment shall be kept in the offices of Engineer for a period of not less than three (3) years and shall be made available to CITY for inspection, audit or copying upon reasonable request.

4. Engineer's Standard of Care

Engineer shall provide its services under this Contract with the same degree of care, skill and diligence as is ordinarily provided by a professional Engineer under similar circumstances for a similar project. Engineer represents that it has the capability, experience, available personnel, and means required to perform the services contemplated by this Contract. Services will be performed using personnel and equipment qualified and/or suitable to perform the work requested by the CITY. CITY retains the right to report to Engineer any unsatisfactory performance of Engineer personnel for appropriate corrective action. Engineer shall comply with applicable federal, state, and local laws in connection with any work performed hereunder.

Engineer will seek written CITY approval to accept any contract or perform any services for any person, entity, or business working on this project. CITY may waive this potential conflict, but such waiver is at CITY's sole discretion and its decision shall be final.

5. Ownership of Documents

As part of the total compensation which CITY has agreed to pay Engineer for the professional services to be rendered under this Contract, Engineer agrees that hard copies of all finished and unfinished documents, data, studies, surveys, drawings, specifications, field notes, maps, models, photographs, preliminary reports, reports, bid packet/construction contract documents/advertisement for bids incorporating any CITY standard provisions provided by Engineer, will remain the property of the CITY. Engineer will furnish CITY with paper and electronic copies, to the extent they are available, of all of the foregoing to facilitate coordination, however, ownership of the underlying work product shall remain the intellectual property of the Engineer. Engineer shall have the right to use such work products for Engineer's purposes. However, such documents are not intended to be suitable for reuse by CITY or others on extension of the Project or on any other project. Any reuse without the express written consent of the Engineer will be at reuser's sole risk and without liability or legal exposure to the Engineer, and CITY to the extent allowed by law, shall hold harmless the Engineer from all claims, damages, losses, expenses, and costs, including attorneys' fees arising out of or resulting from the reuse of said documents without the Engineer's consent. The granting of such consent will entitle the Engineer to further compensation at rates to be agreed upon by CITY and the Engineer. The above notwithstanding, Engineer shall retain all rights in its standard drawing details, designs, specifications, databases,

computer software and any other proprietary and intellectual property information provided pursuant to this Contract, whether or not such proprietary information was modified during the course of providing the services.

6. Insurance

A. Engineer agrees to maintain Worker's Compensation and Employer's Liability Insurance to cover all of its own personnel engaged in performing services for CITY under this Contract in at least the following amounts:

Workmen's Compensation – Statutory
Employer's Liability – $100,000
Bodily Injury by Disease - $500,000 (policy limits)
Bodily Injury by Disease - $100,000 (each employee)

B. Engineer also agrees to maintain Commercial General Liability, Business Automobile Liability, and Umbrella Liability Insurance covering claims against Engineer for damages resulting from bodily injury, death or property damages from accidents arising in the course of work performed under this Contract in not less than the following amounts:

$2,000,000 General aggregate limit

$1,000,000 each occurrence sub-limit for all bodily injury or property damage incurred all in one occurrence

$1,000,000 each occurrence sub-limit for Personal Injury and Advertising

C. Engineer shall add CITY, its City Council members and employees, as an additional insureds on all required insurance policies, except worker's compensation, employer's liability and errors and omissions insurance. The Commercial General Liability Policy and Umbrella Liability Policy shall be of an "occurrence" type policy.

D. Engineer shall furnish CITY with an Insurance Certificate on the date this Contract is executed and accepted by CITY, which confirms that all above required insurance policies are in full force and effect.

E. Engineer agrees to maintain errors and omissions professional liability insurance in the amount of not less than one million dollars ($1,000,000) annual aggregate, on a claims made basis, as long as reasonably available under standard policies.

7. INDEMNIFICATION

ENGINEER SHALL INDEMNIFY AND SAVE HARMLESS THE CITY AND ITS CITY COUNCIL MEMBERS AND EMPLOYEES FROM SUITS, ACTIONS, LOSSES, DAMAGES, CLAIMS, OR LIABILITY, INCLUDING WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ALL EXPENSES OF LITIGATION, COURT COSTS, AND REASONABLE ATTORNEY'S FEES FOR INJURY OR DEATH TO ANY PERSON, OR INJURY TO ANY PROPERTY, RECEIVED OR SUSTAINED BY ANY PERSON OR PERSONS OR PROPERTY, TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS OF ENGINEER OR ITS AGENTS OR EMPLOYEES, IN THE EXECUTION OF PERFORMANCE OF THIS CONTRACT.

ENGINEER'S TOTAL LIABILITY TO CITY FOR ANY LOSS OR DAMAGES FROM CLAIMS ARISING OUT OF, OR IN CONNECTION WITH, THIS CONTRACT FROM ANY CAUSE INCLUDING ENGINEER'S STRICT LIABILITY, BREACH OF CONTRACT, OR PROFESSIONAL NEGLIGENCE, ERRORS AND OMISSIONS SHALL NOT EXCEED ONE MILLION DOLLARS ($1,000,000). NEITHER PARTY TO THIS AGREEMENT SHALL BE LIABLE TO THE OTHER PARTY OR ANY THIRD PARTY CLAIMING THROUGH THE OTHER RESPECTIVE PARTY, FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE, LIQUIDATED, DELAY OR CONSEQUENTIAL DAMAGES OF ANY KIND INCLUDING BUT NOT LIMITED TO LOST PROFITS OR USE OF PROPERTY, FACILITIES OR RESOURCES, THAT MAY RESULT FROM THIS AGREEMENT, OR OUT OF ANY GOODS OR SERVICES FURNISHED HEREUNDER.

8. Addresses for Notices and Communications

CITY
Amy Williams, P.E.
Director of Public Works/City Engineer
City of Rockwall
385 S. Goliad Street
Rockwall, Texas 75087

ENGINEER
Derek B. Chaney, P.E., R.P.L.S.
Partner
Birkhoff, Hendricks & Carter, L.L.P.
11910 Greenville Ave., #600
Dallas, Texas 75243

All notices and communications under this Contract shall be mailed or delivered to **CITY** and **Engineer** at the above addresses.

9. Successors and Assigns

CITY and Engineer each binds itself and its successors, executors, administrators and assigns to the other parties of this Contract and to the successors, executors, administrators and assigns of such other parties, in respect to all covenants of this Contract. Except as noted in the first part of this Paragraph, neither CITY nor Engineer shall assign, sublet or transfer its interest in this Contract without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer, council member, employee or agent of any public body which is a party hereto.

10. Termination for Convenience of the Parties

Engineer and CITY may terminate this Contract for their convenience at any time by giving at least thirty (30) days notice in writing to each other. If the Contract is terminated by CITY and/or Engineer as provided herein, Engineer will be paid for the Work provided and expenses incurred up to the termination date, if such final compensation is approved by CITY, in its sole discretion. If this Contract is terminated due to the fault of Engineer, Paragraph 10 hereof, relative to Termination for Cause, shall apply.

11. Changes

CITY may, from time to time, request changes in the Scope of Work of **Engineer** to be performed hereunder. Such changes, including any increase or decrease in the amount of **Engineer's** compensation, or time for performance, which are mutually agreed upon by and between **CITY** and **Engineer**, shall be incorporated in written amendments to this Contract. Any subsequent contract amendments shall be executed by the City Manager or other authorized representative as designated by the City Manager or City Council.

Any alterations, additions or deletions to the terms of this Contract, including the scope of work, shall be by amendment **in writing** executed by both CITY and Engineer.

13. Reports and Information

Engineer, at such times and in such forms as **CITY** may reasonably require, and as specified in the Scope of Work or in additional Contract Amendments shall furnish **CITY** periodic reports pertaining to the Work or services undertaken pursuant to this Contract, the cost and obligations incurred, or to be incurred in connection therewith, and any other matter covered by this Contract.

14. Entire Agreement

This Contract and its Attachments and any future Contract Amendments constitute the entire agreement, and supersede all prior agreements and understandings between the parties concerning

the subject matter of this Contract.

15. Waiver

The failure on the part of either party herein at any time to require the performance by the other party, of any portion of this Contract, shall not be deemed a waiver of, or in any way affect that party's rights to enforce such provision, or any other provision. Any waiver by any party herein of any provision hereof, shall not be taken or held to be a waiver of any other provision hereof, or any other breach hereof.

16. Severability

The invalidity or unenforceability of any provision of this Contract shall not affect the validity or enforceability of any other provision of this Contract.

17. Survival

Any and all representations, conditions and warranties made by Engineer under this Contract are of the essence of this Contract and shall survive the execution, delivery and termination of it.

18. Governing Powers and Law

Both Parties agree and understand that the City does not waive or surrender any of its governmental powers by execution of this Agreement. To that end, the parties further understand that this agreement shall not be considered a contract for goods or services under Texas Local Government Code, Section 271.151 and Contractor waives any right or entitlement granted said provisions. This Contract is governed by the laws of the State of Texas and all obligations of the parties under this Contract are performable in Rockwall County, Texas.

19. Attorney's Fees

If it is necessary for either Party herein to file a cause of action at law or in equity against the other Party due to: (a) a breach of this Contract by the other Party and/or (b) any intentional and/or negligent act or omission by the other Party arising out of this Contract, the non-breaching or non-negligent Party shall be entitled to reasonable attorney's fees and costs, and any necessary disbursements, in addition to any other relief to which it is legally entitled.

20. State or Federal Laws

This Contract is subject to all applicable federal and state laws, statutes, codes, and any applicable permits, ordinances, rules, orders and regulations of any local, state or federal government authority having or asserting jurisdiction, but nothing contained herein shall be construed as a waiver of any right to question or contest any such law, ordinance, order, rule or regulation in any forum having jurisdiction.

EXECUTED in triplicate originals on this 24th day of April 2019.

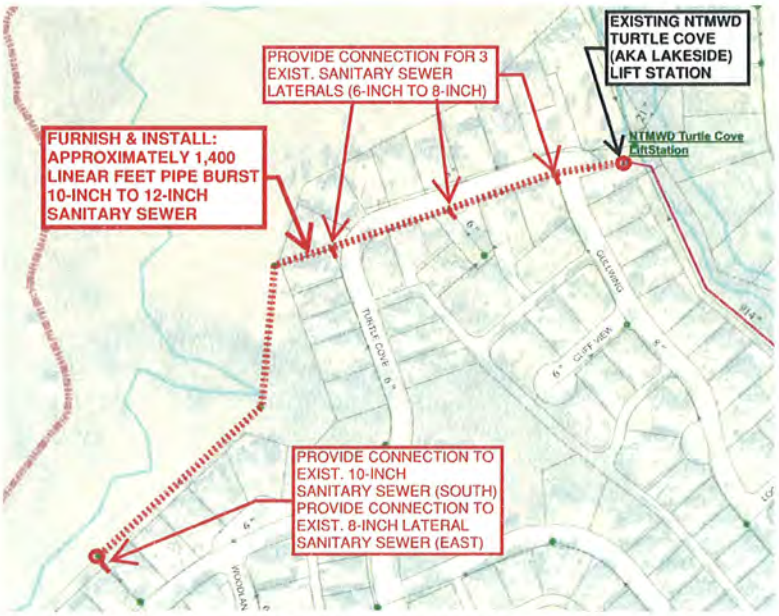
Scope of Services

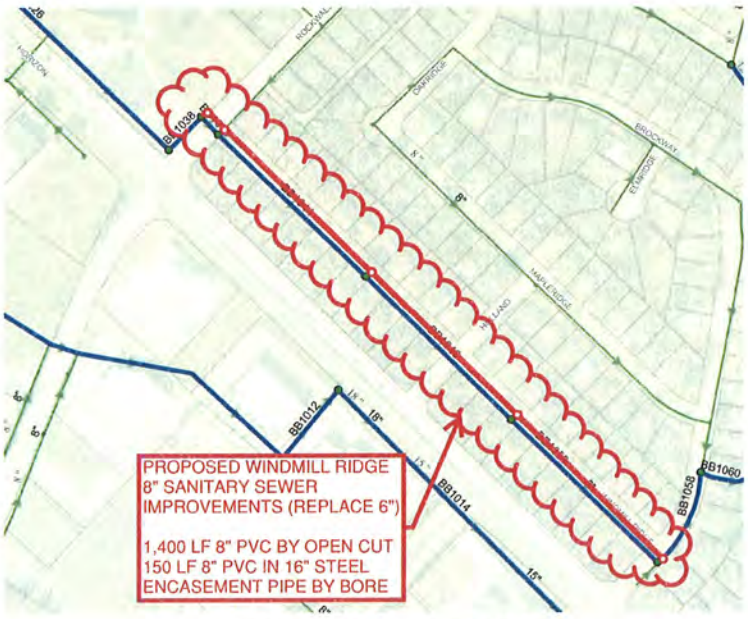
Turtle Cove and Windmill Ridge Sanitary Sewer Rehabilitation

Project Description:



The City of Rockwall (City) desires to engage the services of Birkhoff, Hendricks and Carter (Consultant) to provide engineering design services in connection with the following wastewater collection system improvements:

A) Turtle Cove Sanitary Sewer Rehabilitation: The proposed rehabilitation includes pipe bursting of approximately 1,400 linear feet of existing 10-inch diameter sanitary sewer to 12-inch diameter. The proposed project limits are from the existing Turtle Cove (Lakeside) Lift Station near the intersection of Turtle Cove Boulevard and Gullwing Drive to a point northwest of the intersection of Turtle Cove Boulevard and Woodland Way.



B) Windmill Ridge Sanitary Sewer Improvements: The proposed improvements include replacement of approximately 1,550 linear feet of 6-inch diameter sanitary sewer with 8-inch pipe. The proposed project limits are from Rockwall Parkway to Brockway Drive.

The Consultant will provide Construction plans, project specifications and bidding documents as required for the project to support the City of Rockwall during the design and advertising/bidding phases. Project location maps are provided below.

PROJECT LOCATION MAPS

TURTLE COVE SANITARY SEWER REHABILITATION

WINDMILL RIDGE SANITARY SEWER IMPROVEMENTS

BASIC SERVICES

1. Preliminary Design Phase

1.1. Project Management

1.1.1. Conduct project kickoff meeting with Consultant Project Manager and City Staff.

1.1.2. Prepare and send Project Status Update (PSU) to City's Project Manager on monthly basis. PSU will summarize work completed in previous period, work in progress and/or anticipated to be completed in next period, actions or information needed from City, and a Project schedule update. PSU will be attached to the monthly invoice.

1.1.3. Prepare and submit project schedule to City staff.

1.2. Preliminary Design

1.2.1. Review record documents, and other pertinent information related to proposed project provided by the City.

1.2.2. Review City master plans, design standards, specifications, construction details, that may impact the design. Review of documents will include, but not limited to, the following:

(a) City of Rockwall Master Thoroughfare Plan
(b) City of Rockwall Water/Wastewater Master Plan
(c) City of Rockwall Standards of Design and Construction
(d) City of Rockwall Trail Master Plan

1.2.3. Develop base map showing existing Right-of-Way (ROW), property lines, known easements, and known utilities in the vicinity of the proposed improvements.

1.2.4. Delineate the service area basin for the sanitary sewer and calculate average and peak wastewater design flows.

1.2.5. Establish preliminary alignment for proposed sanitary sewer, and if required a location of insertion and receiving pits for pipe bursting.

1.2.6. If needed, develop temporary sewage bypassing plan based on calculated design flows.

1.2.7. Assess and consider primary benefits and drawbacks to the use of both open-cut and alternate pipe-bursting installation methods for construction of the Windmill Ridge Sanitary Sewer Improvements. If requested by the City, an alternate installation method will be allowed and incorporated into the Construction Plans and Bidding Documents during the Final Design Phase.

2. Final Design Phase

2.1. Project Management

2.1.1. Conduct progress meetings at 60% and 90% completion to monitor the development of the project regarding project status, coordination issues and discuss City review comments of the plans.

2.1.2. Prepare and send PSU to City's Project Manager on monthly basis. PSU will summarize work completed in previous period, work in progress and/or anticipated to be completed in next period, actions or information needed from City, and a project schedule update. Invoice will be sent at end of the month with PSU.

2.1.3. Conduct up to two (2) project site visits.

2.2. Submittals

2.2.1. Submit 60% and 90% progress submittals to the City for review and comment. The following will be required for each submittal:

(a) Construction Plans
  i. Two (2) Full Size copies – 22-inch x 34-inch
  ii. Two (2) Half Size copies – 11-inch x 17-inch
  iii. Electronic PDF copy
  iv. Electronic PDF copy– Scanned City comments previous submittal

(b) Engineer's Opinion of Probable Construction Cost
  i. Two (2) Copies and electronic PDF copy

(c) 90% only – Project Specifications and Bidding Documents
  i. Two (2) Copies and electronic PDF copy

2.3 Construction Plans

(a) Each plan sheet in the construction plans set will conform to the Engineering Drawing Requirements set forth in the City of Rockwall's Standards of Design and Construction.

(b) Plan sheets will include additional documentation, notation, and clarification required by the City's Project Manager.

(c) Each stage of the construction plan review process will address City comments from previous submittals.

(d) Below is a table of the required construction plan sheets and at which submittals they are required.

Plan Sheets	**60%**	**90%**
Cover Sheet w/ Location Map and Sheet Index	X	X
Legend Sheet	X	X
General Notes Sheet	X	X
Horizontal/Vertical Control Sheet (1"=40' scale)	X	X
Erosion Control Plan (1"=40' scale)		X
Sanitary Sewer Plan/Profiles (1"=20'H, 1'=5'V scale)	X	X
Construction Details		X

(e) Establish the location of existing public utilities based upon information provided by the City, and field survey information. (60%)

(f) Prepare proposed wastewater plans and profiles. (60%)

(g) Show approximate horizontal and vertical location of utility crossings along the proposed route from record drawings and field surveys of manholes. (90%)

(h) Design required lateral and service connections to the existing sanitary sewer system. (90%)

(i) Identify location of insertion and receiving pits; if required. (60%)

(j) Identify required pavement repair in disturbed areas. (90%)

(k) Prepare sanitary sewer details as required to clarify intent of design.(90%)

(l) Compile applicable City Standard details and modify standard details as needed. (90%)

(m) Prepare erosion control plan. (90%)

2.4 Franchise Utility Coordination

(a) Obtain list of franchise utility contacts from the City. (60%)

(b) Provide electronic PDF set of preliminary construction plans adequate for franchise utility relocation via email to each franchise utility for their review. Request each franchise utility to mark up the plans to show the size, type and location of their utilities. (60%)

(c) Notify the City if any relocations are required. (90%)

(d) Conduct coordination with the franchise utilities if any relocations are required. (90%)

2.5 Specifications/Construction Contracts (90%)

Prepare general notes, specifications, and bidding documents in accordance with City of Rockwall requirements. Identify and prepare special specifications and/or special provisions applicable to the project. Prepare proposal and bid schedule of applicable items.

2.5.1 Contract documents will include the following:

(a) City of Rockwall standard construction contract forms

(b) Notice to bidders

(c) Special instructions to bidders

(d) Bid Schedule (Bid-Tab) – Electronic for Bidding

(e) Standard construction contract

(f) Performance bond

(g) Payment bond

(h) Maintenance bond

(i) Certificate of insurance

(j) General conditions

(k) Special conditions

(l) Technical specifications

(m) Permits for work as may be required from the City of Dallas or North Texas Municipal Water District (NTMWD)

2.6 Engineer's Opinion of Construction Cost (60% and 90%)

Generate tabulation of proposed quantities of work and formulate an engineer's opinion of probable construction cost based on historic bidding data of similar projects.

2.7 Agency Permitting/Coordination (City to coordinate with those not listed as applicable)

2.7.1 City of Dallas - Consultant to coordinate with the City of Dallas on items related to the project for work within the Lake Ray Hubbard Takeline. This shall include up to one coordination meeting, one construction plan submittal at 60% and permit submittals as required to achieve acceptance of proposed improvements.

2.7.2 NTMWD - Consultant to coordinate with the NTMWD on items related to the project where any improvements cross or connect to any NTMWD System pipe or facility. This shall include up to one coordination meeting, construction plan submittal at 60% and permit submittals as required to achieve acceptance of proposed improvements.

3 **Bidding Phase**

3.1 Furnish the City with one 11-inch x 17-inch set of final construction plans, and one set of final Bidding Documents and Specifications for use during the bidding phase. Documents shall also be provided to the City in electronic PDF format.

3.2 City will be responsible for advertisement of the project in the Local Paper

3.3 Consultant will upload plans and specifications to the project bidding distribution site CivCast.

3.4 Respond to contractor questions and provide design clarifications in Addenda format.

3.5 Attendance at the pre-bid meeting, if requested by the City.

3.6 The Consultant will prepare addenda to answer questions of the plans and specifications. The Consultant will provide the City with sealed, signed and dated addenda. The Consultant will upload the addenda to CivCast. All addenda will be posted a minimum of 24-hours before the bid opening.

3.7 The Consultant will respond to questions submitted from potential bidders and provided by the City to the Consultant a minimum of 72-hours before the bid opening.

3.8 Attendance of Bid Opening

3.9 Complete tabulation of bids; checking for mathematical errors and unbalanced bids. (Bid documents to be provided to Consultant by the City).

3.10 Provide bid tabulation, in PDF format, to City via email and to Contractors who submitted bids via CivCast.

3.11 Obtain experience record and references from the apparent lowest bidder. Check references of apparent low bidder. Formulate opinion from information received and provide a letter of recommendation for award of a construction contract.

3.12 Return Bid Bonds to bidders.

NOTE: As directed by the City, the Construction Phase Scope of Work has been excluded from this agreement. Pending availability of funds, it is the City's intention to authorize the Construction Phase Scope of Work in or around October 2019 via a separate agreement.

ADDITIONAL SERVICES

For the following scope items defined as additional services are those anticipated to be necessary to facilitate design of the project. These services will be performed on an as-need basis, and invoiced based on effort and expenses incurred.

4 Design Surveys

4.1 Consultant will prepare and send a "Request for Right of Entry for Surveying" and "Start of Engineering Design Notice" documents to property owners immediately adjacent to the proposed project route via regular U.S. Postal Service. Templates for documents and information for property owners will be provided by the City

4.2 Complete Property Research using Rockwall County records

4.2.1 Obtain plat information from County records or as provided by the City

4.2.2 Gather existing ROW (Right of Way) and easement information from Rockwall County records, and other records provided by the City.

4.3 Consultant will submit request to Texas 811 for location of franchise utilities.

4.4 Topographic and Design Survey

4.4.1 The limits of the survey corridor will generally parallel the City's existing sanitary sewers proposed for improvements as identified on the project location maps on Page 8. The width of the survey will be confined either to the City's existing sanitary sewer easement (extending an additional 10-feet each side of easement pending permission from right of entry request) or from building line to building line within existing right-of-way areas. If applicable, an additional survey will be performed within an approximately 40-foot radius in the vicinity of each insertion or receiving pit.

4.4.2 Establish horizontal control points at approximately 500-foot maximum spacing.

4.4.3 Establish two (2)temporary vertical control benchmarks in the vicinity of the project route.

4.4.4 Perform a field survey to identify and locate existing topographic elements along the proposed sanitary sewer route. Topographic elements shall be tied down horizontally and vertically. The field survey shall include, but is not limited to the following:

(a) Property corner monumentation (that can be located)
(b) Existing pavement, driveways, curbs, sidewalks, barrier free ramps, and signs.
(c) Existing storm sewer inlets, manholes, junction boxes Headwalls (including culvert sizes and flow line elevations)
(d) Existing driveway culverts and swales (flowlines, sizes and types)
(e) Utility manholes, vaults, water valves, water meters, wastewater cleanouts, sprinkler heads, utility poles, utility markers, other public utilities and franchise utilities
(f) Traffic Signal poles and cabinets, pull boxes
(g) Roadway Signs (excluding temporary signs)
(h) Trees, including species and caliper (2 inch caliper and larger)
(i) Landscape planters, shrubs, rocks and other features.
(j) Buildings and permanent structures
(k) Retaining, fencing and screening walls
(l) Fence limits and material types (excluding temporary fences)
(m) Mailboxes (types – wood, brick, stone)
(n) Other applicable physical features that could impact design and are located within the ROW

(o) Observe and determine existing manhole condition from limited visual inspection (above ground).

4.5 Perform up to one site visit for the purposes of reviewing the provided survey in the field and determining the need for any additional surveys.

5 Easement Document Preparation

5.1 Prepare easement documents (metes and bounds description and graphic exhibits) for proposed utility or temporary construction easements as required by the project. Preparation of up to two (2) easement documents are included in the budget.

5.2 Individual parcel easement documents shall be prepared on 8.5-inch x 11-inch paper size, and both an electronic PDF copy and two (2) set of originals sealed, dated, and signed by a Registered Professional Land Surveyor shall be provided to the City.

5.2.1 Graphic exhibits shall contain the following:

(a) Parcel number
(b) Area required
(c) Area remaining
(d) Legal description
(e) Current owner
(f) Any existing platted easements or easements filed by separate instrument including easements provided by utility companies
(g) All physical features

5.2.2 Metes and bounds descriptions of the easement parcel will be prepared and provided on a separate sheet from the graphic exhibit, and each type of easement shall be described separately.

5.3 The Consultant shall provide easement documents to the City and/or their assigned Land Rights Acquisition Agent.

ATTACHMENT "B"

Payment Schedule

Compensation for Basic Services in Tasks 1-3 shall be on a lump sum basis. The tabulation below establishes the not to exceed amount for each category of contract service:

	Task	Fee
	BASIC SERVICES	
1.	Preliminary Design Phase	$ 11,100.00
2.	Final Design Phase	$ 35,000.00
3.	Bidding Phase	$ 5,800.00
	Basic Services Subtotal:	**$ 51,900.00**
Compensation for special services under Tasks 4-5 shall be on an hourly basis of salary cost times a multiplier of 2.45 for time expended on the task. Field survey crew shall be based on $170.00 per hour, inclusive of all equipment rentals and software licensing; plus, mileage charge at the IRS established rate. Expenses shall be at invoice cost times a multiplier of 1.15.		
	ADDITIONAL SERVICES	
4.	Design Surveys	$ 14,700.00
5.	Easement Document Preparation (2 included)	$ 5,600.00
	Additional Services Subtotal*	**$ 20,300.00**
	ENGINEERING SERVICES CONTINGENCY (To be 10% of Services)**	**$ 7,220.00**
	***(This service is a miscellaneous amount to be used at the discretion of the City for additional Services outside of the scope of the contract. This item will be controlled by the City and will only be used if the City chooses. The Engineer has no right or guarantee to the use of this Contingency)*	
	Project Total*	**$ 79,420.00**

Fees that are Lump Sum for each task and will be invoiced monthly based upon the overall percentage of services performed.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **City Council**

FROM: **Joey Boyd, Assistant City Manager**

DATE: **April 23, 2019**

SUBJECT: **Oncor Electric Delivery Distribution Cost Recovery Factor Denial Resolution**

On April 8, 2019, Oncor Electric Delivery Company LLC ("Oncor" or "Company") filed an Application for Approval to Amend its Distribution Cost Recovery Factor ("DCRF") to Increase Distribution Rates with each of the cities in their service area. In the filing, the Company asserts that it is seeking an increase in distribution revenues of $29,433,804.

The resolution authorizes the City to join with the Steering Committee of Cities Served by Oncor ("OCSC") to evaluate the filing, determine whether the filing complies with law, and if lawful, to determine what further strategy, including settlement, to pursue.

Purpose of the Resolution:

The purpose of the Resolution is to deny the DCRF application proposed by Oncor.

Explanation of "Be It Resolved" Paragraphs:

1. This section authorizes the City to participate with OCSC as a party in the Company's DCRF filing, PUC Docket No. 49427.

2. This section authorizes the hiring of Lloyd Gosselink Rochelle and Townsend, PC and consultants to review the filing, negotiate with the Company, and make recommendations to the City regarding reasonable rates. Additionally, it authorizes OCSC to direct any necessary administrative proceedings or court litigation associated with an appeal of this application filed with the PUC.

3. This paragraph finds that the Company's application is unreasonable and should be denied.

4. This section states that the Company's current rates shall not be changed.

5. The Company will reimburse Cities for their reasonable rate case expenses. Legal counsel and consultants approved by OCSC will submit monthly invoices that will be forwarded to Oncor for reimbursement.

6. This section recites that the Resolution was passed at a meeting that was open to the public and that the consideration of the Resolution was properly noticed.

7. This section provides that Oncor and counsel for OCSC will be notified of the City's action by sending a copy of the approved and signed Resolution to counsel.

CITY OF ROCKWALL, TEXAS

RESOLUTION NO. 19-11

A RESOLUTION OF THE CITY OF ROCKWALL, TEXAS FINDING THAT ONCOR ELECTRIC DELIVERY COMPANY LLC'S APPLICATION FOR APPROVAL TO AMEND ITS DISTRIBUTION COST RECOVERY FACTOR PURSUANT TO 16 TEX. ADMIN. CODE § 25.243 TO INCREASE DISTRIBUTION RATES WITHIN THE CITY SHOULD BE DENIED; FINDING THAT THE CITY'S REASONABLE RATE CASE EXPENSES SHALL BE REIMBURSED BY THE COMPANY; FINDING THAT THE MEETING AT WHICH THIS RESOLUTION IS PASSED IS OPEN TO THE PUBLIC AS REQUIRED BY LAW; REQUIRING NOTICE OF THIS RESOLUTION TO THE COMPANY AND LEGAL COUNSEL.

WHEREAS, the City of Rockwall, Texas ("City") is an electric utility customer of Oncor Electric Delivery Company LLC ("Oncor" or "Company"), and a regulatory authority with an interest in the rates and charges of Oncor; and

WHEREAS, the City is a member of the Steering Committee of Cities Served by Oncor ("OCSC" or "Cities"), a membership of similarly situated cities served by Oncor that have joined together to efficiently and cost effectively review and respond to electric issues affecting rates charged in Oncor's service area; and

WHEREAS, on or about April 8, 2019 Oncor filed with the City an Application for Approval to Amend its Distribution Cost Recovery Factor ("DCRF"), PUC Docket No. 49427, seeking to increase electric distribution rates by approximately $29,433,804; and

WHEREAS, all electric utility customers residing in the City will be impacted by this ratemaking proceeding if it is granted; and

WHEREAS, Cities are coordinating its review of Oncor's DCRF filing with designated attorneys and consultants to resolve issues in the Company's application; and

WHEREAS, Cities' members and attorneys recommend that members deny the DCRF.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the City is authorized to participate with OCSC in PUC Docket No. 49427; and

Section 2. That subject to the right to terminate employment at any time, the City of Rockwall hereby authorizes the hiring of the law firm of Lloyd Gosselink Rochelle & Townsend, P.C. and consultants to negotiate with the Company, make recommendations to the City regarding reasonable rates, and to direct any necessary administrative proceedings or court litigation associated with an appeal of this application filed with the PUC; and

Section 3. That the rates proposed by Oncor to be recovered through its DCRF charged to customers located within the City limits, are hereby found to be unreasonable and shall be denied; and

Section 4. That the Company shall continue to charge its existing rates to customers within the City; and

Section 5. That the City's reasonable rate case expenses shall be reimbursed in full by Oncor within 30 days of presentation of an invoice to Oncor; and

Section 6. That it is hereby officially found and determined that the meeting at which this Resolution is passed is open to the public as required by law and the public notice of the time, place, and purpose of said meeting was given as required; and

Section 7. That a copy of this Resolution shall be sent to Matthew C. Henry, 1616 Woodall Rodgers Freeway, Dallas, Texas 75202 and to Thomas Brocato, Legal Counsel to OCSC, at Lloyd Gosselink Rochelle & Townsend, P.C., P.O. Box 1725, Austin, Texas 78767-1725; and

Section 8. That this resolution shall take effect immediately from and after its adoption and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THIS 6th DAY OF MAY, 2019.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Cole, City Secretary / Assistant to the City Manager**

DATE: **May 3, 2019**

SUBJECT: **YAC year-end program presentation and recognition of graduating seniors**

Members of the city's Youth Advisory Council will be making a presentation to Council on Monday evening to recap their experiences while participating in the program this school year. In addition, the following six (of twelve) YAC students will soon be celebrating their high school graduation.

Emily Williams
Emily will be graduating from Rockwall High School and attending Dallas Baptist University to obtain a business degree. She opened an online women's boutique last year, so hopes to work for her online boutique full-time and expand the business. After graduating from DBU, Emily plans to attend graduate school and obtain her MBA.

Caleb Davis
After homeschool graduation, Caleb plans to attend Baylor University and become an Entrepreneurship and Marketing double major. While in college he hopes to start a business and let it grow while completing his studies. After college he wants to stay in the Dallas area, expand his business while pursuing his hobbies and starting a family.

Addison Schale
Addison will soon be a Rockwall High School graduate. Thereafter, she will be attending Collin College for one year and then transfer to Dallas Baptist University. She plans to major in education and one day return to Rockwall High School to teach.

Brenden Ivey
Brenden will be graduating from Rockwall High School and attending Stephen F. Austin to pursue a degree in Public Administration. After college, he hopes to work in local government and perhaps pursue a career within higher levels of government thereafter.

Kendall Braddock
After graduation from Rockwall High School, Kendall plans to attend Blinn College for a year and then transfer to A&M next fall. She plans to study agriculture leadership and development in hopes of becoming an event planner.

Nick Alverson
Upon graduation from RHS, Nick plans to attend Collin College to become certified as an EMT. Thereafter, he will attend the Fire Science Academy in McKinney to become a firefighter. He hopes to eventually become a certified paramedic and serve as a firefighter/paramedic as his future career.

CITY OF ROCKWALL

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
CC:	Rick Crowley, *City Manager* Mary Smith, *Assistant City Manager* Joey Boyd, *Assistant City Manager*
FROM:	Ryan Miller, *Director of Planning and Zoning*
DATE:	May 6, 2019
SUBJECT:	Z2019-006; *SUP for SPR*

On April 15, 2019, the City Council voted to approve the applicant's request for a Specific Use Permit (SUP) to allow buildings that exceed 60-feet height in a Light Industrial (LI) District by a vote of 5-2, with Council Members Macalik and Trowbridge dissenting. This will be the second reading of the ordinance.

CITY OF ROCKWALL

ORDINANCE NO. 19-19

SPECIFIC USE PERMIT NO. S-207

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) ALLOWING STRUCTURES THAT EXCEED 60-FEET IN HEIGHT WITHIN A LIGHT INDUSTRIAL (LI) DISTRICT, ON A 42.61-ACRE TRACT OF LAND BEING IDENTIFIED AS TRACT 7 OF THE N. BUTLER SURVEY, ABSTRACT NO. 20 (11.3736-ACRES); TRACT 31 OF THE R. BALLARD SURVEY, ABSTRACT NO. 29 (8.197-ACRES); AND LOT 1-01, BLOCK 1, INDALLOY ADDITION (14.53-ACRES), CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) to allow for structures that will exceed 60-feet in height within the *Light Industrial* (*LI*) *District* on an 42.61-acre tract of land, identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned *Light Industrial (LI) District*, generally located at the terminus of Aluminum Plant Road, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

Section 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing structures that will exceed 60-feet in height within the *Light Industrial (LI) District* as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

Section 2. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 5.01, Light Industrial (LI) District,* and *Section 7.03, Non-Residential District Development*

Standards, of Article V, District Development Standards, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions:

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of an office/ warehouse/manufacturing facility that exceeds 60-feet in height on the *Subject Property*, and conformance to these operational conditions is required for continued operations:

1) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance; and,

2) The maximum overall height of the buildings and/or structures shall not exceed 100-feet, as depicted in *Exhibit 'C'* of this ordinance; and,

3) The building elevations depicted in *Exhibit 'C'* are for reference to the height of the extruder bays for all phases (*i.e. phase 2, 3, 4, & 5*), and do not represent approved building elevations. Any building elevations associated with the project shall be subject to the requirements of the Unified Development Code (UDC), review by the Architectural Review Board, and approval by the Planning and Zoning Commission [*and City Council if applicable*]; and,

4) Future expansion of the site [*i.e. Phases 3, 4, and 5*] should have all silos placed on the southern portion of the subject property, adjacent to the railroad tracks, as depicted in *Exhibit 'B'* of this ordinance; and,

5) The subject property shall provide and maintain a landscape screening buffer along the western and northern property boundaries [*i.e. Overall Landscape Plan*], as depicted in *Exhibit 'D'* of this ordinance and shall be constructed with Phase 1 of the development.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

Section 4. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 5. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

Section 6. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offence and each and

every day such offense shall continue shall be deemed to constitute a separate offense.

Section 7. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 8. That this ordinance shall take effect immediately from and after its passage;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Honorable Mayor and City Council**

CC: **Rick Crowley, City Manager**
Joey Boyd, Assistant City Manager
Mary Smith, Assistant City Manager

FROM: **Andy Hesser, Director of Parks and Recreation**

DATE: **April 15**

SUBJECT: **ALCOHOL WAIVER FOR 2019 FOUNDERS DAY FESTIVAL**

The 2019 City of Rockwall Founders Day will be held at Harry Myers Park on Saturday, May 20th beginning at 10:00am and concluding around 9:00pm. This will be the fifteenth consecutive Founders Day Festival which started in 2004 when the City celebrated its 150th birthday.

Similar to last year, we have the opportunity for two major headline acts this year. Joey Ely and Ray Wylie Hubbard. Both have national level notoriety and multiple hit songs.

In 2014, the City Council amended sec. 30-2, Regulated Activities in Parks which permitted the possession and consumption of alcohol in Harry Myers Park for City-sponsored events as designated by the City Council. Since the Founders Day Festival was held on the Square for eight years prior to the 2014 festival, patrons have been permitted to bring their own alcoholic beverages to the festival. When the venue location changed in 2014, the Council amended the ordinance to minimize conflict due to past history. Since 2014, there have been no major alcohol related incidents that required Police Department intervention.

With the 2019 festival just a few weeks away, the Council has the discretion to designate the event as a City-sponsored event where the possession and consumption of alcohol would be permitted. The designation must be granted annually and expires at the conclusion of the event and can be limited to all or a portion of Harry Myers Park. As with all previous Founders Day Festivals, coordination and planning has already begun with the police and fire departments.

MEALS on WHEELS
SENIOR SERVICES
of Rockwall County
950 Williams St
Bldg. C Ste. 200
Rockwall, TX 75087
972-771-9514

April 21, 2019

Dear Mayor Jim Pruitt and Council Members,

May is National Older Americans Month, a federally proclaimed annual celebration. Meals on Wheels Senior Services are honoring Rockwall County seniors, programs, and volunteers serving our elderly community. The National Theme this Year is: **Connect, Create and Contribute**!! Enclosed is the information from the Federal Website. Please submit two nominees for an award for an outstanding senior who is making a difference in the senior community. Please call the office at:

972-771-9514 or send e-mail to:
rockwallmow@hotmail.com

We are having the proclamations and awards presented at a reception on Friday, May 24th, 1:00p.m. at the Divine Peace Church Fellowship Hall, 203 Fannin Street, Rockwall, TX 75087. Thank you for your time! The Seniors of Rockwall County really appreciate all your efforts.

Sincerely,

Margie VerHagen
Executive Director

OLDER AMERICANS MONTH

CONNECT, CREATE, CONTRIBUTE MAY 2019

OLDER AMERICANS MONTH 2019: CONNECT, CREATE, CONTRIBUTE

Each year, more and more older adults are making a positive impact in and around Rockwall County. As volunteers, employees, employers, educators, mentors, advocates, and more, they offer insight and experience that benefit the entire community. That's why Older Americans Month (OAM) has been recognizing the contributions of this growing population for 56 years.

Led by the Administration for Community Living (ACL) each May, OAM provides resources to help older Americans stay healthy and independent, and resources to help communities support and celebrate their diversity.

This year's OAM theme, *Connect, Create, Contribute*, encourages older adults and their communities to:

- **Connect** with friends, family, and local services and resources.
- **Create** through activities that promote learning, health, and personal enrichment.
- **Contribute** time, talent, and life experience to benefit others.

Meals on Wheels Senior Services will celebrate OAM by promoting ways that community members of *all* ages can take part in helping Rockwall County thrive. We encourage you to:

Communities that support and recognize older adults are stronger! Join us in strengthening our community – this May and throughout the year. Visit the official OAM website for ideas and inspiration, and follow ACL on Twitter and Facebook.

The City of Rockwall City Council will Recess into Executive Session to discuss the following matters as authorized by Chapter 551 of the Texas Government Code:

1. Discussion regarding appointment of city council subcommittees, board liaisons and designation of Mayor Pro Tem pursuant to Section, §551.074 (Personnel Matters)
2. Discussion regarding purchase / acquisition of real property in the vicinity of Rockwall Municipal Airport and Downtown pursuant to Section §551.072 (Real Property) and Section §551.071 (Consultation with Attorney).
3. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

XV. Reconvene Public Meeting & Take Any Action as Result of Executive Session

XVI. Adjournment

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.

The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.087 (Economic Development)

I, Kristy Cole, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 17th day of May, 2019 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

Rockwall Police Department Receives "Recognized Law Enforcement Agency" from the Texas Law Enforcement Recognition Program

On March 7th, 2019, the Rockwall Police Department received the award of "Recognized Law Enforcement Agency" from the Texas Police Chiefs Association Law Enforcement Recognition Program. Established in 2006, the Recognition Program evaluates a Police Department's compliance with over 168 Best Business Practices for Texas Law Enforcement. These Best Practices were carefully developed by Texas Law Enforcement professionals to assist agencies in the efficient and effective delivery of service and the protection of individual's rights. These Best Practices cover all aspects of law enforcement operations including use of force, protection of citizen rights, vehicle pursuits, property and evidence management, and patrol and investigative operations.

The Rockwall Police Department was originally recognized by the Texas Police Chiefs Association Law Enforcement Recognition Program in March 3, 2011. Police agencies recognized by the TPCA must undergo an onsite inspection every 4th year and this makes the third successful onsite inspection by the Rockwall Police Department.

This voluntary process required the Rockwall Police Department to conduct a critical self-review of the agency's policies, procedures, facilities and operations. Beginning in November of 2018, the department begin the lengthy process to become a "Recognized" Law Enforcement Agency" by preparing proofs of compliance for each of the Texas Law Enforcement Best Business Practices. Upon completion of the internal review, an outside audit and review was requested. This final on-site review took place on February 20th 2019. The on-site review is conducted by trained Police Chiefs from other areas of our state. The result of this review was then sent to the Texas Police Chiefs Association's Recognition Committee for final analysis and decision to award "Recognized" status.

On March 7th, the department was notified that it had been awarded the coveted "Recognized Law Enforcement Agency" award. Rockwall was the 42 agency in the state to be so recognized. The Rockwall Police Department has always considered itself to be one of the best in the state. This process provided for an independent review of the department's operations and should assure the citizens of Rockwall that its Police Department is conforming to the current state of the art in law enforcement.

The actual presentation of the award will take place on May 20th during the City Council Meeting at 6:00 PM. The department was also recognized at the Texas Police Chiefs Association annual conference in in Galveston on April 17th, 2019.

For more information and a description of the program may be viewed on the Texas Police Chiefs Association website at http://www.texaspolicechiefs.org.

Rockwall, Texas

Proclamation

Whereas, Public works services provided in our community are an integral part of our citizens' everyday lives; and

Whereas, the support of an understanding and informed citizenry is vital to the efficient operation of public works systems and programs such as water, sanitary and storm sewers, streets and alleys, as well as providing support for various City Departments; and

Whereas, the health, safety and comfort of this community greatly depends on these facilities and services; and

Whereas, the quality and effectiveness of these facilities, as well as their planning, design and construction, is vitally dependent upon the efforts and skill of public works officials; and

Whereas, the efficiency of the qualified and dedicated personnel who staff public works departments is materially influenced by the people's attitude and understanding of the importance of the work they perform.

Whereas, National Public Works Week is a celebration of the tens of thousands of men and women in North America who provide and maintain the infrastructure and services collectively know as public works.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, do hereby proclaim the week of May 19-25, 2019, as:

PUBLIC WORKS WEEK

in the City of Rockwall, and encourage all citizens to acquaint themselves with the issues involved in providing our public works and recognize the contributions public works officials make every day to our health, safety, comfort and quality of life.

In Witness Whereof, I hereunto affix my hand and official seal this 20th day of May, 2019.

Jim Pruitt, Mayor

MINUTES

ROCKWALL CITY COUNCIL REGULAR MEETING

Monday, May 06, 2019 - 5:00 PM

City Hall Council Chambers - 385 S. Goliad St., Rockwall, TX 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Pruitt called the meeting to order at 5:00 p.m. Present were Mayor Jim Pruitt, Mayor Pro Tem Kevin Fowler, and Council Members Patrick Trowbridge, Dana Macalik, John Hohenshelt, Bennie Daniels and Trace Johannesen. Also present were City Manager Rick Crowley and Assistant City Managers Mary Smith and Joey Boyd.

Mayor Pruitt read the below listed discussion items into the record before recessing the public meeting to go into Executive Session at 6:02 p.m. Pruitt indicated that the city attorney, Frank Garza, is on his way and will arrive soon.

II.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding purchase, sale or lease of real property in the vicinity of Rockwall Municipal Airport and Downtown pursuant to Section §551.072 (Real Property) and Section §551.071 (Consultation with Attorney).
2. Discussion regarding Economic Development prospects, projects, and/or incentives pursuant to Section 551.087 (Economic Development)
3. Discussion regarding nominee(s) and (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board and the Rockwall Central Appraisal District Board - pursuant to Section 551.074 (Personnel Matters)
4. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

III. ADJOURN EXECUTIVE SESSION

Council recessed Executive Session at 5:54 p.m.

IV. RECONVENE PUBLIC MEETING (6:00 P.M.)

Mayor Pruitt reconvened the public meeting at 6:00 p.m.

V. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

No action was taken at this time as a result of Executive Session; however, see below for action taken as a result of the Executive Session held later in the evening.

VI. Invocation and Pledge of Allegiance – Councilmember Daniels

Councilman Daniels delivered the invocation and led the Pledge of Allegiance.

City Attorney Frank Garza arrived to the meeting at this point (6:03 p.m.)

VII.

1. Police Memorial Week

Assistant Police Chief Kirk Aldridge as well as three police officers from the Rockwall PD came forth and accepted this proclamation from Mayor Pruitt.

2. Lyme Disease Awareness Month

Marni Sensoy, Rockwall Citizen, and one of her comrades from the TX Lyme Alliance came forth and accepted this proclamation from the mayor.

3. National Safe Boating Week

A member of the U.S. Coast Guard Auxiliary came forth and accepted this proclamation from Mayor Pruitt.

4. Older Americans Month

Margie Verhagen, Executive Director of Meals on Wheels Senior Services, came forth with a few representatives from her organization. Mayor Pruitt shared that the city fully supports the Meals on Wheels program, as there are many older citizens in Rockwall who need assistance and would not eat much during the week if it were not for the great services provided by this organization. He then read and presented the proclamation for Older Americans Month. Mrs. Verhagen shared that they are on track to provide 65,000 meals to older citizens within the community. She thanked the mayor and the city for its support of Meals on Wheels' services.

VIII. Open Forum

Mayor Pruitt explained how Open Forum is conducted, asking if anyone would like to come forth and speak at this time. There being no one indicating such, he then closed Open Forum.

IX.

1. Consider approval of the minutes from the April 15, 2019 regular city council meeting, and take any action necessary.
2. **Z2019-007** - Consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of an **ordinance** for a Specific Use Permit (SUP) allowing outdoor commercial amusement/recreation in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay

(IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary **(2nd Reading)**.

3. **Z2019-008** - Consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of an **ordinance** for a PD Development Plan amending Ordinance No. 17-64 and in accordance with Ordinance No. 17-22, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary **(2nd Reading**).
4. Consider authorizing the City Manager and subcommittee to begin planning work with local Arts and Historical organizations related to hotel occupancy tax projects, and take any action necessary.
5. Consider authorizing the City Manager to execute an interlocal agreement with Dallas County for Law Enforcement Sharing via the Dallas County Adult Information System for use by Rockwall Fire Department when conducting fire investigations, and take any action necessary.
6. **P2019-018** - Consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of a replat for the Park Place West, Phase III Addition containing 85 single-family lots on a 24.439-acre tract of land being located in the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 59 (PD-59) for Single-Family 7 (SF-7) District land uses, generally located at the terminus of Park Place Boulevard, and take any action necessary.
7. **P2019-019** - Consider a request by Mike Samples for the approval of a final plat for Lot 11, Block A, 205 Business Park Addition being a 1.50-acre tract of land identified as Tract 2-16 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 125 National Drive, and take any action necessary.
8. Consider approval of a Hotel Occupancy Tax subcommittee recommendation for funding $1,400 for the Rockwall Area Chamber of Commerce bid for the TCCE conference, and take any action necessary.
9. Consider approval of a resolution authorizing an update to the impact fee program for roadway, water, and wastewater facilities and appointing a Capital Improvements Advisory Committee (CIAC), and take any action necessary.
10. Consider approval of the professional engineering services contract for Birkhoff, Hendricks and Carter, L.L.P.to perform the engineering design services and specifications for the Turtle Cove and Windmill Ridge Sanitary Sewer Rehabilitation Project in an amount not to exceed $79,420., to be funded by the General Engineering Services Budget, and take any action necessary.
11. Consider a resolution denying approval of an amendment to the Distribution Cost Recovery Factor increase in distribution rates filed by Oncor Electric Delivery, approving cooperation with the Steering Committee of Cities served by Oncor to evaluate the filing, to negotiate with Oncor on the City's behalf, and take any action necessary.

Councilmember Trowbridge made a motion to approve the entire Consent Agenda (#s 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11). Councilman Daniels seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 19-20
SPECIFIC USE PERMIT NO. S-206

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *COMERCIAL AMUSEMENT/RECREATION (OUTDOOR)* LAND USE IN CONJUNCTION WITH AN EXISTING CRAFT BREWERY ON A 1.215-ACRE PARCEL OF LAND, ADDRESSED AS 2015 KRISTY LANE AND BEING IDENTIFIED AS LOT 1-F, BODIN INDUSTRIAL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 19-21

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 17-64 &* PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [*ORDINANCE NO. 17-22*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN ON APPROXIMATELY 7.344-ACRES FOR PROPERTY IDENTIFIED AS LOT 9, BLOCK A, HARBOR-ROCKWALL ADDITION AND TRACT 16 OF THE M. J. BARKSDALE SURVEY, ABSTRACT NO. 11, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF *TWO THOUSAND DOLLARS ($2,000.00)* FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed unanimously of those present (7 ayes to 0 nays).

X.

1. Appointment with the city's Youth Advisory Council (YAC) to hear year-end program report and to recognize graduating high school seniors, and take any action necessary.

Rockwall Youth Advisory Council Members, Emily Williams and Brenden Ivey, came forth and briefed the Council on the various meetings, volunteer activities and events that the YAC participated in throughout this past school year. Thereafter, indication was given that six of the city's current YAC members are graduating high school. Each of them was then recognized and congratulated by Councilmen Trowbridge and Fowler as well as City Secretary Kristy Cole. No action was taken by Council concerning this agenda item.

XI.

1. **Z2019-006** - Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of an **ordinance** for a Specific Use Permit (SUP) allowing a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and, Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary **(2nd Reading).**

Mayor Pruitt indicated that this item appears under 'Action Items' this evening since it did not receive a unanimous approval vote upon first reading at the last council meeting. Councilmember Johannesen then moved to approve the ordinance for Z2019-006. Councilman Hohenshelt seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 19-19
SPECIFIC USE PERMIT NO. S-207

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) ALLOWING STRUCTURES THAT EXCEED 60-FEET IN HEIGHT WITHIN A LIGHT INDUSTRIAL (LI) DISTRICT, ON A 42.61-ACRE TRACT OF LAND BEING IDENTIFIED AS TRACT 7 OF THE N. BUTLER SURVEY, ABSTRACT NO. 20 (11.3736-ACRES); TRACT 31 OF THE R. BALLARD SURVEY, ABSTRACT NO. 29 (8.197-ACRES); AND LOT 1-01, BLOCK 1, INDALLOY ADDITION (14.53-ACRES), CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 5 ayes to 2 nays (Macalik and Trowbridge).

2. Discuss and consider granting permission for an alcohol waiver associated with the City's May 18, 2019 Founders Day Festival at Harry Myers Park in accordance with Chapter 30, Article I, Sec. 30 -2, "Regulated Activities in Parks" of the Code of Ordinances, and take any action necessary.

Councilman Johannesen moved to approve this request and grant the waiver. Councilmember Hohenshelt seconded the motion, which passed by a vote of 5 ayes with 2 nays (Pruitt and Daniels).

3. Discuss and consider submitting two nominees for a possible award for an outstanding senior who is making a difference in our senior community at the request of Meals on Wheels Senior Services, and take any action necessary.

Councilman Trowbridge suggested that Bob Wacker be nominated. Councilmember Macalik suggested

nominating either Tom Dortch, indicating he is very involved with the N TX Food Bank or Cindy Lindley who is involved with the Child Advocacy Center. Following brief comments, Councilman Trowbridge moved to submit Mr. Wacker and Mrs. Linley as nominees. Councilmember Macalik seconded the motion, which passed by a vote of 7 ayes to 0 nays.

At 7:07 p.m., Mayor Pruitt recessed the public meeting to return to Ex. Session to discuss items below.

XII.

1. **Departmental Reports**

STAR Transit Monthly Report - March 2019

2. **City Manager's Report**

XIII.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding purchase, sale or lease of real property in the vicinity of Rockwall Municipal Airport and Downtown pursuant to Section §551.072 (Real Property) and Section §551.071 (Consultation with Attorney).
2. Discussion regarding Economic Development prospects, projects, and/or incentives pursuant to Section 551.087 (Economic Development)
3. Discussion regarding nominee(s) and (re)appointments to city regulatory boards, commissions, and committees - specifically the N. TX Municipal Water District (NTMWD) Board and the Rockwall Central Appraisal District Board - pursuant to Section 551.074 (Personnel Matters)
4. Discussion regarding the appeal to the Public Utility Commission filed by the cities of Garland, Mesquite, Plano and Richardson against the North Texas Municipal Water District (NTMWD) regarding water rates pursuant to Section §551.071 (Consultation with Attorney)

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

Council recessed from Executive Session and Mayor Pruitt called the public meeting back to order at 7:40 p.m. Councilmember Hohenshelt then moved to adopt a resolution nominating Bill Lofland for the

current vacancy on the Rockwall Central Appraisal District Board (RCAD). Councilman Trowbridge seconded the motion, which passed by a vote of 7 ayes to 0 nays.

Mayor Pro Tem Fowler moved to appoint Chip Imrie to serve on the North Texas Municipal Water District Board (NTMWD) for a two-year term (June 1, 2019 thru May 31, 2021). Councilmember Hohenshelt seconded the motion, which passed by a vote of 7 ayes to 0 nays. (Note: Mr. Imrie will be replacing current board member, Bill Lofland).

XV. ADJOURNMENT

Mayor Pruitt adjourned the meeting at 7:43 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 20TH DAY OF MAY, 2019.

STATE OF TEXAS §
COUNTY OF ROCKWALL §
CITY OF ROCKWALL § AGREEMENT FOR MUNICIPAL COURT JUDGE

THIS AGREEMENT is made and entered into on this **20th** day of **May**, **2019**, by and between the **CITY OF ROCKWALL, TEXAS**, hereinafter referred to as "City," and **DAVID MALLARD**, hereinafter referred to as "Mallard."

WHEREAS, the City Council desires to enter into a contract with David Mallard for services as the Judge of the Municipal Court; and

WHEREAS, it is the intent of the City for the term of the Judge of the Municipal Court to run concurrently with that of the Mayor; and

WHEREAS, the Mayor is elected in odd numbered years for a two-year term with the election occurring the first Saturday in May.

NOW, THEREFORE, in consideration of the mutual terms, conditions, and covenants herein contained, the parties agree as follows:

Section 1. That the recitals above are found to be true and correct and incorporated herein for all purposes.

Section 2. Duties and Responsibilities of Judge. Mallard shall serve as the Judge of the Municipal Court for the City of Rockwall, pursuant to Section 29.004 of the Government Code and Section 4.03 of the Charter of the City of Rockwall, for which the City has the authority to establish the manner and mode of selecting its officers and employees, and to prescribe the qualifications, duties, compensation, and length of employment. The primary duties of the Judge of the Municipal Court are to exercise the powers and duties as are now or as may hereafter be prescribed by the laws of the State of Texas in connection with all cases within the jurisdiction of a municipal court in accordance with Section 29.003, Texas Government Code.

Section 3. Mallard agrees that in the event he may accept another judicial or prosecutorial appointment, he will provide written notice to the City Manager, and the City's court schedule shall not be unduly interrupted.

Section 4. Mallard shall not assign the work under this AGREEMENT except in the case of sickness or vacation to be mutually agreed upon by Mallard and the City's designee. In case of sickness or vacation agreed upon by the City's designee under the AGREEMENT, Mallard shall first provide a list of qualified judges who will temporarily perform Mallard's work. Any judge on the list must agree to perform all duties in accordance with the terms of this AGREEMENT.

Section 5. Term. This AGREEMENT shall be for the ensuing two-year term of the Mayor to expire upon the swearing in of the newly elected Mayor following the election the first Saturday in May 2021, unless sooner terminated in accordance with Section 7 herein.

Section 6. CITY Council shall have option to renew AGREEMENT with Mallard for continuous two (2) year terms. Failure of CITY Council to act within ninety (90) days of the Mayor being sworn in for a new term, AGREEMENT shall automatically renew for an additional two-year period in accordance with Chapter 29 of the Texas Government Code.

Section 7. This AGREEMENT may be terminated by Mallard after having given sixty (60) days written notice of termination to the CITY.

Section 8. Compensation of the Judge will be set by Resolution of the City Council.

Section 9. Independent Contractor. It is expressly understood and agreed that the Mallard provides services as an independent Contractor. Mallard is responsible for providing the judicial services necessary for the handling of all cases in the Municipal Court, subject only to the provisions of the ordinances of the City, State and Federal statutes and Texas Code of Judicial Conduct. Mallard has a right to direct or control how he performs the tasks for which he is hired and the CITY shall have no authority or oversight on how he conducts Municipal Court.

Section 10. In providing legal services to the City, Mallard shall conduct himself in accordance with the highest ethical standards and in full compliance with the Texas Code of Judicial Conduct. Mallard shall promptly notify the CITY if any disciplinary action is instituted against Mallard.

Section 11. This Agreement contains the entire understanding of the parties and may not be modified except pursuant to written instrument signed by both parties.

EXECUTED on the day and year first above written.

STATE OF TEXAS §
COUNTY OF ROCKWALL §
CITY OF ROCKWALL § AGREEMENT FOR MUNICIPAL COURT ASSOCIATE JUDGE

THIS AGREEMENT is made and entered into on this **19th** day of **December**, **2018**, by and between the **CITY OF ROCKWALL, TEXAS**, hereinafter referred to as "City," and **MATTHEW R. SCOTT**, hereinafter referred to as "Scott."

WHEREAS, the City Council desires to enter into a contract with Matthew R. Scott for services as the Associate Judge of the Municipal Court; and

WHEREAS, it is the intent of the City for the term of the Associate Judge of the Municipal Court to run concurrently with that of the Mayor; and

WHEREAS, the Mayor is elected in odd numbered years for a two-year term with the election occurring the first Saturday in May.

NOW, THEREFORE, in consideration of the mutual terms, conditions, and covenants herein contained, the parties agree as follows:

Section 1. That the recitals above are found to be true and correct and incorporated herein for all purposes.

Section 2. Duties and Responsibilities of Associate Judge. Scott shall serve as the Associate Judge of the Municipal Court for the City of Rockwall, pursuant to Section 29.004 of the Government Code and Section 4.03 of the Charter of the City of Rockwall, for which the City has the authority to establish the manner and mode of selecting its officers and employees, and to prescribe the qualifications, duties, compensation, and length of employment. The primary duties of the Associate Judge of the Municipal Court are to exercise the powers and duties as are now or as may hereafter be prescribed by the laws of the State of Texas in connection with all cases within the jurisdiction of a municipal court in accordance with Section 29.003, Texas Government Code.

Section 3. Scott agrees that in the event he may accept another judicial or prosecutorial appointment, he will provide written notice to the City Manager, and the City's court schedule shall not be unduly interrupted.

Section 4. Scott shall not assign the work under this AGREEMENT except in the case of sickness or vacation to be mutually agreed upon by Scott and the City's designee. In case of sickness or vacation agreed upon by the City's designee under the AGREEMENT, Scott shall first provide a list of qualified judges who will temporarily perform Scott's work. Any judge on the list must agree to perform all duties in accordance with the terms of this AGREEMENT.

Section 5. Term. This AGREEMENT shall be for the ensuing two-year term of the Mayor to expire upon the swearing in of the newly elected Mayor following the election the first Saturday in May 2021, unless sooner terminated in accordance with Section 7 herein.

Section 6. CITY Council shall have option to renew AGREEMENT with Scott for continuous two (2) year terms. Failure of CITY Council to act within ninety (90) days of the Mayor being sworn in for a new term, this AGREEMENT shall automatically renew for an additional two-year period in accordance with Chapter 29 of the Texas Government Code.

Section 7. This AGREEMENT may be terminated by Scott after having given sixty (60) days written notice of termination to the CITY.

Section 8. Compensation of the Associate Judge will be set by Resolution of the City Council.

Section 9. Independent Contractor. It is expressly understood and agreed that Scott provides services as an independent Contractor. Scott is responsible for providing the judicial services necessary for the handling of all cases in the Municipal Court, subject only to the provisions of the ordinances of the City, State and Federal statutes and Texas Code of Judicial Conduct. Scott has a right to direct or control how he performs the tasks for which he is hired, and the CITY shall have no authority or oversight on how he conducts Municipal Court.

Section 10. In providing legal services to the City, Scott shall conduct himself in accordance with the highest ethical standards and in full compliance with the Texas Code of Judicial Conduct. Scott shall promptly notify the CITY if any disciplinary action is instituted against Scott.

Section 11. This Agreement contains the entire understanding of the parties and may not be modified except pursuant to written instrument signed by both parties.

EXECUTED on the day and year first above written.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	May 20, 2019
APPLICANT:	Chris Lam, PE; *Lam Consulting*
CASE NUMBER:	Z2019-009; *SUP for Restaurant, Less than 2,000 SF, w/out a Drive-Through*

SUMMARY

Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a *restaurant less than 2,000 SF without a drive-through or drive-in* on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.

BACKGROUND

The subject property is a 0.23-acre parcel of land identified as Block 20B of the Amick Addition. It is situated within the North Goliad Corridor Overlay (NGC OV) District, and is addressed as 505 N. Goliad Street. Currently situated on the subject property is a 1,916 SF single family home, which according to the Historic Resource Survey -- *performed by the City of Rockwall in 2017* -- was constructed circa 1915, and is identified as a *Medium Contributing Property* (*i.e. a property that displays an architectural style, use unusual to construction methods, or for some other reason has a potentially significant historic significance*). According to the City's historic zoning maps, the subject property has been zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses since August 5, 2002.

PURPOSE

The applicant, Chris Lam, P.E. of Lam Consulting Engineering, has submitted a request for a Specific Use Permit (SUP) to allow a restaurant, without a drive-through or drive-in, that is less than 2,000 SF within Planned Development District 50 (PD-50). More specifically, the applicant is proposing to convert the existing single-family home to a commercial property to accommodate the proposed restaurant land use (*i.e. Bonafide Betties Pie Company*).

ADJACENT LAND USES AND ACCESS

The subject property is located at 505 N. Goliad Street. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is a local boutique (*i.e. Hallie B's*), situated on a 0.2296-acre parcel of land. This property is zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses. Beyond this property is a continuation of Planned Development District 50 (PD-50).

South: Directly south of the subject property is a vacant 0.420-acre parcel of land. This property is zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses. Beyond this property is a continuation of Planned Development District 50 (PD-50).

East: Directly east of the subject property are local businesses and residential properties along N. Goliad Street that are zoned Planned Development District 50 (PD-50) for Residential Office District (RO) land uses. Beyond these properties are single-family residential homes zoned Single-Family 7 (SF-7) District.

West: Directly west of the subject property are single-family homes zoned Single-Family 7 (SF-7) District.

CHARACTERISTICS OF THE REQUEST

Bonafide Betties Pie Company is currently located at 103 S. San Jacinto Street, and is planning to relocate to a larger facility at 505 N. Goliad Street. This location is located with Planned Development District 50 (PD-50). The Residential Office (RO) District, which is the underlying zoning designation for Planned Development District 50 (PD-50), requires a Specific Use Permit (SUP) for a restaurant with additional restrictions that stipulate the restaurant be less than 2,000 SF and not have a drive-through or a drive-in. The proposed restaurant is a limited service restaurant, and parking for the facility will be calculated at one (1) parking space per 250 SF of area. This means the restaurant would require eight (8) parking spaces [*i.e. 1916 SF/250 SF = 8 Parking Spaces*]. Based on size of the site and the area taken up by the existing single-family home, the applicant is only able to incorporate a total of seven (7) parking spaces on-site. Staff has included an operational condition allowing the reduced number of parking spaces. Staff has also included operational conditions requiring the installation of a minimum six (6) foot tall, *board-on-board*, wood fence to be constructed along the western property boundary, and that the second floor be used only for storage purposes. These have been included as conditions of approval in the SUP ordinance.

CONFORMANCE WITH THE CITY'S CODES

According to Section 1.1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), the *Restaurant, Less Than 2000 SF, without a Drive-Through or Drive-in* land use requires approval of a Specific Use Permit (SUP) in the Residential Office (RO) District. In addition, according to Section 5.6.A, *Screening from Residential Uses,* of Article VIII, *Landscape Standards*, of the Unified Development Code (UDC), "(a)ny…parking lot that has a side or rear [*yard*] contiguous to any residential district…shall be screened with a masonry fence…six [*6*] feet in height. As an alternative, berms in conjunction with a minimum of a six [*6*] foot wrought fence and a combination of trees and shrubs can be utilized to meet the screening requirements if the Planning and Zoning Commission determines that the proposed alternative will provide sufficient screening." In this case, the subject property is located within Planned Development District 50 (PD-50), which has had other non-residential properties be permitted to construct a minimum of a six (6) foot tall wooden fence adjacent to a residentially zoned property. In Planned Development District 50 (PD-50) it has been determined that this provides for a better transition of land uses while providing sufficient screening and maintaining a residential aesthetic. The provision of the wood screening fence has been added as a condition of approval for this case.

INFRASTRUCTURE

Planned Development District 50 (PD-50) requires a cross access easement on all adjoining properties when the use has changed from a residential land use to a non-residential land use. An access plan for PD-50 is also included in the OURHometown Vision 2040 Comprehensive Plan under Appendix 'A', *Small Area Plans*. The subject property will be incorporating a 24-foot wide drive aisle and connecting to the cross-access easement on the adjacent property to the north (*i.e. 507 N. Goliad Street*). This will

provide ingress/egress for both properties, while meeting the intent of the access plan contained in the Comprehensive Plan.

STAFF ANALYSIS

The intent of the Residential-Office (RO) District is to allow for the conversion of older residential homes into low-intensity professional office and/or retail businesses. This creates a transition from the adjacent residential neighborhoods to more intense land uses or higher intensity thoroughfares. In addition, conversion of this home would extend the economic life of the structure. The use as a limited service restaurant is consistent with other properties in the district. A limited service restaurant tends to operate in a similar way to a low-intensity retail establishment in that it usually involves customers that are picking up food or baked goods, and does not typically involve a dine-in experience. Included in the attached packet is a concept plan, floor plan, and a draft ordinance containing regulations for the proposed land use. Based on staff's review, the applicant's request does appear to be consistent with the intent of the district; however, the approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council.

NOTIFICATIONS

On May 2, 2019, staff mailed 34 notices to property owners and residents within 500-feet of the subject property. Staff did not send a neighborhood notification as there are no Home Owners Associations (HOA's), or neighborhood groups participating in the Neighborhood Notification Program within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received three (3) notices and two (2) emails in favor of the applicant's request.

CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request for a Specific Use Permit (SUP) allowing a *Restaurant, without a Drive-Through or Drive-In, that is Less than 2,000 SF* then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

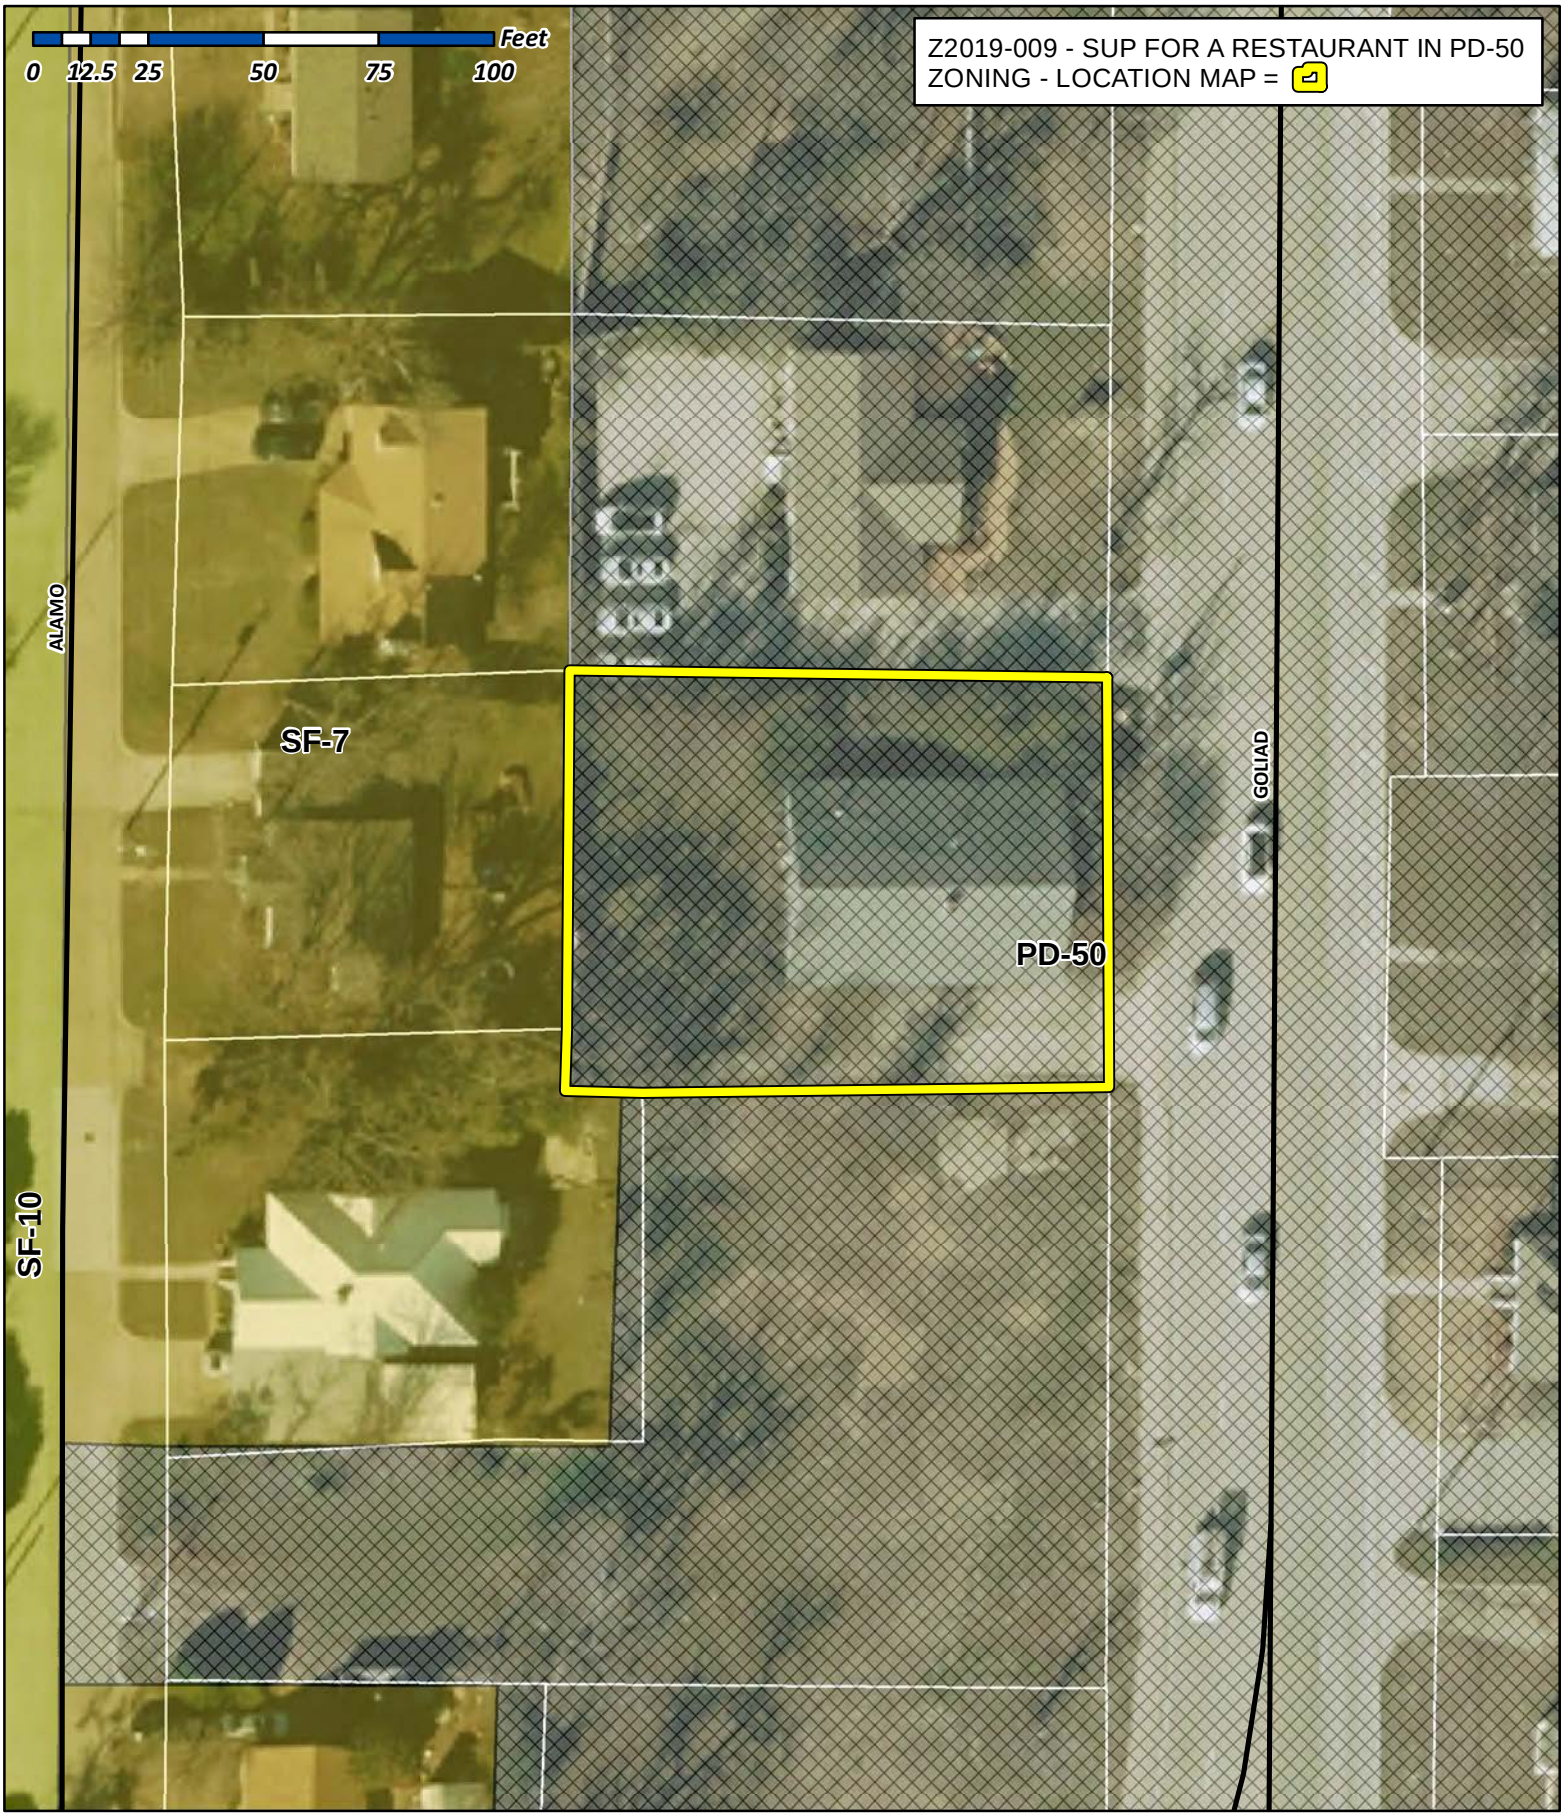
a) The development and operation of a *restaurant* shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of the proposed ordinance;

b) The operation of the *restaurant* shall be limited to the area on the first floor as depicted in the *Floor Plan* attached in *Exhibit 'C'* of the proposed ordinance;

c) The use of the second-floor area shall be limited to storage only. Any other use will require additional parking spaces.

d) A minimum of a six (6)-foot tall, board-on-board, wood fence shall be constructed along the west property boundary -- *adjacent to the residentially zoned property* -- prior to the issuance of a Certificate of Occupancy (CO).

e) Should the land use change from a Limited Service Restaurant (i.e. to a full-service restaurant or any other land use), the subject property shall comply with the parking requirements contained in Article VI, Parking and Loading, of the Unified Development Code. If the parking provided on the subject property does not meet the parking requirements for the proposed land use, this Specific Use Permit will need to be amended in accordance with the procedures contained in Section 4, Specific Use Permits, of Article IV, Permissible Uses, of the Unified Development Code (UDC).



(2) The applicant shall submit an application requesting approval of a Certificate of Appropriateness (COA) to the Historic Preservation Advisory Board (HPAB) seeking approval for all work that has been done to the existing structure.

(3) The applicant shall be required to submit a site plan for review and approval by the Historic Preservation Advisory Board (HPAB) and the Planning and Zoning Commission.

(4) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION RECOMMENDATION

On May 14, 2019, the Planning and Zoning Commission approved a motion to recommend approval of the applicant's request for a Specific Use Permit (SUP) to allow for a *Restaurant, Less than 2,000 SF, Without a Drive-Through or Drive-In* with staff conditions by a vote of 5-0, with Commissioners Logan and Moeller absent.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2019-009: SUP for a Restaurant in PD-50

Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a restaurant less than 2,000 SF without a drive-through or drive-in on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 5/14/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 5/20/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **5/20/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

☑ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

The further development of the Goliad corridor to the Down town is good for local residents as well as increasing traffic to all the other businesses in the area + expanding the tax revenue. This is a good thing for Rockwall.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2019-009: SUP for a Restaurant in PD-50

Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a restaurant less than 2,000 SF without a drive-through or drive-in on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 5/14/2019 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 5/20/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **5/20/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

CITY OF ROCKWALL

ORDINANCE NO. 19-XX

SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 50 (PD-50) [ORDINANCE NO. 17-19] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *RESTAURANT LESS THAN 2,000 SF WITHOUT A DRIVE-THROUGH OR DRIVE-IN* FACILITY ON A 0.23-ACRE PARCEL OF LAND, ZONED PLANNED DEVELOPMENT DISTRICT 50 (PD-50) FOR RESIDENTIAL OFFICE (RO) DISTRICT LAND USES, AND BEING IDENTIFIED AS BLOCK 20B OF THE AMICK ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Chris Lam, P.E. of Lam Consulting for the approval of a Specific Use Permit (SUP) for a *Restaurant Less Than 2,000 SF without a Drive-Through or Drive-In* on a 0.23-acre parcel of land, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, and being identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, addressed as 505 N. Goliad Street, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Planned Development District 50 (PD-50) [*Ordinance No. 17-19*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That Planned Development District 50 (PD-50) [*Ordinance No. 17-19*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the establishment of a *Restaurant Less than 2,000 SF without a Drive-Through or Drive-In* as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

DRAFT 05.21.19

SECTION 2. That the *Subject Property* shall be used and developed only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Planned Development District 50* (*PD-50*), and *Section 1.1, Land Use Schedule,* of *Article IV, Permissible Uses,* and *Subsection 4.02, Residential Office (RO) District, of Section 4, Commercial (C) Districts,* of *Article V, District Development Standards,* and *Subsection 6.04, North Goliad Corridor Overlay (NGC OV) District,* of *Section 6, Overlay Districts,* of *Article V,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by the granting of this zoning change, and as my be amended in the future, and shall be subject to the following additional conditions:

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *Restaurant Less Than 2,000 SF without a Drive-Through or Drive-in* (*restaurant*) land use on the *Subject Property* and conformance to these requirements is necessary for continued operations:

1) The development and operation of a *restaurant* land use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance;

2) The operation of the *restaurant* land use shall be limited to the area on the first floor as depicted in the *Floor Plan* attached in *Exhibit 'C'* of this ordinance;

3) The use of the second-floor area shall be limited to storage only. Any other use will require additional parking spaces.

4) A minimum of six (6)-foot tall board on board wood fence shall be constructed along the west property boundary -- *adjacent to the residentially zoned property* -- prior to the issuance of a Certificate of Occupancy (CO).

5) Should the land use change from a *Limited Service Restaurant* (*i.e. to a full-service restaurant or any other land use*), the subject property shall comply with the parking requirements contained in Article VI, *Parking and Loading*, of the Unified Development Code. If the parking provided on the subject property does not meet the parking requirements for the proposed land use, this Specific Use Permit will need to be amended in accordance with the procedures contained in Section 4, *Specific Use Permits*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

DRAFT ORDINANCE 05.2019

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF MAY, 2019.

CITY OF ROCKWALL

CITY COUNCIL CASE MEMO

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO:	Mayor and City Council
DATE:	May 20, 2019
APPLICANT:	Dewayne Cain; *EVSR (D), LLC*
CASE NUMBER:	Z2019-010; *SUP for Guest Quarters and Agricultural Building*

SUMMARY

Hold a public hearing to discuss and consider a request by Dewayne Cain of EVSR (D), LLC for the approval of a Specific Use Permit (SUP) for a guest quarters/secondary living unit and barn or agricultural accessory building on a 10.61-acre portion of a larger 26.078-acre tract of land identified as Tract 2 & 2-4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 777 & 839 Cornelius Road, and take any action necessary.

BACKGROUND/PURPOSE

The subject property is addressed as 777 & 839 Cornelius Road and is zoned Agricultural (AG) District. It was annexed on January 4, 2010 by *Ordinance No. 10-01*. On January 7, 2019, the City Council directed staff to amend the *Land Use Standards* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) to incorporate the ability to request a Specific Use Permit (SUP) for *guest quarters/secondary living units* not meeting the requirements stipulated in the Unified Development Code (UDC). In conjunction with this direction, the City Council also directed staff to create a new land use for *barns and/or agricultural accessory buildings*. This text amendment was approved on March 4, 2019 by *Ordinance No. 19-12*. Based on the approval of the text amendment, the applicant submitted a request for a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* and *barn or agricultural accessory building.*

ADJACENT LAND USES AND ACCESS

The subject property is located at 777 & 839 Cornelius Road. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is Cornelius Road, which is identified as a M4U (*major collector, four [4] lane, undivided roadway*) on the City's Master Thoroughfare Plan. This roadway delineates the city limits of the City of Rockwall.

South: Directly south of the subject property is a cemetery (*i.e. Rest Haven Cemetery*) followed by SH-66, which is identified as a *TXDOT4D* (*i.e. Texas Department of Transportation, principle four [4] lane, divided arterial roadway*) on the City's Master Thoroughfare Plan. Beyond this is a large tract of land that is currently vacant. These areas are zoned Agricultural (AG) District.

East: Directly east of the subject property are several single-family homes that are zoned Agricultural (AG) and Single-Family Estate 4.0 (SFE-4.0) Districts. Beyond this is FM-3549, which is identified as a *TXDOT4D* (*i.e. Texas Department of Transportation, principle four [4] lane, divided arterial roadway*) on the City's Master Thoroughfare Plan. This roadway delineates the city limits of the City of Rockwall.

West: Directly west of the subject property there are several vacant tracts of land and several single-family homes that are zoned Agricultural (AG) District. Beyond this is John King Boulevard, which is identified as a P6D (*principle arterial, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan. Beyond this is a single-family residential subdivision (*i.e. Carruth Lakes Subdivision*) that is zoned Planned Development District 5 (PD-5) for Single-Family 8.4 (SF-8.4) and General Retail (GR) District land uses.

CHARACTERISTICS OF THE REQUEST

Currently, there is a single-family home on the subject property and the applicant is requesting approval of a Specific Use Permit (SUP) to allow a *guest quarters/secondary living unit* and *barn or agricultural building* in conjunction with this structure. The structure will be ~4,950 SF in total size, with ~576 SF being dedicated to the *guest quarters/secondary living unit*. The proposed building will be situated behind the main structure, have four (4) roll-up garage doors, and be clad with metal on the exterior. The proposed building will primarily serve as storage for vehicles/equipment and contain a small bathroom with a shower.

CONFORMANCE WITH THE CITY'S CODES

According to Section 1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), a *guest quarters/secondary living unit* is allowed as an accessory use in an Agricultural (AG) District. The Unified Development Code (UDC) also stipulates that such a structure shall not exceed 30% of the main structure and shall not be sold or conveyed separately without meeting the requirements of the zoning district and subdivision ordinance. The Unified Development Code (UDC) also provides the ability for a *guest quarters/secondary living unit* not meeting those requirements to request a Specific Use Permit (SUP). In this case, the proposed guest quarters is ancillary to the primary structure; however, since the proposed *guest quarters/secondary living unit* will be approximately 576 SF, it will exceed 30% of the main structure (*i.e. approximately 107 SF larger than permitted by ordinance*) and require a Specific Use Permit (SUP).

According to the UDC a *barn or agricultural accessory building* is permitted by Specific Use Permit in an Agricultural (AG) District. The UDC requires that the structure be between 2,000 and 4,999 SF in total size, and be located behind the front façade of the primary structure. In addition, the code allows the structure to be constructed utilizing metal and or other materials, and specifically exempts these structures from the masonry requirements. In this case, the proposed *barn or agricultural accessory building* will be approximately 4,950 SF, located behind the front façade of the main structure, and will be clad with metal.

INFRASTRUCTURE

No public infrastructure will be required or effected by the applicant's request.

STAFF ANALYSIS

When analyzing the applicant's request -- *and with the exception of the guest quarters exceeding the maximum allowable size (i.e. 30% of the primary structure)* --, the proposed accessory building is generally in conformance with the requirements of the Unified Development Code (UDC). In addition, approval of this proposal does not appear to negatively impact the subject property and/or the surrounding and adjacent properties. Staff should also note that the subject property is larger than ten (10) acres (*i.e. the minimum requirement for a barn or agricultural accessory building*) and the barn will be smaller than the maximum allowable size. Should this request be approved, this will be the first *barn or agricultural building* to be approved in an Agricultural (AG) District under the new ordinance. With that being said, the approval of this request is a discretionary decision for the City Council, pending a recommendation by the Planning and Zoning Commission.

NOTIFICATIONS

On May 1, 2019, staff mailed 16 notices to property owners and residents within 500-feet of the subject property. There are no Homeowner's Associations (HOA's)/Neighborhood Associations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. At the time this report was written, staff had received four (4) notices in favor of this request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request, then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the following operational conditions contained in the Specific Use Permit (SUP) ordinance and which are summarized as follows:

a) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall generally conform to the concept plan and building elevations depicted in *Exhibits 'B' & 'C'* of the attached ordinance;

b) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be utilized for a non-residential and/or non-agricultural land uses;

c) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be ancillary to the existing single-family home;

d) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be altered so that the structure is less than 2,000 SF or greater than 4,050 SF;

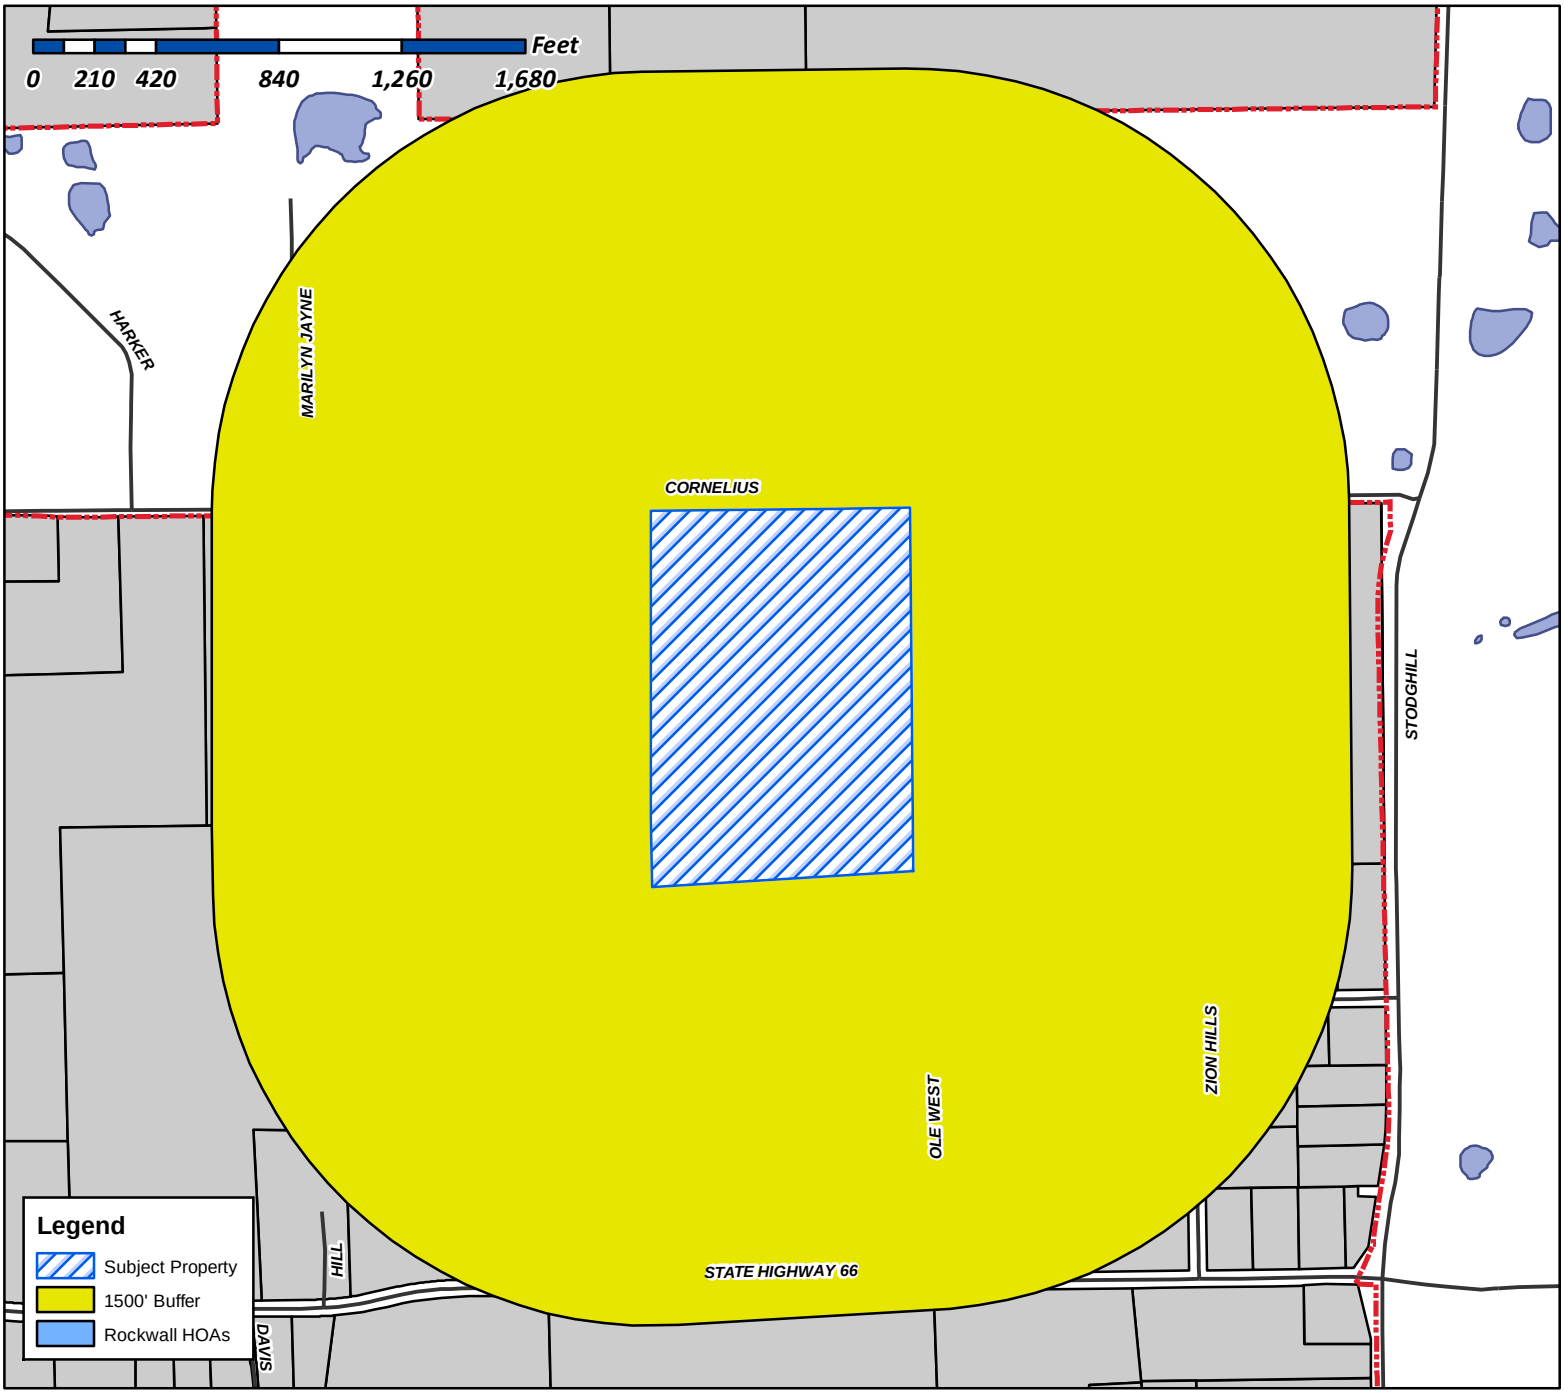
e) The subject property shall not be subdivided in such a way that the property does not meet the minimum requirement of ten (10) acres in size for a *barn or agricultural accessory building*;

f) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be located behind the front façade of the primary structure and be subject to the same building setbacks as the primary structure;

g) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be sold or conveyed separately without meeting the requirements of the Unified Development Code (UDC);

(2) The applicant shall provide staff with documentation showing the property being subdivided in conformance with the requirements of the UDC prior to the issuance of a building permit;

(3) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.



PLANNING AND ZONING COMMISSION:

On May 14, 2019, the Planning and Zoning Commission's motion to recommend approval of the applicant's request with staff's Conditions of Approval passed by a vote of 5-0 with Commissioners Logan and Moeller absent.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2019-010: SUP for Guest Quarters

Hold a public hearing to discuss and consider a request by Dwayne Cain of EVSR (D), LLC for the approval of a Specific Use Permit (SUP) for a guest quarters/secondary living unit and barn or agricultural accessory building on a 10.61-acre portion of a larger 26.078-acre tract of land identified as Tract 2 & 2-4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 777 & 839 Cornelius Road, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 5/14/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 5/20/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Korey Brooks
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **5/20/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2019-010: SUP for Guest Quarters

Hold a public hearing to discuss and consider a request by Dwayne Cain of EVSR (D), LLC for the approval of a Specific Use Permit (SUP) for a guest quarters/secondary living unit and barn or agricultural accessory building on a 10.61-acre portion of a larger 26.078-acre tract of land identified as Tract 2 & 2-4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 777 & 839 Cornelius Road, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 5/14/2019 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 5/20/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Korey Brooks
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **5/20/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning
